HEALTH FACILITIES &  
SERVICES REVIEW BOARD

Dear Committee,

We are writing in regards to the closing of the Long Term Care Facility in Nashville.

11-056

I have a mother and friends in this facility and the impact that it will have on them and the community, plus the employees that work there, as they will lose their jobs.

This facility has stayed full for years, with a waiting list, also it is private pay and when the patients are moved to a nursing facility, it will cost the state hundreds of thousands of dollars to take care of them on state funded Medicare and Medicaid.

We are asking you to please keep the Long Term Care at the Culbertson Memorial Hospital operating and not giving them permission to close the Long Term Care Facility for the good & convenience of the patients, their families, employees and the community.
