

**ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD
APPLICATION FOR PERMIT**

ORIGINAL

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

RECEIVED

14-011

This Section must be completed for all projects.

APR 01 2014

Facility/Project Identification

Facility Name: Maryville Behavioral Health Hospital	HEALTH FACILITIES & SERVICES REVIEW BOARD	
Street Address: 555 Wilson Lane		
City and Zip Code: Des Plaines, IL 60016		
County: Suburban Cook	Health Service Area: 7	Health Planning Area: A-07

Applicant /Co-Applicant Identification

[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name: Maryville Academy
Address: 1150 N. River Road, Des Plaines, IL 60016
Name of Registered Agent: Norman Bryant Joyce
Name of Chief Executive Officer: Sr. Catherine M. Ryan
CEO Address: 1150 N. River Road, Des Plaines, IL 60016
Telephone Number: (847) 768-5430

Type of Ownership of Applicant/Co-Applicant

☒ Non-profit Corporation	☐ Partnership	
☐ For-profit Corporation	☐ Governmental	
☐ Limited Liability Company	☐ Sole Proprietorship	☐ Other

- Corporations and limited liability companies must provide an **Illinois certificate of good standing**.
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

APPEND DOCUMENTATION AS ATTACHMENT-1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Primary Contact

[Person to receive ALL correspondence or inquiries]

Fax Number:

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: Maryville Academy
Address of Site Owner: 1150 N. River Road, Des Plaines, IL 60016
Street Address or Legal Description of Site: 555 Wilson Avenue, Des Plaines, IL 60016
Proof of ownership or control of the site is to be provided as Attachment 2. Examples of proof of ownership are property tax statement, tax assessor's documentation, deed, notarized statement of the corporation attesting to ownership, an option to lease, a letter of intent to lease or a lease.
APPEND DOCUMENTATION AS <u>ATTACHMENT-2</u> , IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Maryville Academy d/b/a Maryville Behavioral Health Hospital	
Address: 1150 N. River Road, Des Plaines, IL 60016	
☒ Non-profit Corporation ☐ For-profit Corporation ☐ Limited Liability Company	☐ Partnership ☐ Governmental ☐ Sole Proprietorship
☐ Other	
- o Corporations and limited liability companies must provide an Illinois Certificate of Good Standing. - o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner. - o Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.	
APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements NOT APPLICABLE

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at www.FEMA.gov or www.illinoisfloodmaps.org. **This map must be in a readable format.** In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (<http://www.hfsrb.illinois.gov>).

APPEND DOCUMENTATION AS ATTACHMENT -5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements NOT APPLICABLE

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- ☐ Substantive
- ☒ Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

The applicant intends to discontinue a 125 acute mental illness bed facility that provides care and treatment to adolescent patients. The facility does not offer any other bed or ancillary category of service. The average CON occupancy rate in the acute mental illness ("AMI") beds is routinely below 50%. In 2012 and 2013 the applicant did not admit any patients through its ED, which is a stand by ED only. The applicant's patients are referred mainly from the Illinois Screening Assessment & Support Services (SASS) programs for children and adolescents experiencing mental health crisis. The SASS initiative is a cooperative partnership between the Department of Children and Family Services (DCFS), the Department of Healthcare and Family Services (HFS) and the Department of Human Services (DHS). The development of the tri-department SASS program created a single statewide system to serve children experiencing a mental health crisis whose care will require public funding from one of the three agencies. This program features a single point of entry (Crisis and Referral Entry Service, CARES) for all children entering the system and ensures that children receive crisis services in the most appropriate setting. Under the SASS program, the State of Illinois contracts with local human services agencies to screen and assess children and adolescents to determine whether they are in need of inpatient mental health services.

The project is non-substantive per 77 IAC 1110.40.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Preplanning Costs			
Site Survey and Soil Investigation			
Site Preparation			
Off Site Work			
New Construction Contracts			
Modernization Contracts			
Contingencies			
Architectural/Engineering Fees			
Consulting and Other Fees			
Movable or Other Equipment (not in construction contracts)			
Bond Issuance Expense (project related)			
Net Interest Expense During Construction (project related)			
Fair Market Value of Leased Space or Equipment			
Other Costs To Be Capitalized			
Acquisition of Building or Other Property (excluding land)			
TOTAL USES OF FUNDS	0	0	0
SOURCE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Cash and Securities			
Pledges			
Gifts and Bequests			
Bond Issues (project related)			
Mortgages			
Leases (fair market value)			
Governmental Appropriations			
Grants			
Other Funds and Sources			
TOTAL SOURCES OF FUNDS	0	0	0
NOTE: ITEMIZATION OF EACH LINE ITEM MUST BE PROVIDED AT ATTACHMENT-7, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project ☐ Yes ☒ No
 Purchase Price: \$ _____
 Fair Market Value: \$ _____

The project involves the establishment of a new facility or a new category of service
☐ Yes ☒ No

If yes, provide the dollar amount of all **non-capitalized** operating start-up costs (including operating deficits) through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is \$ N/A.

Project Status and Completion Schedules

For facilities in which prior permits have been issued please provide the permit numbers.

Indicate the stage of the project's architectural drawings:

☒ None or not applicable ☐ Preliminary
☐ Schematics ☐ Final Working

Anticipated project completion date (refer to Part 1130.140): August 1, 2014

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140): **NOT APPLICABLE**

- ☐ Purchase orders, leases or contracts pertaining to the project have been executed.
☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
☐ Project obligation will occur after permit issuance.

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:

- ☒ Cancer Registry (**not applicable**)
☒ APORS (**not applicable**)
☒ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
☒ All reports regarding outstanding permits

Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements NOT APPLICABLE

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

Dept. / Area	Cost	Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
		Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
REVIEWABLE							
Medical Surgical							
Intensive Care							
Diagnostic Radiology							
MRI							
Total Clinical							
NON REVIEWABLE							
Administrative							
Parking							
Gift Shop							
Total Non-clinical							
TOTAL							

APPEND DOCUMENTATION AS ATTACHMENT-9, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Facility Bed Capacity and Utilization

Complete the following chart, as applicable. Complete a separate chart for each facility that is a part of the project and insert following this page. Provide the existing bed capacity and utilization data for the latest **Calendar Year for which the data are available**. Include **observation days in the patient day totals for each bed service**. Any bed capacity discrepancy from the Inventory will result in the application being deemed **incomplete**.

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- in the case of a corporation, any two of its officers or members of its Board of Directors;
- in the case of a limited liability company, any two of its managers or members (or the sole manager or member when two or more managers or members do not exist);
- in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- in the case of a sole proprietor, the individual that is the proprietor.

This Application for Permit is filed on the behalf of Maryville Academy* in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.

SECTION II. DISCONTINUATION

This Section is applicable to any project that involves discontinuation of a health care facility or a category of service. **NOTE:** If the project is solely for discontinuation and if there is no project cost, the remaining Sections of the application are not applicable.

Criterion 1110.130 - Discontinuation

READ THE REVIEW CRITERION and provide the following information:

GENERAL INFORMATION REQUIREMENTS

1. Identify the categories of service and the number of beds, if any that is to be discontinued.
2. Identify all of the other clinical services that are to be discontinued.
3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.
4. Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.
5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.
6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

REASONS FOR DISCONTINUATION

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

IMPACT ON ACCESS

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.
2. Document that a written request for an impact statement was received by all existing or approved health care facilities (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.
3. Provide copies of impact statements received from other resources or health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	Year	Year	Year
Inpatient			
Outpatient			
Total			
Charity (cost in dollars)			
Inpatient			
Outpatient

Total			

Medicaid (revenue)			
Inpatient			
Outpatient			
Total			

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care

THIS INDENTURE WITNESSETH :

That—

The **GRANTOR**, FOREST HEALTH SYSTEM, INC. of IL [formerly known as Forest Hospital, Inc.], an Illinois corporation, for and in consideration of the sum of ten (\$10.00) Dollars in hand paid and for other good and valuable consideration, and pursuant to the authority given by the Board of Directors of said corporation does hereby **GRANT AND CONVEY** in fee simple to **MARYVILLE ACADEMY**, an Illinois corporation, all of the following described real estate situated in the County of Cook, State of Illinois, to wit:

Parcel 1:

Lots 1 through 13 both inclusive, in A. F. Saska's subdivision of that part of Lot 5 in Hodge's subdivision of part of Sections 16 and 17, Township 41 North, Range 12, East of the Third Principal Meridian, lying easterly of a line drawn from a point in the southwesterly line of Rand Road 383.37 feet southeasterly from the intersection of the southwesterly line of Rand Road with the westerly line of Lot 6 in Hodge's subdivision aforesaid to a point in the South Line of Lot 5 aforesaid, 377.15 feet easterly of the southwest Corner of said Lot 6, in Cook County, IL

PIN : 09-16-300-097 [as part of Hospital premises]

COMMONLY KNOWN AS : 1841 Rand Road, Des Plaines, IL
519-527 Wilson Lane, Des Plaines, IL

PIN : 09-16-300-087

PIN : 09-16-300-098

COMMONLY KNOWN AS : 555 Wilson Lane, Des Plaines, IL

Parcel 2:

That part of Lots 5 and 6 in L. Hodge's Subdivision of part of Sections 16 and 17, Township 41 North, Range 12, East of the Third Principal Meridian described as follows: Commencing at a point on the Southerly line of Rand Road 233.37 feet Southeasterly of the intersection of the Westerly line of said Lot 6 with the Southerly line of Rand Road; running thence Southwesterly 186.57 feet parallel with the Westerly line of said Lot 6; thence Easterly at right angles to last described line 144.38 feet; thence Northerly 145.90 feet to the Southerly line of Rand Road; thence Northwesterly along the Southerly line of Rand Road 150 feet to the place of beginning.

