Subject: [External] Mercy Hospital
Date: Tuesday, November 24, 2020 6:42:29 PM

To Whom it May Concern:

Please do not close Mercy Hospital. Mercy Hospital is a vital source of medical care for low income, uninsured/underinsured minority communities. These individuals may otherwise lack access to healthcare.

The closure of this hospital will result in losing a great institution on the South side of Chicago and closing it during the midst of a pandemic is inhumane.

Sincerely,

Gwendolyn C. Weatherspoon
