Project No. 14-008 (the "Project")  
Completion Letter

Dear Ms. Avery:

We are pleased to inform the Illinois Health Facilities and Services Review Board that project No. 14-008 has been completed.

The Illinois Department of Public Health provided us a letter dated January 9, 2017 and new licensure approving the 30 bed addition. This completion was in compliance with the February 28, 2017 completion date specified in our permit. We are now in the process of gathering the final information to submit the final cost certification numbers within the allotted submission period.

Please contact me with any questions or if you require any further information.

Sincerely,

Thomas Winter
