DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- ☐ Substantive
☒ Non-substantive

Part 1120 Applicability or Classification:

[Check one only.]

- ☐ Part 1120 Not Applicable
☐ Category A Project
☒ Category B Project
☐ DHS or DVA Project

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

The Applicant, Orland Park Surgical Center, LLC ("OPSC"), is proposing to enter a transaction whereby OPSC would redeem the seventy-four (74) Units in OPSC that are currently owned by MPG, LLC ("Proposed Transaction"). OPSC will pay \$550,000 to MPG for the redemption of MPG's Units, using funds contributed by PMI Diagnostic Imaging LLC ("PMI"); PMI is a current member of OPSC and is run by many of the physicians who practice at OPSC. In exchange for PMI's capital contribution, OPSC will transfer seventy-four (74) Units to PMI.

MPG currently holds majority control in OPSC. Accordingly, OPSC submits this application because of the proposed change in majority control.

The Proposed Transaction is "non-substantive" because a transaction to acquire membership units in an LLC is not one of the specific examples identified as a substantive project in the Illinois Health Facilities Planning Act, as amended on June 30, 2009. See 20 ILCS 3960/12(8).

The Proposed Transaction was consummated on January 31, 2012, with an effective date of January 1, 2012. The Proposed Transaction is contingent upon approval by the Health Facilities and Services Review Board.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;

- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

LEASE

AGREEMENT OF AMBULATORY SURGICAL CENTER LEASE
(hereinafter referred to as the "Lease") made as of the Lease Execution Date between
Landlord and Tenant;

WITNESSETH:

Landlord hereby agrees to lease to Tenant, and Tenant hereby agrees to accept the Premises designated on the plan attached hereto as Exhibit A and containing the Rentable Area in the building commonly known as Midwest Physician Center (hereinafter referred to as the "Building") located on the property commonly known as 9550 W. 167th Street, in the City of Orland Park, Cook County, Illinois (hereinafter referred to, together with all present and future easements, additions, improvements and other rights appurtenant thereto, as the "Land"), subject to the terms and conditions of this Lease.

The Reference Page is hereby incorporated into and made a part of this Lease. All defined terms in this Lease shall have the same meaning in this Lease as set forth in the Reference Page.

In consideration thereof, Landlord and Tenant covenant and agree as follows:

1. TERM

The term of this Lease (hereinafter referred to as "Term") shall commence on the Commencement Date and end on the Termination Date, unless sooner terminated or extended further as provided herein.

2. BASE RENT

Tenant shall pay to Landlord or Landlord's agent at the office of Landlord in the Building, or at such other place as Landlord may from time to time designate in writing, in currency which, at the time of payment, is legal tender for private or public debts in the United States of America, the Annual Base Rent set forth on the Reference Page in equal monthly installments on or before the first day of each and every month during the Term, without demand and without any set-off or deduction whatsoever. Tenant shall pay the first full monthly installment of Annual Base Rent at the time of execution of this Lease. Any Annual Base Rent payable for a partial month shall be prorated based on the number of days in such partial month.

Tenant shall also pay to Landlord the sum of Four Hundred Thousand Dollars (\$400,000) as Tenant's payment for Landlord's construction of Tenant's improvements in the Premises as contemplated by this Lease. Such sum shall be paid in installments in the form of Tenant reimbursing Landlord for Tenant's Allocated Share of all costs of

such construction when and as paid by Landlord, up to a maximum of such reimbursement of \$400,000. "Tenant's Allocated Share" means \$400,000 divided by \$1,409,000 [insert total cost of construction], or 28.4%.

3. ADDITIONAL RENT

In addition to paying the Annual Base Rent specified in Section 2 hereof, Tenant shall pay as "Additional Rent" the amounts described in this Section 3. It is the intention of Landlord and Tenant that this Lease shall be deemed and construed to be a "net lease" and Annual Base Rent, Additional Rent and all other charges, costs and sums to be paid by Tenant hereunder shall be paid to Landlord absolutely net and without any charges, assessments, impositions, expenses or deductions of any kind or nature whatsoever. The Annual Base Rent, the Additional Rent and all other charges, costs and sums required to be paid by Tenant to Landlord under this Lease are sometimes herein collectively referred to as the "Rent." All Additional Rent shall be payable for the same periods and in the same manner, time and place as the Annual Base Rent. Without limitation on other obligations of Tenant which shall survive the expiration of the Term, the obligations of Tenant to pay Additional Rent shall survive the expiration of the Term. For any partial Calendar Year (as hereinafter defined), Tenant shall be obligated to pay only a pro rata share of the Additional Rent for such Calendar Year based on the number of days of the Term falling within such Calendar Year. Tenant recognizes that late payment of any Rent will result in administrative expenses to Landlord, the extent of which additional expenses are extremely difficult and economically impractical to ascertain. Tenant, therefore, agrees that, if Rent remains due and unpaid 5 days after said amount is due, such amount shall be increased by a late charge in an amount equal to the greater of: (a) \$50; or (b) a sum equal to five percent (5%) of the unpaid Rent.

A. Definitions. As used in this Section 3, the terms:

(i) "Calendar Year" shall mean each calendar year in which any part of the Term falls, through and including the year in which the Term expires.

(ii) "Tenant's Proportionate Share" shall be deemed to be the percentage set forth on the Reference Page. Tenant's Proportionate Share has been calculated by Landlord on the following basis: the square feet of the Premises (7,079) as a percentage of the total square footage of the Building, including lobby, administration and common area. Tenant accepts Tenant's Proportionate Share as set forth on the Reference Page and the underlying calculation thereof.

(iii) "Taxes" shall mean all real estate taxes, assessments (whether they be general or special), sewer rents, rates and charges, transit taxes, taxes based upon the receipt of rent, and any other federal, state or local governmental charge, general, special, ordinary or extraordinary (but not including income or franchise taxes (other than personal property replacement income taxes) or any other taxes imposed upon or measured by Landlord's income or profits, unless the same shall be imposed in lieu of the real estate taxes or other ad valorem taxes), which may now or hereafter be levied,

imposed or assessed against the Building or the Land. (The Building and the Land are sometimes hereinafter collectively referred to as the "Real Property.")

Notwithstanding the foregoing provisions of this Section 3A(iii):

(a) If at any time during the Term the method of taxation then prevailing shall be altered so that any new tax, assessment, levy, imposition or charge or any part thereof shall be imposed upon Landlord in addition to, or in place or partly in place of any such Taxes, or contemplated increase therein, and shall be measured by or be based in whole or in part upon the Real Property or the rents or other income therefrom, then all such new taxes, assessments, levies, impositions or charges or part thereof, to the extent that they are so measured or based, shall be included in Taxes levied, imposed, or assessed against the Real Property to the extent that such items would be payable if the Real Property were the only property of Landlord subject thereto and the income received by Landlord from the Real Property were the only income of Landlord.

(b) Notwithstanding the year in which any such taxes or assessments are levied, (1) in the case of special taxes or special assessments which may be payable in installments, the amount of each installment, plus any interest payable thereon, paid during a Calendar Year shall be included in Taxes for that year, and (2) if any taxes or assessments payable during any Calendar Year shall be computed with respect to a period in excess of 12 calendar months, but not to exceed 13 calendar months, then taxes or assessments applicable to the excess period shall be included in Taxes for that year. Except as provided in the preceding sentence, all references to Taxes "for" a particular year shall be deemed to refer to taxes levied, assessed or otherwise imposed for such year without regard to when such taxes are payable.

(c) Taxes shall also include any personal property taxes (attributable to the calendar year in which paid) imposed upon the furniture, fixtures, machinery, equipment, apparatus, systems and appurtenances used in connection with the Real Property or the operation thereof.

(iv) "Operating Expenses" shall mean all expenses, costs and disbursements of every kind and nature (determined for the applicable Calendar Year on an annual basis) paid or incurred by Landlord in connection with the ownership, management, operation, maintenance and repair of the Land and Building, except the following:

- (a) Costs of capital improvements to any tenant's premises;
- (b) Brokerage commissions;
- (c) Depreciation;

(d) Principal or interest payments on loans secured by mortgages or trust deeds on the Building or Land or rent payable on any ground lease of the Land;

(e) Costs of capital improvements to the Building, except that Operating Expenses shall include the cost of any capital improvement which is made by Landlord to bring the Land or Building into compliance with all governmental rules and regulations promulgated from time to time after the Lease Execution Date. Operating Expenses shall also include the cost of any capital improvement which is intended to reduce any component of Operating Expenses, as evenly amortized over the useful life of each such capital improvement with interest on the unamortized amount at the greater of (i) 12% per annum or (ii) 2% per annum above the prime rate or base rate or other comparable reference rate of interest announced from time to time by The First National Bank of Chicago, or other bank designated by Landlord if The First National Bank of Chicago is not at any time announcing a prime rate or base rate or other comparable reference rate (but in no event at a rate which is more than the highest lawful rate allowable in the State of Illinois) (the "Stipulated Rate").

B. Expense Adjustment. Tenant shall pay to Landlord or Landlord's agent as Additional Rent, an amount ("Expense Adjustment Amount") equal to Tenant's Proportionate Share of the amount of Operating Expenses incurred with respect to each Calendar Year. The Expense Adjustment Amount with respect to each Calendar Year shall be paid in monthly installments during such Calendar Year in an amount estimated from time to time by Landlord and communicated by written notice to Tenant. Landlord shall cause to be kept books and records showing Operating Expenses in accordance with an appropriate system of accounts and accounting practices consistently maintained. Following the close of each Calendar Year, Landlord shall cause the amount of the Expense Adjustment Amount for such Calendar Year to be computed based on Operating Expenses for such Calendar Year and shall deliver to Tenant a statement of such amount plus a statement of all estimated installments paid by Tenant with respect to such Calendar Year. Tenant shall pay to Landlord any deficiency shown by such statement within 30 days after receipt of such statement. If the installments paid exceed the amount due, and if Tenant is not then in default hereunder, Landlord shall either credit the excess against payments next due to Landlord from Tenant hereunder or, at Landlord's option, refund the excess to Tenant. Delay in computation of the Expense Adjustment Amount shall not be deemed a default hereunder or a waiver of Landlord's right to collect the Expense Adjustment Amount.

C. Tax Adjustment. Tenant shall pay to Landlord or Landlord's agent as Additional Rent, an amount ("Tax Adjustment Amount") equal to Tenant's Proportionate Share of the amount of Taxes payable for each Calendar Year. The Tax Adjustment Amount with respect to each Calendar Year shall be paid in monthly installments during such Calendar Year in an amount estimated from time to time by Landlord and communicated by written notice to Tenant. If any portion of Taxes for any Calendar Year are payable in whole or in part before the end of such Calendar Year, Tenant shall,

within 30 days after the written request of Landlord, promptly pay its Proportionate Share of such payment as a special installment, after deducting installments previously paid by Tenant under this Section 3C for such Calendar Year. Following the final payment of Taxes for each Calendar Year, Landlord shall cause the amount of the Tax Adjustment Amount for such Calendar Year to be computed and deliver to Tenant a statement of such amount plus a statement of all estimated installments paid by Tenant for such Calendar Year. Tenant shall pay to Landlord any deficiency shown by such statement within 30 days after receipt of such statement. If the installments paid exceed the actual amount due, and, if Tenant is not then in default hereunder, Landlord shall either credit the excess against payments next due to Landlord from Tenant hereunder or, at Landlord's option, refund the excess to Tenant. The amount of any refund of Taxes received by Landlord shall be credited against Taxes for the year in which such refund is received. Delay in computation of the Tax Adjustment Amount shall not be deemed a default hereunder or a waiver of Landlord's right to collect the Tax Adjustment Amount.

D. Base Rent Adjustment.

(i) Definitions:

(a) "Adjustment Date" shall mean the first day of the Term and each January 1 thereafter occurring within the Term.

(b) "Adjustment Year" shall mean each calendar year during which an Adjustment Date occurs.

(c) "Consumer Price Index" shall mean the U.S. City Average Consumer Price Index for All Urban Consumers for All Items (Base Year 1982-1984=100) ("CPI") as published by the United States Department of Labor, Bureau of Labor Statistics. If the manner in which the CPI is determined by the Bureau of Labor Statistics shall be substantially revised, including without limitation a change in the base index year, an adjustment shall be made by Landlord in such revised index which would produce results equivalent, as nearly as possible, to those which would have been obtained if such CPI had not been so revised. If the CPI shall become unavailable to the public because publication is discontinued, or otherwise, or, if equivalent data is not readily available to enable Landlord to make the adjustment referred to in the preceding sentence, then Landlord will substitute therefor a comparable index based upon changes in the cost of living or purchasing power of the consumer dollar published by any other governmental agency or, if no such index shall be available, then a comparable index published by a major bank or other financial institution or by a university or a recognized financial publication. If the percentage change in the CPI is negative, it shall be deemed to be zero for purposes of making calculations hereunder.

(d) "Base Consumer Price Index" shall mean the CPI for the December preceding the Commencement Date.

