ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD
APPLICATION FOR PERMIT**RECEIVED**

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

JUL 22 2014

This Section must be completed for all projects.

Facility/Project Identification

HEALTH FACILITIES &
SERVICES REVIEW BOARD

Facility Name: Hinsdale Surgical Center		
Street Address: 12 Salt Creek Lane		
City and Zip Code: Hinsdale, Illinois 60521		
County: DuPage	Health Service Area 7	Health Planning Area:

Applicant /Co-Applicant Identification

[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name: Hinsdale Surgical Center, LLC
Address: 908 North Elm Street, Suite 401, Hinsdale, Illinois 60521
Name of Registered Agent: CT Corporation System
Name of Chief Executive Officer: Michael J. Goebel
CEO Address: 120 North Oak Street, Hinsdale, Illinois 60521
Telephone Number: 630-856-9000

Type of Ownership of Applicant/Co-Applicant

☐ Non-profit Corporation	☐ Partnership
☐ For-profit Corporation	☐ Governmental
☒ Limited Liability Company	☐ Sole Proprietorship
☐ Other	

- Corporations and limited liability companies must provide an Illinois certificate of good standing.
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

APPEND DOCUMENTATION AS ATTACHMENT 1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Primary Contact

[Person to receive ALL correspondence or inquiries]

Name: Kara Friedman
Title: Attorney
Company Name: Polsinelli P.C.
Address: 161 North Clark Street, Suite 4200, Chicago, Illinois 60601
Telephone Number: 312-873-3639
E-mail Address: kfriedman@polsinelli.com
Fax Number:

Additional Contact

[Person who is also authorized to discuss the application for permit]

Name: Henry DeVries
Title: Administrator
Company Name: Hinsdale Surgical Center
Address: 908 North Elm Street, Suite 401, Hinsdale, Illinois 60521
Telephone Number: 630-706-7145
E-mail Address: hdevries@uspi.com
Fax Number:

Post Permit Contact

[Person to receive all correspondence subsequent to permit issuance-THIS PERSON MUST BE EMPLOYED BY THE LICENSED HEALTH CARE FACILITY AS DEFINED AT 20 ILCS 3960]

Name: Kara Friedman
Title: Attorney
Company Name: Polsinelli P.C.
Address: 161 North Clark Street, Suite 4200, Chicago, Illinois 60601
Telephone Number: 312-873-3639
E-mail Address: kfriedman@polsinelli.com
Fax Number:

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: MedProperties Group
Address of Site Owner: 40 Skokie Boulevard, Suite 410, Northbrook, Illinois 60062
Street Address or Legal Description of Site: 12 Salt Creek Lake, Hinsdale, Illinois
Proof of ownership or control of the site is to be provided as Attachment 2. Examples of proof of ownership are property tax statement, tax assessor's documentation, deed, notarized statement of the corporation attesting to ownership, an option to lease, a letter of intent to lease or a lease.
APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Hinsdale Surgical Center, LLC	
Address: 908 North Elm Street, Suite 401, Hinsdale, Illinois 60521	
☐ Non-profit Corporation ☐ For-profit Corporation ☒ Limited Liability Company	☐ Partnership ☐ Governmental ☐ Sole Proprietorship
☐ Other	
- o Corporations and limited liability companies must provide an Illinois Certificate of Good Standing. - o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner. - o Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.	
APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.
--

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at www.FEMA.gov or www.illinoisfloodmaps.org. **This map must be in a readable format.** In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (<http://www.hfsrb.illinois.gov>).

APPEND DOCUMENTATION AS ATTACHMENT-5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

☒ Substantive

☐ Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

Hinsdale Surgical Center, LLC (the "Applicant") seeks authority from the Illinois Health Facilities and Services Review Board (the "State Board") to discontinue in its entirety its existing ambulatory surgical treatment center ("ASTC") located at 908 North Elm Street, Suite 401, Hinsdale, Illinois (the "Existing ASTC") and establish an ambulatory surgical treatment center with four operating rooms to be located at 12 Salt Creek Lane, Hinsdale, Illinois (the "Replacement ASTC"). The Replacement ASTC will consist of 13,727 gross square feet of clinical space and 2,861 gross square feet of non-clinical space for a total of 16,588 gross square feet of rentable space.

This project is classified as a substantive project because it proposes the establishment of a new health care facility.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Preplanning Costs			
Site Survey and Soil Investigation			
Site Preparation			
Off Site Work			
New Construction Contracts			
Modernization Contracts	\$3,143,483	\$655,169	\$3,798,652
Contingencies	\$281,359	\$58,641	\$340,000
Architectural/Engineering Fees	\$48,800	\$10,170	\$58,970
Consulting and Other Fees			
Movable or Other Equipment (not in construction contracts)	\$485,000	\$115,000	\$600,000
Bond Issuance Expense (project related)			
Net Interest Expense During Construction (project related)			
Fair Market Value of Leased Space or Equipment	\$3,300,862	\$687,970	\$3,988,832
Other Costs To Be Capitalized ¹	\$581,934	\$121,287	\$703,221
Acquisition of Building or Other Property (excluding land)			
TOTAL USES OF FUNDS	\$7,841,438	\$1,648,237	\$9,489,675
SOURCE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Cash and Securities ²	\$2,059,050	\$429,150	\$2,488,200
Pledges			
Gifts and Bequests			
Bond Issues (project related)			
Mortgages	\$1,899,592	\$409,830	\$2,309,422
Leases (fair market value)	\$3,300,862	\$687,970	\$3,988,832
Governmental Appropriations			
Grants			
Other Funds and Sources	\$581,934	\$121,287	\$703,221
TOTAL SOURCES OF FUNDS	\$7,841,438	\$1,648,237	\$9,489,675
NOTE: ITEMIZATION OF EACH LINE ITEM MUST BE PROVIDED AT ATTACHMENT 7, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

¹ Net Book Value of Equipment to be transferred to Replacement ASTC

² Tenant Improvement Allowance of \$2,488,200

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project	☐ Yes	☒ No
Purchase Price: \$	_____	
Fair Market Value: \$	_____	
The project involves the establishment of a new facility or a new category of service ☒ Yes ☐ No		
If yes, provide the dollar amount of all non-capitalized operating start-up costs (including operating deficits) through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.		
Estimated start-up costs and operating deficit cost is \$ <u>0</u>		

Project Status and Completion Schedules

For facilities in which prior permits have been issued please provide the permit numbers.

Indicate the stage of the project's architectural drawings:

- | | |
|---|--|
| ☐ None or not applicable | ☐ Preliminary |
| ☒ Schematics | ☐ Final Working |

Anticipated project completion date (refer to Part 1130.140): June 30, 2016

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

- | |
|---|
| ☐ Purchase orders, leases or contracts pertaining to the project have been executed. |
| ☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies |
| ☒ Project obligation will occur after permit issuance. |

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:

- | |
|--|
| ☐ Cancer Registry NOT APPLICABLE |
| ☐ APORS NOT APPLICABLE |
| ☒ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted |
| ☐ All reports regarding outstanding permits NOT APPLICABLE |

Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

Dept. / Area	Cost	Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
		Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
REVIEWABLE							
Medical Surgical							
Intensive Care							
Diagnostic Radiology							
MRI							
Total Clinical							
NON REVIEWABLE							
Administrative							
Parking							
Gift Shop							
Total Non-clinical							
TOTAL							

APPEND DOCUMENTATION AS ATTACHMENT-9, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Facility Bed Capacity and Utilization NOT APPLICABLE

Complete the following chart, as applicable. Complete a separate chart for each facility that is a part of the project and insert following this page. Provide the existing bed capacity and utilization data for the latest **Calendar Year for which the data are available**. Include **observation days in the patient day totals for each bed service**. Any bed capacity discrepancy from the Inventory will result in the application being deemed **incomplete**.

FACILITY NAME:		CITY:			
REPORTING PERIOD DATES:		From:	to:		
Category of Service	Authorized Beds	Admissions	Patient Days	Bed Changes	Proposed Beds
Medical/Surgical					
Obstetrics					
Pediatrics					
Intensive Care					
Comprehensive Physical Rehabilitation					
Acute/Chronic Mental Illness					
Neonatal Intensive Care					
General Long Term Care					
Specialized Long Term Care					
Long Term Acute Care					
Other ((identify))					
TOTALS:					

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- in the case of a corporation, any two of its officers or members of its Board of Directors;
- in the case of a limited liability company, any two of its managers or members (or the sole manager or member when two or more managers or members do not exist);
- in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- in the case of a sole proprietor, the individual that is the proprietor.

This Application for Permit is filed on the behalf of Hinsdale Surgical Center, LLC* in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.

SECTION II. DISCONTINUATION

This Section is applicable to any project that involves discontinuation of a health care facility or a category of service. **NOTE:** If the project is solely for discontinuation and if there is no project cost, the remaining Sections of the application are not applicable.

Criterion 1110.130 - Discontinuation

READ THE REVIEW CRITERION and provide the following information:

GENERAL INFORMATION REQUIREMENTS

1. Identify the categories of service and the number of beds, if any that is to be discontinued.
2. Identify all of the other clinical services that are to be discontinued.
3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.
4. Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.
5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.
6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

REASONS FOR DISCONTINUATION

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

IMPACT ON ACCESS

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.
2. Document that a written request for an impact statement was received by all existing or approved health care facilities (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.
3. Provide copies of impact statements received from other resources or health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION III – BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 – Background, Purpose of the Project, and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate.**

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

- 1) Identify ALL of the alternatives to the proposed project:

Alternative options must include:

- A) Proposing a project of greater or lesser scope and cost;
 - B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
 - D) Provide the reasons why the chosen alternative was selected.
- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**
- 3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-13. IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IV - PROJECT SCOPE, UTILIZATION, AND UNFINISHED/SHELL SPACE**Criterion 1110.234 - Project Scope, Utilization, and Unfinished/Shell Space**

READ THE REVIEW CRITERION and provide the following information:

SIZE OF PROJECT:

1. Document that the amount of physical space proposed for the proposed project is necessary and not excessive. **This must be a narrative.**
2. If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following:
 - a. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;
 - b. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix B;
 - c. The project involves the conversion of existing space that results in excess square footage.

Provide a narrative for any discrepancies from the State Standard. A table must be provided in the following format with Attachment 14.

SIZE OF PROJECT				
DEPARTMENT/SERVICE	PROPOSED BGSF/DGSF	STATE STANDARD	DIFFERENCE	MET STANDARD?

APPEND DOCUMENTATION AS ATTACHMENT-14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

PROJECT SERVICES UTILIZATION:

This criterion is applicable only to projects or portions of projects that involve services, functions or equipment for which HFSRB has established utilization standards or occupancy targets in 77 Ill. Adm. Code 1100.

Document that in the second year of operation, the annual utilization of the service or equipment shall meet or exceed the utilization standards specified in 1110. Appendix B. A narrative of the rationale that supports the projections must be provided.

A table must be provided in the following format with Attachment 15.

UTILIZATION					
	DEPT./ SERVICE	HISTORICAL UTILIZATION (PATIENT DAYS) (TREATMENTS) ETC.	PROJECTED UTILIZATION	STATE STANDARD	MET STANDARD?
YEAR 1					
YEAR 2					

APPEND DOCUMENTATION AS ATTACHMENT-15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

UNFINISHED OR SHELL SPACE:

Provide the following information:

1. Total gross square footage of the proposed shell space;
2. The anticipated use of the shell space, specifying the proposed GSF to be allocated to each department, area or function;
3. Evidence that the shell space is being constructed due to
 - a. Requirements of governmental or certification agencies; or
 - b. Experienced increases in the historical occupancy or utilization of those areas proposed to occupy the shell space.
4. Provide:
 - a. Historical utilization for the area for the latest five-year period for which data are available; and
 - b. Based upon the average annual percentage increase for that period, projections of future utilization of the area through the anticipated date when the shell space will be placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

ASSURANCES:

Submit the following:

1. Verification that the applicant will submit to HFSRB a CON application to develop and utilize the shell space, regardless of the capital thresholds in effect at the time or the categories of service involved.
2. The estimated date by which the subsequent CON application (to develop and utilize the subject shell space) will be submitted; and
3. The anticipated date when the shell space will be completed and placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION VII - SERVICE SPECIFIC REVIEW CRITERIA

This Section is applicable to all projects proposing establishment, expansion or modernization of categories of service that are subject to CON review, as provided in the Illinois Health Facilities Planning Act [20 ILCS 3960]. It is comprised of information requirements for each category of service, as well as charts for each service, indicating the review criteria that must be addressed for each action (establishment, expansion and modernization). After identifying the applicable review criteria for each category of service involved, read the criteria and provide the required information, AS APPLICABLE TO THE CRITERIA THAT MUST BE ADDRESSED:

H. Non-Hospital Based Ambulatory Surgery

This section is applicable to all projects proposing to establish or modernize a non-hospital based ambulatory surgical treatment center or to the addition of surgical specialties.

