Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive. **Include: the number and type of beds involved; the actions proposed (establishment, expansion and/or modernization); the ESTIMATED total project cost and the funding source(s) for the project.**

Alden Estates of Evanston is a 99-bed facility with 58-licensed nursing care beds and 41-sheltered care licensed beds. The Applicant for this facility, Alden Estates of Evanston II, Inc. (owner) and Alden Estates of Evanston, Inc. (operator/licensee), are proposing to convert all 41-sheltered care beds to nursing care ending with a total of 99-nursing care beds.

There is no construction or renovations as part of this project; the entire building meets nursing care standards. The existing building is a three story 53,964 gross square foot structure. The sheltered care beds comprise 14,712 gross square feet of the 15,783 gross square feet on the 2nd floor. All ancillary services to support the converted units are and will remain in-common and in-place and as such are listed within this application as part of the existing nursing square footage.

This project is classified as substantive as it is the addition of nursing beds to the existing nursing category of in accordance with 77 Illinois Administrative Code, Chapter II, Subchapter a, criterion 1110.40.

**SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES –
INFORMATION REQUIREMENTS**

This Section is applicable to ALL projects.

Criterion 1125.320 – Purpose of the Project

READ THE REVIEW CRITERION and provide the following required information:

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project.
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report. **APPEND DOCUMENTATION AS ATTACHMENT 10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.** Each item (1-6) must be identified in Attachment 10.

Criterion 1125.330 – Alternatives

READ THE REVIEW CRITERION and provide the following required information:

ALTERNATIVES

1. Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

 - a. Proposing a project of greater or lesser scope and cost;
 - b. Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - c. Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
 - d. Provide the reasons why the chosen alternative was selected.
2. Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long

term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

3. The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

SECTION III – BED CAPACITY, UTILIZATION AND APPLICABLE REVIEW CRITERIA

This Section is applicable to all projects proposing establishment, expansion or modernization of LTC categories of service that are subject to CON review, as provided in the Illinois Health Facilities Planning Act [20 ILCS 3960]. It is comprised of information requirements for each LTC category of service, as well as charts for each service, indicating the review criteria that must be addressed for each action (establishment, expansion and modernization). After identifying the applicable review criteria for each category of service involved, read the criteria and provide the required information, AS APPLICABLE TO THE CRITERIA THAT MUST BE ADDRESSED:

Criterion 1125.510 – Introduction**Bed Capacity**

Applicants proposing to establish, expand and/or modernize General Long Term Care must submit the following information:

Indicate bed capacity changes by Service:

Category of Service	Total # Existing Beds*	Total # Beds After Project Completion
<input checked="" type="checkbox"/> General Long-Term Care	58	99
<input type="checkbox"/> Specialized Long-Term Care		
<input type="checkbox"/>		

*Existing number of beds as authorized by IDPH and posted in the "LTC Bed Inventory" on the HFSRB website (www.hfsb.illinois.gov). PLEASE NOTE: ANY bed capacity discrepancy from the Inventory will result in the application being deemed incomplete.

SECTION IV - SERVICE SPECIFIC REVIEW CRITERIA**GENERAL LONG-TERM CARE****Criterion 1125.520 – Background of the Applicant****BACKGROUND OF APPLICANT**

The applicant shall provide:

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

Criterion 1125.530 - Planning Area Need

1. Identify the calculated number of beds needed (excess) in the planning area. See HFSRB website (<http://hfsrb.illinois.gov>) and click on "Health Facilities Inventories & Data".
NOT GERMANE
2. Attest that the primary purpose of the project is to serve residents of the planning area and that at least 50% of the patients will come from within the planning area.
3. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used, as described in Section 1125.540.
NOT GERMANE

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.540 - Service Demand – Establishment of General Long Term Care**NOT GERMANE**

- **If the applicant is an existing facility wishing to establish this category of service or a new facility, #1 – 4 must be addressed. Requirements under #5 must also be addressed if applicable.**

- **If the applicant is not an existing facility and proposes to establish a new general LTC facility, the applicant shall submit the number of annual projected referrals.**

1. Document the number of referrals to other facilities, for each proposed category of service, for each of the latest two years. Documentation of the referrals shall include: resident/patient origin by zip code; name and specialty of referring physician or identification of another referral source; and name and location of the recipient LTC facility.
2. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used.
3. Estimate the number of prospective residents whom the referral sources will refer annually to the applicant's facility within a 24-month period after project completion. Please note:
 - The anticipated number of referrals cannot exceed the referral sources' documented historical LTC caseload.
 - The percentage of project referrals used to justify the proposed expansion cannot exceed the historical percentage of applicant market share, within a 24-month period after project completion
 - Each referral letter shall contain the referral source's Chief Executive Officer's notarized signature, the typed or printed name of the referral source, and the referral source's address
4. Provide verification by the referral sources that the prospective resident referrals have not been used to support another pending or approved Certificate of Need (CON) application for the subject services.
5. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as follows:
 - a. The applicant shall define the facility's market area based upon historical resident/patient origin data by zip code or census tract;
 - b. Population projections shall be produced, using, as a base, the population census or estimate for the most recent year, for county, incorporated place, township or community area, by the U.S. Bureau of the Census or IDPH;
 - c. Projections shall be for a maximum period of 10 years from the date the application is submitted;
 - d. Historical data used to calculate projections shall be for a number of years no less

than the number of years projected;

- e. Projections shall contain documentation of population changes in terms of births, deaths and net migration for a period of time equal to or in excess of the projection horizon;
- f. Projections shall be for total population and specified age groups for the applicant's market area, as defined by HFSRB, for each category of service in the application (see the HFSRB Inventory); and
- g. Documentation on projection methodology, data sources, assumptions and special adjustments shall be submitted to HFSRB.

APPEND DOCUMENTATION AS ATTACHMENT-14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.550 - Service Demand – Expansion of General Long-Term Care

The applicant shall document #1 and either #2 or #3:

1. **Historical Service Demand**
 - a. An average annual occupancy rate that has equaled or exceeded occupancy standards for general LTC, as specified in Section 1125.210(c), for each of the latest two years.
 - b. If prospective residents have been referred to other facilities in order to receive the subject services, the applicant shall provide documentation of the referrals, including completed applications that could not be accepted due to lack of the subject service and documentation from referral sources, with identification of those patients by initials and date.
2. **Projected Referrals**
The applicant shall provide documentation as described in Section 1125.540(d).
3. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as described in Section 1125.540 (e).

NOT GERMANE

APPEND DOCUMENTATION AS ATTACHMENT-15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.560 - Variances to Computed Bed Need- NOT GERMANE

Continuum of Care:

The applicant proposing a continuum of care project shall demonstrate the following:

1. The project will provide a continuum of care for a geriatric population that includes independent living and/or congregate housing (such as unlicensed apartments, high rises for the elderly and retirement villages) and related health and social services. The housing complex shall be on the same site as the health facility component of the project.
2. The proposal shall be for the purposes of and serve only the residents of the housing complex

and shall be developed either after the housing complex has been established or as a part of a total housing construction program, provided that the entire complex is one inseparable project, that there is a documented demand for the housing, and that the licensed beds will not be built first, but will be built concurrently with or after the residential units.

3. The applicant shall demonstrate that:
 - a. The proposed number of beds is needed. Documentation shall consist of a list of available patients/residents needing the proposed project. The proposed number of beds shall not exceed one licensed LTC bed for every five apartments or independent living units;
 - b. There is a provision in the facility's written operational policies assuring that a resident of the retirement community who is transferred to the LTC facility will not lose his/her apartment unit or be transferred to another LTC facility solely because of the resident's altered financial status or medical indigency; and
 - c. Admissions to the LTC unit will be limited to current residents of the independent living units and/or congregate housing.

