ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD
APPLICATION FOR PERMIT

MAR 02 2012

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

HEALTH FACILITIES &
SERVICES REVIEW BOARD

This Section must be completed for all projects.

Facility/Project Identification

12-019

Facility Name:	Elmhurst Memorial Hospital
Street Address:	155 E. Brush Hill Road
City and Zip Code:	Elmhurst, IL 60126
County:	DuPage
Health Service Area	VII
Health Planning Area:	A-05

Applicant /Co-Applicant Identification

[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name:	Elmhurst Memorial Hospital
Address:	155 E. Brush Hill Road -and- 200 Berteau Avenue Elmhurst, IL 60126
Name of Registered Agent:	Mary Bartz Dano
Name of Chief Executive Officer:	W. Peter Daniels
CEO Address:	155 East Brush Hill Road Elmhurst, IL 60126
Telephone Number:	331/221-1000

Type of Ownership of Applicant/Co-Applicant

☒ Non-profit Corporation	☐ Partnership
☐ For-profit Corporation	☐ Governmental
☐ Limited Liability Company	☐ Sole Proprietorship
	☐ Other

- Corporations and limited liability companies must provide an Illinois certificate of good standing.
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

APPEND DOCUMENTATION AS ATTACHMENT-1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Primary Contact

[Person to receive all correspondence or inquiries during the review period]

Name:	Ms. Gail Warner
Title:	Vice President, Strategic Planning
Company Name:	Elmhurst Memorial Healthcare
Address:	155 East Brush Hill Road Elmhurst, IL 60126
Telephone Number:	331/221-1000
E-mail Address:	gwarner@emhc.org
Fax Number:	331/2213790

Additional Contact

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner:	Elmhurst Memorial Healthcare
Address of Site Owner:	155 East Brush Hill Road Elmhurst, IL 60126
Street Address or Legal Description of Site:	155 East Brush Hill Road Elmhurst, IL 60126
Proof of ownership or control of the site is to be provided as Attachment 2. Examples of proof of ownership are property tax statement, tax assessor's documentation, deed, notarized statement of the corporation attesting to ownership, an option to lease, a letter of intent to lease or a lease.	
APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Elmhurst Memorial Hospital	
Address: 155 E. Brush Hill Road -and- 200 Berteau Avenue Elmhurst, IL 60126	
☒ Non-profit Corporation	☐ Partnership
☐ For-profit Corporation	☐ Governmental
☐ Limited Liability Company	☐ Sole Proprietorship ☐ Other
- Corporations and limited liability companies must provide an Illinois Certificate of Good Standing. - Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner. - Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.	
APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.
--

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at www.FEMA.gov or www.illinoisfloodmaps.org. This map must be in a readable format. In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (<http://www.hfsrb.illinois.gov>).

APPEND DOCUMENTATION AS ATTACHMENT -5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT

1. Project Classification

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification: ☒ Substantive ☐ Non-substantive	Part 1120 Applicability or Classification: [Check one only.] ☐ Part 1120 Not Applicable Category A Project ☒ Category B Project ☐ DHS or DVA Project
---	--

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does **NOT** have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

The applicants propose to relocate the oncology-related programs located on their Berteau Avenue campus* and in a building in Lombard to a cancer center to be located adjacent and connected to Elmhurst Memorial Hospital. The cancer center will be developed through new construction, and while the vast majority of services to be provided in the cancer center will be provided to outpatients, the center will be constructed consistent with hospital inpatient standards to allow for the occasional treatment of inpatients.

This is a substantive project because of the center's potential of treating inpatients.

* Elmhurst Memorial Hospital currently operates on two campuses, the East Brush Hill Road campus on which the cancer center will be developed, and the hospital's original campus on Berteau Avenue. The applicants have filed a Certificate of Need application for the discontinuation of the Berteau Avenue campus.

PROJECT COSTS AND SOURCES OF FUNDS

	Clinical/ Reviewable	Non-Clinical/ Non-Reviewable	Total
Project Costs:			
Preplanning Costs	\$ 189,000	\$ 84,000	\$ 273,000
Site Survey and Soil Investigation	\$ 12,758	\$ 12,242	\$ 25,000
Site Preparation	\$ 178,614	\$ 171,386	\$ 350,000
Off Site Work	\$ 369,986	\$ 355,014	\$ 725,000
New Construction Contracts	\$ 4,511,100	\$ 3,682,070	\$ 8,193,170
Modernization Contracts			
Contingencies	\$ 451,110	\$ 368,207	\$ 819,317
Architectural/Engineering Fees	\$ 212,500	\$ 203,900	\$ 416,400
Consulting and Other Fees	\$ 564,076	\$ 541,956	\$ 1,106,032
Movable and Other Equipment	\$ 2,475,728	\$ 826,049	\$ 3,301,777
FMV of Leased Equipment	\$ 3,500,000		\$ 3,500,000
Net Interest Expense During Construction			
Other Costs to be Capitalized	\$ 252,611	\$ 242,389	\$ 495,000
Acquisition of Building or Other Property			
TOTAL COSTS	\$ 12,717,483	\$ 6,487,213	\$ 19,204,696
Sources of Funds:			
Cash and Securities	\$ 9,217,483	\$ 6,487,213	\$ 15,704,696
Pledges			
Gifts and Bequests			
Bond Issues			
Mortgages			
Leases (fair market value)	\$ 3,500,000		\$ 3,500,000
Government Appropriations			
Grants			
Other Funds and Sources			
TOTAL FUNDS	\$ 12,717,483	\$ 6,487,213	\$ 19,204,696

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project ☐ Yes ☒ No
Purchase Price: \$ _____
Fair Market Value: \$ _____

The project involves the establishment of a new facility or a new category of service
☐ Yes ☒ No

If yes, provide the dollar amount of all **non-capitalized** operating start-up costs (including operating deficits) through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is \$ not applicable.

Project Status and Completion Schedules

Indicate the stage of the project's architectural drawings:

None or not applicable ☐ Preliminary
☒ Schematics ☐ Final Working

Anticipated project completion date (refer to Part 1130.140): June 30, 2014

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

- ☐ Purchase orders, leases or contracts pertaining to the project have been executed.
☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
☒ Project obligation will occur after permit issuance.