(ii) CPI Adjustment. Commencing with the Adjustment Year in which the second Adjustment Date occurs, Annual Base Rent shall be increased by an amount equal to the product of Annual Base Rent in effect at the Adjustment Date, multiplied by the CPI Factor, multiplied by the percentage increase, if any, in the CPI for the December preceding each Adjustment Date, over the Base Consumer Price Index (said adjustment being called the "Base Rent Adjustment"); provided, however, that in no event shall the Base Rent Adjustment, as so computed with respect to any Adjustment Year, be less than 3% or the highest Base Rent Adjustment as computed herein with respect to any preceding Adjustment Year.

(iii) Payment of Base Rent Adjustment. Tenant shall pay the Base Rent Adjustment, effective as of the Adjustment Date with respect to each Adjustment Year, as follows:

(a) Tenant shall pay Landlord on or before the first day of each month of each Adjustment Year an amount equal to 1/12 of the Base Rent Adjustment, except as herein provided. Landlord shall furnish Tenant a notice ("CPI Notice") showing the Consumer Price Index and the amount of Tenant's Base Rent Adjustment with respect to such Adjustment Year after Landlord shall have ascertained the Consumer Price Index to be used in calculating the Base Rent Adjustment with respect to an Adjustment Year.

(b) Until such time as Landlord furnishes a CPI Notice, Tenant shall continue to pay to Landlord monthly installments of Base Rent Adjustment in an amount equal to the latest monthly installment of Base Rent Adjustment. On or before the first day of the next calendar month following the Landlord's service of a CPI Notice, Tenant shall pay any amounts owed by Tenant, if any, for monthly installments of Base Rent Adjustment retroactive to the beginning of the period covered by such CPI Notice, and the Rent payable for each month of the then current Calendar Year shall be increased to reflect such adjustment. Amounts previously paid by Tenant in excess of the Base Rent Adjustment, if any, shall be credited against installments of Base Rent Adjustment payable after the date of the CPI Notice until exhausted.

E. Books and Records. Landlord shall maintain books and records showing Operating Expenses, Taxes, and expenses contemplated in Paragraph 6 below (collectively "Books and Records") in accordance with Generally Accepted Accounting Principles and sound management practices. Tenant (or its representative who is a certified public accountant licensed to do business in Illinois) shall have the right to audit, during regular business hours, the Books and Records within fourteen (14) days after Tenant receives Landlord's annual statements pursuant to Paragraphs 3(B), 3(C) or 6(B) or within seven (7) days after Tenant receives Landlord's monthly statement pursuant to Paragraph 6(B). Unless Tenant shall take written exception to any items within thirty (30) days after Tenant receives Landlord's statements, Landlord's statements shall be considered final and accepted by Tenant. Any amount due to Landlord as shown on such statements, whether or not disputed by Tenant, shall be paid by Tenant when due as provided herein, without prejudice to any written exception taken by Tenant. Tenant

shall receive the benefit of any refund due to any error discovered. In addition, Tenant shall be reimbursed for the reasonable costs of the audit if the error amounts to 25% or more of the Operating Expenses, Taxes or expenses contemplated in Paragraph 6 charged to Tenant for the Calendar Year or month, as applicable.

4. USE OF THE PREMISES

A. Reserved Areas. This Lease does not give Tenant any right to use, and Landlord hereby excludes and reserves for its sole and exclusive use, the following areas in and about the Premises: janitor closets, stairways and stairwells, fan, mechanical, electrical, telephone and similar rooms (other than those installed for Tenant's exclusive use); elevator, pipe and other vertical shafts, flues and ducts; all areas above the acoustical ceiling and below the finished floor covering installed in the Premises; all other structural or mechanical elements serving other areas of the Building; and all subterranean, mineral, air, light and view rights.

B. Permitted Use. Tenant shall use and occupy the Premises for the purpose of owning and operating an ambulatory surgery treatment center and incidental related purposes.

C. Compliance with Laws. Tenant shall not use or permit the use of any part of the Premises for any purpose prohibited by law. Tenant shall, at its sole expense, comply with and conform to all of the requirements of all governmental authorities having jurisdiction over the Building which relate in any way to the condition, use and occupancy of the Premises throughout the entire Term of this Lease.

5. POSSESSION

A. Possession of the Premises shall be tendered to Tenant by Landlord on the Commencement Date. Landlord's obligations shall not be deemed incomplete if only insubstantial details of construction, decoration or mechanical adjustments remain to be done. The determination of Landlord's architect or interior space planner for the Building shall be final and conclusive on Tenant as to whether such obligations have been substantially completed.

B. If Landlord's obligations to improve the Premises are substantially completed prior to the Commencement Date and Landlord agrees in writing, without in any way being bound to so agree, Tenant may take possession of the Premises or part thereof prior to the Commencement Date. In such event, all of the covenants and conditions of this Lease shall be binding upon the parties hereto with respect to such whole or part of the Premises as of the date when Tenant took possession and Tenant shall pay Annual Base Rent at the initial annual rate stated herein, without abatement, prorated for the period of such occupancy prior to the Commencement Date. If less than the whole Premises are occupied, Rent shall also be prorated based on the percentage the occupied portion comprises of the full Premises.

C. Under no circumstances shall the occurrence of any of the events described in this Section 5 be deemed to accelerate or defer the Termination Date.

D. Tenant's taking possession of any portion of the Premises shall be conclusive evidence that such portion of the Premises was in good order and satisfactory condition when the Tenant took possession, except as to defects contained on a punch list to be prepared and signed by Landlord and Tenant based on an inspection made prior to the date on which Tenant takes possession of such portion of the Premises; provided, however, that if the Premises are not available to Tenant for such inspection prior to the date on which Tenant takes possession, such punch list shall be prepared and signed by Landlord and Tenant within seven days after Tenant takes possession of such portion of the Premises. Landlord shall promptly correct all defects noted on such agreed punch list. No promise of the Landlord to construct, alter, remodel or improve the Premises or the Building and no representation by Landlord or its agents respecting the condition of the Premises or the Building have been made to Tenant or relied upon by Tenant other than as may be contained in this Lease.

6. SERVICES

A. List of Services. Landlord shall provide the following services:

(i) Heating and air conditioning when necessary for normal comfort in the Premises, from Monday through Friday, during the period from 8 a.m. to 5 p.m. and on Saturday during the period from 8 a.m. to 12 noon, excluding holidays. Tenant will pay for all heating and air conditioning requested and furnished prior to or following such hours and on Sundays and holidays at rates to be established from time to time by Landlord. Landlord's obligations with respect to heating and air conditioning are subject to all governmental rules, regulations and guidelines applicable thereto.

(ii) Water from the regular Building outlets for drinking, lavatory, toilet, and special surgical purposes at all times.

(iii) Janitorial services as specified in Exhibit C attached hereto and made a part hereof.

(iv) Window washing of the inside and outside of those windows in the Building's perimeter walls which are situated in the Premises at intervals to be determined by Landlord.

(v) Adequate automatic passenger elevator service in common with other Tenants at all times.

(vi) Freight elevator services for normal office deliveries during normal business hours subject to scheduling by Landlord.

Landlord also shall provide adequate electrical wiring and facilities for standard building lighting fixtures provided by Landlord and for Tenant's incidental uses. Tenant shall bear the cost of replacement of all lamps, tubes, ballasts and starters for lighting fixtures. With respect to such incidental uses, adequate electrical wiring and facilities will be furnished in the Premises by Landlord, provided that (a) the connected electrical load of the incidental use equipment does not exceed an average of 1 watt per square foot of the Premises; (b) the electricity so furnished for incidental uses will be at a nominal 120 volts and no electrical circuit for the supply of such incidental use will have a current capacity exceeding 15 amperes; and (c) such electricity will be used only for equipment and accessories normal to office usage. If Tenant's requirements for electricity for incidental uses are in excess of those set forth in the preceding sentence, Landlord reserves the right to require Tenant to install the conduit, wiring and other equipment necessary to supply electricity for such excess incidental use requirements at Tenant's expense by arrangement with Commonwealth Edison Company or another approved local utility.

B. Electricity. Landlord shall furnish all electric energy consumed in the Premises during the Term of this Lease. Separate submeters will be installed by Landlord to measure Tenant's consumption of electricity and Tenant shall obtain all current used in the Premises from Landlord and shall pay to Landlord the charges therefor as Additional Rent. The charges for electricity with respect to each Calendar Year shall be paid in monthly installments during such Calendar Year in an amount estimated from time to time by Landlord and communicated by written notice to Tenant. The charge for electricity which Tenant shall pay shall be the amount which Tenant would pay for such electricity if the same were billed directly to Tenant by the local electric utility company at such utility company's current retail rates. Following the close of each Calendar Year, Landlord shall compute the amount of electricity consumed by Tenant and the charges therefor (in the manner set forth in this paragraph) and shall deliver to Tenant a statement of such amount plus a statement of all estimated installments paid by Tenant with respect to such Calendar Year. Tenant shall pay to Landlord any deficiency shown by such statement within 30 days after delivery of such statement. If the installments paid exceed the amount due, and if Tenant is not then in default hereunder, Landlord shall either credit the excess against electricity payments next due to Landlord from Tenant hereunder or, at Landlord's option, refund the excess to Tenant. Delay in computation of the electricity charge shall not be deemed a default hereunder or a waiver of Landlord's right to collect said charge. Tenant's failure to pay either the monthly installment or the annual charge for electricity shall entitle Landlord, upon not less than 10 day's notice, to discontinue furnishing electricity to Tenant and shall constitute a default hereunder. Without limiting the generality of the foregoing, all electricity used during janitor service, alterations and repairs to the Premises shall also be paid for by Tenant.

C. Interruption of Services. Except for the limited abatement of Rent upon a fire or casualty described in Section 11, Tenant agrees that Landlord shall not be liable in damages, by abatement of Rent or otherwise, for failure to furnish or delay in furnishing any service, or for any diminution in the quality or quantity thereof, when such failure or

delay or diminution is occasioned, in whole or in part, by repairs, renewals, or improvements, by any strike, lockout or other labor trouble, by inability to secure electricity, gas or other fuel, or water, by any accident or casualty whatsoever, by act or default of Tenant or other parties, or by any cause beyond Landlord's reasonable control. Such failures or delays or diminution shall never be deemed to constitute an eviction or disturbance of Tenant's use and possession of the Premises or relieve Tenant from paying Rent or performing any of its obligations under this Lease; provided, however, that Landlord will use reasonable efforts to promptly remedy any situation which might interrupt such services.

D. Charges for Services. Charges for any service for which Tenant is required to pay, from time to time hereunder, including, but not limited to, after hours freight elevator services or after hours heating or air conditioning shall be due and payable at the same time as the installment of Rent with which they are billed, or if billed separately, shall be due and payable within 10 days after such billing. If Tenant shall fail to make payment for any such services, Landlord may, with notice to Tenant, discontinue any or all of such services and such discontinuance shall not be deemed to constitute an eviction or disturbance of Tenant's use and possession of the Premises or relieve Tenant from paying Rent or performing any of its other obligations under this Lease.

E. Energy Conservation. Notwithstanding anything to the contrary in this Section 6 or elsewhere in this Lease, Landlord shall have the right to institute such policies, programs and measures as may be necessary or desirable, in Landlord's discretion, for the conservation and/or preservation of energy or energy related services, or as may be required to comply with any applicable codes, rules and regulations, whether mandatory or voluntary.

7. REPAIRS

Tenant will, at Tenant's own expense, keep the Premises in good order, repair and condition at all times during the Term, and Tenant shall promptly and adequately repair all damage to the Premises and replace or repair all damaged or broken fixtures, equipment and appurtenances with materials equal in quality and class to the original materials, under the supervision and subject to the approval of Landlord, and within any reasonable period of time specified by Landlord. If Tenant does not do so, Landlord may, but need not, make such repairs and replacements, and Tenant shall pay Landlord the cost thereof, including Landlord's Costs, forthwith upon being billed for same. (As used in this Lease, the term "Landlord's Costs" shall mean 15% of any costs or expenses paid by Landlord, in order to reimburse Landlord for all overhead, general conditions, fees and other costs and expenses arising from Landlord's actions or involvement). Landlord may, but shall not be required to, enter the Premises at all reasonable times to make such repairs, alterations, improvements and additions to the Premises or to the Building or to any equipment located in the Building as Landlord shall desire or deem necessary or as Landlord may be required to do by governmental authority or court order or decree.

8. ADDITIONS AND ALTERATIONS

Tenant shall not, without the prior written consent of Landlord, make any alterations, improvements or additions to the Premises. Landlord's refusal to give said consent shall be conclusive. If Landlord consents to said alterations, improvements or additions, it may impose such conditions with respect thereto as Landlord deems appropriate, including, without limitation, requiring Tenant to furnish Landlord with security for the payment of all costs to be incurred in connection with such work, insurance against liabilities which may arise out of such work, plans and specifications plus permits necessary for such work and "as-built" drawings or an accurately marked record set of drawings showing the actual location of said alterations, improvements and additions. The work necessary to make any alterations, improvements or additions to the Premises, whether prior to or subsequent to the Commencement Date, shall be done at Tenant's expense by employees of or contractors hired by Landlord except to the extent Landlord gives its prior written consent to Tenant's hiring its own contractors. Tenant shall promptly pay to Landlord or Tenant's contractors, as the case may be, when due, the cost of all such work and of all decorating required by reason thereof. Tenant shall also pay to Landlord, Landlord's Costs for such work, forthwith upon being billed for the same. Upon completion of such work Tenant shall deliver to Landlord, if payment is made directly to contractors, evidence of payment, contractors' affidavits and full and final waivers of all liens for labor, services or materials all in form satisfactory to Landlord. Tenant shall defend and hold Landlord harmless from all costs, damages, liens and expenses related to such work, whether or not Landlord or Tenant performed such work. All work done by Tenant or its contractors pursuant to Section 7 or 8 shall be done in a first-class workmanlike manner using only good grades of materials and shall comply with all insurance requirements and all applicable laws and ordinances and rules and regulations of governmental departments or agencies.

