Walworth County, McHenry County, Internet Marketing

Complete and mail in your Action Card today!

I support Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I am very much in support of the Mercy Crystal Lake Hospital. It will add to, not take away from area medical services. Centegra should not be allowed to have a monopoly in this county!

Thank you for your consideration.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

1. Competition makes all parties provide either better services or prices (fact of economics).
2. Centegra did not propose a new hospital until AFTER Mercy proposed a new hospital a few years ago. Mercy foresaw the need in the Crystal Lake, Algonquin, Lake in The Hills area years ago.
3. Crystal Lake is the largest municipality in McHenry County and has been underserved for health care for all these years. The proposed Mercy hospital would serve the highest population density area of the county.
4. Mercy can be up and running, providing needed services and jobs quicker than what is proposed by Centegra.
5. Major roads near the proposed Mercy facility provide easier access to all of the county. (Haligus and Reed roads are not major thoroughfares.)
6. The proposed Mercy location will still be accessible from Huntley and the surrounding communities.

Thank you for your consideration.

**Additional comments to express support for
Mercy Crystal Lake Hospital and Medical Center:**

As a former patient of Dr. James Burden, MD, Illinois Health Facilities and Services Review Board member, I learned first hand the importance of being close to medical care.

My workplace was within 2 blocks of Dr. Burden's office. I became seriously ill and fortunately I was able to get to his office within 2 minutes. I would benefit in case of a serious illness by having Mercy Crystal Lake Hospital built within 2 minutes of my home.

Sincerely,

Chris Cross

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

MERCY IS SHOVEL READY - CENTERED 2 YEARS OUT

CRYSTAL LAKE IS THE POPULATION CENTER & WILL BE FOR SOME TIME IF NOT ALWAYS & DOESN'T HAVE A PROPER HOSPITAL? INSANE!

I FOR ONE WILL CONTINUE MY HEALTHCARE AT NORTHWESTERN

CHICAGO IF THIS HOSPITAL ISN'T BUILT. I'M NOT TRAVELING TO BARRINGTON, OR GOD FORBID MCHENRY. NIMC HAS A HORRIBLE REPUTATION. NOT ON MY DEATHBED BLEEDING TO DEATH
Thank you for your consideration. WOULD I GO TO NIMC

I truly believe that a hospital in Crystal Lake is a necessity. Growing population, greater number of young families, etc. cause this to be necessary. Adding an asset like a hospital will make Crystal Lake even more attractive to new businesses which is vital to our community.

Thank you for your consideration.

A city the size of C.L. needs its own Hospital.
Not Relying on Hospitals Miles Away.
