HEALTH FACILITIES & SERVICES REVIEW BOARD

LONG-TERM CARE APPLICATION FOR PERMIT

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

This Section must be completed for all projects.

14-022

DESCRIPTION OF PROJECT

Project Type

[Check one]		[check one]	
☒	General Long-term Care	☐	Establishment of a new LTC facility
☐	Specialized Long-term Care	☒	Establishment of new LTC services
		☐	Expansion of an existing LTC facility or service
		☐	Modernization of an existing facility

Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.
Include: the number and type of beds involved; the actions proposed (establishment, expansion and/or modernization); the ESTIMATED total project cost and the funding source(s) for the project.

The Applicant, DesPlaines Property, LLC (Owner), and Asbury Court Nursing and Rehabilitation, LLC (Operator), together are proposing the establishment of a single-story Long-Term Care facility located at 1750 Elmhurst Road in Des Plaines, Cook County, Planning Area 7A. The proposed project will have 71 nursing care beds which will comprise a total of 29,056 gross square feet of which 23,971 square feet will be newly constructed space, 1,634 square feet of adjacent space to be modernized for this project and 3,427 square feet of adjacent existing space "as is" to be part of this project. The existing campus has 225 Independent Living units and 150 Supportive Living units. The nursing unit will only be an ancillary service to the entire campus.

This project was previously approved on January 27, 2009 under Project No.08-064. This project will include the abandonment of the previously approved project thus applying for the re-establishment of a new service.

The proposed project is classified as "substantive" per the *77 Illinois Administrative Code, Chapter II, Section 1110.140.b of subchapter a,* since this project is for the construction of new nursing beds and the establishment of a new category of service.

Facility/Project Identification

Facility Name: **Asbury Court Nursing and Rehabilitation**
Street Address: **1750 Elmhurst Road**
City and Zip Code: **Des Plaines 60018**
County: **Cook** Health Service Area: **7** Health Planning Area: **701**

Applicant /Co-Applicant Identification

[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name: **DesPlaines Property, LLC**
Address: **1750 Elmhurst Road, Des Plaines, Illinois 60018**
Name of Registered Agent: **Stephen N. Sher**
Name of Chief Executive Officer: **Moshe Kahn**
CEO Address: **29 East Madison Street, Suite 1510, Chicago, Illinois 60602**
Telephone Number: **312-727-4860**

Type of Ownership (Applicant/Co-Applicants)

☐ Non-profit Corporation ☐ Partnership
☐ For-profit Corporation ☐ Governmental
☒ Limited Liability Company ☐ Sole Proprietorship ☐ Other

- Corporations and limited liability companies must provide an **Illinois certificate of good standing.**
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

APPEND DOCUMENTATION AS ATTACHMENT-1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: **Des Plaines Property, LLC**
Address of Site Owner: **1750 Elmhurst Road, Des Plaines, Illinois 60018**
Street Address or Legal Description of Site: **See Attachment-2A, Exhibit A for legal description.**
Proof of ownership or control of the site is to be provided as . Examples of proof of ownership are property tax statement, tax assessor's documentation, deed, notarized statement of the corporation attesting to ownership, an option to lease, a letter of intent to lease or a lease.
APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: **Asbury Court Nursing & Rehabilitation, LLC**

Address: **1750 Elmhurst Road, Des Plaines, Illinois 60018**

☐	Non-profit Corporation	☐	Partnership		
☐	For-profit Corporation	☐	Governmental		
☒	Limited Liability Company	☐	Sole Proprietorship	☐	Other

- Corporations and limited liability companies must provide an Illinois Certificate of Good Standing.
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.
- **Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.**

APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at **www.FEMA.gov** or **www.illinoisfloodmaps.org**. **This map must be in a readable format**. In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (**http://www.hfsrb.illinois.gov**).

APPEND DOCUMENTATION AS ATTACHMENT -5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

The following submittals are up- to- date, as applicable:

☐ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted

☒ All reports regarding outstanding permits

If the applicant fails to submit updated information for the requirements listed above, the application for permit will be deemed incomplete.

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- in the case of a corporation, any two of its officers or members of its Board of Directors;
- in the case of a limited liability company, any two of its managers or members (or the sole manger or member when two or more managers or members do not exist);
- in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- in the case of a sole proprietor, the individual that is the proprietor.

**This Application for Permit is filed on the behalf of DesPlaines Property, LLC *
in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.**

SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES – INFORMATION REQUIREMENTS

This Section is applicable to ALL projects.

Criterion 1125.320 – Purpose of the Project

READ THE REVIEW CRITERION and provide the following required information:

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project.
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report. APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. Each item (1-6) must be identified in Attachment 10.

Criterion 1125.330 – Alternatives

READ THE REVIEW CRITERION and provide the following required information:

ALTERNATIVES

1. Identify **ALL** of the alternatives to the proposed project:

   Alternative options **must** include:

   a. Proposing a project of greater or lesser scope and cost;

   b. Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;

   c. Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and

   d. Provide the reasons why the chosen alternative was selected.

2. Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long

term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

3. The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION III – BED CAPACITY, UTILIZATION AND APPLICABLE REVIEW CRITERIA

This Section is applicable to all projects proposing establishment, expansion or modernization of LTC categories of service that are subject to CON review, as provided in the Illinois Health Facilities Planning Act [20 ILCS 3960]. It is comprised of information requirements for each LTC category of service, as well as charts for each service, indicating the review criteria that must be addressed for each action (establishment, expansion and modernization). After identifying the applicable review criteria for each category of service involved , read the criteria and provide the required information, AS APPLICABLE TO THE CRITERIA THAT MUST BE ADDRESSED:

Criterion 1125.510 – Introduction

Bed Capacity

Applicants proposing to establish, expand and/or modernize General Long Term Care must submit the following information:

Indicate bed capacity changes by Service:

Category of Service	Total # Existing Beds*	Total # Beds After Project Completion
☒ General Long-Term Care	75 (permitted Beds)	71
☐ Specialized Long-Term Care		
☐		

***Existing number of beds as authorized by IDPH and posted in the "LTC Bed Inventory" on the HFSRB website (www.hrfsb.illinois.gov). PLEASE NOTE:** ANY bed capacity discrepancy from the Inventory will result in the application being deemed **incomplete**.

Utilization

Utilization for the most current CALENDAR YEAR:

Category of Service	Year	Admissions	Patient Days
☐ General Long Term Care	NOT APPLICABLE-Previous permit still under construction, no history.		
☐ Specialized Long-Term Care			

Applicable Review Criteria - Guide
The review criteria listed below must be addressed, per the LTC rules contained in 77 Ill. Adm. Code 1125. See HFSRB's website to view the subject criteria for each project type - (http://hfsrb.illinois.gov). To view LTC rules, click on "Board Administrative Rules" and then click on "77 Ill. Adm. Code 1125".

READ THE APPLICABLE REVIEW CRITERIA OUTLINED BELOW and **submit the required documentation for the criteria, as described in SECTIONS IV and V:**

GENERAL LONG-TERM CARE

PROJECT TYPE	REQUIRED REVIEW CRITERIA	
	Section	**Subject**
Establishment of Services or Facility	.520	Background of the Applicant
	.530(a)	Bed Need Determination
	.530(b)	Service to Planning Area Residents
	.540(a) or (b) + (c) + (d) or (e)	Service Demand – Establishment of General Long Term Care
	.570(a) & (b)	Service Accessibility
	.580(a) & (b)	Unnecessary Duplication & Maldistribution
	.580(c)	Impact of Project on Other Area Providers
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions
	.620	Project Size
	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

Expansion of Existing Services	.520	Background of the Applicant
	.530(b)	Service to Planning Area Residents
	.550(a) + (b) or (c)	Service Demand – Expansion of General Long-Term Care
	.590	Staffing Availability
	.600	Bed Capacity
	.620	Project Size
	.640	Assurances
	.560(a)(1) through (3)	Continuum of Care Components
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions

	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

Continuum of Care – Establishment or Expansion	.520	Background of the Applicant
	.560(a)(1) through (3)	Continuum of Care Components
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions
	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost

	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

SECTION IV - SERVICE SPECIFIC REVIEW CRITERIA

GENERAL LONG-TERM CARE

Criterion 1125.520 – Background of the Applicant

BACKGROUND OF APPLICANT

The applicant shall provide:

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.

2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.

3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**

4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

Criterion 1125.530 - Planning Area Need

1. Identify the calculated number of beds needed (excess) in the planning area. See HFSRB website (http://hfsrb.illinois.gov) and click on "Health Facilities Inventories & Data".

2. Attest that the primary purpose of the project is to serve residents of the planning area and that at least 50% of the patients will come from within the planning area.

3. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used, as described in Section 1125.540.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.540 - Service Demand – Establishment of General Long Term Care

- **If the applicant is an existing facility wishing to establish this category of service or a new facility, #1 – 4 must be addressed. Requirements under #5 must also be addressed if applicable.**
- **If the applicant is not an existing facility and proposes to establish a new general LTC facility, the applicant shall submit the number of annual projected referrals.**

1. Document the number of referrals to other facilities, for each proposed category of service, for each of the latest two years. Documentation of the referrals shall include: resident/patient origin by zip code; name and specialty of referring physician or identification of another referral source; and name and location of the recipient LTC facility.

2. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used.

3. Estimate the number of prospective residents whom the referral sources will refer annually to the applicant's facility within a 24-month period after project completion. Please note:

    - The anticipated number of referrals cannot exceed the referral sources' documented historical LTC caseload.

    - The percentage of project referrals used to justify the proposed expansion cannot exceed the historical percentage of applicant market share, within a 24-month period after project completion

    - Each referral letter shall contain the referral source's Chief Executive Officer's notarized signature, the typed or printed name of the referral source, and the referral source's address

4. Provide verification by the referral sources that the prospective resident referrals have not been used to support another pending or approved Certificate of Need (CON) application for the subject services.

5. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as follows:

    a. The applicant shall define the facility's market area based upon historical resident/patient origin data by zip code or census tract;

    b. Population projections shall be produced, using, as a base, the population census or estimate for the most recent year, for county, incorporated place, township or community area,by the U.S. Bureau of the Census or IDPH;

    c. Projections shall be for a maximum period of 10 years from the date the application is submitted;

    d. Historical data used to calculate projections shall be for a number of years no less

than the number of years projected;

e. Projections shall contain documentation of population changes in terms of births, deaths and net migration for a period of time equal to or in excess of the projection horizon;

f. Projections shall be for total population and specified age groups for the applicant's market area, as defined by HFSRB, for each category of service in the application (see the HFSRB Inventory); and

g. Documentation on projection methodology, data sources, assumptions and special adjustments shall be submitted to HFSRB.

APPEND DOCUMENTATION AS ATTACHMENT- 14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.550 - Service Demand – Expansion of General Long-Term Care

The applicant shall document #1 **and** either #2 or #3:

1. Historical Service Demand

   a. An average annual occupancy rate that has equaled or exceeded occupancy standards for general LTC, as specified in Section 1125.210(c), for each of the latest two years.

   b. If prospective residents have been referred to other facilities in order to receive the subject services, the applicant shall provide documentation of the referrals, including completed applications that could not be accepted due to lack of the subject service and documentation from referral sources, with identification of those patients by initials and date.

2. Projected Referrals
   The applicant shall provide documentation as described in Section 1125.540(d).

3. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as described in Section 1125.540 (e).

APPEND DOCUMENTATION AS ATTACHMENT- 15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.560 - Variances to Computed Bed Need

Continuum of Care:

The applicant proposing a continuum of care project shall demonstrate the following:

1. The project will provide a continuum of care for a geriatric population that includes independent living and/or congregate housing (such as unlicensed apartments, high rises for the elderly and retirement villages) and related health and social services. The housing complex shall be on the same site as the health facility component of the project.

2. The proposal shall be for the purposes of and serve only the residents of the housing complex

and shall be developed either after the housing complex has been established or as a part of a total housing construction program, provided that the entire complex is one inseparable project, that there is a documented demand for the housing, and that the licensed beds will not be built first, but will be built concurrently with or after the residential units.

3. The applicant shall demonstrate that:

   a. The proposed number of beds is needed. Documentation shall consist of a list of available patients/residents needing the proposed project. The proposed number of beds shall not exceed one licensed LTC bed for every five apartments or independent living units;

   b. There is a provision in the facility's written operational policies assuring that a resident of the retirement community who is transferred to the LTC facility will not lose his/her apartment unit or be transferred to another LTC facility solely because of the resident's altered financial status or medical indigency; and

   c. Admissions to the LTC unit will be limited to current residents of the independent living units and/or congregate housing.

Defined Population:

The applicant proposing a project for a defined population shall provide the following:

1. The applicant shall document that the proposed project will serve a defined population group of a religious, fraternal or ethnic nature from throughout the entire health service area or from a larger geographic service area (GSA) proposed to be served and that includes, at a minimum, the entire health service area in which the facility is or will be physically located.

2. The applicant shall document each of the following:

   a. A description of the proposed religious, fraternal or ethnic group proposed to be served;

   b. The boundaries of the GSA;

   c. The number of individuals in the defined population who live within the proposed GSA, including the source of the figures;

   d. That the proposed services do not exist in the GSA where the facility is or will be located;

   e. That the services cannot be instituted at existing facilities within the GSA in sufficient numbers to accommodate the group's needs. The applicant shall specify each proposed service that is not available in the GSA's existing facilities and the basis for determining why that service could not be provided.

   f. That at least 85% of the residents of the facility will be members of the defined population group. Documentation shall consist of a written admission policy insuring that the requirements of this subsection (b)(2)(F) will be met.

   g. That the proposed project is either directly owned or sponsored by, or affiliated with, the religious, fraternal or ethnic group that has been defined as the population to be served by the project. The applicant shall provide legally binding documents that prove ownership, sponsorship or affiliation.

APPEND DOCUMENTATION AS ATTACHMENT- 16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.570 - Service Accessibility

1. Service Restrictions

   The applicant shall document that **at least one** of the following factors exists in the planning area, as applicable:

   - The absence of the proposed service within the planning area;
   - Access limitations due to payor status of patients/residents, including, but not limited to, individuals with LTC coverage through Medicare, Medicaid, managed care or charity care;
   - Restrictive admission policies of existing providers; or
   - The area population and existing care system exhibit indicators of medical care problems, such as an average family income level below the State average poverty level, or designation by the Secretary of Health and Human Services as a Health Professional Shortage Area, a Medically Underserved Area, or a Medically Underserved Population.

2. Additional documentation required:

   The applicant shall provide the following documentation, as applicable, concerning existing restrictions to service access:

   a. The location and utilization of other planning area service providers;

   b. Patient/resident location information by zip code;

   c. Independent time-travel studies;

   d. Certification of a waiting list;

   e. Admission restrictions that exist in area providers;

   f. An assessment of area population characteristics that document that access problems exist;

   g. Most recently published IDPH Long Term Care Facilities Inventory and Data (see www.hfsrb.illinois.gov).

