housing system through the combination of the ABHS Entities with Ascension. The Affiliation will benefit individuals, regardless of their ability to pay, by giving them increased access to integrated healthcare, senior care and senior living options. Each of ABHS and Ascension operates as a Catholic organization consistent with the Ethical and Religious Directives for Catholic Health Care as approved and promulgated from time to time by the United States Conference of Catholic Bishops (the "**Directives**"), is listed in the Official Catholic Directory and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code (the "**Code**"), as an organization described in Section 501(c)(3) of the Code.

2.2 Affiliation Goals and Objectives. The Affiliation offers both the ABHS Entities and Ascension the opportunity to: (a) further the charitable missions of ABHS and Ascension; (b) develop services that will improve access to comprehensive, convenient, high quality inpatient and outpatient Catholic healthcare, senior care and senior housing in accordance with the Directives throughout the communities served by the combined system; (c) promote community health and well being through patient-centered care, wellness and educational efforts; (d) enhance sound stewardship through the efficient delivery of all services, resulting in favorable financial performance for the ABHS Entities and Ascension; (e) further develop a comprehensive Catholic delivery system, emphasizing the efficacy of care, resulting in improved outcomes and quality of life for patients, recognition for quality and service excellence, and growth initiatives and service expansion opportunities for both the ABHS Entities and Ascension; (f) enhance physician, payor and consumer preference; and (g) enhance community benefit and public policy advocacy.

ARTICLE III

IMPLEMENTATION OF AFFILIATION

3.1 Reorganization of ABHS. As of the Effective Date, Ascension will serve as the sole corporate member of ABHS, and upon the Effective Date, ABHS shall become a Health Ministry of Ascension (the "**Alexian Health Ministry**") and shall be subject to Ascension policies and procedures on the same basis and with the same level of authority as other Health Ministries of Ascension, except as otherwise set forth in this Agreement.

3.2 ABHS Remains Sole Member of Alexian Affiliates. As of the Closing Date, ABHS shall remain the sole corporate member of the Alexian Affiliates and the Alexian Affiliates shall remain the members, partners, shareholders or owners of the Alexian Subsidiaries, except that Alexian Brothers Medical Center shall transfer all of its ownership interest in Edessa to Ascension.

3.3 No Transfer of Assets; Excluded Assets. Except as otherwise disclosed in writing by ABHS to Ascension prior to Closing and agreed to by the Parties, (a) the transactions contemplated hereby shall not affect the ownership, or result in the transfer or conveyance, of any asset owned as of the Closing Date by the ABHS Entities; and (b) all assets, including all general reserves, pension reserves, self-insurance reserves, accounts receivable, cash, cash equivalents and other assets (tangible or intangible, real or personal), owned or held in the name of the ABHS Entities shall remain the property of the respective ABHS Entity on the Closing Date. No assets of ABA shall be transferred in the transactions contemplated by this Agreement.

For purposes of clarity, the assets listed on Schedule 3.3 ("**Excluded Assets**") are assets of ABA and shall be retained by or transferred to ABA on or prior to the Closing Date. Notwithstanding the foregoing, at the Closing, provided that all required consents to effectuate such transfer are obtained, Alexian Brothers Medical Center shall transfer all of its ownership interest in Edessa to Ascension.

3.4 No Transfer of Liabilities. Subject to Section 3.5 below, all liabilities, indebtedness, commitments and other financial and operational obligations of ABHS and the Alexian Affiliates and all other ABHS Entities, whether known or unknown, fixed or contingent, recorded or unrecorded, currently existing as of the Closing Date or thereafter arising or otherwise (each an "**ABHS Liability**" and collectively, the "**ABHS Liabilities**") shall remain the liabilities and obligations of the ABHS Entities, respectively, from and after the Closing Date, including, but not limited to, the ABHS Obligations. Subject to Section 3.5 below, as of the Closing Date, the ABHS Liabilities shall include, without limitation, liabilities, accounts payable, medical malpractice liability, deferred compensation, accrued salary and benefits, taxes, interest payments, workers' compensation expenses, indebtedness, commitments, encumbrances, obligations, notes, loan agreements, indentures, mortgages, security agreements, debt service reserve fund agreements, financing statements, subordination agreements, of the ABHS Entities, currently existing or hereafter arising.

3.5 Refinancing of ABHS Obligations. Notwithstanding the foregoing, prior to the Closing, ABHS and Ascension shall develop a mutually-agreed upon "Plan of Financing" pursuant to which Ascension shall have an absolute obligation, to the extent feasible with respect to individual financings, to refinance the long-term debt of ABHS, including the ABHS Obligations (collectively, the "**ABHS Debt**"), and ABHS and the ABHS Entities listed on Schedule 3.5 shall become members of the Ascension Credit Group as applicable. On the Closing Date, Ascension shall deliver funds to ABHS (or to such trustees or escrow as may be designated by ABHS) in an amount sufficient to satisfy the outstanding ABHS Debt in accordance with their terms.

ARTICLE IV

GOVERNANCE

4.1 ABHS. ABHS shall amend its Governing Documents to provide that Ascension shall be the sole member of ABHS, and to otherwise fulfill the terms and conditions of this Agreement. The amended and restated Governing Documents (the "**Amended Governing Documents**") of ABHS to be effective as of the Closing Date shall incorporate the required elements of the Ascension System Procedure OL-1 and Model Bylaws that are not in conflict with the terms and provisions of this Agreement substantially in the form attached hereto as Schedule 4.1.

4.2 ABHS Entities. ABHS shall cause each of the Alexian Affiliates and Alexian Subsidiaries that operate any of the Facilities to amend its Governing Documents to be effective as of the Closing Date to incorporate the required elements of the Ascension System Procedure OL-1 and Model Bylaws that are not in conflict with the terms and provisions of this Agreement; provided, however, that as of Closing, each ABHS Entity local ministry site which currently has

a "Quality Council" or other advisory board shall retain such Quality Council or advisory board as currently constituted and with the same or similar mission, meeting state law requirements for hospital licensure and other operations as applicable.

4.3 ABHS and Alexian Affiliates Boards of Directors. As of Closing, the members of the boards of directors (each a "**Board**") of each of ABHS and the Alexian Affiliates shall remain in their current positions until they or their successors have been duly appointed and qualified pursuant to the Amended Governing Documents.

