Reference: Permit 10-011, Children's Memorial Outpatient Center/Notice of Project Completion

Dear Ms. Avery:

The purpose of this letter is to provide the Notice of Project Completion for Permit 10-011 (the "Project"), in accordance with Section 1130.770 of the Review Board rules. The Review Board approved the Project on June 8<sup>th</sup>, 2010, pertaining to the modernization of the Outpatient Center located in Lincoln Park, at an approved project cost of \$32,256,000.

As noted in our Annual Progress Report of July 2<sup>nd</sup>, 2013, construction was completed at that point and all building operations have resumed following completion of the approved modernizations. Because inpatient beds are not part of the Project, there was no inspection by the Illinois Department of Public Health. The Project has been completed in compliance with Permit approvals for scope and cost. We will be submitting the Final Realized Costs Report prior to the required due date.

Please feel free to contact me with any questions on this information.

Sincerely,

Carl Rinder  
Senior Business Analyst