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:

- ☒ Cancer Registry
☒ APORS
☒ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
☒ All reports regarding outstanding permits
Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

Dept. / Area	Cost	Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
		Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
REVIEWABLE							
Medical Surgical							
Intensive Care							
Diagnostic Radiology							
MRI							
Total Clinical							
NON REVIEWABLE							
Administrative							
Parking							
Gift Shop							
Total Non-clinical							
TOTAL							

APPEND DOCUMENTATION AS **ATTACHMENT-9**, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Facility Bed Capacity and Utilization

Complete the following chart, as applicable. Complete a separate chart for each facility that is a part of the project and insert following this page. Provide the existing bed capacity and utilization data for the latest **Calendar Year for which the data are available**. Include observation days in the patient day totals for each bed service. Any bed capacity discrepancy from the Inventory will result in the application being deemed incomplete.

FACILITY NAME: Elmhurst Memorial Hospital		CITY: Elmhurst			
REPORTING PERIOD DATES: From: January 1, 2010 to: December 31, 2010

SECTION III – BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 – Background, Purpose of the Project, and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals as appropriate.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Agency Report.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

- 1) Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

- A) Proposing a project of greater or lesser scope and cost;
 - B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
 - D) Provide the reasons why the chosen alternative was selected.
- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**
 - 3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

UNFINISHED OR SHELL SPACE:**not applicable**

Provide the following information:

1. Total gross square footage of the proposed shell space;
2. The anticipated use of the shell space, specifying the proposed GSF to be allocated to each department, area or function;
3. Evidence that the shell space is being constructed due to
 - a. Requirements of governmental or certification agencies; or
 - b. Experienced increases in the historical occupancy or utilization of those areas proposed to occupy the shell space.
4. Provide:
 - a. Historical utilization for the area for the latest five-year period for which data are available; and
 - b. Based upon the average annual percentage increase for that period, projections of future utilization of the area through the anticipated date when the shell space will be placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.**ASSURANCES:**

Submit the following:

1. Verification that the applicant will submit to HFSRB a CON application to develop and utilize the shell space, regardless of the capital thresholds in effect at the time or the categories of service involved.
2. The estimated date by which the subsequent CON application (to develop and utilize the subject shell space) will be submitted; and
3. The anticipated date when the shell space will be completed and placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

R. Criterion 1110.3030 - Clinical Service Areas Other than Categories of Service

1. Applicants proposing to establish, expand and/or modernize Clinical Service Areas Other than Categories of Service must submit the following information:
2. Indicate changes by Service: Indicate # of key room changes by action(s):

Service	# Existing Key Rooms	# Proposed Key Rooms
☐ conventional radiation therapy*	1	1
☐ CyberKnife	1	1
☐ infusion therapy**	26	24

* an existing CT simulator will be replaced with a new unit

**10 stations are currently located on the hospital campus, 9 on the Berteau Avenue campus, and 7 in Lombard. The three sites will be consolidated in the proposed cancer center.

3. READ the applicable review criteria outlined below and **submit the required documentation for the criteria:**

PROJECT TYPE	REQUIRED REVIEW CRITERIA	
New Services or Facility or Equipment	(b) -	Need Determination - Establishment
Service Modernization	(c)(1) -	Deteriorated Facilities
		and/or
	(c)(2) -	Necessary Expansion
		PLUS
	(c)(3)(A) -	Utilization - Major Medical Equipment
		Or
	(c)(3)(B) -	Utilization - Service or Facility
APPEND DOCUMENTATION AS ATTACHMENT-37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.		

The following Sections **DO NOT** need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- Section 1120.120 Availability of Funds – Review Criteria
- Section 1120.130 Financial Viability – Review Criteria
- Section 1120.140 Economic Feasibility – Review Criteria, subsection (a)

VIII. - 1120.120 - Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: Indicate the dollar amount to be provided from the following sources:

\$15,695,379	a)	Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to:
	1)	the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and
	2)	interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	b)	Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
_____	c)	Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
_____	d)	Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including:
	1)	For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated;
	2)	For revenue bonds, proof of the feasibility of securing the specified amount and interest rate;
	3)	For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.;
	4)	For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment;
	5)	For any option to lease, a copy of the option, including all terms and conditions.
_____	e)	Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
_ \$3,500,000 _	f)	Fair Market Value of leased equipment
_____	g)	All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.
\$19,195,379	TOTAL FUNDS AVAILABLE	

APPEND DOCUMENTATION AS ATTACHMENT-39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

IX. 1120.130 - Financial Viability**NOT APPLICABLE, NO DEBT FINANCING**

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. All of the projects capital expenditures are completely funded through internal sources
2. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
3. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion. When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide Data for Projects Classified as:	Category A or Category B (last three years)			Category B (Projected)
Enter Historical and/or Projected Years:				
Current Ratio				
Net Margin Percentage				
Percent Debt to Total Capitalization				
Projected Debt Service Coverage				
Days Cash on Hand				
Cushion Ratio				

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 41, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

X. 1120.140 - Economic Feasibility

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

NOT APPLICABLE, NO DEBT

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;
- 2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE									
Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New	Circ.*	Gross Sq. Ft. Mod.	Circ.*	Const. \$ (A x C)	Mod. \$ (B x E)	
Contingency									
TOTALS									
* Include the percentage (%) of space for circulation									

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -42, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for **ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS**:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	2008	2009	2010
Inpatient	943	748	1,116
Outpatient	1,542	3,329	4,006
Total	2,485	4,077	5,122
Charity (cost in dollars)			
Inpatient	\$2,841,008	\$3,454,758	\$3,931,342
Outpatient	\$1,955,083	\$2,615,326	\$3,159,949
Total	\$4,796,091	\$6,070,084	\$7,091,291
MEDICAID			
Medicaid (# of patients)	2008	2009	2010
Inpatient	999	1,183	1,217
Outpatient	26,573	36,714	38,640
Total	27,572	37,897	39,857
Medicaid (revenue)			
Inpatient	\$6,970,493	\$7,579,913	\$8,857,501
Outpatient	\$1,957,034	\$1,871,109	\$3,245,659
Total	\$8,927,527	\$9,451,022	\$12,103,160

APPEND DOCUMENTATION AS ATTACHMENT 43, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	2008	2009	2010
Net Patient Revenue	\$285,080,892	\$306,696,734	\$296,664,159
Amount of Charity Care (charges)	\$18,681,666	\$24,238,835	\$29,588,271
Cost of Charity Care	\$4,796,091	\$6,070,084	\$7,091,291

The Zurich Edge-Healthcare

ZURICH

THIS DISCLOSURE IS ATTACHED TO AND MADE PART OF YOUR POLICY.

**DISCLOSURE OF IMPORTANT INFORMATION
RELATING TO TERRORISM RISK INSURANCE ACT**

SCHEDULE*

Premium attributable to risk of loss from certified acts of terrorism for lines of insurance subject to TRIA:

Not Applicable—Terrorism Exclusion

*Any information required to complete this Schedule, if not shown above, will be shown in the Declarations.