APPEND DOCUMENTATION AS ATTACHMENT- 17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.580 - Unnecessary Duplication/Maldistribution

1. The applicant shall provide the following information:
   a. A list of all zip code areas that are located, in total or in part, within 30 minutes normal travel time of the project's site;
   b. The total population of the identified zip code areas (based upon the most recent population numbers available for the State of Illinois); and
   c. The names and locations of all existing or approved LTC facilities located within 30 minutes normal travel time from the project site that provide the categories of bed service that are proposed by the project.
2. The applicant shall document that the project will not result in maldistribution of services.
3. The applicant shall document that, within 24 months after project completion, the proposed project:
   a. Will not lower the utilization of other area providers below the occupancy standards specified in Section 1125.210(c); and
   b. Will not lower, to a further extent, the utilization of other area facilities that are currently (during the latest 12-month period) operating below the occupancy standards.

APPEND DOCUMENTATION AS ATTACHMENT- 18, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.590 - Staffing Availability

1. For each category of service, document that relevant clinical and professional staffing needs for the proposed project were considered and that licensure and JCAHO staffing requirements can be met.
2. Provide the following documentation:
   a. The name and qualification of the person currently filling the position, if applicable; and
   b. Letters of interest from potential employees; and
   c. Applications filed for each position; and
   d. Signed contracts with the required staff; or
   e. A narrative explanation of how the proposed staffing will be achieved.

APPEND DOCUMENTATION AS ATTACHMENT- 19, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.600 Bed Capacity

The maximum bed capacity of a general LTC facility is 250 beds, unless the applicant documents that a larger facility would provide personalization of patient/resident care and documents provision of quality care based on the experience of the applicant and compliance with IDPH's licensure standards (77 Ill. Adm. Code: Chapter I, Subchapter c (Long-Term Care Facilities)) over a two-year period.

APPEND DOCUMENTATION AS ATTACHMENT- 20, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.610 - Community Related Functions

The applicant shall document cooperation with and the receipt of the endorsement of community groups in the town or municipality where the facility is or is proposed to be located, such as, but not limited to, social, economic or governmental organizations or other concerned parties or groups. Documentation shall consist of copies of all letters of support from those organizations.

APPEND DOCUMENTATION AS ATTACHMENT- 21, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.620 - Project Size

The applicant shall document that the amount of physical space proposed for the project is necessary and not excessive. The proposed gross square footage (GSF) cannot exceed the GSF standards as stated in Appendix A of 77 Ill. Adm. Code 1125 (LTC rules), unless the additional GSF can be justified by documenting one of the following:

1. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;
2. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix A;
3. The project involves the conversion of existing bed space that results in excess square footage.

APPEND DOCUMENTATION AS ATTACHMENT- 22, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.630 - Zoning

The applicant shall document **one** of the following:

1. The property to be utilized has been zoned for the type of facility to be developed;
2. Zoning approval has been received; or
3. A variance in zoning for the project is to be sought.

APPEND DOCUMENTATION AS ATTACHMENT- 23, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.640 - Assurances

1. The applicant representative who signs the CON application shall submit a signed and dated statement attesting to the applicant's understanding that, by the second year of operation after the project completion, the applicant will achieve and maintain the occupancy standards specified in Section 1125.210(c) for each category of service involved in the proposal.

2. For beds that have been approved based upon representations for continuum of care (Section 1125.560(a)) or defined population (Section 1125.560(b)), the facility shall provide assurance that it will maintain admissions limitations as specified in those Sections for the life of the facility. To eliminate or modify the admissions limitations, prior approval of HFSRB will be required.

APPEND DOCUMENTATION AS ATTACHMENT- 24, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.650 - Modernization

1. If the project involves modernization of a category of LTC bed service, the applicant shall document that the bed areas to be modernized are deteriorated or functionally obsolete and need to be replaced or modernized, due to such factors as, but not limited to:

   a. High cost of maintenance;

   b. non-compliance with licensing or life safety codes;

   c. Changes in standards of care (e.g., private versus multiple bed rooms); or

   d. Additional space for diagnostic or therapeutic purposes.

2. Documentation shall include the most recent:

   a. IDPH and CMMS inspection reports; and

   b. Accrediting agency reports.

3. Other documentation shall include the following, as applicable to the factors cited in the application:

   a. Copies of maintenance reports;

   b. Copies of citations for life safety code violations; and

   c. Other pertinent reports and data.

4. Projects involving the replacement or modernization of a category of service or facility shall meet or exceed the occupancy standards for the categories of service, as specified in Section 1125.210(c).

APPEND DOCUMENTATION AS ATTACHMENT- 25, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SPECIALIZED LONG-TERM CARE

Criterion 1125.720 - Specialized Long-Term Care – Review Criteria

This section is applicable to all projects proposing specialized long-term care services or beds.

1. **Community Related Functions**

   Read the criterion and submit the following information:

   a. a description of the process used to inform and receive input from the public including those residents living in close proximity to the proposed facility's location;

   b. letters of support from social, social service and economic groups in the community;

   c. letters of support from municipal/elected officials who represent the area where the project is located.

2. **Availability of Ancillary and Support Services**

   Read the criterion, which applies only to ICF/DD 16 beds and fewer facilities, and submit the following:

   a. a copy of the letter, sent by certified mail return receipt requested, to each of the day programs in the area requesting their comments regarding the impact of the project upon their programs and any response letters;

   b. a description of the public transportation services available to the proposed residents;

   c. a description of the specialized services (other than day programming) available to the residents;

   d. a description of the availability of community activities available to the facility's residents.

   e. documentation of the availability of community workshops.

3. **Recommendation from State Departments**

   Read the criterion and submit a copy of the letters sent, including the date when the letters were sent, to the Departments of Human Services and Healthcare and Family Services requesting these departments to indicate if the proposed project meets the department's planning objectives regarding the size, type, and number of beds proposed, whether the project conforms or does not conform to the department's plan, and how the project assists or hinders the department in achieving its planning objectives.

4. **Long-term Medical Care for Children Category of Service**

Read the criterion and submit the following information:

   a. a map outlining the target area proposed to be served;

   b. the number of individuals age 0-18 in the target area and the number of individuals in the target area that require the type of care proposed, include the source documents for this estimate;

   c. any reports/studies that show the points of origin of past patients/residents admissions to the facility;

d. describe the special programs or services proposed and explain the relationship of these programs to the needs of the specialized population proposed to be served.

e. indicate why the services in the area are insufficient to meet the needs of the area population;

f. documentation that the 90% occupancy target will be achieved within the first full year of

5. **Zoning**

Read the criterion and provide a letter from an authorized zoning official that verifies appropriate zoning.

6. **Establishment of Chronic Mental Illness**

Read the criterion and provide the following:

a. documentation of how the resident population has changed making the proposed project necessary.

b. indicate which beds will be closed to accommodate these additional beds.

c. the number of admissions for this type of care for each of the last two years.

7. **Variance to Computed Bed Need for Establishment of Beds for Developmentally Disabled Placement of Residents from DHS State Operated Beds**

Read this criterion and submit the following information:

a. documentation that all of the residents proposed to be served are now residents of a DHS facility;

b. documentation that each of the proposed residents has at least one interested family member who resides in the planning area or at least one interested family member that lives out of state but within 15 miles of the planning area boundary where the facility is or will be located;

c. if the above is not the case then you must document that the proposed resident has lived in a DHS operated facility within the planning area in which the proposed facility is to be located for more than 2 years and that the consent of the legal guardian has been obtained;

d. a letter from DHS indicating which facilities in the planning area have refused to accept referrals from the department and the dates of any refusals and the reasons cited for each refusal;

e. a copy of the letter (sent certified--return receipt requested) to each of the underutilized facilities in the planning area asking if they accept referrals from DHS-operated facilities, listing the dates of each past refusal of a referral, and requesting an explanation of the basis for each refusal;

f. documentation that each of the proposed relocations will save the State money;

g. a statement that the facility will only accept future referrals from an area DHS facility if a bed is available;

h. an explanation of how the proposed facility conforms with or deviates from the DHS comprehensive long range development plan for developmental disabilities services.

APPEND DOCUMENTATION AS ATTACHMENT-26, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION V – FINANCIAL AND ECONOMIC FEASIBILITY REVIEW

Criterion 1125.800 Estimated Total Project Cost

The following Sections DO NOT need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- **Availability of Funds – Review Criteria**
- **Financial Viability – Review Criteria**
- **Economic Feasibility – Review Criteria, subsection (a)**

Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

$1,442,587	a.	Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to: 1) the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and 2) interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	b.	Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
_____	c.	Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
$5,770,347	d.	Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including: 1. For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated; 2. For revenue bonds, proof of the feasibility of securing the specified amount and interest rate; 3. For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.; 4. For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment; 5. For any option to lease, a copy of the option, including all terms and conditions.

_____	e.	Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
_____	f.	Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
_____	g.	All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.
$7,212,934		**TOTAL FUNDS AVAILABLE**

APPEND DOCUMENTATION AS ATTACHMENT-27, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:
1. **"A" Bond rating or better**
2. **All of the projects capital expenditures are completely funded through internal sources**
3. **The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent**
4. **The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.**

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-28, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

1. The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 29, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Economic Feasibility

This section is applicable to all projects

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

1. That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or

2. That the total estimated project costs and related costs will be funded in total or in part by borrowing because:

   A. A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 1.5 times for LTC facilities; or

   B. Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

1. That the selected form of debt financing for the project will be at the lowest net cost available;

2. That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;

3. That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

Identify each area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY SERVICE

Area (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Cost/Square Foot Mod.	Gross Sq. Ft. New	Gross Sq. Ft. Circ.*	Gross Sq. Ft. Mod.	Gross Sq. Ft. Circ.*	Const. $ (A x C)	Mod. $ (B x E)	
Nursing	$215.79	$151.16	23,971	0	1,634	0	$5,172,609	$246,947	$5,419,556
Contingency	$10.79	$7.56	23,971	0	1,634	0	$258,630	$12,348	$270,978
TOTALS	$226.57	$158.72	23,971	0	1,634	0	$5,431,239	$259,295	$5,690,534

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT - 30, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

APPENDIX A

Project Costs and Sources of Funds

Complete the following table listing all costs associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	**CLINICAL**	**NONCLINICAL**	**TOTAL**
Preplanning Costs	$ 27,482	$ 12,118	$39,600
Site Survey and Soil Investigation	$ 10,688	$ 4,712	$15,400
Site Preparation	$ 21,375	$ 9,425	$30,800
Off Site Work	$ 68,706	$ 30,294	$99,000
New Construction Contracts	$3,589,791	$1,582,818	$5,172,609
Modernization Contracts	$ 171,381	$ 75,566	$246,947
Contingencies	$ 188,059	$ 82,919	$270,978
Architectural/Engineering Fees	$ 359,631	$ 158,569	$518,200

*Clinical Cost equates to Appendix D's Total Clinical space as a percentage of the whole (69.4%); Conversely, Nonclinical Cost equates to Appendix D's Total Nonclinical space as a percentage of the whole (30.6%).

APPENDIX B

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project ☐ Yes ☒ No
Purchase Price: $ N/A
Fair Market Value: $

The project involves the establishment of a new facility or a new category of service
☒ Yes ☐ No

If yes, provide the dollar amount of all **non-capitalized** operating start-up costs (including operating deficits through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is $ 180,000.00.

APPENDIX C

Project Status and Completion Schedules

Indicate the stage of the project's architectural drawings:

- ☐ None or not applicable
- ☐ Preliminary
- ☐ Schematics
- ☒ Final Working

Anticipated project completion date (refer to Part 1130.140): July 2016

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

- ☐ Purchase orders, leases or contracts pertaining to the project have been executed.
- ☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
- ☒ Project obligation will occur after permit issuance.

APPENDIX D

Cost/Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

		Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
Department/Area	Cost	Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
CLINICAL	-	-	-	-	-	-	-
Nursing	$3,599,484		14,500	12,988			
Living/Dining/Activity	$537,850		2,167	2,279

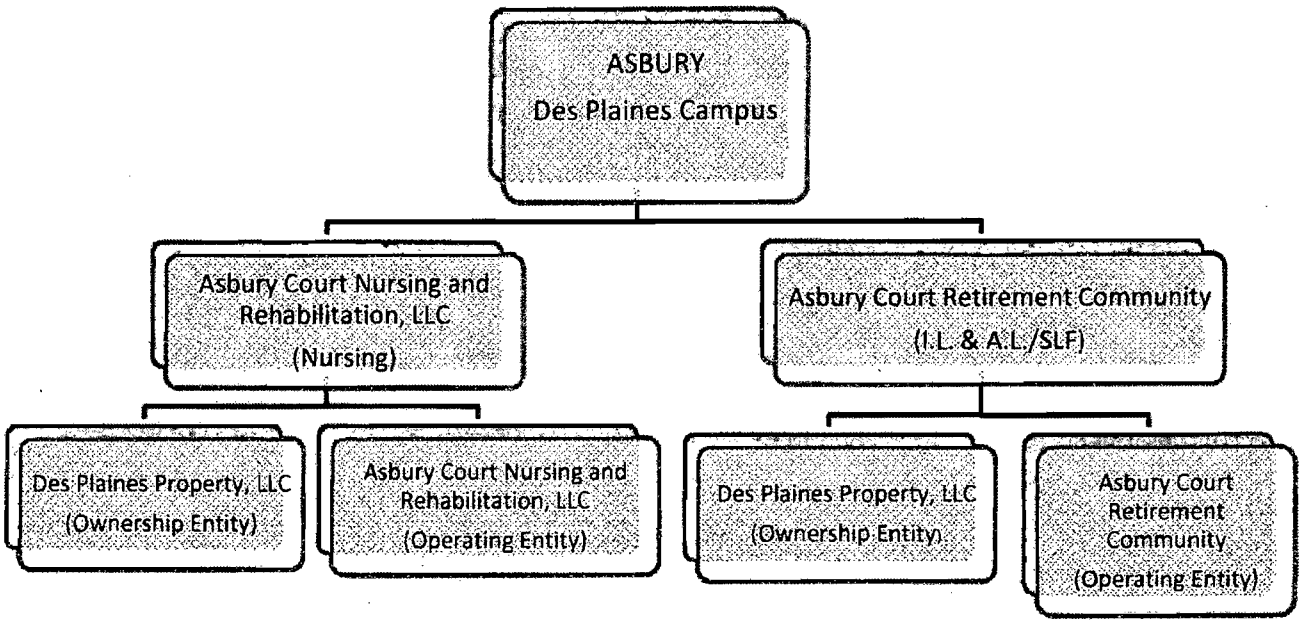
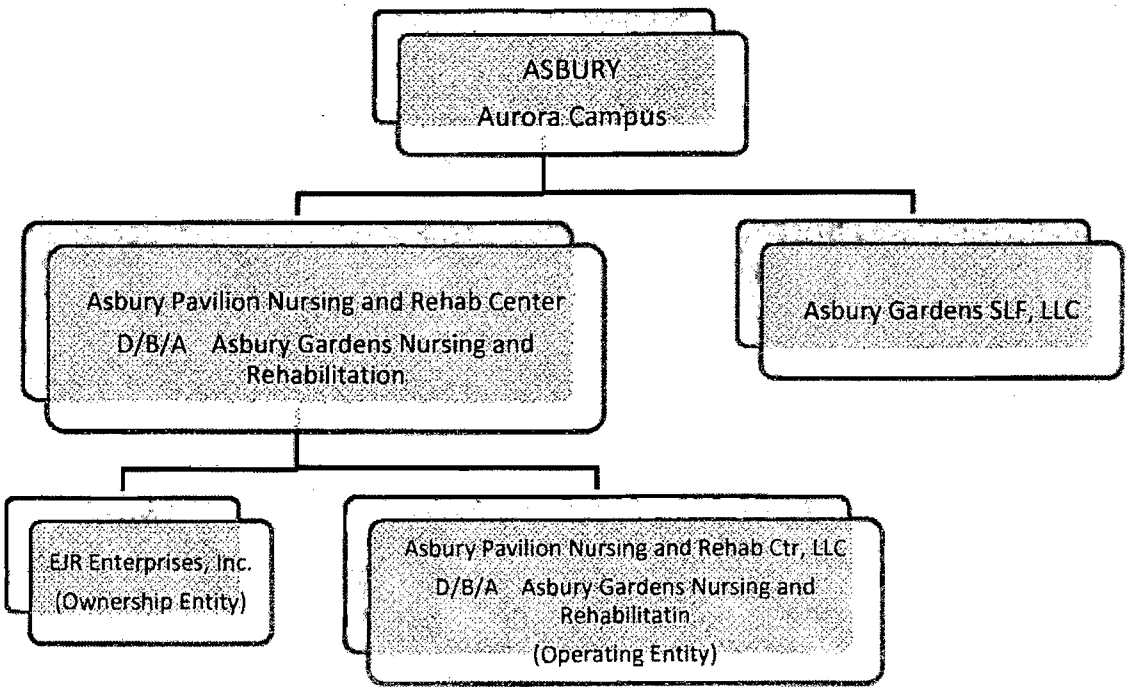
Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

Appended as **ATTACHMENT-4A,** is the organizational chart for the project.