Defined Population:

The applicant proposing a project for a defined population shall provide the following:

1. The applicant shall document that the proposed project will serve a defined population group of a religious, fraternal or ethnic nature from throughout the entire health service area or from a larger geographic service area (GSA) proposed to be served and that includes, at a minimum, the entire health service area in which the facility is or will be physically located.
2. The applicant shall document each of the following:
 - a. A description of the proposed religious, fraternal or ethnic group proposed to be served;
 - b. The boundaries of the GSA;
 - c. The number of individuals in the defined population who live within the proposed GSA, including the source of the figures;
 - d. That the proposed services do not exist in the GSA where the facility is or will be located;
 - e. That the services cannot be instituted at existing facilities within the GSA in sufficient numbers to accommodate the group's needs. The applicant shall specify each proposed service that is not available in the GSA's existing facilities and the basis for determining why that service could not be provided.
 - f. That at least 85% of the residents of the facility will be members of the defined population group. Documentation shall consist of a written admission policy insuring that the requirements of this subsection (b)(2)(F) will be met.
 - g. That the proposed project is either directly owned or sponsored by, or affiliated with, the religious, fraternal or ethnic group that has been defined as the population to be served by the project. The applicant shall provide legally binding documents that prove ownership, sponsorship or affiliation.

Criterion 1125.570 - Service Accessibility- NOT GERMANE**1. Service Restrictions**

The applicant shall document that **at least one** of the following factors exists in the planning area, as applicable:

- o The absence of the proposed service within the planning area;
- o Access limitations due to payor status of patients/residents, including, but not limited to, individuals with LTC coverage through Medicare, Medicaid, managed care or charity care;
- o Restrictive admission policies of existing providers; or
- o The area population and existing care system exhibit indicators of medical care problems, such as an average family income level below the State average poverty level, or designation by the Secretary of Health and Human Services as a Health Professional Shortage Area, a Medically Underserved Area, or a Medically Underserved Population.

2. Additional documentation required:

The applicant shall provide the following documentation, as applicable, concerning existing restrictions to service access:

- a. The location and utilization of other planning area service providers;
- b. Patient/resident location information by zip code;
- c. Independent time-travel studies;
- d. Certification of a waiting list;
- e. Admission restrictions that exist in area providers;
- f. An assessment of area population characteristics that document that access problems exist;
- g. Most recently published IDPH Long Term Care Facilities Inventory and Data (see www.hfsrb.illinois.gov).

APPEND DOCUMENTATION AS ATTACHMENT 17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.580 - Unnecessary Duplication/Maldistribution- NOT GERMANE

1. The applicant shall provide the following information:
 - a. A list of all zip code areas that are located, in total or in part, within 30 minutes normal travel time of the project's site;
 - b. The total population of the identified zip code areas (based upon the most recent population numbers available for the State of Illinois); and
 - c. The names and locations of all existing or approved LTC facilities located within 30 minutes normal travel time from the project site that provide the categories of bed service that are proposed by the project.
2. The applicant shall document that the project will not result in maldistribution of services.
3. The applicant shall document that, within 24 months after project completion, the proposed project:
 - a. Will not lower the utilization of other area providers below the occupancy standards specified in Section 1125.210(c); and
 - b. Will not lower, to a further extent, the utilization of other area facilities that are currently (during the latest 12-month period) operating below the occupancy standards.

APPEND DOCUMENTATION AS ATTACHMENT- 18 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.590 - Staffing Availability

1. For each category of service, document that relevant clinical and professional staffing needs for the proposed project were considered and that licensure and JCAHO staffing requirements can be met.
2. Provide the following documentation:
 - a. The name and qualification of the person currently filling the position, if applicable; and
 - b. Letters of interest from potential employees; and
 - c. Applications filed for each position; and
 - d. Signed contracts with the required staff; or
 - e. A narrative explanation of how the proposed staffing will be achieved.

APPEND DOCUMENTATION AS ATTACHMENT- 19 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.600 Bed Capacity

The maximum bed capacity of a general LTC facility is 250 beds, unless the applicant documents that a larger facility would provide personalization of patient/resident care and documents provision of quality care based on the experience of the applicant and compliance with IDPH's licensure standards (77 Ill. Adm. Code: Chapter I, Subchapter c (Long-Term Care Facilities)) over a two-year period.

APPEND DOCUMENTATION AS ATTACHMENT- 20, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.610 - Community Related Functions

The applicant shall document cooperation with and the receipt of the endorsement of community groups in the town or municipality where the facility is or is proposed to be located, such as, but not limited to, social, economic or governmental organizations or other concerned parties or groups. Documentation shall consist of copies of all letters of support from those organizations.

APPEND DOCUMENTATION AS ATTACHMENT- 21, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.620 - Project Size

The applicant shall document that the amount of physical space proposed for the project is necessary and not excessive. The proposed gross square footage (GSF) cannot exceed the GSF standards as stated in Appendix A of 77 Ill. Adm. Code 1125 (LTC rules), unless the additional GSF can be justified by documenting one of the following:

1. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;
2. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix A;
3. The project involves the conversion of existing bed space that results in excess square footage.

APPEND DOCUMENTATION AS ATTACHMENT- 22, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.630 - Zoning

The applicant shall document one of the following:

1. The property to be utilized has been zoned for the type of facility to be developed;
2. Zoning approval has been received; or
3. A variance in zoning for the project is to be sought.

APPEND DOCUMENTATION AS ATTACHMENT- 23, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.640 - Assurances

1. The applicant representative who signs the CON application shall submit a signed and dated statement attesting to the applicant's understanding that, by the second year of operation after the project completion, the applicant will achieve and maintain the occupancy standards specified in Section 1125.210(c) for each category of service involved in the proposal.
2. For beds that have been approved based upon representations for continuum of care (Section 1125.560(a)) or defined population (Section 1125.560(b)), the facility shall provide assurance that it will maintain admissions limitations as specified in those Sections for the life of the facility. To eliminate or modify the admissions limitations, prior approval of HFSRB will be required.

APPEND DOCUMENTATION AS ATTACHMENT- 24 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.650 - Modernization- NOT GERMANE

1. If the project involves modernization of a category of LTC bed service, the applicant shall document that the bed areas to be modernized are deteriorated or functionally obsolete and need to be replaced or modernized, due to such factors as, but not limited to:
 - a. High cost of maintenance;
 - b. non-compliance with licensing or life safety codes;
 - c. Changes in standards of care (e.g., private versus multiple bed rooms); or
 - d. Additional space for diagnostic or therapeutic purposes.
2. Documentation shall include the most recent:
 - a. IDPH and CMMS inspection reports; and
 - b. Accrediting agency reports.
3. Other documentation shall include the following, as applicable to the factors cited in the application:
 - a. Copies of maintenance reports;
 - b. Copies of citations for life safety code violations; and
 - c. Other pertinent reports and data.
4. Projects involving the replacement or modernization of a category of service or facility shall meet or exceed the occupancy standards for the categories of service, as specified in Section 1125.210(c).

SECTION V – FINANCIAL AND ECONOMIC FEASIBILITY REVIEW

Criterion 1125.800 Estimated Total Project Cost

The following Sections **DO NOT** need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- Availability of Funds – Review Criteria
- Financial Viability – Review Criteria
- Economic Feasibility – Review Criteria, subsection (a)

Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: Indicate the dollar amount to be provided from the following sources:

<u>\$71,500</u>	<p>a. Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to:</p> <ol style="list-style-type: none"> 1) the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and 2) interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	<p>b. Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.</p>
_____	<p>c. Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;</p>
_____	<p>d. Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including:</p> <ol style="list-style-type: none"> 1. For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated; 2. For revenue bonds, proof of the feasibility of securing the specified amount and interest rate; 3. For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.; 4. For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment; 5. For any option to lease, a copy of the option, including all terms and conditions.

	e.	Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
	f.	Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
\$2,403,340	g.	All Other Funds and Sources - verification of the amount and type of any other funds that will be used for the project.
\$2,474,840	TOTAL FUNDS AVAILABLE

Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. "A" Bond rating or better
2. All of the projects capital expenditures are completely funded through internal sources
3. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-28, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

1. The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Not Applicable due to compliance due to financial waiver section above.