PIN : 09-16-300-072

COMMONLY KNOWN AS : 1801 Rand Road, Des Plaines, IL

Parcel 4:

That part of Lot 8 in L. Hodge's Subdivision of part of Sections 16 and 17, Township 41 North, Range 12, East of the Third Principal Meridian, described as follows: commencing at the intersection of the West line of said Lot 8 with the center line of Rand Road, thence Southwesterly along the Westerly line of Lot 8, 454.14 feet, thence Southeasterly in a straight line 197.54 feet to a point in the Easterly line of Lot 8, 399.25 feet Southwesterly of intersection

of said Easterly line with center of line of Rand Road; thence Northeasterly along the Easterly line of Lot 8, 399.25 feet to the center of line of Rand Road; thence Northwesterly along the center line of Rand Road, 203.32 feet to the point of beginning, all in Cook County, Illinois.

PIN : 09-16-300-079

COMMONLY KNOWN AS : 1717 Rand Road, Des Plaines, IL

Parcel 5:

The Easterly 20.0 feet (measured at right angles) of that part of Lot 5 in L. Hodge's Subdivision of part of Sections 16 and 17, Township 41 North, Range 12 East of the Third Principal Meridian, lying Westerly of a line drawn from a point in the Southerly line of Rand Road, 383.37 feet Southeasterly from the intersection of the Southerly line of Rand Road with the Westerly line of Lot 6 in said L. Hodge's Subdivision, to a point on the South line of said Lot 5, 377.15 feet East of the Southwesterly corner of said Lot 6 (excepting from said Easterly 20.0 feet that part thereof lying Northerly of the Southerly line of a tract of land known as that part of Lots 5 and 6 in L. Hodge's Subdivision aforesaid described as follows: Commencing at a point on the Southerly line of Rand Road, 233.37 feet Southeasterly of the intersection of the Westerly line of said Lot 6 with the Southerly line of Rand Road, running thence Southwesterly, 186.57 feet parallel with the Westerly line of said Lot 6; thence Easterly at right angles to last described line, 144.38 feet; thence Northerly, 145.90 feet to Southerly line of Rand Road; thence Northwesterly along the Southerly line of Rand Road, 150.0 feet to the place of beginning).

PIN : 09-16-300-053

COMMONLY KNOWN AS : Strip, West of Wilson Lane, Des Plaines, IL

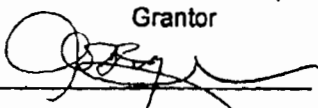

SUBJECT TO: General real estate taxes not yet due and payable at time of closing; special assessments not levied as of the date hereof; building, building line and use or occupancy restrictions, conditions and covenants of record; zoning laws and ordinances; easements for public utilities; drainage ditches, feeders, laterals and drain tile, pipe or other conduit; and other conditions, covenants, and restrictions of record.

IN WITNESS WHEREOF, said GRANTOR has caused its corporate seal to be affixed hereto and its name to be signed on these presents by its President, attested to by its Secretary, this 12 day of December, 1999.

Jesse White

SECRETARY OF STATE

Organizational Relationships

See Attached

Maryville Academy is a non-member Illinois not for profit corporation.

DISCONTINUATION

General Information Requirements.

1. The applicant proposes discontinuation of the Maryville Behavioral Health Hospital ("MBHH"). The hospital operates 125 authorized Acute Mental Illness ("AMI") beds, and no other authorized bed category of service. The applicant serves only adolescents in the AMI beds (patients ages 3 to 21). Its utilization is routinely below 50%.
2. All other categories of service are to be discontinued, however, the applicant provides no other categories of service other than via operation of a Standby Emergency Department ("ED"), hospital based pharmacy and contracted laboratory service. It does not provide surgical services, imaging, cardiac catheterization, obstetrics or operate any procedure rooms.
3. The facility has limited admitting new patients due to lack of funds. The Hospital has always been dedicated to providing quality care to its patient population. The commitment to quality care of chronically mentally ill patients requires 1:1 staffing in some cases, and a patient to nurse ratio of 12:1, which results in higher than normal personnel costs. The operating costs and current reimbursement rates coupled with the cost of operating a hospital in a very old building result in unsustainable financial losses. In the short term the Hospital will limit admissions which will allow it to continue to provide quality care. The Hospital will continue to operate a Standby ED until it closes. The anticipated closure date is July 15, 2014.
4. The Hospital projects an approximate \$4M investment required over the next few years simply to keep the building operating as an inpatient acute care facility, and the need to replace the Hospital entirely in 8-10 years. The Hospital is located in a floodway (see **attached**) and given Maryville Academy's resources, investing this amount of capital under the circumstances is not consistent with its overall mission.
5. The medical records will be maintained by Maryville Academy located at 1150 N. River Road in Des Plaines, Illinois. They will be maintained for ten (10) years. The hospital's general number and intake number will be linked to Maryville Academy, so anyone inquiring about medical records will be able to reach someone who will advise them on how to obtain copies if so desired.
6. See **attached** certification.

Reasons For Discontinuation.

Maryville Academy operates a number of programs focused on improving the well being, health and safety of children and their families. Its programs include: *Family Services*: The Crisis Nursery provides 24-hour emergency shelter to children of families dealing with crises and provides parents with interventions, support, counseling and resource referrals. *Residential*: Short-term and long-term treatment and services provided to young men and women ages 13-20 with intellectual disabilities and mental illness; long-term treatment and care for young men ages 14-17 diagnosed with behavior/conduct disorder; and short-term and long-term care for pregnant and parenting teen girls. *Educational*: The Jen School provides special education services, life skills lessons, and job skills training to adolescent boys ages 13-20 with emotional, behavioral and learning disabilities. *Healthcare*: The Children's Healthcare Center provides 24-hour transitional hospital-to-home care to

children ages newborn through 21 with medically complex conditions. The Maryville Behavioral Health Hospital provides inpatient services to children ages 3-21 who are in need of immediate psychiatric stabilization. *Community Outreach:* Maryville's Golf Academy provides children ages 10-20 with opportunities to learn and play golf and offers golf-related vocational training. Maryville sponsors and directs a number of athletic programs for the Catholic Youth Organization and serves over 1,800 children annually. All of its programs are designed to assist at risk, traumatized and severely challenged youth and adolescents achieve maximum potential and fulfillment (see **attached** for more information on Maryville Academy programs).

The hospital, formerly known as Maryville Academy Scott Nolan Hospital was established in 2000 to provide a full continuum of care for children in Maryville's residential programs who were in need of inpatient mental health treatment. Since that time the Hospital broadened its scope of services to the greater Chicago Metropolitan area, and northern Illinois. Unfortunately, in today's environment the cost of operating the hospital is enormous and its operations suffered a loss of \$4,100,000.00 in FY 2013 and it projects a loss of approximately \$5,000,000.00 in FY 2014. Further, the hospital's original building is approximately 94 years old (with the most recent addition being approximately 44 years old) and significant capital investment is required to operate the hospital into the next few years (see **attached** Facilities Assessment). Given these challenges, Maryville Academy made the difficult decision to discontinue the hospital and to focus its financial resources on its key mission and programs. While this decision is difficult, it is made easier by the known resources of other area providers who can meet the inpatient psychiatric care needs of our community. Maryville Academy has a long history of collaboration with our local SASS agencies: the Kenneth Young Center, Community Counseling Centers of Chicago ("C4"), and Leyden Family Services. Maryville supervisors will continue to work with these agencies to insure that all youth who need inpatient mental health services are properly screened, assessed and placed in an appropriate psychiatric hospital.