A. Disclosure of Premium

In accordance with the federal Terrorism Risk Insurance Act ("TRIA"), as amended, we are required to provide you with a notice disclosing the portion of your premium, if any, attributable to the risk of loss from terrorist acts certified under that Act for lines subject to TRIA. That portion of premium attributable is shown in the Schedule above. The premium shown in the Schedule above is subject to adjustment upon premium audit, if applicable.

B. Disclosure of Federal Participation in Payment of Terrorism Losses

The United States Government may pay a share of insured losses resulting from an act of terrorism. The federal share equals 85% of that portion of the amount of such insured losses that exceeds the insurer retention. The insurer retention equals 20% of the insurer's prior calendar year direct earned premium associated with lines of insurance subject to TRIA. TRIA is scheduled to expire on December 31, 2014.

C. Disclosure of \$100 Billion Cap on All Insurer and Federal Obligations

If aggregate insured losses attributable to terrorist acts certified under TRIA exceed \$100 billion in a Program Year (January 1 through December 31) and an insurer has met its deductible under the program, that insurer shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of Treasury.

D. Availability

As required by TRIA, we have made available to you for lines subject to TRIA coverage for losses resulting from acts of terrorism certified under TRIA with terms, amounts and limitations that do not differ materially from those for losses arising from events other than acts of terrorism.

E. Definition of Act of Terrorism under TRIA

TRIA defines "act of terrorism" as any act that is certified by the Secretary of the Treasury, in concurrence with the Secretary of State and the Attorney General of the United States:

1. to be an act of terrorism;
2. to be a violent act or an act that is dangerous to human life, property or infrastructure;
3. to have resulted in damage within the United States, or outside of the United States in the case of an air carrier (as defined in section 40102 of Title 49, United States Code) or a United States flag vessel (or a vessel based principally in the United States, on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States), or the premises of a United States mission; and
4. to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

No act may be certified as an act of terrorism if the act is committed as part of the course of a war declared by Congress (except for workers' compensation) or if losses resulting from the act, in the aggregate for insurance subject to TRIA, do not exceed \$5,000,000.

ZURICH

Preamble

THE STOCK INSURANCE COMPANY indicated in the Declarations, having its principal office at Zurich Towers, 1400 American Lane, Schaumburg, Illinois, 60196-1056, (hereinafter referred to as the Company) in return for the premium charged and subject to all the terms of this Policy, agrees with our Named Insured as indicated in the Declarations, to provide the insurance stated in this policy. This policy shall not be valid unless countersigned by the duly Authorized Representative of the Company.

In Witness Whereof, this Company has executed and attested these presents, and where required by law, has caused this Policy to be countersigned by its duly authorized Representative.

SECTION I - INSURING AGREEMENT

A. COVERAGE

The Company will pay for direct physical loss of or damage caused by a **Covered Cause of Loss** to **Covered Property**, at an **Insured Location** described in the Declarations. All subject to the terms, conditions and exclusions stated in this Policy.

B. POLICY PERIOD

Coverage under this Policy applies to covered loss or damage that begins during the Policy Period stated on the Declarations Page.

C. TERRITORY

Coverage under this Policy applies to all covered loss or damage that takes place in the United States of America, its territories and possessions, including the District of Columbia and the Commonwealth of Puerto Rico.

SECTION II - DECLARATIONS

A. INSURED LOCATION

1. The Coverages under this Policy apply to an **Insured Location** unless otherwise provided. An **Insured Location** is a **Location**:

- a). Listed on Schedule of Locations on file with Company;
- b). Covered as a Miscellaneous Unnamed Location; and
- c). Covered under the terms and conditions of the Newly Acquired Coverage or Errors and Omissions Coverage.

B. CURRENCY

All amounts, including deductibles and limits of liability, indicated in this Policy are in USD unless otherwise indicated by the three-letter currency designator as defined in Table A.1 Currency and Funds code list, International Standards Organization (ISO) 4217, edition effective at inception of this Policy.

C. POLICY LIMITS OF LIABILITY

The Policy Limit is \$750,000,000 for the total of all coverages combined. This includes any insured Time Element loss, regardless of the number of **Locations** involved subject to the following provisions:

1. The Company will pay no more in any one (1) **Occurrence** than its proportionate share of the Policy Limit.
2. Limits of Liability stated below or elsewhere in this Policy are part of, and not in addition to, the Policy Limit.
3. Limits of Liability in an **Occurrence** apply to the total loss or damage, including any insured Time Element loss, at all **Locations** and for all Coverages involved, subject to the following provisions:

- a). The Company will pay no more in any one (1) **Occurrence** than its proportionate share of the applicable Location Limit when a Location Limit is specified, except as provided in 1) and 2) below for loss or damage at a Location listed on the Schedule of Locations-Description of Location and Location Limit.
- 1). When Special Coverages are provided, the Special Coverage limits are in addition to the specified Location Limits.
- 2). The most the Company will pay at a Location is the lesser of:
- i). The specified Location Limit plus any applicable Special Coverage limit(s);
- ii). The **Described Causes of Loss** Limit; or
- iii). The **Described Causes of Loss** Limit at that specific Location.
- b). The most the Company will pay in an **Occurrence** caused by a **Described Cause of Loss** is the Limit of Liability for that **Described Cause of Loss**.
- c). When an **Annual Aggregate** Limit of Liability is shown, the Company's maximum amount payable will not exceed such Limit of Liability during the policy year regardless of the number of Locations, Coverages or Occurrences involved.
4. Limits of Liability

The following are the Limits of Liability in an **Occurrence** unless otherwise shown:

\$750,000,000	Property Damage (PD) and Time Element (TE) combined per location at all Locations described in the Schedule of Values dated 5/1/2011
\$25,000,000	EXTRA EXPENSE (including removal and return of patients due to physical damage) and EXPEDITING COSTS Combined
\$25,000,000	LEASEHOLD INTEREST
\$100,000,000	ACCOUNTS RECEIVABLE
\$100,000,000	BRANDS AND LABELS
\$2,500,000	COMPUTER SYSTEMS DAMAGE in the Annual Aggregate
\$20,000,000	CONTINGENT TIME ELEMENT
\$100,000,000	DEBRIS REMOVAL
\$25,000,000	DECONTAMINATION COSTS (including communicable disease due to physical damage.)