Provide Data for Projects Classified as:	Category A or Category B (last three years)			Category B (Projected)
Enter Historical and/or Projected Years:				
Current Ratio				
Net Margin Percentage				
Percent Debt to Total Capitalization				
Projected Debt Service Coverage				
Days Cash on Hand				
Cushion Ratio				

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and

applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance- NOT GERMANE

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 29, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM

Economic Feasibility

This section is applicable to all projects

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

1. That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
2. That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A. A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 1.5 times for LTC facilities; or
 - B. Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing- NOT GERMANE

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

1. That the selected form of debt financing for the project will be at the lowest net cost available;
2. That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
3. That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs – Not Germane

Read the criterion and provide the following:

Identify each area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY SERVICE									
Area (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New	Circ.*	Gross Sq. Ft. Mod.	Circ.*	Const. \$ (A x C)	Mod. \$ (B x E)	
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

- Purchase orders, leases or contracts pertaining to the project have been executed.
- Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
- Project obligation will occur after permit issuance.

APPENDIX D**Cost/Space Requirements**

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

ATTACHMENT - 2A

This Trust Agreement, dated this 10th day of August, 1998

, and known as Trust Number 124378-02, is to certify that AMERICAN NATIONAL BANK AND TRUST COMPANY OF CHICAGO, a corporation duly organized and existing as a national banking association under the laws of the United States of America, and duly authorized to accept and execute trusts within the State of Illinois, as Trustee hereunder, is about to take legal and equitable title to the following described real estate in Cook County, Illinois, to-wit:

SEE ATTACHED LEGAL DESCRIPTION

Permanent Index number 10-10-200-077-0000

Commonly known as 2520 Gross Pointe Road, Evanston, Illinois 60201

When the Trustee has taken title to this real estate or to any other real estate conveyed to it as Trustee hereunder, the Trustee will hold it for the uses and purposes and upon the trusts herein stated. The following named persons shall be entitled to the earnings, avails and proceeds of said real estate according to the respective interests herein set forth:

**ALDEN ESTATES OF EVANSTON II, INC., an Illinois corporation,
as to One Hundred (100%) percent of the Beneficial Interest.**

The interest of every beneficiary and of any person who may become entitled to any interest under this trust shall consist only of (1) the power to direct the Trustee to deal with title to the real estate, (2) the power to manage, possess, use and control the real estate and (3) the right to receive the earnings, avails and proceeds from leases and other uses and from mortgages, sales and other dispositions of the property. Such rights and powers shall be personal property and may be assigned as such. In case of the death of any beneficiary during the existence of this trust, his or her right and interest shall except as otherwise specifically provided, pass to his or her executor or administrator, and not to his or her heirs at law. No beneficiary now has and no beneficiary at any time shall have any right, title or interest in or to any portion of said real estate as such, either legal or equitable, but only an interest in the earnings, avails and proceeds. Nothing herein contained shall be construed as imposing any obligation on the Trustee to file any income, profit or other tax reports or schedules, it being expressly understood that the beneficiaries will individually make all such reports and pay any and all taxes growing out of their interest under this Trust Agreement. The death of any beneficiary shall not terminate the trust nor in any manner affect the powers of the Trustee. No assignment of an interest shall be binding on the Trustee until the original or a duplicate of the assignment is lodged with the Trustee, and its acknowledgment indicated thereon.

In case the Trustee shall make any advances of money on account of this trust or shall be made a party to any litigation on account of holding title to said real estate or in connection with this trust, or in case the Trustee shall be compelled to pay any sum of money on account of this trust, whether on account of breach of contract, injury to person or property, fines or penalties under any law, judgments or decrees, or otherwise, the beneficiaries do jointly and severally agree as follows: (1) that they will, upon demand, pay to the Trustee, with interest thereon at the highest rate per annum permitted by law, all such disbursements or advances or payments made by the Trustee, together with its expenses, including reasonable attorney's fees; (2) that the Trustee shall not be required to convey or otherwise deal with the real estate or any other property which may become subject to the terms of this Trust Agreement at any time until all of said disbursements, payments, advances and expenses made or incurred by the Trustee shall have been fully paid, together with interest thereon at the highest rate per annum permitted by law and (3) that in case of non-payment within ten (10) days after demand the Trustee may sell all or any part of said real estate at public or private sale on such terms as it may see fit, and retain from the proceeds of the sale a sufficient sum to reimburse itself for all such disbursements, payments, advances and interest thereon and expenses, including the expenses of such sale and attorneys' fees, rendering the overplus, if any, to the then beneficiaries. However, nothing herein contained shall be construed as requiring the Trustee to advance or pay out any money on account of this trust or to prosecute or defend any legal proceeding involving this trust or any property or interest thereunder unless it shall elect to do so and shall be furnished with funds sufficient therefor or be satisfactorily indemnified in respect thereto. In the event the Trustee is served with process or notice of legal proceedings or of any other matter concerning the trust or the trust property, the sole duty of the Trustee in connection therewith shall be to forward the process or notice by first class mail to the person designated as the person to whom inquiries or notices shall be sent or, in the absence of such designation, to any person having a beneficial interest herein. The last address appearing in the records of the Trustee shall be used for such mailing.

It is further understood and agreed that neither American National Bank and Trust Company of Chicago, individually or as Trustee, nor its successor or successors in trust, shall incur any personal liability or be subjected to any claim, judgment or decree for anything it or they or its or their agents or attorneys may do or omit to do in or about the real estate or under the provisions of the deed or deeds in trust or this Trust Agreement, or any amendment thereof, or for injury to person or property happening in or about said real estate, any and all such liability being hereby expressly waived and released. Any contract, obligation or indebtedness incurred or entered into by the Trustee in connection with said real estate shall be entered into by it, as Trustee of an express trust and not individually (and the Trustee shall have no obligation whatsoever with respect to any such contract, obligation or indebtedness except only so far as the trust property and funds in the actual possession of the Trustee shall be applicable to the payment and discharge thereof).

In no case shall any party dealing with the Trustee, or any successor in trust, in relation to said real estate or to whom said real estate or any part shall be conveyed, contracted to be sold, leased or mortgaged by the Trustee or successor in trust, be obliged to see to the application of any purchase money, rent or money borrowed or advanced on the real estate, or be obliged to see that the terms of this trust have been complied with, or be obliged to inquire into the authority, necessity or expediency of any act of the Trustee, or successor in trust, or be obliged or privileged to inquire into any of the terms of this Trust Agreement; and every deed, trust deed, mortgage, lease or other instrument executed by the Trustee, or successor in trust, in relation to the real estate shall be conclusive evidence in favor of every person relying upon or claiming under any such conveyance, lease or other instrument, (1) that at the time of the delivery, the trust created by this Trust Agreement was in full force and effect; (2) that such conveyance or other instrument was executed in accordance with the trusts, conditions and limitations contained in this Trust Agreement and all amendments, if any, and was binding upon all beneficiaries under this Trust Agreement; (3) that the Trustee, or successor in trust, was duly authorized and empowered to execute and deliver every such deed, trust deed, lease, mortgage or other instrument; and (4) if a conveyance has been made to a successor or successors in trust, that such successor or successors in trust have been properly appointed and are fully vested with all the title, estate, rights, powers, authorities, duties and obligations of its, his or their predecessor in trust.