Currently, the Hospital employs 148 full time and part time employees. Many of these employees are members of either American Federation of State, County and Municipal Employees Local 31 ("AFSCME") or Illinois Nurses Association ("INA"), and the Hospital is engaged in discussions with the union representatives regarding the effect of closure on these employees. The Hospital is in the process of determining options for the remaining employees.

Impact on Access.

1. We provided a request for impact statement to area facilities operating psychiatric services (some of these facilities to our knowledge do not treat adolescents, but given the HFSRB rules we sent request for impact letters to them regardless). Appendix A includes letters sent to forty-two area facilities and MapQuest travel time reports supporting same. We will forward any further responses to HFSRB attention. We do not believe that the discontinuation will negatively impact existing providers, as there is excess capacity of Acute Mental Illness beds in the region. Ninety-five percent 95% of Maryville's patients were Medicaid recipients in 2012 and 2013. These area facilities would likely not see this as a challenge in providing care to patients who would otherwise be treated by Maryville. Most of these facilities, unlike Maryville, have as a core mission operation of an acute care hospital. These hospitals offer various service lines and should be able to cross subsidize services through the operation of other services (surgery, imaging or medical surgical inpatient services as examples) that are not offered at MBHH.

2. As referenced above we forwarded request for impact statements via certified mail (see **attached**) to facilities within 45 minutes (adjusted MapQuest) that were known to us to provide inpatient psychiatric services.
3. See **attached** Appendix B which includes responses to impact request letters. If responses are received after submission of this application, they will be forwarded to HFSRB.

Springfield, Illinois 62761

Re: Maryville Behavioral Health Program

As the Executive Director of Maryville Academy, I appreciate the Health Facilities and Services Review Board's consideration of the Maryville Behavioral Health Hospital to discontinue. It was a difficult for the Maryville Academy Board to make the decision to close the Hospital. Maryville Academy has served children and their families for over 129 years. We have various programs, which are detailed in the Certificate of Need application and which I will not review in this letter. The Hospital was established in 2000 as an extension of our programs, and I believe it is a valuable one. However, it has become increasingly difficult for us to maintain the Hospital financially. Our children have an average length of stay that is longer than usual due to the fragile nature of their situation, both from a health and living standpoint. We work with our children and their families after discharge from inpatient admission, and anticipate continuing to do so with the providers that will accept the children that would otherwise have been admitted to the Maryville Behavioral Health Hospital. We believe that our core mission is where we should dedicate our scarce financial resources. Maryville Academy simply cannot afford to continue to lose three to four million a year on operating the Hospital.

Having said that, we carefully reviewed whether it would be possible to find a way to continue to provide inpatient behavioral health services (see attached report from MDS). We are still reviewing options but believe we are at a point where this application is required, as time is running out.

There is no question that the children we have worked with will continue to need care and support. Unfortunately, I also know that new children will take their place. Maryville Academy will continue to provide our other programmatic support services to these children and their families.

In conclusion, I again thank you for your consideration of our request. I urge you to approve it so that we can use the funds we are losing to support our other extremely important programs. I also commit that we will work with inpatient providers of behavioral healthcare to adolescents and with SASS to do what we can, always, for the children and their families in need.

Thank you.

Sincerely,

Sister Catherine M. Ryan

Sr. Catherine M. Ryan

All reports and/or questionnaires required by the Illinois Department of Public Health or HFSRB have been filed/provided or will be within sixty (60) days from the date of discontinuation.

Maryville Programs and Services

FAMILY SUPPORT SERVICES DIVISION

Crisis Nursery

Offers short-term care for children 0-6, when families are experiencing a crisis such as parental stress, domestic violence, medical emergencies or family instability. Services are focused on fostering family resilience and lessening consequential traumatic side-effects of the crisis.

Children's Healthcare Center

Provides transitional care between hospital and home for medically fragile children 0-21 and training for caregivers. Respite care services geared toward building resilience and family supports are also provided.

Fatherhood Initiative

Encourages fathers to become more pro-socially active and involved in raising their children, develop a positive relationship with the child's mother, be both a protector and provider and serve as a positive role model.

John and Mary Madden Shelter

A shelter for adolescent and parenting young women ages 14-20, is designed for emergency placement and short-term stabilization in order to set personal and treatment goals and facilitate an appropriate placement.

CYO

Maryville sponsors and directs a variety of athletic programs for community youth throughout the Chicagoland area. There after school programs provide youth athletic opportunities they may not be eligible for at their grade or high schools.

HOSPITAL DIVISION

Maryville Behavioral Health Hospital

An inpatient psychiatric program designed for children, adolescents and young adults, ages 3-21, who are in immediate need of psychiatric stabilization and who are at risk of harm to themselves or others.

EDUCATIONAL DIVISION

Jen School

Provides integrated therapeutic and educational services to males, ages 12-21+, with emotional, behavioral and learning disabilities. The program serves youth from Maryville's Des Plaines residential programs and day-school students from the community.

RESIDENTIAL SERVICES DIVISION

St. George Program (for Young Men)

Provides home-like residential treatment for adolescent males ages 13-20, with a history of childhood trauma and maltreatment, and with both an intellectual disability and mental illness. Treatment is meant to build stable, consistent and healthy relationships with staff; foster the healthy regulation of emotions; and build social, emotional, behavioral, and spiritual resources within the youth.

St. Martin de Porres Program

Serves young men, ages 14-17, diagnosed with symptoms of Behavior Disorder and/or Conduct Disorder. The program maximizes the likelihood of a successful transition to a less restrictive structured setting by providing on a 24 hour basis appropriate trauma informed clinical care and life skills, vocational and educational services.

Casa Imani

Provides a nurturing home and treatment environment for expectant and parenting young women, who have a history of child maltreatment and lack the availability of the biological family to teach or support them and who, by virtue of the presence of mental illness resulting from childhood trauma, cannot manage a less restrictive environment.

Casa Salama (for Young Women)

Provides home-like residential treatment for adolescent females ages 13-21 who have a history of childhood trauma and maltreatment, and who are intellectually disabled and mentally ill. Treatment is intended to build stable, consistent and healthy relationships with staff; foster the healthy regulation of emotions; and build social, emotional, behavioral, and spiritual resources within the youth.

Casa Cariño

Provides home-like residential treatment for adolescent females, ages 13 -21, who have a history of childhood trauma, numerous psychiatric hospitalization and failed lesser restrictive placements. Often they are survivors of shame-based experiences who are sensitive and have developed harmful or impulsive response to stress.

St. Vincent de Paul

Provides home-like residential treatment for adolescent males, ages 13 -21, who have a history of childhood trauma, numerous psychiatric hospitalization and failed lesser restrictive placements. Often they are survivors of shame-based experiences who are sensitive and have developed harmful or impulsive response to stress.

OUTREACH SERVICES

Golf Academy

Provides Maryville, Chicago Public Schools and other youth, ages 10-20, the game of golf and golf-related vocational training opportunities, for the purpose of building pro-social skills, develop empathy and altruism, and support, self-discipline and personal commitment.

MARYVILLE ACADEMY
Over 125 Years of Caring for Children

**Maryville Scott Nolan Center
Des Plaines, IL**

**Facilities Assessment & Improvement Plan
Executive Summary**

November 30, 2011

Prepared by
J. Christopher Newman, MBA
Healthcare Consulting
3400 Knox Avenue
Chicago, IL 60641

Introduction

The Scott Nolan Center is a psychiatric hospital for children, adolescents and young adults. It also houses the Maryville Residential Treatment Center and a Deaf and Hard-of-Hearing Program and offers mental health counseling for residential children, their families and members of the surrounding community at the Child & Family Behavioral Center.

Project Objectives

- Provide guidance to Maryville Academy for the Scott Nolan Center's facilities that ensures support for its current operations and future programmatic growth;
- Assess Scott Nolan Center's current physical plant's sufficiency in the short- and long-term to support the current inpatient child and adolescent psychiatric programs and be able to foster the growth of new and expanded programs in the future;
- Recommend short-term actions to address the facility's immediate needs; and,
- Advise on long-term options that take into consideration the Center's current limited financial capabilities as well as future fund raising potential.

Facility Description

Acquired about twelve years ago, the facility consists of four connected structures: the oldest is a 2-storey plus basement former residence built in the 1920's; a single storey addition; a 3-storey hospital / residential building built in the 1950's; and, a 4-storey plus basement hospital / residential building added in the 1970's. The facility is licensed for 125 beds and has about 50,000 net square feet (excluding circulation). The buildings and the approximately 120 grade-level parking spaces, plus a garage and utility building, occupy the majority of the property.