1. Criterion 1110.1540(a), Scope of Services Provided

Read the criterion and complete the following:

a. Indicate which of the following types of surgery are being proposed:

☐ Cardiovascular	☒ Obstetrics/Gynecology	☒ Pain Management
☐ Dermatology	☒ Ophthalmology	☒ Podiatry
☐ Gastroenterology	☒ Oral/Maxillofacial	☐ Thoracic
☒ General/Other	☒ Orthopedic	☒ Otolaryngology
☐ Neurology	☒ Plastic	☒ Urology

b. Indicate if the project will result in a ☐ limited or ☒ a multi-specialty ASTC.

2. Criterion 1110.1540(b), Target Population

Read the criterion and provide the following:

- On a map (8 1/2" x 11"), outline the intended geographic services area (GSA).
- Indicate the population within the GSA and how this number was obtained.
- Provide the travel time in all directions from the proposed location to the GSA borders and indicate how this travel time was determined.

3. Criterion 1110.1540(c), Projected Patient Volume

Read the criterion and provide signed letters from physicians that contain the following:

- The number of referrals anticipated annually for each specialty.
- For the past 12 months, the name and address of health care facilities to which patients were referred, including the number of patients referred for each surgical specialty by facility.
- A statement that the projected patient volume will come from within the proposed GSA.
- A statement that the information in the referral letter is true and correct to the best of his or her belief.

4. Criterion 1110.1540(d), Treatment Room Need Assessment

Read the criterion and provide:

- a. The number of procedure rooms proposed.
- b. The estimated time per procedure including clean-up and set-up time and the methodology used in arriving at this figure.

5. Criterion 1110.1540(e), Impact on Other Facilities

Read the criterion and provide:

- a. A copy of the letter sent to area surgical facilities regarding the proposed project's impact on their workload. NOTE: This letter must contain: a description of the project including its size, cost, and projected workload; the location of the proposed project; and a request that the facility administrator indicate what the impact of the proposed project will be on the existing facility.
- b. A list of the facilities contacted. NOTE: Facilities must be contacted by a service that provides documentation of receipt such as the US. Postal Service, FedEx or UPS. The documentation must be included in the application for permit.

6. Criterion 1110.1540(f), Establishment of New Facilities

Read the criterion and provide:

- a. A list of services that the proposed facility will provide that are not currently available in the GSA; or
- b. Documentation that the existing facilities in the GSA have restrictive admission policies; or
- c. For co-operative ventures,
 - a. Patient origin data that documents the existing hospital is providing outpatient surgery services to the target population of the GSA, and
 - b. The hospital's surgical utilization data for the latest 12 months, and
 - c. Certification that the existing hospital will not increase its operating room capacity until such a time as the proposed project's operating rooms are operating at or above the target utilization rate for a period of twelve full months; and
 - d. Certification that the proposed charges for comparable procedures at the ASTC will be lower than those of the existing hospital.

7. Criterion 1110.1540(g), Charge Commitment

Read the criterion and provide:

- a. A complete list of the procedures to be performed at the proposed facility with the proposed charge shown for each procedure.
- b. A letter from the owner and operator of the proposed facility committing to maintain the above charges for the first two years of operation.

8. Criterion 1110.1540(h), Change in Scope of Service

Read the criterion and, if applicable, document that existing programs do not currently provide the service proposed or are not accessible to the general population of the geographic area in which the facility is located.

APPEND DOCUMENTATION AS ATTACHMENT-27, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The following Sections **DO NOT** need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- Section 1120.120 Availability of Funds – Review Criteria
- Section 1120.130 Financial Viability – Review Criteria
- Section 1120.140 Economic Feasibility – Review Criteria, subsection (a)

VIII. - 1120.120 - Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

<u>\$2,488,200</u>	a) Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to: 1) the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and 2) interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	b) Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
_____	c) Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
<u>\$6,298,254</u>	d) Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including: 1) For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated; 2) For revenue bonds, proof of the feasibility of securing the specified amount and interest rate; 3) For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.; 4) For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment; 5) For any option to lease, a copy of the option, including all terms and conditions.
_____	e) Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
_____	f) Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
<u>\$703,221</u>	g) All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.

APPEND DOCUMENTATION AS ATTACHMENT 36, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

IX. 1120.130 - Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. "A" Bond rating or better
2. All of the projects capital expenditures are completely funded through internal sources
3. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion. When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide Data for Projects Classified as:	Category A or Category B (last three years)			Category B (Projected)
Enter Historical and/or Projected Years:	2011	2012	2013	2016
Current Ratio	1.5	1.5	1.3	0.6
Net Margin Percentage	24.4%	18.0%	12.8%	7.5%
Percent Debt to Total Capitalization	0%	0%	2%	17%
Projected Debt Service Coverage	N/A	N/A	84.4	3.0
Days Cash on Hand	107 Days	79 Days	135 Days	56 Days
Cushion Ratio	N/A	N/A	156.1	4.6

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 38, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

X. 1120.140 - Economic Feasibility

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;
- 2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE									
Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New	Circ.*	Gross Sq. Ft. Mod.	Circ.*	Const. \$ (A x C)	Mod. \$ (B x E)	
Contingency									
TOTALS									
* Include the percentage (%) of space for circulation									

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for **ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS**:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	Year	Year	Year
Inpatient			
Outpatient			
Total			
Charity (cost in dollars)			
Inpatient			
Outpatient			
Total			
MEDICAID			
Medicaid (# of patients)	Year	Year	Year
Inpatient			
Outpatient			
Total			

Medicaid (revenue)			
Inpatient			
Outpatient			
Total			

APPEND DOCUMENTATION AS ATTACHMENT 40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three audited fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care must be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care			

APPEND DOCUMENTATION AS ATTACHMENT 41, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Re: Hinsdale Surgical Center
12 Salt Creek, Hinsdale, Illinois 60521

Dear Gary and Jonathan:

Thank you for your request for proposal for the Salt Creek Medical Campus as a prospective site for Hinsdale Surgical Center ("Tenant"). As a response to your request, we are pleased to submit this proposal on behalf of Salt Creek Campus, LLC ("Landlord") for Tenant to lease space at the Salt Creek Medical Campus under the following key terms and conditions:

Premises: Approximately 16,588 rentable square feet ("RSF") on the 2nd Floor of the building. However, the Premises shall have grade level access at the south side of the building for patient and visitor access and emergency exiting. BOMA standards will apply to final rentable square footage calculations.

Lease Commencement Date/Delivery Date: Landlord shall turn-over the Premises in as-is condition no later than March 1, 2015.

Rent Commencement Date: November 1, 2015

Building: 12 Salt Creek Lane, Hinsdale, IL

Initial Term: Fifteen (15) years

Tenant: Hinsdale Surgical Center

146 MedProperties_12 Salt Creek_Hinsdale Surgical LL Response 2014-0609-approval contingency.doc

Use: Tenant shall use the Premises for conducting business as an ambulatory surgical center. Landlord agrees the building will be leased medically related tenants.

Gross Rental Rate: \$33.00/RSF, escalated at 2.5% annually

Rent Abatement: None

Operating Expenses and Taxes: Tenant shall be responsible for its proportionate share of increases in operating expenses and taxes ("OE&T") as defined in the lease above the 2015 base year.

Operating Expenses exclusions attached here as Exhibit A.

Tenant Allowance: Landlord will contribute \$150/RSF towards Tenant's hard and soft costs associated with its build-out, rent abatement, or towards its termination penalty for its current lease. Landlord shall charge a supervisory and coordination fee of 3% of the total project costs.

Landlord's Work: The Premises delivery condition shall be as described in Exhibit B.

In addition, Landlord will provide a new entrance and vestibule at the southeastern corner of the building, directly accessible from a dedicated patient drop-off and parking field immediately south of the building. These elements are depicted on the renderings attached.

Signage: Tenant shall have the ability to place signage at its entry adjacent to the drop-off and parking lot field as depicted on the attached renderings.

Hours of Operation: Monday through Friday from 6:00 AM until 7:00 PM. Tenant to provide its proposed hours of operation.

Electricity: Separately metered and billed directly to Tenant by Commonwealth Edison.

HVAC: Constant volume system with two zones per floor with approximately 1 CFM/SF provided to the Premises. Landlord shall make accommodations for location of Tenant's separate systems, to be further discussed upon confirmation of space plan.

- Option to Terminate:** Tenant requires an unconditional, one-time option to terminate the lease on the tenth (10th) anniversary of the rent commencement date, with twelve (12) months written notice prior to the termination date. The Penalty shall be inclusive of all Tenant Allowance, Commissions, and any other Landlord concessions utilizing an eight percent (8%) discount rate and the Penalty shall be due through the date of termination.
- Options to Renew:** Tenant shall have two (2) options to renew the lease each for a five (5) year period with twelve (12) months prior written notice. The rent shall be at the fair market rent for the tenant's current use including but not limited to concessions such as rental abatement and tenant improvement allowances.
- Right of First Refusal:** None.
- Subletting & Assignment:** Tenant shall have the right, without Landlord's consent, to sublease any portion of the Premises or assign the Lease to: (a) any entity in whom or with which Tenant may be merged or consolidated, provided that the net worth of the resulting corporation is at least equal to the greater of (i) the net worth of Tenant on the date of the Lease, or (ii) the net worth of Tenant immediately prior to such merger or consolidation, (b) any entity to whom Tenant sells all of its assets, provided that such corporation or such entity described in (a) and (b) above expressly assumes all of Tenant's obligations in the Lease, (c) any entity which is affiliated or under the common control of Tenant or Tenant's parent corporation, or (d) any time share agreements which occupy less than twenty five percent (25%) of the Premises. This clause shall be further defined in the Lease.
- Tenant shall also have the right at any time to sublease or assign all or any portion of Tenant's Premises to any unrelated entities with Landlord's consent. Sublease profits shall be split 50/50 after deducting sublease expenses. Landlord may deny consent to sublet to a current tenant of the Building or prospective tenants with whom the Landlord is then negotiating. All of the Tenant's Expansion, Renewal, and other rights are personal to Tenant and may not be transferred.
- Parking:** There are approximately 350 parking spaces in total at the north and south sides of the building, as well as street parking on Salt Creek Lane. North parking spaces shall be

designated for employee use, and southern spaces shall be designated for patients and visitors. No reserved spaces are available, and Landlord will not be providing valet service. Tenant may provide valet at its cost. Tenant will have (10) reserved parking spaces in the south lot near the main entrance at no cost to Tenant.

**Hazardous Materials,
Asbestos, ADA & Code
Compliance:**

Landlord is not aware of any asbestos containing materials ("ACM") that exist within the proposed Premises. If ACM is discovered during Tenant's Improvements, Landlord shall be responsible for abating such material in accordance with applicable standards, rules and regulations. Landlord is aware that ACM floor tile does exist within base building stair towers. Landlord shall be responsible for remediating if required by applicable governmental authorities.

Landlord shall provide ADA accessibility to the proposed Premises through new exterior access points to be located at grade level on the south side of the building.

Landlord shall be responsible for the Code compliance of the base building as required by governmental authorities.

Restoration of Premises:

Tenant shall leave the Premises in "as-is" broom clean condition, and Tenant shall have the right to remove any and all trade fixtures installed during the leasehold.

Building Services:

In the event of any interruption in or failure to furnish any of the services required to be furnished by the Landlord pursuant to the lease, and as a result thereof, Tenant is unable to utilize the premises during its normal business hours for the normal conduct of its business for a period of three (3) consecutive days; then rent and all other charges shall abate from the end of the third (3rd) day until the restoration of such services.

**Maintenance/Repair of
Capital Items:**

Landlord shall be responsible, on a non-pass thru basis, for replacement of items which would be considered a capital expense including construction defects, repair and replacement of the roof, and replacement of the parking areas, structure, base building plumbing systems and base building electrical systems.

**Base Building Security and
Life Safety System:**

The first floor access to the building is controlled after hours by a card access system. CCTV system and cameras are located in the First Floor entrances and common areas; the system is not actively monitored. Tenant shall be

responsible for its own security and access for its entrances at the Second Floor.

Base building contains an addressable fire panel in the First Floor common area.