ATTACHMENT-4





ATTACHMENT-⊠A

Flood Plain Requirements

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at **www.FEMA.gov** or **www.illinoisfloodmaps.org. This map must be in a readable format**. In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 **(http://www.hfsrb.illinois.gov)**.

Appended as **ATTACHMENT-5A**, is a letter from Greg Boehm, P.E., Project Designer, of W-T Civil Engineering, LLC addressing the flood plain requirements. Moreover, appended as **ATTACHMENT-5B**, is the accompanying Flood Insurance Rate Map. It should be known that the proposed new building addition is on the northwest limit of the property and is not within a floodplain on the site.

Re: Asbury Court Building Addition – 1750 South Elmhurst Road in Des Plaines
Property in Floodplain, Building out

Dear Sir or Madam:

All of the existing building and its proposed addition are out of the floodplain with the lowest floor and lowest adjacent grade above the Base Flood Elevation (BFE).

The accompanying Flood Insurance Rate Map indicates the BFE of Higgins Creek at the property between elevations 656 and 657. The lowest adjacent grade to the existing building is 657.36 and above the BFE. The only portion of the property within the floodplain is i n the immediate area of the creek within the channel banks. The top of the channel bank within the property is two feet above the BFE, so the floodplain through the property reach is contained within the channel. The floodplain area is approximately less than 5% of the property area.

The new building addition is proposed on the northwest limit of the property where the existing grade varies from 664 to a lowest adjacent grade of 658.75. The addition is to the north and west of the existing building. The proposed lowest floor of the proposed addition is 661.75.

Please do not hesitate to call if we may facilitate your review and approval. Thank you for your consideration.

Respectfully,

W-T CIVIL ENGINEERING, LLC

Greg Boehm, P.E.
Project Designer

Dear Ms. Harris:

This letter is to inform you that we have reviewed the information provided concerning the referenced project.

Our review of the records indicates that no historic, architectural or archaeological sites exist within the project area.

Please retain this letter in your files as evidence of compliance with Section 4 of the Illinois State Agency Historic Resources Preservation Act (20 ILCS 3420/1 et. seq.). This clearance remains in effect for two years from date of issuance. It does not pertain to any discovery during construction, nor is it a clearance for purposes of the Illinois Human Skeletal Remains Protection Act (20 ILCS 3440).

If you have any further questions, please contact me at 217/785-5027.

Sincerely,

Anne E. Haaker

Anne E. Haaker
Deputy State Historic
Preservation Officer

SECTION II – PURPOSE OF THE PROJECT, AND ALTERNAIVES – INFORMATION REQUIREMENTS Continued i

Criterion 1125.320 – Purpose of the Project

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.

The proposed project for 71 general long-term care beds will be part of an existing retirement community consisting of 225 Independent Living units and 150 Supportive Living units/beds thereby complementing the existing services. All proposed nursing beds will be certified for both Medicare and Medicaid. This project will not only improve the level of service that is currently being provided on the campus by being certified for Medicare but the purpose of the project is to increase access for the campus's existing residents including its Medicaid recipients and those of the community. Moreover, the purpose of this project is to alleviate the on-going problem of discharging existing residents in the retirement community to nursing care facilities outside of the campus setting and to address the outstanding need for additional nursing beds in the 7-A Planning Area. It should be noted that this project was previously approved under Project No. 08-064 which will be abandoned upon approval of this project.

2. Define the planning area or market area, or other, per the applicant's definition.

In accordance with the State's required travel time contour, the proposed primary market area is a 30-minute travel contour from the Applicant's facility as taken from MapPoint. Reinforcing the reality of the 30-minute travel time as the primary service area is the resident origin data for admissions over Calendar years 2012 and 2013. This data shows that 120 out of 169 residents (or 71%) were derived within the 30-minute travel contour.

3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project.

Foremost, there is an issue that the Applicant's existing residents in the Supportive Living

ATTACHMENT-10

Units and the Independent Living Units have to be discharged out of the campus (of which they choose) when their medical needs outweigh their programmatic needs. Secondarily, there is an issue of needing additional nursing beds within the 7-A Planning Area as identified in the State's latest update to its Inventory of Facilities and Services and Need Determinations.

Existing residents are being transferred to other area facilities causing conflicts with residents and sometimes even family members. In the past three 12-months periods ending January 31st, (2012, 2013 and 2014) a total of 242 residents were transferred to area nursing care facilities. Life in a campus setting develops into a family-like relationship with other residents and staff. Often times residents lose contact with their friends (within the campus setting) when they are transferred out for nursing services since it is difficult for either to visit. Often times the "campus family" is their only family. Although the facility does provide transportation service, logistically round trip visits are hard to coordinate and as a result do not happen.

4. Cite the sources of the information provided as documentation.

Appended as **ATTACHMENT-10A**, is the permit letter dated January 31, 2009 approving project No. 08-064, as well as documentation that post permit requirements have been met.

Appended as **ATTACHMENT-10B**, is a Microsoft MapPoint map identifying the location of the proposed facility, the 30 minute market contour, location of other nursing facilities, and zip code areas.

Appended as **ATTACHMENT-10C**, is a chart identifying patient origin by zip code.

Appended as **ATTACHMENT-10D**, is a chart identifying patients discharged to area Nursing Homes.

ATTACHMENT-10

SECTION II – PURPOSE OF THE PROJECT, AND ALTERNAIVES – INFORMATION REQUIREMENTS Continued iii

Appended as **ATTACHMENT-10E**, is the Long-Term Care Facility Update (dated March 13, 2014) to the 2013 IDPH Inventory of Health Care Facilities and Services and Need Determinations, Long-Term Care Services.

5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.

This project will provide for Medicaid and Medicare certified nursing beds thus allowing residents to remain on campus, remaining close to their friends and their familiar environment. Creating this level of service eliminates the traumatic nature of a move out of the campus setting, their home. Moreover, the establishment of the nursing category of service will address, in part, the identified outstanding need for 446 nursing care beds in the 7-A Planning Area.

6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

The goal is to provide general long-term care services to the population of the proposed 30-minute market contour within Planning Area 7-A (which includes the existing residents of the Applicant's campus) since there is an outstanding need for 446 nursing care beds. The goal will be measured by the Applicant's ability to continuously fill its beds and provide the proposed service.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

Since this project is for the establishment of a new category of service, all space, newly constructed or renovated must meet new construction standards. As a new service this item is not germane.

CERTIFIED MAIL
RETURN RECEIPT REQUESTED

Charles H. Foley, Health Care Consultant
Charles H. Foley & Associates, Inc.
1638 South MacArthur Blvd.
Springfield, Illinois 62704

RE: **PERMIT**: Illinois Health Facilities Planning Act 20 ILCS 3960

Dear Mr. Foley:

On January 27, 2009, the Illinois Health Facilities Planning Board approved the application for permit for the referenced project based upon the project's substantial conformance with the applicable standards and criteria of Part 1110 and 1120. In arriving at a decision, the State Board considered the findings contained in the State Agency Report, the application material, and any testimony made before the State Board.

- **PROJECT: #08-064 – Asbury Health Services** – The applicants are approved for the establishment of a 75-bed long term care category of service under the continuum of care variance in 14,920/GSF of new construction and 8,310/GSF of modernized space. The facility will be located at 1750 Elmhurst Road, Des Plaines, Illinois 60018.

- **PERMIT HOLDERS:** The applicants are Des Plaines Properties, LLC, and Ashley Management and Development Corporation, 29 East Madison, Chicago, Illinois. The operating entity licensee is Ashley Management and Development Corporation and the owner of the site is Des Plaines Properties, LLC.

- **PERMIT AMOUNT**: $ $4,223,760

- **PROJECT OBLIGATED BY**: July 27, 2010
- **PROJECT COMPLETION DATE**: January 31, 2011

This permit is valid only for the defined construction or modification, site, amount and the named permit holder and is **not transferable or assignable.**

In accordance with the Planning Act, the permit is valid until such time as the project has been completed, provided that all post permit requirements have been fulfilled, pursuant to the requirements of 77 Ill. Adm. Code 1130, The permit holder is responsible for complying with the following requirements in order to maintain a valid permit. Failure to comply with the requirements may result in expiration of the permit or in State Board action to revoke the permit.

1. OBLIGATION-PART 1130.720

   The project must be obligated **prior to the Project Obligation Date,** unless the permit holder obtains an "Extension of the Obligation Period" as provided in 77 Ill. Adm. Code 1130.730.

2. ANNUAL PROGRESS REPORT-PART 1130.760

   An annual progress report must be submitted to IDPH every 12-month from the permit issuance date until such time as the project is completed.

3. PROJECT COMPLETION REQUIREMENTS-PART 1130.770

   The permit holder must submit a written notice of project completion as defined in Section 1130.140. Each permit holder shall notify HFPB within 30 days following the project completion date and provide supporting documentation within 90 days following the completion date and must contain the information required by Section 1130.770.

   This permit does not exempt the project or permit holder from licensing and certification requirements, including approval of applicable architectural plans and specifications prior to construction. Should you have any questions regarding the permit requirements, please contact Mike Constantino.

Sincerely,

Jeffrey S. Mark
Executive Secretary

HEALTH FACILITIES & SERVICES REVIEW BOARD

Michael Mills
Illinois Department of Public Health Compliance Coordinator
525 West Jefferson Ave.
2nd Floor
Springfield, Illinois 62761
Regarding: Project #08-064

January 8, '10

Dear Mr. Mills,

On January 27th, 2009 Asbury Health Services was approved for the establishment of a 75-bed long term care category of service under the continuum of care variance for the construction of 14,920/GSF of new construction and 8,310/GSF of modernized space, to be located at 1750 Elmhurst Road, Des Plaines, Illinois 60018. As required under "Annual Progress Report-Part 1130.760", please accept this letter as formal submission of the current conditions for our project.

Current Conditions of Site Condition

All soil borings have been taken and all City of Des Plaines Building Civil, Fire and Zoning Departments have submitted their final comments and we therefore anticipate submitting a set of architectural plans for the issuance of permits within 45 days.

Current Conditions of Financial Status

Financing for the construction and operation of the project is still in place and presents no concerns. Financing for the project remains as stated in the application.

1750 South Elmhurst Road • Des Plaines, Illinois 60018 • (847) 228-1500 • Fax: (847) 228-1579

ATTACHMENT-XXA

Current Conditions of Costs Paid To Date

Item	*Cost*	*Paid to Date*	*Balance*
Preplanning Costs	$36,000.00	$ 5,700.00	$30,300.00
Site Survey & Soil Investigation	$5,200.00	$ 3,750.00	$1,450.00
Site Preparation	$15,300.00	$ -	$15,300.00
Off Site Work	$13,000.00	$ -	$13,000.00
New Construction Contracts	$2,165,600.00	$ -	$2,165,600.00
Modernization Contracts	$835,000.00	$ -	$835,000.00
Contingencies	$300,060.00	$ -	$300,060.00
Architectural/Engineering Fees	$185,000.00	$ 127,848.03	$57,151.97
Consulting & Other Fees	$67,000.00	$ -	$67,000.00
Movable or Other Equipment (not in construction contracts)	$510,000.00	$ -	$510,000.00
Bond Issuance Expense (project related)	$0.00	$ -	$0.00
Net Interest Expense During Construction (project related)	$0.00	$ -	$0.00
Fair Market Value of Leased Space or Equipment	$0.00	$ -	$0.00
Other Costs To Be Capitalized	$91,600.00	$ -	$91,600.00
Acquisition of Building or Other Property (excluding land)	$0.00	$ -	$0.00
ESTIMATED TOTAL PROJECT COST	**$4,223,760.00**	**$137,298.03**	**$4,086,461.97**

As of today, the applicants have paid for the soil boring testing to determine foundational construction. Additionally the applicants have paid for 85% of the civil engineering costs and 50% of the architectural fees. At this time 85% of the architectural plans have been completed and we expect final drawings to be submitted to the City of Des Plaines for permit issuance within 60 days. Please refer to the above table for a cost by cost detailed description of expenses to date.

Current Conditions of Scope of Project

The approved square footage of our project - 14,920/GSF of new construction and 8,310/GSF of modernized space and the amount of approved beds – 75, has not changed.

Current Conditions of Completion Date Status

We continue to anticipate breaking ground within 90 days of this letter and consider the completion date of January 31, 2011 as presented in the Permit letter dated January 31, 2009, achievable.

In closing, please feel free to call me at 773-619-8378 if there remain any questions or comments you wish to discuss. Thank you.

Sincerely,

Hillel Shapiro

Re: Asbury Health Services (Project #08-064)

Dear Ms. Courtney Avery,

On January 27th, 2009 Asbury Health Services was approved to establish a 75-bed long term care unit as part of a Continuum of Care Retirement Community for the construction of a building with 14,920 GSF of new construction and 8,310/GSF of modernized space to be located at 1750 Elmhurst Road, Des Plaines, Illinois 60018. As required under "Annual Progress Report-Part 1130.760", please accept this letter as formal submission of the current conditions for our project.

Current Conditions of Site Condition

On May 23, 2011, Mr. Dan Wilson, the plan examiner from the Illinois Department of Public Health assigned to review our building plans for the above referenced project, officially approved those plans. Additionally on June 14, 2011, The City of Des Plaines issued Permit #10070476 for this project. Furthermore, as of July 21, 2011 the project has obligated over one third of the project costs through negotiating and letting contract bids which include demolition, concrete, underground site utilities, electrical and plumbing.

As of today, the applicants have paid for all architectural drawings and permit fees to The City of Des Plaines and have received final approval from the Illinois Department of Public Health and have received all necessary building permits from the City of Des Plaines to commence work.

Current Conditions of Scope of Project

The approved square footage of our project - 14,920/GSF of new construction and 8,310/GSF of modernized space and the amount of approved beds, 75, has not changed.

