RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature  Date 1/27/11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature  Date 2/5/2011

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

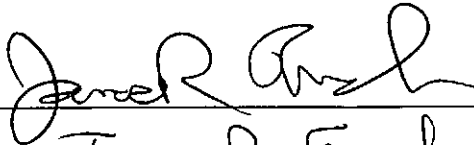

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Signature:

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

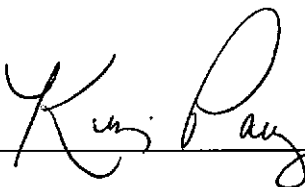

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

if line on the South West Corner of
Crystal Lake this will decrease my drive
time in an Emergency By 1/2 to the nearest
hospital -

if frequent Marengo - the closest hospital
is 30 min away @ a minimum. there has been
@ 2 serious accidents @ this location (working farm)
(Ranch)

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

Having additional facilities in the northern Illinois area will help free up the wait time in the E.R. areas where a patient can sit and wait for 2 hours or more to see a doctor. The sick, the injured, and the elderly cannot wait that long. Neither can children.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

Partners in S. Care

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Why, no near view? Rest assured, Huntley does care!

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

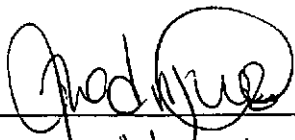

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

Signature  Date 2-11-11

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

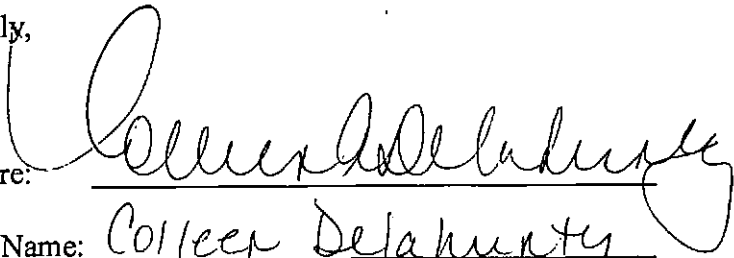

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

As someone who boards & rides horses in the Huntley-
Marengo area I would like to see a hospital
built in this area in case I have an emergency
myself. I have also seen several riding
accidents that have to take long ambulance
rides to get to the nearest ER. These
communities are severely underserved.

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

*This would create additional jobs in the
area during a down economy.*

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

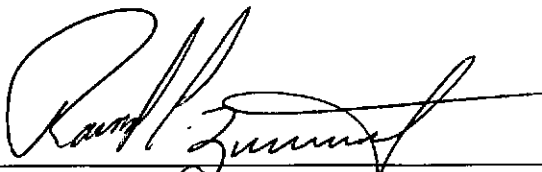

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

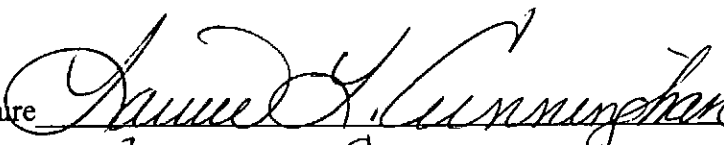

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area. Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Sincerely,

RE: Project No. 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I am writing to express my full support of the proposed hospital in Huntley by Centegra Health System in Project No. 10-090. The fact is, hospital services are needed in the Huntley community and Centegra is the health system best-suited to provide these services.

I know Centegra Health System takes its responsibility to the community very seriously and continues to look for ways to improve the care it provides.

Centegra has long been committed to Huntley and the surrounding communities through outpatient services and other health services that have already been brought to the area.

Centegra purchased the land in Huntley several years ago and has created a strong, long-term plan for responsible development of the site.

I personally appreciate that, along with needed healthcare services, this project will bring new jobs and tax revenue to the Huntley community.

Given the community's need for hospital services and the improved access to healthcare this project will provide for southern McHenry County and surrounding areas, I strongly urge the board to approve the application by Centegra Health System for a new hospital in Huntley.

Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)
Clearly, an additional hospital would provide greater services and care to the surrounding Community.

Sincerely,

RE: Letter of Support, Project # 10-090, Centegra Hospital-Huntley

Dear Ms. Avery:

I support Project # 10-090 and Centegra Health System's proposal to bring a new hospital to southern McHenry County. The need for a full-service hospital in this area is clear. Huntley and the surrounding communities make up one of the fastest-growing areas not only in McHenry County, but in the entire state. These communities are currently underserved by healthcare facilities, leaving local residents and workers with significant travel times to existing area hospitals.

I urge the Illinois Health Facilities Services and Review Board to approve Centegra Hospital-Huntley, Project # 10-090.

(Additional thoughts may be shared on the lines below.)

Clearly, an additional hospital would provide greater services and care to the surrounding Community.