- Generator Pad:** Landlord will provide an on-site generator pad for Tenant's required backup power source. Size and location to be identified during schematic design. Provisions will also need to be made for two suction pumps.
- Holdover:** Tenant shall have the right to remain in its Premises for up to three (3) months after the lease expiration under the same terms and conditions as the original lease. Thereafter the rate shall equal 150% of the then current gross rent. Damages associated with Tenant holding over shall be discussed at lease.
- Landlord Insurance:** Landlord will carry the following:
1. 100% replacement cost "all-risk" coverage on the Building with demolition endorsement and increased cost of construction endorsement.
 2. Adequate coverage for loss of income.
 3. Liability and property damage coverage, including broad form contractual liability endorsement insuring Landlord's indemnity obligations under the lease.
 4. Employer's liability coverage. Landlord is listed as additional insured on workers compensation policies carried for contract employees.
- Certificate of Need Contingency:** The Lease shall be contingent upon Tenant's receipt of a Certificate of Need from the State of Illinois for this location. This contingency shall expire on March 1, 2015.
- Janitorial:** Tenant shall, at its sole cost and expense, contract directly with its own janitorial service or alternately employ Landlord's janitorial service.
- Contingency:** This Letter of Intent is subject to approval from the Hinsdale Surgical Center Board and Joint Venture Committee.
- Brokerage:** Landlord recognizes Gary Fazzio and Jonathan Springer of CBRE, Inc. as Tenant's authorized exclusive agents for this lease transaction, and shall pay Broker a leasing commission as agreed upon in a separate agreement between Landlord and Broker.

Agency Disclosure: Landlord acknowledges, as required by Section 38.35 of the Illinois Real Estate Brokers and Salesman License Act, 225 ILCS 455/38.35, that Landlord has been informed, both orally and by this written disclosure that CBRE, Inc. is acting on behalf of Tenant and information given to the Broker by Landlord may be disclosed to Tenant.

Confidentiality: This proposal and all discussions and negotiations related thereto shall be held in strict confidence by Landlord and Tenant and will not be discussed with third parties except on an "as needed" basis (e.g., attorneys, agents, etc.).

Any communication, written or oral, shall be made with the express understanding that Landlord may have contractual obligations and duties that will supersede anything contained herein. This Leasing Proposal is subject to review by Landlord's capital partner, rights of existing Tenants, prior leasing obligations of the current Premises, review of Tenant's current financial statements, errors and omissions and the timely execution and delivery of a lease agreement. This Leasing Proposal is subject to withdrawal at any time and for any reason, and if accepted, is not binding on either party until all parties have executed a definitive formal lease agreement.

Please feel free to call me as questions arise regarding this proposal for Salt Creek Medical Campus, the premier medical campus destination in the western suburbs.

Sincerely,

William J. Dvorak
Director, Development Services

Exhibit A - Operating Expense Exclusions

Operating expenses shall not include:

- interest and principal payments on mortgage debt;
- ground rental payments;
- the cost of capital improvements;
- the costs of painting or decorating other than public areas, the costs of alterations to the premises or the premises of other tenants of the building, or the cost of any work furnished by Landlord without charge as an inducement for a tenant to lease space (i.e., free rent, improvement allowances);
- a property management fee in excess of 4% of the gross rental proceeds;
- depreciation of the Building;
- expenses, including rent, associated with maintaining a leasing or marketing office;
- salaries and other compensation of executive officers of the Landlord or Managing Agent senior to the individual Building manager;
- income or franchise taxes or other such taxes imposed or measured by the income of the Landlord from the operation of the Building;
- the cost of constructing, installing, operating or maintaining any special service or facility such as an observatory, broadcasting facility, luncheon club, athletic or recreational club, cafeteria or dining facility;
- the costs associated with utilities, services or amenities not available to all tenants or provided to any tenant to a materially greater extent or more favorable manner than generally provided to other tenants;
- the costs of correcting latent defects and defects in construction or renovation of the Building or its systems;
- the costs (including fines and penalties) to comply with laws such as ADA and environmental laws including, without limitation, laws relating to the phase-out of so-called "Freon" as a coolant;
- the cost of any work performed or service provided for which fees are charged or other compensation received;
- payments for rental items, the cost of which would constitute a capital expenditure if such equipment were purchased, however those items rented on a temporary basis to

maintain building operations shall be considered operating expenses;

- legal expenses incurred in connection with tenant leases including, without limitation, negotiations with prospective tenants and enforcing provisions of this lease or other leases in the Building;
- costs for sculptures, paintings and other objects of art located in the interior or on the exterior of the Building or immediately adjacent thereto;
- any fees and expenses paid to an agent which is related to Landlord to the extent such fees or expenses are in excess of the customary market amounts which would be paid in the absence of such a relationship;
- expenditures for repairs or maintenance which are covered by warranties, guarantees or service contracts;
- any expenditure for which the Landlord has been or is entitled to be reimbursed by third parties such as insurance companies or would have been compensated through proceeds of insurance had the Landlord maintained insurance customarily carried by similar lessors;
- the cost of any repairs, alterations, additions, changes, tools, equipment replacements and the like which under generally accepted accounting principles and practices are properly classified as capital expenditures;
- advertising, promotional and marketing expenses;
- real estate brokerage and leasing commissions;
- expenses in connection with repairs or other work occasioned by the exercise of the right of eminent domain;
- damages incurred due to the gross negligence of the Landlord;
- debt costs or the costs of financing or refinancing;
- the costs, fines or penalties incurred due to violations by the Landlord of any governmental rule or authority;
- expenses incurred by Landlord, if any, in connection with the operation, cleaning, repair, safety, management, security, maintenance or other services of any kind provided to any portions of the Building which are leased or designed to be used for retail, garage or storage purposes;
- any compensation paid to clerks, attendants or other persons in commercial concessions operated by Landlord;

- Landlord's general partnership overhead not related to management of the Building;
- contributions to operating expense reserves; and
- bad debt loss, rent loss or reserves for bad debt or rent loss.

MedProperties

Exhibit B- Landlord's Work

- a) Base Building - Existing base building conditions are as described below and shall be delivered "as-is":
- i. Building structure and perimeter walls including windows consisting of structural steel framing, concrete floors, and a predominately brick and limestone exterior façade, and operable windows
 - ii. Concrete floors - concrete slab on metal deck
 - iii. Restroom facilities - existing men's and women's restroom facilities are located within the proposed Premises
 - iv. Electrical panels and closets, with service and distribution power boards and transformers, electrical closets are located within the Premises
 - v. Telephone closets - a telephone riser closet is located within the Premises
 - vi. Drywall at core walls, perimeter walls, and interior columns
 - vii. HVAC service and primary distribution consisting of a constant volume system with two zones per floor and baseboard perimeter heat.
 - viii. Core/common area drinking fountains - an existing hi-lo drinking fountain is located within the Premises
 - ix. Core/common area doors - all core/common area doors are to remain as-is
 - x. Stairs - two (2) existing sets of base building stairs service the floor
 - xi. Interior and exterior curbs, ramps, and walkways - all existing interior and exterior curbs, ramps, and walkways are to remain as-is. Landlord will provide on-grade level access to the Premises from the south elevation and a new entry lobby/vestibule at the south elevation as depicted on Exhibit C.
 - xii. Hardscape and landscape to remain as-is, other than those changes required for delivery of Landlord's Work.
 - xiii. Accessible parking - accessible parking will be provided by Landlord along with an entry to the parking lot south of the Premises off of Salt Creek Lane.
- b) Delivery of Premises - Premises is to be delivered in a vacant, as-is condition. Demolition of existing improvements and replacement and/or repair of any damaged building systems and core elements are by Tenant.
- c) Telephone and telecommunications - Tenant to have access to the existing closets and risers within the building to install required cabling.
- d) Smooth and level concrete floors - concrete floors to be provided in as-is condition
- e) Existing base building addressable fire alarm is currently in full service and has capacity for Tenant's connection.
- f) Life safety, life support systems, and security systems - base building life safety and security systems are to remain as-is. Tenant to provide any Tenant required life support systems.

- g) Bathrooms servicing Premises - existing base building toilet rooms servicing the Premises are to remain as-is
- h) Sprinkler infrastructure - existing fire protection system servicing the building and Premises to remain as-is. Tenant to make modifications to existing system as required for Tenant Improvements.

Wet stacks, waste lines, and drainage - existing building wet stacks, waste lines, and drainage to remain as-is, Tenant to confirm locations during design-phase of project. Location for Tenant medical waste closet to be determined during space planning.

- i) HVAC trunk - existing HVAC distribution to remain as-is
- j) Building systems brought to Premises - existing building systems serving the Premises to remain as-is
- k) Fireproofing and enclosure of any exposed structural steel - steel structure to remain as-is
- l) Scraping and patching of all walls - interior walls to remain in as-is condition
- m) Perimeter HVAC enclosures - existing HVAC enclosures, including but not limited to baseboard heat, to remain as-is
- n) Core walls and doors - all core walls and doors to remain as-is
- o) Delivery of Premises without liens or violations - Landlord to deliver Premises free of construction liens and/or Department of Buildings or Village Fire Department violations.
- p) Blinds/blind pockets - blinds/blind pockets to remain as-is
- q) Sufficient HVAC boxes and digital controls -Existing system is a constant volume system with two zones per floor.

Section II, Discontinuation

Criterion 1110.130(a), General

1. The Applicant seeks authority from the Health Facilities and Services Review Board (the "State Board") to discontinue, in its entirety, the existing ASTC located at 908 North Elm Street, Hinsdale, Illinois (the "Existing ASTC") and to establish an ASTC with four operating rooms to be located at 12 Salt Creek Lane, Hinsdale, Illinois (the "Replacement ASTC").
2. No other clinical services will be discontinued as a result of this project.
3. Anticipated Discontinuation Date: June 30, 2016.
4. The Applicant leases the Existing ASTC from American Healthcare Investors. As a result, the Applicant will have no control over the use of the space after discontinuation of the Existing ASTC. Moveable equipment which remains viable for the operation of the surgery center will be transferred to the Replacement ASTC.
5. All medical records will be transferred to the Replacement ASTC.
6. This project is a relocation of the Existing ASTC and not a discontinuation in its entirety. Therefore, this criterion does not apply.

Section II, Discontinuation

Criterion 1110.130(b), Reasons for Discontinuation

The current term of the lease for the Existing ASTC expires on October 31, 2015 and the Applicant does not desire to renew it due to building deficiencies. Given the age of the Existing ASTC, there are several physical plant issues that need to be addressed. The elevators servicing the upper floors of the medical office building are unreliable and prone to significant repair and downtime. As the Existing ASTC is located on the fourth floor, cases must be cancelled when the freight elevator, which is the only elevator equipped to accommodate gurneys, is out of service. Within the last year, the Existing ASTC closed five times because the freight elevator was inoperable, which resulted in service interruptions. Additionally, the main elevators are slow, which can result in significant wait time for staff who must accompany discharged patients from the surgery center. In the past year, the Applicant estimates it has lost significant employee productivity time due to elevator wait times and problems. The current HVAC system is not adequate for intended purposes and cannot maintain temperature and humidity levels, particularly during the hot summer months and would need to be replaced if the Applicant were to continue operating at the current location. The vacuum pumps need to be replaced. Facilities the size of the Existing ASTC operate a large sump suction pump, which consists of a primary and secondary or lag pump. The Existing Facility is currently utilizing the lag pump as the primary pump has failed. If the lag pump fails, cases would need to be cancelled until the vacuum pumps are replaced. The steam boiler is very old and would need to be replaced if the Applicant did not relocate. The electrical grid servicing the medical office building experiences frequent power surges and outages. These power surges cause equipment overloads and in some cases have burned out the electrical boards that control the equipment. While the Applicant has been able to remediate this problem through the use of surge protectors, the surge protectors must be frequently replaced due to ongoing power surges in the area. The building is adversely affected more than would be expected during storms and severe weather which often require repair and result in closure of the facility for days at a time.

In order to remedy these issues and to better accommodate patients' needs, the Applicant decided to relocate the Existing ASTC just a few blocks away – approximately ¼ mile from its current site.

