Re: University of Chicago Medical Center
Labor and Delivery Modernization; Project No. 14-031

Dear Ms. Avery:

The University of Chicago Medical Center would like to defer consideration of its Labor and Delivery project referenced above from the October 7 Review Board meeting to November 12. Key medical center leadership have a scheduling conflict that prevents attending on October 7 and want to defer consideration to the following meeting when they can attend. We wanted to inform you soon so that staff could accommodate their work schedules accordingly.

UCMC looks forward to presenting its project at the November meeting. Thank you for your consideration of this request.

Very truly yours,

Joe Ourth