9. COVENANT AGAINST LIENS

Tenant has no authority or power to cause or permit any lien or encumbrance of any kind whatsoever, whether created by act of Tenant, operation of law or otherwise, to attach to or be placed upon Landlord's title or interest in the Land, Building or Premises, and any and all liens and encumbrances created by Tenant shall attach to Tenant's interest only. Tenant covenants and agrees not to suffer or permit any lien of mechanics or materialmen or others to be placed against the Land, Building or the Premises with respect to work or services claimed to have been performed for or materials claimed to have been furnished to Tenant or the Premises, and, in case of any such lien attaching, or claim thereof being asserted, Tenant covenants and agrees to cause it to be immediately released and removed of record, unless it is being contested in good faith by Tenant in such a manner that the Land, Building and/or Premises are not subject to a risk of imminent sale, foreclosure or other disposition. In the event that such lien is not immediately released and removed or is being so contested, Landlord, at its sole option, may take all action necessary to release and remove such lien (without any duty to investigate the validity thereof) and Tenant shall promptly upon notice reimburse

Landlord for all sums, costs and expenses (including reasonable attorneys' fees and Landlord's Costs) incurred by Landlord in connection with such lien.

10. INSURANCE

A. Coverage. Tenant shall maintain at its sole expense during any period of occupancy prior to the Commencement Date and throughout the Term, with insurance companies authorized to do business in the State of Illinois having a Policyholders Rating and a Financial Rating satisfactory to Landlord, and in form and on terms and conditions satisfactory from time to time to Landlord, the following types of insurance:

(i) commercial general liability insurance for bodily injury, death and damage to property of others, including tenant's legal liability and blanket contractual liability, with respect to all business conducted in, at, upon or from the Premises and the use and occupancy thereof and the use of the common areas of the Building including the activities, operations and work conducted or performed by Tenant, by any other person on behalf of Tenant, by those for whom Tenant is in law responsible and by any other person on the Premises. The aforesaid policy or policies shall be written with inclusive limits of not less than \$2,000,000 for any one accident or occurrence or such higher limits as Landlord shall reasonably require from time to time;

(ii) property damage insurance on an "All Risks" basis, including extended coverage endorsement for the risks of earthquake and flood and such additional perils as Landlord shall reasonably require from time to time with respect to Tenant's fixtures, Tenant's furnishings, Tenant's equipment, the Premises and leasehold improvements, and such other property in or forming part of the Premises as Landlord may from time to time require. The aforesaid policy or policies shall be written with insurance limits of not less than the full replacement cost thereof, shall include a Replacement Cost Endorsement and an Agreed Amount Endorsement, with permission to replace at any site, subject only to such deductibles and exclusions as Landlord may approve. If there is a dispute as to the amount which represents full replacement cost, the decision of Landlord shall be conclusive; and

(iii) such other insurance as Landlord may reasonably require having regard to the risks which are customarily insured against by prudent tenants of similar premises.

B. Physical Damage Insurance. All policies of physical damage insurance required to be effected by Tenant on property covered under this paragraph shall be non-contributing with, and shall apply only as primary and not as excess to, any other insurance available to Landlord where Landlord also has any interest in the property and shall include Landlord as named insured as its interest may appear with respect to the Premises and the leasehold improvements. The Policy shall provide that any loss is to be adjusted with Landlord only and shall provide that any proceeds recoverable in the event of damage to the Premises and the leasehold improvements shall be payable to Landlord, Tenant hereby waiving any and all right, title, interest or claim in and to such insurance

policies or the proceeds thereof (but Landlord agrees to make available such proceeds towards the repair or replacement of the insured property if this Lease is not terminated pursuant to any other provision hereof). Tenant agrees to execute and deliver to Landlord any and all releases, directions or other instruments that may be required for Landlord to settle and adjust and effect collection on any policies of insurance. Landlord and Tenant each hereby waive any and every claim for recovery from the other for any and all loss of or damage to the Building or Premises or to the contents thereof, which loss or damage is covered by valid and collectible physical damage insurance policies, to the extent that such loss or damage is recoverable under said insurance policies. Inasmuch as this mutual waiver will preclude the assignment of any such claim by subrogation (or otherwise) to an insurance company (or any other person), Landlord and Tenant each agree to give to each insurance company which has issued, or in the future may issue, to it policies of physical damage insurance, written notice of the terms of this mutual waiver, and to have said insurance policies properly endorsed, if necessary, to prevent the invalidation of said insurance coverage by reason of said waiver.

C. Liability Insurance. All policies of liability insurance required to be effected by Tenant shall include Landlord as named insured and in addition shall contain crossliability and severability clauses protecting Landlord with respect to claims by Tenant or other persons or both as if Landlord were separately insured. If both Landlord and Tenant have claims to be indemnified under any such liability insurance, the indemnity shall be first applied to the settlement of the claim of Landlord and the balance to the settlement of the claim of Tenant.

D. Notice of Cancellation. All policies of insurance required to be effected by Tenant shall contain firm provisions prohibiting the insurer from materially altering to the detriment of Landlord or cancelling the coverage or allowing it to lapse without first giving Landlord at least 30 days prior to written notice thereof. In addition, all policies of insurance shall contain a clause that states that the coverage shall not be invalidated by any act or omission of Landlord.

E. Deliver Policies. Tenant shall deliver to Landlord not less than 10 days before the Commencement Date or any expiration date of the policies of insurance, copies of current policies or certificates of insurance together with paid receipts or other proof as may be required by Landlord to establish Tenant's insurance coverage in effect from time to time and the payment of premiums thereon. If Tenant fails to insure or pay premiums or to deliver satisfactory proof thereof as so required, Landlord may but shall not be obligated to procure such insurance on behalf of Tenant and Tenant shall pay to Landlord forthwith on demand the cost of procuring such insurance.

F. Avoid Action Increasing Rates. Tenant shall not keep or use in or upon the Premises any article which may be prohibited by any insurance policy in force from time to time covering the Premises or the Building. If the occupancy of the Premises, the conduct of business in the Premises or any act or omission of Tenant in the Premises, causes or results in any increase in premiums for the insurance carried from time to time

by Landlord with respect to the Building, Tenant shall pay to Landlord forthwith on demand the cost of any increase in premiums.

G. Landlord Insurance. Throughout the Term of the Lease, Landlord shall maintain: (1) comprehensive general liability insurance covering the portion of the Building not leased to Tenant with a combined single limit for bodily injury and property damage of not less than \$2,000,000; and (2) casualty insurance covering the Building (including any of the improvements installed by Landlord in the Premises) against loss, damage or destruction by fire and the perils specified in the standard extended coverage endorsement, in an amount not less than the then current replacement value of the Building.

11. FIRE OR CASUALTY

A. Section 7 hereof notwithstanding, if the Premises or the Building (including machinery or equipment used in its operation) shall be damaged by fire or other casualty and if such damage does not render all or a substantial portion of the Premises or Building untenable, then Landlord shall repair and restore the same with reasonable promptness, subject to reasonable delays for insurance adjustments and delays caused by matters beyond Landlord's reasonable control, but shall not be obligated to expend therefor an amount in excess of the proceeds of insurance recovered with respect thereto. If any such damage renders all or a substantial portion of the Premises or Building untenable, Landlord shall have the right to terminate this Lease as of the date of such damage (with appropriate prorations of Rent being made for Tenant's possession subsequent to the date of such damage of those tenable portions of the Premises) upon giving written notice to Tenant at any time within 60 days after the date of such damage. Landlord shall have no liability to Tenant, and Tenant shall not be entitled to terminate this Lease, by virtue of any delays in completion of such repairs and restoration. Rent, however, shall abate on those portions of the Premises as are, from time to time, untenable as a result of such damage.

B. For purposes of this Section 11 only, Landlord shall repair or restore any portion of the alterations, additions or improvements in the Premises or the decorations thereto to the extent that such alterations, additions, improvements and decorations were provided by Landlord at the beginning of the Term or specifically approved of by Landlord during the Term as provided in Section 8. Landlord shall have no further obligation pursuant to this Lease to repair or restore any alterations, additions or improvements in the Premises or the decorations thereto. If Tenant desires any other or additional repairs or restoration and if Landlord consents thereto, the same shall be done at Tenant's sole cost and expense subject to all of the provisions of Sections 7 and 8 hereof. Tenant acknowledges that Landlord shall be entitled to the full proceeds of any insurance coverage, whether carried by Landlord or Tenant, for damage to alterations, additions, improvements or decorations. Provided, however, that in the case of fire, casualty or condemnation which results in the termination of this Lease, in whole or in part, Tenant shall be entitled to receive from the insurance proceeds, condemnation award or other monies paid to Landlord in consideration of the fire, casualty or condemnation,

Tenant's Allocated Share of the unamortized leasehold improvement cost (as defined at §22 (iii) below).

12. WAIVER OF CLAIMS - INDEMNIFICATION

To the extent not prohibited by law, Landlord and Landlord's beneficiaries, and their respective partners, affiliates, officers, agents, servants and employees shall not be liable for any damage either to person, property or business or resulting from the loss of use thereof sustained by Tenant or by other persons due to the Building or any part thereof or any appurtenances thereof becoming out of repair, or due to the happening of any accident or event in or about the Building, including the Premises, or due to any act or neglect of any tenant or occupant of the Building or of any other person. This provision shall apply particularly, but not exclusively, to damage caused by gas, electricity, snow, ice, frost, steam, sewage, sewer gas or odors, fire, water or by the bursting or leaking of pipes, faucets, sprinklers, plumbing fixtures and windows, and shall apply without distinction as to the person whose act or neglect was responsible for the damage and whether the damage was due to any of the causes specifically enumerated above or to some other cause of an entirely different kind. Tenant further agrees that all personal property upon the Premises, or upon loading docks, receiving and holding areas, or freight elevators of the Building, shall be at the risk of Tenant only, and that Landlord shall not be liable for any loss or damage thereto or theft thereof. Without limitation of any other provisions thereof, Tenant agrees to defend, protect, indemnify and save harmless Landlord and Landlord's beneficiaries and their respective partners, affiliates, officers, agents, servants and employees from and against all liability to third parties arising out of the use of the Premises or acts of Tenant or its servants, agents, employees, contractors, suppliers, workers or invitees.

13. NONWAIVER

No waiver of any provision of this Lease shall be implied by any failure of Landlord to enforce any remedy on account of the violation of such provisions, even if such violation be continued or repeated subsequently, and no express waiver shall affect any provision other than the one specified in such waiver and that one only for the time and in the manner specifically stated. No receipt of monies by Landlord from Tenant after the termination of this Lease shall in any way alter the length of the Term or of Tenant's right of possession hereunder or after the giving of any notice shall reinstate, continue or extend the Term or affect any notice given Tenant prior to the receipt of such monies, it being agreed that after the service of notice or the commencement of a suit or after final judgment for possession of the Premises, Landlord may receive and collect any Rent due, and the payment of said Rent shall not waive or affect said notice, suit or judgment.

14. CONDEMNATION

If the Land or the Building or any portion thereof shall be taken or condemned by any competent authority for any public or quasi-public use or purpose (a "taking"), or if

the configuration of any street, or alley, adjacent to the Building is changed by any competent authority and such taking or change in configuration makes it necessary or desirable to remodel or reconstruct the Building, Landlord shall have the right, exercisable at its sole discretion, to cancel this Lease upon not less than 90 days notice prior to the date of cancellation designated in the notice. No money or other consideration shall be payable by Landlord to Tenant for the right of cancellation and Tenant shall have no right to share in the condemnation award or in any judgment for damages caused by such taking or change in configuration, except as set forth in Paragraph 11B.

15. ASSIGNMENT AND SUBLETTING

A. Tenant shall not, without the prior written consent of Landlord (which consent may be withheld arbitrarily except as provided below), (i) assign, convey or mortgage this Lease or any interest hereunder; (ii) permit to occur or permit to exist any assignment of this Lease, or any lien upon Tenant's interest, voluntarily or by operation of law; (iii) sublet the Premises or any part thereof; or (iv) permit the use of the Premises by any parties other than Tenant and its employees. Any such action on the part of Tenant shall be void and of no effect. The term "sublease" and all words derived therefrom, as used in this Section 15, shall include any subsequent sublease or assignment of such sublease and any other interest arising under such sublease. Landlord's consent to any assignment, subletting or transfer or Landlord's election to accept any assignee subtenant or transferee as the tenant hereunder and to collect rent from such assignee, subtenant or transferee shall not release Tenant or any subsequent tenant from any covenant or obligation under this Lease. Landlord's consent to any assignment, subletting or transfer shall not constitute a waiver of Landlord's right to withhold its consent to any future assignment, subletting, or transfer. Landlord may condition its consent upon execution by the subtenant or assignee of an instrument confirming such restrictions on further subleasing or assignment and joining in the waivers and indemnities made by Tenant hereunder.

