

STATE OF ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD

525 WEST JEFFERSON ST, SPRINGFIELD, ILLINOIS 62761 • (217) 782-3516 FAX: (217) 785-4111

BOARD MEETING: January 13, 2026	PROJECT NO: 25-043	PROJECT COST: Original: \$0
FACILITY NAME: The Hope Clinic for Women LTD	CITY: Granite City	
TYPE OF PROJECT: Substantive		HSA: XI

PROJECT DESCRIPTION: The applicant (The Hope Clinic for Women LTD) proposes to relinquish licensure as a single-specialty Ambulatory Surgery Treatment Center (ASTC), located at 1602 21st Street, Granite City. There is no cost to this project, and the expected completion date is January 13, 2026. The proposed transaction will discontinue the provision of induced abortion procedures under an ASTC license, as ASTC licensure is no longer necessary to continue the provision of these services. The applicant will allow the license to lapse and continue to provide pregnancy termination services at this facility.

Information on this Application for Permit can be found at this link:

EXECUTIVE SUMMARY

PROJECT DESCRIPTION

- The applicant (The Hope Clinic for Women LTD) proposes to discontinue licensure status at an existing single-specialty ASTC in Granite City. The Illinois Department of Public Health (IDPH) has indicated that licensure as an ASTC is no longer required for the provision of pregnancy termination services. There is no cost to this discontinuation project, and the expected completion date is January 13, 2026.

SUMMARY

- The applicant has met the State Board's requirements for the discontinuation of the licensure status of this ASTC.

STATE BOARD STAFF REPORT

Project #25-043

The Hope Clinic for Women LTD

APPLICATION/CHRONOLOGY/SUMMARY	
Applicants	The Hope Clinic for Women LTD
Facility Name	The Hope Clinic for Women
Location	1602 21 st Street, Granite City
Permit Holder	The Hope Clinic for Women LTD
Operating Entity	The Hope Clinic for Women LTD
Owner of Site	DBS Lotus Management Holding Company, LLC

I. Project Description

The applicant (The Hope Clinic for Women LTD) proposes to discontinue its IDPH licensure status for its single-specialty ASTC facility located at 1602 21st Street, Granite City. There is no cost associated with this project, and the expected completion date is January 13, 2026.

II. Summary of Findings

- A. State Board Staff finds the proposed project is in conformance with the provisions of 77 Ill. Adm. Code 1110 (Part 1110).
- B. State Board Staff notes that 77 Ill. Adm. Code 1120 (Part 1120) does not apply to this project because there is no cost.

III. General Information

The applicant is The Hope Clinic for Women, LTD. The applicant currently owns/operates a single-specialty ASTC and proposes to allow its ASTC license to lapse before it is due to be renewed on January 22, 2026. The facility will continue providing abortion and reproductive health services at this location without ASTC licensure, as it is not required for the continued operation of this facility.

A public hearing was requested for this project, and the hearing was held on Monday, December 1, 2025, at the Granite City Council Chambers, 2000 Edison Avenue, Granite City. At this hearing, eight individuals registered their attendance, with two supporting the project and six opposing it. The State Board did not receive any letters of support or opposition to this project.

IV. Background of the Applicants

The Hope Clinic for Women LTD is the licensee and owner of the single-specialty ASTC. The building and property are owned by DBS Lotus Management Holding Company, LLC, Springfield. The applicant reports owning an ownership interest in Hope Management Group LLC, which is contracted with Hope Management Group Chicago, PLLC to manage the practice. The applicant attests that no adverse actions have been taken against this facility during the three years preceding the filing of this application. The applicant also attests that there have been no individuals cited, arrested, taken into custody, charged with, indicted, convicted, or tried for, or pled guilty to the commission of any felony or misdemeanor or violation of the law, except for minor parking violations; or the subject of any juvenile delinquency or youthful offender proceeding. The applicant attests that no person has been charged with fraudulent conduct or any act involving moral turpitude. The applicant certifies it is not in default in the performance or discharge of any duty or obligation imposed by a judgment, decree, order, or directive of any court or governmental agency, and grant HFSRB and IDPH access to any documents necessary to verify the information submitted, including, but not limited to, official records of IDPH or other State agencies; the licensing or certification records of different states, when applicable; and the records of nationally recognized accreditation organizations.