Current Conditions of Completion Date Status

There currently exists a Freddie Mac mortgage loan on the property. The collateral for this mortgage loan includes the land area proposed for the nursing home construction. When this loan was entered into, verbal assurances were given to us by the lender that we would be allowed to construct a nursing home on this section of land. However, after the mortgage fall out of 2008-09 and specifically the issues Freddie Mac has been facing in the home mortgage market, the officials at Freddie Mac are discussing how to proceed. Although the release of this collateral was contemplated at the mortgages' inception, Freddie Mac was initially reluctant to modify any written conditions in the loan documents. Our attorneys have been working on this matter for a year and we anticipate Freddie Mac will either agree to allow us to build on the mortgage property (thereby increasing the value of their collateral) or allow a partial release of the mortgage, so we can build on the then non-mortgaged portion of the property. I have attached to this letter a timeline of events associated with Oak Grove prepared by our counsel. We believe this matter will be resolved in the next 90 days.

We are prepared to break ground immediately and continue to anticipate a completion date of December 30, 2013 as extended in our request for extension dated December 14, 2010.

In closing, please feel free to call me at 847-228-1500 if there remain any questions or comments you wish to discuss. Thank you.

Sincerely,

Hillel Shapiro

Re: Asbury Court Retirement Community – Freddie Mac Approval of SNF Construction

Dear Paul:

After relying on verbal representations made by your client's predecessor, Glasser Financial, my client invested over $500,000 in the pre-construction phase of a new nursing home on the mortgaged property, resulting in the issuance of a Certificate of Need. After the issuance of the CON, Oak Grove informed us that Freddie Mac would not allow and had rejected the proposal to construct the nursing home on the mortgaged property. As a result of this apparent rejection by Freddie Mac, our clients have had numerous discussions over the past year related to a possible lot split and partial mortgage release. As the servicer of the loan, it was Oak Grove's responsibility to formally submit a recommendation along with supporting materials to Freddie Mac for their approval. After working toward a lot split for nine months, late last year we were told that Freddie Mac may be receptive to a proposal to construct the nursing home on the mortgaged property. Again, your client, as the servicer, must submit a complete package to Freddie Mac before it will formally consider the request for approval. During the past couple of months, my client has responded timely to several new requests by Oak Grove for the latest submission, however after each response, the file appears to languish for a week or more at a time with no visible progress on the submission.

In my client's opinion, little has been accomplished to move this project from Oak Grove to Freddie Mac Asset Management for approval. Prior to January 27, 2012, we need to submit a critical report to Illinois Health Facilities Planning Board, the issuer of our Certificate of Need. If the Board unfavorably views the results of our progress, my client is legitimately concerned that the Board could penalize my client or rescind the CON resulting in a derailment of the entire project, a total loss of my client's investment, a loss of future income, a loss of increased value for the retirement center as well as a loss of jobs in the community. Although I suspect that Oak Grove has little financial incentive to submit the borrower's request for construction of the nursing home on the mortgaged property, I question what else my client can do to move this process along quickly. We both know that litigation is not an attractive option

ATTACHMENT-XXA

and wholly unnecessary so long as our CON is in existence, but time to get this project done is running short.

You will have to forgive our frustration with this situation, but have been dealing with this submission in one form or another for well over a year. All we ask is that your client complete and quickly submit the complete package to Freddie Mac, so it can decide on the construction before our certificate of need is further jeopardized. Thank you for your attention to this matter.

Very truly yours,

Stephen N. Sher

Re: Asbury Court Retirement Community – Partial Release of Mortgage

Dear Paul:

As you may or may not know, Asbury Court Retirement Community has a current value of $24,400,000 and is encumbered with the Freddie Mac mortgage securing a note with a balance of $11,500,000 (representing a loan to balance under 50%). The addition of the nursing home to the continuum of care will increase the value of the retirement center because those new tenants my client lost because of not having an adjacent nursing home will now become residents of the retirement center. This increase in value will decrease the loan to value even more, thereby decreasing risk to the lender and Freddie Mac. The nursing home project will also create residual benefits to the Des Plaines community and the State of Illinois generally in the form of construction costs and new nursing jobs created for employees operating the nursing home. For those reasons, my client has recently had discussions with U.S. Senator Kirk's office, who has taken an interest in this Project.

I have attached revised easements and specific responses to your most recent questions and hope this provides you with everything required to complete your legal review of the partial release. The late delivery of the zoning report has delayed your report, Oak Grove's submission to Freddie Mac of its recommendation and, hopefully, Freddie Mac's approval. My client has state imposed deadlines tied to their certificate of need, which cannot be further extended and fear that further setbacks will jeopardize the project altogether. Therefore, it would assist us greatly if you could quickly complete your legal review for Oak Grove. I will ask my client to contact Ms. Rhodes to discuss the process for making the formal recommendation to Freddie Mac.

ATTACHMENT-XXA

Please contact our office as soon as possible with any further questions you or Oak Grove may have so that we can now quickly address your concerns and move this submission to Freddie Mac. Thank you for your attention to this matter.

Very truly yours,

Stephen N. Sher

TIMELINE OF ASBURY AND OAK GROVE DISCUSSIONS

Date	Description
12/16/2010	Michael Zahtz, on behalf of borrower, requests supplemental financing for construction of 75 bed nursing facility on property, which would be included as collateral.
1/4/2011	Michael Leonard, on behalf of Oak Grove Capital, LLC, discussed request with Freddie Mac and rejected our request for additional funding. Michael Leonard suggested we submit a request for a partial release of the vacant portion of the property, thus allowing us the right to construct the nursing home wing.
1/10/2011	Melissa Rhodus of Oak Grove Capital, LLC sends borrower the Engagement Letter.
1/14/2011	Melissa Rhodus of Oak Grove Capital, LLC sends borrower the Engagement Letter revised per conversations with borrower.
1/17/2011	Engagement letter accepted by borrower.
1/28/2011	Conference call re separate PINs and proposal re subdivision and possible condominium formation.
4/13/2011	Borrower finalized new structure with City of Des Plaines, which will allowing borrower to create two PINs (one for the existing retirement center and another for the new nursing home) without performing a formal subdivision.
5/11/2011	Submission by Stephen Sher to Oak Grove Capital, LLC of Borrower responsible submissions under Engagement Letter.
5/18/2011	Borrower discussion with Paul Kisselburg related to lot division.
6/13/2011	Borrower received existing title policy from Paul Kisselburg. Borrower to order date down to existing policy.
6/13/2011	Informed by Melissa Rhodus of Oak Grove Capital, LLC of the requirement for Zoning Report. Told that they were ordering it immediately.
7/7/2011	Borrower's counsel forwarded date down endorsement and draft access easement to Paul Kisselburg.
7/19/2011	Paul Kissleburg requests comments on Modification Agreement.
7/29/2011	Borrower's counsel comments to Modification Agreement.
9/7/2011	Paul Kissleburg sends borrower draft zoning report.
9/19/2011	Paul Kissleburg sends borrower open items raised by zoning report.
10/5/2011	Borrower's counsel responds to open items with detailed memo, revised easements and City of Des Plaines Agreement re division of tax parcel.
12/2/2011	Oak Grove indicates that it is now supportive of building of SNF on property.
12/20/2011	Oak Grove requests plans and drawings, easements, budget and construction contract in connection with accepting SNF on mortgaged property.
12/20/2011	Borrower responded to Oak Grove with all items.

Re: Asbury Health Services (Project #08-064)

Dear Ms. Courtney Avery,

On January 27th, 2009 Asbury Health Services was approved to establish a 75-bed long term care unit as part of a Continuum of Care Retirement Community for the construction of a building with 14,920 GSF of new construction and 8,310/GSF of modernized space to be located at 1750 Elmhurst Road, Des Plaines, Illinois 60018. As required under "Annual Progress Report-Part 1130.760", please accept this letter as formal submission of the current conditions for our project.

Current Conditions of Site Condition

The single story structure has been demolished to make room for the addition. The adjacent utilities have been relocated so not to interfere with the new foundation walls. Excavation for the piers and foundations is more than 90% complete and should be completed within a week to two. Footings for the foundation walls have been formed and steel reinforcement bar installed. Concrete is scheduled to be poured on Monday May 20 in those formed footings. Those footings are approximately 40% of the total. Concrete will continue. The pad has been cut down to grade and hauled away. The underground sanitary sewer has been completed. Approximately 20% of the underground storm sewer system (not including the detention system) has been installed and continues. A new water line to re-feed an adjacent property is complete.

Other Costs To Be Capitalized	$91,600.00	$ -	0%
Acquisition of Building or Other Property (excluding land)	$0.00	$ -	0%
ESTIMATED TOTAL PROJECT COST	**$4,223,760.00**	**$ 549,392.30**	**13%**

As of today, the applicants have paid for all architectural drawings and permit fees to The City of Des Plaines and have received final approval from the Illinois Department of Public Health and have received all necessary building permits from the City of Des Plaines to commence work.

Current Conditions of Scope of Project

The approved square footage of our project - 14,920/GSF of new construction and 8,310/GSF of modernized space and the amount of approved beds, 75, has not changed.

Current Conditions of Completion Date Status

The project is still on schedule to substantially complete the construction within months, however, in-light of recent policy changes in needing all realized project costs submitted back to the HFSRB prior to commencement of the IDPH Licensure process, the Applicant is estimating that a more realistic completion date will be June 30, 2014. It should be noted that the appropriate request for permit renewal will be made prior to 45-days of the permit expiration date (December 31, 2013).

In closing, please feel free to call me at 847-228-1500 or our CON Consultant John P. Kniery at 217-544-1551 if there remain any questions or comments you wish to discuss. Thank you.

Sincerely,

Hillel Shapiro

Michael: Not sure if the notice for obligation on the above referenced project was provided to you previously or not. It should be noted that the project was obligated on July 21, 2011. This project requested and received a one year obligation extension from July 27, 2010 to July 27, 2011. Please find five contracts totaling $1,491,050 or 35.3% of the project that were respectively executed on July, 21, 2011, July 19, 2011, July 20, 2011, July 21, 2011, and July 17, 2011. Therefore, the project was obligated in accordance with the 77 IAC, Chapter II, of Subchapter b, Section 1130.720.

If you should have any questions or concerns, please do not hesitate to contact me. Thanks.

Portion of Work	Substantial Completion Date

, subject to adjustments of this Contract Time as provided in the Contract Documents.
(Insert provisions, if any, for liquidated damages relating to failure to achieve Substantial Completion on time or for bonus payments for early completion of the Work.)

ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be ($), subject to additions and deductions as provided in the Contract Documents. $328,000.00 Three Hundred Twenty Three Thousands & no/100 Dollars

§ 4.2 The Contract Sum is based upon the following alternates, if any, which are described in the Contract Documents and are hereby accepted by the Owner:
(State the numbers or other identification of accepted alternates. If the bidding or proposal documents permit the Owner to accept other alternates subsequent to the execution of this Agreement, attach a schedule of such other alternates showing the amount for each and the date when that amount expires.)

§ 4.3 Unit prices, if any:
(Identify and state the unit price; state quantity limitations, if any, to which the unit price will be applicable.)

Item	Units and Limitations	Price Per Unit ($0.00)

§ 4.4 Allowances included in the Contract Sum, if any:
(Identify allowance and state exclusions, if any, from the allowance price.)

Item	Price

ARTICLE 5 PAYMENTS

§ 5.1 PROGRESS PAYMENTS

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the 15th day of a month, the Owner shall make payment of the certified amount to the Contractor not later than the 1st day of the month. ~~If an Application for Payment is received by the Architect after the application date fixed above, payment shall be made by the Owner not later than ( ) days after the Architect receives the Application for Payment.~~
(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form and supported

9 ENUMERATION OF CONTRACT DOCUMENTS

10 INSURANCE AND BONDS

ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. An enumeration of the Contract Documents, other than a Modification, appears in Article 9.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work described in the Contract Documents, except as specifically indicated in the Contract Documents to be the responsibility of others. INSTALLATION OF ALL UNDERGROUND SEWER CATCH BASIN, WATER MAIN LINES WATERLINE VALVES, FIRE HYDRANT, SANITARY SEWER MANHOLES AND WATER RETENTION VAULT AND LINES.

ARTICLE 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be the date of this Agreement unless a different date is stated below or provision is made for the date to be fixed in a notice to proceed issued by the Owner.

(Insert the date of commencement if it differs from the date of this Agreement or, if applicable, state that the date will be fixed in a notice to proceed.)

July 19, 11

If, prior to the commencement of the Work, the Owner requires time to file mortgages and other security interests, the Owner's time requirement shall be as follows:

§ 3.2 The Contract Time shall be measured from the date of commencement.

§ 3.3 The Contractor shall achieve Substantial Completion of the entire Work not later than ( ) days from the date of commencement, or as follows:

(Insert number of calendar days. Alternatively, a calendar date may be used when coordinated with the date of commencement. If appropriate, insert requirements for earlier Substantial Completion of certain portions of the Work.)

Re: Proposal for Skilled Care Wing Addition

Dear Mr. Shapiro
Pursuant to our conversations the following proposal has been developed to equitably adjust the proposal through the completion of the permit and bid process.

1. **PROJECT DESCRIPTION:**

An outgrowth of the facility was the determination by Asbury Court to design and build a new skilled care wing. Focusing on upgrading and expanding the facility, efficiency and aesthetic appearance of the skilled care wing. Currently the exact scope of the project is still under discussion and review. Therefore project budgets and fees may be modified as the project definition is finalized. The attached documents reflect Syntec's current understanding of the project scope. The attached documents are an integral part of this proposal::

1- Project Status Report 00A dated 05-17-2010
2- Final approved floor plan SK-107
3- Contract Modification (condensed version) 04-15-2010

The professional architectural/engineering services to be provided within the scope of this proposal are as follows:

- Completion of permit/bid construction documents per final approved floor plan SK-107
- Response and clarifications requested by regulatory agencies (expediting and additional meetings are not included- see below)
- Construction administration service as originally agreed would be limited to 1 meeting per month for a 9-month construction period.

2. **ADDITIONAL SERVICES (NIC)**

- Permit and regulatory review process (time and material only)
- Construction and/ or project management services (Given the number of variables that may be requested in these services Syntec will be happy to provide a proposal once the specific options and scope of services that Asbury Court would like included or excluded have been identified)
- Providing special surveys, environmental studies and submissions required for approvals of governmental authorities or others having jurisdiction over the

Construction Management
5306 N. Elston Ave. 2nd.
Chicago, Illinois 60630
Tel: 773.725.8314
Fax: 773.725.8478

6. INVOICING:

The project will be invoiced on a monthly basis. Payments will be due promptly no later than 30 days passed the date on written invoice. As with all contracts prompt payments is of significant importance. The retainer(s) listed below are an integral part of, and due upon execution of this proposal:

Architectural/Engineering Services: **$00.00**

7. REIMBURSABLE:

Reimbursable expenses shall be billed at 1.10 time the actual invoice and shall include standard expenses as defined by AIA contract B151.

Upon proper execution of this proposal DA Syntec, Ltd. is ready to initiate the project.

Respectfully submitted:

Steven S. Salzman, President
DASyntec, Ltd.

Project.

- Providing interior design and other similar services required for or in connection with the selection, procurement or installation of furniture, furnishings and related equipment.
- Preparing a set of reproducible record drawings showing significant changes in the Work made during construction based on marked-up prints, drawings and other data furnished by the Contractor to the Architect.
- Additional insurance coverage requested by the Owner in excess of the coverage limits normally maintained by Syntec Ltd.
- Providing any other services not otherwise included in this Agreement or not customarily furnished in accordance with generally accepted architectural practice.
- Rerouting or pumping station that may be required by the Village will be an additional service of $2,500.