B. If Tenant desires the consent of Landlord to an assignment or subletting, Tenant shall submit to Landlord at least 30 days prior to the proposed effective date of the assignment or sublease a written notice which includes:

(i) all documentation then available related to the proposed sublease or assignment (copies of final executed documentation to be supplied on or before the effective date); and

(ii) sufficient information to permit Landlord to determine the identity and character of the proposed subtenant or assignee and the financial condition of the proposed assignee.

C. If Landlord does not terminate this Lease, in whole or in part, pursuant to Section 15D it may, nevertheless withhold its consent to such assignment or subletting if:

(i) in the reasonable judgment of Landlord the subtenant or assignee is of a character or engaged in a business which is not in keeping with the standards maintained by Landlord in the Building; or

(ii) in the reasonable judgment of Landlord the subtenant or assignee does not have a financial condition or financial or moral responsibility comparable to other tenants in the Building; or

(iii) in the reasonable judgment of Landlord the purpose for which the subtenant or assignee intends to use the subleased space is in violation of the terms of this Lease or the lease of any other tenant in the Building which prohibits such use, requires excessive use of the Building's mechanical systems or requires a large volume of pedestrian traffic; or

(iv) other vacant space in the Building is suitable for assignee's or sublessee's use; or

(v) if Tenant is in default.

D. In addition to withholding its consent, Landlord shall have the right to terminate this Lease as to that portion of the Premises which Tenant seeks to assign or sublet, whether by requesting Landlord's consent thereto or otherwise. Landlord may exercise such right to terminate by giving written notice to Tenant at any time prior to Landlord's written consent to such assignment or sublease. In the event that Landlord exercises such right to terminate, Landlord shall be entitled to recover possession of and Tenant shall surrender such portion of the Premises on the later of (i) the proposed date for possession by such assignee or subtenant, or (ii) 90 days after the date of Landlord's notice of termination to Tenant. If Landlord does not elect to terminate this Lease as aforesaid, but approves a proposed assignment or sublease, the original Tenant shall not be released from any covenant or obligation under this Lease.

E. In the event that Landlord consents to any assignment or sublease of any portion of the Premises, as a condition of Landlord's consent, if Landlord so elects to consent, Tenant shall pay to Landlord any attorneys' fees and expenses incurred by Landlord in connection with such assignment or sublease plus all profit derived by Tenant from such assignment or sublease. Tenant shall furnish Landlord with a sworn statement, certified by an independent certified public accountant, setting forth in detail the computation of profit (which computation shall be based upon generally accepted accounting principles), and Landlord, or its representatives, shall have access to the books, records and papers of Tenant in relation thereto, and to make copies thereof. Any rent in excess of that paid by Tenant hereunder for the Premises so assigned or sublet realized by reason of such assignment or sublease shall be deemed an item of such profit. If a part of the consideration for such assignment or sublease shall be payable other than in cash, the payment to Landlord shall be payable in such form as is satisfactory to Landlord. Tenant's profits shall be paid to Landlord promptly by Tenant upon Tenant's receipt from time to time of periodic payments from such assignee or subtenant or at such

other time as Tenant shall realize its profits from such assignment or sublease. If such sublease or assignment is part of a larger transaction in which other assets of Tenant are being transferred, the consideration for the assignment or sublease shall be the fair market value of such assignment or the fair market rental for such sublease, as reasonably determined by Landlord.

16. SURRENDER OF POSSESSION

All alterations, improvements and additions to the Premises, whether temporary or permanent in character, made or paid for by Landlord or Tenant, shall without compensation to Tenant become Landlord's property upon completion of such alterations, improvements and additions.

Upon the expiration of the Term or upon the termination of Tenant's right of possession, whether by lapse of time or at the option of Landlord as herein provided, Tenant shall forthwith surrender the Premises to Landlord in good order, repair and condition, ordinary wear and tear excepted, and shall, if Landlord so requires, remove those alterations, improvements and additions to the Premises including built-in furniture or shelves and all other attached items which Landlord shall request Tenant remove and restore the Premises to the condition existing at the beginning of the Term, ordinary wear and tear excepted. Prior to the termination of the Term or of Tenant's right of possession Tenant shall remove its office furniture, trade fixtures, office equipment and all other items of Tenant's movable property on the Premises. Tenant shall pay to Landlord upon demand the cost of repairing any damage to the Premises and to the Building caused by any removal plus Landlord's Costs. If Tenant shall fail or refuse to remove any property which it is required to remove from the Premises, Tenant shall be conclusively presumed to have abandoned the same, and title thereto shall thereupon pass to Landlord without any cost either by set-off, credit, allowance or otherwise, and Landlord may at its option accept the title to such property or at Tenant's expense may (i) remove the same or any part in any manner that Landlord shall choose, repairing any damage to the Premises caused by such removal, and (ii) store, destroy or otherwise dispose of the same without incurring liability to Tenant or any other person.

17. HOLDING OVER

Tenant shall pay to Landlord an amount as Rent equal to 200% of 1/12 of the Annual Base Rent and 200% of 1/12 of the Additional Rent payable by Tenant during the previous Calendar Year herein provided during each month or portion thereof for which Tenant shall retain possession of the Premises or any part thereof after the expiration or termination of the Term or of Tenant's right of possession, whether by lapse of time or otherwise. The provisions of this Section 17 shall not be deemed to limit or constitute a waiver of any other rights or remedies of Landlord provided herein or at law or in equity.

18. ESTOPPEL CERTIFICATE

Tenant agrees, that, from time to time upon not less than 10 days prior request by Landlord, Tenant, or Tenant's duly authorized representative having knowledge of the following facts, will deliver to Landlord a statement in writing certifying (i) that this Lease is unmodified and in full force and effect (or if there have been modifications, a description of such modifications and that the Lease as modified is in full force and effect); (ii) the dates to which Rent and other charges have been paid; (iii) that the Landlord is not in default under any provision of this Lease, or, if in default, the nature thereof in detail; and (iv) such further matters as are set forth on the form of estoppel certificate attached hereto as Exhibit D and made a part hereof, or as may be requested by Landlord, it being intended that any such statement may be relied upon by any prospective assignee of any tenant of the Building, any mortgagees or prospective mortgagees thereof, or any prospective assignee of any mortgagee thereof, or any prospective and/or subsequent purchaser or transferee of all or a part of Landlord's interest in the Land and/or Building. Tenant shall execute and deliver whatever instruments may be required for such purposes, and in the event Tenant fails so to do within 10 days after demand in writing, Tenant shall be considered in default under this Lease.

19. OBLIGATIONS TO MORTGAGEES

A. Subordination. Upon request of Landlord, and any mortgagee or beneficiary of Landlord, Tenant will in writing subordinate its rights hereunder to the lien of any mortgage or deed of trust in force against all or any part of the Building. Any such subordination shall be subject to the condition that such mortgagee or beneficiary enters into a written agreement with Tenant, in recordable form, binding upon the successors and assigns of the parties thereto, by the terms of which such mortgagee or beneficiary agrees: (i) not to disturb the possession and other rights of Tenant under this Lease so long as Tenant continues to perform its obligations hereunder; (ii) in the event of acquisition of title, or coming into possession, by the mortgagee or beneficiary, through foreclosure proceedings, deed in lieu of foreclosure or otherwise, to accept Tenant as tenant of the Premises under the terms and conditions of this Lease accruing after such acquisition of title or coming into possession.

In the event any proceedings are brought for foreclosure, or in the event of the exercise of the power of sale under any mortgage or deed or trust made by Landlord covering the Premises, Tenant shall attorn to the purchaser and recognize the purchaser as Landlord under this Lease; provided that the purchaser shall be obligated to acquire and accept the Premises subject to this Lease and to perform all of Landlord's obligations under the terms of this Lease accruing after such acquisition of title or coming into possession.

B. Notice to Landlord and Mortgagee. In the event of any act or omission by Landlord which would give Tenant the right to damages from Landlord or the right to terminate this Lease, Tenant will not sue for such damages or exercise any such right to terminate until (i) it shall have given written notice of the act or omission to Landlord and to the holder(s) of the indebtedness or other obligations secured by any mortgage or deed

of trust affecting the Premises or of any ground or underlying lease, if the name and address of such holder(s) have been furnished to Tenant, and (ii) a reasonable period of time, in light both of the time required to effect a remedy and of the impact of the act or omission on Tenant's business operations on the Premises, for remedying the act or omission has elapsed following the giving of the notice, during which time Landlord and such holder(s), or either of them, their agents or employees, will be entitled to enter upon the Premises and do therein whatever may be necessary to remedy the act or omission.

20. CERTAIN RIGHTS RESERVED BY LANDLORD

Landlord shall have the following rights, each of which Landlord may exercise without notice to Tenant and without liability to Tenant for damage or injury to property, person or business on account of the exercise thereof, and the exercise of any such rights shall not be deemed to constitute an eviction or disturbance of Tenant's use or possession of the Premises and shall not give rise to any claim for set-off or abatement of rent or any other claim:

- (i) To change the name or street address of the Building.
- (ii) To install, affix and maintain any and all signs on the exterior or interior of the Building.
- (iii) To decorate or to make repairs, alterations, additions, or improvements, whether structural or otherwise, in and about the Building, or any part thereof, and for such purposes to enter upon the Premises, and during the continuance of any of said work, to temporarily close doors, entryways, public space and corridors in the Building and to interrupt or temporarily suspend services or use of facilities, all without affecting any of Tenant's obligations hereunder, so long as the Premises are reasonably accessible and usable.
- (iv) To furnish door keys for the entry door(s) in the Premises at the commencement of the Lease and to retain at all times, and to use in appropriate instances, keys to all doors within and into the Premises. Tenant agrees to purchase only from Landlord additional duplicate keys as required, to change no locks, and not to affix locks on doors without the prior written consent of Landlord. Notwithstanding the provisions for Landlord's access to Premises, Tenant relieves and releases Landlord of all responsibility arising out of theft, robbery, pilferage and personal assault. Upon the expiration of the Term or Tenant's right to possession, Tenant shall return all keys to Landlord and shall disclose to Landlord the combination of any safes, cabinets or vaults left in the Premises.
- (v) To designate and approve all window coverings used in the Building.
- (vi) To approve the weight, size and location of safes, vaults, vertical files and other heavy equipment and articles in and about the Premises and the Building

so as not to exceed the legal live load per square foot designated by the structural engineers for the Building, and to require all such items and furniture and similar items to be moved into or out of the Building and Premises only at such times and in such manner as Landlord shall direct in writing. Tenant shall not install or operate machinery or any mechanical devices of a nature not directly related to Tenant's ordinary use of the Premises without the prior written consent of Landlord. Movements of Tenant's property into or out of the Building or Premises and within the Building are entirely at the risk and responsibility of Tenant, and Landlord reserves the right to require permits before allowing any property to be moved into or out of the Building or Premises.

(vii) To establish controls for the purpose of regulating all property and packages, both personal and otherwise, to be moved into or out of the Building and Premises and all persons using the Building after normal office hours.

(viii) To regulate delivery and service of supplies and the usage of the loading docks, receiving areas and freight elevators.

(ix) To show the Premises to prospective tenants at reasonable times and, if vacated or abandoned, to show the Premises at any time and to prepare the Premises for reoccupancy.

(x) To enter the Premises at any reasonable time to inspect the Premises.

(xi) To grant to any person or to reserve unto itself the exclusive right to conduct any business or render any service in the Building other than the business engaged in by the Tenant.

(xii) If Landlord elects to make available to tenants in the Building any services or supplies, or arranges a master contract therefor, Tenant agrees to obtain its requirements, if any, therefor from Landlord or under any such contract, provided that the charges therefor are reasonable.

21. RULES AND REGULATIONS

Tenant agrees to observe the rules and regulations for the Building attached hereto as Exhibit E and made a part hereof. Landlord shall have the right from time to time to prescribe additional rules and regulations which, in its judgment, may be desirable for the use, entry, operation and management of the Premises and Building, each of which rules and regulations and any amendments thereto shall become a part of this Lease. Tenant shall comply with all such rules and regulations; provided, however, that such rules and regulations shall not contradict or abrogate any right or privilege herein expressly granted to Tenant.