4.4 ABHS Board Representation. For a period of not less than four (4) years following the Closing Date, the Chairman of the Board of ABHS shall be, and Ascension shall appoint, an Alexian Brother recommended by ABA. The initial Chairman of the Board of ABHS shall be Brother James Classon, C.F.A., Provincial. If he shall not be able to act in such role, ABA shall recommend an alternate Alexian Brother who shall be appointed by Ascension.

4.5 Ascension Board. At or before Closing, ABA shall recommend an Alexian Brother to serve on the Board of Trustees of Ascension Health. The ABA recommendation is Brother Theodore Loucks, C.F.A. If he shall not be able to act in such role, ABA shall recommend an alternate Alexian Brother who shall be appointed to the Ascension Board.

4.6 New Participating Entity in Ascension Health Ministries. As of the Closing Date, the Congregation of Alexian Brothers, Immaculate Conception Province, Inc. ("**Alexian Brothers**") shall become a New Participating Entity in Ascension Health Ministries, a public juridic person that is the canonical sponsor of Ascension in accordance with the canonical statutes and bylaws of Ascension Health Ministries.

ARTICLE V

SENIOR MANAGEMENT AND EMPLOYEES; EMPLOYEE BENEFITS

5.1 Continuation of Employment Agreements. As of the Closing Date, each ABHS Entity shall continue to abide by the terms and conditions of each employment agreement by and between such entity and employee, in accordance with the terms and conditions of such agreement, unless and to the extent such an agreement is amended or a new agreement is entered into, with the consent of the employee covered by such agreement, to be effective on or before the Closing Date. Ascension shall take no action to require any ABHS Entity to terminate, amend or otherwise modify any such employment agreement.

5.2 Employment of Other ABHS Employees (including any Alexian Brothers). For a period of not less than ninety (90) days from and after the Closing Date (the "**Restricted Period**"), all ABHS Entities shall continue to employ all employees then employed by those same ABHS Entities as of the Closing Date, including any Alexian Brothers (the "**Employees**") in the same positions and at the same locations, at the same pay rates, and, except as may otherwise be set forth in the Benefit Transition Plan (as described in Section 5.3 below), with the same employee benefits and seniority as such Employees have as of the Closing Date, with no termination of employment or separation from service resulting (i) from the Affiliation; and/or (ii) by reason of overstaffing (unless severance is paid in accordance with ABHS policies and

procedures; provided however, that no WARN Act-covered employment losses result therefrom). During the Restricted Period, ABHS shall not be prohibited from terminating or causing the termination of any employee of any ABHS Entity for any permissible reason other than (i) the Affiliation; and/or (ii) overstaffing. After the Restricted Period, it is not anticipated that ABHS or any ABHS Entity will make any material cutbacks in hospital clinical and hospital non-administrative operational staffing levels resulting from the Affiliation, other than those typically associated with the ongoing operation of the Facilities, for a period of at least two (2) years.

5.3 Employee Benefits; Benefit Transition Plan. On or after the Closing Date, current ABHS Employee Benefit Plans shall be amended, modified, replaced or terminated in accordance with the provisions of the transition plan mutually agreed upon by ABHS and Ascension (the "**Benefit Transition Plan**") which shall set forth the manner and timing of which the Employees shall become enrolled in Ascension employee benefit plans.

5.4 Incentive Compensation; Bonuses. ABHS shall implement and pay, and Ascension shall not prohibit or hinder ABHS from implementing or paying, compensation and bonuses pursuant to the existing ABHS 2011 executive incentive compensation or bonus program as previously approved by ABHS for all executive employees who remain employed by ABHS on December 31, 2011, including any and all such benefits to be paid in 2012 according to such incentive compensation or bonus program and within such time frames as customarily paid. In the event that the Closing Date does not occur on or before December 31, 2011, ABHS shall implement and pay, and Ascension shall not prohibit or hinder ABHS from implementing or paying, the ABHS fiscal year 2012 executive compensation or bonus program as approved by ABHS including any and all such benefits to be paid in 2013 according to such incentive compensation or bonus program and within such time frames as customarily paid.

5.5 Severance Agreements/Change in Control Plan. The ABHS Entities have entered into severance agreements with certain key employees, an executive change in control plan that covers certain other key employees, and an executive severance plan that covers certain executive employees, to incentivize such employees to remain employed by the applicable ABHS Entity through and after the Closing Date, as previously made available to Ascension. The applicable ABHS Entity shall remain liable to make payments under such severance agreements, change in control plan and severance plan after the Closing Date and Ascension shall not prohibit or hinder such applicable ABHS Entity from making all such payments due after the Closing Date. Ascension shall take no action to require any ABHS Entity to terminate, amend, or otherwise modify such agreements or plans.

ARTICLE VI

6.1 Future Capital Needs and System Initiatives. Subject to the terms and conditions of this Agreement, as of the Closing Date, Ascension, to support the charitable mission and purposes of ABHS and in furtherance of the common healthcare and senior care missions of the ABHS Entities and Ascension, shall approve, without contingencies of any nature or kind, ABHS' funding of the two capital projects identified in subsection (a) and (b)

herein in a manner consistent with ABHS's original intent for the projects, but which scope must meet the minimum parameters set forth below:

(a) **St. Alexius Medical Center Project.** The completion of the modernization and expansion project at St. Alexius Medical Center consisting of the new bed tower (Phases I and II) and the east parking garage (the "**St. Alexius Medical Center Project**") in accordance with the permit issued on March 4, 2010 by the Illinois Health Facilities and Services Review Board ("**IHFSRB**") for Project #09-054. The entire project is anticipated to be completed no later than December 31, 2013. The total funding approved by Ascension for the St. Alexius Medical Center Project is not to exceed \$125,000,000.

(b) **Alexian Village of Tennessee Project.** Subject only to all necessary governmental and third-party approvals, permits and licenses, the completion of the modernization and expansion project at Alexian Village of Tennessee consisting of the construction of a new nursing home, renovation of the existing nursing home and renovation/repurposing of the Alexian Inn (the "**Alexian Village of Tennessee Project**"). The entire project is anticipated to be completed no later than December 31, 2015. The total funding approved by Ascension for the Alexian Village of Tennessee Project is not to exceed \$30,000,000.

