RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Re: Letter of Support, Project #10-090, Centegra Hospital - Huntley

January 20, 2011

Dear Ms. Avery,

As a wife and mother of two in Crystal Lake, Ill., I proudly support Centegra Health System's application to build Centegra Hospital - Huntley. I firmly believe that Centegra has clearly demonstrated a longstanding commitment to the people of greater McHenry County and is the only provider that should be allowed to expand its healthcare services to the people of our region.

Although I am a Crystal Lake resident, I believe that Huntley is the community that is in greatest need of a hospital. My Crystal Lake location is close to both Centegra Hospital – McHenry (where my family has been for emergency care) and Centegra Hospital – Woodstock (where I delivered my second son). Truthfully, I would drive for hours to continue to receive the high-quality, compassionate care that Centegra consistently delivers.

In fact, I travel to Centegra's current facilities in Huntley whenever I need to see one of my physicians. Dr. Yvonne Yao, who left Mercy Health System to join Centegra Primary Care's staff, is my obstetrician/gynecologist. Like many of her patients, I followed her to Centegra and have been thrilled with my decision. Because I wanted all of my physicians to be through Centegra Primary Care, I then began seeing Dr. Erin Davis, an outstanding internal medicine physician at Centegra Primary Care – McHenry. As a Crystal Lake resident, it takes me 15 minutes to get to Dr. Yao in Huntley and just eight minutes to see Dr. Davis in McHenry. I love the easy access Centegra provides my family and me.

Centegra's role as the leading healthcare provider in my community and as the largest employer in the region makes the health system the one that I trust when it comes to my family's healthcare needs. I am always impressed with the ways Centegra brings new technology, services and procedures to our area. I expect a lot from Centegra, and its employees and physicians exceed my expectations every time.

Please add me to the list of thousands of people who support Centegra Health System's proposal to build a new hospital in Huntley.

Sincerely,

Michelle Green

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
Although I am a Wisconsin Resident, all of my medical needs for the last 25 years have been provided by Centegra Health System in McHenry County.

Centegra is a reputable organization that will only enhance the Huntley community, creating jobs, and healthcare options with a solid values system, and

Dedicated Board of Directors behind it. A facility in Huntley will help this large, developing community, and help reduce travel times to get health care.

This will also allow for continuity of care throughout the Health System and allow for more points of service.

Sincerely,

I believe there is an increased need for healthcare in southern McHenry County and northern Kane County. Centegra's commitment to providing high quality healthcare and their goal of providing wellness and comprehensive medical care will be a vital asset to those living in these expanding communities. It is for these reasons that I support the Centegra Hospital - Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Here it is 2011 and many of us can remember in 1999 considering how strange it would be to start saying 2000. In my case I hearken back to Shakespeare who is once purported to have said, "We have wasted time, now time wastes us."

It is my personal opinion that those privileged to become part of the CHS family not only do not waste time but are indeed embarked on a most promising career path with Mc Henry County's largest employer; one with a management that seeks even higher goals and has the ability to reach them. There is a great feeling of security in that, a security not felt by all too many of our citizens these days.

I for one this New Year am aware not only of the efforts of Centegra to build additional facilities in Huntley but of the activities of the Mercy Health Systems to thwart those efforts. There is an organization, the Health Facilities Services and Review Board that are required to use a formula the intent of which is to maximize the use of existing health care facilities and minimize duplication of existing health care services in deciding what organization, if any, should prevail. I will remain aware as to these proceedings and to vocalize my feelings about the need to promote Centegra, a proven area provider most able to the needs of our citizens. I will learn who the members of the HFSRB are, study their comments, and be alert to any action I can bring to bear in order to provide the very best for Mc Henry County

On the first day of this brand new year it seems only fitting to express my gratitude for being allowed to partake in the human and humane endeavors of the Centerga Health Systems organization. I have yet to meet anyone who is not friendly and willing to advise. Nor have I encountered even one that I didn't respect and in some way learn from.

So Happy New Year my fellow associates and my sincere appreciation for your approbation of this oft miserable being.

With genuine respect, passionate caring and a joyful spirit.

RiLo

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

CENTEGRA ISN'T JUST A PLACE TO WORK, IT'S A PLACE TO MEET MANY NEW, DIFFERENT AND EXCITING PEOPLE. MANY NEW FRIENDSHIPS WILL COME WITH THE BUILD OF THE NEW CENTEGRA HOSPITAL. IT WILL CREATE MANY NEW JOBS AND PROVIDE MORE GREAT CARE FOR THE McHENRY COUNTY AREA. IT WILL BE CLOSER TO HOME SO I COULD POSSIBLY TRANSFER. THANK YOU AND GOOD LUCK CENTEGRA.

