Attachments: Statement on Historical Financial Viability Data.doc

George,

Regarding the first item, Jason Schreiber and Brian Cloch are the only members of the LLC in both cases.

Regarding the second, I have attached a brief statement.

Please let me know if you should need anything further.

Thanks,

Subject: Project 11-006 Transitional Care Center of Arlington Heights

Chris:

I am getting started on the completeness review for the above mentioned project, and request the following information:

- 1) Applicants: Transitional Care Center of Arlington Heights, LLC, and Transitional Care Management, LLC.

Could you please forward the names of all members of each of the listed applicant LLCs?
Thanks.

- 2) Some type of statement explaining the absence of the historical financial viability data (1120.130) for the applicant. Can I assume this is because the applicant is still relatively new, and that no historical data exists?

If these are items that can be obtained in a timely manner (before January 24, 2011), I'll go ahead and call your application complete. Otherwise, please respond with your plan of action to address these criteria.
Thanks.

Statement on Historical Financial Viability Data

**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

Pursuant to 1120.130, the applicant is a new entity and, as such, no historical financial data exists. However, the CEO and the President have extensive experience in both starting up new facilities and operating facilities (see Attachment 11 for more information).