This Trust Agreement shall not be placed of record in the Recorder's Office of the county in which the real estate is situated, or elsewhere, and the recording of the same shall not be considered as notice of the rights of any person, derogatory to the title or powers of the Trustee.

each of the then beneficiaries at his or her address last known to the Trustee. Such resignation shall become effective ten days after the mailing of such notices by the Trustee. In the event of such resignation, a successor or successors may be appointed by the person or persons then entitled to direct the Trustee in the disposition of the trust property, and the Trustee shall thereupon convey the trust property to such successor or successors in trust. In the event that no successor in trust is named as above provided within ten days after the mailing of such notice by the Trustee, then the Trustee may convey the trust property to the beneficiaries in accordance with their respective interests hereunder, or the Trustee may, at its option, file a bill for appropriate relief in any court of competent jurisdiction. The Trustee may, at its option, cause any such deed of conveyance to be recorded or registered. The Trustee, notwithstanding such resignation, shall continue to have a first lien on the trust property for its costs, expenses and attorneys' fees and for its reasonable compensation.

Every successor trustee or trustees appointed shall become fully vested with all the estate properties, rights, powers, trusts, duties and obligations of its, his or their predecessor.

While American National Bank and Trust Company of Chicago is the sole owner of record of the real estate referred to and, so far as the public is concerned, has full power to deal therewith, it is understood and agreed by the parties hereto and by any person who may hereafter become a party hereto or a beneficiary hereunder, that American National Bank and Trust Company of Chicago will (subject to its rights as Trustee) convey title to the real estate, execute and deliver deeds, including deeds conveying directly to a trustee grantee, pay the proceeds of any mortgage, sale or conveyance of, or otherwise deal with the trust estate or proceeds thereof, only when authorized to do so in writing. The Trustee will so act on the written direction of:

FLOYD A. SCHLOSSBERG, President, or JOAN CARL, Secretary, of ALDEN ESTATES OF EVANSTON II, INC., or their duly authorized and elected successors.

or upon the written direction of such other person or persons as shall from time to time be named in writing by each beneficiary. Each beneficiary has the right to personally exercise or delegate in writing, to another, his or her power of direction and the right to rescind any such delegation made by him or her. In the absence of a written designation from any beneficiary, then the Trustee shall act upon the written direction of that beneficiary also. However, the Trustee shall not be required to enter into any personal obligation or liability in dealing with the real estate or to make itself liable for any damages, costs, expenses, fines or penalties, or to deal with the title so long as any money is due the Trustee. Otherwise, the Trustee shall not be required to inquire into the propriety of any such direction. Mortgages or trust deeds made and executed by the Trustee may include waiver of any and all rights of redemption from sale under any order or decree of foreclosure of such mortgage or trust deed.

The beneficiary or beneficiaries shall in his, her or their own right have the full management of the real estate and control of the selling, renting and handling thereof. Any beneficiary or his or her agent shall handle the rents and the proceeds of any sales of the property. The Trustee shall not be required to do anything in the management or control of the real estate or in respect to insurance, litigation or otherwise, except on written direction as above provided and after the payment to it of all monies necessary to carry out the instructions. The beneficiaries agree to operate and maintain the real estate in accordance with all laws, codes, regulations and ordinances respecting the use, occupancy, maintenance or control thereof. All beneficiaries jointly and severally indemnify the Trustee for any damage, claim or judgment made or entered against Trustee or costs, including attorney's fees, incurred by the Trustee due to failure of any beneficiary or any predecessor in interest to any beneficiary or to the Trustee (and whether of the beneficial interest hereunder or of the real estate held) to lawfully operate, control or maintain the real estate. No beneficiary shall have any authority to contract for or in the name of the Trustee or to bind the Trustee personally. If any property remains in this trust twenty years from this date it shall be sold at public sale by the Trustee upon reasonable notice, in writing, sent by registered or certified mail, to each of the then beneficiaries, at his or her address last known to the Trustee. The proceeds of sale shall be divided among the beneficiaries in accordance with their respective interests hereunder.

American National Bank and Trust Company of Chicago shall receive for its services in accepting this trust and in taking title to the real estate the sum of \$250.00; also the sum of \$750.00 per year for holding title after the 10 day of AUG 25 1997, subject to adjustment in accordance with its schedule of fees from time to time in effect, so long as the Trustee shall act under this Trust Agreement. The Trustee shall also receive compensation pursuant to its regular schedule of fees for making deeds, mortgages, leases and/or other instruments as may be required from time to time, and it shall receive reasonable compensation for any special services which may be rendered by it and for taking and holding any other property or improvement which may hereafter be deeded to or acquired by the Trustee. In the event the value of the property held is increased for any reason after the Trustee has accepted title thereto, the Trustee shall also be entitled to reasonable additional fees for holding title. The beneficiaries jointly and severally agree to pay all of such fees and compensations. It is understood and agreed that all such fees and compensations and any other monies due Trustee shall constitute a first lien on the real estate and property held hereunder.

IN TESTIMONY WHEREOF, American National Bank and Trust Company of Chicago has caused these presents to be signed by one of its officers, as and for the act and deed of American National Bank and Trust Company of Chicago on the day and year first above written.

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

The corporate organizational chart for Alden Estates of Evanston is simply Alden Estates of Evanston II, Inc as the owner and Alden Estates of Evanston, Inc as the operator/Licensee. However, there are other related entities through The Alden Group, Ltd. who is sole corporate interest holder of the entities. This entity also has interest in several other facilities that should be considered as "related" (please see the listing of related facilities appended as **ATTACHMENT-4A**). It should be noted that this is a minimal cost (\$71,500) project as there will be no new construction or renovations; therefore, the operating entity is solely funding this project through internal operations.

**SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES -
INFORMATION REQUIREMENTS** Continued I

Criterion 1125.320 – Purpose of the Project

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.

The project is for the conversion of 41 sheltered care beds into nursing care beds. It should be noted that 21 of these beds are utilized and the facility's medical director estimates that these residents will need nursing care services within the next 12 months. The facility is located in Evanston, Illinois which is within the Northeastern Cook County, the 7-B Planning Area. This health planning area has an outstanding need for 339 additional nursing care beds. While this project improves the accessibility by lowering the total number of nursing beds needed, it is not intended to placate the entire need for additional beds and services.

2. Define the planning area or market area, or other, per the applicant's definition.

The market area for this existing facility is a 30-minute travel contour from the facility. Appended as ATTACHMENT-10A is the Applicant's patient origin data that illustrates 335 out of 349 patients (96%) admitted in the most recent twelve month period ending March 31, 2013 come from the 30-minute travel time contour.

3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project.

There are two issues being addressed through this proposed project. The first is that Alden Estates of Evanston's sheltered care residents are aging out and within the next year, these residents will be in need of nursing care. The second issue is the improvement of economies-of-scale to allow the facility to improve the overall utilization of the building.

It should be known that the utilization that is presented as part of this project is based upon fifty-two (52) nursing beds and forty-seven (47) sheltered care beds. The nursing beds have been utilized at a rate of 74% with an average daily census of 38.5 and an average

ATTACHMENT-10

SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS Continued ii

length of stay of 36.2 days. In contrast, the sheltered care beds are utilized at a rate of 63.4% with an average daily census of 24.3 residents and an average length of stay of 885.7 days. The issue is with the number of beds, now 58 nursing and 41 sheltered (as of March/April 2013 the facility increased its nursing capacity by 6-beds, now total of 58 Nursing beds), the nursing beds are effectively full (as explained below). The sheltered level of care has been competitively edged out by the comparable level of care called Assisted Living and its Medicaid counterpart, Supportive Living. The three levels of care are almost synonymous. With the aging out of the existing residents and the effective capacity of the existing nursing beds, these residents cannot be easily transitioned without this conversion.