\$100,000,000	FLOOD in the Annual Aggregate but not to exceed the following limits in the Annual Aggregate: a). \$10,000,000 As respects Locations with any part of the legal description within a 100-year flood plain, except: \$100,000,000 as respects the location at 155 Brush Hill Road, Elmhurst, IL b). \$15,000,000 As respects Locations outside a 100-year flood plain, but with any part of the legal description within a 500- year flood plain.
100,000,000	NAMED STORM in the Annual Aggregate but not to exceed the following limits in the Annual Aggregate: a). \$25,000,000 for property located in Zone 1 as defined in Appendix C & D. b). \$50,000,000 for property located in Zone 2 as defined in Appendix C & D.

5. Time and Distance Limits of Liability: In addition to the Limits of Liability shown elsewhere in this Policy, the following apply:

120 day period but not to exceed a \$10,000,000 limit per Location.	NEWLY ACQUIRED
30 day period for property within 5 mile but not to exceed a \$10,000,000 limit.	CIVIL AUTHORITY
30 day period for property within 5 mile but not to exceed a \$10,000,000 limit.	INGRESS/EGRESS
30 day period but not to exceed a \$1,000,000 limit.	INTERNATIONAL INTERDEPENDENCY
30 days	EXTENDED PERIOD OF LIABILITY
30 day period but not to exceed a \$250,000 limit.	INTERRUPTION BY COMMUNICABLE DISEASE
120 days.	ORDINARY PAYROLL
48 hours but not to exceed \$25,000,000 limit.	PROTECTION AND PRESERVATION OF PROPERTY
30 day period but not to exceed a \$250,000 limit.	RESTORATION OF EMERGENCY GENERATORS

6. Time Specifications: As follows:

EARTH MOVEMENT Occurrence	72 hours
NAMED STORM Occurrence	72 hours
Cancellation for nonpayment of premium	10 days
Cancellation for any other reason	90 days

D. PREMIUM PAYABLE

This Policy is issued in consideration of an initial premium. The First Named Insured shown on the Policy is responsible for the payment of all premiums and will be the payee for any return premiums paid by the Company. Premiums will be paid in the currency designated in Section II-Declaration B. Currency.

E. QUALIFYING PERIOD

For the Coverages listed below the following Qualifying Period applies:

OFF PREMISES SERVICE INTERRUPTION PROPERTY DAMAGE & TIME ELEMENT COVERAGE	24 hours
COMPUTER SYSTEMS DAMAGE COVERAGE	12 hours
TENANTS PROHIBITED ACCESS COVERAGE	2 days
INTERRUPTION BY COMMUNICABLE DISEASE	24 hours

F. DEDUCTIBLES

Each claim for loss or damage as insured against arising out of any one (1) **Occurrence** shall be adjusted separately. The Company shall not be liable unless the Insured sustains loss or damage including any insured Time Element Loss, in excess of the amount(s) stated below and then only for the proportionate share of such excess amount(s).

1. When this Policy insures more than one **Location**, the deductible will apply against the total loss or damage covered by this Policy in an **Occurrence**. However, a deductible that applies on a per **Location** basis, will apply separately to each **Location** where the physical loss or damage occurred regardless of the number of **Locations** involved in the **Occurrence**.
2. Unless stated otherwise, if two or more deductibles apply to an **Occurrence**, the total deducted will not exceed the largest applicable deductible. If two or more deductibles apply on a per **Location** basis in an **Occurrence**, the largest deductible applying to each **Location** will be applied separately to each such **Location**.
3. If separate Property Damage and Time Element loss deductibles are shown, then the deductibles shall apply separately.
4. Policy Deductible(s)
 - a). \$50,000 Property Damage (PD) & Time Element (TE) combined per **Occurrence** except as follows:
 - b). Exceptions to Policy Deductible(s)
 - 1). Contingent Time Element

\$50,000 per **Location** at each **Direct Dependent Time Element Location**, **Indirect Dependent Time Element Location**, and **Attraction Property** where the physical loss or damage occurs regardless of any other deductibles that may also apply.
 - 2). Earthquake

The following deductibles apply to loss or damage caused by or resulting from earthquake. This earthquake deductible will apply regardless of any other deductibles that may also apply.

 - i). \$50,000 combined coverages per **Occurrence** except as follows:
 - ii). As respects **Locations** in Zone 2:
 - aa). Property Damage — 2 % of the value per the most current Statement of Values on file with the company as of the date of loss, for the **Location** where the direct physical loss or damage occurred, per **Location**.

bb). Time Element - 2% of the full 12 months Gross Earnings or Gross Profit values that would have been earned following the Occurrence by use of the facilities at the Location where the direct physical loss or damage occurred and all other Locations where Time Element loss ensues, per Location.

cc). The above earthquake deductibles are subject to a minimum deductible of \$250,000 for Property Damage and Time Element combined per Occurrence.

3). Flood

The following deductibles apply to loss or damage caused by or resulting from Flood. This Flood deductible will apply regardless of any other deductibles that may also apply.

i). \$50,000 combined coverages per Occurrence except as follows:

ii). As respects Locations with any part of the legal description within a 100-year flood plain:

✓ \$1,000,000 combined coverages per Occurrence, except
\$50,000 combined coverages as respects the location at 155
Brush Hill Road, Elmhurst, IL

iii). As respects Locations outside a 100-year flood plain, but with any part of the legal description within a 500-year flood plain:

\$500,000 combined coverages per Occurrence

4). Named Storm

The following deductibles apply to loss or damage caused by or resulting from Named Storm. The Named Storm deductible will apply regardless of any other deductibles that may also apply.

i). \$50,000 combined coverages per Occurrence except as follows:

ii). As respects Locations in Zone I:

aa). Property Damage 5% of the value per the most current Statement of Values on file with the company as of the date of loss, for the Location where the direct physical loss or damage occurred, per Location.

bb). Time Element 5% of the full 12 months Gross Earnings or Gross Profit values that would have been earned following the Occurrence by use of the facilities at the Location where the direct physical loss or damage occurred and all other Locations where Time Element loss ensues, per Location.

cc). The above Named Storm deductibles are subject to a minimum deductible of \$250,000 for Property Damage and Time Element combined per Occurrence.

i). As respects Locations in Zone 2:

aa). Property Damage 2% of the value per the most current Statement of Values on file with the company as of the date of loss, for the Location where the direct physical loss or damage occurred, per Location.

bb). Time Element 2% of the full 12 months Gross Earnings or Gross Profit values that would have been earned following the Occurrence by use of the facilities at the Location where the direct physical loss or damage occurred and all other Locations where Time Element loss ensues, per Location.

cc). The above Named Storm deductibles are subject to a minimum deductible of \$250,000 for Property Damage and Time Element combined per Occurrence.

