- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

The area by Crystal Lake is the place we need
a facility / Hospital. It is the most congested
with others nearby Centegra having wait times
too long. Also Centegra isn't even planning to build
for a few more yrs, which proves there is no
current need in that area - so put it where we