Site Location and Configuration

- The site is adequately sized for the buildings' floor area and offers sufficient on-grade parking for the current functions;
- Close proximity to the Des Plaines River poses significant water infiltration issues, causing foundation leaks and resulting in damp conditions in the basement and some ground level areas; mold outbreaks have occurred;
- The buildings are confined to a line along the east edge of the long, narrow site with a bi-directional service access road along the west edge; and,
- Opportunities for expansion and / or replacement while continuing operations are severely restricted.

Buildings' Functionality

- Access to inpatient units above level 1 for all clinical and support purposes is by the only two elevators in the facility, which mixes patient, staff, visitor, and service traffic; and,
- The buildings' linear configuration also creates a long travel route along the main first floor corridor for meal delivery and tray recovery, pharmacy, housekeeping and maintenance, as well as for access by residents in The Residential Treatment Center to the dining room and classrooms.

Code Compliance

- Infrastructure improvements were made in 2009 to comply to fire code requirement; and,
- At present inspections have noted no code violations.

Preventive Maintenance and Upgrades

- The current condition of the HVAC (heating, ventilating, and air condition) systems reveals a preference for not replacing or upgrading; and,
- Utility costs for the multiple units used throughout the facility are likely to be significantly higher than with fewer units with more recent technology design.

Inpatient Units Evaluation

- Not being able to directly observe patient rooms causes concerns regarding patient and staff security and control of behavior, as well as providing a suitable therapeutic environment;
- Due to the care and safety requirements regarding potentially unstable residents, the units are devoid of domestic features, furniture, and decoration, which creates a stark environment;
- Bed rooms, communal toilets, and service rooms (laundry, housekeeping) are lined on both sides of a long, straight corridor that impedes interaction as well as observation;
- To monitor activity among the residents, staff must position themselves in the corridor because being in the nurses' station affords no such view;
- Staff cites both observation and safety issues for both themselves and the residents at the far end of the units' corridor;
- The amount and strength of natural light within the units are limited due to the small size of the window openings and the poor light transmission of the severely fogged plastic window panes; many windows have inoperable enclosed blinds;
- Optimal staffing efficiency is achieved in units of 20 or 22 beds, which is not achievable except on the A or North units; and,

- Bed rooms have been converted to nurses' stations to improve the care environment; however, further measures to do so will reduce the bed count below 20 in the A or North units and even more in the B or South units.

In addition to the above, many of the nursing units do not comply with guidelines¹ regarding the number of toilets available for the residents of a psychiatric hospital and residential facility.

Table 1: Nursing Unit Compliance with Recommended Toilets

LEVEL	NORTH / A		Toilets	
	Program	Beds	Current	Required
3	Young Adult (male & female 18-21 yrs)	26	5	6.5
2	Residential	26	4	6.5
1	Adolescent Female (13-17 yrs)	21	4	5.25
Total		73		

LEVEL	SOUTH / B		Toilets	
	Program	Beds	Current	Required
3	Adolescent Male (13-17 yrs)	14	6	3.5
	Children (boys & girls to 11 yrs)	12	1	3
2	Residential	12	5	3
	Residential	14	2	3.5
1	Vacant	8	1	2
Total		60		

¹ Guidelines for Design and Construction of Health Care Facilities, American Institute of Architects and the Facility Guidelines Institute and US Department of Health and Human Services, 2006 edition.

In addition, the guidelines for activity and dining space that are not met in the Center's nursing units, as shown in Table 2 below.

Table 2: Nursing Unit Compliance with Recommended Activity & Dining Space

LEVEL	NORTH / A		Sq. Ft. Required	
	Program	Beds	Activity	Activity & Dining
3	Young Adult (male & female 18-21 yrs)	26	910	1,300
2	Residential	26	910	1,300
1	Adolescent Female (13-17 yrs)	21	735	1,050
Total		73	2,555	3,650

LEVEL	SOUTH / B		Sq. Ft. Required	
	Program	Beds	Activity	Activity & Dining
3	Adolescent Male (13-17 yrs)	14	490	700
	Children (boys & girls to 11 yrs)	12		
2	Residential	12	420	600
	Residential	14		
1	Vacant	8	280	400
Total		60	2,190	3,000

Room Sizes

A number of residents' rooms do not comply with guidelines, which call single patient rooms to have 100 net square feet, exclusive of entry vestibules, alcoves, and wardrobes, and 80 net square feet per bed in multiple-bed rooms.

The bed rooms in the South West Units on levels 2 and 3 are below these guidelines; the double rooms range from 148 to 158 sq. ft.. Using these rooms for single occupancy would reduce the bed count from 26 to 13.

Quiet rooms conform to the guidelines of 60 sq. ft.: on 3 B (West) they are 78 and 71 sq. ft. Restraint rooms also conform to the guidelines of 80 sq. ft.

Bed Capacity

The current capacity of the Scott Nolan Center is shown in Table 3 at 133 beds, which is above the licensed capacity of 125 beds.

Table 3: Current Bed Capacity

LEVEL	NORTH / A		SOUTH / B		TOTAL
	Program	Beds	Program	Beds	
3	Young Adult (male & female 18-21 yrs)	26	Adolescent Male (13-17 yrs)	14	52
			Children (boys & girls to 11 yrs)	12	
2	Residential	26	Residential	12	52
			Residential	14	
1	Adolescent Female (13-17 yrs)	21	Vacant	8	29
Total		73		60	133

Summary of Recommendations

Bringing the Scott Nolan Center into full compliance with national guidelines for psychiatric inpatient facilities and making its patient care and staff work environments competitive would require a budget that is at least equal to, if not greater than, that for totally new construction. In addition, upgrading the facility to these standards would necessitate using bed space to make up the deficiency in support functions, such as dining and activity areas that would result in reducing the bed count below the level of financial viability.

The current site's long and narrow shape with a single point of entry at one end severely constrain the placement and relationship of building elements, mixes traffic types, and impedes site circulation.

The nearby river poses a high risk of flooding; the high water table has caused water seepage into the buildings and produced unhealthy air quality in the past. The trend of more frequently occurring severe storms raises the risk of a catastrophic floor or significantly damaging flooding to the basement and lower level.

In view of these factors, the Center should plan to relocate from its current site. Expenditure in the short-term should be restricted to immediate critical facilities needs to keep the basic functions operational. Only improvements that meet the dual criteria of yielding benefits to the quality of the patient care and staff work environments and having a pay back of five years or less should be committed to.

Detailed Recommendations

Short-Term (within 18 months)

- Upgrade the nursing units with needed care support space by converting some patient rooms
- Replace deteriorated and dysfunctional windows
- Consider constructing an outdoor exercise area
- Conduct an engineering analysis to identify needed short-term upgrades to the HVAC systems
- Continue efforts to maintain adequate air quality standards in all occupied areas

Long-Term (from 3 years to 10 years)

- Formulate and execute plans to occupy a new facility (by joint venture, acquisition or new construction)

The nursing unit upgrades will likely entail a commitment of between \$2.6 million and \$3.5 million.

Corporate Budget

The full Corporate Budget Allowance for all short-term facilities items identified in this assessment will likely entail expenditure of between \$3 million and \$4 million.

Table 4: Corporate Budget

Area	High	Low
Nursing Unit Upgrades	\$3,520,000	\$2,600,000
FF&E	\$39,100	\$28,900
Window Replacement	\$187,450	\$138,550
HVAC Upgrades	\$250,000	\$184,783
Outside Play Area	\$50,000	\$36,957
Environmental Upgrades	\$50,000	\$36,957
Total	\$4,096,550	\$3,026,146
Rounded	\$4,097,000	\$3,026,000
Cost per Sq. Ft.	\$113.17	\$83.59

Important Note:

The Corporate Budget Allowance is intended to serve as a guide only for management discussion; it is not nor should it be considered as a definitive budget; it should not be relied upon for financial planning, borrowing or contracting. The consultant assumes no responsibility for its reliability or accuracy.

Recommended Next Steps

1. Obtain consensus on scope of short-term projects
2. Verify infrastructure issues with contracted maintenance firm
3. Verify environmental mitigation order of magnitude costs
4. Coordinate with strategic plan on mid- and long-term project needs
5. Prepare corporate budgets for renovations and new construction
6. Engage an architectural/engineering firm

Re: Maryville Behavioral Health Program

As the Executive Director of Maryville Academy, I appreciate the Health Facilities and Services Review Board's consideration of the Maryville Behavioral Health Hospital to discontinue. It was a difficult for the Maryville Academy Board to make the decision to close the Hospital. Maryville Academy has served children and their families for over 129 years. We have various programs, which are detailed in the Certificate of Need application and which I will not review in this letter. The Hospital was established in 2000 as an extension of our programs, and I believe it is a valuable one. However, it has become increasingly difficult for us to maintain the Hospital financially. Our children have an average length of stay that is longer than usual due to the fragile nature of their situation, both from a health and living standpoint. We work with our children and their families after discharge from inpatient admission, and anticipate continuing to do so with the providers that will accept the children that would otherwise have been admitted to the Maryville Behavioral Health Hospital. We believe that our core mission is where we should dedicate our scarce financial resources. Maryville Academy simply cannot afford to continue to lose three to four million a year on operating the Hospital.