Sincerely,

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
I am very much in favor of building a new hospital in southern McHenry County. By doing so I believe residents in that area will be able to get medical attention more quickly and it may also prevent fatalities. Most often when people need to get to a hospital they need to do so in a timely manner and if they need to travel far or there is inclement weather it may slow them down in getting to the hospital for medical attention.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Bridget Kramer Date 1-28-11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

My daughter has asthma & we would truely appreciate having a hospital in our area.

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Christy Lowcks Date 1/25/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Centegra Health Systems has been a long-term health provider in the communities of McHenry County. The fine reputation of this system supercedes all other hospital proposals by outside providers so there shouldn't be any other consideration given.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature:

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I appreciate Centegra Health System's commitment to the overall well being of those who live in it's service area. Centegra is deeply rooted here and serves us all well.

Sincerely,

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Ashley Alexander Date 1/24/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I feel adding another full-service hospital to a local established health care system will increase efficient health system utilization. The Centegra health system provides extended care, cancer care, behavior health care in addition to acute care, and can add support to the new hospital.

Sincerely,
Dolores A. Budelier, RD, LDN, CDE (DEE).

Being a new resident to the area, I recognized the need for a Centegra Hospital when my husband had to drive me to the ER, 25 minutes away. When I was in excruciating pain, from my gall stones, and had emergency surgery removing my gallbladder. 25 minutes plus is a long time to be in that much pain.

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature: Karen Zalewski

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature:

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature: Michelle Olson

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
We need this facility, We do not need another facility in Crystal Lake

Springfield, Illinois 62761

Dear Ms. Avery:

We are residents of southwestern Crystal Lake and live less than ten minutes from downtown Huntley. We support Project #10-090, Centegra Health System's proposal to bring a new hospital to southern McHenry County because it would locate a full service hospital nearer to our home.

The need for a full service hospital in Huntley and the surrounding communities in southwestern McHenry County is understandable. Our communities are some of the fastest growing areas in the county and currently are underserved by healthcare facilities. As a result, many of our neighbors and our family are required to travel considerable distances to obtain emergency or specialized health care.

We urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley Project #10-090.

Sincerely,

John M. Busse

Springfield, Illinois 62761

Dear Ms. Avery:

As a resident of McHenry County resident, I support Project #10-090, Centegra Health System's proposal to bring a new hospital to southern McHenry County.

The need for a full service hospital in Huntley and the surrounding communities in southwestern McHenry County is evident. This area is one of the fastest growing areas in the County and the State.

These communities are currently underserved by healthcare facilities leaving local residents and workers with long travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley Project #10-090.

Sincerely,

Marcy A. Busse

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

This would be extremely helpful to me and all other Senior Citizens in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Jodie Maggio Date 1.31.11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
Not only the need for excellent health care but also an excellent employer for the county. An employer that really cares about the employees

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
Eastern McHenry County has ample healthcare services. The same consideration should be given to the Western area. Lets build for the future.

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Marikay Gebis Date 1/29/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
We need this facility, We do not need another facility in Crystal Lake

Dear Ms. Avery:

We are residents of southwestern Crystal Lake and live less than ten minutes from downtown Huntley. We support Project #10-090, Centegra Health System's proposal to bring a new hospital to southern McHenry County because it would locate a full service hospital nearer to our home.

The need for a full service hospital in Huntley and the surrounding communities in southwestern McHenry County is understandable. Our communities are some of the fastest growing areas in the county and currently are underserved by healthcare facilities. As a result, many of our neighbors and our family are required to travel considerable distances to obtain emergency or specialized health care.

We urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley Project #10-090.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

This would be extremely helpful to me and all other Senior Citizens in Huntley.

Sincerely,

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature: Richard W. Vaughn

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
With all the new housing going on there are more cars then the roads were ment to carry. We need new care centers close by for all our needs. Please approve the Hospital-Huntley Project # 10-090

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Carol Drake Date 2/1/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Having moved to Huntley ten years ago, I have seen an astonishing population growth. This growth has fueled the impetus for retail expansion, infrastructure modernization, school revitalization, and urban planning. It isn't difficult to see from what has already evolved that the next logical movement would be local modern, efficient health care facilities!

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature William A Ruth Date 1/25/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I have lived in Woodstock since 1947. I've seen how Memorial Hospital (Now Centegra) anticipate & meet both immediate & hospitalized care. I think this Huntley project will help other areas of McHenry County, including the Woodstock-southern Township areas.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Michael Donka Date 1-25-11

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:
I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.
I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.
Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.
Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.
I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.
Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Julie A Lowry Date 1-27-11
