

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

**RECEIVED**

JUN 07, 2011

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

HEALTH FACILITIES &  
SERVICES REVIEW BOARD

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

As a person with Epilepsy who has grand-mal seizures, it would be reassuring to my husband, daughter, & I, to know that a hospital is just 5 minutes ~~far~~ away. <sup>Advocate in Barrington</sup>

There is always concern that the normal route we take to the hospital, along with the other Cary residents, will get clogged on route 14 over the bridge, ~~leaving~~ <sup>leaving</sup> ~~someones~~ <sup>someones</sup> life at stake due to traffic. Please ~~please~~ <sup>please</sup> approve this hospital.

Thank you for your consideration.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I have been an attending Physician at MSHC (Centegra McHenry) for 23 yrs. I love the people I work with but the hospital is more frequently over capacity. A MERCY HOSPITAL in CRYSTAL LAKE IS NEEDED TO HANDLE THE POPULATION GROWTH AS WELL AS TO PROVIDE COMPETITION AND CHOICES FOR PATIENTS AND HEALTH CARE EMPLOYEES

Signature:

Richard L. Persino, MD

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I believe that approving the requested  
Certificate of Need for Mercy Crystal Lake  
Hospital & Medical Center would foster needed  
competition in health care for our area. Centegra  
now has a virtual monopoly on health care hospital  
facilities in the Crystal Lake / Woodstock / McHenry area.

Thank you for your consideration.

- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

A hospital in Crystal Lake would  
allow Centegra-McHenry to renovate to  
single rooms - increasing safety (other  
patients and their germs) and privacy. These  
factors have been compromised when they  
are at or near census.

Thank you for your consideration.

Additional comments:

Conterra Hospitals have a monopoly and  
competition will be good for the county.  
Mercy will serve about 46% of those who  
live in <sup>McHenry</sup> county who are now have no hospital  
or full service emergency room. C.L. is the  
largest city in the county and a hospital here is long  
over due.

Thank you for your consideration.

*I feel like a captive patient with no choice for better service. Centegra is not capable or qualified to open another hospital in McHenry County. They need to bring their hospitals up to par before expanding*

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

- Jobs -

- More Drs in area (more choice)!

Thank you for your consideration.

of choices for McHenry  
 County be a good  
 thing if  
 mercy's  
 hospital is -  
 not approved:  
 We have been  
 forced to use  
 Centegra service  
 for far too long

I use mercy Immediate Care in McHenry  
 as opposed to having to wait  
 long amounts of time at  
 Centegra McHenry ER. A much  
 more pleasant experience at  
 mercy McHenry.

Most people support  
 mercy's hospital so  
 that they have a choice other  
 than the Centegra monopoly

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

Having an additional hospital in the northern part of the county would allow more choices for the residents & since I have a Mercy physician as my primary healthcare provider it would allow me to stay in-network therefore costing the insurance companies less.

Thank you for your consideration.

Additional comments:

Last winter (poor driving cond) after hours for emeg, nearly  
walk in clinic, Gerald fell down 5 stairs onto a concrete  
basement floor and sprained and possibly broke an ankle.  
An ambulance would have charged hundreds of dollars, the wait  
time would probably be for more hours. We iced and taped  
the ankle. He continues to suffer. We need a closer 24 hr.  
emergency room. We are on Medicare and our physician usually  
requires a 2-week wait for an appoint.  
Thank you for your consideration as his policy is one Medicare patient/day.

The continued high insurance premiums and doctor/hosp.  
fees will ultimately end up costing more in the long  
run as people postpone getting preliminary medical  
care due to cost and accessibility, & having to  
wait until the problems are severe and  
requiring more treatment.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I also think it is good for "healthy  
competition" There are also those in the  
community with Mercy HMO insurance  
& it would be nice to have a more  
centrally located hospital.

Thank you for your consideration.

Additional comments:

Mercy's costs are fair and equitable, lab tests

for an executive D blood work cost over \$800 at

Centegra. With my insurance, I had to pay more

than half that amount. When I requested that

my doctor order the exact same blood test at Mercy,

the cost was just over \$400, with the same insurance, I only had to pay \$25 !! Thank you for your consideration.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

- 1) Mercy's reputation for excellent emergency -
- 2) There are already 2 emergency hospitals in our county
- 3) We need a better choice than emergency or having to drive far to get quality care
- 4) I am a healthcare provider and in the healthcare community, Mercy is known to be a much, much better group.

Thank you for your consideration.

To whom it may concern:

Residents of our area deserve access to full hospital services. A new facility in Crystal Lake would bring those services closer than options such as Sherman. It would also bring jobs to our area. Because of these benefits, I think a new hospital in Crystal Lake is a good idea.