Having said that, we carefully reviewed whether it would be possible to find a way to continue to provide inpatient behavioral health services (see attached report from MDS). We are still reviewing options but believe we are at a point where this application is required, as time is running out.

There is no question that the children we have worked with will continue to need care and support. Unfortunately, I also know that new children will take their place. Maryville Academy will continue to provide our other programmatic support services to these children and their families.

In conclusion, I again thank you for your consideration of our request. I urge you to approve it so that we can use the funds we are losing to support our other extremely important programs. I also commit that we will work with inpatient providers of behavioral healthcare to adolescents and with SASS to do what we can, always, for the children and their families in need.

Thank you.

Sincerely,

Sr. Catherine M. Ryan

**Maryville Academy
Maryville Behavioral Health Hospital
Phase 1 – Financial Viability Assessment Report
February 25, 2014**

Introduction/Background

Medical Development Specialists (“MDS Consulting”) has conducted a programmatic, operational, and financial assessment of the Maryville Behavioral Health Hospital (“MBHH”) to assess its ability to maintain financial viability. This assessment, completed over the course of the last six weeks, consisted of interviews, a review of internal data, financial statements, operational reports, and other documents, and an external evaluation of existing and future behavioral health market dynamics and trends.

The objectives of this (Phase 1) engagement were the following:

- Determine if the current operating and financial performance at MBHH can improve and break even as a stand-alone, inpatient behavioral health children’s hospital
- Provide an assessment of the local and national industry market trends affecting its programs and services
- Identify and recommend immediate operational changes that should occur
- Evaluate the risks and probabilities in achieving financial viability

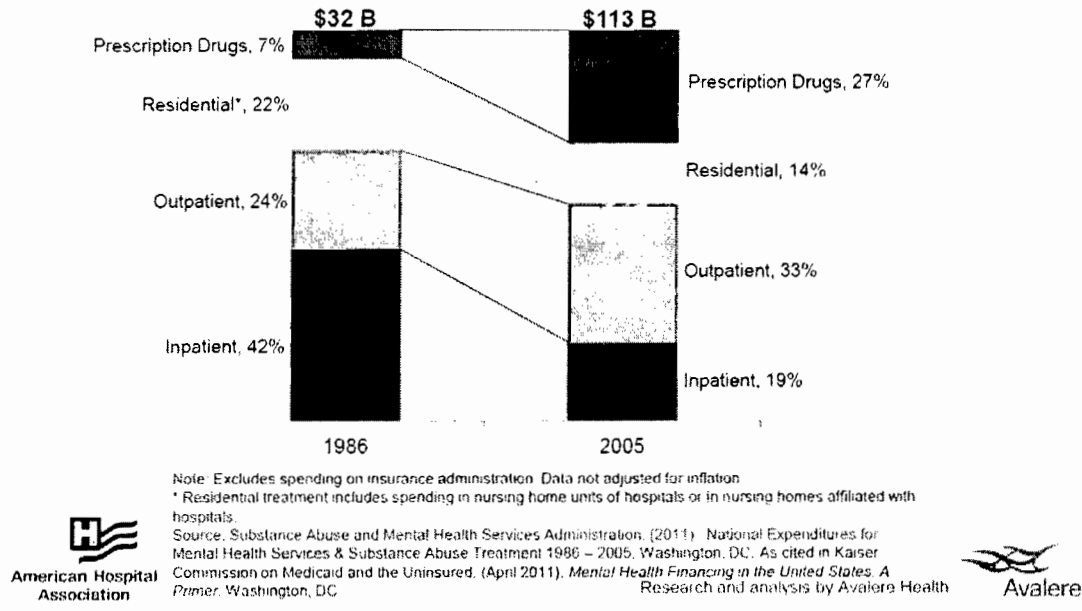

Industry Dynamics

The hospital industry is a very highly regulated and competitive business. One third of all hospitals in Illinois are losing money. Many hospitals are not always successful and are forced to close or are sold on a regular basis. Consolidation in the industry is rampant and projected to continue to increase as small independent hospitals don’t have the same scale, resources, and expertise of larger hospital systems.

Freestanding behavioral health hospitals are more complex organizations that have a limited scope of services but face different operational and financial circumstances. Freestanding pediatric behavioral health hospitals face additional restrictive clinical challenges and are a narrow niche in the industry.

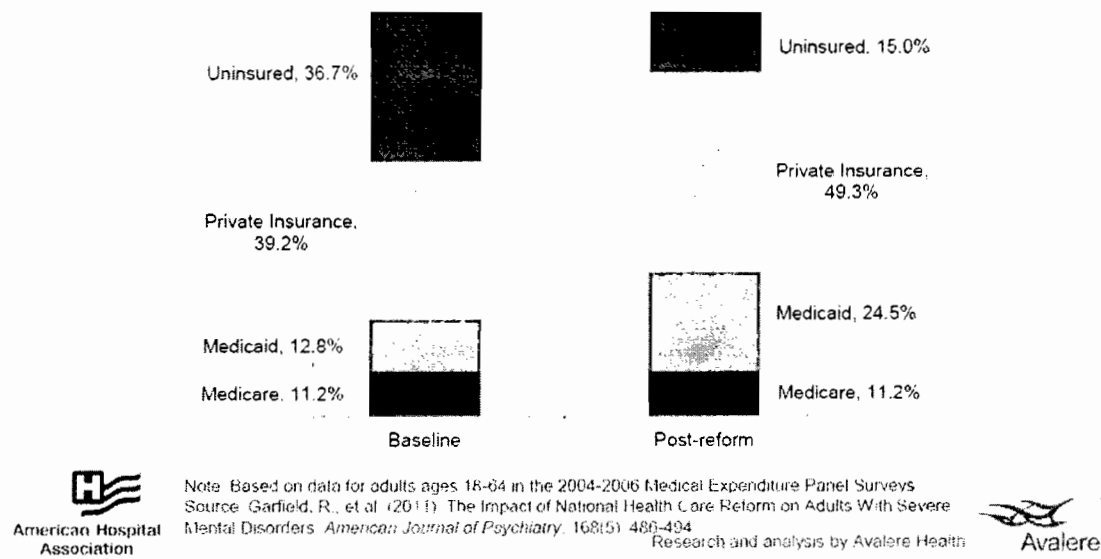

Mental health services have continued to shift away from inpatient hospitalization toward the management of behavioral health conditions via increased use of outpatient services and the use of prescription drugs as shown on the table below.

Chart 7: Distribution of Mental Health Expenditures by Type of Service, 1986 and 2005

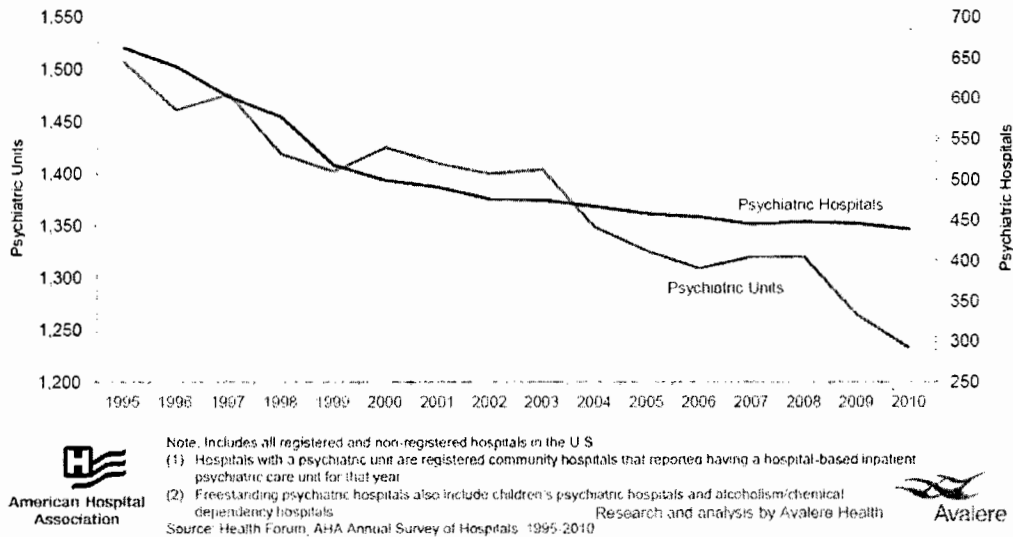

Although the Affordable Care Act will increase insurance coverage for a large number of behavioral health patients, children have generally already been covered through public aid. Therefore there is not expected to be much of an increase in the number of insured children.