6.2 Capital Expenditure Requests. In addition to the funding commitments approved for the St. Alexius Medical Center Project and the Alexian Village of Tennessee Project in Section 6.1 above, prior to Closing, ABHS and Ascension shall prepare mutually agreed-upon capital plans and budgets for the Alexian System for fiscal year 2012 (January 2012 through June 2012) and fiscal year 2013 (July 2012 through June 2013) for delivery at Closing. Such capital plans and budgets shall be categorized among the following budget pools per the Ascension capital allocation process: (i) major projects; (ii) threshold projects; (iii) information technology projects; (iv) facility infrastructure projects; and (v) discretionary capital (by dollar amount). ABHS and Ascension shall also prepare mutually agreed-upon operating statement and balance sheet projections for the Alexian System for each such fiscal year including targeted projections for operating EBITDA margin, net change in working capital and days cash on hand for delivery at Closing (collectively, the "**Financial Metrics**"); provided however, should the Alexian System fail to meet the Financial Metrics in any given quarter during fiscal year 2012 and fiscal year 2013 and is unable to reasonably demonstrate to the Chief Operating Officer of Ascension Health ("**COO**") that the Alexian System will be able to meet the Financial Metrics, on a year to date basis, in the next succeeding quarter, and unless otherwise waived in writing by the COO, ABHS shall submit to the COO for approval, a plan to adjust its capital spend such that the Financial Metrics can reasonably be expected to be met in the next succeeding quarter. During fiscal year 2012 and fiscal year 2013, provided that the Alexian System is meeting or exceeding the target projections for the Financial Metrics as set forth in the mutually agreed-upon operating statement and balance sheet projections, ABHS may make the capital expenditures as provided in the mutually agreed-upon capital plans and budgets without further approval from Ascension.

6.3 Alexian Brothers Services. Following the Closing Date, so long as the ABHS Entities are part of the Alexian System, Ascension and/or ABHS, as applicable to the particular

service(s), shall, or shall cause the ABHS Entities to, provide or continue to provide health care services to the Alexian Brothers, including, without limitation, all such services provided within the Alexian System (e.g., hospital inpatient and outpatient services, pharmacy, skilled nursing, physician care by employed physicians) at the lesser of (i) the most favorable rates offered to any third party payor or (ii) cost. ABHS and/or Ascension as applicable to the particular service(s) shall also, at the election of the Alexian Brothers, provide or cause to provide, or continue or cause to continue, those arrangements set forth on Exhibit B attached hereto. Ascension shall not prohibit or hinder the provision of any services contemplated in this Section 6.3.

ARTICLE VII

7.1 Medical Staff. The Closing shall not affect or change: (a) the medical staff privileges held by members of the medical staffs of the Facilities on the Closing Date; (b) the medical staff bylaws, rules and regulations, or credentialing procedures of the Facilities in effect on the Closing Date; or (c) any agreements with members of the medical staffs, whether the physicians be employed or contracted. The consummation of the transactions contemplated herein shall not result in a need for any reapplications of current members of medical staffs of the Facilities. Services available or provided to the medical staffs of the Facilities as of the Closing Date (e.g., in-house pagers, management service organization services, inclusion in website materials of ABHS, physician integration-based services and such other services as are compliant with all applicable rules and regulations including, but not limited to, 42 U.S.C. §1395nn) shall not be affected or changed by ABHS by reason of the Affiliation.

Following the Closing Date, bequests, gifts and endowments of the ABHS Entities, including the Foundation, that are restricted as to use or manner of investment shall continue to be so restricted, and ABA, ABHS and Ascension shall honor donative intent with respect thereto. The operation of the Foundation shall not be changed or affected by the Affiliation and all grants or funds received at any time by an ABHS Entity, including the Foundation, and restricted by the donor to use at such entity, shall belong to or be the property of such ABHS Entity. Notwithstanding the foregoing, at least thirty (30) days in advance of the Closing Date, ABHS shall provide to Ascension a list of all temporary and permanent donor restricted funds held by ABHS Entities, and Ascension shall identify any temporary donor restricted funds or any permanent restricted funds which Ascension has reasonably determined to be inconsistent with the Affiliation contemplated herein (the "**Excluded Restricted Funds**"). ABHS shall use commercially reasonable efforts to have the Excluded Restricted Funds transferred from the ABHS Entity to another entity, or take such other actions as shall result in the Excluded Restricted Funds not being among the assets of the ABHS Entities as of the Closing Date. Following the Closing Date, any donations received by an ABHS Entity intended by the donor for receipt by ABA or the Alexian Brothers shall be forwarded accordingly.

7.3 Indigent and Charity Care. To be effective on the Effective Date, ABHS's charity care and community benefit policies shall be revised as necessary to be consistent with Ascension's policies and procedures regarding charity care and community benefit, attached hereto as Exhibit C, provided that the Ascension policies for the hospital Facilities are not more

7.4 Continuation of Services; Access to Services. For a period of at least three (3) years following the Closing Date, Ascension, through ABHS, will maintain ownership and control of the hospital Facilities. For a period of at least two (2) years after the Closing Date, the admissions policies of the hospital Facilities will not become more restrictive than the policies in effect at the hospital Facilities during the year prior to the Closing Date.

7.5 Continuation of Facilities and Use of Name. Except as may be otherwise approved by the ABHS Board of Governors, including the Chairman, for a period of five (5) years following the Closing Date, ABHS shall: (i) operate the Facilities in accordance with the ISOFP process and under their current names and in accordance with the ABHS vision statement, mission statement and values; and (ii) use all outward indicia of same currently in use, including, but not limited to the Alexian name, logo and crest, in operation of the Facilities and the Related Businesses, such as in marketing materials, signage, letterhead, business cards. Ascension shall not prohibit or hinder ABHS from fulfilling such obligations.

7.6 Physician Contracts and Medical Staff Development Plan. All physician contracts with the ABHS Entities shall continue under the terms and conditions applicable as of the Closing Date. As of Closing, the ABHS Entities shall continue to follow the medical staff development plan currently in place for ABHS.

7.7 Healthcare Education and Community Service. The Closing shall not impact the healthcare education and other community services currently offered at or by the Facilities.

7.8 Healthcare Quality Indicators. After the Closing Date, ABHS shall adopt and implement healthcare quality indicators as used within the Ascension System, in addition to any other healthcare quality indicators that ABHS may determine to adopt and implement.

