# Petition Supporting Oak Forest Hospital

We the undersigned demand that Oak Forest Public Hospital remain open so that south suburban and southern Chicago residents continue receiving access to the emergency room service, Intensive Care, heart and cardiovascular unit, ventilation unit access, and long-term care rehabilitation. We do not want to see the vital hospital care that has saved thousands of lives turned into an outpatient clinic.

# Petition Supporting Oak Forest Hospital

We the undersigned demand that Oak Forest Public Hospital remain open so that south suburban and southern Chicago residents continue receiving access to the emergency room service, Intensive Care, heart and cardiovascular unit, ventilation unit access, and long-term care rehabilitation. We do not want to see the vital hospital care that has saved thousands of lives turned into an outpatient clinic.

# Petition Supporting Oak Forest Hospital

We the undersigned demand that Oak Forest Public Hospital remain open so that south suburban and southern Chicago residents continue receiving access to the emergency room service, Intensive Care, heart and cardiovascular unit, ventilation unit access, and long-term care rehabilitation. We do not want to see the vital hospital care that has saved thousands of lives turned into an outpatient clinic.

# Petition Supporting Oak Forest Hospital

We the undersigned demand that Oak Forest Public Hospital remain open so that south suburban and southern Chicago residents continue receiving access to the emergency room service, Intensive Care, heart and cardiovascular unit, ventilation unit access, and long-term care rehabilitation. We do not want to see the vital hospital care that has saved thousands of lives turned into an outpatient clinic.