Section II, Discontinuation

Criterion 1110.130(c), Impact on Access

1. The discontinuation of the Existing ASTC will not negatively impact access to care. To the contrary, it will improve access to high quality surgical procedures in a modern ASTC to the residents of Hinsdale and the surrounding areas. Given the age of the Existing ASTC, there are several physical plant issues that will be remedied at the Replacement ASTC. The Replacement ASTC will be built to comply with current life safety code and licensure standards. Additional issues that will be addressed by the Replacement Facility include: configuration to allow one way flow for patients, staff, and deliveries through the surgery center, additional storage for large equipment, separate space for interviewing patients during admission, and a larger waiting room to accommodate individuals accompanying patients on their day of surgery.
2. As set forth above, the proposed project is for the discontinuation of an existing ASTC and the establishment of a replacement ASTC with four operating rooms. No true discontinuation will occur as a result of the proposed project. Accordingly, this criterion is not applicable. Nevertheless, the Applicant sent written requests for impact statements to all facilities located within 45 minutes of the Existing ASTC. The table attached at Appendix 1 lists the names and addresses of all existing and approved health care facilities located within 45 minutes normal travel time of the Existing ASTC to which written requests for an impact statement were sent. Copies of the written requests for impact statements and the receipt documenting that a request for an impact statement was sent to all existing and approved dialysis facilities within 45 minutes normal travel time from the Existing ASTC are attached at Appendices 2 and 3.
3. To date, Hinsdale Surgical Center has not received any impact statements from existing providers.

Section III, Background, Purpose of the Project, and Alternatives – Information Requirements
Criterion 1110.230, Background, Purpose of the Project and Alternatives

Purpose of the Project

1. The Applicant seeks to relocate the Existing ASTC approximately ¼ mile (or approximately 1 minute) to 12 Salt Creek Lane, Hinsdale, Illinois. The current term of the lease for the Existing ASTC expires on October 31, 2015 and the Applicant does not desire to renew it due to building deficiencies. Given the age of the Existing ASTC, there are several physical plant issues that need to be addressed. The elevators servicing the upper floors of the medical office building are unreliable and prone to significant repair and downtime. As the Existing ASTC is located on the fourth floor, cases must be cancelled when the freight elevator, which is the only elevator equipped to accommodate gurneys, is out of service. Within the last year, the Existing ASTC closed five times because the freight elevator was inoperable, which resulted in service interruptions. Additionally, the main elevators are slow, which can result in significant wait time for staff who must accompany discharged patients from the surgery center. In the past, year, the Applicant estimates it has lost significant employee productivity time due to elevator wait times and problems. The current HVAC system is not adequate for intended purposes and cannot maintain temperature and humidity levels, particularly during the hot summer months and would need to be replaced if the Applicant were to continue operating at the current location. The vacuum pumps need to be replaced. Facilities the size of the Existing ASTC operate a large sump suction pump, which consists of a primary and secondary or lag pump. The Existing Facility is currently utilizing the lag pump as the primary pump has failed. If the lag pump fails, cases would need to be cancelled until the vacuum pumps are replaced. The steam boiler is very old and would need to be replaced if the Applicant did not relocate. The electrical grid servicing the medical office building experiences frequent power surges and outages. These power surges cause equipment overloads and in some cases have burned out the electrical boards that control the equipment. While the Applicant has been able to remediate this problem through the use of surge protectors, the surge protectors must be frequently replaced due to ongoing power surges in the area. The building is adversely affected more than would be expected during storms and severe weather which often require repair and result in closure of the facility for days at a time.

The Replacement ASTC will be built to comply with current life safety code and licensure standards. Additional issues that will be addressed by the Replacement Facility include: configuration to allow one way flow for patients, staff, and deliveries through the surgery center, additional storage for large equipment, separate space for interviewing patients during admission, and a larger waiting room to accommodate individuals accompanying patients on their day of surgery.

Moreover, a modern, state-of-the art ASTC will allow procedures appropriate for an ASTC setting to move from hospital outpatient departments ("HOPD") to the Replacement ASTC. HOPDs are more costly, less efficient and less convenient than ASTCs. As set forth in the letter from the ASC Advocacy Committee to Secretary Sebelius regarding implementation of a value-based purchasing system for ASTCs, ASTCs are efficient providers of surgical services. See Attachment – 12A. ASTCs provide high quality surgical care, excellent outcomes, and high level of patient satisfaction at a lower cost than HOPDs. Surgical procedures performed in an ASTC are reimbursed at lower rates than HOPDs and result in lower out-of-pocket expenses for patients. Furthermore, patients often report an enhanced experience at ASTCs compared to HOPDs due, in part, to easier access to parking, shorter waiting times, and ease of access into and out of the operating rooms. Finally, surgeons are more efficient due to faster turnover of operating rooms, designated surgical times without risk of delay due to more urgent procedures, and specialized nursing staff. As a result of these efficiencies, more time can be spent with patients thereby improving the quality of care. Given the benefits of ASTCs, this relocation will benefit area residents.

The Replacement ASTC is needed to provide area residents with a high-quality, low cost alternative to HOPDs like the current location offers. Relocating the Existing ASTC to a modern, state of the art facility, will allow physicians to perform the full spectrum of outpatient surgical cases which payors authorize to be provided in an ASTC setting.

In order to remedy these issues and to better accommodate patients' needs, the Applicant decided to relocate the Existing ASTC just a few blocks away – approximately ¼ mile from its current site

2. The Applicant expects the service area of the Replacement ASTC to be identical to the Existing ASTC. A map of that service area is attached at Attachment – 12B. The mandated service area pursuant to the State Board rules and the proposed location of the Replacement ASC consists of those Illinois areas within 45 minutes normal travel time of the Replacement ASTC. Travel times to and from the Replacement ASTC to the market area borders are as follows:
 - East: Approximately 29 minutes normal travel time to Lake Michigan
 - Southeast: Approximately 45 minutes normal travel time to Calumet City
 - South: Approximately 45 minutes normal travel time to Frankfort
 - Southwest: Approximately 45 minutes normal travel time to Minooka
 - West: Approximately 45 minutes normal travel time to Big Rock
 - Northwest: Approximately 45 minutes normal travel time to West Dundee
 - North: Approximately 45 minutes normal travel time to Libertyville
 - Northeast Approximately 45 minutes normal travel time to Wilmette
3. This project is needed to maintain access to ambulatory surgical services to patients residing in Hinsdale and the surrounding area. The proposed project is needed to provide patients residing in Hinsdale and the surrounding area access to surgical services in a cost effective, high quality ASTC setting.

VIA HAND DELIVERY

Secretary Sebelius
The U.S. Department of Health and Human Services
200 Independence Avenue, S.W.
Washington, D.C. 20201

Re: Report on a Value-Based Purchasing System for Ambulatory Surgical Centers

Dear Secretary Sebelius:

Please accept the following comments regarding the report on a value-based purchasing (VBP) program for ASCs, as outlined in the Patient Protection and Affordable Care Act (PL 111-148, PPACA) §3006(f). These comments are submitted by the ASC Advocacy Committee, a joint effort of the ASC Coalition and the ASC Association, representing all types of ASCs; and the ASC Quality Collaboration, a cooperative effort of organizations and companies interested in ensuring ASC quality data is appropriately developed and reported. Together, these organizations include single- and multi-specialty ASCs; physician-owned ASCs, joint ventures between hospitals and physicians, and joint ventures between physicians and management companies; professional societies; and accrediting bodies. Participating ASCs range from the very small to the very large and are located in all 50 states.

Progress towards a Medicare VBP program for ASCs should be incremental: beginning with building a reliable, voluntary quality reporting infrastructure for ASCs, and then measuring performance within the ASC setting. Indicators of quality should include measures such as efficiency, outcomes, patient experience of care, adherence to evidence-based processes. As the culmination of VBP, CMS should develop and implement comparisons of the quality and costs for outpatient surgery in ASCs and hospital outpatient departments (HOPDs). A VBP system for outpatient surgery in these settings could create competition based on quality and efficiency, drive improvement, recognize the highest quality and most efficient providers, and improve transparency.

Some patients in hospital outpatient departments are not comparable to patients who are treated in ASCs. For example, the current HOPD measures include a hospital's emergency room patients. Designing a VBP for ASCs which enables cross-setting comparisons should focus on patients who can be treated appropriately in both ASCs and HOPDs.

Value-based purchasing includes financial and other incentives

One tool of VBP is public disclosure of data on the quality of care and costs to payers. We strongly support increasing the transparency of Medicare rates, patients' out-of-pocket costs, and quality of surgeries and procedures. Confidential feedback to ASCs from quality measurement systems should be used in the first year of VBP. Data should not be publicly reported while a reliable reporting infrastructure is being created and implemented. Building quality measurement on a solid foundation with a high level of reliability may help increase participation and the value of the data for all stakeholders. The following principles should guide public reporting of the VBP measure set:

- Consumers should be able to directly compare providers of outpatient surgical services.
- ASCs should be given the opportunity to review, validate, and appeal measurements and scores prior to publishing.
- There should be a provider narrative section for each provider-specific item to allow the provider to advise the consumer of any concerns the provider has regarding the reliability or accuracy of the information presented.
- In addition to reporting quality measures, other useful information such as facility accreditation status, state licensure and Medicare certification should be made available.

Many private payers incentivize their enrollees to use higher value services by charging lower co-pays or coinsurance for them. The Medicare program already incorporates this VBP tool: because Medicare payments for the same service are lower in ASCs than HOPDs, the copayments for services provided in ASCs are generally lower than in an HOPD. This differential can function as a value incentive for beneficiaries. For example, a patient needing cataract surgery would be responsible for \$193 if it were performed in the ASC; the patient would owe \$496 if the service were provided in the hospital outpatient department, a difference of 61%. Table 1 below illustrates the payment differentials for some common surgeries and procedures for beneficiaries in 2010. VBP could help to build an awareness of these differences and help the Medicare program leverage the choices of its beneficiaries to increase value.

Table 1. Co-payment savings for Medicare beneficiaries in ASCs for some typical procedures

Comparison of 2010 ASC and HOPD beneficiary copayments				
HCPES	Description	ASC Copay	HOPD Copay	Difference
66984	Cataract surg w/IOL, 1 stage	\$192.49	\$495.96	61%
43239	Upper GI endoscopy, biopsy	\$73.89	\$143.38	48%
45378	Diagnostic colonoscopy	\$76.05	\$186.06	59%
45380	Colonoscopy and biopsy	\$76.05	\$186.06	59%
45385	Lesion removal colonoscopy	\$76.05	\$186.06	59%
66821	After cataract laser surgery	\$46.81	\$104.31	55%
64483	Inj foramen epidural l/s	\$59.20	\$97.09	39%
66982	Cataract surgery, complex	\$192.49	\$495.96	61%
45384	Lesion remove colonoscopy	\$76.05	\$186.06	59%

29881	Knee arthroscopy	\$209.92	\$403.36	48%
63650	Implant neuroelectrodes	\$699.19	\$885.85	21%
29827	Arthroscop rotator cuff repr	\$327.64	\$804.74	59%

The chief tool of VBP is payment differentials for providers: paying more to high-performing providers and to those who have made significant improvements to the quality of care. Provider payment differentials are key pieces of CMS's Premier Hospital Quality Incentive Demonstration, Home Health Pay for Performance Demonstration, and Nursing Home Value Based Purchasing Demonstration. The ASC industry supports payment differentials in VBP for outpatient surgery.

Another VBP tool is shared savings which allows providers to recoup some of the efficiencies they create through lowering cost and improving quality. This VBP tool is used in the private sector and most recently by CMS in its design of the Home Health Pay for Performance Demonstration and the Medicare Physician Group Practice Demonstration. CMS has allowed high quality agencies and group practices to share the savings generated by decreasing hospital admissions and readmissions, and decreasing skilled nursing facility use and the use of other healthcare resources. We support the shared savings model for later phases of VBP for ASCs.

Medicare's VBP for ASCs should encourage widespread participation through incremental implementation. VBP should begin with voluntary data collection, followed by public disclosure of quality information. Improved transparency regarding Medicare's rates and patient co-payments at ASCs and HOPDs should be supplemented with comparable quality data as it becomes available. CMS should provide patients and physicians with a tool to enable apples-to-apples comparisons of outpatient surgery settings. Payment differentials for providers should be built upon a solid foundation of quality measurement. Shared savings should be the final stage of an incremental VBP implementation.

Rewarding ambulatory surgery centers

A VBP for ASCs should acknowledge the role that the facility plays in providing high quality surgical care to patients. ASCs range in size and scope from small, single-specialty facilities focused on endoscopic procedures to large facilities offering a range of surgical sub-specialties in multiple operating rooms. The ASC VBP program will have the greatest impact when it is implemented incrementally and is designed to reach the full spectrum of ASCs in the industry. The Secretary should consider exemptions for ASCs with very low Medicare volume.