Respectfully yours,

A handwritten signature in cursive script that reads "Elisabeth Gau". The signature is written in black ink and is positioned below the typed name.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

Centegra (competing health system) has a  
monopoly currently on hospitals. This  
IS PROVEN TO BE BAD  
for costs / patient choice / provider  
bullying.

Thank you for your consideration.

Additional comments:

I am now one of the over 65 population,  
it would put my mind at rest to know a hospital is much closer to our  
residence in Algonquin, The traffic at best is terrible,  
This hospital is needed, the wait at NIMC can be long  
we had that experience when our neighbor needed treatment  
We moved here in 1978 the village has grown to over 30,000  
not to mention L.I.H. In 1978 3-4,000 were here growth  
Thank you for your consideration. demands this hospital to be built.

- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

*We'd like a choice here in McHenry County - to prefer Mercy doctors and would appreciate a Mercy hospital. Centegra has had us by the throat for years! Good luck, Mercy! We support you!*

Thank you for your consideration.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

As a former Crystal Lake City Councilman (8 years) and former member of the Crystal Lake Zoning Board (1 year), it is clear that the City of Crystal Lake with a current population of 45,300 has need of a hospital in order to provide adequate health care and emergency services for the community. The proposed Mercy Hospital will meet the health care needs of this expanding population.

Additional comments:

*Would be closer than Northbrook Illinois  
Medical Center where I had treatments  
for cancer. I've had many tests done at  
Centegra in Woodstock. At the time my primary  
doctor was not on staff there and I asked  
that test results be sent to him - which was  
not done without phone calls from my doctor's  
office.*

## Complete and mail in your Action Card today!

I support Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

## Complete and mail in your Action Card today!

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Ms. Courtney Avery  
Administrator  
Illinois Health Facilities and Services Review Board  
525 W. Jefferson Street, Second Floor  
Springfield, Illinois 62761

Re: Project #10-090, Centegra Hospital-Huntley, Huntley

Dear Ms. Avery:

I oppose Centegra Health System's application to build a new hospital in Huntley, IL. I feel that Centegra should not build a hospital that is excessively priced and would result in a duplication of services as close as Elgin. Why not locate needed hospital and emergency services in the area of greatest need in McHenry County which is Crystal Lake? That need exists today and you don't have to wait for the population to catch up with the project. If you are going to build a hospital in McHenry County, build it in Crystal Lake where those most in need will be served.

I am also concerned that Centegra would create a monopoly with a third hospital in McHenry County. I am concerned that Centegra will drive up the cost of medical care in this community and not really address service needs in the county where they are the greatest. I am concerned that Centegra will drive down wages and benefits for nurses and other health care professionals. I believe in competition that will insure that high paying good jobs will stay in McHenry County and nurses and other health care professionals will receive the respect and compensation they need. I ask you to please deny the Centegra application.

Additional notes: Please Accept Mercy Health Systems Hospital instead.

Mercy has built up a solid health system in  
Illinois over the past 15 years focusing on  
patient service & satisfaction. I'm proud to  
work for Mercy over the past 15 yrs!  
Competition only brings better patient care!

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

Health care should never be a monopoly! Competition  
is a great tool for all consumers of business.  
Choices are empowerment. Mercy is a good choice  
that at least we will have one, as of now we do not.  
Let the "people" decide what they want to choose  
for health care. Keep business here. Get out of county. (which may go)  
Thank you for your consideration. To you good "health"

Additional comments:

The wait times AT The McHenry Hospital are so long.  
Beds Available are very limited. A better hospital  
in the area would better serve the community.  
Crystal Lake has a huge population + would be able  
to support it without a problem. Patient care should be  
#!

Thank you for your consideration.

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

*I have been much more happy with  
Mercy's all around, doctor's service  
& affordable cost compared to Centegra.  
I think we need this hospital to  
keep competition healthy & provide  
closer access to me in Crystal Lake*  
Thank you for your consideration.

