RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature:

Illinois Health Facilities Services Review Board
FOR

Subject # 10-090, Centegra Hospital-Huntley

and Centegra Health System's proposal to bring a new hospital
to the area. The need for a full-service hospital in this area is clear.
These communities make up one of the fastest-growing areas not
only in the entire state. These communities are currently
lacking adequate facilities, leaving local residents and workers with significant
travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra
Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature:

(Additional thoughts may be shared on the lines below.)

I am a Centegra follower, but unfortunately
have had to use Sherman urgent care
in the past because of location. The closest
hospital for emergencies is way too far,
especially with 4 young children. I know I
speak for many parents with children in
this area, that a hospital in Huntley would be
ideal.

Sincerely,

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature: Dean P. Kobertus

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature: Melissa Erath

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

On 3-7-11 the ER was standing room only (Evening). There were people in beds surrounding the intire nurse's station. The halls had even more patients against the walls. Please help them so they can help others.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature Whitney L. Di Date 2-27-11