3. **PROECT SCHEDULE:**
   - To be determined

4. **PROJECT BUDGET:**
   - See attached document

5. **PROJECT FEES:**
   - Services provided under this proposal will be provided for a fixed fee:

Two hundred ninety seven thousand nine hundred Dollars ($297,900)

$ 269,550

This fee recognizes an unreimbursed time investment by Syntec of $12,195

The fees above have been established and any additional services will be invoiced based upon the fee schedule below:

Billing Rates: (Syntec, Ltd.)	
Principal	$170.00/hr
Senior Project Manager	$115.00/hr
Sr Project Arch/Eng	$105.00/hr
Project Manager	$ 90.00/hr
Project Arch/Eng	$ 75.00/hr
Information Specialist	$ 65.00/hr
Administrative Support	$ 45.00/hr

If the project is cancelled Asbury Court will be responsible solely for the fees incurred for services rendered as of the date Syntec receives written notice.

RE: Permit Renewal for Project #08-064 Asbury Health Services, Des Plaines
Permit Holder: Ashley Management and Development Corporation – Des Plaines Property, LLC

Dear Mr. Kahn:

On December 17, 2013 the Illinois Health Facilities and Services Review Board/Chairman approved the permit holder's request for a permit renewal for the above-referenced project. Therefore, the permit for this project has been renewed until June 30, 2015.

Should the permit holder determine that it will be unable to complete the project by June 30, 2015, the permit holder may request another renewal of the permit. 77 IAC 1130.740 provides that the State Agency must be in receipt of a permit renewal request AT LEAST 45 DAYS PRIOR TO THE EXPIRATION DATE OF THE REQUIRED COMPLETION PERIOD.

The permit holder is reminded that permits for projects which are not completed within the required time frame shall expire for lack of due diligence, unless renewed by the State Board. The permit holder is also reminded of the other post-permit requirements contained in "Subpart G" of Part 1130. Adherence to these requirements is essential in maintaining a valid permit and is the sole responsibility of the permit holder.

Should you have any questions, please contact Mike Constantino or George Roate at (217) 782-3516 and ask to speak to a staff person about post permit requirements.

Sincerely,

Courtney Avery

Courtney Avery
Administrator
Illinois Health Facilities and Services Review Board

Criterion 1125.330 – Alternatives

1. Identify **ALL** of the alternatives to the proposed project:

   Alternative options **must** include:

   a. Proposing a project of greater or lesser scope and cost;

   b. Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;

   c. Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and

   d. Provide the reasons why the chosen alternative was selected.

   The alternatives considered by this Applicant were to continue the status quo, establish a freestanding 150-bed nursing care facility off-site, to establish a 50-bed ancillary nursing unit to the campus and the project as being proposed. The rational on the viability of each alternative is provided in the required comparison of alternatives below.

2. Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

ALTERNATIVE #1-Continue the Status Quo

Cost

There is zero capital cost in the alternative of continuing of referring residents outside of the campus for nursing care services. The cost is an intangible one where existing campus residents must leave their home, their friends and in many cases their family in order to receive

ATTACHMENT-11

nursing services. There is an inherent cost to the Applicant for not having the full continuum of care for residents and that appears in the form of slower than normal admissions into the campus.

Patient Access

Accessibility is an issue based on point of view. From the State's published inventory there is an outstanding need for 446 additional nursing care beds in the 7-A Planning Area and an additional 45-nursing care beds in the 7-C Planning Area the two service areas that comprise the majority of the 30-minute travel contour making up the Applicant's service area. From the independent and Supportive (assisted) living residents within the Asbury Des Plaines community, there are no nursing services so they must leave their home to obtain said services. Thus, from both perspectives there is an accessibility issue that would not be positively addressed by this alternative.

Quality

The issue herein is not about quality as it is about accessibility and need for the service. This Applicant does not intend to comment on the quality of beds and services that are available to the service and market area. The issue herein is one where existing campus residents primarily low income or on Medicaid waivers have to leave their home to obtain nursing services. There is no continuity of care in seeking nursing services especially in an area that is under-bedded by a cumulative 491-nursing care beds.

Financial Benefits

As this alternative has no services on campus there are no financial benefits. As discussed, there is a cost however, one that is borne by the residents in terms of having to leave home, family and friends and the overall disruption and discontinuity to their life.

ATTACHMENT-11

As this alternative has no cost or financial benefit, does not improve patient access and does not provide continuity of care, this alternative was considered not viable.

ALTERNATIVE #2-Establish A Freestanding 150-Bed Nursing Care Facility Off-Site

Cost

The Health Facilities and Services Review Board utilized the RS Means report to determine the construction cost per gross square foot for a potential project. The Means number for a project in Planning Area 7-A, Des Plaines, Cook County, is $227 per gross square feet. The State's norm for gross square feet per bed is between 435 -713 gross square feet per bed. At 550 gross square feet per bed just under the midpoint (574GSF/bed) of the range, this alternative would have a construction only cost of $18,727,500. This excludes land, equipment, and all development related soft costs that projects require.

Patient Access

This alternative does address and provides for improved patient access. However, it misses on the point of patient access for the existing residents of the Applicant's substantial adult age restricted continuum that is in place. The existing campus has 225 Independent Living units and 150 Supportive Living units which together have in the past three 12-months periods ending January 31st, (2012, 2013 and 2014) referred a total of 242 residents out of the campus for nursing services. This alternative is not the most viable in addressing improved patient access for these existing community residents.

Quality

The issue herein is not about quality as it is about accessibility and need for the service. This Applicant does not intend to comment on the quality of beds and services that are available

to the service and market area. The issue herein is one where existing campus residents primarily low income or on Medicaid waivers have to leave their home to obtain nursing services. There is no continuity of care in seeking nursing services especially in an area that is under-bedded by a cumulative 491-nursing care beds (Planning Areas 7-A and 7-C).

Financial Benefits

The right mix of Medicare, Medicaid and private pay can yield significant financial benefits. That is not the Applicant's intent though. The Applicant is not in the general long-term nursing care business as they are in the housing business for seniors for whom nursing care is ancillary, yet necessary. To be able to provide the rehabilitation and nursing services that a campus demands, some ability to off-set costs need to be allowed, i.e., open admissions although it is the intent of the Applicant to give preferential admissions to the residents from within the campus community.

As this alternative has a much higher project cost and does not address the existing campus residents' accessibility to nursing needs renders this alternative as not-viable.

ALTERNATIVE #3-Establish a 50-bed Ancillary Nursing Unit To The Campus

Cost

The alternative of a smaller nursing unit in-place of that being proposed may prove to be of lower costs but it becomes one that is only marginally so as the infrastructure of a 71 bed unit is comparable to one of a 50 bed unit based upon Illinois Department of Public Health's minimum nursing care standards. Minimum standards require nurses stations, med rooms, clean and soiled utilities, dietary, laundry, and living/dining/activity areas, just to name a few all which

ATTACHMENT-11

require a set amount of space that varies only slightly when considering the smaller facility size of 50 to 71 nursing care beds. The same holds true for staff, there is a minimum requirement for each department required and again only varies slightly with the range of residents these alternatives are evaluating.

Patient Access

This alternative addresses the accessibility of the existing campus residents but it does nothing to address the overwhelming need that the State has identified between Planning Areas 7-A and 7-C of 491 additional nursing beds. Moreover, this alternative increases that need as upon approval of this project, 75 nursing beds that were approved will be taken out of the inventory, thereby increasing the need in Planning Area 7-A from 446 to 471 (75 added to the additional need for beds and then 50 beds subtracted out).

Quality

The issue herein is not about quality as it is about accessibility and need for the service. This Applicant does not intend to comment on the quality of beds and services that are available to the service and market area. Although the existing campus residents (primarily low income or on Medicaid waivers) will have access to nursing services, the under-bedded Planning Area of 7-A and 7-C will not have improved access as a result of this alternative.

Financial Benefits

The alternative of a smaller unit does not yield the financial benefits at 50-nursing beds as it would at 71-nursing care beds which are necessary to allow this ancillary unit to be self supporting. It is the Applicant's contention that some economies-of-scale must be realized for this nursing unit to have the ability to off-set the losses incurred from in-house residents with the

income possible from residents outside of the campus, make the right mix to be self sustaining which is a tenant of the Board's financial rules for nursing care facilities.

As this alternative is not self sustaining and negatively affects the outstanding need for additional nursing care beds, this alternative is not viable.

ALTERNATIVE #4-Project As Being Proposed

Cost

The total project cost for this project is $7,212,934.

Patient Access

Patient access is addressed by this alternative for both the internal residents of the Applicant's existing campus and for the potential residents of the 7-A and 7-C Planning Areas. Although this alternative does not fully address the under-bedded nature of the planning areas in question, it does its part.

Quality

This Applicant does not intend to comment on the quality of beds and services that are available to the service and market area. Quality is addressed by the Applicant in-terms of continuity of care and accessibility.

Financial Benefits

Although the financial portion of this project has been provided and the nursing unit can be self sustaining, the nursing unit is meant to be ancillary to the campus itself as the Applicant is in the senior housing market and not the healthcare market.

3. The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

ATTACHMENT-11

SECTION II – PURPOSE OF THE PROJECT, AND ALTERNAIVES – INFORMATION REQUIREMENTS Continued i

This Applicant does not intend to comment on the quality of beds and services that are available to the service and market area. The evidence of quality will be the outcome data as it relates to the facility's resultant utilization.

ATTACHMENT-11

GENERAL LONG-TERM CARE

Criterion 1125.520 – Background of the Applicant

The applicant shall provide:

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.

The ownership and operating entities for this project do not own or operate any other nursing care facility(ies). The Applicant does own the existing Supportive Living and Independent Living units on the Asbury Court Retirement Community campus in Des Plaines since 1994 before which time they only operated the independent living units. The majority partners of the Applicant currently own and operate a CCRC setting in North Aurora. This facility, Asbury Gardens Nursing and Rehabilitation Center, a 75-nursing bed facility, was licensed on November 20, 2013 by the Illinois Department of Public Health also complementing that existing campus setting (SLF and ILF) of Asbury Court North and Asbury Gardens. The nursing license and the supportive living certifications are appended as **ATTACHMENT-12A**.

2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.

The required documentation with regards to adverse action as defined under 1125.520.c)2 is appended as **ATTACHMENT-12B**. It should be noted the ownership and operating entity of the proposed Asbury Court Nursing and Rehabilitation do not have any adverse action taken against them.

3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**

ATTACHMENT-12

The above referenced authorization for the Health Facilities and Services Review Board and the Department of Public Health access to information is appended as **ATTACHMENT-12C.**

4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

   This item is not germane.

SECTION IV – SERVICE SPECIFIC REVIEW CRITERIA Continued iii

Criterion 1125.530 - Planning Area Need

1. Identify the calculated number of beds needed (excess) in the planning area. See HFSRB website (http://hfsrb.illinois.gov) and click on "Health Facilities Inventories & Data".

According to the March 13, 2014 Update to the Inventory of Health Care Facilities and Services and Need Determinations the Board's website (hard copy appended as **ATTACHMENT-13A)** identifies a need for 446 additional nursing care beds in the 7-A Planning Area. Moreover, the 7-C Planning Area for which part of the 30-minute market contour encumbers as the site is on in the 7-A Planning Area but on the 7-A/7-C Planning Area line, has an identified need for 45 additional nursing beds. To complicate this matter even further, the Applicant has an outstanding valid permit that will be abandoned as a result of this project that will take 75 additional beds out of the supply, thus, increasing the need for additional beds in the 7-A planning are to 521-nursing beds. Should this project be approved, there will still be a net increase in additional nursing beds needed from 446-beds up to 450-nursing care beds.

2. Attest that the primary purpose of the project is to serve residents of the planning area and that at least 50% of the patients will come from within the planning area.

Through the signing of this application, the Applicants attest that the primary purpose of this project is to serve primarily the residents of Des Plaines, which is located in Northwestern Cook County, 7-A Planning Area. As such, 50% of the residents will come from the Planning Area . Although this is a new service (nursing care) and the Applicant does not have patient origin data to document for nursing care services, the project will be on a campus setting whose resident origin of admissions further documents this item. Appended as **ATTACHMENT-13B** is a listing of all residents by zip code and whether that zip code is in the 30-minute market area

ATTACHMENT-13

contour. The Applicant's patient origin data analysis illustrates that 70 out of 87 (or 80.5%) during CY2013 and 50 out of 82 (or 61%) during CY2012 of resident admissions are derived from within the Applicant's 30-minute travel contour. Moreover, this project will give preferential admissions to the residents of the campus (all within the 7-A Planning Area) for which it has historically referred seventy-eight residents in each of the last two years (CY2013 and CY2012) to nursing care facilities (refer to **ATTACHMENT-13C** for this historical discharge data). Therefore, the primary purpose of the project is to serve the residents in the 7-A Planning Area/30 minute market contour and that at least 50% of the admissions will come from within this area.

3. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used, as described in Section 1125.540.

Appended as **ATTACHMENT-13D** is a letter from Ilya Fishman, MD stating that she had referred between sixty and one hundred and twenty of her patients to nursing care annually and that she would make all the referrals to Asbury should the services be available. In addition, based upon historical practices, the campus setting will be the source of referrals of 78 residents (refer to **ATTACHMENT-13C**).

Re: Certificate of Need Asbury Court

To Whom It May Concern:

I currently have an out-patient based practice located within the facility of Asbury Court. Most of these residents have multiple chronic conditions which result in frequent hospital admissions. Upon discharge from the hospital many of them then require additional skilled care services that Asbury Court is currently unable to provide resulting in admissions to unfamiliar facilities. It is generally in the patient's best interest for them to remain within close proximity to familiar surroundings and remain close to family members when appropriate.

Due to the nature of my Geriatrics based practice, I admit patients to skilled facilities regularly, approximately 5-10 per month. This would work out to approximately 60 -120 admissions annually. I would certainly utilize this service if it were to be available on the campus of Asbury Court.

Should you need any other information, please contact me directly.

Sincerely,

Ilya Fishman, MD

IF/pal

Older Adult Healthcare 800 Biesterfield Road, Suite 605, Elk Grove Village, Illinois 60007 phone 847.364.6724 fax 847.364.6720

ATTACHMENT-XXX

Criterion 1125.540 - Service Demand – Establishment of General Long Term Care

- **If the applicant is an existing facility wishing to establish this category of service or a new facility, #1 – 4 must be addressed. Requirements under #5 must also be addressed if applicable.**

- **If the applicant is not an existing facility and proposes to establish a new general LTC facility, the applicant shall submit the number of annual projected referrals.**

1. Document the number of referrals to other facilities, for each proposed category of service, for each of the latest two years. Documentation of the referrals shall include: resident/patient origin by zip code; name and specialty of referring physician or identification of another referral source; and name and location of the recipient LTC facility.

Appended as **ATTACHMENT-14A**, is the Applicant's discharge report for each of the last two years CY2012 and CY2013 identifying 156 residents discharged to other facilities for skilled nursing care out of a total of total of 249 total campus discharges.

2. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used.

Appended as **ATTACHMENT-14B** is a letter from Ilya Fishman, MD referring 5-10 patients per month should the services be available.