ASCs that attain high quality or make substantial improvements should be rewarded. It is important to acknowledge centers that have already applied evidence-based guidelines in their care, implemented structures of care that enhance quality, ensured patient safety, achieved good outcomes, and provided a valuable patient experience. It is also important to acknowledge that some centers may be continuing to progress toward the highest level of quality. VBP should reward ASCs that achieve a high rank or exceed a national threshold as well as ASCs that close the gap between their past performance and the national threshold.

29881	Knee arthroscopy	\$209.92	\$403.36	48%
63650	Implant neuroelectrodes	\$699.19	\$885.85	21%
29827	Arthroscop rotator cuff repr	\$327.64	\$804.74	59%

The chief tool of VBP is payment differentials for providers: paying more to high-performing providers and to those who have made significant improvements to the quality of care. Provider payment differentials are key pieces of CMS's Premier Hospital Quality Incentive Demonstration, Home Health Pay for Performance Demonstration, and Nursing Home Value Based Purchasing Demonstration. The ASC industry supports payment differentials in VBP for outpatient surgery.

Another VBP tool is shared savings which allows providers to recoup some of the efficiencies they create through lowering cost and improving quality. This VBP tool is used in the private sector and most recently by CMS in its design of the Home Health Pay for Performance Demonstration and the Medicare Physician Group Practice Demonstration. CMS has allowed high quality agencies and group practices to share the savings generated by decreasing hospital admissions and readmissions, and decreasing skilled nursing facility use and the use of other healthcare resources. We support the shared savings model for later phases of VBP for ASCs.

Medicare's VBP for ASCs should encourage widespread participation through incremental implementation. VBP should begin with voluntary data collection, followed by public disclosure of quality information. Improved transparency regarding Medicare's rates and patient co-payments at ASCs and HOPDs should be supplemented with comparable quality data as it becomes available. CMS should provide patients and physicians with a tool to enable apples-to-apples comparisons of outpatient surgery settings. Payment differentials for providers should be built upon a solid foundation of quality measurement. Shared savings should be the final stage of an incremental VBP implementation.

Rewarding ambulatory surgery centers

A VBP for ASCs should acknowledge the role that the facility plays in providing high quality surgical care to patients. ASCs range in size and scope from small, single-specialty facilities focused on endoscopic procedures to large facilities offering a range of surgical sub-specialties in multiple operating rooms. The ASC VBP program will have the greatest impact when it is implemented incrementally and is designed to reach the full spectrum of ASCs in the industry. The Secretary should consider exemptions for ASCs with very low Medicare volume.

ASCs that attain high quality or make substantial improvements should be rewarded. It is important to acknowledge centers that have already applied evidence-based guidelines in their care, implemented structures of care that enhance quality, ensured patient safety, achieved good outcomes, and provided a valuable patient experience. It is also important to acknowledge that some centers may be continuing to progress toward the highest level of quality. VBP should reward ASCs that achieve a high rank or exceed a national threshold as well as ASCs that close the gap between their past performance and the national threshold.

ASC quality measurement

The VBP system for ASCs should be based on quality measurements which capture many aspects of ASC patient services. These measures include processes, efficiency, outcomes, and patient experience.

Process measures can indicate that the ASC follows guidelines and uses evidence-based practices. The ASC Quality Collaboration has already developed two process measures for ASCs which have been endorsed for outpatient surgery by the National Quality Forum. These capture whether antibiotics given for prevention of surgical site infection were administered on time and the number of patients who have appropriate surgical site hair removal. We support the development of additional process measures which are similarly applicable across a wide range of surgical facilities, such as medication reconciliation.

ASCs are efficient providers. Assessing the value of ASCs should include measures of the ways in which ASCs maximize health care resources and provide high quality surgical care and procedures in lean, well-managed facilities.

ASCs achieve excellent outcomes for patients and high levels of patient satisfaction. The ASC Quality Collaboration has already developed four measures of patient outcomes which have been endorsed by the National Quality Forum. These include patient safety indicators—patient burn; patient fall; and wrong site, side, patient, procedure or implant—and hospital transfers. Figure 1 below is an example of the voluntary outcome measure reporting in which many ASCs currently participate. A variety of patient satisfaction surveys are used throughout the industry to capture some aspects of patient experience.

Figure 1. Example of data available through ASC Quality Collaboration voluntary reporting

Data Summary: Hospital Transfer/Admission

Reporting Period	2Q2009	3Q2009	4Q2009	1Q2010
Number of Participating ASCs	1,294	1,177	1,266	1,185
Number of ASC Admissions Represented	1,528,402	1,396,179	1,490,427	1,334,614
Hospital Transfer/Admission Rate per 1000 ASC Admissions	0.997	1.027	1.010	1.081

Hospital Transfer/Admission

Both outcome measures and patient experience measurement for ASCs deserve a greater investment by CMS, the Agency for Healthcare Research and Quality, and other entities. A tool such as the Consumer Assessment of Healthcare Providers and Systems (CAHPS) would be a useful way to measure patient experience and satisfaction and would give patients relevant and easy-to-understand information.

Additionally, new research is needed to support the development of measures that enable fair, valid, and reliable comparison for similar patients in ASCs and HOPDs. In some cases, HOPD patients are not comparable to patients treated in ASCs. Designing a VBP for ASCs which enables cross-setting comparisons is an opportunity to improve transparency. Developing sound, useful comparisons across settings will require an investment in understanding the patient populations which can be compared and identifying and measuring factors that influence

outpatient surgical risks for patients. Improvements are also needed in post-surgical surveillance and case finding to support reliable outcome and patient safety measures.

The ASC Quality Collaboration should be included as a critical stakeholder in quality measurement for outpatient surgery. A role for the ASC Quality Collaboration similar to the role of the Hospital Quality Alliance would improve the VBP development process for all stakeholders. The following principles should guide measure development for VBP:

- Measure collection should minimize burden on ASCs and CMS. ASCs should be given more than one way to report quality data. For example, claims-based reporting should be an option, especially in the initial phases of VBP implementation. ASCs should be able to authorize an agent (e.g. a parent company or a registry) to report on their behalf.
- Where possible, measures should enable comparisons between ASCs and HOPDs. Patients who require care that could be provided in either ASCs or HOPDs should be enabled to identify and choose the setting with the best value through VBP.
- New measures must be credible: they must be based on evidence, broadly understood, and collected reliably across the variety of ASCs that serve Medicare beneficiaries.

We welcome opportunities to explore partnerships with agencies that can assist the industry in growing and enhancing the quality measurement tools for outpatient surgery in ASCs and HOPDs. New quality measurement infrastructure will be a key to evolving the most effective VBP and achieving the best value for Medicare and other payers.

Design a funding mechanism which strengthens VBP

Linking a portion of Medicare's payments to quality will be a significant change in Medicare ASC payment policy. To ensure that all Medicare beneficiaries continue to have access to care, VBP incentives should begin as a small portion of total Medicare spending for ASC services.

Funding should progress in increments, consistent with the phases in other aspects of the program. Full updates should be given to all of the ASCs that make the investment of time and resources to participate in the initial phase of pay for reporting and report valid and reliable data to CMS. The Secretary should consider a bonus for the use of health information technology to gather and report quality data, similar to the bonus for physicians' EHR use in Medicare.

The structure of incentive payments linked to performance should recognize that Medicare's payments to ASCs have been under a payment freeze for many years, and in addition, some payments have been dropping due to transition from the previous grouper payment system. The VBP system may lose acceptance if it is applied as a cost-cutting measure.

In the final phase of VBP, the VBP bonuses should be funded through a shared-savings mechanism. ASCs have already saved the Medicare program billions of dollars by providing a lower-priced setting for outpatient surgeries which can be appropriately performed in an ASC rather than an HOPD. VBP can help to demonstrate the quality and value of ASC services and encourage the continued, appropriate migration of services to the lower-priced setting. We

propose that later phases of the VBP for ASCs allow high-quality ASCs to share some of the savings they have produced for the Medicare program. A pool of ASC VBP bonus dollars could be generated from Medicare program's savings on the total amount spent for outpatient surgical services for Medicare beneficiaries that can be supplied in both HOPDs and ASCs. The shared-savings structure aligns the incentives of ASCs and the Medicare program to increase value.

- Building incentives across silos of care was a goal set by the Medicare Payment Advisory Commission in their recommendations for developing VBP.
- Decreasing the growth of Medicare spending on outpatient surgeries by encouraging continued migration to lower-priced settings could generate substantial savings for the Medicare program.
- A shared pool could create competition based on value between settings

* * *

In summary, the report on value based purchasing required by PL 111-148, §3006(f), should map out a VBP system for ASCs which increases transparency and enables patients and physicians to choose the best surgical setting. We look forward to conversations with CMS as they consider the development of VBP. Thank you for providing this opportunity to comment. We appreciate the dialogue and look forward to continued participation in the development process.

Sincerely,

David Shapiro, M.D.
Chairman
ASC Association

Andrew Hayek
Chairman
ASC Advocacy Committee

Section III, Background, Purpose of the Project, and Alternatives – Information Requirements
Criterion 1110.230, Background, Purpose of the Project and Alternatives

Alternatives

The Applicant explored three options prior to determining to relocate Hinsdale Surgical Center. The options considered are as follows:

- Continue the status quo;
- Upgrade Physical Plant of the Existing ASTC; and
- Relocate the Existing ASTC.

After exploring these options, which are discussed in more detail below, the Applicant decided to relocate the Existing ASTC. A review of each of the options considered and the reasons they were rejected follows.

Continue the Status Quo

The first alternative considered was to maintain the status quo, whereby the Existing ASTC would continue to operate at its current location.

As discussed in the Discontinuation and Purpose sections, there are several physical plant issues that need to be addressed which are costly and create operational issues.

In order to remedy these issues and to better accommodate patients' needs, the Applicant decided to relocate the Existing ASTC approximately one-quarter mile from its current site.

There is not cost to this alternative, but it is not feasible based on needed repairs.

Upgrading Physical Plant of the Existing ASTC

The Applicant considered upgrading the physical plant of the Existing ASTC at the current location. As set forth throughout this application, the current HVAC system, vacuum pumps, and steam boiler need to be replaced. The Applicant estimates the cost to replace these systems is approximately \$1.4 million. Additionally, the elevators are slow and prone to significant repair and downtime, and the roof leaks during major storms. The Applicant does not own the building and cannot compel the landlord to upgrade the elevators or fix the roof.

Even if all of the physical plant issues are addressed, there are issues with the design of the Existing ASTC, which cannot be addressed at the current site. The flow of patients, physicians, staff, and supplies into and out of the surgery center is not conducive to one way flow as everyone and everything flows in and out of the main entrance to the surgery center. There is insufficient space to store large equipment, like the C-Arm, when not in use. The Existing ASTC does not include an admitting area where billing coordinators can interview patients in privacy prior to surgery. The waiting area is inadequate to accommodate patients' family and friends on high volume days.

Given the cost to upgrade/replace the existing systems and the design of the Existing ASTC is suboptimal, the Applicant decided to relocate the Existing ASTC approximately 1/4 mile from its current site.

The minimum cost to upgrade the systems at the existing ASTC is \$1,378,000 plus the fair market value of the space based on a new lease and incremental equipment purchases.

Relocate the Existing ASTC

As set forth above, the lease for the Existing ASTC will expire on October 31, 2015. Given the age and design of the Existing ASTC, there are several issues that will be remedied by the Replacement ASTC. The Replacement ASTC will be configured to allow one way flow of patients, physicians, staff and supplies through the surgery center. It will increase storage space to allow for more storage of larger equipment when not in use. The new facility will include a separate admitting area where billing coordinators will interview patients prior to surgery. The Replacement ASTC will have a larger waiting room that can accommodate patients' family and friends on high volume days.

The cost of this alternative is \$9,489,675.

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234, Project Scope, Utilization, and Unfinished/Shell Space

Size of the Project

The Project proposes to establish an ASTC with 4 operating rooms, 6 Stage 1 recovery stations and 10 Stage 2 recovery stations. Pursuant to Section 1110, Appendix B of the HFSRB's rules, the State standard is 1,660 to 2,200 gross square feet per procedure room and 180 gross square feet per Stage 1 recovery station and 400 gross square feet for a Stage 2 recovery station for a total of 11,720 to 13,880 gross square feet for 4 operating rooms, 6 Stage 1 recovery stations and 10 Stage 2 recovery stations. The gross square footage of clinical space will be 13,727 gross square feet. Accordingly, the size of the ASTC meets the State standard.

