# PETITION

BECAUSE  
you asked

BECAUSE  
it's needed

By signing this petition, I urge the Illinois Health Facilities and Services Review Board to approve Mercy Health System's application to build a new hospital and medical center in Crystal Lake, Illinois. More choices and better access to health care services mean better health for McHenry County residents.

You must be 18 or older to sign.

# PETITION

BECAUSE  
you asked

BECAUSE  
it's needed

By signing this petition, I urge the Illinois Health Facilities and Services Review Board to approve Mercy Health System's application to build a new hospital and medical center in Crystal Lake, Illinois. More choices and better access to health care services mean better health for McHenry County residents.

You must be 18 or older to sign.

Re: Project #10-090, Centegra Hospital-Huntley, Huntley

Dear Ms. Avery:

I oppose Centegra Health System's application to build a new hospital in Huntley, IL. I feel that Centegra should not build a hospital that is excessively priced and would result in a duplication of services as close as Elgin. Why not locate needed hospital and emergency services in the area of greatest need in McHenry County which is Crystal Lake? That need exists today and you don't have to wait for the population to catch up with the project. If you are going to build a hospital in McHenry County, build it in Crystal Lake where those most in need will be served.

I am also concerned that Centegra would create a monopoly with a third hospital in McHenry County. I am concerned that Centegra will drive up the cost of medical care in this community and not really address service needs in the county where they are the greatest. I am concerned that Centegra will drive down wages and benefits for nurses and other health care professionals. I believe in competition that will insure that high paying good jobs will stay in McHenry County and nurses and other health care professionals will receive the respect and compensation they need. I ask you to please deny the Centegra application.

Additional notes:

*The extensive wait times for the Emergency Room @ both Centegra Hospitals warrants the need for an additional hospital in Crystal Lake!*

Sincerely,

Additional notes:

I have actually read that Sherman has had a lot of available beds and are not overflowing. So the need is not as great in that area - 2 hospitals close by in Elgin already. Our area has the greatest need.

# Complete and mail in your Action Card today!

**I support** Mercy Health System's proposal to build a Crystal Lake Hospital, which would provide:

- Better access to quality healthcare
- Shorter emergency room waits and transport times
- Centralized healthcare services in McHenry County's most densely populated area
- More healthcare options

I believe a new Crystal Lake hospital is needed and will serve the best interests of our community. I kindly request that plans to build it are approved.

Thank you for your consideration.

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

City/State/Zip: CRYSTAL LAKE, IL 60014

Date: 6/2/11

To the Illinois Health Facilities and Services Review Board,

I am writing to express my strong support for Mercy Health System's proposed Mercy Crystal Lake Hospital and Medical Center project to be located at the intersection of Route 31 and Three Oaks Road.

I believe that Mercy's new hospital will provide:

- Better access to health care services
- Shorter emergency room wait times
- A more centralized location for health care in one of McHenry County's most densely populated areas
- A more diverse choice in health care providers

I kindly request that you approve the requested Certificate of Need for the Mercy Crystal Lake Hospital and Medical Center to expand the health care options available to local community members like myself. I believe the project is both necessary and in the best interest of our community.

Additional comments:

To have a medical hospital close to us would  
be so beneficial and would assure a speedier  
emergency care to give someone a better  
chance at life. Please consider giving the  
people of Crystal Lake & Cary that chance to life.

Thank you for your consideration.

Additional comments:

Everyone deserves a choice - Competition  
makes everyone work harder and  
strive even more to provide quality  
care.

Thank you for your consideration.

Re: Project #10-090, Centegra Hospital-Huntley, Huntley

Dear Ms. Avery:

I oppose Centegra Health System's application to build a new hospital in Huntley, IL. I feel that Centegra should not build a hospital that is excessively priced and would result in a duplication of services as close as Elgin. Why not locate needed hospital and emergency services in the area of greatest need in McHenry County which is Crystal Lake? That need exists today and you don't have to wait for the population to catch up with the project. If you are going to build a hospital in McHenry County, build it in Crystal Lake where those most in need will be served.

I am also concerned that Centegra would create a monopoly with a third hospital in McHenry County. I am concerned that Centegra will drive up the cost of medical care in this community and not really address service needs in the county where they are the greatest. I am concerned that Centegra will drive down wages and benefits for nurses and other health care professionals. I believe in competition that will insure that high paying good jobs will stay in McHenry County and nurses and other health care professionals will receive the respect and compensation they need. I ask you to please deny the Centegra application.