There are a myriad of factors that affect the utilization of a nursing home. As they relate specifically to Alden Estates of Evanston, the nursing unit has the minimum required number of private rooms (2) as compared to semi-private rooms (25). One of the positive points is that each bedroom has its own bath and does not share a bathroom between rooms; however, the double rooms have to contend with resident's behavior, isolation for risk of infection, and gender issues all of which renders the unit effectively utilized. The conversion of the sheltered care licensed beds to nursing beds will increase the number of private rooms from two (2) up to nine (9). This and the ability to arrange residents who are more compatible, in need of isolation for the same reason, and who are of the same sex should allow the facility to be better utilized.

4. Cite the sources of the information provided as documentation.
 - a. Update to the Inventory of Health Care Facilities and Services and Need Determinations, 2011 Long Term Care Services. See **ATTACHMENT-10B**.
 - b. List of Zip Codes within 30-minute from Microsoft MapPoint North America 2009. See **ATTACHMENT-10C**.

INFORMATION REQUIREMENTS** *Continued iii*

- d. Alden Estates of Evanston patient origin delineation of those within 30-minute market contour. See **ATTACHMENT-10A**.
 - e. Alden Estates of Evanston patient days and admissions for 12-month period ending March 31, 2013. See **ATTACHMENT-10E**.
 - f. Alden Estates of Evanston 2011 IDPH Annual Questionnaire Form. See **ATTACHMENT-10F**.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.

Through the increasing of: number of beds, number of private room, and overall economies-of-scale the utilization of the existing health care resource can be better utilized.

6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals as appropriate.

The goal for this project is the increased overall utilization of Alden Estates of Evanston.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

This specific project does not include any modernization. Alden's commitment in all of their facilities is the continual rehabilitation of all structures. As shown in each year's Medicare/Medicaid Cost Reports as filed with the Illinois Department of Healthcare & Family Services, Alden expends money on the on-going maintenance and renovations in order to maintain a modern facility for its residents.

**SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES -
INFORMATION REQUIREMENTS** Continued iv

Criterion 1125.330 – Alternatives

2. Identify ALL of the alternatives to the proposed project:

Alternative options **must** include:

- a. Proposing a project of greater or lesser scope and cost;
- b. Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
- c. Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
- d. Provide the reasons why the chosen alternative was selected.

Alden Estates of Evanston is an existing facility with 21 sheltered care residents in 41 beds. According to the facility's medical director Jack Morgan, MD, all of these residents will be in need of nursing level of care within the next 12-months based upon their current medical history and progression (see ATTACHMENT-11A). Additionally, the facility has 40-nursing care residents in 58-beds (six beds recently converted) which represents an effective full capacity. This project proposes to convert the sheltered care beds into nursing care beds to allow these residents to continue to age-in-place. Moreover, with all 99-beds licensed as nursing care, the rooms can be better utilized by allowing gender, isolation and behavior issues to be more effectively grouped together thus opening up additional capacity. It should be noted that this is all being accomplished at little cost. As such, the alternatives are limited to maintaining the Status Quo or the Project as Being Proposed.

**SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES -
INFORMATION REQUIREMENTS** Continued v

2. Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

Status Quo

Total Cost

There are minimal capital costs to this alternative. However, this alternative does nothing to improve the utilization of the existing health care resource, Alden Estates of Evanston.

Patient Access

Alden Estates of Evanston in March-April of this year converted ten (10) percent or six beds of its existing fifty-two (52) nursing care facility to additional nursing beds; total licensed nursing care beds are now fifty-eight (58). Therefore, no additional beds can be converted for a minimum of two years from this past April (2013). The immediate issue is that it is estimated that the twenty-one (21) existing sheltered care residents will need nursing care within the next twelve months. Approximately ten (10) of this residents will need 24-hour nursing care upon approval of this project. This alternative does not allow for these residents and therefore, patient access is restricted. Thus, this alternative was considered not viable.

Quality

The issue as presented here is about accessibility and not quality. The Applicant states and continues to offer its commitment to the highest quality in care and in physical plant environment but this alternative restricts the accessibility of those in need of long-term care. This alternative does not allow for greater quality of care for existing residents as they will have to seek services other facilities as their medical needs outweigh their programmatic needs.

ATTACHMENT-11

SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS Continued vi

Financial Benefits

As the Applicant does not have the ability to transition its existing sheltered care residents to nursing care beds or to more effectively utilize its existing beds through the greater economies-of-scale the financial implications of this alternative project a negative outlook.

Project as Being Proposed

Total Cost

The cost of this project is one that is comprised of the fair market value of the lease for the space being converted and the fees associated with filing the Certificate of Need application. As such the project has no capital costs.

Patient Access

This alternative allows for full accessibility for the existing 21 sheltered care residents who are projected to be in need of nursing care as a result of changing medical and programmatic needs. Moreover, the additional nursing beds and increased number of private rooms will allow the Applicant with a greater ability to maximize the overall facility utilization. Therefore, this alternative was considered most viable.

Quality

The issue as presented here is about accessibility and not quality. The Applicant states and continues to offer its commitment to the highest quality in care and in physical plant environment but this alternative restricts the accessibility of those in need of long-term care.

Financial Benefits

The financial benefits of this alternative are strong as the potential for greater utilization is cultivated through the approval of this application.

3. The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

The issue as presented here is about accessibility and not quality. The Applicant states and continues to offer its commitment to the highest quality in care and in physical plant environment; therefore, this issue is not germane.

Re: Alden Estates of Evanston

Dear Ms. Schullo:

As the Medical Director at Alden Estates of Evanston, it is of my clinical judgment that of the 21 residents currently residing in the Sheltered Care unit, I believe all 21 of those residents would require nursing care services within the next 12 months.

Thank you,

Dr. Jack Morgan

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued i

Criterion 1125.520 – Background of the Applicant

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.

Appended as **ATTACHMENT-12A** is a listing that identifies all nursing facilities owned and operated by related entities as the Applicant only owns and operates Alden Estates of Evanston. A copy of all related facility licenses and certifications as applicable are appended under **ATTACHMENT-12B**.

2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.

The required documentation with regards to adverse action as defined under 1125.520.c)2 is appended as **ATTACHMENT-12C**. It should be noted that the ownership and operating entity of the proposed Alden Estates of Evanston do not have any adverse action taken against them.

3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.

The above requested authorization for the Health Facilities and Services Review Board and the Department of Public Health access to information is appended as **ATTACHMENT-12D**.

4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

This item is not germane.

Dear Mr. Galassie:

Please be advised that no adverse actions as defined under 1130.140 have been taken against the Applicants, (Alden Estates of Evanston, Inc., Alden Estates of Evanston II, Inc.) within three years preceding the filing of the Certificated of Need application.

There are a few other Alden Facilities that have received violations at the "A" level from the Illinois Department of Public Health. Notably, there are 33 Alden licensed long term care facilities in the state of Illinois. Since March of 2010, only 2 of those facilities have received final level "A" violations. Attached is a certified listing of the facilities with final level "A" violations.

Sincerely yours,
Alden Estates of Evanston, Inc.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued ii

Criterion 1125.530 - Planning Area Need

Identify the calculated number of beds needed (excess) in the planning area. See HFSRB website (<http://hfsrb.illinois.gov>) and click on “Health Facilities Inventories & Data”.

According to the update to the Inventory of Health Care Facilities and Services and Need Determinations-2011 Long-Term Care Services, the Board’s website (hard copy appended as **ATTACHMENT-13A**) identifies a need for 339 additional nursing care beds in the 7-B Planning Area.

1. Attest that the primary purpose of the project is to serve residents of the planning area and that at least 50% of the patients will come from within the planning area.

Appended as **ATTACHMENT-13B** is a listing of all residents by zip code and whether that zip code is within the 30-minute market area contour. The facilities patient origin analysis shows that 335 out of 349 (96%) of the resident admissions are derived from within the Applicant’s service area which is primarily also the 7-B Planning Area. Therefore, through the signing of this Certificate of Need application, the Applicants attest that the primary purpose of the project is to serve the residents of the 7-B Planning Area/30-minute market contour and that at least 50% of the admission will come from within this area.

2. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used, as described in Section 1125.540.

The physician and hospital referral letters appended in **ATTACHMENT-13C** and **13D** respectively use the historical referrals to area facilities as their basis of making projections. It should be noted that the physician’s reviewed their patient files, and to the

ATTACHMENT-13

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued iii

level that the information was available, were able to make conservative projections of referrals to the proposed project.

Appended as **ATTACHMENT-13C** are five physician letters offering historical and projected referrals to Alden Estates of Evanston. Specifically, these five physicians have made over 600 historical referrals and are estimating that they will make 33 referrals a month which equates to 396 referrals annually. In further documentation of existing and continued resident referrals, appended as **ATTACHMENT-13D** is a letter from North Shore University Health System, Evanston Hospital's Chief Medical Quality Officer stating that it has and will continue to refer approximately 266 patients to the facility of which 120 are residents of Evanston let alone the 7-B Planning Area. Finally, appended as **ATTACHMENT-13E**, is a letter from Jack Morgan, MD, medical director of Alden Estates of Evanston. Dr. Morgan has indicated that the entire sheltered care population in the facility will be in need of nursing care within twelve months. Therefore, in light of the historical referrals and existing resident need, the projected referrals will help to improve the utilization of this existing health care resource.

Re: Alden Estates of Evanston

Dear Ms. Schullo:

I am a practicing physician in the Evanston area and do hold credentials with Alden Estates of Evanston. I regularly refer residents to skilled nursing facilities in the Chicago and Evanston area. Skilled nursing care is often needed for my patients that I see both in my office as well as residents that are discharging from the hospital. I simply want this letter to state that I support the additional forty seven skilled beds for Alden Estates of Evanston. A significant number of patients would benefit from the facilities ability to serve a greater amount of Chicago and Evanston residents and families.

After review of our files, we can confirm that we have previously referred a significant number of patients each month to area skilled nursing facilities.

The proximity of Alden to local hospitals, including Northshore University Health System's Skokie and Evanston Hospital and Resurrection Health Care, St. Francis Hospital, would allow closer to home, quality care for my patients.

I believe that I would refer at least five patients per month to your skilled facility. Please note that these patient referrals have not been used to support any pending or approved Certificate of Need application in the area.

Please give Alden Estates of Evanston's Certificate of Need application your consideration and approval.

RE: Alden Estates of Evanston

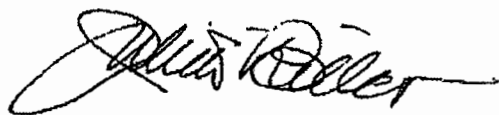

Dear Mr. Molitor:

I am writing you this letter in support of your proposal to convert the current forty one sheltered care beds at Alden Estates of Evanston to skilled nursing beds. It is my understanding that this will enhance the continuation of the best in nursing and rehabilitation services.

A cursory review of our files indicates that we have previously referred approximately 35-40 patients on a monthly basis to area facilities. Due to several factors, including and especially the coming changes in healthcare related to the Affordable Care Act as well as your outstanding services, I believe that in the future we would be able to refer an increasing number of patients to your facility. While it is difficult to predict with total accuracy, I would estimate that we could potentially refer up to 10 patients monthly to your facility for skilled, post-acute rehabilitation services.

The above information is true and accurate to the best of my knowledge.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA *Continued iv*

Criterion 1125.550 - Service Demand – Expansion of General Long-Term Care

The applicant shall document #1 and either #2 or #3:

1. Historical Service Demand

- a. An average annual occupancy rate that has equaled or exceeded occupancy standards for general LTC, as specified in Section 1125.210(c), for each of the latest two years.

Appended as **ATTACHMENT-15A** are the 2010 and 2011 IDPH Annual Questionnaire Forms for the Subject facility. It should be noted that the utilization rates are consistent during this time frame, 14,509 patient days or 76.4% utilization in 2010 and 14,533 patient days or 76.6% utilization in 2011. For the respective years the facility realized peak census of 47 and 46 residents for the 51 skilled beds licensed at that time. Bed utilization is affected due to the having semi-private rooms which creates issues of resident gender, behavior or compatibility, and isolation which effectively render the existing small bed compliment as full. With the existing Sheltered Care residents aging-out and soon to be in need of nursing care, the conversion will enhance the Applicant's ability to more effectively utilize the beds to increase the overall utilization.

- b. If prospective residents have been referred to other facilities in order to receive the subject services, the applicant shall provide documentation of the referrals, including completed applications that could not be accepted due to lack of the subject service and documentation from referral sources, with identification of those patients by initials and date.

According to **ATTACHMENT-15B**, a letter from the Alden Estates of Evanston's administrator states that an average of eleven referrals per month (or 132 referrals on an annual basis based upon the most recent six months of data collected) are referred to other area facilities. The facility continues to realize the occasional

ATTACHMENT-15

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA *Continued v*

peak census around 46 or 47 beds. However, these are not consistent due to the high turnover (average length of stay of 36.2 days, refer to **ATTACHMENT-15C**), issues of resident gender, behavior compatibility, and isolation that render the facility effectively full. The proposed project seeks to remedy this issue with the ability of a greater number of beds so that the issues of gender, behavior or isolation as well as high resident turn over can be more easily accommodated.

2. **Projected Referrals**

The applicant shall provide documentation as described in Section 1125.540(d).

Appended as **ATTACHMENT-15D** is a letter from North Shore University Health System, Evanston Hospital's Chief Medical Quality Officer stating that it has and will continue to refer approximately 266 patients to the facility of which 120 are residents of Evanston let alone the 7-B Planning Area. In further documentation of existing and continued resident referrals, appended as **ATTACHMENT-15E** are five physician letters offering historical and projected referrals to Alden Estates of Evanston. Specifically, these five physicians have made over 600 historical referrals and are estimating that they will make 33 referrals a month which equates to 396 referrals annually. Finally, appended as **ATTACHMENT-15F**, is a letter from Jack Morgan, MD, medical director of Alden Estates of Evanston. Dr. Morgan has indicated that the entire sheltered care population in the facility will be in need of nursing care within twelve months. Therefore, in light of the historical referrals and existing resident need, the projected referrals will help to improve the utilization of this existing health care resource.

3. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area (as experienced annually within the latest 24-month period), the projected service demand shall be determined as described in Section 1125.540 (e).**

This item is not germane.

Re: Alden Estates of Evanston's CON for the
conversion of Sheltered Care Beds to
Skilled Nursing Beds

Dear Chairman Galassie:

Please accept this correspondence as further documentation for the above referenced project. It should be noted that after reviewing the past six month of facility data through March 2013, I have identified an average of 11 potential skilled nursing residents per month whom the facility has had to turn away due to not having a suitable skilled nursing bed available. The decision for turning away a potential resident is not taken lightly, and our facility does everything possible to accommodate as many referrals as possible. However, these denied referrals taken away from Alden Estates of Evanston were primarily due to not having an appropriate gender bed available, isolation issues for the existing and/or proposed residents, behavior issues for the existing and/or proposed residents, or due to the facility being "out-of-network" of potential resident's insurance plans.

Specifically, over the past six months Alden Estates of Evanston has had to deny admission to the following referrals:

- 12 in October 2012
- 9 in November 2012
- 13 in December 2012
- 10 in January 2013
- 11 in February 2013
- 11 in March 2013

This information stated above is true and accurate to the best of my knowledge. If you have any questions or concerns, or want more information, please do not hesitate to contact me.

Sincerely,

After review of our files, we can confirm that we have previously referred a significant number of patients each month to area skilled nursing facilities.

The proximity of Alden to local hospitals, including Northshore University Health System and Resurrection Health Care, St. Francis Hospital, would allow closer to home, quality care for my patients.