Table 1110.234(a) SIZE OF PROJECT				
DEPARTMENT/SERVICE	PROPOSED DGSF	STATE STANDARD	DIFFERENCE	MET STANDARD?
ASTC	13,727	11,720-13,880	-153	Yes

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234, Project Scope, Utilization, and Unfinished/Shell Space

Project Services Utilization

By the second year after project completion, the ASTC's annual utilization shall meet or exceed HFSRB's utilization standards. Pursuant to Section 1110, Appendix B of the HFSRB's rules, utilization for ambulatory surgical treatment centers is based upon 1,500 hours per operating/procedure room. Based upon historical utilization and projected procedures documented in the physician referral letters attached at Appendix 1 approximately, 5,278 procedures will be performed at the ASTC within the first year after project completion. Based upon current experience, the estimated procedure time, including prep and cleanup, is approximately 60 minutes. As a result, 5,278 surgical hours are projected for the first year after project completion, which is sufficient to support the need for four operating rooms.

Table: 1110.234(b) UTILIZATION					
	DEPT./ SERVICE	HISTORICAL UTILIZATION	PROJECTED UTILIZATION	STATE STANDARD	MET STANDARD?
2013	ASTC	5,540 hours	5,278 hours	4,500 hours	Yes

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234(c), Unfinished or Shell Space

This project will not include unfinished space designed to meet an anticipated future demand for service. Accordingly, this criterion is not applicable.

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234(d), Assurances

This project will not include unfinished space designed to meet an anticipated future demand for service. Accordingly, this criterion is not applicable.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(b), Background of the Applicant

Hinsdale Surgical Center participates in USPI's EDGE™ program. EDGE stands for Every Day Giving Excellence. It is a proprietary approach to continuous performance improvement developed by USPI that enables it to share best practices and to maintain continuous clinical quality and safety improvements at every USPI facility. USPI's EDGE™ allows the Hinsdale Surgical Center facility management team to track clinical, service and financial performance data and to identify areas needing improvement. With USPI's EDGE™, patients receive the benefit of lessons learned across the entire USPI network, and staff acquires the knowledge they need to provide the highest level of quality, safety and service to patients.

1. Except for the Hinsdale Surgical Center, the Applicant does not currently own or operate any other health care facilities. Copies of the current license, Medicare certification and accreditation are attached at Attachment – 27A.
2. With the exception of Adventist Hinsdale Hospital, no other corporate officers, directors, LLC members, partners or owners of 5% or more of Hinsdale Surgical Center owns a licensed health care facility other than the Hinsdale Surgical Center. Adventist Hinsdale Hospital owns the hospital of the same name located at 120 North Oak Street in Hinsdale, Illinois.
3. Neither the Centers for Medicare and Medicaid Services nor the Illinois Department of Public Health has taken any adverse action involving civil monetary penalties or restriction or termination of participation in the Medicare or Medicaid programs against any facility owned or operated by the Applicant within three years preceding the filing of this application.
4. Attached at Attachment – 27B is a certification that no LLC manager, members or owner of at least 5% of the proposed surgery center:
 - a. have been cited, arrested, taken into custody, charged with, indicted, convicted or tried for, or pled guilty to:
 - i. the commission of any felony or misdemeanor or violation of law, except for minor parking violations; or
 - ii. has been the subject of any juvenile delinquency or youthful offender proceeding;
 - b. has been charged with fraudulent conduct or any act involving moral turpitude;
 - c. has any unsatisfied judgments against him or her; or
 - d. is in default in the performance or discharge of any duty or obligation imposed by a judgment decree, order or directive of any court or governmental agency.
5. An authorization permitting the State Board and the Illinois Department of Public Health ("IDPH") access to any documents necessary to verify information submitted, including, but not limited to: official records of IDPH or other State agencies and the records of nationally recognized accreditation organizations is attached at Attachment – 27B.
6. The Applicant has not previously submitted an application for permit during this calendar year. Accordingly, this criterion is not applicable.

Hinsdale, IL 60521-3638

Subject: Revalidation of Medicare Enrollment

Dear Ms. Reed:

We have approved the CMS 855B application submitted for purposes of revalidating the Medicare enrollment of Hinsdale Surgical Center LLC. Consistent with federal regulations found at 42 CFR 424.515, the approval of this revalidation starts the mandatory 5-year revalidation cycle for Medicare enrollment.

Listed below is the information reflected in your Medicare enrollment record.

PTAN	NPI	Address
141010	1841234150	908 N Elm St Ste 401 Hinsdale, IL 60521-3638

Effective Date: 04/01/1999

Medicare Participation Status: Participating

Authorized Official(s): Katherine L Reed / Alexandra O Jenkins / Jenetha D Moran

Delegated Official(s):

The NPI must be reported on all Medicare claims. The Provider Transaction Access Number (PTAN) is required for all written inquiries and all telephone inquiries to our customer service department, and our Interactive Voice Response (IVR) telephone system. The IVR telephone number for Illinois is 1-877-908-9499. Instructions on how to use the IVR can be obtained from our web site at: <http://www.wpsmedicare.com>.

To maintain an active enrollment status in the Medicare program, regulations found at 42 CFR §424.516 require that you submit updates and changes to your enrollment information in accordance with specified timeframes. Reportable changes include, but are not limited to changes in: (1) legal business name (LBN/tax identification number (TIN)), (2) practice location, (3) ownership, (4) authorized/delegated officials, (5) changes in payment information such as changes in electronic funds transfer information, and (6) final adverse legal actions, including felony convictions, license suspensions or revocations of a health care license, an exclusion or

debarment from participation in a Federal or State health care program, or a Medicare revocation by a different Medicare contactor.

Information about Medicare provider enrollment changes can be obtained from our web site at <http://www.wpsmedicare.com>.

Providers and suppliers are strongly encouraged to enroll or make changes to their existing enrollment in the Medicare program using the Internet-based PECOS.

Providers may also download the CMS-855 enrollment application, go to:
<http://www.cms.gov/MedicareProviderSupEnroll>.

Please send your paper application, or your signed Certification Statement along with required documents for Internet-based PECOS, to the following address:

Wisconsin Physicians Service

Madison, WI 53708-8248

Overnight Delivery Mailing Address
Wisconsin Physicians Service
Medicare Provider Enrollment
1707 W. Broadway
Madison, WI 53713-1834

You must also update your National Provider Identifier (NPI) information maintained with the National Plan and Provider Enumeration System (NPPES) within 30 days when information reported to NPPES changes. To make changes to an NPI record, please contact the NPI Enumerator at <https://NPPES.cms.hhs.gov> or call the Enumerator at 1-800-465-3203 or TTY 1-800-692-2326. For more information about NPI enumeration, visit <http://www.cms.hhs.gov/NationalProvIdentStand/>.

Additional information about the Medicare program, including billing, fee schedules, and Medicare policies and regulations can be found on our Web site at <http://www.wpsmedicare.com> or at the Centers for Medicare & Medicaid Services' (CMS) Web site at www.cms.hhs.gov/home/medicare.asp.

Get easy access to the WPS Medicare eNews sign-up page by scanning the Quick Response (QR) code below with your smartphone or visit: <http://www.wpsmedicare.com/listserv>.

If you are not currently filing claims electronically, please contact our Electronic Data Interchange (EDI) department for Illinois at 1-877-567-7261. If you have questions regarding Medicare claims, please call the IVR telephone number shown above or our Customer Service Department for Illinois at 1-866-234-7340.

Please verify the accuracy of your enrollment information. If you disagree with any portion of this initial determination, you may request a reconsideration before a contractor hearing officer. The reconsideration is an independent review and will be conducted by a person who was not involved in the initial determination. You must request the reconsideration in writing to this office within 60 calendar days of the postmark date of this letter. The request for reconsideration must state the issues, or the findings of fact with which you disagree and the reasons for the disagreement.

OCT 24 2012

You may submit additional information with the reconsideration request that you believe may have a bearing on the decision. The reconsideration request must be signed and dated by the physician, non-physician practitioner or any responsible authorized or delegated official within the entity. Failure to timely request a reconsideration is deemed a waiver of all rights to further administrative review.

Please send requests for reconsideration to: Wisconsin Physicians Service, Medicare Part B, Attention: Medicare Provider Enrollment Reconsiderations Hearing Officer, 1717 W. Broadway, Madison, WI 53713.

If you have questions about the information provided in this letter, you can call our toll-free line at: 1-877-908-8476, Monday through Friday between the hours of 8:00 a.m. and 4:00 p.m. (CT).

Sincerely,

Betty Geisler

Kathryn J. Olson
Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Dear Chair Olson:

I hereby certify under penalty of perjury as provided in § 1-109 of the Illinois Code of Civil Procedure, 735 ILCS 5/1-109 that no adverse action has been taken against any facility owned or operated by Hinsdale Surgical Center, LLC during the three years prior to filing this application.

Neither Hinsdale Surgical Center, LLC nor any LLC member or owner of at least 5% of the Hinsdale Surgical Center, LLC:

- has been cited, arrested, taken into custody, charged with, indicted, convicted or tried for, or pled guilty to the commission of (1) any felony or misdemeanor or violation of the law, except for minor parking violations or (2) the subject of any juvenile delinquency or youthful offender proceeding; or
- has been charged with fraudulent conduct or any act involving moral turpitude; or
- has any unsatisfied judgments against him or her; or
- is in default in the performance or discharge of any duty or obligation imposed by a judgment, decree, order, or directive of any court or governmental agency.

Additionally, pursuant to 77 Ill. Admin. Code § 1110.1540(b)(3)(J), I hereby authorize the Health Facilities and Services Review Board ("HFSRB") and the Illinois Department of Public Health ("IDPH") access to any documents necessary to verify information submitted as part of this application for permit. I further authorize HFSRB and IDPH to obtain any additional information or documents from other government agencies which HFSRB or IDPH deem pertinent to process this application for permit.

Sincerely,

Michael J. Goebel
Manager
Hinsdale Surgical Center, LLC

Subscribed and sworn to me

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(c), Service to Geographic Area Residents

1. Attached at Attachment – 27C is a map outlining the intended geographic service area ("GSA") for the proposed ASTC. As set forth in Criterion 1110.230, Hinsdale Surgical Center will serve residents of Hinsdale and surrounding communities within 45 minutes normal travel time of the proposed site. Accordingly, the intended GSA consists of those areas within 45 minutes normal travel time of Hinsdale Surgical Center.
2. Table 1110.1540(c)(2)(A) below lists the zip code areas that comprise the GSA of Hinsdale Surgical Center.

3. Table 1110.1540(c)(2)(B) lists the patient origin by zip code for all patients treated by Hinsdale Surgical Center physicians for the last 12-month period. As documented in Table 1110.1540(c)(2)(B) below 5,378 (or 97.1%) percent of cases were from patients residing in the GSA.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(d), Service Demand

Physician referral letters providing the name and number of patients referred to Hinsdale Surgical Center within the past 12 months and the projected number of referrals to the Replacement ASTC is attached at Appendix - 4. As documented in the physician referral letters, the referring physicians project to perform 5,278 surgical procedures in the first year after project completion.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(f), Treatment Room Need Assessment

- a. As stated throughout this application, the Applicant proposes to discontinue its Existing ASTC and establish a replacement ASTC with four operating rooms. The State Board standard is 1,500 per procedure room, or 6,000 hours for four operating rooms. As documented in Appendix – 4, the referring physicians project to perform 5,278 surgical procedures in the first year after project completion. The Applicant estimates the average length of time per procedure will be 60 minutes, or 5,278 surgical hours. Accordingly, the proposed number of operating rooms is necessary to service the projected patient volume.
- b. As documented in Appendix – 4, the referring physicians project to perform 5,278 surgical procedures in the first year after project completion. Based upon historical caseload data, the Applicant estimates the average length of time per procedure will be 60 minutes. This estimate includes 17 minutes for prep and clean up.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(g), Service Accessibility

As discussed throughout this application, the Applicant seeks to relocate its existing ASTC by approximately 1/4 mile (or approximately 1 minute) to 12 Salt Creek Lane, Hinsdale, Illinois to address physical plant issues at the Existing ASTC. The current term of the lease for the Existing ASTC expires on October 31, 2015, and the Applicant does not desire to renew it due to building deficiencies. Given the age of the Existing ASTC and as described in other narratives of this application, there are several physical plant issues that need to be addressed.

