Re: State Board Request for Information Letter dated 7/24/17 concerning Permit #13-054 (the "Request Letter")

Dear Mr. Constantino,

In response to the Request Letter, please be advised that NxStage Oak Brook, LLC continues to operate, and has operated at all times since the clinic opened in April of 2014, in compliance with the permit conditions set forth in the State Board's December 19, 2013 permit approval letter, including that it "not perform traditional '3 a week' treatment modalities."

Please do not hesitate to contact me directly at 978-332-8312, or jlawrence@nxstage.com, if you have any further questions or concerns.

Sincerely,