3. Estimate the number of prospective residents whom the referral sources will refer annually to the applicant's facility within a 24-month period after project completion. Please note:

ATTACHMENTS-14A and **14B** each provides estimated number of prospective residents whom the referral sources will refer annually to the proposed nursing facility within a 24-month period addressing the items of this criterion.

ATTACHMENT-14

4. Provide verification by the referral sources that the prospective resident referrals have not been used to support another pending or approved Certificate of Need (CON) application for the subject services.

The physician referral letter provided as **ATTACHMENT-14B** addresses this item. **ATTACHMENT-14A** provides internal referrals made as nursing services were not available. As such, none of the referrals were used to justify permitted (yet not completed) Certificate of Need applications

5. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as follows:

Although the Applicant bases the demand for service on internal need for discharges made to nursing facilities and by its physician referral sources, it appears that the State's calculated need for additional nursing beds is in part based upon rapid population growth. This growth is documented by the 65 plus and 75 and over age cohorts growth rate of the Health Service Areas (7 & 8) and further documented by the elderly population growth rates of the individual Planning Service Areas (7-A, 7-B, 7-C, Kane, Lake, and McHenry). Please refer to the chart appended as **ATTACHMENT-14C**. The interesting issue that puts the concept of rapid population into context is the existing utilization rates of the HSA and PSAs. Appended as **ATTACHMENT-14D** are the HSA and PSA IDPH profiles for the service areas listed in ATTACHMENT-14C. Respectively, these service areas reflect utilization rates of HSA 7, 7-A, and 7-C are 76.3%, 78.5% and 77.1%. It should be noted that the State's bed need formula starts with the area historical use rates, these lower than ninety percent utilization and still the State's need methodology calculates a need for additional nursing beds and services when applying the use rates to the projected population by age cohort. Moreover, it is this low use rate that is

projected forward over the 2015 projected population when the project will not be complete until after this projected year. That implies that the population growth provides the rational for the calculated bed need, hence a rapid population growth.

Re: Certificate of Need Asbury Court

To Whom It May Concern:

I currently have an out-patient based practice located within the facility of Asbury Court. Most of these residents have multiple chronic conditions which result in frequent hospital admissions. Upon discharge from the hospital many of them then require additional skilled care services that Asbury Court is currently unable to provide resulting in admissions to unfamiliar facilities. It is generally in the patient's best interest for them to remain within close proximity to familiar surroundings and remain close to family members when appropriate.

Due to the nature of my Geriatrics based practice, I admit patients to skilled facilities regularly, approximately 5-10 per month. This would work out to approximately 60 -120 admissions annually. I would certainly utilize this service if it were to be available on the campus of Asbury Court.

Should you need any other information, please contact me directly.

Sincerely,

Ilya Fishman, MD

Criterion 1125.570 - Service Accessibility

1. Service Restrictions

The applicant shall document that **at least one** of the following factors exists in the planning area, as applicable:

o The absence of the proposed service within the planning area;

Although there is no absence of nursing care within the 7-A or 7-C Planning Areas, there is access limitations in the two planning areas as documented by the overwhelming need for additional beds in the State's Inventory of Health Care Facilities and Services and Need Determinations (see March 31, 2014 update to State's Inventory appended as **ATTACHMENT-17A**).

Although the Health Service Area's population is only projected to increase by approximately two percent, its elderly population has outpaced the growth rate of the population as a whole with an increase of 15.8 percent for HSA 7 and 20.5% for HSA 8. The individual Planning Service Areas are as staggering with the 7-A Planning Service Area's sixty-five and over population increasing be 22.8% and the 7-C population increasing by 21.5%. The elderly population resembles one of a more established aging community as the over 65 age cohort is nearly 15 percent of the total population for HSA 7. As can be gathered from the chart herein, this elderly population of Planning Service Area 7A is higher than that of its surrounding service areas examined and that of the State of Illinois. Therefore, the proposed service is needed in the primary service area. Please refer to **ATTACHMENT-17B** for the chart illustrating the above referenced population estimates and projections.

o Access limitations due to payor status of patients/residents, including, but not

limited to, individuals with LTC coverage through Medicare, Medicaid, managed care or charity care;

As there are long-term care nursing beds and Medicare and Medicaid nursing beds in the area, there is not an absence of the service. However, there appears to be access limitations due to several factors:

a. 22.4% or 3,235 beds are at or over target utilization of 90% and as such are not accessible.

b. There are 2,666 nursing care beds that are not Medicare Certified (18% of total licensed beds), therefore, restrictive to those nursing residents in need of rehabilitative Medicare services.

c. There are 3,411 beds that are not Medicaid Certified (24% of the total licensed beds), therefore, restrictive to those Medicaid recipients.

d. There are 3,974 beds that have average length of stays of less than 100 days (27.5% of the total beds), therefore, catering to the more acute care short term rehabilitative resident and hence restrictive toward the general geriatric nursing resident.

e. The average age of all the existing nursing care facilities within the 30-minute travel time contour (for which data is available) is 33.4 years with only 19 of the 88 existing long-term care facilities in operation less than 20 years. This represents 11,338 nursing beds or 78.5% of the total nursing beds 20 year old or older.

f. 1,093 nursing beds or 8% of the total nursing beds are licensed for Intermediate Care (ICF), thus, limiting admissions to the Skilled Nursing (SNF) residents.

g. The current HFSRB's rules for gross square footage per bed provides a

ATTACHMENT-17

range for the nursing category of service of between 435 -713 gross square feet per bed for nursing facilities. There are 5,448 beds under the 400 gross square feet per bed level. This is a individual choice issue effecting accessibility.

h. There are two hospital based nursing units that are the typically the most acute short term rehabilitative care available in the nursing category of care spectrum. These beds are not your typical general long-term nursing residents.

Therefore, not all beds are equal and accessible. It should be noted that all beds being proposed will be Medicare and Medicaid certified. Creating further access limitations are the beds that are reported as not set-up or staffed. Within the 30-minute contour 5% or 698 nursing care licensed beds are not available for use. Moreover, there appears to be utilization inconsistencies between the IDPH profile data and the Department of Healthcare and Family Services Facility Cost Report data that illustrates an eleven and one half percent improvement in utilization which calls into question the availability of those beds and if they are accessible. These are significant access limitations to an area with a rapidly growing senior population. For the above restrictive admission issues, please refer to **ATTACHMENT-17C**.

2. Additional documentation required:

The applicant shall provide the following documentation, as applicable, concerning existing restrictions to service access:

a. The location and utilization of other planning area service providers;

Appended as **ATTACHMENT-17D**, is a listing of the names and locations of other planning area service providers. A listing of the facilities' and their respective utilization rates are appended as **ATTACHMENT-17E**.

ATTACHMENT-17

b. Patient/resident location information by zip code;

As the proposed project is for the establishment of a service and as a result there are no existing residents or location information by zip code for those residents. However, the proposed project is part of a campus, as such the resident location information for those residents (patient origin by Zip Code for admissions) is appended as **ATTACHMENT-17F**.

c. Independent time-travel studies;

Appended as **ATTACHMENT-17D,** is a summary listing of the independent time-travel studies. The individual MapQuest time-travel studies are appended as **ATTACHMENT-17G**.

d. Certification of a waiting list;

As the proposed project is for the establishment of a service one cannot establish a wait list for nursing services. However, this project is unique as it is part of an existing campus that has Independent Living and Supportive Living services. As such, the campus as a whole has discharged residents (an unofficial wait list) for nursing services that would otherwise go to the proposed project. A listing of these discharges is appended as **ATTACHMENT-17H**.

e. Admission restrictions that exist in area providers;

Refer to **ATTACHMENT-17C** for a listing of the admission restrictions discussed above.

f. An assessment of area population characteristics that document that access problems exist;

Appended as **ATTACHMENT-17I,** is a copy of the 2011 Inventory of Health

Care Facilities and Services and Need Determinations, Volume 2, Parts VI-VII, for Long-Term Care. Appended as **ATTACHMENT-17B**, is a summary chart and a population characteristics assessment for each service area identified to provide the 2010 and 2015 population estimates and projections.

g. Most recently published IDPH Long Term Care Facilities Inventory and Data (see www.hfsrb.illinois.gov).

Appended as **ATTACHMENT-17I** is a copy of the 2011 Inventory of Health Care Facilities and Services and Need Determinations, Volume 2, Parts VI-VII, for Long-Term Care. The IDPH annual facility questionnaire forms for 2012 are appended as **ATTACHMENT-17J**.

(1) Bed change: Added 2 nursing Care beds; facility now has 262 Nursing Care beds 03/11/2013
(2) Inventory & exported Name: Nazarethville; Profile name: Presence Nazarethville
(3) Name Change: Formerly Resurrection Nursing and Rehabilitation Center 10/01/2012
(4) Name Change: Name changed form Elm Brook Health Care & Rehab Center 10/27/2010
(5) Name Change: Formerly Ballard Nursing Center 10/01/2012
(6) permit issued 6/28/2011 to establish a new facility with 120 Nursing Care beds. hsa 7A 11-006
(7a) Name Change: Formerly Resurrection Life Center 10/01/2012.
(7b) profile: 146 licensed Nsg beds. Inventory: 157 licensed Nsg beds. PATIENT DAYS ARE MISSING. Used 2011 Total Nsg Pt Days (56002) and # of Total Nsg Care Residents (155), and 2012 # of Total Nsg Care Residents (146) and 2012 Licensed Nsg Care Beds per Inventory (157) to infer a calculation of 2012 nsg pt days and nsg occupancy (56002 / 155) * 146 = 52,750 pt days (52750 / 365) / 157 = 92.1% occupancy
(8) profile name: Glenbridge Nursing & Rehabilitation Ctr. Inventory name: Glen Bridge Nursing Center
(9) Name Change: Formerly St. Andrew Life Center 10/01/2012
(10a) Name Change: Formerly Villa Scalabrini Nursing and Rehabilitation 10/01/2012;
(10b) PATIENT DAYS ARE MISSING. Used 2011 Total Nsg Pt Days (78110) and # of Total Nsg Care Residents (214), and 2012 # of Total Nsg Care Residents (222) and 2012 Licensed Nsg Care Beds (253) to infer a calculation of 2012 nsg pt days and nsg occupancy (78110 /214) * 222 = 81030 pt days (81030 / 365) / 253 = 87.7% occupancy
(11) 06/17/13 Bed Change: Discontinued 62 Nursing Care Beds; facility now has 211 Nursing Care beds.
(12) Name Change: Formerly St. Benedict Nursing and Rehabilitation Center 10/01/2012
(13) 10/30/2012 12-070 Permit issued add 9 Nsg Care beds to existing facility, will have 47 beds on completion; exported addr 1400 Patriot Blvd, Profile addr 2401 Indigo Ln.
(14) Inventory Name: Our Lady of Resurrection Medical Center / Profile Name: Presence Our Lady of Resurrection Med
(15) Name Change: Formerly The Renaissance at Hillside 09/28/2012
(16) Name Change: Formerly Park Place Christian Community 04/17/12.
(17) Name Change: Formerly Maryhaven Nursing & Rehab Center 10/01/2012
(18) Profile Name: Peterson Park Health Care Center, Export & Inventory Name is Peterson Park Nursing Home
(19) PATIENT DAYS ARE MISSING. Used 2011 Total Nsg Pt Days (52503) and # of Total Nsg Care Residents (156), and 2012 # of Total Nsg Care Residents (172) and 2012 Licensed Nsg Care Beds (232) to infer a calculation of 2012 nsg pt days and nsg occupancy (52503 / 156) * 172 = 57888 pt days (57888 / 365) /232 = 68.4% occupancy
(20) PATIENT DAYS ARE MISSING. Used 2011 Total Nsg Pt Days (11776) and # of Total Nsg Care Residents (32), and 2012 # of Total Nsg Care Residents (31) and 2012 Licensed Nsg Care Beds (40) to infer a calculation of 2012 nsg pt days and nsg occupancy (11776 /32) * 31 = 11408 pt days (11408 / 365) / 40 = 78.1% occupancy

ATTACHMENT-#8

Criterion 1125.580 - Unnecessary Duplication/Maldistribution

1. The applicant shall provide the following information:

   a. A list of all zip code areas that are located, in total or in part, within 30 minutes normal travel time of the project's site;

   Appended as **ATTACHMENT-18A** is a listing of Zip Codes within 30-minutes in accordance to the computer software Microsoft MapPoint North America, 2009 edition.

   b. The total population of the identified zip code areas (based upon the most recent population numbers available for the State of Illinois); and

   Appended as **ATTACHMENT-18A**, also lists the corresponding population for the zip areas. The census data from http://factfinder2.census.gov/faces/nav/jsf/pages/index.xhtml is appended as **ATTACHMENT-18B.**

   c. The names and locations of all existing or approved LTC facilities located within 30 minutes normal travel time from the project site that provide the categories of bed service that are proposed by the project.

   A list of the names and locations of all existing and approved LTC facilities located within 30-minutes of the proposed project site is appended as **ATTACHMENT-18C.**

2. The applicant shall document that the project will not result in maldistribution of services.

Maldistribution is typified by having too many facilities clustered together within the service area where as the ratio of "beds" to "population" is one and one half times greater than the ratio of the State as a whole.

ATTACHMENT-18

The primary service area is that of the 30-minute travel time contour from Des Plaines. As the chart herein shows, the State has 126.9 persons for each nursing bed. In the 30-minute service area, there are 190.6 persons for each nursing bed. Therefore, a maldistribution by the Board's definition will not result. Upon project completion, the 7-A Planning Service Area will actually result in a higher number of people per bed as the Applicant currently has 75 beds in the inventory of which this project will only use 71.

	Population	Lic. Beds	Pop for 1-bed
Illinois	12,830,632	101,093	126.9
30-min Cont.	**2,809,009**	**14,737**	**190.61**

Source: www2.illinois.gov/census/pages/default.aspy
http://www.hfsrb.illinois.gov/pdf/LTC%20Updste%20Spreadsheet%202-5-13.pdf
http://www.hfsrb.illinois.gov/pdf/LTC%20Facility%20Profiles%202011%208-29-2012.pdf

The actual ratio of "beds" to "population for the State and the 30-minute travel contour is as follows:

$$\frac{\text{(30-minute drive time) Population (2010) (30-minute drive time)}}{\text{14,733 (14,737 existing -75 existing +71 proposed beds)}} = \frac{\text{14,733 (14,737 existing -75 existing +71 proposed beds)}}{\text{2,809,009}} = \mathbf{.005245}$$

$$\frac{\text{Total of Nursing Care Beds (State of Illinois) Population}}{\text{101,093 (Existing on March 13, 2014)}} = \frac{\text{101,093 (Existing on March 13, 2014)}}{\text{12,830,632}} = .007879 * 1.5 = \mathbf{.011819}$$

The State's resultant ratio is one hundredths nursing beds to every person. The market contour's ratio is five thousandths nursing for every person, thus, it would appear that a "maldistribution" in accordance with the Board's definition does not exist.

3. The applicant shall document that, within 24 months after project completion, the proposed project:

   a. Will not lower the utilization of other area providers below the occupancy standards specified in Section 1125.210(c); and

   b. Will not lower, to a further extent, the utilization of other area facilities that are currently (during the latest 12-month period) operating below the occupancy standards.