In the event that ABHS and/or Ascension enters into an agreement with any for-profit entity for a sale of assets which includes any assets of the Facilities and/or Related Businesses at any time in the future, as may be permitted under this Agreement, all religious icons, statues, crosses and related religious materials held by the converted Facilities and Related Businesses shall be returned to the Alexian Brothers.

7.10 Information Technology. Subject to a written "IT Transition Plan" to be agreed upon between ABHS and Ascension, Ascension shall implement, on a timely basis, information technologies for the ABHS Entities and Facilities as such technologies are currently available,

and in the future become available, on the same basis as other Health Ministries consistent with the ISOFP process.

7.11 Catholic Identity. On and after the Effective Date, the ABHS Entities and Facilities shall continue to be operated as Catholic organizations consistent with the Directives, unless otherwise determined by Ascension Health Ministries. After Closing, ABHS or Ascension shall submit to the Official Catholic Directory applicable change of information for the ABHS Entities as may be necessary for such organizations to be listed as under the sponsorship of Ascension Health Ministries as of the Effective Date, unless otherwise determined by Ascension Health Ministries.

7.12 Permanence of Affiliation. ABA, ABHS and Ascension acknowledge that at Closing, the Alexian Brothers shall become a New Participating Entity in Ascension Health Ministries and that until such time that the Alexian Brothers alienates to Ascension Health Ministries, the consent of the Alexian Brothers is required under the Ascension Health System Authority Matrix before any sale, transfer or substantial change in use of all or substantially all of the assets of ABHS or any ABHS Entities or Facilities that are Credit Group Members, or the divestiture, dissolution, closure, merger, consolidation, change in corporate membership or ownership, or corporate reorganization of ABHS or any ABHS Entities or Facilities that are Credit Group Members. Notwithstanding the forgoing, nothing contained herein or in this Agreement shall be interpreted to prohibit the delivery of any services provided by the ABHS Entities or Facilities in alternative operating models, structures, divisions or groupings within Ascension Health, as approved by ABHS.

7.13 Continued Development of ABHS Health Ministry. For a period of five (5) years following the Closing, any and all expansion of Ascension or the Alexian System in the State of Illinois (or such larger territory as Ascension and ABHS may agree) shall be accomplished through ABHS, with additional facilities/entities joining Ascension through the Alexian System as part of the Alexian Health Ministry; provided, however, that with respect to any additional facilities/entities more geographically proximate to other Ascension Health Ministries, ABHS may agree to have such facilities/entities join the Ascension System through such other Health Ministry.

ABHS is not aware of any change in the organization or operation of ABHS, or any Tax-Exempt ABHS Entity which would result in a loss of any of such entity's status as an organization described in Section 501(c)(3) of the Code, which could cause such entity to be treated as a "private foundation" within the meaning of Section 509(a) of the Code or which could cause the facilities in which exempt operations are conducted to become other than fully exempt from property taxation.

8.3 Corporate Authorization; Capitalization of Edessa.

(a) Each of ABHS and ABA has the full corporate power and authority to enter into and to perform its obligations under this Agreement.

(b) The execution, delivery and performance of this Agreement by each of ABHS and ABA has been duly and properly authorized by proper corporate action in accordance with applicable laws and its articles of incorporation and bylaws.

(d) The authorized share capital of Edessa consists of 120,000 shares, One Dollar (\$1.00) par value, all of which are issued and outstanding. 8.4 No Violation; Approvals.

(a) Except as may otherwise be disclosed in writing between the Parties prior to Closing, the execution, delivery and performance of this Agreement shall not result in the creation of any lien, charge, or encumbrance of any kind or the termination or acceleration of any indebtedness or other obligation of any ABHS Entity, and is not prohibited by, does not violate or conflict with any provision of, and does not constitute a default under or breach of any Material Contract, indenture, mortgage, material permit or license, or governmental approval to which any ABHS Entity or ABA is a party or is subject or by which any such entity is bound, or any Applicable Law.

(b) Except as may otherwise be disclosed in writing between the Parties prior to Closing, no approval, authorization, registration, consent, order, filing or other action that has not occurred or been obtained with or from any Person, including any court,

administrative agency or other governmental authority, is required for the execution and delivery of this Agreement by ABHS or ABA, or the consummation by ABHS or ABA of the transactions contemplated or required hereby.

8.5 Financial Statements.

(a) ABHS has delivered to Ascension true and correct copies of the audited financial statements of ABHS for the two (2) years ended December 31, 2010 and 2009 and the unaudited financial statements of the ABHS Entities (individually to the extent available) for the interim period from December 31, 2010 through the most recent month-end date for which financial statements were available prior to the Closing Date (such unaudited interim financial statements and audited financial statements collectively, the "ABHS Financial Statements").

(b) The ABHS Financial Statements are complete and present fairly in all material respects the financial position of the ABHS Entities and the results of their operations, changes in net assets and cash flows at the dates and for the periods indicated, in conformity with GAAP, applied consistently for the periods specified, including the consistent use of assumptions, practices, procedures and terminology, except as may otherwise be disclosed in writing between the Parties prior to Closing.

- (i) establish reserves on any patient and notes receivables;
- (ii) establish estimates of any third-party settlements; and
- (iii) determine the value of any other accounts which require subjective determinations.

8.7 Legal Proceedings. Except as may otherwise be disclosed in writing between the Parties prior to Closing, neither any ABHS Entity nor ABA is a defendant in, or to ABHS's or ABA's Knowledge, is threatened with any action, suit, proceeding, complaint, charge, hearing, investigation or arbitration or other method of settling disputes or disagreements which could reasonably be expected to materially and adversely affect its business or financial condition or the ability of any of such entity to perform hereunder. Except as may otherwise be disclosed in writing between the Parties prior to Closing, neither any ABHS Entity nor ABA has received any written notice of any investigation, threatened or contemplated, by any federal, state or local governmental or regulatory agency, including those involving its business practices and policies, which could, in the aggregate, reasonably be expected to result in a Material Adverse Change in the ABHS Entities or ABA.

To its Knowledge, ABHS has not omitted any material information in its respective responses to Ascension's requests as of the Effective Date, or as of the Closing Date, as applicable. ABHS has not received and not disclosed any material information which would render untrue or misleading as of the Closing Date any information previously disclosed to Ascension during its due diligence review.