22. LANDLORD'S REMEDIES

If default shall be made in the payment of the Rent or any installment thereof or in the payment of any other sum required to be paid by Tenant under this Lease or under the terms of any other agreement between Landlord and Tenant and such default shall continue for 5 days after written notice to Tenant, or if default shall be made in the observance or performance of any of the other covenants or conditions in this Lease which Tenant is required to observe and perform and such default shall continue for 10 days after written notice to Tenant, or if a default involves a hazardous condition and is not cured by Tenant immediately upon written notice to Tenant, or if the interest of Tenant in this Lease shall be levied on under execution or other legal process, or if any voluntary petition in bankruptcy or for corporate reorganization or any similar relief shall be filed by Tenant, or if any involuntary petition in bankruptcy shall be filed against Tenant under any federal or state bankruptcy or insolvency act and shall not have been dismissed within 30 days from the filing thereof, or if a receiver shall be appointed for Tenant or any of the property of Tenant by any court and such receiver shall not have been dismissed within 30 days from the date of his appointment, or if Tenant shall make an assignment for the benefit of creditors, or if Tenant shall admit in writing Tenant's inability to meet Tenant's debts as they mature, or if Tenant defaults with respect to any other Lease between Tenant and Landlord, or if Tenant fails to take occupancy of the Premises when tendered, or if Tenant shall abandon or vacate the Premises during the Term, then Landlord may treat the occurrence of any one or more of the foregoing events as a breach of this Lease, and thereupon at its option may, with or without notice or demand of any kind to Tenant or any other person, have any one or more of the following described remedies in addition to all other rights and remedies provided at law or in equity or elsewhere herein:

(i) Landlord may terminate this Lease and the Term created hereby, in which event Landlord may forthwith repossess the Premises and be entitled to recover forthwith, in addition to any other sums or damages for which Tenant may be liable to Landlord, as damages (a) a sum of money equal to the excess of the present value of the Rent provided to be paid by Tenant for the balance of the Term over the present value of the fair market rent for the Premises, taking into account the time the Premises may be vacant and the expenses necessary to obtain a replacement tenant or tenants, and commissions and expenses relating to the recovery of the Premises, preparation for reletting and for reletting itself; (b) the unamortized leasehold improvement costs (as hereinafter defined) and (c) the cost of performing any other covenants to be performed by Tenant. For the purpose of determining present value, Landlord and Tenant agree that the interest rate shall be the rate applicable to the then-current yield on obligations of the U.S. Treasury having a maturity date on or about the Termination Date. Should the present value of the fair market rent for the Premises, after deduction of all anticipated expenses of reletting for the balance of the Term exceed the present value of the Rent provided to be paid by Tenant for the balance of the Term, Landlord shall have no obligation to pay to Tenant the excess or any part thereof or to credit such excess or any part thereof against any other sums or damages for which Tenant may be liable to Landlord.

(ii) Landlord may terminate Tenant's right of possession and may repossess the Premises by forcible entry and detainer suit, by taking peaceful possession or otherwise, without terminating this Lease, in which event and subject to Landlord's right to first rent other vacant areas in the Building, Landlord may, but shall be under no obligation to, relet the same (except to the extent required by applicable law) for the account of Tenant, for such rent and upon such terms as shall be satisfactory to Landlord. For the purpose of such reletting, Landlord is authorized to decorate, repair, remodel or alter the Premises. If Landlord shall fail to relet the Premises, Tenant shall pay to Landlord as damages a sum equal to the amount of the Rent reserved in this Lease for the balance of the Term as such Rent shall become due and payable hereunder from time to time during the Term. If the premises are relet and a sufficient sum shall not be realized from such reletting after paying all of the costs and expenses of all decoration, repairs, remodeling, alterations and additions and the expenses of such reletting and of the collection of the rent accruing therefrom to satisfy the Rent provided for in this Lease, Tenant shall satisfy and pay the same upon demand therefor from time to time. Tenant shall not be entitled to any rents received by Landlord in excess of the Rent provided for in this Lease. Tenant agrees that Landlord may file suit to recover any sums falling due under the terms of this Section 22 from time to time and that no suit or recovery of any portion due Landlord hereunder shall be any defense to any subsequent action brought for any amount not theretofore reduced to judgment in favor of Landlord.

(iii) For purposes hereof "unamortized leasehold improvement cost" shall mean the cost to Landlord of purchasing, fabricating and installing all improvements which were installed on the Premises by Landlord pursuant to this Lease prior to the beginning of the Term including interest thereon calculated by amortizing such costs over the Term with interest at the rate specified herein for delinquent Rent payments and multiplying the total costs and interest by a fraction, the numerator of which is the number of months of the Term not yet elapsed on the date the Term is terminated or Tenant's right to possession is terminated, as the case may be, and the denominator of which is the total number of months of the Term. For example, if the total cost to Landlord of installing such improvements was \$10,000, the Term was 24 months, the interest rate was 10%, and the Lease was terminated by reason of Tenant's default at the end of 12 months, the unamortized leasehold improvement cost would be determined as follows:

$$\begin{aligned} &(\$461.45 = \text{monthly amortization}) \times 24 \text{ months} \\ &= \$11,074.80 \times 12/24 = \$5,537.40 \end{aligned}$$

23. EXPENSES OF ENFORCEMENT

Each party shall pay upon demand all costs, charges and expenses including the fees and out-of-pocket expenses of counsel, agents and others retained by the other party, incurred by the other party in any litigation, negotiation or transaction in which a party causes the other party without the other party's fault to become involved or concerned. In the event of any litigation between Landlord and Tenant arising out of an alleged breach

of this Lease by either party and such litigation terminates upon the issuance of a final, unappealable judicial order, the unsuccessful party therein shall pay the successful party's reasonable attorney's fees and expenses in such litigation. This provision shall inure only to the Landlord and Tenant and their respective successors and permitted assigns, if any.

24. COVENANT OF QUIET ENJOYMENT

Landlord covenants that Tenant, on paying the Rent, charges for services and other payments herein reserved and on keeping, observing and performing all the other terms, covenants, conditions, provisions and agreements herein contained on the part of Tenant to be kept, observed and performed, shall, during the Term, peaceably and quietly have, hold and enjoy the Premises subject to the terms, covenants, conditions, provisions and agreements hereof.

25. SECURITY DEPOSIT

Tenant hereby deposits with Landlord the Security Deposit, as security for the prompt, full and faithful performance by Tenant of each and every provision of this Lease and of all obligations of Tenant hereunder.

A. If Tenant fails to perform any of its obligations hereunder, Landlord may use, apply or retain the whole or any part of the Security Deposit for the payment of (i) any Rent or other sums of money which Tenant may not have paid when due, (ii) any sum expended by Landlord on Tenant's behalf in accordance with the provisions of this Lease, and/or (iii) any sum which Landlord may expend or be required to expend by reason of Tenant's default, including, without limitation, any damage or deficiency in or from the reletting of the Premises as provided in Section 22. The use, application or retention of the Security Deposit, or any portion thereof, by Landlord shall not prevent Landlord from exercising any other right or remedy provided by this Lease or by law (it being intended that Landlord shall not first be required to proceed against the Security Deposit) and shall not operate as a limitation on any recovery to which Landlord may otherwise be entitled. If any portion of the Security Deposit is used, applied or retained by Landlord for the purposes set forth above, Tenant agrees, within 10 days after written demand there for is made by Landlord, to deposit cash with Landlord in an amount sufficient to restore the Security Deposit to its original amount. Within ten (10) days of any use, application or retention of the Security Deposit (or any portion thereof), Landlord shall provide to Tenant a detailed statement describing the basis for the use, application or retention ("Security Deposit Statement"). Landlord shall maintain books and records with respect to the items in the Security Deposit Statement in the same manner as provided in Paragraph 3E. Tenant shall have the right to audit, during regular business hours, such books and records within thirty (30) days after receipt of the Security Deposit Statement.

B. If Tenant shall fully and faithfully comply with all of the provisions of this Lease, the Security Deposit, or any balance thereof, shall be returned to Tenant without interest after the expiration of the Term or upon any later date after which Tenant has

vacated the Premises. In the absence of evidence satisfactory to Landlord of any permitted assignment of the right to receive the Security Deposit, or of the remaining balance thereof, Landlord may return the same to the original Tenant, regardless of one or more assignments of Tenant's interest in this Lease or the Security Deposit. In such event, upon the return of the Security Deposit, or the remaining balance thereof to the original Tenant, Landlord shall be completely relieved of liability under this Section 25 or otherwise with respect to the Security Deposit.

C. Tenant acknowledges that Landlord has the right to transfer or mortgage its interest in the Land and the Building and in this Lease and Tenant agrees that in the event of any such transfer or mortgage, Landlord shall have the right to transfer or assign the Security Deposit to the transferee or mortgagee. Upon such transfer or assignment, Landlord shall thereby be released by Tenant from all liability or obligation for the return of such Security Deposit and Tenant shall look solely to such transferee or mortgagee for the return of the Security Deposit.

26. [INTENTIONALLY OMITTED]

27. MISCELLANEOUS

A. Rights Cumulative. All rights and remedies of Landlord under this Lease shall be cumulative and none shall exclude any other rights and remedies allowed by law.

B. Interest. All payments becoming due under this Lease and remaining unpaid when due shall bear interest until paid at the greater of (i) 12% per annum or (ii) the Stipulated Rate (but in no event at a rate which is more than the highest rate which is at the time lawful in the State of Illinois).

C. Terms. The necessary grammatical changes required to make the provisions hereof apply either to corporations or partnerships or individuals, men or women, as the case may require, shall in all cases be assumed as though in each case fully expressed.

D. Binding Effect. Each of the provisions of this Lease shall extend to and shall, as the case may require, bind or inure to the benefit not only of Landlord and of Tenant, but also of their respective successors or assigns, provided this clause shall not permit any assignment by Tenant contrary to the provisions of Section 15 hereof.

E. Lease Contains All Terms. All of the representations and obligations of Landlord are contained herein and in the Work Letter, Riders, if any, and other Exhibits attached hereto, and no modification, waiver or amendment of this Lease or of any of its conditions or provisions shall be binding upon Landlord unless in writing signed by Landlord or by a duly authorized agent of Landlord empowered by a written authority signed by Landlord.

F. Delivery for Examination. Submission of the Lease for examination shall not bind Landlord in any manner, and no Lease or obligations of Landlord shall arise until this instrument is signed by both Landlord and Tenant and delivery is made to each, provided, however, the execution and delivery by Tenant of this Lease to Landlord or the Manager shall constitute an irrevocable offer by Tenant to lease the Premises on the terms and conditions herein contained, which offer may not be withdrawn or revoked for 30 days after such execution and delivery. If Tenant is a corporation, it shall deliver to Landlord concurrently with the delivery to Landlord of an executed Lease, certified resolutions of Tenant's directors authorizing execution and delivery of this Lease and the performance by Tenant of its obligations hereunder.

G. No Air Rights. No rights to any view or to light or air over any property, whether belonging to Landlord or any other person, are granted to Tenant by this Lease.

H. Modification of Lease. If any lender requires, as a condition to its lending funds the repayment of which is to be secured by a mortgage or trust deed on the Land and Building or either, that certain modifications be made to this Lease, which modifications will not require Tenant to pay any additional amounts or otherwise change materially the rights or obligations of Tenant hereunder, Tenant shall, upon Landlord's request, execute appropriate instruments effecting such modifications.

I. [INTENTIONALLY OMITTED]

J. Transfer of Landlord's Interest. Tenant acknowledges that Landlord has the right to transfer its interest in the Land and Building and in this Lease, and Tenant agrees that in the event of any such transfer Landlord shall automatically be released from all liability under this Lease and Tenant agrees to look solely to such transferee for the performance of Landlord's obligations hereunder. Tenant further acknowledges that Landlord may assign its interest in this Lease to a mortgage lender as additional security and agrees that such an assignment shall not release Landlord from its obligations hereunder and that Tenant shall continue to look to Landlord for the performance of its obligations hereunder.

K. Landlord's Title. Landlord's title is and always shall be paramount to the title of Tenant. Nothing herein contained shall empower Tenant to commit or engage in any act which can, shall or may encumber the title of Landlord.

L. Prohibition Against Recording. Neither this Lease, nor any memorandum, affidavit or other writing with respect thereto, shall be recorded by Tenant or by anyone acting through, under or on behalf of Tenant, and the recording thereof in violation of this provision shall make this Lease null and void at Landlord's election.

M. Captions. The captions of Paragraphs and subparagraphs are for convenience only and shall not be deemed to limit, construe, affect or alter the meaning of such paragraphs or subparagraphs.

N. Covenants and Conditions. All of the covenants of Tenant hereunder shall be deemed and construed to be "conditions," if Landlord so elects, as well as "covenants" as though the words specifically expressing or importing covenants and conditions were used in each separate instance.

O. Only Landlord/Tenant Relationship. Nothing contained in this Lease shall be deemed or construed by the parties hereto or by any third party to create the relationship of principal and agent, partnership, joint venturer or any association between Landlord and Tenant, it being expressly understood and agreed that neither the method of computation of Rent nor any act of the parties hereto shall be deemed to create any relationship between Landlord and Tenant other than the relationship of landlord and tenant.

P. Application of Payments. Landlord shall have the right to apply payments received from Tenant pursuant to this Lease (regardless of Tenant's designation of such payments) to satisfy any obligations of Tenant hereunder, in such order and amounts, as Landlord in its sole discretion, may elect.

Q. Definition of Landlord. All indemnities, covenants and agreements of Tenant contained herein which inure to the benefit of Landlord shall be construed to also inure to the benefit of Landlord's officers, directors, agents and employees.

