Re: Project #10-090, Centegra Hospital-Huntley, Huntley

Dear Ms. Avery:

I oppose Centegra Health System's application to build a new hospital in Huntley, IL. I feel that Centegra should not build a hospital that is excessively priced and would result in a duplication of services as close as Elgin. Why not locate needed hospital and emergency services in the area of greatest need in McHenry County which is Crystal Lake? That need exists today and you don't have to wait for the population to catch up with the project. If you are going to build a hospital in McHenry County, build it in Crystal Lake where those most in need will be served.

I am also concerned that Centegra would create a monopoly with a third hospital in McHenry County. I am concerned that Centegra will drive up the cost of medical care in this community and not really address service needs in the county where they are the greatest. I am concerned that Centegra will drive down wages and benefits for nurses and other health care professionals. I believe in competition that will insure that high paying good jobs will stay in McHenry County and nurses and other health care professionals will receive the respect and compensation they need. I ask you to please deny the Centegra application.

Additional notes:

Sincerely,

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I am a CWA looking to further my career, and
am hoping to further it in labor & delivery.
If the new hospital is established, I believe
it would be a great opportunity and
for many others as well.

Thank you for your consideration.

Additional comments:

The area Mercy is planning a new hospital in, is a very busy area. The other nearby hospitals Centegra has nearby get overcrowded and people wait several hours to even get a bed. The Huntley location doesn't need a hospital now. Nearby Sherman Hospital & St Joseph in Elgin are enough now and sometimes Sherman has a lot of available beds now.
Thank you for your consideration.
