HEALTH FACILITIES &
SERVICES REVIEW BOARD

Mr. Michael Constantino
c/o Illinois Health Facilities and
Services Review Board
525 West Jefferson
Springfield, IL 62761

RE: Project 12-100
Discontinuation of Pediatrics Services
Saint Francis Hospital

Dear Mike:

Consistent with our technical assistance conversation, enclosed please find MapQuest printouts, documenting the driving time between Presence Saint Francis Hospital and other providers of pediatrics services located within 45 minutes of Presence Saint Francis.

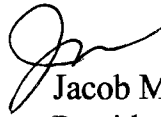

As you recall, in October 2011, the State Board approved changes of ownership of thirteen hospitals, one ASTC, and one ESRD facility, in connection with the proposed merger of two health systems: Provena Health and Resurrection Health Care, which resulted in the creation of the system now known as Presence Health. Presence Saint Francis Hospital was included among the hospital CON approvals. The applicants stated that they did not anticipate any material changes in clinical services at the health care facilities subject to the change of ownership CONs, for two years following the transaction's closing, which occurred on November 1, 2011.

However, due to market realities, it has now become clear that the need for pediatric services at Saint Francis has diminished to the point that discontinuation is the most appropriate step. The reasons for the discontinuation are, including the dramatically reduced census, are stated within the application. The discontinuation will eliminate unnecessary pediatric beds in a health service area where there is an excess of beds at this time. Presence Health also agrees and acknowledges that any other changes in beds or

service areas reviewable by the IHFSRB will be brought to the IHFSRB through the permit application process for its review.

Thank you for your attention to this.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Axel', written in a cursive style.

Jacob M. Axel
President