8.10 Violations of Law. To ABHS's Knowledge, no material violations of any Applicable Laws, including all Health Care Laws and Environmental, Health and Safety Laws exist with respect to the operations of any of the ABHS Entities which could reasonably be expected to result in a Material Adverse Change in the business or operations of ABHS.

8.11 Owned Real Property.

Each of Ascension and ABA shall be responsible for its own costs and expenses (including reasonable attorneys' fees) incurred in any action taken by ABA to enforce such commitments and covenants under this Agreement, except to the extent a mediator or arbitrator (as the case may be) determines that Ascension did not act in good faith in failing to meet the commitment or covenant at issue once brought to its attention by ABA, in which case Ascension shall reimburse all documented ABA costs and expenses (including reasonable attorneys' fees). Nothing in this Article XV shall be construed to limit or preclude any right that ABHS may have to enforce any provision of this Agreement as a Party hereto.

ARTICLE XVI

TERMINATION

16.1 Termination Upon Certain Events. Any Party may, at or prior to the time set for Closing, terminate this Agreement under any one of the following circumstances:

(b) **Material Adverse Change in Ascension.** ABHS may terminate this Agreement at any time prior to the Effective Date by at least thirty (30) days' advance written notice to Ascension, if ABHS determines in good faith that a Material Adverse Change has occurred with respect to Ascension's business or financial operations such that it appears likely that Ascension would be unable to meet its commitments under this Agreement;

(c) **Material Adverse Change in ABHS.** Ascension may terminate this Agreement at any time prior to the Effective Date by at least thirty (30) days' advance written notice to ABHS, if Ascension determines in good faith that a Material Adverse Change has occurred with respect to the business or financial operations of the ABHS System;

(d) **Due Diligence.** Either ABHS or Ascension may terminate this Agreement at any time prior to Closing by written notice to the other if it determines in good faith that the results of its due diligence investigation of the other are not satisfactory; or

(e) **Closing Date Deadline.** Either ABHS or Ascension may terminate this Agreement by written notice to the other if the Closing has not occurred on or before July 1, 2012, provided, however, that if Closing is delayed due to the delay of approval of the COE Application(s), or in connection with Ascension's and ABHS's notice filing under the Hart-Scott-Rodino Act, no such termination may be made unless the Closing has not occurred by December 31, 2012.

16.2 Effect of Termination. If there has been a termination under Section 16.1, this Agreement shall be deemed terminated, and all further obligations of the Parties hereunder shall terminate, except those obligations specifically identified in this Agreement as surviving termination. Any agreement entered into pursuant to this Agreement shall terminate in accordance with the terms thereof. Any termination under Section 16.1 shall be without liability to the Parties, except for fraudulent acts by a Party, the remedies for which shall not be limited by this Agreement.

ARTICLE XVII

DISPUTE RESOLUTION

The Parties acknowledge that, after the Closing, disputes may arise between them regarding their respective rights, responsibilities, obligations and liabilities under this Agreement and in any document delivered at the Closing. Except as otherwise expressly set forth in this Agreement, ABHS, ABA and Ascension shall resolve any disputes confidentially and exclusively in accordance with the process set forth in this Article XVII.

17.1 Dispute Resolution Procedures.

(a) **Dispute Notice.** If a dispute arises between the Parties with respect to the interpretation of this Agreement or either of the Party's respective rights and obligations hereunder, either Party may send a notice to the other specifying in detail the nature of the dispute (a "Dispute Notice").

(b) **Initial Meeting; Selection of Dispute Resolution Procedures.** Not later than ten (10) days after either Party sends a Dispute Notice, the Executive Vice President of ABHS or his or her designee and the President and Chief Executive Officer of Ascension or his or her designee shall meet and, within ten (10) days thereafter, either: (i) select a mutually-acceptable process to resolve the issue in dispute; or (ii) at the request of either, jointly appoint a mediator.

(c) **Implementation of Alternate Dispute Resolution Process.** If such executives agree upon a process other than mediation to resolve the dispute, the Parties shall implement and follow the agreed process.

(d) **Inability to Agree Upon a Mediator.** If they cannot agree upon a process other than mediation to resolve the dispute, and also cannot agree upon a mediator within ten (10) days following the meeting described in Section 17.1(b), then each shall appoint a mediator acceptable to such executive within the following ten (10) days, and the two mediators shall jointly appoint, within ten (10) days after the date on which the second mediator is appointed, a third mediator who, together with the other two mediators, shall mediate the issue in dispute. The mediators shall conduct the mediation in accordance with the American Health Lawyers Association Alternative Dispute Resolution Service Rules of Procedure for Mediation or such other nationally-recognized mediation program as may be agreed upon by the Parties.

(e) **Good Faith Efforts to Resolve Dispute.** The Parties shall engage in a good faith effort to resolve the issue in dispute following their joint adoption of dispute resolution procedures, or the appointment of one or more mediators, within a thirty (30) day period following delivery of the Dispute Notice.

(f) **Costs and Expenses.** The Parties shall share equally the fees and expenses of the mediator(s) and such other costs and expenses as they shall mutually agree upon.

(g) **Inability to Resolve Dispute.** If the Parties are unable to resolve the dispute within sixty (60) days following delivery of the Dispute Notice, the Parties shall submit the dispute to binding arbitration.

17.2 Arbitration. Arbitration shall take place in Chicago, Illinois and be governed by the rules and procedures of the American Health Lawyers Association Alternative Dispute Resolution Service Rules of Procedure for Arbitration or such other nationally-recognized arbitration program as may be agreed upon by the Parties. Judgment on the award rendered by the arbitrator may be entered in any court having competent jurisdiction thereof.

(a) **Selection of Arbitrator.** Within ten (10) days of the initiation of the arbitration process, the Parties shall jointly select an arbitrator experienced in the arbitration of non-profit healthcare provider affiliations or change of control transactions. If the Parties cannot agree upon an arbitrator within such ten (10) day period, either Party may deliver to the other Party the names of at least three (3) reputable individuals with the requisite experience and who have no affiliation with either Party. If the Parties so agree, one of such named individuals shall serve as the arbitrator of the dispute. If the Parties cannot so agree, each shall select one arbitrator from a panel of seven (7) to twelve (12) individuals suggested by the American Health Lawyers Association (or other similar organization agreed to by the Parties) and the two arbitrators shall jointly appoint, within ten (10) days after the date on which the second arbitrator is appointed, a third arbitrator who, together with the other two arbitrators, shall arbitrate the issue in dispute.