R. Time of Essence. Time is of the essence of this Lease and each of its provisions. However, whenever there is provided a time limitation for performance by either party of construction, repair, maintenance or service, the time provided for shall be extended but only to the extent that the delay is due to strikes, war, casualty, inability to obtain necessary materials, causes beyond the reasonable control of the party rendering such performance, acts of God, or otherwise specifically provided in this Lease.

S. Time for Performance. Whenever under the terms of this Lease the time for performance falls on a Saturday, Sunday or Legal Holiday as defined in 205 ILCS 630/17, as amended, such time for performance shall be on the next day that is not a Saturday, Sunday or Legal Holiday.

T. Governing Law. Interpretation of this Lease shall be governed by the laws of the State of Illinois.

U. Partial Invalidity. If any term, provision or condition contained in this Lease shall, to any extent, be invalid or unenforceable, the remainder of this Lease (or the application of such term, provision or condition to persons or circumstances other than those in respect to which it is invalid or unenforceable) shall not be affected thereby, and each and every other term, provision and condition of this Lease shall be valid and enforceable to the fullest extent possible permitted by law.

V. Where this Lease references the Landlord's discretion approval, consent, requirement, decision or judgment, such discretion, approval, consent, requirement,

decision, or judgment shall be reasonable and shall not be unreasonably withheld or delayed.

W. Tenant's waivers, indemnities and agreements to defend or hold Landlord harmless shall not apply in situations involving Landlord's gross negligence or willful misconduct.

X. In addition to Tenant's rights contained herein or available in law or at equity, in the event Landlord fails to comply with any of its obligations contained herein and such failure would make it impossible to operate an ambulatory surgical center on the Premises, Tenant may, after giving Landlord not less than thirty (30) days prior written notice, (i) cure any such Landlord's default and (ii) withhold Rent in an amount not to exceed any amount which Tenant spent to cure such default or otherwise incurs by reason of Landlord's default (including attorney's fees and costs).

28. NOTICES

All notices to be given under this Lease shall be in writing and delivered personally, or by facsimile transmission or deposited in the United States mail, certified or registered mail with return receipt requested, postage prepaid, addressed as follows:

A. If to Landlord: 20110 Governors Highway
Olympia Fields, Illinois 60461
Attn: Chief Executive Officer

or to such other person or such other address designated by notice sent by Landlord to Tenant.

B. If to Tenant: at Tenant's address set forth on the Reference Page;
Attn: _____

or to such other person or such other address as is designated by Tenant in a notice to Landlord.

Notices served by U.S. mail shall be deemed given on the date received by the party to be notified. Notices sent by fax shall be deemed given on the date sent as evidenced by the confirmation of transmission.

29. LIMITATION ON LANDLORD'S LIABILITY

It is expressly understood and agreed by Tenant that none of Landlord's covenants, undertakings or agreements are made or intended as personal covenants, undertakings or agreements by Landlord, and any liability for damage or breach or nonperformance by Landlord shall be collectible only out of Landlord's interest in the Building and no personal liability is assumed by, nor at any time may be asserted against,

Landlord, its officers, directors, agents, employees, legal representatives, successors or assigns, all such liability, if any, being expressly waived and released by Tenant.

IN WITNESS WHEREOF, the parties have signed and delivered this Lease as of the day and year first above written.

WORKLETTER

TENANT CONSTRUCTION AGREEMENT

All defined terms not specifically defined herein shall have the same meaning as set forth on the Reference Page to the Lease or in the Lease. This is the "Work Letter" referred to in and made a part of the foregoing Lease (the "Lease") wherein Tenant has agreed to lease certain space from Landlord.

Landlord and Tenant agree as follows:

1. **Work.** Landlord, at Landlord's sole cost and expense, shall do the things in the Premises (hereinafter called the "Work") which are provided for in Landlord's Design-Build Contract For Orland Park Surgical Center with Marshall Erdman & Associates, Inc. dated April 23, 2001, a copy of which is attached hereto as Attachment A.

Tenant's obligation to pay Rent under the Lease shall not commence until Landlord shall have substantially completed the Work to be done by Landlord as described in this Section 1 and the Additional Work (if any) as described in Section 2 below.

2. **Additional Work.** If Tenant wishes Landlord, prior to the commencement of the Term, to do any construction, decorating or similar things in the Premises in addition to the Work to be performed by Landlord pursuant to Section 1 hereof (the "Additional Work"), Tenant may, at its expense, submit drawings and specifications for the Additional Work (the "Additional Plans") to Landlord for its approval. Landlord shall have no duty to approve the same or to do or permit any Additional Work and shall not be deemed to have done so, unless it approves the same in writing or agrees in writing to do or permit such Additional Work. If Landlord approves the Additional Plans, Landlord shall obtain and submit to Tenant estimates of the cost of the Additional Work. Within 7 days after receipt of such estimates, Tenant shall either direct Landlord in writing to do the Additional Work at Tenant's cost, or Tenant shall be deemed to have abandoned its request for such Additional Work. Tenant agrees to pay to Landlord within 7 days after receipt of bills therefor (which bills may be rendered by Landlord from time to time during the course of such Additional Work or at any time) the cost of all such Additional Work (without regard to whether such cost exceeds the estimates furnished), together with an additional amount of 23% of said cost for administrative, insurance, general conditions and other overhead items and profit ("Landlord's Overhead").

Any work or alterations to the Premises desired by Tenant after the Commencement Date shall be subject to the provisions of Sections 8 and 9 of the Lease.

3. Access by Tenant Prior to Completion of Work and Additional Work. Landlord will permit Tenant and Tenant's agents, suppliers, contractors and workmen to enter the Premises prior to the completion of all Work to be performed by Landlord and its contractors to enable Tenant to install furniture or do such other things as may be required by Tenant to make the Premises ready for Tenant's occupancy, provided that Tenant and its agents, contractors, workmen, and suppliers and their activities in the Premises and Building will not interfere with or delay the completion of the Work or Additional Work to be done by Landlord and will not interfere with other activities of Landlord or occupants of the Building. Landlord shall have the right, on 24 hours' written notice to Tenant, to cause Tenant or any such agent, contractor, workman or supplier to leave the Premises and the Building if Landlord determines that any such interference or delay has been or may be caused. Without limiting the foregoing, Tenant acknowledges that Landlord may, at its discretion, bar the entry of any such agent, contractor, workman or supplier if such entry would cause labor problems or labor disharmony at the Building. Tenant agrees that any such entry into the Premises shall be at Tenant's own risk and Landlord shall not be liable in any way for any injury, loss or damage which may occur to any of Tenant's property or Tenant's installations made in the Premises and Tenant agrees to protect, defend, indemnify and save harmless Landlord, its affiliates, beneficiaries, partners and their respective agents from all liabilities, costs, damages, fees and expenses arising out of or connected with the activities of Tenant or its agents, employees, contractors, suppliers or workmen in or about the Premises or the Building. In addition, prior to the initial entry to the Premises by Tenant and by each contractor or subcontractor for Tenant, Tenant shall furnish Landlord with policies of insurance covering Landlord as an insured party with such coverages and such amounts as Landlord may then reasonably require in order to insure Landlord against liability for injury or death or damage to property of Landlord or its tenants by reason of such entry and any activity or work carried on in or about the Premises or the Building.

4. The terms and provisions of the Lease, insofar as they are applicable to this Work Letter, are hereby incorporated herein by reference. All amounts payable by Tenant to Landlord hereunder shall be deemed to be Rent under the Lease and, upon any default in the payment of same, Landlord shall have all of the rights and remedies provided for in the Lease.

Gentlemen:

The undersigned ("Tenant") hereby confirms, as of the date hereof, the following:

1. Tenant is the tenant under the captioned lease (the "Lease").
2. Tenant is in full and complete possession of the captioned premises (the "Premises"), such possession having been delivered by the captioned landlord (the "Landlord"), pursuant to the Lease and having been accepted by Tenant. If the Landlord named in the Lease is other than Landlord, Tenant has received notice of the assignment to Landlord of the Landlord's interest in the Lease and Tenant recognizes Landlord as the landlord under the Lease.
3. The improvements and space required to be furnished by the terms of the Lease have been completed in all respects to the satisfaction of Tenant and are open for the use of Tenant, its employees, patients (or customers) and invitees.
4. All duties of an inducement nature required of the Landlord in the Lease have been fulfilled except as follows:

(if none, write none.)

5. The Lease is in full force and effect; there is no existing default on the part of the Landlord under the Lease in the terms thereof; and said Lease has not been amended, modified, supplemented or superseded except as follows:

(if none, write none.)

6. No rents have been prepaid except as provided by the Lease; and Tenant has not asserted and has no actual knowledge of any claim against the Landlord under the Lease which might be set-off or credited against future accruing rents.

7. Tenant has received no notice of a prior sale, transfer, assignment, hypothecation or pledge of the Lease or of the rents secured therein.

8. Tenant understands that the Lease has been collaterally assigned to you as security for a loan to Landlord and that rent may not be prepaid more than 30 days in advance of its due date nor the Lease amended, modified, supplemented, superseded, surrendered or terminated without your written approval; provided, however, Tenant retains its right to terminate the Lease pursuant thereto on account of Landlord's default thereunder, if such default remains uncured after the expiration of the time allowed for cure under Paragraph 13 hereof.

9. Rents provided in the Lease commenced to accrue on the ____ day of _____, 19__.

10. A security deposit of \$_____ has been paid to Landlord. Tenant agrees not to look to you, as mortgagee, mortgagee in possession, or successor in title to the property, for accountability for any security deposit received by the Landlord, unless said sums have actually been received by you as security for performance by Tenant under the Lease.

11. The term of the Lease commenced on _____, 19__.

12. The current monthly rental due under the Lease is \$_____.

13. Tenant agrees to give to you, by certified mail, a copy of any notice of default under the Lease served by Tenant upon Landlord. Tenant further agrees that, if the Landlord shall have failed to cure such default within the time provided in the Lease, then you shall have an additional 30 days after the expiration of Landlord's cure period within which to cure such default or, if such default cannot be cured within that time, then such additional time as may be necessary if, within your initial 30 day cure period, you shall have commenced and shall be diligently pursuing the remedies necessary to cure such default (including, but not limited to, commencement of foreclosure proceedings if necessary to effect such cure). Such period of time shall be extended by any period within which you are prevented from commencing or pursuing such

foreclosure proceedings by reason of the bankruptcy of the Landlord. Until the time allowed as aforesaid for you to cure such default has expired without cure, Tenant shall have no right to and shall not terminate the Lease on account of default.

14. Tenant covenants that it will not subordinate the Lease to any mortgage or trust deed without your consent.

15. There are no actions, whether voluntary or otherwise, pending against Tenant under the bankruptcy laws of the United States or any state thereof.

16. Tenant acknowledges that you will rely upon this statement in making a loan to Landlord secured by a mortgage lien upon the property of which the Premises is a part.

Very truly yours,

RULES AND REGULATIONS

RULES AND REGULATIONS. Tenant agrees to observe the rights reserved to Landlord in the Lease and agrees, for itself, its employees, agents, clients, customers, invitees and guests, to comply with the following rules and regulations with such reasonable modifications thereof and additions thereto as Landlord may make, from time to time, for the Building.

(a) Any sign, lettering, picture, notice or advertisement installed within Tenant's Premises which is visible to the public from within the Building shall be installed at Tenant's cost and in such manner, character and style as Landlord may approve in writing such approval not to be unreasonably withheld. No sign, lettering, picture, notice or advertisement shall be placed on any outside window or in any position so as to be visible from outside the Building or from any atrium or lobbies of the Building.

(b) Tenant may use the name of the Building or use pictures or illustrations of the Building in advertising or other publicity, but only with prior written consent of Landlord. Landlord's consent may be arbitrarily withheld. Tenant may use the address of the Building as its business address for any reasonable business purpose.

(c) Tenant, its patients, customers, invitees, licensees, and guests shall not obstruct sidewalks, entrances, passages, courts, corridors, vestibules, halls, elevators and stairways in and about the Building. Tenant shall not place objects against glass partitions or doors or windows or adjacent to any open common space which would be unsightly from the Building corridors or from the exterior of the Building, and will promptly remove the same upon notice from Landlord.

(d) Tenant shall not make excessive noises, cause disturbances, create excessive vibrations, odors or noxious fumes or use or operate any electrical or electronic devices or other devices that emit excessive sound waves or are dangerous to other tenants and occupants of the Building or that would interfere with the operation of any device or equipment or radio or television broadcasting or reception from or within the Building or elsewhere, and shall not place or install any projections, antennae, aerials or similar devices outside of the Premises.

(e) Tenant shall not make any room-to-room canvas to solicit business from other tenants in the Building, and shall not exhibit, sell or offer to sell, use, rent or exchange any item or services in or from the Premises unless ordinarily embraced within the Tenant's use of the Premises as specified in its lease.

(f) Tenant shall not waste electricity or water and agrees to cooperate fully with Landlord to assure the most effective operation of the Building's heating and

air conditioning and shall refrain from attempting to adjust any controls except for the thermostats within the Premises. Tenant shall keep public corridor doors closed.