V. Discontinuation

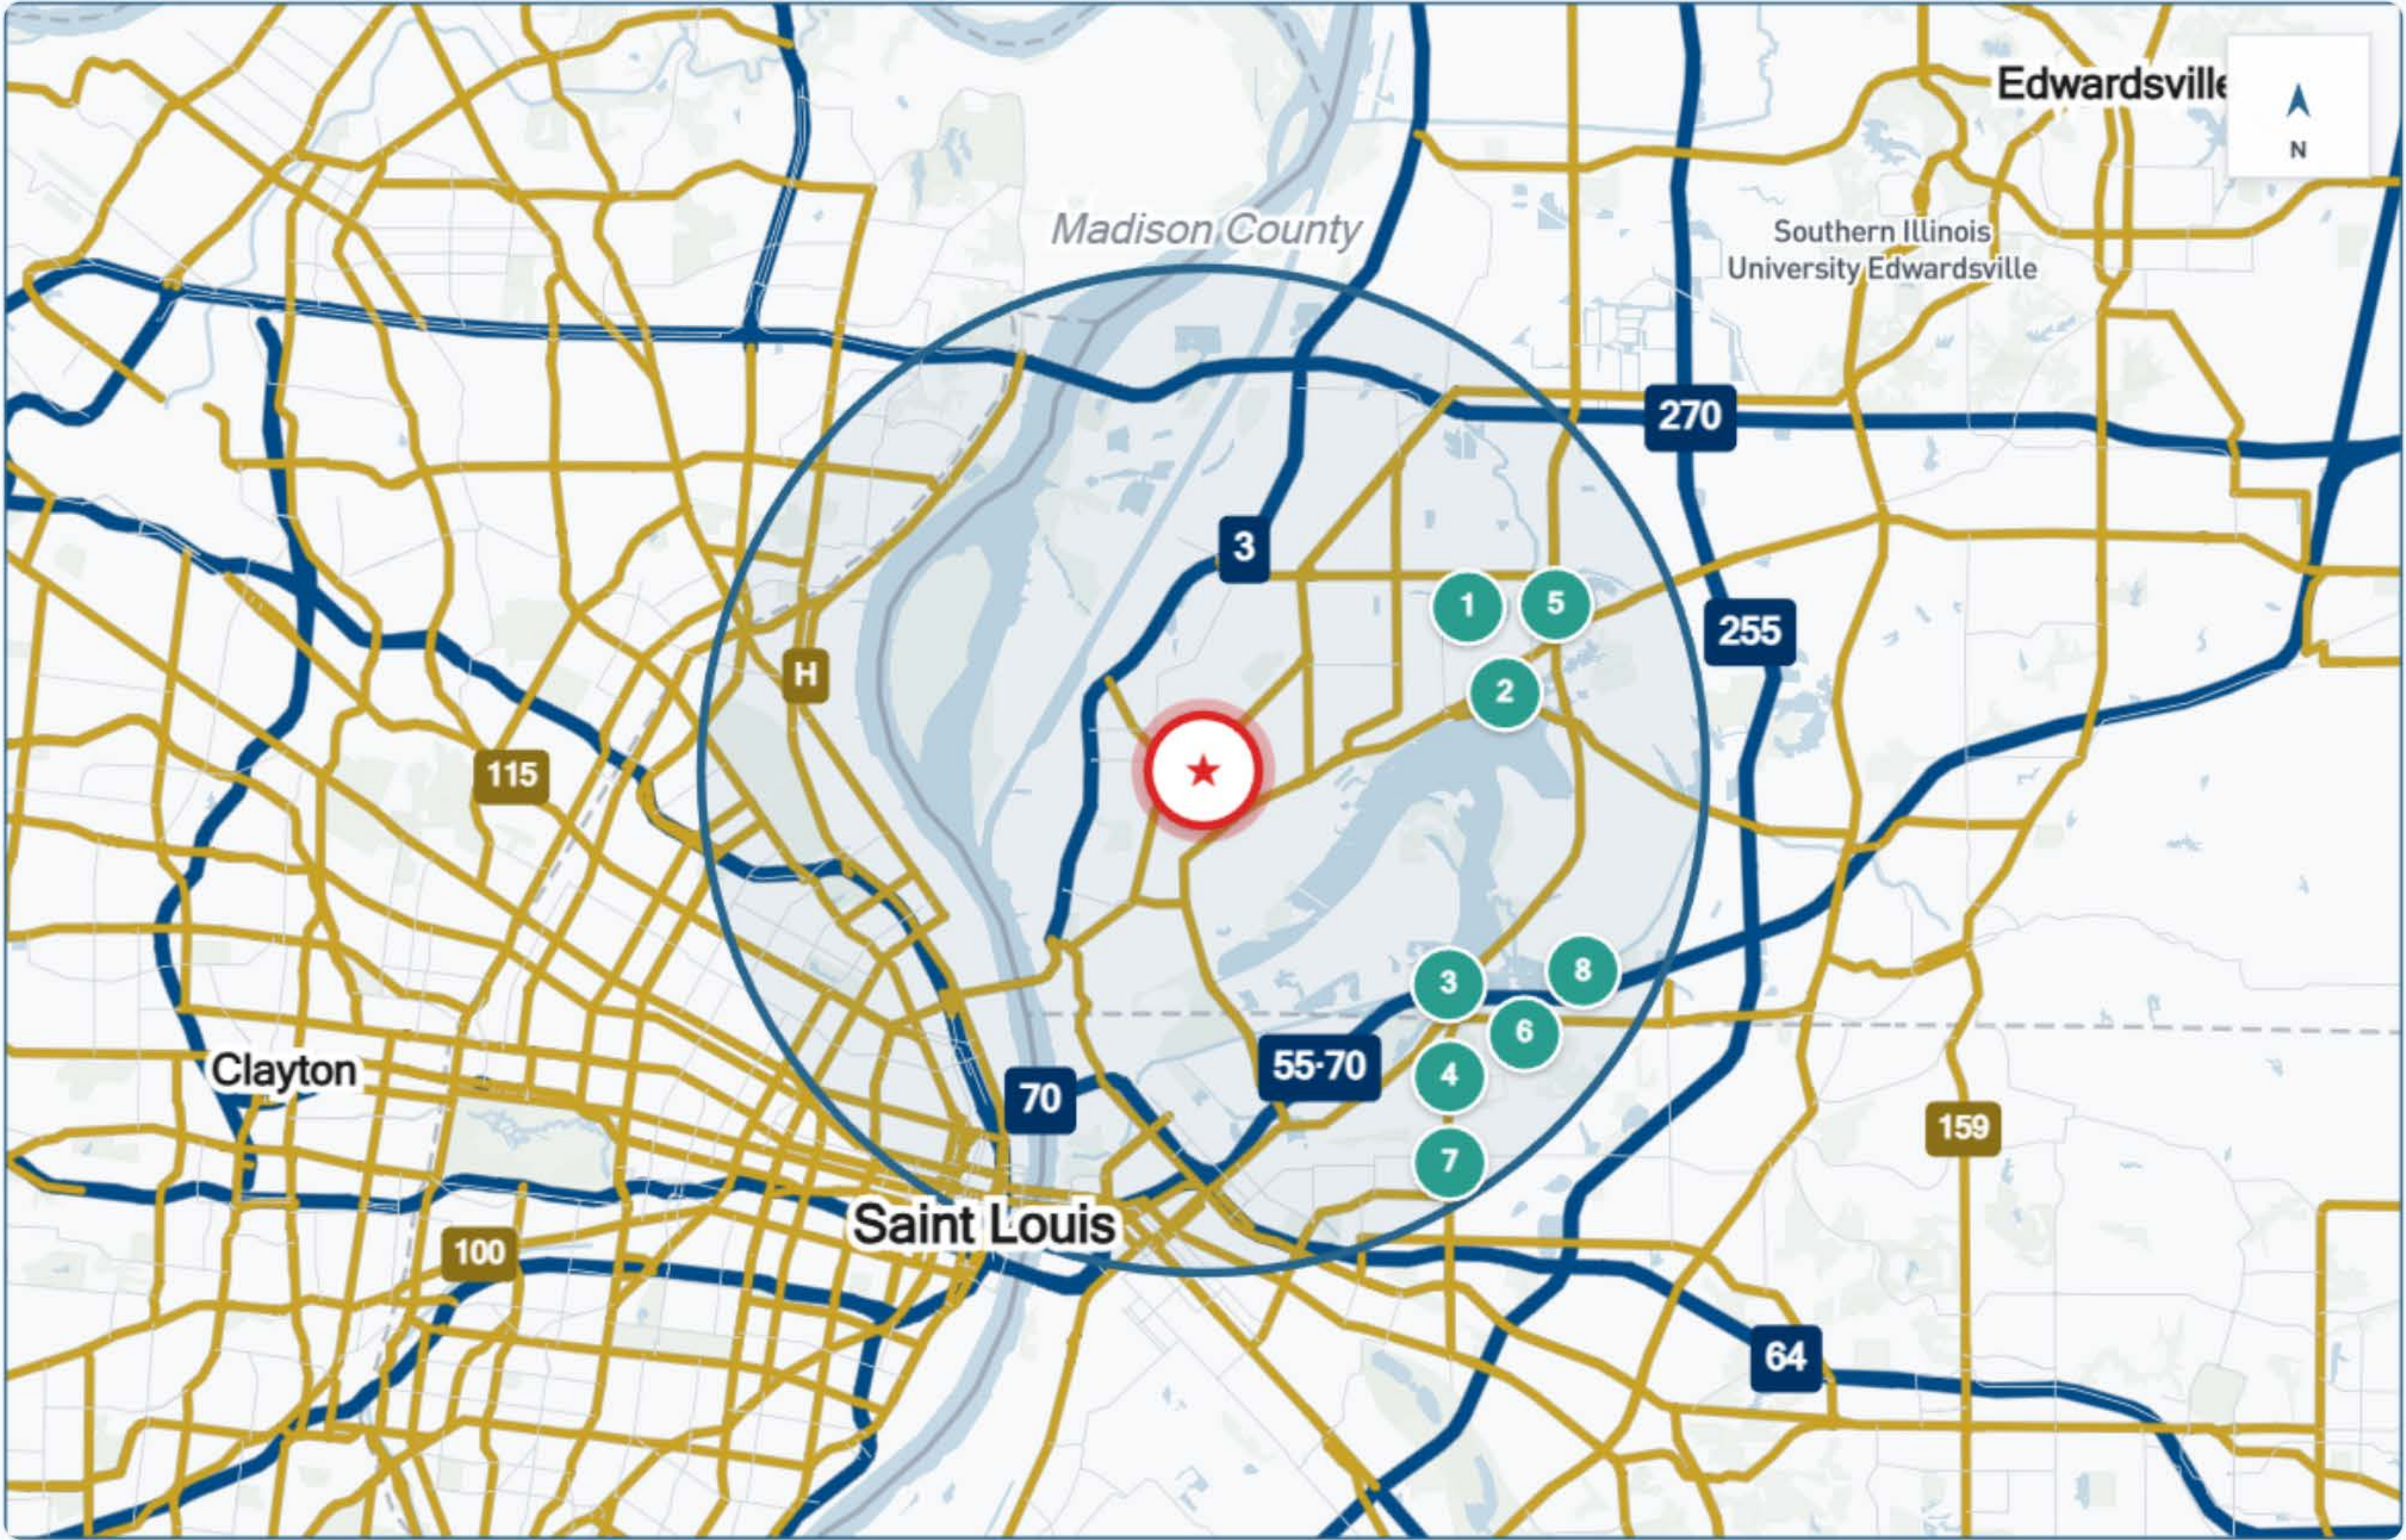

According to the applicant, *“the maintenance of an ASTC license has become increasingly cumbersome, financially unsustainable, and unnecessary for the continued provision of high-quality care at our facility.* The applicant notes that the regulatory and administrative requirements of ASTC licensure have placed excessive demands on the applicant and staff without improving patient outcomes. The applicant supplied letters of intent to discontinue operations to Dorian Manion, Director of the Illinois Department of Healthcare and Family Services; Illinois Senate Representative Katie Stuart, 112th District; Illinois State Senator Erica Harriss, 56th District; and IDPH Assistant Division Chief Stephanie Glenn.

The applicant notes that all medical records will be retained at the existing facility, as this is not a discontinuation of services. The applicant will maintain custody of the building, and no equipment will be removed from the ASTC.

VI. Safety Net Services

According to the applicant, this proposed discontinuation/surrender of the license will have little to no impact on the essential safety net services in the community, as they currently do not provide them.