Chart 10: Simulated Change in Coverage After Reform Among Adults with Probable Depression or Serious Psychological Distress

The number of freestanding psychiatric hospital as well as the number of psychiatric beds among general acute care hospitals has continued to decline in the U.S. It is expected that this trend will continue.

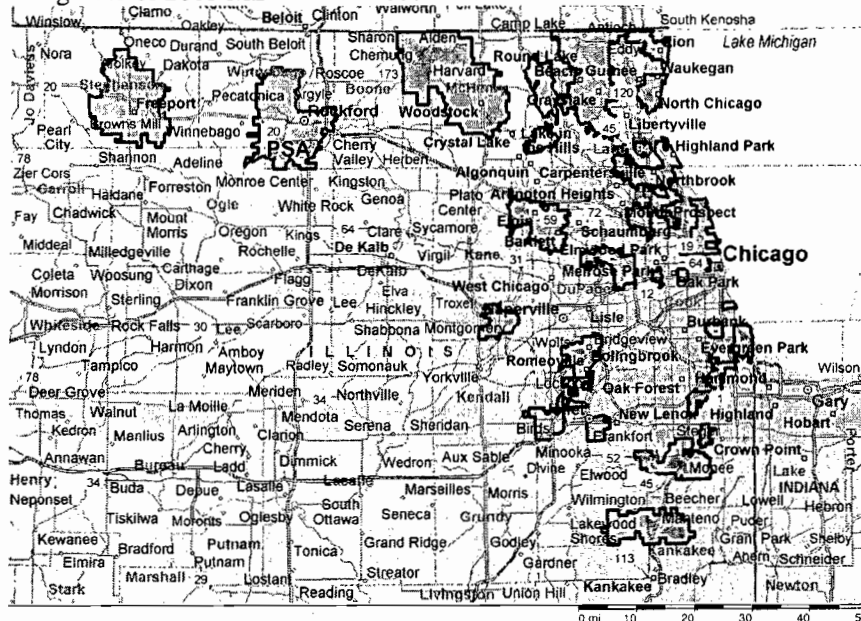

Chart 5: Total Number of Psychiatric Units⁽¹⁾ in U.S. Hospitals and Total Number of Freestanding Psychiatric Hospitals⁽²⁾ in U.S., 1995-2010

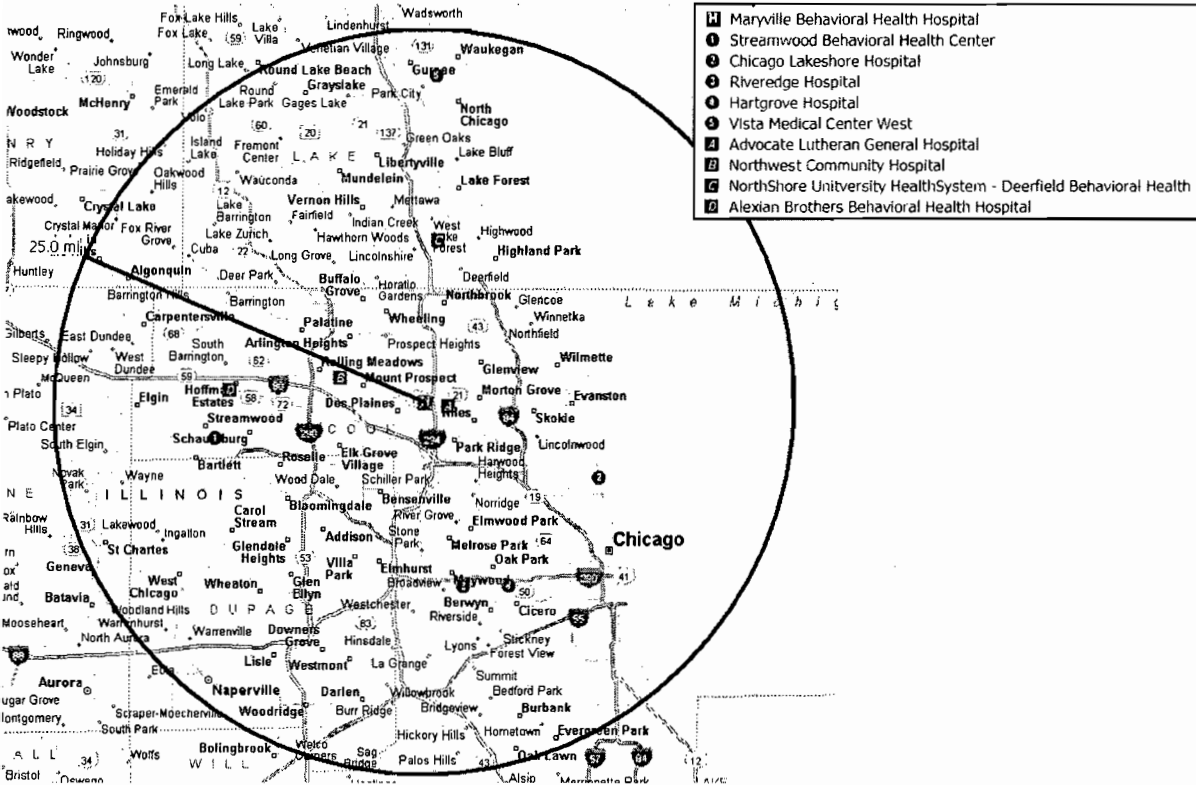

Market Dynamics

MBHH draws patients from more than a dozen counties across a large geographic region of Northern Illinois. (See map below). This is primarily due to MBHH's narrow patient mix consisting of mainly children referred from Illinois' Screening, Assessment, & Support Services (SASS) programs for children and adolescents experiencing mental health crises.

Areas Representing 75% of 2013 MBHH Patient Admissions

There are five other freestanding psychiatric hospitals in the MBHH service area. Only one other hospital beside MBHH solely treats children (Streamwood). There are several other hospitals in closer proximity to MBHH that provide both behavioral health services and general acute care services.

As shown in the table below, among Northern Cook, Lake, and McHenry counties, there are only 6 other children's behavioral health beds. Among Northern Cook, Lake, and McHenry counties, there are 68 other adolescent behavioral health beds. Among Northern Cook, Lake, and McHenry counties, there are no other young adult behavioral health beds. There are four other freestanding behavioral health hospitals in the Cook County and each of them have both children and adolescent programs.

County	Hospital	Children's Psych Beds	Adolescent Beds	Young Adult Beds	Adult Beds
Northern Cook	Maryville Behavioral Health Hospital	19	36	12	0
	Advocate Lutheran General Hospital	0	12	0	38
	Northwest Community Hospital	0	12	0	23
	Alexian Brothers Behavioral Health	0	20	0	20+
	North Shore Evanston	0	0	0	21
Lake	North Shore Highland Park	0	12	0	0
	Vista Health	6	12	0	24
McHenry	Centegra	0	0	0	24
Cook	Hartgrove	30	60	0	24 + overflow unit
	RiverEdge	26	36	0	50
	Lake Shore	20	40	0	50+
	Roseland Community	0	28	0	50+
DuPage	Streamwood	20	50	60	0

The pediatric and young adult populations in Cook, Lake, and McHenry counties are expected to decrease in each county over the next five years as shown in the table below.

Projected 5-Year Population Growth 2015-2020									
Age Group	Cook County			Lake County			McHenry County		
	Projected 2015	Projected 2020	%Change 2015-2020	Projected 2015	Projected 2020	%Change 2015-2020	Projected 2015	Projected 2020	%Change 2015-2020
5-9	359,063	367,657	2.4%	53,840	54,515	1.3%	26,892	28,708	6.8%

Source: data.illinois.gov

The Illinois Hospital Facilities Services Review Board (IHFSRB) projects that by 2018 there will be almost 200 excess mental health beds overall in the immediate surrounding MBHH community (Health Services Planning Area A-07). (See Appendix A).

Based upon the IHFSRB bed demand need ratio of 0.11 beds per 1000 population, there is also a projected surplus of pediatric mental health beds as well, especially in Cook County. In addition, MBHH beds remain half occupied as shown in the table below.