ATTACHMENT-18

As the average utilization rate for the "other area" facilities, i.e., the facilities within the 30-minute market area are below the State's target rate of 90%, item 3A above is not germane. However, the Applicant has selected the 7-A Planning Service Area as one of the fastest growing elderly population areas.

Age Group	HSA/PSA	2010 Population	2015 Population	Growth Rate

Source:http://www.hfsrb.illinois.gov/pdf/2013%20Long-Term%20Care%20Inventory%20-%20Final.pdf

As the elderly population will have grown by over 22.8% by the end of next year (CY2015), it is now that those elderly will start more regularly require nursing care. This project is uniquely positioned to offer services for this "new" population. As illustrated throughout this document, the Applicant is only proposing 71-general long-term care beds after the reduction of its 75 nursing beds that will be abandoned and therefore, creating a net reduction in overall beds in the State's inventory.

Service Area	Population	Lic. Beds	Pop : 1-bed	65+ Pop	65+ Pop: 1-bed	NC Beds Needed to = state ratio

2007-2011 American Community Survey 5-Year Estimates

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

The ACS questions on Hispanic origin and race were revised in 2008 to make them consistent with the Census 2010 question wording. Any changes in estimates for 2008 and beyond may be due to demographic changes, as well as factors including questionnaire changes, differences in ACS population controls, and methodological differences in the population estimates, and therefore should be used with caution. For a summary of questionnaire changes see http://www.census.gov/acs/www/methodology/questionnaire_changes/. For more information about changes in the estimates see http://www.census.gov/population/www/socdemo/hispanic/reports.html.

For more information on understanding race and Hispanic origin data, please see the Census 2010 Brief entitled, Overview of Race and Hispanic Origin: 2010, issued March 2011. (pdf format)

While the 2007-2011 American Community Survey (ACS) data generally reflect the December 2009 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Source: U.S. Census Bureau, 2007-2011 American Community Survey

Explanation of Symbols:

1. An '**' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '***' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.

ATTACHMENT-XXC

Criterion 1125.590 - Staffing Availability

1. For each category of service, document that relevant clinical and professional staffing needs for the proposed project were considered and that licensure and JCAHO staffing requirements can be met.

PROPOSED STAFFING PATTERN	
Position Title	**FTE**
Administrator	1
Director of Nursing	1
Activities/Social Worker	5
Maintenance Director	1
Housekeeping	4
Dietary	1
ADON	1
MDS Coordinator	1
Registered Nurses	4
Licensed Practical Nurses	8
Certified Nursing Assistants	19
Admissions	1
Business Office	1
Receptionist/Office	3
Total	51

2. Provide the following documentation:

   a. The name and qualification of the person currently filling the position, if applicable; and

   b. Letters of interest from potential employees; and

   c. Applications filed for each position; and

   d. Signed contracts with the required staff; or

   e. A narrative explanation of how the proposed staffing will be achieved.

It should be known that the proposed project is part of a larger campus that includes Independent and Supportive Living. As such, the Applicant is well aware of the availability of staff especially health care staff and has not had any issues to-date.

ATTACHMENT- 19

As the staffing for the existing campus has not been an issue even with the required health care staff, it does not appear that finding health care staff for this nursing unit will be problematic. Related entities to the Applicant currently own and operate one other campus (with nursing beds). It is the policy of the organization to begin a comprehensive recruitment program for every new facility approximately four to six months prior to the opening in order to insure that the new unit has all of the necessary positions filled with qualified personnel. Local advertising in the area newspaper and at area nursing schools has generally been sufficient in attracting the needed professional health care manpower.

Furthermore, it is the policy of the organization to promote from within their company whenever possible which allows the transfer of top professionals in their field to start-up facilities. The Applicant recruits both locally and regionally for highly qualified staff.

The following steps are taken to actively recruit new staff:

1. A listing is obtained from the Illinois Board of Nurses n the geographic area of the proposed facility. Letters are mailed to announce the opening of the new facility in the specific areas and the positions that are available;

2. Advertisement in the local newspaper;

3. A special day for nurses will be held in the community. The nurses from the surrounding area will be invited to a special open house and tour of the facility concluding with a question and answer session on the philosophy of the organization;

4. Announcement of the opening of the facility will be sent to the area Schools of Nursing. It is the philosophy of the organization that an innovative nursing program

ATTACHMENT- 19

and a continual in-service training program enhance the attraction of new employees and helps retain qualified and dedicated staff.

It should be noted that all employees of the Applicant's facilities have, as will the proposed employees of **Asbury Health Services** have paid continuing education credits, competitive wages, and pension offered. With such a large number of existing employees one strong focus of recruitment will be by word of mouth by these existing employees to their respective communities. Furthermore, the Applicant would provide an upward mobility transfer for those employees within the market area.

ATTACHMENT- 19

Criterion 1125.600 Bed Capacity

The maximum bed capacity of a general LTC facility is 250 beds, unless the applicant documents that a larger facility would provide personalization of patient/resident care and documents provision of quality care based on the experience of the applicant and compliance with IDPH's licensure standards (77 Ill. Adm. Code: Chapter I, Subchapter c (Long-Term Care Facilities)) over a two-year period.

This project is for a 71-bed long-term care facility, well under the 250-nursing care beds limit. Therefore, this item is in compliance.

ATTACHMENT- 20

Criterion 1125.610 - Community Related Functions

The applicant shall document cooperation with and the receipt of the endorsement of community groups in the town or municipality where the facility is or is proposed to be located, such as, but not limited to, social, economic or governmental organizations or other concerned parties or groups. Documentation shall consist of copies of all letters of support from those organizations.

Appended as **ATTACHMENT-21A,** are four letters of support from Diane M. Drews, Administrator, Best Care Home Health, Inc.; Dr. Fred Huss, Doctor of Podiatric Medicine; Barbara K. Ryan, Executive Director, Des Plaines Chamber of Commerce & Industry; and Stephen H. Samuelson, MPA, Des Plaines Community Senior Center D/B/A Frisbie Senior Center endorsing the proposed project.

Mr. Michael Zahtz
Asbury Court Retirement Community
1750 Elmhurst Road
DesPlaines, IL 60018

Dear Mr. Zahtz:

I am very excited about the idéa of a nursing home adjacent to the Retirement Building. Many times families ask my staff for information about nursing homes when their loved one has reached a level of care that we are unable to provide at Asbury Court. Families are always worried that the change would dramatically affect their loved one. The new facility would be a definite asset for the people at Asbury Court as well as the Des Plaines area. Residents will be able to remain within close proximity to familiar surroundings. In addition, the new facility will allow that married couples not be separated as one member requires a higher level of care.

Since my mother is a resident at Asbury Court, this new addition affects me personally, as well. I would not have to worry where to send my mom when she can no longer stay at Asbury Court. I can just move her next door.

If there is anything else I can do to help this project go through, please do not hesitate to ask me.

Sincerely,

Diane M Drews

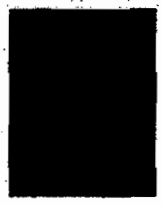
DR. FRED HUSS



DOCTOR OF PODIATRIC MEDICINE

I HAVE ENJOYED A 12 YEAR AFFILIATION WITH ASBURY COURT IN MY CAPACITY AS PODIATRIST. IT HAS BEEN MY PLEASURE TO WORK WITH THE STAFF HERE AT ASBURY COURT. THEY HAVE SHOWN THEMSELVES TO BE COMPASSIONATE AND CARING TO ALL THE RESIDENTS AND HOLD THEMSELVES TO THE HIGHEST PROFESSIONAL STANDARDS.

THE ADDITION OF A NURSING HOME WING WOULD CONTINUE THE LONG HISTORY OF QUALITY HEALTHCARE THAT ASBURY COURT EXEMPLIFIES FOR ITS RESIDENTS.

SINCERELY,

FRED HUSS, DPM

Department of Planning
Springfield, IL

The Des Plaines Chamber of Commerce & Industry supports the addition of nursing home care at Asbury Court Retirement Community, 1750 S Elmhurst Road, Des Plaines, IL.

Asbury Court serves not only residents of Des Plaines but retirees from all over the Northwest area. The addition of nursing home care will make it possible for clients to have a smooth transition from assisted living to a nursing home with minimal disruptions for the client and their family.

As our population ages, there is more and more need for skilled nursing home care and this addition to Asbury Court will give people another option when seeking this type of care.

Asbury Court is an important part of our community and we urge you to approve the addition of nursing home care.

Sincerely,

Barbara K. Ryan
Executive Director
Des Plaines Chamber of Commerce & Industry

3 April 2014

State of Illinois

I am writing on behalf of Asbury Court in Des Plaines to request your support for their plans to add a nursing home to their senior living community. This facility will complement the well established residential housing options currently offered at their Des Plaines location.

As President & CEO of the Frisbie Senior Center (d/b/a Frisbie Senior Center), I am well acquainted with the services offered by Asbury Court. Already a well-respected provider that has been supporting seniors at their Des Plaines facility, the addition of a skilled nursing facility will enhance Asbury Court's offerings and provide a more comprehensive on-site continuum of care. The addition of these services assures that those residents, who need skilled nursing, can receive this increased support and care while remaining in the same location and maintaining the connections that they have already developed with Asbury Court's staff, volunteers, providers and – especially – other residents.

I encourage you to give careful consideration to Asbury Court's request to build a nursing home. It is through important projects like this that they will continue to be a multi-faceted provider of exceptional residential senior care in our community.

Sincerely,

Stephen H. Samuelson, MPA
President & CEO

Criterion 1125.620 - Project Size

The applicant shall document that the amount of physical space proposed for the project is necessary and not excessive. The proposed gross square footage (GSF) cannot exceed the GSF standards as stated in Appendix A of 77 Ill. Adm. Code 1125 (LTC rules), unless the additional GSF can be justified by documenting one of the following:

1. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;

2. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix A;

3. The project involves the conversion of existing bed space that results in excess square footage.

It should be noted that this proposed project is in compliance with this criterion as the full bed complement of 71 nursing care beds will be provided in the proposed 29,056 gross square footage (total) which calculates to 409.2 gross square feet per bed, which is within the range limit of 350-570 departmental gross square feet per bed.

ATTACHMENT- 22

Criterion 1125.630 - Zoning

The applicant shall document **one** of the following:

1. The property to be utilized has been zoned for the type of facility to be developed;

2. Zoning approval has been received; or

3. A variance in zoning for the project is to be sought.

Appended as **ATTACHMENT-23A**, is a letter from the City of Des Plaines' Scott Mangum, AICP, Senior Planner, Community and Economic Development. This letter indicates that a "Conditional Use Permit and Parking Variation" was approved for the proposed expansion of the facility.

RE: 1750 Elmhurst Road, Asbury Court

Dear Mr. McNulty:

This letter is in response to your inquiry about the property at 1750 Elmhurst Road.

A Conditional Use Permit and Parking Variation were approved for the expansion of the facility at 1750 Elmhurst Road.

Please feel free to contact me if you have any questions. Additionally, our Zoning Ordinance is available online at: http://www.desplaines.org/index.aspx?NID=118

Sincerely,

Scott Mangum, AICP, Senior Planner
Community and Economic Development
847-391-5392
smangum@desplaines.org

Criterion 1125.640 – Assurances

1. The applicant representative who signs the CON application shall submit a signed and dated statement attesting to the applicant's understanding that, by the second year of operation after the project completion, the applicant will achieve and maintain the occupancy standards specified in Section 1125.210(c) for each category of service involved in the proposal.

   Appended as **ATTACHMENT-24A** is an attestation of the Applicant's understanding of this item.

2. For beds that have been approved based upon representations for continuum of care (Section .1125.560(a)) or defined population (Section 1125.560(b)), the facility shall provide assurance that it will maintain admissions limitations as specified in those Sections for the life of the facility. To eliminate or modify the admissions limitations, prior approval of HFSRB will be required.

   This item is not germane.

Criterion 1125.800 Estimated Total Project Cost

The following Sections DO NOT need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- **Availability of Funds – Review Criteria**
- **Financial Viability – Review Criteria**
- **Economic Feasibility – Review Criteria, subsection (a)**

Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

a. Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to:

Appended as **ATTACHMENT-27A**, are the financial statements (3 years historical and projected through 2017 as applicable).

d. Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including:

3. For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.;

Appended as **ATTACHMENT-27B** is a letter from Bank Leumi USA's Mike Johnson, Vice President providing the required documentation on the project's financing.

Appended as **ATTACHMENT-27C** is the amortization schedule representing the terms.

BANK LEUMI USA
MEMBER FDIC

May 19, 2014

DesPlaines Property, L.L.C.
Attn: Moshe Kahn
8170 McCormick Boulevard, Suite 104
Skokie, Illinois 60076

RE: Asbury Court Nursing & Rehabilitation, LLC

Dear DesPlaines Property, L.L.C.:

I am reviewing your financing request for land acquisition and construction of a skilled nursing unit in Des Plaines, Illinois. This is a project that Bank of Leumi ("Lender") would consider pursuing with you. This letter is NOT a commitment to lend. The purpose of this letter is to provide an initial conceptual outline of the request and serve as a basis of ongoing discussions concerning your request. As such, it does not set forth all the terms and conditions of a future credit facility but rather is only an outline, in summary format, of some of the points of understanding which will begin to form as negotiations progress.

Borrower(s):	DesPlaines Property, L.L.C. ("Borrower").
Loan Purpose:	The Loan shall be for the purpose of constructing a 71 bed skilled nursing facility located in Des Plaines IL. ("Project").
Type of Credit:	5 year balloon note.
Loan Amount:	The amount of the Loan shall be $6,800,000 ("Loan Amount") limited to 80% of the appraised value of the Project.
Interest Rate:	During the Construction Period, as hereinafter defined, the interest rate charged on the Loan shall be in the area of 30 Day LIBOR plus 325 bps, adjusting daily or Prime rate based. Notwithstanding the foregoing, the variable interest rate provided on the Loan will not be less than some as yet undetermined "floor" or more than the maximum rate allowed by applicable law. We would entertain the possibility of allowing the Borrower to convert this facility to a fixed rate facility under some as yet undetermined fixed interest rate provided some predetermined financial and performance criteria are met. A) 30 day

One North LaSalle Street
Suite 200
Chicago, IL 60602
312.419.4040
312.419.4044 fax
www.leumiusa.com

ATTACHMENT-27B

	LIBOR + 325 bps, floating
Loan Fee:	Approximately 1% ($68,000) of the total loan amount.
Repayment:	Borrower would be required to make interest only payments monthly on disbursed funds during the period in which the Project is being constructed (the "Construction Period"). At the earlier of 24 months from the licensure of the facility or at which time the Project has achieved a 1.75x DSCR based on trailing 90 day information at 5% and 25 year amortization, (the period of time not to exceed 40 months from closing the Loan) the loan will be modified to a permanent loan ("Permanent Loan Period") with a 5 year maturity. Borrower shall make monthly principal and interest payments amortized over a 25 year period until Maturity.
Maturity:	The full amount of the Loan would be due and payable at the end of 5 years from the Closing Date ("Maturity").
Guaranty:	Jack Reiss and any other individual owners of the borrowing entity representing individual ownership of greater than 20%
Late Charge:	If any payment on the Loan is not made when due, a late charge equal to five percent (5%) of such payment shall be charged. The late charge only applies to the monthly payments due.
Prepayment Premium:	Borrower may prepay this Loan in full or in part upon paying to Lender a prepayment premium in an amount equal to the Yield Maintenance (as such term would be defined in the Promissory Note or other supporting documents). This prepayment penalty only applies if the Borrower chooses the fixed rate during the Permanent Loan Period and would be refinanced with another financial institution other than "HUD".
Equity Funds:	Borrower agrees to inject cash or other assets into the Project in the amount of $1,700,000 ("Equity Funds") or 20% of the total project budget/cost whichever is greater. The cash equity will be expended on the Project prior to any disbursements of the Loan.
Collateral:	As Collateral for the Loan, Lender shall receive a first future advance deed of trust or mortgage and assignment of rents on the Project, as well as a security interest in all Project assets including but not limited to all furniture, fixtures, equipment, machinery, accounts, and general intangibles. Additionally, Lender shall receive an Assignment of Borrower's membership interest in Asbury Court Nursing & Rehabilitation, LLC and Assignment of the lease between the Borrower and operating entity.

