| Owner of Site                  | The Haversian Canal Systems, LLP         |

#### I. Project Description

The Applicant (Quad City Ambulatory Surgery Center, LLC) proposes to discontinue a limited-specialty ASTC located at 520 Valley View Drive, Moline. There is no cost to this project, and the expected completion date is July 31, 2026.

#### II. Summary of Findings

- A. State Board Staff finds the proposed project is in conformance with the provisions of 77 Ill. Adm. Code 1110 (Part 1110).
- B. State Board Staff notes that 77 Ill. Adm. Code 1120 (Part 1120) is not applicable to this project because there is no cost.

#### III. General Information

The Applicant is Quad City Ambulatory Surgery Center, LLC. Quad City Ambulatory Surgery Center, LLC is an Illinois-based limited-liability company authorized to conduct business in Illinois. Quad City Ambulatory Surgery Center, LLC is a subsidiary applicant under joint ownership of Trinity Medical Center (50%), Acute Care Hospital Partner, and Osteon, LLC (50%), a physician ownership entity. There is no cost to this project and financial commitment will occur at the time of permit approval.

There was no public hearing requested, and the State Board received a support letter from Dr. Sigrun Hallmeyer, of Advocate Lutheran General Hospital (see project .

#### **IV. Background of the Applicants**

The Applicant provided licensure and certification information as required and it appears to be the only ASTC owned by the Applicant (application, supplemental information). Notices were sent to two of the seven Illinois-based hospitals in the geographic service area (GSA) and the following individuals were sent notifications of the pending closure of the facility.

- Elizabeth M. Whitehorn, Director of the Illinois Department of Healthcare and Family Services
- Sameer Vohra, M.D., J.D., M.A., Director of the Illinois Department of Public Health
- Bob Vitas, Administrator, City of Moline
- Illinois Health Facilities and Services Review Board
- Illinois State Senator Neil Anderson, 72<sup>nd</sup> District
- Illinois State Representative Gregg Johnson, 34<sup>th</sup> District
- Catie Binneboese, Administrative Director, GenOrtho LLC d/b/a Crow Valley Surgery Center
- Shawn Morrow, UPH-Quad Cities President, Unity Point Health-Trinity Rock Island Hospital and Unity Point Health-Trinity Moline Hospital

The Applicant attests there have been no adverse actions taken against any facility owned and/or operated by the Applicant during the three years prior to filing of this application. The Applicant also attests there have been no individuals cited, arrested, taken into custody, charged with, indicted, convicted, or tried for, or pled guilty to the commission of any felony or misdemeanor or violation of the law, except for minor parking violations; or the subject of any juvenile delinquency or youthful offender proceeding. The Applicant attests that no person has been charged with fraudulent conduct or any act involving moral turpitude. The Applicant certifies they are not in default in the performance or discharge of any duty or obligation imposed by a judgment, decree, order or directive of any court or governmental agency.

The Applicant has granted the HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations.

#### **V. Discontinuation**

According to the Applicant, the reason for discontinuation is the declining utilization of the ASTC due to the building's age and the lack of space needed to perform higher acuity orthopedic cases. Surgical volumes have declined in recent years due to an increase in the performance of total joint procedures (total hip and knee arthroplasty) in an outpatient setting, and the facility's inability to accommodate these changing service needs. The Applicant notes these limitations, combined with the establishment of a new/expanded ASTC operated by GenOrtho LLC, d/b/a Crow Valley Surgery Center, across the river in Bettendorf, Iowa, has resulted in the transition of its practicing surgeons/physicians and its patient base to the newer, more spacious facility in Bettendorf. It is noted that the

physicians practicing at the Applicant's facility have referral privileges to the Bettendorf ASTC as well. The Applicant supplied copies of the notifications provided to the local media, notices sent to the municipality in which the facility is located, the State Representative and State Senator of the district where the ASTC is located, the Director of the Illinois Department of Public Health, and the Director of the Illinois Department of Healthcare and Family Services.

According to the Applicant, the discontinuation will not have an adverse effect upon access to care for residents of the facility's GSA, due to underperforming Hospitals/ASTCs in the general service area, and the availability of identical services at the newly established ASTC outside the service area, in Bettendorf, Iowa. It is noted that the physicians from the Applicant facility have referral privileges to the facility in Bettendorf (19 miles away).

## VI. Safety Net Services

According to the Applicant, this discontinuation will have little, if any, impact on the essential safety net services in the community (see Table Two).

| <b>TABLE TWO</b>                                                               |             |             |             |