I believe that I would refer at least three patients per month to your skilled facility. Please note that these patient referrals have not been used to support any pending or approved Certificate of Need application in the area.

Please give Alden Estates of Evanston's Certificate of Need application your consideration and approval.

Re: Alden Estates of Evanston

Dear Ms. Schullo:

I am a practicing physician in the Evanston area and do hold credentials with Alden Estates of Evanston. I regularly refer residents to skilled nursing facilities in the Evanston area. Skilled nursing care is often needed for my patients that I see both in my office as well as residents that are discharging from the hospital. I simply want this letter to state that I support the additional forty seven skilled beds for Alden Estates of Evanston. A significant number of patients would benefit from the facilities ability to serve a greater amount of Evanston residents and families.

After review of our files, we can confirm that we have previously referred approximately fifteen patients each month to area skilled nursing facilities.

The proximity of Alden to local hospitals, including Northshore University Health System and Resurrection Health Care, St. Francis Hospital, would allow closer to home, quality care for my patients.

I believe that I would refer at least ten patients per month to your skilled facility. Please note that these patient referrals have not been used to support any pending or approved Certificate of Need application in the area.

Please give Alden Estates of Evanston's Certificate of Need application your consideration and approval.

RE: Alden Estates of Evanston

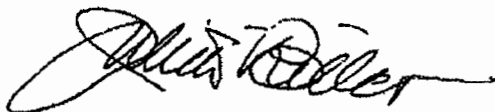

Dear Mr. Molitor:

I am writing you this letter in support of your proposal to convert the current forty one sheltered care beds at Alden Estates of Evanston to skilled nursing beds. It is my understanding that this will enhance the continuation of the best in nursing and rehabilitation services.

A cursory review of our files indicates that we have previously referred approximately 35-40 patients on a monthly basis to area facilities. Due to several factors, including and especially the coming changes in healthcare related to the Affordable Care Act as well as your outstanding services, I believe that in the future we would be able to refer an increasing number of patients to your facility. While it is difficult to predict with total accuracy, I would estimate that we could potentially refer up to 10 patients monthly to your facility for skilled, post-acute rehabilitation services.

The above information is true and accurate to the best of my knowledge.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued vi

Criterion 1125.590 - Staffing Availability

1. For each category of service, document that relevant clinical and professional staffing needs for the proposed project were considered and that licensure and JCAHO staffing requirements can be met.
2. Provide the following documentation:
 - a. The name and qualification of the person currently filling the position, if applicable; and
 - b. Letters of interest from potential employees; and
 - c. Applications filed for each position; and
 - d. Signed contracts with the required staff; or
 - e. A narrative explanation of how the proposed staffing will be achieved.

Appended as **ATTACHMENT-19A**, is the proposed staffing pattern by position title for the 99-bed long-term care facility. It should be known that the staff is in place and will not change except to accommodate increase admissions as outlined in the appended staffing pattern. This project is not a typical start-up projects as this is only a bed conversion from sheltered care to nursing care with many (21-22) existing residents in-place. The personnel is or will be in place and only CNA's will be added with marked census increases. Specifically, this project has 58.5 full time equivalents in the Estates. To maintain adequate staffing levels, the Applicant will start by reviewing and interviewing from the employment applications currently on file. To further explain the internal process in recruiting and hiring staff a narrative description is provided below:

The Applicants are related to a much larger organization that operates several general and several specialized long-term care facilities. Therefore, the Applicant and its administrative service company have the resources of general long-term care facilities throughout Illinois. This organization also has several

ATTACHMENT- 19

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued vii

assisted living and independent living units within Illinois. It is the policy of the organization to begin a comprehensive recruitment program for every new facility approximately four to six months prior to the opening in order to insure that the new facility has all of the necessary positions filled with qualified personnel. Local advertising in the area newspaper and at area nursing schools has generally been sufficient in attracting the needed professional health care manpower.

Furthermore, it is the policy of the organization to promote from within their company whenever possible which allows the transfer of top professionals in their field to start-up facilities. The Applicant is closely related to Alden Management Services, Inc., the administrative services company, who recruits locally, regionally, and nationally for highly qualified staff.

1. A listing is obtained from the Illinois Board of Nurses in the geographic area of the proposed facility. Letters are mailed to announce the opening of the new facility in the specific areas and the positions that are available;
2. Advertisement in the local newspaper;
3. A special day for nurses will be held in the community. The nurses from the surrounding area will be invited to a special open house and tour of the facility. A film will also be shown to introduce the Applicant and its other Long-Term Care facilities, concluding with a question and answer session on the philosophy of the organization;
4. Announcement of the opening of the facility will be sent to the area Schools of Nursing. It is the philosophy of the organization that an innovative nursing program and a continual in-service training program enhances the attraction of new employees and helps retain qualified and dedicated staff.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued viii

It should be noted that the administrative services company is located in Chicago, and is very familiar with the employment situation of the area. Alden, also has employees within the area and the State to pull from to fill any needed position. The proposed employees will have paid continuing education credits, competitive wages, and a pension offered. With such a large number of existing employees one strong focus of recruitment will be by word of mouth by these existing employees to their respective communities. Furthermore, Alden will provide an upward mobility transfer for those employees within the market area.

Thus, it does not appear that between the Applicant's experience and through the experience of the existing campus that there will be any difficulty in securing the needed health care manpower.

Criterion 1125.600 Bed Capacity

The maximum bed capacity of a general LTC facility is 250 beds, unless the applicant documents that a larger facility would provide personalization of patient/resident care and documents provision of quality care based on the experience of the applicant and compliance with IDPH's licensure standards (77 Ill. Adm. Code: Chapter I, Subchapter c (Long-Term Care Facilities)) over a two-year period.

This project is for a 99 bed long-term care facility. Therefore, this item is not germane.

RE: Alden Estates of Evanston

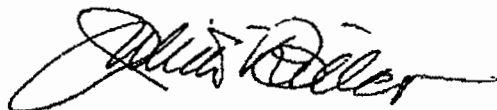

Dear Ms. Schullo:

I am writing you this letter in support of your proposal to convert the current forty one sheltered care beds at Alden Estates of Evanston to skilled nursing beds. It is of my understanding that this will enhance the continuation of the best in nursing and rehabilitation services.

In order to keep up with the demands of our aging population, this conversion would allow for the current residents living in the sheltered care beds to remain 'home'. Furthermore, this would allow Alden Estates of Evanston the opportunity to care for additional members of our community. This capability also becomes increasingly important as we look to the coming changes in healthcare and its delivery under the Affordable Care Act.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued xi

Criterion 1125.620 - Project Size

The applicant shall document that the amount of physical space proposed for the project is necessary and not excessive. The proposed gross square footage (GSF) cannot exceed the GSF standards as stated in Appendix A of 77 Ill. Adm. Code 1125 (LTC rules), unless the additional GSF can be justified by documenting one of the following:

The Applicant has a total of 53,964.1 existing gross square feet of space in the building known as Alden Estates of Evanston. This equates to 545.1 gross square feet per bed for all 99 beds upon project completion. It should be noted that the proposed project is in compliance with this criterion as the full bed compliment is well within the upper range limit of 713 gross square feet per bed.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued xii

Criterion 1125.630 - Zoning

The applicant shall document one of the following:

1. The property to be utilized has been zoned for the type of facility to be developed;

Not germane.

2. Zoning approval has been received; or

Appended as **ATTACHMENT-23A**, is the zoning ordinance from the City Council of the City of Evanston, Cook County granting the appropriate zoning for the facility. As there are no physical changes to the building as part of this project, zoning is and will remain in-place.

3. A variance in zoning for the project is to be sought.

Not applicable.

and January 14, 2013, the City Council considered, amended, and adopted the recommendation of the P&D Committee, as amended,

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EVANSTON, COOK COUNTY, ILLINOIS, THAT:

SECTION 1: The foregoing recitals are found as fact and made a part hereof.