Appraisal:	Project shall be appraised by an appraiser approved by Lender and such appraisal must accepted by Lender (appraisal fees to be paid by Borrower). In the event the Project appraises for less than $8,500,000, Lender shall lower the Loan Amount such that the Loan Amount not exceed 80% of the appraised value. A re-certification of the appraised value is required upon completion of the Project to indicate a final market value (such appraisal and re-certification to be paid for by Borrower).
No Other Encumbrances:	Borrower will not, without the prior written consent of Lender, create, place or permit to be created or placed, or allow to remain, any deed of trust, mortgage, voluntary or involuntary lien, security interest, encumbrance or charge against or covering the Project, or any part thereof, regardless of whether the same are expressly or otherwise subordinate to the lien or security interest created in Lender's deed of trust or mortgage. Borrower will cause any of such encumbrances that arise outside of the ordinary course of business and without the prior written consent of Lender to be promptly discharged and released.
Zoning:	Borrower will provide acceptable evidence that the Project is zoned for the intended use.
Skilled Nursing Facility State Requirements:	It is the Lender's understanding that a Certificate of Need is required by the state of Illinois. The Borrower will provide acceptable evidence that all required document/permits have been obtained to operate a skilled nursing facility upon construction completion.
Title Insurance:	Lender requires an ALTA lender's extended coverage title insurance commitment from a company acceptable to Lender ("Title Company") insuring Lender for the Loan Amount, evidencing Borrower's title to the Collateral and showing Lender's lien on the Project is or will be upon recordation of a valid first lien.
Plans/Specs:	A complete set of final working plans, including drawings, specifications, details and manuals, for the Project ("Plans"). Borrower represents and warrants that the Plans shall be in full accordance with all applicable statutes, laws, ordinances, regulations and requirements of all governmental agencies having jurisdiction over the Project, including without limitation the Americans With Disabilities Act and any other statutes, laws, ordinances, regulations and requirements dealing with access to real estate properties by persons with disabilities. All specialized drawings shall be signed by licensed engineers of the respective

disciplines normally responsible for such drawings.

Contractors: A list of all contractors, subcontractors, and materialmen to be employed in connection with the Project. Said list shall provide a name and telephone number, a general description of the nature of the work to be performed, and an approximate dollar value of the services or material to be provided. Lender is hereby authorized to confirm this information.

Permits: Copies of all permits required for each phase of the construction of the Project

Organizational Documents: Financial statements, tax returns and lists of contingent liabilities for Borrower, and Guarantors, which shall be acceptable to Lender.

If Borrower is an organization, complete and current copies of Borrower's organizational documents, including, as applicable, Articles of Incorporation, bylaws, Articles of Organization, operating agreements, partnership agreements, incumbency certificates, certificates of good standing and such other documents as Lender may require.

Budget: A detailed budget showing a schedule of the estimated construction costs and the estimated timing of disbursements. Lender is hereby authorized to confirm this information.

All fully executed construction contracts for the construction of the improvements shown on the Plans.

Insurance: During the Construction Period, evidence the Project is covered by an all-risks course of construction policy (builder's risk policy) in an amount satisfactory to Lender and showing Lender as Loss Payee. Borrower shall also provide evidence that the general contractor is covered by general liability and workmen's compensation insurance policies.

Written confirmation from the suppliers of water, storm and sanitary sewer, gas, electric and telephone utilities for the Project.

Survey: An ALTA survey (at Borrower's expense) showing that the Project, if constructed in accordance with the plans and specifications provided, shall lie wholly within the boundaries of the property described on Lender's deed of trust or mortgage without encroachment or violation of any zoning ordinances, building codes or regulations, or setback requirements. This survey must show the complete legal description and zoning of the Project. The survey must be acceptable to the title company

such that the title company will remove the standard survey exception from the final title policy covering Lender's deed of trust or mortgage. The survey must be updated with a "footing certificate" once footings are in place and an "as-built" certificate upon completion of the Project.

Environmental:

A current report, prepared in accordance with the Environmental Protection Agency (EPA) "all appropriate inquiry" regulation set forth in 40 Code Fed. Reg. Part 312 and the Standard Practice for Environmental Site Assessment Process ASTM Standard El 527 (2005), which shall (a) be prepared by a qualified environmental engineer or consultant satisfactory to Lender, (b) be satisfactory in form and substance to Lender, (c) identify and evaluate any "recognized environmental condition" associated with the Project, (d) evaluate current and past uses of the Project and the Land, (e) state that there are no Hazardous Materials (as defined below) in, on or under the Project which would give rise to any liability, responsibility or notification requirement on the part of Borrower or Lender, or both, under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the Resource Conservation and Recovery Act (RCRA), or any other Federal, state or local statute, law, rule, regulation or ordinance respecting the environment or the use and management of Hazardous Substances, including but not limited to the presence of any asbestos in any form or condition or underground storage tanks in, on or under the Project, whether or not such presence gives rise to any liabilities. The term "Hazardous Materials" means any substances or materials defined or designated as hazardous waste, hazardous material, a hazardous substance, or infectious or toxic material, substance or waste, or other similar term, by any federal, state or local environmental statute, regulation, ordinance or decree presently in effect or that may be promulgated in the future, as such statutes, regulations, and ordinances may be amended from time to time, including without limitation, asbestos in any form or condition, radioactive materials, petroleum products regardless of form, mining wastes, fly ash and agricultural chemical products. Borrower shall also provide at the Closing a Borrower's Certificate regarding environmental matters, containing such covenants, warranties and representations as Lender may require, concerning the status of the Project's compliance with all environmental laws and regulations, and the status of specific environmental conditions, including filled ground, underground storage tanks, dumping activities, water contamination, the presence or use of Hazardous Materials, and also including indemnity provisions, in form and substance satisfactory to Lender and its counsel.

Such other agreements, documents and exhibits, without limitation, which may be required, in Lender's judgment, to assure compliance with the requirements of this Letter.

Flood Insurance: Should the Project at any time prior to the Closing Date or during the term of the Loan be deemed to be located in an area designated by the Director of the Federal Emergency Management Agency as a special flood hazard area, Borrower agrees to obtain and maintain federal flood insurance, if available, for the full unpaid principal balance of the Loan and any prior liens on the Collateral, up to the maximum policy limits set forth under the National Flood Insurance Program, or as otherwise required by Lender. Flood insurance may be purchased under the National Flood Insurance Program or from private insurers; however, the amount of insurance must be approved by Lender.

Cost Overruns: If Lender, in its sole discretion, determines at any time that the contingency amount of within the approved budget has been erased due to Change Orders and that the Loan Amount is or will be insufficient to fully complete and pay for the Project, Borrower shall fund any such deficiency as part of the following month's draw. Borrower shall take all steps necessary to prevent the actual costs of the Project from exceeding the projected costs.

Change Orders: Borrower will notify Lender of Change Orders that will in aggregate exceed the contingency as referenced in the budget submitted and approved by Bank. Lender must approve all requests in excess of $50,000 for major modifications, additions, and/or deletions to the original plans and specifications and/or contracts, other than minor items involving no extra aggregate Project cost. These requests must be submitted in writing and signed by Borrower and architect. Borrower will not permit the performance of any work related to any modification, addition, or deletion prior to Lender's approval.

Disbursements on Loan: Disbursements shall be made through a title company satisfactory to Lender or disbursements shall be made by Borrower. Updated title insurance endorsements insuring Lender against mechanics liens will be obtained with each disbursement. Borrower agrees to pay all fees and expenses related to these services.

Third Party Disbursement Requests and Inspection Reports: All disbursement requests must be signed by Borrower and general contractor (if applicable) and submitted on the standard AIA G702—G703 payment request form (or any payment request form required by HUD). The form must detail amounts requested and certify that the construction has been performed in a workman-like manner and in accordance with plans and

specifications. Each disbursement request must also be accompanied by a written inspection report completed by a qualified third party individual satisfactory to Lender stating that the percentage of completion is equal to the amount of funds disbursed. Supporting invoices and all contractor/sub contractor lien waivers identifying the specific project must accompany any disbursement request. Failure to submit proper documentation may result in denied disbursement requests.

Operating Accounts: Borrower shall maintain all operating accounts for the Project with Lender throughout the term of the Loan.

Financial and Other Information: Periodically during the term of the Loan, as provided in the Loan Documents, Borrower shall provide Lender with financial statements and tax returns for each Borrower and Guarantor.

Financial Covenants: Another anticipated area of ongoing discussion would likely include certain financial covenants which may include, by way of example:

(a) Debt Service Coverage Ratio — Maintain a Debt Service Coverage Ratio of 1.75 to 1.00. The term Debt Service Coverage Ratio, as used herein, shall mean: (1) Net Operating Income for the Project for the period of calculation; divided by (2) Debt service for the period of calculation. For purposes of this Note, the term "Net Operating Income" shall mean all revenue or other income produced by or derived from the Project, including but not limited to all rental Income ("Gross Income") less all normal and customary operating expenses, including by not limited to, administrative expenses, legal expenses, accounting expenses, management fees, all payroll and wages and benefits, insurance, advertising and other marketing expenses, leasing commissions, utilities, repairs, and maintenance, service contracts, supplies, and real estate and property taxes but excluding interest and principal payments due under the Note (Operating Expenses). Gross Income shall not include security deposits received from tenants or interest income or income from sources other than the project, Operating Expenses shall not include security deposit refunds and capital expenses with respect to the Project that would normally be capitalized in accordance with generally accepted accounting principles. Debt Service shall mean the aggregate principal and interest payments due under the Note for the period of calculation, assuming a fixed interest rate of 5% per annum and a 25 year amortization period. Such Debt Service Coverage Ratio shall be calculated by Lender at the end of each fiscal quarter of Maker and shall be based upon the financial performance of the Project during such trailing fiscal quarter utilizing the financial

statements to be provided to Lender.

Additional Requirements: Borrower shall provide all due diligence items reasonably requested by Lender, and all due diligence shall be subject to the approval of Lender in Lender's sole discretion. Approval of all due diligence, all Loan Documents, and all documentation associated with any other source of funding for the Project, shall be approved by Lender.

Borrower agrees not to disclose, directly or indirectly, this Letter or the contents of the foregoing to any person without the prior approval of Lender except that you may disclose this Letter and the contents hereof (a) to your officers, employees, attorneys, accountants and advisors directly involved in the consideration of this matter on a confidential basis and (b) as required by applicable law or compulsory legal process (in which case you agree (to the extent that you may lawfully do so) to inform us promptly thereof). This Letter is tendered only to Borrower and is not available to any other party.

Lender hereby notifies you that, pursuant to the requirements of the U.S.A. PATRIOT ACT (Title III of Pub. L. 107 56 (signed into law October 26, 2001)) (the "Patriot Act"), Lender may be required to obtain, verify and record information that identifies you and each of your respective subsidiaries, which information may include your name and address, the name and address of each of your respective subsidiaries, and other information that will allow Lender to identify you and each of your respective subsidiaries in accordance with the Patriot Act. This notice is given in accordance with the requirements of the Patriot Act and is effective for Lender.

Lender participates in the U. S. Department of Treasury's Small Business Lending Fund (SBLF) and is required to comply with all aspects of the Small Business Jobs Act of 2010, including the requirement that Borrower make certain affirming statements. If the Borrower should be unable to do so then Lender shall be relieved of its commitment. Please visit the following website for further information: littp://www.treasury.goviresource-center/sb-programs/Pages/FAOs-SBLF.aspx

Closing Costs: Borrower will pay all of Lender's costs associated with the Loan including but not limited to fees and expenses for disbursements, inspections, attorney fees, and filing and recording fees. Borrower will further agrees to pay all out-of-pocket costs associated with any commitment issued by Lender and the

preparation of loan documents.

The terms and conditions discussed herein are NOT A COMMITMENT to lend and serve only as a basis for ongoing discussion. They are non-binding and subject to change upon full underwriting of the loan request. Any future commitment to lend on this project will first be subject to receipt of the required certificate of need, full underwriting and due diligence by Lender and approval by the Bank of Leumi Loan Committee; therefore, the terms and conditions below CANNOT be construed as a commitment to lend or in any way as a binding obligation.

Oral agreements or commitments to loan money, extend credit or to forebear from enforcing repayment of a debt including promises to extend or renew such debt are not enforceable, regardless of the legal theory upon which it is based that is in any way related to the credit agreement. To protect you (Borrower(s)) and us (Lender) from misunderstanding or disappointment, any agreements we reach covering such matters are contained in this writing, which is the complete and exclusive statement of the agreement between us, except as we may later agree in writing to modify it.

If you have any questions regarding the above, please do not hesitate to call.

Sincerely,

Mike Johnson, VP

Accepted this __ day of May, 2014

Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. **"A" Bond rating or better.**
2. **All of the projects capital expenditures are completely funded through internal sources.**
3. **The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent.**
4. **The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.**

See Section 1120.130 Financial Waiver for information to be provided.

This item is not germane.

ATTACHMENT-28

1. The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

The viability ratios are provided in the Application pages for the Owner, operator/Licensee and on a combined basis. The methodology and worksheets utilized in determining the ratios are provided as **ATTACHMENT-29A**.

Economic Feasibility
This section is applicable to all projects

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

2. That the total estimated project costs and related costs will be funded in total or in part by borrowing because:

   A. A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 1.5 times for LTC facilities; or

   B. Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

Appended as **ATTACHMENT-30A**, is a letter from the Applicant addressing Reasonableness of Financing Arrangements.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

1. That the selected form of debt financing for the project will be at the lowest net cost available;

2. That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;

3. That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

Appended as **ATTACHMENT-30B**, is a letter from the Applicant addressing Condition of Debt Financing.

ATTACHMENT-30

C. Reasonableness of Project and Related Costs

Identify each area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

Documentation is provided in chart within application pages for this document.

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

	2017	
Salaries	$2,088,791	
Benefits	$ 354,770	
Supplies	$ 292,400	
Patient Days @ 90%		23,360
Total/Operating Cost/Pt Day	$2,735,961	$117.12

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

	2017	
Capital Cost	$455,000	
Patient Days @ 90%		23,360
Cost/Pt Day		$19.48

RE: Certificate of Need Application for **Asbury Court Nursing and Rehabilitation, LLC**; reasonableness of financing arrangements

Dear Ms. Olson:

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

1. That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or

2. That the total estimated project costs and related costs will be funded in total or in part by borrowing because:

   A. A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 1.5 times for LTC facilities; or

   B. Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.
