RE: Permit Alteration: Project #14-013, University of Chicago Medical Center, Chicago
Permit Holder: The University of Chicago Medical Center

Dear Mr. Beberman:

On September 13, 2016, the Illinois Health Facilities and Services Review Board (State Board) approved the alteration requested for the above-captioned project. The alteration approved was for the following:

Relocate acute dialysis services and reduce stations from 9 to 6 stations. Increase the project cost from \$126,282,678 to \$132,113,301.

The permit holder is reminded that for the final realized cost report, any amount that exceeds the altered permit amount will be considered a cost overrun without a permit.

The permit holder should note the post-permit requirements contained in "Subpart G" of 77 IAC 1130. Adherence to the post-permit requirements is essential in maintaining a valid permit and is the responsibility of the permit holder.

Should you have any questions please contact my Mike Constantino of George Roate at (217) 782-3516 should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Kathy Olson".

Kathy Olson, Board Chair
Illinois Health Facilities and Services Review Board
