RE: **PERMIT: #11-025 - US Renal Care Oak Bolingbrook Dialysis**

Dear Mr. Clancy:

On October 12, 2011, the Illinois Health Facilities and Services Review Board ("Board") approved the application for permit for the referenced project based upon the project's substantial conformance with the applicable standards and criteria of Part 1110 and 1120. In arriving at a decision, the State Board considered the findings contained in the State Board Staff Report, the application material, and any testimony made before the State Board.

- **PROJECT: #11-025 - U.S. Renal Care Oak Bolingbrook** - The permit holders are approved for the establishment of a 13 station end stage renal dialysis facility located at 396 Remington Boulevard, Bolingbrook, Illinois in 7,219 gross square feet of space. The operating entity is USRC Bolingbrook, LLC and the owner of the site is PHT Bolingbrook, MOB d/b/a Partners Health Trust.
- **PERMIT HOLDER:** US Renal Care, Inc., USRC Oak Brook, LLC, and USRC Alliance, LLC, 2400 Dallas Parkway, #350, Plano, Texas
- **PERMIT AMOUNT:** \$2,486,029
- **PROJECT OBLIGATED BY:** August 1, 2012
- **PROJECT COMPLETION DATE:** August 1, 2012

This permit is valid only for the defined construction or modification, site, amount and the named permit holder and is not transferable or assignable. In accordance with the Planning Act, the permit is valid until such time as the project has been completed, provided that all post permit requirements have been fulfilled, pursuant to the requirements of 77 Ill. Adm. Code 1130. The permit holder is responsible for complying with the following requirements in order to maintain a valid permit. Failure to comply with the requirements may result in expiration of the permit or in State Board action to revoke the permit.

1. OBLIGATION-PART 1130.720

The project must be obligated by the Project Obligation Date, unless the permit holder obtains an "Extension of the Obligation Period" as provided in 77 Ill. Adm. Code 1130.730. Obligation is to be reported as part of the first annual progress report for permits requiring obligation within 12 months after issuance. For major construction projects which require obligation within 18 months after permit issuance, obligation must be reported as part of the second annual progress report. If project completion is required prior to the respective annual progress report referenced above, obligation must be reported as part of the notice of project completion. The reporting of obligation must reference a date certain when at least 33% of total funds assigned to project cost were expended or committed to be expended by signed contracts or other legal means.

2. ANNUAL PROGRESS REPORT-PART 1130.760

An annual progress report must be submitted to IHFSRB every 12-month from the permit issuance date until such time as the project is completed.

3. PROJECT COMPLETION REQUIREMENTS-PART 1130.770

The permit holder must submit a written notice of project completion as defined in Section 1130.140. Each permit holder shall notify IHFSRB within 30 days following the project completion date and provide supporting documentation within 90 days following the completion date and must contain the information required by Section 1130.770. **Please note the Illinois Department of Public Health will not license the proposed facility until all of the Board's permit and post permit requirements have been completed.**

This permit does not exempt the project or permit holder from licensing and certification requirements, including approval of applicable architectural plans and specifications prior to construction. Should you have any questions regarding the permit requirements, please contact Mike Constantino at 217-782-3516.

Sincerely,

Courtney Avery, Administrator
Illinois Health Facilities and Services Review Board

cc: Dale Galassie, Chairman