(g) Door keys for doors in the Premises will be furnished at the commencement of the Lease by Landlord. Tenant shall not affix additional locks on doors and shall purchase duplicate keys only from Landlord. When the Lease is terminated, Tenant shall return all keys to Landlord and will provide to Landlord the means of opening any safes, cabinets or vaults left in these Premises.

(h) Tenant assumes full responsibility for protecting its space from theft, robbery and pilferage. Tenant's responsibility includes keeping doors locked and other means of entry to the Premises closed and secured.

(i) Peddlers, solicitors and beggars shall be reported to the Landlord.

(j) Tenant shall neither install nor operate machinery or any mechanical devices of a nature not directly related to Tenant's ordinary use of the Premises without the written permission of the Landlord.

(k) Tenant shall not:

(1) Use the Premises for lodging or for any immoral or illegal purposes;

(2) Use the Premises to engage in the manufacture or sale of any spirituous, fermented, intoxicating or alcoholic beverages;

(3) Use the Premises to engage in the manufacture or sale of, or permit the use of, any illegal drugs on the Premises.

(l) In no event shall any person bring into the Building inflammables such as gasoline, kerosene, naphtha and benzene, or explosives or firearms or any other articles of intrinsically dangerous nature, but excluding in any event oxygen, anesthetic gases and any other materials used in the ordinary course by an outpatient ambulatory surgery treatment center. If by reason of the failure of Tenant to comply with the provisions of this paragraph, any insurance premium payable by Landlord for all or any part of the Building shall at any time be increased above normal insurance premiums for insurance not covering the items aforesaid, Landlord shall have the option to require Tenant to make immediate payment for the whole of the increased insurance premium.

(m) Tenant shall comply with all applicable federal, state and municipal laws, ordinances and regulations and building rules, and shall not directly or indirectly make any use of the Premises which may be prohibited thereby or which shall be dangerous to person or property or shall increase the cost of insurance or require additional insurance coverage.

(n) If Tenant desires signal, communication, alarm or other utility or service connection installed or changed, the same shall be made at the expense of Tenant, with approval and under direction of Landlord.

(o) Bicycles shall not be permitted in the Building in other than Landlord designated locations.

(p) Tenant shall cooperate and participate in all reasonable security programs affecting the Building.

(q) Tenant, its patients, customers, invitees, licensees, and guests shall not loiter, eat, drink, sit or lie in the lobby, plaza or other spaces in the Building which are open to the public.

(r) Tenant shall not, and Tenant shall not permit or suffer anyone to, allow any pets in the Premises.

(s) Tenants shall not use any draperies or other window coverings instead of or in addition to the building standard window coverings designated and approved by Landlord for exclusive use throughout the Building.

(t) Tenant, its patients, customers, invitees, licensees, and guests shall not use the freight or passenger elevators of the Building except in accord with the reasonable regulations for their use established by Landlord.

(u) Except with the prior approval of Landlord, all cleaning, repairing, janitorial, decorating, painting or other services and work in and about the Premises shall be done only by authorized Building personnel.

(v) Safes, furniture, equipment, machines and other large or bulky articles shall be brought to the Building and into and out of the Premises at such times and in such manner as the Landlord shall direct (including the designation of elevator) and at Tenant's sole cost, risk and expense. Landlord will permit Tenant and Tenant's agents, suppliers, contractors and workmen to enter the Premises prior to the completion of all Work to be performed by Landlord and its contractors to enable Tenant to install furniture or do such other things as may be required by Tenant to make the Premises ready for Tenant's occupancy, provided that Tenant and its agents, contractors, workmen, and suppliers and their activities in the Premises and Building will not interfere with or delay the completion of the Work or Additional Work to be done by Landlord and will not interfere with other activities of Landlord or occupants of the Building. FIRST AMENDMENT TO LEASE

This First Amendment to the Lease (this "Amendment") is entered into as of the 31st day of January, 2012 (the "Effective Date") by and between Orland Park Surgical Center, LLC, an Illinois limited liability company (the "Tenant"), and Midwest Physician Group, Ltd., an Illinois corporation (the "Landlord"). The Landlord and Tenant are sometimes referred to herein singly as a "Party" and together as the "Parties."

WHEREAS, the Tenant entered into a lease (the "Lease") with the Landlord on October 1, 2001 to lease ambulatory surgery center space located at 9550 W. 167th Street, Orland Park, Illinois; and

WHEREAS, the Tenant and Landlord desire to amend Section 1 of the Lease.

NOW THEREFORE, in consideration of the terms and conditions set forth herein, and other valuable consideration which is hereby acknowledged, the Tenant and Landlord agree and acknowledge as follows:

1. **Lease Term.** Upon the Effective Date, as defined in that certain Transfer, Settlement and Release Agreement (the "Settlement Agreement") by and among the Tenant, Landlord and Advocate Healthcare, of even date herewith, Section 1 of the Lease is hereby deleted in its entirety and replaced with the following:

"1. **TERM.** The term of this Lease (hereinafter referred to as "Term") shall commence on the Commencement Date and end on June 1, 2016, or such earlier date as Tenant shall determine upon no less than ninety (90) days advanced written notice to Landlord. Tenant shall not have a right to renew the Term thereafter without obtaining the consent of Landlord."

2. **Conflicts.** The Tenant and Landlord agree that the Lease is amended only to the extent set forth herein and, to the extent there are any conflicts between this Amendment and the Lease, the terms of this Amendment shall govern. All other terms, conditions and provisions of the Lease shall remain in full force and effect.

3. **Counterparts.** This document may be executed in several counterparts and as so executed shall constitute one agreement binding on all parties hereto, notwithstanding that all of the parties have not signed the original or the same counterpart.

4. **Recitals.** The recitals set forth above are incorporated herein by reference as reflecting the general understanding and intent of the parties.

5. **Entire Agreement; Survival.** This Amendment constitutes the entire agreement among the Parties hereto pertaining to the subject matter hereof and supersedes all prior and contemporaneous agreements, understandings, negotiations and discussions, whether written or oral, of the Parties, and there are no representations, warranties or other agreements among the Parties in connection with the subject matter hereof, except as specifically set forth herein. No change, modification or amendment of this Amendment shall be valid unless the same be in

writing and signed by each of the Parties to be bound. No waiver of any provision of this Amendment shall be valid unless in writing and signed by the Party to be charged.

6. **Language Construction.** The language in all parts of this Amendment shall be construed, in all cases, according to fair meaning. Each of the Parties acknowledges that no single Party bears sole responsibility for the preparation and drafting of this Amendment. Consequently, no rule of construction to the effect that ambiguities are to be resolved against the drafting Party should be employed in the interpretation of this Amendment.

7. **Successors and Assigns.** This Amendment shall inure to the benefit of and bind the respective successors and permitted assigns of the Parties. Nothing expressed or referred to in this Amendment is intended or shall be construed to give any person other than the Parties or their respective successors or permitted assigns any legal or equitable right, remedy or claim under or in respect of this Amendment or any provision contained herein, it being the intention of the Parties that this Amendment be for the sole and exclusive benefit of such Parties or such successors and assigns and not for the benefit of any other person.

8. **Waiver.** No delay or omission on the part of any Party hereto in exercising any right hereunder shall operate as a waiver of such right or any other right under this Amendment.

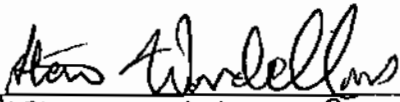

9. **Condition Precedent.** It is an express condition precedent to the effectiveness of this Amendment that the Settlement Agreement shall have closed and the consideration paid or conveyed and all other ancillary transactions shall have been completed as required or contemplated therein.

10. **Assignment.** No assignment may be made without the consent of the other Party, which consent may be given or withheld.

Use of Funds

The Proposed Transaction involves a redemption and transfer of membership units in a limited liability company that owns and operates an ambulatory surgical treatment center ("ASTC"). Specifically, Orland Park Surgical Center, LLC ("OPSC") has offered \$550,000 in cash to one of the ASTC's members, MPG, in exchange for the extinguishment of MPG's membership interest. The transaction is being funded by a capital contribution from another member, PMI, which is run by many of the physicians who practice at OPSC. In return for PMI's contribution, the ASTC will transfer membership units to PMI. There is no capital expenditure that is being made in connection with the Proposed Transaction.

The transaction value was based on arms-length negotiations between the physicians and MPG with each party represented by counsel. The parties believe that this transaction value reflects a reasonable approximation of fair market value. The full transaction amount of the \$550,000, has already been provided in cash and is being maintained in an escrow account that is held by McGuireWoods LLP. The funds are to be released by McGuireWoods LLP upon State Board approval of this Certificate of Need application.

Source of Funds

To facilitate the redemption of MPG's seventy-four (74) membership units, the Company will pay an aggregate amount of \$550,000 to MPG. The entire \$550,000 has already been provided by PMI and placed into an escrow account. Thus, the funds for the transaction are currently available and will be disbursed upon State Board approval of this Certificate of Need application.

Criterion 1110.230 -- Purpose of the Project

Purpose

The purpose of the transaction is to enhance patient care at Orland Park Surgical Center ("OPSC"). Since July of 2009, MPG, LLC ("MPG") and OPSC's physician members have been forced to allocate substantial time, money, and other resources to resolving the business differences that had arisen between the members and MPG. Miscommunications and other issues have taken a toll on all parties involved and have distracted from the primary focus of the ASTC. In order to ensure that it is able to function as a unified, streamlined ASTC, OPSC proposes to redeem MPG's seventy-four (74) Unit ownership interest in OPSC. OPSC will then transfer the Units to PMI, who is already a current member of OPSC and is run by many of the physicians who practice at OPSC. OPSC will remain as the same operating entity, and the Center's licensing and certification will be unaffected by the Proposed Transaction.

The Project Will Improve Health Care Services and Well-Being in the Market Area

OPSC looks forward to having a unified management team running the organization on a going forward basis. If the Board approves the Proposed Transaction, there will no longer be a need to allocate time and resources to addressing conflicts with MPG. Moreover, the physician members of OPSC will not have to spend time and resources handling administrative duties, as the Company plans to delegate its management and billing services to an independent management and billing company, Pinnacle III. Accordingly, the physician members will be able to focus exclusively on the high quality of patient care that they provide at the facility, secure in the knowledge that they are well aligned with Pinnacle III for the provision of management and billing services.

Likewise, patients should benefit from the Proposed Transaction. As the physician members will have more time to spend on health care services, patients will realize more direct access to their physicians and the physicians should have enhanced availability. Additionally, the agreement to have Pinnacle III handle management and administrative duties will improve the quality of customer service at OPSC. OPSC believes that patients will enjoy a more efficient handling of their accounts and more streamlined scheduling of appointments.

Market Area

OPSC serves the population within thirty minutes' travel time from the ASTC. The Proposed Transaction will not affect OPSC's market area.

Problems or Issues to be Addressed by Project

OPSC is a limited liability company ("LLC") that owns and operates an ambulatory surgical treatment center ("ASTC") located at 9550 W 167th St , Orland Park, IL 60467. The

ATTACHMENT 12

Criterion 1110.230 -- Purpose of the Project

ASTC license issued by the Illinois Department of Public Health is held by OPSC (i.e., the LLC entity). Prior to the Proposed Transaction, Membership in the LLC entity was held as follows: (i) MPG held seventy-four (74) membership Units; (ii) PMI Diagnostic Imaging, LLC held forty (40) membership Units; and (iii) seven (7) individual physicians collectively held fourteen (14) membership Units.

MPG was to provide management and billing services under two agreements: the Management Agreement between MPG and OPSC ("the Management Agreement") and the Billing Service Agreement between MPG and OPSC ("the Billing Agreement").

Both before and after July of 2009, differences arose between MPG and the physician members regarding MPG's performance of its obligations under both the Management Agreement and the Billing Agreement.

The downward trend in the relationship between the physicians, MPG, and Advocate continued thereafter. The physicians alleged that MPG and Advocate had shirked certain obligations under the terms of the Management Agreement and the Billing Agreement. Additionally, the physician members had concerns because they believed that MPG was no longer truly a medical entity and because of potential restrictive covenant issues that would exist as a result of MPG's new relationship with Advocate Health Care. Consequently, the Company engaged Pinnacle III, an independent surgery center management company, to assess the state of the facility's management and billing services.

The Company and MPG/Advocate attempted to resolve their differences, but these efforts failed. Ultimately, the two sides recognized that their continued relationship posed potential risks to the optimal provision of health care services and agreed that a buy-out would best serve both the short-term and long-term interests of the ASTC.

Sources

The Settlement Agreement between the parties reflects that they have compromised the disputes that existed between and amongst them in order to allow OPSC to move forward with a more unified ownership.

Goals

The goal of the Proposed Transaction is to re-establish OPSC as an efficiently managed ASTC. Without the distractions of managerial in-fighting, the physician members of OPSC will have more time to devote to patient care. Similarly, support staff at OPSC will be relieved of the burden of being directed by two different managerial teams. Just as the Illinois Health Facilities Planning Act aims to eliminate "unnecessary duplication of [] facilities," OPSC strives to eliminate or reduce the red-tape that has impeded the optimal business operations of its facility for the past few years. 20 ILCS § 390/2. OPSC expects the Proposed Transaction to yield measurable gains in productivity, clinical efficiencies, and patient satisfaction within two years.