*Their shared  
charting  
system  
is  
excellent!*

## Complete and mail in your Action Card today!

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

Illinois Health Facilities and  
Services Review Board  
2nd Floor  
525 West Jefferson Street  
Springfield, Illinois 62761

March 18, 2011

To Whom It May Concern,

Hello, my name is Dr. Rajeev Varma. I am the medical director of the Mercy Harvard Hospital Respiratory Therapy Department and Sleep Disorders Centers. I am a subspecialist physician that is board certified in Internal Medicine, Pulmonary Medicine, Critical Care Medicine and Sleep Disorders Medicine. I am intricately involved in the care of critically ill patients in the Intensive Care Unit being a intensive care medicine specialist physician. Timely care of critically ill patients is essential in the management of these patients in the community with medical or surgical emergencies. Timely care is also essential in attaining the best outcome for these patients in the acute care setting. Here in Crystal Lake, there is no acute care hospital within its city limits that could be provide care to its 42,000 residents. Woodstock, Illinois has 24,000 residents and has an acute care hospital. McHenry, Illinois has 24,000 residents and has an acute care hospital. However, Crystal Lake is the largest city or municipality in McHenry County, Illinois with a population of 42,000 residents. McHenry County is one the fastest growing counties in Illinois. The 2010 figures released a few weeks ago shows that four of the five most populous cities or municipalities in the county - Crystal Lake, Algonquin, Lake in the Hills and Cary escalated by a total of nearly 20,000 residents from 2000 for a combined total of nearly 125,000 people. A Crystal Lake Hospital would serve each of those communities, none of which currently has a hospital. I would like the Board and the audience today to consider this: if someone here now in the Crystal Lake City Hall had a medical emergency such as a myocardial infarction( which is a heart attack) or cerebrovascular accident ( which is a stroke), they would realistically have to travel at least 15 minutes to receive acute emergency medical care at either Centegra Hospital-McHenry or Centegra Hospital-Woodstock. They would have to travel only 7-8 minutes to arrive at the Emergency Department at the Proposed Mercy Crystal Lake Hospital and Medical Center on the corner of Three Oaks Road and Illinois Route 31 in Crystal Lake, Illinois. This statement is important because time and minutes are of essence in managing patients with heart attacks and strokes since tPA (which is clot-busting drug) can save the lives of heart attack and stroke patients and prevent or minimize neurological motor deficit from stroke and there is only a limited time window in administering this clot-busting drug. Additionally, even when patients have arrived at both Centegra Hospitals emergency departments, they have had to wait 3-5 hours in the ER waiting area just to be seen by an emergency medicine physician. I have provided a written exhibit from a patient for the Board and the public to peruse regarding such an incident that occurred at Centegra Hospital-McHenry just recently on March 4, 2011. This circumstance is a product of McHenry County's fast population growth and thus demonstrates that there is a need for another 100+ bed acute care hospital in the county. The area of need in McHenry County for a new acute care hospital is the area with the highest population density in the county that would serve the most diverse demographic group of people which includes families, women, and seniors. That area of McHenry County with the highest population density is southeast McHenry County which is where the proposed Crystal Lake Hospital would be geographically situated. Thus, in conclusion, I strongly recommend and urge the Board to favorably

recommend the approval of a proposed Mercy Crystal Lake Hospital and Medical center at the intersection of Three Oaks Road and Route 31 in Crystal Lake. I thank the Board and the public for their time hearing my opinion on this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Rajeev Varma". The signature is written in a cursive style with a horizontal line above the first name.

Rajeev Varma, M.D.  
Medical Director of Mercy Harvard Respiratory  
Therapy and Sleep Disorders Center

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

AS THE PAST CRYSTAL LAKE FIRE DEPT. FIRE CHIEF,  
I CAN ATTEST THAT THIS HOSPITAL WOULD  
BE BENEFICIAL TO THE CITIZENS OF THIS  
AREA AND SURROUNDING COMMUNITIES. THIS  
LOCATION IS THE MOST CENTRALLY LOCATED  
IN THIS HEAVILY POPULATED LOCALE,

Thank you for your consideration.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services → long delays in Scheduling currently at Centegra
- Shorter emergency room wait times → Really needed - ER wait times are huge at Centegra
- A more centralized location for health care in one of McHenry County's most densely populated areas <sup>at Centegra</sup> Woodstock!
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

In addition to the benefits above the people of McHenry County deserve a choice in where we go for healthcare. Mercy Health offers outstanding care & service and given a choice I would use their facility -

Thank you for your consideration.

Additional comments:

I was hospitalized in January 2011 at Centegra  
Woodstock for a cardiac condition. My care  
was horrible. It scares me to think that  
this is the only choice my family and I  
have in the area. Competition will raise the bar  
for all involved and provide choice which is  
so important in our society.  
Thank you for your consideration.

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

I moved to Crystal Lake in 1989 when the population  
was about 18,000. Now over 40,000 residents, it  
would be beneficial to have a hospital right  
in town to offer services without a half hour  
drive. Mercy offers the local area another  
choice in healthcare.

Thank you for your consideration.

## Complete and mail in your Action Card today!

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

## Complete and mail in your Action Card today!

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.
