	Medicare	Medicaid	Other Public Program	Private Insurance	Private Payment	Charity Care	TOTAL
Patients	82	14	1	11	0	1	109

Charity Care means care provided by a facility for which the provider does not expect to receive payment from the patient or a third-party payer [20 ILCS 3960 section 3]. Charity care does not include bad debt or the unreimbursed cost of Medicare, Medicaid and/or other Federal, State or local indigent health care programs.

Private Payment includes funds from a private account, such as a Medical Saving Account, and any government funds paid to the resident which are then transferred to the facility. Also includes out-of-pocket self-pay.

Other Public includes all forms of direct public payment excluding Medicare and Medicaid. Includes DHS and VA funds paid directly to the facility for services.

Private Payment includes money from a private account (for example, a medical savings account) and any government funding paid directly to the resident, which is then transferred to the facility in payment for services. It also includes all Self-pay payments.

Other Public Payment includes all forms of direct government payment excluding Medicare and Medicaid. DHS and Veterans' Administration funds and other government funds paid directly to the facility are to be included here.

ACTUAL COST OF CHARITY CARE

Report the actual cost of services provided to patients receiving charity care. As per AICPA guidelines, determination of charity care can be made at any time during the entire process, although it is preferred to be done when the patient presents himself for care.

	Dollar Value	Charity Patients reported on page 5
Actual Cost of Charity Care Services Provided	\$ 17,640.00	1

Charity Care is defined as care for which the provider does not expect to receive payment from the patient or a third party payer. Charity Care eligibility is based on financial need. Charity Care does not include bad debt or the unreimbursed cost of Medicare, Medicaid and other Federal, State, or local indigent health care programs. In reporting Charity Care, the facility must report the actual cost of services provided, not the charges for the services.