SECTION 2: The City Council hereby amends Ordinances 147-O-89, 29-O-96, and 62-O-09 to amend Sections 2a and 2e of 29-O-96 to permit the Applicant to operate a Special Use for a Sheltered Care Home/Skilled Care Home on the Subject Property with ninety-nine (99) beds, with a total of eight (8) skilled care beds committed to Evanston Medicaid patients.

SECTION 3: Pursuant to Subsection 6-3-5-12 of the Zoning Ordinance, violation of any of the conditions on the grant of a Special Use imposed herein and/or by Ordinances 147-O-89, 29-O-96, and 62-O-09, as amended, shall constitute grounds for revocation thereof pursuant to Subsection 6-3-10-6 of the Zoning Ordinance.

SECTION 4: Except as otherwise provided for herein, all applicable regulations of Ordinances 147-O-89, 29-O-96, and 62-O-09 and the City Code shall apply with full force and effect to the Subject Property and the use and development of the same. To the extent that the terms and provisions of any of said documents conflict with the terms herein, this ordinance, 95-O-12, shall govern and control.

SECTION 5: The Applicant, at its cost, shall record a certified copy of this ordinance, including all Exhibits attached hereto, with the Cook County Recorder of Deeds, no later than thirty (30) days after its effective date.

SECTION 6: When necessary to effectuate the terms, conditions, and purposes of this ordinance, "Applicant" shall be read as "Applicant's agents, assigns, and successors in interest."

SECTION 7: The findings and recitals contained herein are declared to be prima facie evidence of the law of the City and shall be received in evidence as provided by the Illinois Compiled Statutes and the courts of the State of Illinois.

SECTION 8: All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 9: If any provision of this ordinance or application thereof to any person or circumstance is held unconstitutional or otherwise invalid, such invalidity shall not affect other provisions or applications of this ordinance that can be given effect without the invalid application or provision, and each invalid provision or invalid application of this ordinance is severable.

SECTION 10: This ordinance shall be in full force and effect from and after its passage, approval and publication in the manner provided by law.

The following Sections DO NOT need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- **Availability of Funds – Review Criteria**
- **Financial Viability – Review Criteria**
- **Economic Feasibility – Review Criteria, subsection (a)**

Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: Indicate the dollar amount to be provided from the following sources:

- a. **Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to:**

- 1) **the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and**

Appended as ATTACHMENT-27A is a copy of the facility's financial statements illustrating that there is \$71,500 in cash and securities available for this project.

- g. **All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.**

The Fair Market Value for this project is \$2,403,340. It should be known that this amount is the per bed basis for the 41-sheltered care beds being converted to nursing care. The total facility fair market value is \$5,803,186 or \$58,618.04 per bed.

SECTION V – FINANCIAL AND ECONOMIC FEASIBILITY REVIEW Continued II

Financial Viability –

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

- 1. “A” Bond rating or better**
- 2. All of the projects capital expenditures are completely funded through internal sources**
- 3. The applicant’s current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent**
- 4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.**

See Section 1120.130 Financial Waiver for information to be provided

There are not significant project costs associated with this project. The total project cost is made up of the fair market value of the beds to be converted and the incidental costs of preparing, filing, and licensing the beds to be converted. There is no construction or renovations required for the conversion from Sheltered Care to Nursing Care. It should be noted that the “soft” costs related to this project are being funded through “internal” sources, i.e., normal operations. A copy of the facility’s financial statements illustrating the internal funds are available is appended as **ATTACHMENT-27A**.

ATTACHMENT-28

SECTION V – FINANCIAL AND ECONOMIC FEASIBILITY REVIEW Continued III

Economic Feasibility

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

1. That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or

The total estimated project costs will be funded in total with cash of ongoing operations. The fair market value included in the total project cost is not costs in that actually have to be funded. Appended as ATTACHMENT-27A is a copy of the facility's financial statements illustrating that the project cost will be funded in cash.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

This item is not germane. The project does not involve debt financing.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

Identify each area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

This item is not germane as this project does not involve new construction, modernization or contingency cost.

SECTION V – FINANCIAL AND ECONOMIC FEASIBILITY REVIEW Continued iv

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

Salaries	\$3,850,821	
Supplies	\$896,225	
Tax, Welfare, and Benefits	\$924,197	
Total Direct Cost	\$5,671,243	
Year of Target Utilization		2015
Patient Days Per Year	32,850	
Resultant Costs Per Patient Day		\$172.64

E. Total Effect of the Project on Capital Costs

Alden Estates of Evanston

Financial Plan Summary

Alden of Evanston is an existing facility at 2520 Gross Point Road, Evanston, Illinois. Alden Estates of Evanston is a 99-bed long-term care institution with 58-beds licensed for nursing care and 41-beds licensed for sheltered care. Alden Estates of Evanston has faced some financial challenges in the recent past that seem to result from lower than desired occupancy rates. One reason for low occupancy at the facility seems to be a declining demand for licensed sheltered care. Alden Estates of Evanston finds itself in a market where its residents and potential customers are aging fast and have an increased need for more acute care than can be provided at the sheltered care level. Accordingly, application is being made to the Illinois Health Facilities and Services Review Board for a permit to convert Alden Evanston's 41 sheltered care beds to nursing care.

Alden Estates of Evanston is owned and operated by units of the Alden Group Ltd. The Alden Group is an old, well established provider of senior living services throughout Northeastern Illinois. Alden Estates of Evanston II owns the real estate and major equipment of the facility. The owning entity is in the process of making gradual improvement to the physical plant. These improvements are not of a scope to require a permit from the Illinois Health Facilities and Services Review Board, but are designed to increase both the efficiency and marketability of the facility.

Alden Estates of Evanston, Inc. is the operator of Alden's Evanston facility. It is making plans to redirect the focus of operations at Alden Evanston toward concentrating on a shorter term, more acute care resident. This type of resident requires more intensive care and rehabilitation services than are appropriate under the current sheltered care license. Therefore, The Alden Group is seeking permission to convert its 41 sheltered care beds at Evanston to skilled nursing category of service. It is felt that, together with the other planned changes in plant and operations at the Evanston facility, this change in level of care will aid in correcting the current imbalance of revenue with costs that has plagued the Alden Estates of Evanston facility. The resulting changes will spark a return to profitability at the facility that is reflected in the financial information presented with this CON application.

The actual project costs for this conversion application are quite reasonable with the total cost of \$2,474,840 including the fair market value of the 41 beds which is \$2,403,340 (the total facility fair market value of 99-bed facility is \$5,803,186). Thus the actual funds required to complete this conversion are only \$71,500 in fees and miscellaneous administrative costs. No new construction or equipment is included in the project. No new equity contributions of financing are necessary since this modest level of funds can readily be generated by the normal operations of the facility.

Various other units of the Alden Group will continue to provide goods and services used in the operations of the Evanston facility. General management, medical equipment, therapy services and pharmaceutical services are among these related activities. The cost of the goods and services provided to the Evanston entities by related organizations will continue to be at market rates.

SECTION V – FINANCIAL AND ECONOMIC FEASIBILITY REVIEW Continued vi

Conversion of the sheltered care beds at Evanston is planned to begin in September of 2013 and to be completed in December of 2014. Target occupancy for the facility is 90% of total capacity, to 90 patients. It is expected that the facility will reach that level of occupancy by the 1st of January 2015 and will operate at that level thereafter.

The financial results of the senior services to be provided at Alden Estates of Evanston are very dependent on the type of patient and the varying charges, or government reimbursement, which is available for each type. The projected financial statements for this project have been prepared using the following assumed mix of patients:

<u>Type</u>	<u>% In Mix</u>
Medicare	66.6