5). Breakdown of Equipment deductible

i). \$50,000 Property Damage (PD) & Time Element (TE) combined per Occurrence for loss or damage caused by Breakdown.

6). Water or Liquid Damage

The following deductible applies to loss or damage caused by or resulting from covered water or other liquids not otherwise excluded, but not caused by flood or by leakage from fire protective equipment.

i). \$50,000 combined coverages per Occurrence

RE: Cancer Center addition at Elmhurst Memorial Hospital, Illinois

Dear Mr. Reiger:

Thank you for requesting a floodplain determination for the proposed addition to the Elmhurst Memorial Hospital for the Cancer Center in Elmhurst, Illinois to ensure compliance with Illinois Executive Order V 2006 (E.O. V).

In brief, E.O. V (2006) requires that state agencies which plan, promote, regulate, or permit activities, as well as those which administer grants or loans in the State's floodplain areas, must ensure that all projects meet the standards of the state floodplain regulations or the National Flood Insurance Program (NFIP) whichever is more stringent. These standards require that new or substantially improved buildings as well as other development activities be protected from damage by the 100-year flood. In addition, no construction activities in the floodplain may cause increases in flood heights or damages to other properties. Lastly, development activities which are determined to be "critical facilities" must be protected to the 500-year flood elevation.

Based on the information you have provided, we have determined that this parcel is located within a designated 100-year floodplain and therefore would fall under the requirements of E.O. V. Hospitals are specifically listed as a "critical facility". The Executive Order requires that all new Critical Facilities shall be located outside of the floodplain. Where this is not practicable, Critical Facilities shall be developed with the lowest floor elevation equal to or greater than the 500-year frequency flood elevation or structurally dry floodproofed to at least the 500-year frequency flood elevation. Based on the site plans you have submitted, it appears that the new Cancer Center addition does meet these lowest floor requirements and will be elevated above the 500-year flood level. This letter only addresses E.O. V requirements and does not address any LOMR-F issues.

Should you have any questions or comments regarding this flood hazard determination, feel free to contact me at (847) 608-3100 ext 2059.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian A. Eber".

Brian A. Eber, CFM
Office of Water Resources / NE Floodplain Program Coordinator

January 11, 2012

Jacob Axel
Axel & Associates, Inc.
675 North Court, Suite 210
Palatine, IL 60067

Dear Mr. Axel:

The Illinois Historic Preservation Agency is required by the Illinois State Agency Historic Resources Preservation Act (20 ILCS 3420, as amended, 17 IAC 4180) to review all state funded, permitted or licensed undertakings for their effect on cultural resources. Pursuant to this, we have received information regarding the referenced project for our comment.

Our staff has reviewed the specifications under the state law and assessed the impact of the project as submitted by your office. We have determined, based on the available information, that no significant historic, architectural or archaeological resources are located within the proposed project area.

According to the information you have provided concerning your proposed project, apparently there is no federal involvement in your project. However, please note that the state law is less restrictive than the federal cultural resource laws concerning archaeology. If your project will use federal loans or grants, need federal agency permits, use federal property, or involve assistance from a federal agency, then your project must be reviewed under the National Historic Preservation Act of 1966, as amended. Please notify us immediately if such is the case.

This clearance remains in effect for two (2) years from date of issuance. It does not pertain to any discovery during construction, nor is it a clearance for purposes of the IL Human Skeletal Remains Protection Act (20 ILCS 3440).

Please retain this letter in your files as evidence of compliance with the Illinois State Agency Historic Resources Preservation Act.

Sincerely,

Anne E. Haaker

PROJECT COSTS

Preplanning Costs (\$273,000)

Estimate of the costs of feasibility studies, evaluation of alternatives, and the decision-making process to proceed.

Site Survey and Soil Investigation (\$25,000)

Estimate, based on projects of a similar scope.

Site Preparation (\$350,000)

Estimate of the costs associated with grading, landscaping, and exterior signage.

Off-Site Work (\$725,000)

Estimate of the costs associated with providing utilities, drainage, walkways and driveways, and paving.

New Construction Contracts (\$8,193,170)

Estimate of materials and labor costs directly associated with construction.

Contingencies (\$819,317)

Allowance for unexpected construction-related expenses.

Architectural and Engineering Fees (\$416,000)

Estimate of architectural fees associated with design and interface with governmental entities, and structural, mechanical, plumbing and electrical engineering processes.

Consulting and Other Fees (\$1,106,032)

Estimate of CON-related costs, permitting, reimbursables, radiation shielding consultant, interior design, landscape design, interior signage and artwork consulting, materials testing, legal services, builder's risk insurance, and miscellaneous costs.

Movable Equipment (\$3,301,777)

Estimate of the cost of medical equipment, IT equipment, and furniture to be owned by the Permit holder.

Fair Market Value of Leased Equipment (\$3,500,000)

Acquisition value of a linear accelerator to be leased.

Other Costs to be Capitalized (\$495,000)

Estimates of the cost associated with extending utilities and a pneumatic tube system from the hospital to the cancer center, utilities during construction, and relocation and move-in costs.

President

The Joint Commission is an independent, not-for-profit, national body that oversees the safety and quality of health care and other services provided in accredited organizations. Information about accredited organizations may be provided directly to The Joint Commission at 1-800-994-6610. Information regarding accreditation and the accreditation performance of individual organizations can be obtained through The Joint Commission's web site at www.jointcommission.org.

This reproduction of the original accreditation certificate has been issued for use in regulatory/payer agency verification of accreditation by The Joint Commission. Please consult Quality Check on The Joint Commission's website to confirm the organization's current accreditation status and for a listing of the organization's locations of care.

PURPOSE

The proposed project addresses the relocation of Elmhurst Memorial Hospital's outpatient oncology-related programs from the hospital's original campus on Berteau Avenue to the hospital's new campus, approximately three miles from the original site (and an infusion therapy program located in Lombard). While long-range plans envisioned the relocating of the services, at the time plans for the hospital's relocation were being developed, 6-7 years ago, relocation of the cancer programs concurrent with the relocation of a majority of the hospital's other services was omitted from the plans in order to defer the associated costs. With the changing economic environment and the duplicative and incremental costs associated with operating two campuses, the decision was made to phase out acute care services on the original (Berteau Avenue) campus, and this project represents the second phase of doing so. A separate application, which included the discontinuation of the remaining inpatient services on the Berteau Avenue campus, was filed in January 2011, and as of the development of this application awaits IHFSRB review.

