

Batch 10

Ms. Courtney R. Avery  
Administrator  
Illinois Health Facilities and Services Review Board  
525 West Jefferson, 2nd Floor  
Springfield, Illinois 62761

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Huntley and Surrounding Areas will be grateful they won't have to travel so far for new jobs for the community. Thank you for caring

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

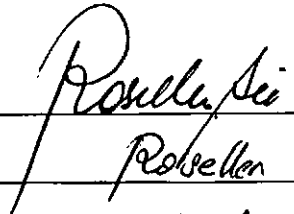

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

(Additional thoughts may be shared on the lines below.)

Mercy is a Wisconsin based hospital therefore any revenue made would not go to Illinois. Mercy will offer 800 jobs while Centegra already holds over 3000 jobs and will create 1100 jobs when the hospital is built. Centegra is a much better candidate for this new construction.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Kristina Whitmore Date 1/25/11

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Rahul Gupta Date 1-30-11

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

McHenry County is a wonderful place to live. We have been here thirty years and never plan on leaving. However, we must keep in touch with the growth and needs of the County. We cannot let the people down. Extra mileage to a healthcare facility truly can mean life or death. McHenry County is a wonderful place to live because it has always serviced its residents. We must continue to do so!

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I think a Centegra - Huntley  
is needed. Just for the senior  
community alone & it is a benefit

Sincerely,

Signature:

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

*Please support Huntley Hospital*

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090; Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Springfield, Illinois 62761

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I HAVE EPILEPSY and know what  
it feels like to be close or far  
from a hospital. The project #10-090  
should happen not only for health care but  
it would supply many local jobs which  
we need.

THANK YOU!

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

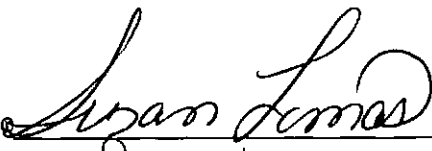

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Springfield, Illinois 62761

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Sincerely,

Signature:

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

*Centegra is committed in and to  
McHenry County with its hospitals  
and Health Facilities for preventive  
health! Our area is continually growing  
westward and needs more access  
to facilities here and west.*

Sincerely,

Signature: Patricia Driscoll-Shaw

Springfield, Illinois 62761

**RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley**

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

A a new hospital at the proposed  
sight in Huntley would be fantastic for  
the community.