Moreover, a modern, state-of-the-art ASTC will allow procedures appropriate for an ASTC setting to move from HOPDs to the Replacement ASTC. HOPDs are more costly, less efficient and less convenient than ASTCs. As set forth in the letter from the ASC Advocacy Committee to Secretary Sebelius regarding implementation of a value-based purchasing system for ASTCs, ASTCs are efficient providers of surgical services. See Attachment – 12A. ASTCs provide high quality surgical care, excellent outcomes, and high level of patient satisfaction at a lower cost than HOPDs. Surgical procedures performed in an ASTC are reimbursed at lower rates than HOPDs and result in lower out-of-pocket expenses for patients. Furthermore, patients often report an enhanced experience at ASTCs compared to HOPDs due, in part, to easier access to parking, shorter waiting times, and ease of access into and out of the operating rooms. Finally, surgeons are more efficient due to faster turnover of operating rooms, designated surgical times without risk of delay due to more urgent procedures, and specialized nursing staff. As a result of these efficiencies, more time can be spent with patients thereby improving the quality of care. Given the benefits of ASTCs, this relocation will benefit area residents.

A modern, state-of-the-art ASTC is needed to serve Hinsdale and the surrounding areas.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(h), Unnecessary Duplication/Maldistribution

1. Unnecessary Duplication of Services

- a. Hinsdale Surgical Center will be relocated to 12 Salt Creek Lane, Hinsdale, Illinois. A map of the proposed facility's market area is attached at Attachment – 27C. A list of all zip codes located, in total or in part, within 45 minutes normal travel time of the site of the relocated facility as well as 2010 census figures for each zip code is provided in Table 1110.1540(h)(1).

- b. A list of all existing and approved health care facilities located within the Hinsdale Surgical Center GSA that provide the surgical services proposed by the project is attached at Attachment – 27D.

2. Maldistribution of Services

Ratio of Stations to Population

As shown in Table 1110.1540(h)(2)(A), the ratio of stations to population is 89% of the State Average.

Table 1110.1540(h)(2)(A) Ratio of Stations to Population			
	Population	Operating & Procedures Rooms	Stations to Population
Geographic Service Area	7,509,023	1,412	1:5,318
State	12,830,632	2,711	1:4,733

Sufficient Population to Achieve Target Utilization

The Applicant proposes to relocate its existing ASTC with four operating rooms. To achieve the State Board standard of 1,500 hours per operating room within the first two years after project completion, the Applicant would need 4,500 patient referrals. As set forth above in Table 1110.1540(d), the referring physician have historically performed 5,540 procedures annually. Once the Replacement ASTC is operational, the referring physicians anticipate performing an adequate volume of procedures at the facility to reach target utilization after the first year of project completion.

3. Impact to Other Providers

- a. Hinsdale Surgical Center will not have an adverse impact on existing facilities in the GSA. As discussed throughout this application, Hinsdale Surgical Center is seeking authority from the State Board to relocate its existing surgery center. The procedures proposed to be performed at the surgery center are currently performed at the Existing ASTC. The Applicant does not anticipate any procedures will be transferred to the Replacement ASTC from any existing hospital or surgery center.
- b. The proposed facility will not lower the utilization of other area providers that are operating below the occupancy standards.

Section VIII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(i), Staffing

The Applicant seeks authority from the State Board to discontinue its Existing ASTC and establish the Replacement ASTC. The Existing ASTC is staffed in accordance with IDPH and Joint Commission staffing requirements. The Applicant anticipates all staff from the Existing ASTC will transfer to the Replacement ASTC.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(j), Charge Commitment

- a. Table 1110.1540(j) below includes the vast majority of the procedures to be performed at Hinsdale Surgical Center with the proposed charges. The charge master utilized by Hinsdale Surgical Center contains approximately 2800 possible codes and charges beyond the ones set forth below would be similarly comparable as reflected as a percentage of the Medicare fee schedule.

Re: Charge Commitment

Dear Chair Olson:

Pursuant to 77 Ill. Admin. Code § 1110.1540(j), I hereby commit the charge schedule submitted as part of the Hinsdale Surgical Center, LLC certificate of need application will not be increased, at a minimum, for the first two years of operation unless a permit is first obtained pursuant to 77 Ill. Admin. Code § 1130.310(a).

Sincerely,

Michael J. Goebel
Manager
Hinsdale Surgical Center, LLC

Section VIII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(k), Assurances

Attached at Attachment – 27F is a letter from Hinsdale Surgical Center certifying that the proposed facility will achieve target utilization by the end of the first year of operation.

Re: Non-Hospital Based Ambulatory Surgical Treatment Center Assurances

Dear Chair Olson:

Pursuant to 77 Ill. Admin. Code § 1110.1540(k), I hereby certify the following:

- A peer review program will be implemented at Hinsdale Surgical Center that evaluates whether patient outcomes are consistent with quality standards established by professional organizations for the surgical services, and if outcomes do not meet or exceed those standards, a quality improvement plan will be initiated; and
- By the second year of operation after the project completion date, the annual utilization of the surgical/treatment rooms at Hinsdale Surgical Center will meet or exceed the utilization standard specified in 77 Ill. Adm. Code 1100.

Sincerely,

Michael J. Goebel
Manager
Hinsdale Surgical Center, LLC

Tel. 214.209.0324; Fax 312.453.5051

Dear Bill:

It is my understanding Hinsdale Surgical Center, LLC ("Hinsdale Surgical Center") plans relocate its existing ambulatory surgical center ("ASC"). I further understand Hinsdale Surgical Center will require loan(s) for certain capital expenditures, equipment purchases and a working capital line of credit for an amount not to exceed \$2,309,422. Hinsdale Surgical Center has been a good and valuable customer of Bank of America for several years. Based upon the positive business experience working with Hinsdale Surgical Center, Banc of America Public Capital Corp ("BAPCC") is interested in providing financing to Hinsdale Surgical Center for its relocation.

While this letter does not represent a commitment by BAPCC to lend money, it is intended to serve as a statement of interest to facilitate further discussions between Hinsdale Surgical Center and BAPCC for the proposed financing opportunity and may form the basis for a discussion of various credit accommodations. Any commitments to make credit available to Hinsdale Surgical Center will be evidenced in writing and executed by BAPCC.

Please do not hesitate to contact me should you have any questions. I can be reached at shannon.m.clouse@baml.com or (214) 209-0324.

Sincerely,

Shannon M. Clouse
Senior Vice President, Healthcare Finance

Re: Hinsdale Surgical Center
12 Salt Creek, Hinsdale, Illinois 60521

Dear Gary and Jonathan:

Thank you for your request for proposal for the Salt Creek Medical Campus as a prospective site for Hinsdale Surgical Center ("Tenant"). As a response to your request, we are pleased to submit this proposal on behalf of Salt Creek Campus, LLC ("Landlord") for Tenant to lease space at the Salt Creek Medical Campus under the following key terms and conditions:

Premises: Approximately 16,588 rentable square feet ("RSF") on the 2nd Floor of the building. However, the Premises shall have grade level access at the south side of the building for patient and visitor access and emergency exiting. BOMA standards will apply to final rentable square footage calculations.

Lease Commencement Date/Delivery Date: Landlord shall turn-over the Premises in as-is condition no later than March 1, 2015.

Rent Commencement Date: November 1, 2015

Building: 12 Salt Creek Lane, Hinsdale, IL

Initial Term: Fifteen (15) years

Tenant: Hinsdale Surgical Center

146 MedProperties_12 Salt Creek_Hinsdale Surgical LL Response 2014-0609-approval contingency.doc

Use: Tenant shall use the Premises for conducting business as an ambulatory surgical center. Landlord agrees the building will be leased medically related tenants.

Gross Rental Rate: \$33.00/RSF, escalated at 2.5% annually

Rent Abatement: None

Operating Expenses and Taxes: Tenant shall be responsible for its proportionate share of increases in operating expenses and taxes ("OE&T") as defined in the lease above the 2015 base year.

Operating Expenses exclusions attached here as Exhibit A.

Tenant Allowance: Landlord will contribute \$150/RSF towards Tenant's hard and soft costs associated with its build-out, rent abatement, or towards its termination penalty for its current lease. Landlord shall charge a supervisory and coordination fee of 3% of the total project costs.

Landlord's Work: The Premises delivery condition shall be as described in Exhibit B.

In addition, Landlord will provide a new entrance and vestibule at the southeastern corner of the building, directly accessible from a dedicated patient drop-off and parking field immediately south of the building. These elements are depicted on the renderings attached.

Signage: Tenant shall have the ability to place signage at its entry adjacent to the drop-off and parking lot field as depicted on the attached renderings.

Hours of Operation: Monday through Friday from 6:00 AM until 7:00 PM. Tenant to provide its proposed hours of operation.

Electricity: Separately metered and billed directly to Tenant by Commonwealth Edison.

HVAC: Constant volume system with two zones per floor with approximately 1 CFM/SF provided to the Premises. Landlord shall make accommodations for location of Tenant's separate systems, to be further discussed upon confirmation of space plan.

Option to Terminate: Tenant requires an unconditional, one-time option to terminate the lease on the tenth (10th) anniversary of the rent commencement date, with twelve (12) months written notice prior to the termination date. The Penalty shall be inclusive of all Tenant Allowance, Commissions, and any other Landlord concessions utilizing an eight percent (8%) discount rate and the Penalty shall be due through the date of termination.

Options to Renew: Tenant shall have two (2) options to renew the lease each for a five (5) year period with twelve (12) months prior written notice. The rent shall be at the fair market rent for the tenant's current use including but not limited to concessions such as rental abatement and tenant improvement allowances.

Right of First Refusal: None.

Subletting & Assignment: Tenant shall have the right, without Landlord's consent, to sublease any portion of the Premises or assign the Lease to: (a) any entity in whom or with which Tenant may be merged or consolidated, provided that the net worth of the resulting corporation is at least equal to the greater of (i) the net worth of Tenant on the date of the Lease, or (ii) the net worth of Tenant immediately prior to such merger or consolidation, (b) any entity to whom Tenant sells all of its assets, provided that such corporation or such entity described in (a) and (b) above expressly assumes all of Tenant's obligations in the Lease, (c) any entity which is affiliated or under the common control of Tenant or Tenant's parent corporation, or (d) any time share agreements which occupy less than twenty five percent (25%) of the Premises. This clause shall be further defined in the Lease.

Tenant shall also have the right at any time to sublease or assign all or any portion of Tenant's Premises to any unrelated entities with Landlord's consent. Sublease profits shall be split 50/50 after deducting sublease expenses. Landlord may deny consent to sublet to a current tenant of the Building or prospective tenants with whom the Landlord is then negotiating. All of the Tenant's Expansion, Renewal, and other rights are personal to Tenant and may not be transferred.

Parking: There are approximately 350 parking spaces in total at the north and south sides of the building, as well as street parking on Salt Creek Lane. North parking spaces shall be

designated for employee use, and southern spaces shall be designated for patients and visitors. No reserved spaces are available, and Landlord will not be providing valet service. Tenant may provide valet at its cost. Tenant will have (10) reserved parking spaces in the south lot near the main entrance at no cost to Tenant.

**Hazardous Materials,
Asbestos, ADA & Code
Compliance:**

Landlord is not aware of any asbestos containing materials ("ACM") that exist within the proposed Premises. If ACM is discovered during Tenant's Improvements, Landlord shall be responsible for abating such material in accordance with applicable standards, rules and regulations. Landlord is aware that ACM floor tile does exist within base building stair towers. Landlord shall be responsible for remediating if required by applicable governmental authorities.

Landlord shall provide ADA accessibility to the proposed Premises through new exterior access points to be located at grade level on the south side of the building.

Landlord shall be responsible for the Code compliance of the base building as required by governmental authorities.

Restoration of Premises:

Tenant shall leave the Premises in "as-is" broom clean condition, and Tenant shall have the right to remove any and all trade fixtures installed during the leasehold.

Building Services:

In the event of any interruption in or failure to furnish any of the services required to be furnished by the Landlord pursuant to the lease, and as a result thereof, Tenant is unable to utilize the premises during its normal business hours for the normal conduct of its business for a period of three (3) consecutive days; then rent and all other charges shall abate from the end of the third (3rd) day until the restoration of such services.

**Maintenance/Repair of
Capital Items:**

Landlord shall be responsible, on a non-pass thru basis, for replacement of items which would be considered a capital expense including construction defects, repair and replacement of the roof, and replacement of the parking areas, structure, base building plumbing systems and base building electrical systems.

**Base Building Security and
Life Safety System:**

The first floor access to the building is controlled after hours by a card access system. CCTV system and cameras are located in the First Floor entrances and common areas; the system is not actively monitored. Tenant shall be

responsible for its own security and access for its entrances at the Second Floor.

Base building contains an addressable fire panel in the First Floor common area.

Generator Pad:

Landlord will provide an on-site generator pad for Tenant's required backup power source. Size and location to be identified during schematic design. Provisions will also need to be made for two suction pumps.