The proposed project will address a number of problems and/or issues, including the need to expand treatment capacity in Elmhurst, primarily in the area of infusion therapy; the need to create a greater synergy between the oncology-related programs and services and the other services provided through EMH; the need to improve patient

processing, from registration through treatment and discharge, by means of an efficiently-designed facility; and the desirability of having oncologists' offices in close proximity to the diagnosis and outpatient treatment programs.

Oncology services, including those to be located in the proposed cancer center replacement, have become a primary service provided by virtually every community hospital. Recently in the western suburbs, hospitals such as Central DuPage Hospital, Edward Hospital, Kishwaukee Community Hospital and Delnor Hospital have either developed or are developing similar cancer centers, and Sherman Hospital, Silver Cross Hospital and Rush Copley Medical Center have included significant oncology services in recent construction programs. Clearly, oncology programs, as those addressed through the proposed project, provide services that improve the health care and well-being of the service area's population.

Because of the close proximity between the programs' current location and the proposed site, which is adjacent and connected to Elmhurst Memorial Hospital (EMH), it is not anticipated that access to services will be diminished in any way; nor will the programs' patient origin change in any appreciable way. Below is a table, identifying the hospital's patient origin for the 12-month period ending June 30, 2011. It is anticipated that the cancer center's radiation and infusion therapy programs' patient origin will be virtually identical to that of the hospital as a whole. Please refer to ATTACHMENT 37b for an analysis of the CyberKnife program's patient origin.

ZIPCode	Community	YE 6/30/11		
		Admissions	% of Total	Cum %
60126	Elmhurst	3,120	19.81%	19.81%
60181	Villa Park	1,380	8.76%	28.58%
60148	Lombard	1,405	8.92%	37.50%
60101	Addison	1,406	8.93%	46.42%
60106	Bensenville	1,285	8.16%	54.58%
60164	Northlake	1,121	7.12%	61.70%
60191	Wood Dale	353	2.24%	63.94%
60162	Hillside	318	2.02%	65.96%
60131	Franklin Park	349	2.22%	68.18%
60163	Berkeley	314	1.99%	70.17%
60139	Glendale Heights	231	1.47%	71.64%
60104	Bellwood	223	1.42%	73.06%
60523	Oak Brook	177	1.12%	74.18%
60154	Westchester	192	1.22%	75.40%
60160	Melrose Park	239	1.52%	76.92%
60137	Glen Ellyn	162	1.03%	77.95%
60108	Bloomington	196	1.24%	79.19%
	other, < 1.00%	3,277	20.81%	100.00%
	TOTAL	15,748		

The table above clearly demonstrates that the program will serve primarily residents of the eastern DuPage and far western Cook County communities that surround the hospital. As a result, it will provide services primarily to residents of its service area.

Information used to design the project, both programmatically and from a facility perspective, included hospital records, IDPH utilization data, IDPH and IHFSRB guidelines, site visits to other cancer centers, the experience of the project architects, and data from external sources such the American College of Surgeons and the American Cancer Society, The Advisory Board, and Sg2.

The success of the project will be measurable, based on achieving the following goals, beginning with the completion of the project:

- Improved efficiency and reduced operating costs in the outpatient treatment of oncology patients
- Reduced reliance on out-of-area oncology programs by service area residents
- Provision of facilities that promote safe and efficient patient care in a dignified and comforting setting
- Availability of sufficient capacity to address demand.

ALTERNATIVES

The proposed project will allow Elmhurst Memorial Healthcare to relocate its oncology program—including radiation therapy, CyberKnife, and medical oncology/infusion therapy---from its Berteau campus to the Elmhurst Memorial Hospital main campus at 133 E. Brush Hill Road in Elmhurst; providing easy access to both inpatients and outpatients that have traditionally looked to Elmhurst Memorial Healthcare for their oncology-related needs. The proposed Cancer Center will be physically connected to the new hospital.

Three alternatives were evaluated, and found to be inferior to the proposed project.

The first alternative involved leaving the services on Elmhurst Memorial Healthcare's Berteau Campus, approximately three miles from the new hospital. While that alternative would require only \$1-2M in renovation costs and new equipment, the alternative was dismissed for two primary reasons: First, the transporting of inpatients from the hospital for radiation therapy procedures is both costly in terms of two-way ambulance transports, and difficult for both the patient and staff, with hospital staff sometimes being required to accompany patients (depending on patient acuity). While a limited number of inpatients require radiation oncology services, the process is difficult.

In addition, the services to be relocated to the proposed Cancer Center are currently housed in basement space in the old hospital building on the Berteau campus. It is anticipated that at some point within the next five years, all EMHC inpatient and outpatient services will be moved off the Berteau Campus, and the Cancer Center would be the only service remaining in a small portion of the lower level of a 550,000 square foot building, which would be inefficient and uneconomical to operate. The equipment-related costs, which constitute approximately one-third of the proposed project's capital costs, would be virtually the same, whether the proposed project or this alternative is undertaken.

The second alternative considered involved a project similar to that proposed, but one without the construction of a building to accommodate inpatients, that is, the building would be constructed to business occupancy standards ("B Occupancy"), rather than the proposed institutional occupancy standards ("I Occupancy"). The capital cost savings for this alternative would be approximately \$2-2.2M in construction costs, with all other costs being identical to those of the proposed project. This alternative was rejected because it does not allow for the small number of inpatients who need radiation therapy services, unless those patients are temporarily discharged, brought to the Cancer Center for radiation treatment, and then readmitted in a cumbersome and unnecessary process.

The third alternative involved the construction of a building, similar in scope to that of the second alternative, but to locate the building on the Berteau Campus. The capital cost savings associated with this alternative would be virtually identical to that of

the second alternative. The most significant drawback to this alternative would be locating of one of the hospital's primary service lines, oncology, at a location remote from the new hospital. With the availability of land on the hospital's new campus, this alternative was dismissed.

The quality of care provided to patients using the program would be identical, regardless of the alternative selected, as would the accessibility for outpatients. Accessibility for inpatients, however, is inferior with the alternatives identified above. With the first and third alternatives, the patient transport difficulties that currently exist would continue; and with the second alternative, inpatients would either need to be discharged from (and later re-admitted to) the hospital in order to receive care at the Center, or be transported (as in the case of the first and third alternatives) to another facility built to inpatient standards. The operating costs associated with the Berteau Campus alternatives would be higher than those of the proposed project or the second alternative, which would be identical, due to duplicative staffing requirements.

