RE: Project 09-074
DMG Pain Management Surgery Center, LLC

Dear Mr. Constantino:

Enclosed for your files please find an agreement recently developed which will direct un-insured clients of Access DuPage to the DMG Center for Pain Management for interventional pain management procedures. The development of this agreement was initiated by DuPage Medical Group on behalf of DMG Pain Management Surgery Center, LLC to demonstrate the applicant's commitment to the provision of "charity care" services.

Sincerely,

Jacob M. Axel
President

enclosure

DuPage Medical Group

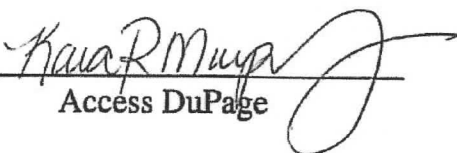

WE CARE FOR YOU

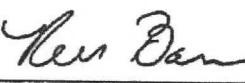

AGREEMENT BETWEEN ACCESS DuPAGE AND DU PAGE MEDICAL GROUP TO PROVIDE INTERVENTIONAL PAIN MANAGEMENT SERVICES WITHOUT CHARGE TO ACCESS DuPAGE CLIENTS

For over 9 years, DuPage Medical Group (DMG) has provided significant free care to Access DuPage's clients who are in need of health care services but who do not qualify for Medicaid or any other governmental assistance. Currently DMG has providers that serve on the Board of the DuPage Coalition for Health as well as the President of the DuPage Community Clinic which provides services for Access DuPage clients. Currently DuPage Medical Group provides approximately 40% of the specialty services for Access DuPage.

The purpose of this agreement is to formalize DuPage Medical Group's commitment to treat, without charge, up to 150 patients annually that are referred by Access DuPage for interventional pain management services to be provided at the proposed DMG Center for Pain Management (2940 RollingRidge Road, Naperville IL) for a period of three years beginning on the date of licensure of the facility by the Illinois Department of Public Health.

Access DuPage agrees to assume responsibility for the identification and referral of these patients to the proposed DMG Center for Pain Management.