ATTACHMENT 13

Criterion 1110.230 -- Alternatives

Pursuant to 77 Ill. Adm. Code § 1110.230(c), CON permit applicants are required to consider alternatives to their proposed project. The applicants considered the following alternatives:

1. Do Nothing.

A potential alternative to the project would be to do nothing. If MPG remained as a part-owner, there would be no resolution of the aforementioned administrative and managerial conflicts. Those conflicts could reasonably be expected to continue and would accrue to the detriment of OPSC. Additionally, the provision of duplicative services would continue. As a result, the workplace environment at the ASTC would remain acrimonious and efficiency would be lost.

Total Project Cost: It is anticipated that there would be substantial long-term costs that would be associated with this alternative due to the duplication of efforts and due to lost efficiencies as a result of the ongoing dispute between the parties.

Reason(s) for Rejecting Alternative: Both the physician owners and MPG rejected this alternative because the parties would remain deadlocked to the detriment of the efficient operation of the ASTC. Moreover, redeeming MPG will provide several benefits over the status quo, such as the elimination of duplicative administrative operations and greater contact between physicians and patients. Additionally, MPG has been purchased by Advocate and there would be a potential restrictive covenant issue that would arise through MPG's continued ownership.

2. Alternative B: Litigate.

Another potential alternative is for MPG and the Company and its member physicians to litigate their disputes. Before the Proposed Transaction was agreed upon, protracted litigation appeared to be likely in light of the substantial disputes that existed between MPG and the physicians. This option could have brought finality to the dispute through adjudication before a court of law, however, exploring this option would have been costly and quite time consuming. During the intervening time period, the members of the ASTC would still be in conflict and OPSC's operations would be affected. Moreover, attorneys' fees and other expenses would have been substantial, which would have resulted in the inefficient allocation of resources that could have been better used by OPSC.

Total Project Cost: The costs of pursuing this alternative would have been substantial as the parties would have been forced to retain counsel, draft pleadings, engage in discovery, and likely proceed to a hearing. Additionally, there would have been costs

associated with the result of such litigation. Thus, this alternative created both substantial short-term costs, as well as untenable long-term costs.

Reason(s) for Rejecting Alternative: A heated legal battle would have undercut the long-term stability of the facility and would have been quite expensive for the parties. Moreover, there is substantial uncertainty that would exist in litigation. Because neither MPG nor the physician members desired this outcome, the parties looked towards other alternatives that would help to obtain certainty and would avoid wasting or inefficiently using OPSC's resources.

Documentation and Evidence

OPSC's physician owners and MPG considered alternative options before deciding on the current project and filing the present application to obtain State Board approval relating to the complete redemption of MPG's membership interest. The chart that follows compares the various concepts examined by the applicants in terms of cost and other factors set forth in the State Board's rules. In some cases, the applicants were not able to determine the cost of a stated alternative option, but were able to approximate the relative cost associated with pursuing such a stated alternative.

Alternatives to the Proposed Project Cost Benefit Analysis				
Project / Alternative	Community Need	Access	Cost	Status
Proposed Project	Met because the proposed project will result in increased time for patient care and less time spent by the physician members on administrative tasks and on attempting to resolve disputes with other members in OPSC.	Increased because the ASTC's physician owners will be able to dedicate the maximum amount of time available to patient care rather than being distracted by conflict amongst the members. As a result, more patients are expected to be treated and existing patients are expected to gain faster scheduling of needed surgical procedures.	\$550,000	Accepted
Do Nothing	Not met because maintaining the status quo will not resolve the problems that have affected the operations of the ASTC	No positive effect on access because physician owners will remain in conflict with the MPG management team over the direction and day-to-day operation of the ASTC	High long-term costs	Rejected
Litigate	Not met because services will suffer if the physician members and managers are distracted by a costly, drawn-out law suit	No positive effect because the rigors of litigation could impose significant time requirements upon the physician members, which will result in less physician availability for direct interaction with patients	High short-term and untenable long-term costs	Rejected

ATTACHMENT 19

Criterion 1110.240(b) – Impact Statement

1. Change in Services Currently Offered

The proposed transaction contemplates a redemption of MPG's membership Units. There will be no change in the services offered as a result of this transaction.

2. Operating Entity

OPSC will continue to be the operating entity and a new ASTC license will not be required.

3. Reason for the Transaction

The purpose of the transaction is to enhance patient care at OPSC. Since July of 2009, MPG and the Company's physician members have lost time and money trying to resolve their differences. Miscommunications have taken their toll on all parties involved. Additionally, MPG is no longer acting truly as a medical entity at this point in time and its relationship with Advocate could create potential issues relating to restrictive covenants.

To re-establish itself as a unified, more efficiently run ASTC, OPSC proposes to redeem MPG's seventy-four (74) Unit ownership interest in the company.

4. Anticipated Additions or Reductions of Employees

No material clinical staffing changes are anticipated now or for the next two years, except to the extent that OPSC will be managed by a single set of managerial staff.

5. Cost-Benefit Analysis

As discussed throughout this application, the proposed transaction contemplates the redemption of MPG's membership Units to resolve the ongoing disputes that have hamstrung the organization. By virtue of the settlement between MPG and the Company, OPSC will no longer be plagued by corporate in-fighting and overlapping management systems. Accordingly, the Company expects the proposed transaction to yield appreciable cost savings and enhanced patient care.

Pursuant to the application requirements, copies of the executed transaction documents immediately follow this Attachment 19.

Section 2. Transfer of Units. MPG hereby agrees to transfer the Transferred Units to the Company on the Effective Date for the Purchase Price. MPG acknowledges and agrees that it waives any and all rights to contest the determination of the valuation of the Purchase Price. MPG agrees and acknowledges that it shall not have any further rights with respect to the Transferred Units upon the receipt of the full amount of the Purchase Price from the Company. The Parties acknowledge and agree that the Purchase Price reflects the fair market value of the Transferred Units.

Section 3. Payment of Purchase Price/Escrow.

Section 6. Representations of MPG and Advocate.

(a) MPG hereby represents and warrants that MPG has good and marketable title to the Transferred Units, free and clear of all encumbrances, pledges, restrictions, liens, and charges of every kind, except as provided in the Operating Agreement; and

In addition, MPG hereby consents to the Company entering into a new management services agreement and billing services agreement with one or more third parties.

Section 8. Lease Amendment. The Company and MPG shall enter into a lease amendment, amending the Company's current real estate lease so that the lease ends no later than June 1, 2016, pursuant to the term of the Lease Agreement Amendment (the "Lease Amendment"), a form of which is set forth in Exhibit B, attached hereto.

Section 9. Additional Covenants of MPG and Advocate. As a material condition to the Company entering into this Agreement, MPG and Advocate hereby make the following covenants:

(a) MPG and Advocate shall fully support, including signing a written statement of support (as drafted by the Company and reasonably acceptable to MPG and Advocate), the Company termination of the Company's Certificate of Need ("CON") and an application by the Company, its owners or any other combination of persons, as determined by the Company after the Effective Date, to establish a new multispecialty ambulatory surgery center in or around Orland Park, Illinois or such other location as the Company shall determine.

(b) Advocate shall continue to employ the employees working at the Company's center until the earlier of the Effective Date, the date Company notifies Advocate of the Company's intent to transfer such employees to the Company or 90 days after the Signing Date. Company shall pay Advocate the costs of such employees during such period. Company or its new management company shall make offers of employment to all non-physician staff currently working for the Company, subject to background checks and related reviews of personnel files. Company shall be responsible for any professional liability claims that relate to actions or omissions following the Signing Date.

(c) Advocate shall transition to the Company those phone and IT services which currently serve the Company during the sixty (60) day period following the Signing Date. Company shall reimburse Advocate its cost for providing phone and IT services to the Company during such sixty (60) day period.

Section 10. Operating Agreement. The Operating Agreement shall be amended upon the Signing Date as set forth in Exhibit C, attached hereto (the "Operating Agreement Amendment"). Notwithstanding the foregoing, in the event the HFSRB denies approval, or does not approve by September 30, 2012, of the transfer of the Transferred Units as described herein, the Operating Agreement Amendment shall (unless otherwise agreed to by the Parties) automatically, without further action by the Parties, restore MPG's voting and other rights to distributions which were amended in Section 1 and 2 of the Operating Agreement Amendment. Notwithstanding the foregoing, the new management company shall remain in place unless the non-MPG/Advocate Members of the Company unanimously agree.

Section 12. Entire Agreement. This Agreement constitutes the entire agreement between the parties and contains all of the agreements and understandings between the parties with respect to the subject matter hereof. each of the Parties to be bound thereby. No waiver of any provision of this Agreement shall be valid unless in writing and signed by the Party to be charged.

Section 13. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois, without giving effect to conflicts of law principles.

ATTACHMENT 39

Criterion 1120.120 -- Availability of Funds

Please see the following letter from McGuireWoods verifying that \$550,000 in cash was placed into an escrow account held by the McGuireWoods on January 27, 2012. The escrow funds will remain in the account pending State Board approval of this Certificate of Need application. Upon the approval of this Certificate of Need application, the funds will be released to MPG as full payment in connection with the Proposed Transaction.

RE: Verification of Escrow Agreement

Dear Sir or Madam:

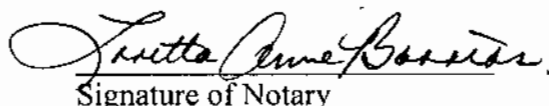

This letter verifies that McGuireWoods LLP served as the escrow agent in connection with the redemption agreement between Orland Park Surgical Center, LLC ("OPSC") and MPG, LLC ("MPG"). On January 27, 2012, Parkview Orthopedic Group, SC deposited \$550,000 into an escrow account held by McGuireWoods LLP. Those funds are intended to pay for the redemption of MPG's units in OPSC. McGuireWoods LLP was instructed to retain the \$550,000 in escrow until and upon the Illinois Health Facilities and Services Review Board's approval of OPSC's Certificate of Need application. This letter confirms that the funds for the Proposed Transaction between OPSC and MPG remain in escrow. This letter also confirms that the funds will be released to MPG upon the State Board's approval of the Proposed Transaction and of the Certificate of Need application that is being submitted in connection therewith.

For your convenience, I have attached to this letter documentation that reflects and confirms that the funds noted above were deposited into a McGuireWoods LLP Trust Account. I have also attached the McGuireWoods LLP Trust Account Deposits form that I signed related to this transaction.

Sincerely,

Scott Downing

ATTACHMENT 40

Criterion 1120.130 -- Financial Viability Waiver

This project qualifies for a financial viability waiver because funds for the Proposed Transaction (a redemption of a member's ownership Units) have been contributed to the company by PMI, one of the company's current members.

ATTACHMENT 40

Criterion 1120.130 -- Financial Viability Waiver

ATTACHMENT 41

This attachment is not applicable because the applicant qualifies for the Financial Viability Waiver.

ATTACHMENT 42

A. Reasonableness of Financing Arrangements

See notarized letter contained within this attachment.

B. Conditions of Debt Financing

This criterion is inapplicable.

C. Reasonableness of Project and Related Costs

The surgical center will continue to be operating in existing space that will not be modified. There is no construction, modernization or demolition of space involved in this project, and there is no major medical equipment included in the proposed project. As this is not a construction/modernization project but rather a change of control, the transaction value is based on the fair market value of MPG's ownership interest, which is estimated to be \$550,000.

BUSINESS OFFICE MANUAL

Charity Care

Title: Charity Care

Scope: Facility Physicians, Facility Business Office Personnel & Billing Service Personnel

Purpose: To establish a method for physicians to treat patients who demonstrate a financial hardship will prevent them from following through on their obligation to pay for the services rendered to them.

Policy: Physicians who elect to perform procedures for patients who have indicated an inability to pay prior to receiving Center services will coordinate such services with the facility's Billing Service who will submit a written request for waiver of financial responsibility for the account to Billing Service. Adjustment (write-off) transactions associated with charity care will be tracked via a separate journal code to allow for periodic review by the Board of Directors of the financial effect on the facility.

Procedure:

- (1) Physicians who elect to perform procedures for patients who have indicated an inability to pay prior to receiving Center services will notify the facility's Billing Service when scheduling the procedure.
- (2) The Billing Service will ensure a Charity Care form is initiated at the facility level after he/she has verified the charity care arrangement is being extended by all providers of care (i.e., the physician and the anesthesiologist).
- (3) The Charity Care form will contain the following information when forwarded to Billing Service:
 - ☒ Date the form was initiated
 - ☒ Patient's name
 - ☒ Physician's name
 - ☒ Surgery date
 - ☒ CPT code(s) that physician anticipates will be performed
 - ☒ Approval signature of the facility's Medical Director
- (4) When the operative note has been received, the biller will match it up to the Charity Care Adjustment form and fill in the remainder of the form with charge data and the amount of the charity write-off.
- (5) A journal entry will be made to the patient's account after the charge has been entered indicating that charity care has been administered and an adjustment taken to zero out the balance owing on the account. (The specific code to be utilized at the Billing Service = Charity Adj).