SIZE OF PROJECT

The proposed project consists of a total of 29,493 DGSF, 16,628 DGSF of which are classified as “clinical”.

The planned space is not excessive, and the space program was developed jointly by clinical staff, hospital management, experienced health care architects and an experienced project management firm.

The Cancer Center will include only one area for which the IHFSRB has space standards, radiation therapy. That functional area will include two vaults, one each for a linear accelerator and a CyberKnife, one CT simulator, and support space. The total amount of space allocated to the radiation therapy program is identified in the table below, consistent with IHFSRB reporting requirements.

DEPARTMENT/SERVICE	PROPOSED DGSF	STATE STANDARD	DIFFERENCE	MET STANDARD?
Radiation Therapy	6,061	6,600	-539	yes

PROJECT SERVICES UTILIZATION

The proposed project involves only one service for which the IHFSRB has established utilization standards, radiation therapy. That standard suggests a second linear accelerator is “justified” once utilization exceeds 7,500 annual treatments. The proposed project will include one linear accelerator, with projected utilization to exceed 7,500 annual treatments during the second full year following the project’s completion.

Elmhurst Memorial Hospital’s service population is somewhat older than that of Illinois as a whole, and the aging of the service population is anticipated to result in increased utilization of all oncology-related services, including radiation therapy. Six communities/ZIP Code areas (Elmhurst, Villa Park, Lombard Addison, Bensenville and Northlake) are the only ZIP Codes that accounted for in excess of 2.24% of the hospital’s admissions during the past fiscal year, and cumulatively these six communities provided 61.7% of the hospital’s admissions. The 65+ age group of those six ZIP Code areas is projected to increase by 14.4% between 2010 and 2015 (ESRI projections), an annualized increase of approximately 2.8%, and that increase will result in an increased demand for oncology services. As a point of comparison, that age group will increase by 13.6% during that period, state-wide.

Following a number of years of steady growth, the radiation therapy program located on the Berteau Campus experienced a 4.9% decrease in utilization over the past two calendar years, due in part to the use of CyberKnife program, which was initiated in 2009, and has drawn some patients from the radiation therapy program. Growth in the usage of the radiation therapy program is anticipated to return with the opening of the proposed Cancer Center on the hospital's new campus, and future growth is anticipated to be driven, in part by demographic changes in the hospital's service population, and in part by the offering of a contemporary Cancer Center.

Increases in the 65+ age group of the program's service population are projected to continue through the planning horizon of this project at an annualized rate of 2.8%; and an annualized growth rate of 4% has been used to incorporate the effect of the new Cancer Center. Therefore, 7,317 treatments are projected during the first calendar year following the project's completion, with 7,607 treatments during the subsequent year.

The table below provides historical and project utilization, consistent with the IHFSRB's reporting requirements.

Dept./ Service	Historical Utilization (Patient Days) (TREATMENTS) ETC.	PROJECTED UTILIZATION		STATE STANDARD	MET STANDARD?
		YEAR 1	YEAR 2		
Radiation Ther.	6,502 (2011)	7,313	7,607	7,500+	yes

Note: Elmhurst Memorial Hospital has historically provided radiation therapy utilization data on its IDPH Annual Hospital Questionnaires as "courses of treatment", as directed. The IHFSRB's utilization standard, as identified in Appendix B to Section 1110 refers to "treatments". A technical assistance conference was held on January 11, 2012 with IHFSRB staff, and recorded consistent with IHFSRB requirements. During that conference, IHFSRB staff acknowledged that "treatments" were a more accurate measurement of utilization than treatment courses.

CLINICAL SERVICE AREAS OTHER THAN CATEGORIES OF SERVICE

The proposed Cancer Center will have three clinical areas that have not been designated by the JHFSRB as “categories of service”: radiation therapy, CyberKnife, and infusion therapy. Each of these three services are being “relocated” from Elmhurst Memorial Healthcare’s Berteau Avenue campus, with no changes in the service population of any of the programs anticipated to occur; and as documented below, the programs will primarily serve area residents. As a result, the applicants do not anticipate that the proposed Cancer Center will have any substantial adverse impact on any other area provider.

Patient Origin

The patient origin of the radiation therapy and infusion therapy programs will be very similar to that of the hospital as a whole. The table below presents the hospital’s patient origin for the 12-month period ending June 30, 2010, and is representative of the anticipated patient origin of these two programs.

ZIPCode	Community	YE 6/30/11		
		Admissions	% of Total	Cum %
60126	Elmhurst	3,120	19.81%	19.81%
60181	Villa Park	1,380	8.76%	28.58%
60148	Lombard	1,405	8.92%	37.50%
60101	Addison	1,406	8.93%	46.42%
60106	Bensenville	1,285	8.16%	54.58%
60164	Northlake	1,121	7.12%	61.70%
60191	Wood Dale	353	2.24%	63.94%
60162	Hillside	318	2.02%	65.96%
60131	Franklin Park	349	2.22%	68.18%
60163	Berkeley	314	1.99%	70.17%
60139	Glendale Heights	231	1.47%	71.64%
60104	Bellwood	223	1.42%	73.06%
60523	Oak Brook	177	1.12%	74.18%
60154	Westchester	192	1.22%	75.40%
60160	Melrose Park	239	1.52%	76.92%
60137	Glen Ellyn	162	1.03%	77.95%
60108	Bloomington	196	1.24%	79.19%
	other, < 1.00%	3,277	20.81%	100.00%
	TOTAL	15,748		

Alternatively, because of the relative rarity of the hospital's CyberKnife program, the patient origin for this program (which has a much smaller volume than the other two programs) covers a broader area, consisting of much of the metropolitan area. IDPH data identifies only five hospitals as having CyberKnife programs in Illinois. Those hospitals, in addition to EMH are: Northwest Community Hospital, Advocate Bromenn Medical Center, Christ Medical Center, and Adventist Hinsdale Hospital (contracted service). As a result of this limited availability of this modality, EMH's CyberKnife program has a broader service area than that of the hospital, as a whole. The table below identifies EMH's CyberKnife program's patient origin for the 12-month period ending June 30, 2011. No appreciable changes are anticipated over the next three years.

Of note is the fact that Elmhurst, Villa Park, Lombard and Addison, are the largest contributors of patients to the hospital as a whole, as well as to the CyberKnife program. However, while these four communities account for over 46% of the hospital's patients, they account for less than 18% of the CyberKnife program's patients. This disparity confirms that the CyberKnife program's patient base or service population is much broader than that of the hospital as a whole.