(b) **Arbitration Procedures.** Upon commencement of arbitration, each of the Parties shall be entitled to conduct discovery in accordance with the Illinois Rules of Civil Procedure applicable to the dispute. The decision of the arbitrator(s) concerning the dispute shall be stated in writing, and shall be binding upon the Parties.

(c) **Costs and Expenses.** The Parties shall share equally the fees and expenses of the arbitrator(s) and such other costs and expenses as they shall mutually agree upon.

17.3 Equitable Relief. ABHS and Ascension hereby acknowledge that the breach or threatened breach of this Agreement would cause it to suffer immediate and irreparable harm which could not be wholly remedied through the payment of monetary damages. Consequently, without regard to the dispute resolution process described in Sections 17.1 and 17.2, each Party shall have the right to seek specific performance and/or preliminary or permanent injunctive or other equitable relief (either pending or following a trial on the merits) to restrain a breach or threatened breach of this Agreement by the other Party or to enforce the covenants contained in this Agreement, in each case without the need to post bond or other security. Such remedies shall be in addition to, and not in lieu of, any other remedies that may be available at law or in equity.

17.4 Attorneys' Fees and Costs. In any actions between the Parties brought before a court, the substantially non-prevailing party shall bear the other Party's attorneys' fees and court costs (including, without limitation, costs of appeal). For the sake of clarity, this provision shall not apply to disputes which are resolved by the Parties outside of court through the processes and procedures described in Section 17.1 and Section 17.2.

ARTICLE XVIII

SYSTEM POLICY #: 9

SUBJECT: Care of Persons Living in Poverty and
Other Vulnerable Persons

BOARD APPROVAL DATE: 09/06/00

EFFECTIVE DATE: 09/06/00

REVISION DATE: 03/12/03

12/08/10

President/CEO, Ascension Health

POLICY

In accordance with Catholic Social Tradition, it is the policy of Ascension Health that each Health Ministry, providing services in an inpatient, outpatient, clinic, ambulatory setting or physician practice, guided by the Mission, Vision, Values, and Philosophy of the System, will plan for care of persons living in poverty and other vulnerable persons and for community benefit and will report annually on this plan.

PRINCIPLES

1. The principle of the common good obliges government, church and civic communities to address the needs and advocate for those who lack resources for a reasonable quality of life. Ascension Health desires to express commitment to this principle through a unified system of planning and accountability.
2. Health Ministries will collaborate in assessing the needs and resources of individuals and communities they serve and will establish substantive goals directed toward those needs in the context of their integrated strategic, operational and financial planning.
3. Health Ministries will account annually to appropriate constituencies for progress toward achievement of these goals.
4. Annually Ascension Health will produce an aggregate report highlighting the best practices and innovative programs in the System.

APPLICABILITY TO AFFILIATES

It is expected that all organizations with which Ascension Health Ministries are affiliated will adopt a policy that is consistent with and supportive of this System policy. Such organizations also will be expected to comply with System reporting requirements regarding care of persons living in poverty and other vulnerable persons and community benefits.

SYSTEM PROCEDURES

Guidelines and Procedures for planning and reporting on Care of Persons Living in Poverty and Other Vulnerable Persons and Community Benefit and unreimbursed care can be found in the System Procedure #M-1 and M-2.

PROCEDURE # M-2

SUBJECT: Cost of Bad Debt Attributable to Charity Care

EFFECTIVE DATE: September 2009

A handwritten signature in black ink, appearing to read 'Rolf J. Hull'.

Chief Operating Officer

REFERENCE TO SYSTEM POLICIES:

Policy No. 9 **Care of Persons Living in Poverty and Other Vulnerable Persons and Community Benefit**

Policy No. 16 **Billing and Collection for the Uninsured**

Subject

In accord with the Catholic Social Tradition, this procedure sets forth the requirement that each Health Ministry have an effective Policy for Care of Persons Living in Poverty and Other Vulnerable Persons. The Policy will include establishing a process to develop annual goals for the Care of Persons Living in Poverty and Other Vulnerable Persons /and Community Benefit and to report progress towards those goals. All activities related to Care of Persons Living in Poverty and Other Vulnerable Persons will reflect our commitment to and reverence for individual human dignity and the common good, our special concern for and solidarity with persons who live in poverty and other vulnerable persons, and our commitment to distributive justice and stewardship. Each Health Ministry must ensure that its employees and agents behave in a manner that reflects the policies and values of a Catholic-sponsored facility, including treating patients and their families with dignity, respect and compassion.

Rationale

Care of Persons Living in Poverty and Other Vulnerable Persons / Community Benefit planning and goals are incorporated into the existing Integrated Strategic, Operational and Financial Planning process. Progress towards established goals will be reported upon annually. Procedure M-1 Care of Persons Living in Poverty and Other Vulnerable Persons / Community Benefit Goal Planning & Reporting establishes specific processes for measuring and reporting Categories I through V cost of providing care to persons living in poverty and other vulnerable persons. This procedure provides guidelines to assist Health Ministries:

- a. establish goals for the cost of bad debt attributable to charity care within the framework of the Integrated Strategic, Operational and Financial Planning process and report progress towards those goals, and
- b. report costs for Category V associated with allowable care of persons living in poverty and other vulnerable persons / community benefit programs and services.

Procedure

1. **Guidelines for Category V.** The following should serve as guidelines for reporting Category V – Cost of Bad Debt attributable to Charity Care.

Bad debt cost of services can be calculated for certain bad debt write-offs. This acknowledges that there are charity care patients that may not be identified initially as eligible for charity care. The following considerations apply in determining the cost of bad debt for services provided to charity care patients include:

- a. *Cost of bad debt related to care provided to uninsured persons, i.e. (excluding the portion related to coinsurance and deductibles)* Patients who have a coinsurance payment or deductible are assumed to have insurance.
- b. *Based upon the economic environment of each Health Ministry, appropriate approaches may be utilized to identify those uninsured patients who are considered to be living in poverty, but for whom the written charity care application paperwork has not been completed. As an example, identify the zip code average income that constitutes "poor" and count all bad debts from those zip codes, excluding the portion related to coinsurance and deductibles.*
It is recognized that while this methodology may count patients with the ability to pay who reside in these zip codes, the methodology also excludes patients from other zip codes that may not be able to pay.