Unit	Beds	ADC	Occupancy	Low*
Child	19	9.0	47%	5.8
Adolescent Female	22	10.0	45%	4.0
Adolescent Male	14	8.3	59%	6.9
Young Adult Female	12	6.5	54%	5.0
Deaf and Hard of Hearing	8	3.3	41%	2.1
Total	75	37.1	49%	31.2

* For any given month

Young Adult Female	3rd floor renovation
Overflow Unit	3rd floor renovation

Historically MBHH has had operating losses in 7 of the last 10 years (when excluding special/unique payments and penalties) and is expected to lose \$3.2 M in FY 2014 which represents a -23% operating margin loss. See table below.

MBHH Historical Annual Surplus/(Deficit)

	FY 2014									
(\$ thousands)	FY 2004	FY 2005	FY 2006	FY 2007	FY 2008	FY 2009	FY 2010	FY 2011	FY 2012	FY 2013 Estimate
Net Operating Income/(Loss)	(\$433)	(\$1,368)	(\$1,193)	\$29	(\$685)	\$603	\$72	\$24	\$451	(\$4,155)
Readmission Penalties										\$630
Tobacco Settlement						(\$790)				\$100
Stimulus Payment								(\$141)		
Net Hospital Assessment						\$107	\$107	\$107	\$107	\$107
Income/(Loss) after Special Items	(\$433)	(\$1,368)	(\$1,193)	\$29	(\$685)	(\$80)	\$179	(\$10)	\$558	(\$3,418)
ADC	13	14	17	20	20	25	34	33	43	43
Net Per Patient Day	(\$91)	(\$268)	(\$192)	\$4	(\$94)	(\$9)	\$14	(\$1)	\$36	(\$218)

Conclusion

As a small, independent and freestanding pediatric behavioral health hospital MBHH has many challenges to overcome. It is poorly positioned in a very competitive market. MBHH serves a very clinically difficult patient population and is entirely reliant upon a declining Public Aid reimbursement. The hospital's current census needs to increase by almost 50% in order to have enough patient volume to break even. The hospital is located in an area that has a large excess capacity of beds. The facility is in need of capital investments and is located in an area prone to flooding (see Appendix B).

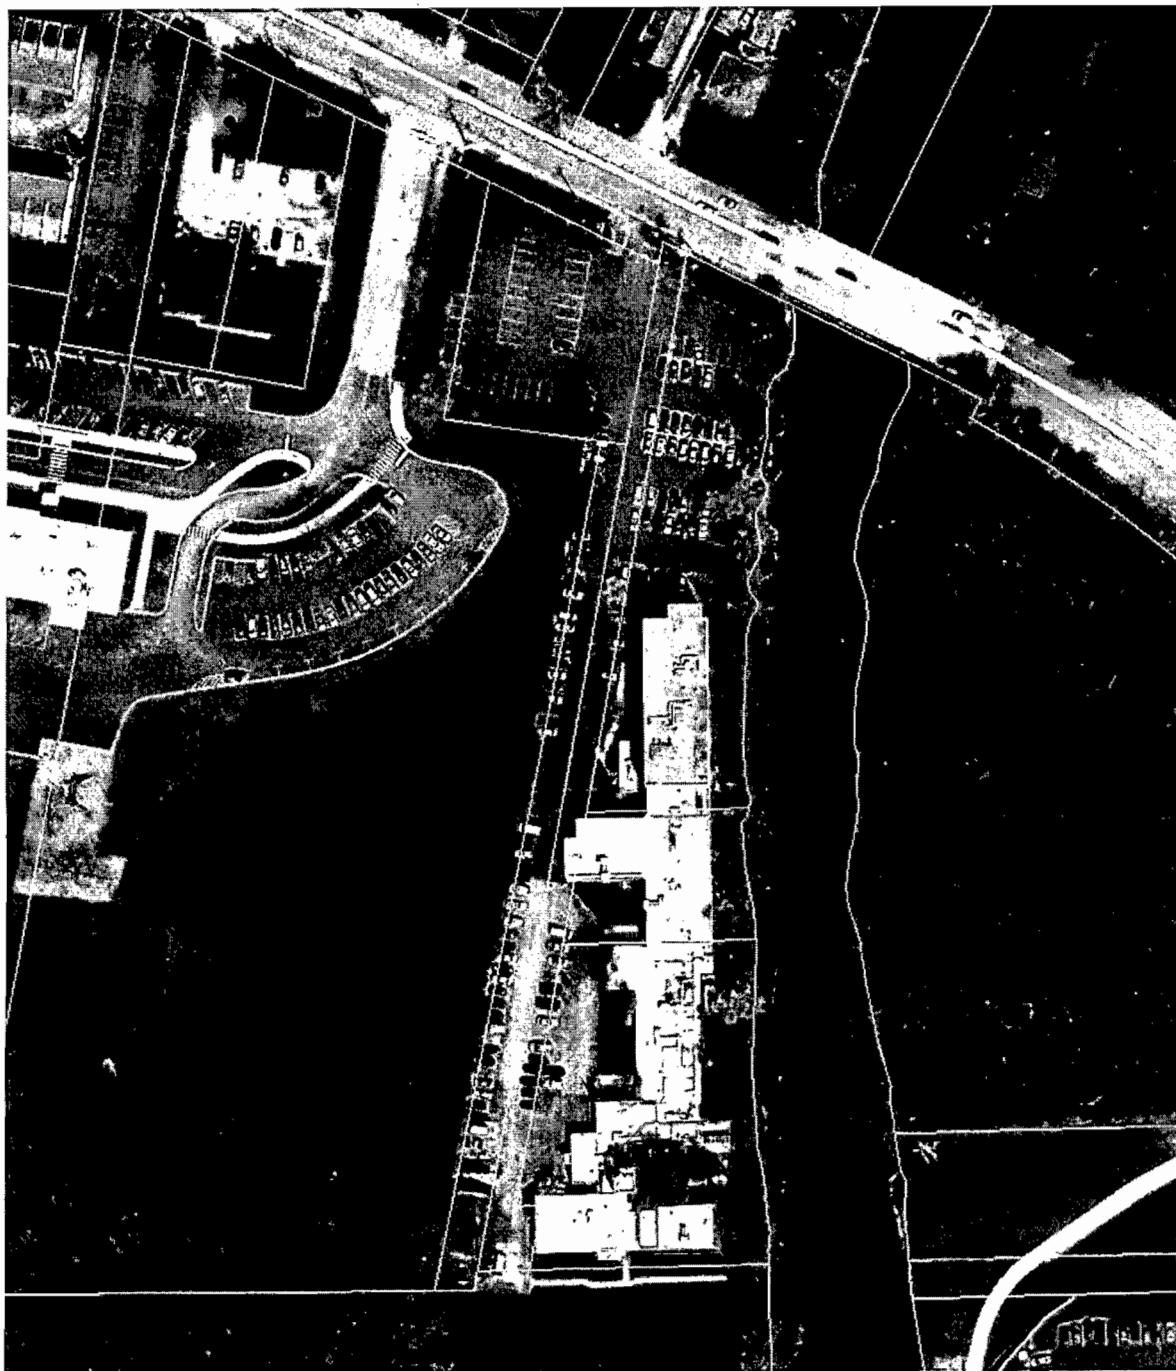

Overall Recommendation

- Given the ongoing operational and financial problems, it is recommended that the board consider selling and/or partnering MBHH with a qualified and experienced organization that has better financial capacity, access to capital, and operational expertise to manage the operations of the facility. This process should be done expeditiously as a prolonged search and timeframe to reach a completed agreement will cause a greater risk of being able to adequately retain staff, maintain patient volume, contain costs, and provide safe clinical patient care.
- If the board is unable to find a qualified purchaser within six months, the board should temporarily close the operations of the hospital and determine if the investments required and the corrections noted in this report can be successfully achieved.
- If the changes and investments cannot be completed, then the board should consider permanently closing the operations and transferring all patients to other appropriate behavioral health providers.

0.85	371	371	199				

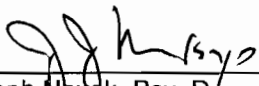

APPENDIX B

Safety Net Impact Statement

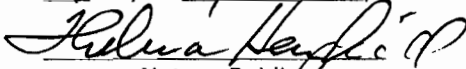

1. No knowledge, other than as provided in responses to request for impact statement. Anticipated impact: None.
2. The discontinuation of the AMI beds should allow those facilities that provide this service and are under-utilized in this service (there are many) an opportunity to fill more of the authorized AMI beds to assist in cross subsidizing service.
3. See above response to 1 and 2.

The applicant certifies the safety net information provided on the attached is accurate.