ZIPCode	Community	YE 6/30/11		
		Patients	% of Total	Cum %
60126	Elmhurst	17	7.73%	7.73%
60148	Lombard	10	4.55%	12.27%

Demand for Services

1. Radiation Therapy

Following a number of years of steady growth, the radiation therapy program located on the Berteau Campus experienced a 4.9% decrease in utilization over the past two calendar years, due in part to the use of CyberKnife program, which was initiated in 2009, and has drawn some patients from the radiation therapy program. Growth in the usage of the radiation therapy program is anticipated to return with the opening of the proposed Cancer Center on the hospital's new campus, and future growth is anticipated to be driven, in part by demographic changes in the hospital's service population, and in part by the offering of a contemporary Cancer Center.

Increases in the 65+ age group of the program's service population are projected to continue through the planning horizon of this project at an annualized rate of 2.8%; and an annualized growth rate of 4% has been used to incorporate the effect of the new Cancer Center. Therefore, 7,317 treatments are projected during the first calendar year following the project's completion, with 7,607 treatments during the subsequent year.

2. CyberKnife

A CyberKnife is a robotic radiosurgery system that delivers high dose radiation to tumors located anywhere in the body. EMH initiated this service in late 2009 through CyberKnife Center of Chicago, LLC, a joint venture. The equipment associated with the program will be relocated from EMHC's Berteau Avenue campus to the proposed Cancer Center. During the first two full years of operation (FY2010 and

FY2011), an average of 244 patients were treated per year, with an average of 4.25 treatments per patient (944 per year). For planning purposes, utilization is projected to remain constant at that level, through the second year following the project's completion.

3. Infusion Therapy

Infusion therapy services are provided at all of the area hospitals, as well as in the offices of many oncologists and internists, and through investor-owned ventures. Elmhurst Memorial Healthcare is currently providing infusion therapy services in an outpatient building on the main hospital campus, in the hospital, on an outpatient basis on its Berteau Avenue campus, and in an outpatient facility in Lombard. Outpatient infusion therapy services in the past had been provided in Winfield and were consolidated into the other program locations during the past year. Upon the opening of the proposed Cancer Center, the three outpatient programs will be consolidated into the new setting. The table below identifies the historical utilization of infusion therapy services provided by EMHC. A 2% increase in the number of treatments provided was experienced in from FY2009 to FY2010, and a 6% decrease occurred between FY2010 and FY2011. The decrease is primarily attributable to the retirement of a medical oncologist that regularly referred patients to EMHC's infusion therapy program.

	FY09	FY10	FY11
Patients	1,559	1,594	1,466
Treatments	10,828	11,041	10,354

In addition to the utilization identified above, a local oncologist, Dr. Marilyn Evrard, left a relationship with U.S. Oncology in late 2011, and joined an EMHC-affiliated oncology practice. Due to contractual limitations, Dr. Evrard has an office outside of the service area and is not able to directly refer patients to an EMHC infusion therapy program until late 2012. Dr. Evrard has, however, since she left U.S. Oncology, been referring patients to other physicians with active staff privileges at EMH, and those patients have, in turn, received infusion therapy through the EMH services. Dr. Evrard has referred approximately 90 of those patients per month requiring infusion therapy since November 2011. As such, those patients were referred following the end of FY 2011. Well before the proposed Cancer Center is open, Dr. Evrard plans to relocate her office within the EMH service area and begin referring her patients to the EMHC programs, directly. For purposes of projecting utilization, Dr. Evrard's referral volume has been discounted by 20%, to 864 patient referrals a year, and added to the FY 2011 volume in the table above, resulting in a base-year volume of 2,330 (1,466+864) patients and 16,450 treatments (7.06 treatments per patient). A letter from Dr. Evrard, addressing her practice intents, is attached.

The applicant's evaluation of the providers of infusion therapy services in the area suggests that the number of providers will not likely increase over the next three years. Therefore, and in order to ensure conservative projections, the only variable used in projecting utilization of infusion therapy services at the proposed Cancer Center, is the projected 2.8% annual increase in the area's 65+ population group. Holding the treatment per patient rate constant at the 7.06 treatments per patient experienced in FY

2011, and 2.25 hours per treatment, 39,114 treatment hours are projected for 2014 and 40,209 treatment hours are projected for the second full year following the Cancer Center's opening.

Twenty-four infusion therapy stations will be provided, and the service is anticipated to be in operation 255 days-a-year. As a result, an 80% utilization rate is projected for the first full year of operation, and an 82% utilization rate is projected during the subsequent year.

Illinois Health Facilities and
Services Review Board
Springfield, IL

To Whom It May Concern:

This letter is being provided in support of Elmhurst Memorial Healthcare's proposal to develop a cancer center on the campus of Elmhurst Memorial Hospital; I am in full support of those plans.

I am a Board Certified medical oncologist, and I have practiced medicine in the western suburbs since 1984. I became a member of the active Medical Staff of Elmhurst Memorial Hospital in 1984 and maintained that status through 2011. Effective November 2011, I left a group practice that I had been a member of since 2001. As a term of my leaving that practice, I agreed not to actively practice medicine within a specified geographic area for a period of twelve months. That restriction caused me to temporarily relinquish my active staff privileges at Elmhurst Memorial Hospital. It is my absolute intention to be reinstated to active staff status at Elmhurst Memorial Hospital as of December 1, 2012.

I do not provide infusion therapy services in my current office. When patients require such treatment I refer them to physicians with active staff privileges at EMH. Since December 2011, I have been referring approximately ninety patients a month to physicians with active staff privileges at EMH, for the purpose of those patients receiving infusion therapy services at EMH. This referral volume is consistent with the number of patients that I have directly referred to other infusion therapy programs in recent years, and the number of patients that I anticipate directly referring to EMH's infusion therapy program in the future.

Sincerely,

Marilyn L. Evrard, MD

SAFETY NET STATEMENT

Elmhurst Memorial Hospital and its parent Elmhurst Memorial Healthcare serve as safety net providers for the residents of eastern DuPage and western Cook Counties, providing a broad spectrum of medical, surgical, and obstetrical services typically categorized as both primary and secondary care services. Oncology services are among the largest programs offered by Elmhurst Memorial Healthcare, with those oncology-related services typical to a community hospital enhanced by its CyberKnife program, which is provided at only four other hospitals in Illinois.

The hospital operates with admissions policies that do not discriminate in any fashion, including ability to pay; and during 2010 7.7% of the patients admitted to EMH were categorized as “charity care” and another 8.4% were Medicaid recipients. The proposed cancer center will operate under the same admission criteria currently in place at the hospital