PROCEDURE # M-1

**SUBJECT: Care of the Poor / Community Benefit
Goal Planning & Reporting**

EFFECTIVE DATE: July 01, 2004
REVISED DATE: April 23, 2007

A handwritten signature in black ink, appearing to read 'Robt J. Hall', written over a horizontal line.

Chief Operating Officer, Ascension Health

REFERENCE TO SYSTEM POLICIES:

<u>Policy No. 9</u>	<u>Care of Persons Who are Poor and Community Benefit</u>
<u>Policy No. 16</u>	<u>Billing and Collection for the Uninsured</u>

Subject

This procedure sets forth the requirement that each Health Ministry have an effective Care of the Poor Policy, and establishes a process to develop annual Care of Persons Who are Poor / Community Benefit goals and to report progress towards those goals. All activities related to Care of the Poor will reflect our commitment to and reverence for individual human dignity and the common good, our special concern for and solidarity with poor and vulnerable persons, and our commitment to distributive justice and stewardship. Each Health Ministry must ensure that its employees and agents behave in a manner that reflects the policies and values of a Catholic-sponsored facility, including treating patients and their families with dignity, respect and compassion.

Rationale

Care of Persons Who are Poor / Community Benefit planning and goals are incorporated into the existing Integrated Strategic and Financial Planning process. Progress towards established goals will be reported upon annually. This procedure provides guidelines to assist Health Ministries:

- a. establish care of persons who are poor / community benefit goals within the framework of the Integrated Strategic and Financial Planning process and report progress towards those goals.
- b. report costs for Categories I through V associated with allowable care of persons who are poor / community benefit programs and services.

Procedure

Charity Care (Minimum Standards)

1. At a minimum, patients with income less than or equal to 200% of the Federal Poverty Level ("FPL"), which may be adjusted by the Health Ministry for cost of living utilizing the local wage index compared to national wage index, will be eligible for 100% charity care write off of the charges for services that have been provided to them in accordance with Ascension Health Policy #9.
2. At a minimum, patients with incomes above 200% of the FPL but not exceeding 300% of the FPL, subject to inflationary adjustments as described in number 1 (above) will receive a discount on the services provided to them based on a sliding scale. The sliding scale will be determined by each Health Ministry and/or Health Ministry in accordance with guidelines established in Policy #9.
3. Under special circumstances judgment may be used to determine charity eligibility where the patient has access to significant cash or liquid asset balances.
4. Eligibility for charity care may be determined at any point in the revenue cycle.
5. Individual Health Ministries may employ percentages of the FPL limits that exceed these minimum standards.
6. In some smaller communities, the average community wage may be less than 200% of the Federal Poverty Limits. Providing 100% write-off at this level may result in employers in the community no longer providing insurance benefits. Because Ascension Health believes in providing access to all people, policy should not be introduced that could result in less insurance coverage for a community. As a result, a health ministry may reduce the 200% of federal poverty limit minimum to 100% if any one of the following can be demonstrated and the Local Board of Trustees has approved the exception:
 - i. A financial means test is applied to determine patient affordability for those with incomes between 100% and 200% of Federal Poverty Limits. (Guidelines for financial means testing is included in Policy 16)
 - ii. The community wage average is less than 200% of Federal Poverty Limits
 - iii. The average cost-to-charge ratio for the provider's services is more than 50%

Financial Assistance (Also see Policy #16 – Billing and Collection for the Uninsured)

Each Health Ministry should have a methodology to determine qualifying incomes and/or assets available to satisfy the patient's obligation to the Health Ministry.

1. All eligible patients and the families are advised of the Health Ministry's applicable policies,

including the charity care policy and the availability of need-based financial assistance in easily understood terms, as well as in language commonly used by patients in the community.

2. The financial assistance policy must address a patient's eligible income and assets.
3. The policy may allow the determination to be made on a case-by-case basis, but in this circumstance, a review panel must be formed to ensure a patient has the right to appeal a decision.
4. Requiring a patient to apply for public financial assistance programs is permissible.

For further guidance, reference Sections 4 and 6 of Policy #16 – Billing and Collection for the Uninsured.

Other Requirements and Exceptions (Also see Policy #16 – Billing and Collection for the Uninsured)

1. Health Ministries may require the uninsured to work with a financial counselor and apply for Medicaid or other public assistance programs to qualify for charity.
2. Other programs that allow for "packaging" payment programs are acceptable. For example, many Health Ministries package prenatal care and delivery charges into a "package" price for the uninsured. This is encouraged and will continue.
3. A nominal charge may be charged to patients qualifying for charity. The participation of individuals in the financial obligation of their health care is recommended by those who work with persons who are poor since it respects their dignity as well as their sense of responsibility.
4. Where a Health Ministry's Medicaid payor mix is equal to or greater than 45%, expected discounts for uninsured patients with the means to pay can be limited to payment equal to cost.
5. Large deductible or coinsurance balances should be considered when determining qualification for charity, financial assistance or applicable discount, regardless of patient's insured status.

Planning

1. As part of the annual Integrated Strategic and Financial Planning process, establish substantial, measurable and meaningful Care of Persons Who are Poor / Community Benefit goals. These goals should include:
 - a. An Ascension Health access goal, where applicable
 - b. Three (3) to five (5) local Care of Persons Who are Poor / Community Benefit goals developed in response to a local community needs assessment

2. Goal Setting.

- a. A goal may span more than one year and, therefore, may be included in several years' plans. However, once the program/service/activity is functional and part of the on-going operations, a new goal(s) will be established.
 - b. A Health Ministry may choose to include as a goal the continuation of a service that is at risk due to its operating at a loss, if this represents a clear decision for the sake of the mission impact of that service. In such a case, the goal will include ways to sustain the service. Once stabilized, it opens the opportunity for establishing a new goal.
3. The CEO and Local Board determine which of these goals will be attached to the local executive incentive.
4. The Integrated Strategic and Financial Plan budget for Care of Persons Who are Poor / Community Benefit should include budget dollars for Categories I through V (defined in the *Reporting* section) for the upcoming fiscal year as well as projected budget dollars for each Category. The projected budget dollars should, at a minimum, contribute on an on-going basis to the system's targeted benchmark that will be established in FY06 and updated in each subsequent fiscal year.

