Joliet, IL 60435

Re: Discontinuation of Surgery Center of Joliet, LLC

Dear Ms Shillaci;

We have received your letter indicating your intent to discontinue the Surgery Center of Joliet.

We anticipate the discontinuation will have no impact on Rush-Copley Medical Center because:

1. The Surgery Center will be replaced by an outpatient surgery department of PSJMC which we anticipate will treat the patients that would have been seen at the Surgery Center.
2. RCMC serves very few patients from the Joliet area.

Please feel free to contact me if you need additional information.

Sincerely,

Gail Bumgarner
Sr. Vice President Strategy