Joseph Novak, Psy. D.
CEO, Maryville Behavioral Health Hospital

Re: Request for Impact Statement/Discontinuation of Maryville Behavior Health Hospital

Dear Mr. Christian:

I am writing to inform you of Maryville Behavioral Health Hospital's intent to discontinue, upon receipt of a permit from the Illinois Health Facilities and Services Review Board. The anticipated date of discontinuation is June 15, 2014.

Maryville Behavioral Health Hospital has 125 authorized acute mental illness beds, operates a standby emergency department, and provides no other services. It provides services solely to adolescents, age 3 through 21. In 2012 the Hospital treated 1,178 patients and in 2013 it treated 891 patients. It typically operates at less than 50% capacity.

I would request that you advise us if you have capacity to accommodate a portion or all of our patients, and whether any restrictions or limitations preclude your facility's provision of services to residents of the service area. Any response should be sent to Randall Roberts, Compliance Officer, at Maryville Academy, 1150 N. River Road, Des Plaines, Illinois 60016. We will forward your response to the Illinois Health Facilities and Services Review Board. Alternately you may send your response directly to Ms. Courtney Avery, Administrator, Illinois Health Facilities and Services Review Board, 525 W. Jefferson Street, 2nd Floor, Springfield, IL. 62761.

Please note that failure to provide a response within 15 days of receipt of this correspondence will be deemed a non-rebuttable presumption that the discontinuation of the Maryville Behavioral Health Hospital will not have an adverse impact on your facility.

Thank you.

Sincerely,

Joseph Novak, Psy.D.

Re: Request for Impact Statement/Discontinuation of Maryville Behavioral Health Hospital

Dear Ms. Lopez:

I am writing to inform you of Maryville Behavioral Health Hospital's intent to discontinue, upon receipt of a permit from the Illinois Health Facilities and Services Review Board. The anticipated date of discontinuation is June 15, 2014.

Maryville Behavioral Health Hospital has 125 authorized acute mental illness beds, operates a standby emergency department, and provides no other services. It provides services solely to adolescents, age 3 through 21. In 2012 the Hospital treated 1,178 patients and in 2013 it treated 891 patients. It typically operates at less than 50% capacity.

I would request that you advise us if you have capacity to accommodate a portion or all of our patients, and whether any restrictions or limitations preclude your facility's provision of services to residents of the service area. Any response should be sent to Randall Roberts, Compliance Officer, at Maryville Academy, 1150 N. River Road, Des Plaines, Illinois 60016. We will forward your response to the Illinois Health Facilities and Services Review Board. Alternately you may send your response directly to Ms. Courtney Avery, Administrator, Illinois Health Facilities and Services Review Board, 525 W. Jefferson Street, 2nd Floor, Springfield, IL. 62761.

Please note that failure to provide a response within 15 days of receipt of this correspondence will be deemed a non-rebuttable presumption that the discontinuation of the Maryville Behavioral Health Hospital will not have an adverse impact on your facility.

Thank you.

Sincerely,

Joseph Novak, Psy.D.

Re: Request for Impact Statement/Discontinuation of Maryville Behavior Health Hospital

Dear Mr. Morgan:

I am writing to inform you of Maryville Behavioral Health Hospital's intent to discontinue, upon receipt of a permit from the Illinois Health Facilities and Services Review Board. The anticipated date of discontinuation is June 15, 2014.

Maryville Behavioral Health Hospital has 125 authorized acute mental illness beds, operates a standby emergency department, and provides no other services. It provides services solely to adolescents, age 3 through 21. In 2012 the Hospital treated 1,178 patients and in 2013 it treated 891 patients. It typically operates at less than 50% capacity.

I would request that you advise us if you have capacity to accommodate a portion or all of our patients, and whether any restrictions or limitations preclude your facility's provision of services to residents of the service area. Any response should be sent to Randall Roberts, Compliance Officer, at Maryville Academy, 1150 N. River Road, Des Plaines, Illinois 60016. We will forward your response to the Illinois Health Facilities and Services Review Board. Alternately you may send your response directly to Ms. Courtney Avery, Administrator, Illinois Health Facilities and Services Review Board, 525 W. Jefferson Street, 2nd Floor, Springfield, IL. 62761.

Please note that failure to provide a response within 15 days of receipt of this correspondence will be deemed a non-rebuttable presumption that the discontinuation of the Maryville Behavioral Health Hospital will not have an adverse impact on your facility.

Thank you.

Sincerely,

Joseph Novak, Psy.D.

Chicago, IL 60640

Re: Request for Impact Statement/Discontinuation of Maryville Behavior Health Hospital

Dear Rev. Dahl:

I am writing to inform you of Maryville Behavioral Health Hospital's intent to discontinue, upon receipt of a permit from the Illinois Health Facilities and Services Review Board. The anticipated date of discontinuation is June 15, 2014.

Maryville Behavioral Health Hospital has 125 authorized acute mental illness beds, operates a standby emergency department, and provides no other services. It provides services solely to adolescents, age 3 through 21. In 2012 the Hospital treated 1,178 patients and in 2013 it treated 891 patients. It typically operates at less than 50% capacity.

I would request that you advise us if you have capacity to accommodate a portion or all of our patients, and whether any restrictions or limitations preclude your facility's provision of services to residents of the service area. Any response should be sent to Randall Roberts, Compliance Officer, at Maryville Academy, 1150 N. River Road, Des Plaines, Illinois 60016. We will forward your response to the Illinois Health Facilities and Services Review Board. Alternately you may send your response directly to Ms. Courtney Avery, Administrator, Illinois Health Facilities and Services Review Board, 525 W. Jefferson Street, 2nd Floor, Springfield, IL. 62761.

Please note that failure to provide a response within 15 days of receipt of this correspondence will be deemed a non-rebuttable presumption that the discontinuation of the Maryville Behavioral Health Hospital will not have an adverse impact on your facility.

Thank you.

Sincerely,

Joseph Novak, Psy.D.

Re: Request for Impact Statement/Discontinuation of Maryville Behavior Health Hospital

Dear Mr. Egan:

I am writing to inform you of Maryville Behavioral Health Hospital's intent to discontinue, upon receipt of a permit from the Illinois Health Facilities and Services Review Board. The anticipated date of discontinuation is June 15, 2014.

Maryville Behavioral Health Hospital has 125 authorized acute mental illness beds, operates a standby emergency department, and provides no other services. It provides services solely to adolescents, age 3 through 21. In 2012 the Hospital treated 1,178 patients and in 2013 it treated 891 patients. It typically operates at less than 50% capacity.

I would request that you advise us if you have capacity to accommodate a portion or all of our patients, and whether any restrictions or limitations preclude your facility's provision of services to residents of the service area. Any response should be sent to Randall Roberts, Compliance Officer, at Maryville Academy, 1150 N. River Road, Des Plaines, Illinois 60016. We will forward your response to the Illinois Health Facilities and Services Review Board. Alternately you may send your response directly to Ms. Courtney Avery, Administrator, Illinois Health Facilities and Services Review Board, 525 W. Jefferson Street, 2nd Floor, Springfield, IL. 62761.

Please note that failure to provide a response within 15 days of receipt of this correspondence will be deemed a non-rebuttable presumption that the discontinuation of the Maryville Behavioral Health Hospital will not have an adverse impact on your facility.

Thank you.

Sincerely,

Joseph Novak, Psy.D.

**Re: Request for Impact Statement/Discontinuation of Maryville Behavior
Health Hospital**

Dear Mr. Maloney:

I am writing to inform you of Maryville Behavioral Health Hospital's intent to discontinue, upon receipt of a permit from the Illinois Health Facilities and Services Review Board. The anticipated date of discontinuation is June 15, 2014.

Maryville Behavioral Health Hospital has 125 authorized acute mental illness beds, operates a standby emergency department, and provides no other services. It provides services solely to adolescents, age 3 through 21. In 2012 the Hospital treated 1,178 patients and in 2013 it treated 891 patients. It typically operates at less than 50% capacity.

I would request that you advise us if you have capacity to accommodate a portion or all of our patients, and whether any restrictions or limitations preclude your facility's provision of services to residents of the service area. Any response should be sent to Randall Roberts, Compliance Officer, at Maryville Academy, 1150 N. River Road, Des Plaines, Illinois 60016. We will forward your response to the Illinois Health Facilities and Services Review Board. Alternately you may send your response directly to Ms. Courtney Avery, Administrator, Illinois Health Facilities and Services Review Board, 525 W. Jefferson Street, 2nd Floor, Springfield, IL. 62761.

Please note that failure to provide a response within 15 days of receipt of this correspondence will be deemed a non-rebuttable presumption that the discontinuation of the Maryville Behavioral Health Hospital will not have an adverse impact on your facility.

Thank you.

Sincerely,

Joseph Novak, Psy.D.