Reporting

1. Dollar values should be reported on an annual basis for each of the following five categories:
 - a. Category I -- Charity Care (free care or reduced fee/sliding scale care for persons who qualify for financial assistance).
 - b. Category II -- Unreimbursed cost of care provided to patients enrolled in public programs.
 - c. Category III -- Community benefit programs and services targeted to persons who are poor
 - d. Category IV -- Community benefit programs and services targeted to the general community
 - e. Category V -- Bad debt costs attributable to Charity Care.
2. Guidelines for Category I. The following should serve as guidelines for reporting Category I -- Charity Care. (Also see Policy on Billing and Collections for the Uninsured)
 - a. Charity care dollars should be an estimate of the cost to provide services to patients who qualify for charity care.
 - b. Charity care should include the cost of services provided to charity care patients in all settings (acute and non-acute settings such as ambulatory surgery centers, etc.)

3. Guidelines for Category II. The following should serve as guidelines for reporting Category II – Unreimbursed cost of care provided to patients enrolled in public programs.

- a. Medicare losses/shortfalls should not be reported. This is consistent with standards set by the CHA community benefit network and used by other Catholic systems.
- b. Losses/shortfalls from all Medicaid sources, including Medicaid managed care products, should be included.
- c. Medicaid disproportionate share (DSH) payments should be considered Medicaid payment/income.
- d. Prior year settlements from Medicaid programs (including Medicaid DSH) should be considered as an offset to the cost of care provided and, accordingly, increase or decrease the shortfall reported.

4. Guidelines for Category III Programs and Services. The following should serve as guidelines for identifying appropriate programs, services, and/or wellness activities/events to be included in Category III – Community benefit programs and services targeted to the poor. (See Reference 1 in A Guide for Planning and Reporting Community Benefit – Pages 109 -127; Catholic Health Association.)

- a. The program/service/activity/event must respond to the needs of special populations; for example, the frail elderly, poor persons with disabilities, the chronically mentally ill, persons with AIDS, or those who find it hard to meet basic needs due to on-going poverty.
- b. The program/service/activity/event should be quantifiable in terms of dollars and should not be included in Category I or II.
- c. The program/service/activity/event should generate a low or negative margin.
- d. The program/service/activity/event may be financed by philanthropic contributions, volunteer efforts, and endowment, grants, shortfalls, etc.
- e. The program/service/activity/event would probably be discontinued or not offered if the decision were made on a purely financial basis. The decision to continue is primarily motivated by a mission commitment versus a marketing interest.
- f. The program/service/activity/event would no longer be available, or would be insufficiently available in the community, or would be the responsibility of the government if not provided by the healthcare organization.

5. Guidelines for Category IV Programs and Services. The following should serve as guidelines for identifying appropriate programs, services and/or wellness activities/events to be included in Category IV – Community benefit programs and services targeted to the general community. (See Reference 1 in A Guide for Planning and Reporting Community Benefit – Pages 109 -127; Catholic Health Association.)

- a. The program/service/activity/event should be quantifiable in terms of dollars.
- b. The program/service/activity/event should generate a low or negative margin.
- c. The program/service/activity/event may be financed by philanthropic contributions, volunteer efforts, and endowment, grants, shortfalls, unrestricted donations and/or board designated donations, etc.

- d. The program/service/activity/event provides a response to a unique or particular health problem in the community or is directed to promoting the wellness of the population in a holistic manner.
- e. The program/service/activity/event would probably be discontinued or not offered if the decision were made on a purely financial basis. The decision to continue generally represents a mission commitment versus a business decision.

For health ministries whose broader community is predominately those persons who are poor and vulnerable, program/services/activities/events targeted towards the broader community should be recorded in Category III.

6. Reporting Costs for Categories III and IV Programs and Services. The following should serve as guidelines for reporting costs for programs, services, activities or events appropriate to be included in Category III – Community benefit programs and services targeted to the poor and Category IV – Community benefit programs and services targeted to the general community.

- a. Report cost less any reimbursement received.
- b. All unrestricted donations and/or board designated donations for Category III or IV programs/services/activities/events should be reported as a community benefit.
- c. Medical Education programs should be reported as a community benefit.
 - i. Medicare Graduate Medical Education (GME) payments should offset costs.
 - ii. Medicare Indirect Medical Education (IME) payments should not be offset against the direct cost of medical education programs.
- d. Volunteering may be reported.
 - i. Include employee reported volunteer time for Health Ministry supported activities such as:
 - Employee time volunteered to assist in health screenings performed after hours
 - Replacement cost for employees performing management approved volunteer activities
 - Staff volunteer time (with supervisor approval) spent conducting organizational sponsored events
 - Board representation on management approved organizations

7. Guidelines for Category V. The following should serve as guidelines for reporting Category V – Cost of Bad Debt attributable to Charity Care.

Bad debt cost of services can be calculated for certain bad debt write-offs. This acknowledges that there are charity care patients that may not be identified initially as eligible for charity care. Two possible formulae for determining the cost of bad debt for services provided to charity care patients include:

- a. *Cost of bad debt excluding the portion related to coinsurance and deductibles.* Patients who have a coinsurance payment or deductible are assumed to have insurance.

- b. *Identify the zip code average income that constitutes "poor" and count all bad debts from those zip codes, excluding the portion related to coinsurance and deductibles.*

It is recognized that while this methodology may count patients with the ability to pay who reside in these zip codes, the methodology also excludes patients from other zip codes that may not be able to pay.

8. Beginning with the Care of Persons Who are Poor / Community Benefit report due for FY05 and beyond, provide a narrative for each Care of Persons Who are Poor / Community Benefit goal identified in the Integrated Strategic and Financial Plan and describe progress towards achievement for each goal, including to the extent possible baseline measures of success being established, outcomes achieved, program impact, etc.
9. Care of Persons Who are Poor / Community Benefit goals are part of the Integrated Strategic and Financial Plan. Therefore, reporting for Goals is due consistent with the Integrated Strategic and Financial Plan timeline.