Holdover:

Tenant shall have the right to remain in its Premises for up to three (3) months after the lease expiration under the same terms and conditions as the original lease. Thereafter the rate shall equal 150% of the then current gross rent. Damages associated with Tenant holding over shall be discussed at lease.

Landlord Insurance:

Landlord will carry the following:

1. 100% replacement cost "all-risk" coverage on the Building with demolition endorsement and increased cost of construction endorsement.
2. Adequate coverage for loss of income.
3. Liability and property damage coverage, including broad form contractual liability endorsement insuring Landlord's indemnity obligations under the lease.
4. Employer's liability coverage. Landlord is listed as additional insured on workers compensation policies carried for contract employees.

Certificate of Need Contingency:

The Lease shall be contingent upon Tenant's receipt of a Certificate of Need from the State of Illinois for this location. This contingency shall expire on March 1, 2015.

Janitorial:

Tenant shall, at its sole cost and expense, contract directly with its own janitorial service or alternately employ Landlord's janitorial service.

Contingency:

This Letter of Intent is subject to approval from the Hinsdale Surgical Center Board and Joint Venture Committee.

Brokerage:

Landlord recognizes Gary Fazzio and Jonathan Springer of CBRE, Inc. as Tenant's authorized exclusive agents for this lease transaction, and shall pay Broker a leasing commission as agreed upon in a separate agreement between Landlord and Broker.

Agency Disclosure: Landlord acknowledges, as required by Section 38.35 of the Illinois Real Estate Brokers and Salesman License Act, 225 ILCS 455/38.35, that Landlord has been informed, both orally and by this written disclosure that CBRE, Inc. is acting on behalf of Tenant and information given to the Broker by Landlord may be disclosed to Tenant.

Confidentiality: This proposal and all discussions and negotiations related thereto shall be held in strict confidence by Landlord and Tenant and will not be discussed with third parties except on an "as needed" basis (e.g., attorneys, agents, etc.).

Any communication, written or oral, shall be made with the express understanding that Landlord may have contractual obligations and duties that will supersede anything contained herein. This Leasing Proposal is subject to review by Landlord's capital partner, rights of existing Tenants, prior leasing obligations of the current Premises, review of Tenant's current financial statements, errors and omissions and the timely execution and delivery of a lease agreement. This Leasing Proposal is subject to withdrawal at any time and for any reason, and if accepted, is not binding on either party until all parties have executed a definitive formal lease agreement.

Please feel free to call me as questions arise regarding this proposal for Salt Creek Medical Campus, the premier medical campus destination in the western suburbs.

Sincerely,

William J. Dvorak
Director, Development Services

AGREED AND ACCEPTED THIS 16th DAY OF July 2014.

Exhibit A - Operating Expense Exclusions

Operating expenses shall not include:

- interest and principal payments on mortgage debt;
- ground rental payments;
- the cost of capital improvements;
- the costs of painting or decorating other than public areas, the costs of alterations to the premises or the premises of other tenants of the building, or the cost of any work furnished by Landlord without charge as an inducement for a tenant to lease space (i.e., free rent, improvement allowances);
- a property management fee in excess of 4% of the gross rental proceeds;
- depreciation of the Building;
- expenses, including rent, associated with maintaining a leasing or marketing office;
- salaries and other compensation of executive officers of the Landlord or Managing Agent senior to the individual Building manager;
- income or franchise taxes or other such taxes imposed or measured by the income of the Landlord from the operation of the Building;
- the cost of constructing, installing, operating or maintaining any special service or facility such as an observatory, broadcasting facility, luncheon club, athletic or recreational club, cafeteria or dining facility;
- the costs associated with utilities, services or amenities not available to all tenants or provided to any tenant to a materially greater extent or more favorable manner than generally provided to other tenants;
- the costs of correcting latent defects and defects in construction or renovation of the Building or its systems;
- the costs (including fines and penalties) to comply with laws such as ADA and environmental laws including, without limitation, laws relating to the phase-out of so-called "Freon" as a coolant;
- the cost of any work performed or service provided for which fees are charged or other compensation received;
- payments for rental items, the cost of which would constitute a capital expenditure if such equipment were purchased, however those items rented on a temporary basis to

maintain building operations shall be considered operating expenses;

- legal expenses incurred in connection with tenant leases including, without limitation, negotiations with prospective tenants and enforcing provisions of this lease or other leases in the Building;
- costs for sculptures, paintings and other objects of art located in the interior or on the exterior of the Building or immediately adjacent thereto;
- any fees and expenses paid to an agent which is related to Landlord to the extent such fees or expenses are in excess of the customary market amounts which would be paid in the absence of such a relationship;
- expenditures for repairs or maintenance which are covered by warranties, guarantees or service contracts;
- any expenditure for which the Landlord has been or is entitled to be reimbursed by third parties such as insurance companies or would have been compensated through proceeds of insurance had the Landlord maintained insurance customarily carried by similar lessors;
- the cost of any repairs, alterations, additions, changes, tools, equipment replacements and the like which under generally accepted accounting principles and practices are properly classified as capital expenditures;
- advertising, promotional and marketing expenses;
- real estate brokerage and leasing commissions;
- expenses in connection with repairs or other work occasioned by the exercise of the right of eminent domain;
- damages incurred due to the gross negligence of the Landlord;
- debt costs or the costs of financing or refinancing;
- the costs, fines or penalties incurred due to violations by the Landlord of any governmental rule or authority;
- expenses incurred by Landlord, if any, in connection with the operation, cleaning, repair, safety, management, security, maintenance or other services of any kind provided to any portions of the Building which are leased or designed to be used for retail, garage or storage purposes;
- any compensation paid to clerks, attendants or other persons in commercial concessions operated by Landlord;

- Landlord's general partnership overhead not related to management of the Building;
- contributions to operating expense reserves; and
- bad debt loss, rent loss or reserves for bad debt or rent loss.

MedProperties

Exhibit B- Landlord's Work

- a) Base Building - Existing base building conditions are as described below and shall be delivered "as-is":
 - i. Building structure and perimeter walls including windows consisting of structural steel framing, concrete floors, and a predominately brick and limestone exterior façade, and operable windows
 - ii. Concrete floors - concrete slab on metal deck
 - iii. Restroom facilities - existing men's and women's restroom facilities are located within the proposed Premises
 - iv. Electrical panels and closets, with service and distribution power boards and transformers, electrical closets are located within the Premises
 - v. Telephone closets - a telephone riser closet is located within the Premises
 - vi. Drywall at core walls, perimeter walls, and interior columns
 - vii. HVAC service and primary distribution consisting of a constant volume system with two zones per floor and baseboard perimeter heat.
 - viii. Core/common area drinking fountains - an existing hi-lo drinking fountain is located within the Premises
 - ix. Core/common area doors - all core/common area doors are to remain as-is
 - x. Stairs - two (2) existing sets of base building stairs service the floor
 - xi. Interior and exterior curbs, ramps, and walkways - all existing interior and exterior curbs, ramps, and walkways are to remain as-is. Landlord will provide on-grade level access to the Premises from the south elevation and a new entry lobby/vestibule at the south elevation as depicted on Exhibit C.
 - xii. Hardscape and landscape to remain as-is, other than those changes required for delivery of Landlord's Work.
 - xiii. Accessible parking - accessible parking will be provided by Landlord along with an entry to the parking lot south of the Premises off of Salt Creek Lane.
- b) Delivery of Premises - Premises is to be delivered in a vacant, as-is condition. Demolition of existing improvements and replacement and/or repair of any damaged building systems and core elements are by Tenant.
- c) Telephone and telecommunications - Tenant to have access to the existing closets and risers within the building to install required cabling.
- d) Smooth and level concrete floors - concrete floors to be provided in as-is condition
- e) Existing base building addressable fire alarm is currently in full service and has capacity for Tenant's connection.
- f) Life safety, life support systems, and security systems - base building life safety and security systems are to remain as-is. Tenant to provide any Tenant required life support systems.

- g) Bathrooms servicing Premises - existing base building toilet rooms servicing the Premises are to remain as-is
- h) Sprinkler infrastructure - existing fire protection system servicing the building and Premises to remain as-is. Tenant to make modifications to existing system as required for Tenant improvements.
- Wet stacks, waste lines, and drainage - existing building wet stacks, waste lines, and drainage to remain as-is, Tenant to confirm locations during design-phase of project. Location for Tenant medical waste closet to be determined during space planning.
- i) HVAC trunk - existing HVAC distribution to remain as-is
- j) Building systems brought to Premises - existing building systems serving the Premises to remain as-is
- k) Fireproofing and enclosure of any exposed structural steel - steel structure to remain as-is
- l) Scraping and patching of all walls - interior walls to remain in as-is condition
- m) Perimeter HVAC enclosures - existing HVAC enclosures, including but not limited to baseboard heat, to remain as-is
- n) Core walls and doors - all core walls and doors to remain as-is
- o) Delivery of Premises without liens or violations - Landlord to deliver Premises free of construction liens and/or Department of Buildings or Village Fire Department violations.
- p) Blinds/blind pockets - blinds/blind pockets to remain as-is
- q) Sufficient HVAC boxes and digital controls -Existing system is a constant volume system with two zones per floor.

Section IX**Criterion 1120.130, Financial Viability**

1. Financial statements for the most recent three years are attached at Attachment – 38A.
2. Pro forma financial statements for the first full fiscal year after the project achieves target utilization are attached at Attachment – 38A.
3. Financial viability worksheets for the most recent three years and the first full fiscal year after the project achieves target utilization are attached at Attachment – 38B.

The Applicant fails to meet the current ratio in 2013 or projected 2016 due to the increase in other current liabilities in 2013 and the deferred rent associated with the tenant improvement allowance. Hinsdale Surgical Center is a going concern and has never defaulted any loans and has always met its financial obligations as they become due.

Section X Economic Feasibility

Criterion 1120.140(a) Reasonableness of Financing Arrangements

A letter from Hinsdale Surgical Center certifying the estimated project costs and related costs will be funded in total or in part by borrowing is attached at Attachment – 39.

July 8, 2014

Kathryn J. Olson
Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Re: Reasonableness of Financing Arrangements

Dear Chair Olson:

I hereby certify under penalty of perjury as provided in § 1-109 of the Illinois Code of Civil Procedure, 735 ILCS 5/1-109 and pursuant to 77 Ill. Admin. Code § 1120.140(a) that a portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 1.5 times.

I further certify pursuant to 77 Ill. Admin. Code § 1120.140(b) that the selected form of debt financing for the project will be at the lowest net cost available.

Sincerely,

Michael J. Goebel
Manager
Hinsdale Surgical Center, LLC

Subscribed and sworn to me
This 16 day of July, 2014

Notary Public

Section X Economic Feasibility

Criterion 1120.140(b), Conditions of Debt Financing

A letter from Hinsdale Surgical Center certifying that the selected form of debt financing will be the lowest cost available is attached at Attachment – 39.

Section X Economic Feasibility

Criterion 1120.140(c), Reasonableness of Project and Related Costs

1. The Cost and Gross Square Feet by Department or Service table below sets forth the modernization cost and square footage allocated to each department of the proposed ASTC.

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE								
Department (list below)	A	B	C	D	E	F	G	H
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New Circ.*		Gross Sq. Ft. Mod. Circ.*		Const. \$ (A x C)	Mod. \$ (B x E)
Clinical								
ASTC	\$229.00				13,727			\$3,143,483
Contingency – Clinical	\$20.50				13,727			\$281,359
Total Clinical	\$249.50				13,727			\$3,424,842
Non-Clinical								
Stairwells	\$229.00				520			\$119,080
Mechanical Space	\$229.00				149			\$34,121
Elevator Core	\$229.00				131			\$29,999
Administrative	\$229.00				1,587			\$363,423
Public Toilets	\$229.00				474			\$108,546
Contingency – Non-Clinical	\$20.50				2,861			\$58,641
Total Non- Clinical	\$249.50				2,861			\$713,810
TOTALS	\$249.50				16,588			\$4,138,652

* Include the percentage (%) of space for circulation

2. As shown in Table 1120.310(c) below, the project costs are below the State Standard.

Table 1120.310(c)			
	Replacement ASTC	State Standard	Above/Below State Standard
Modernization Costs	\$3,424,842	$\$249.66 \times 13,727 \text{ GSF}$ \$3,427,083	Below State Standard
Contingencies	\$281,359	10% to 15% x Construction Costs = (10% x \$3,143,483) to (15% x \$3,143,483) = \$314,348 to \$471,522	Below State Standard

Table 1120.310(c)			
	Replacement ASTC	State Standard	Above/Below State Standard
Architectural/ Engineering Fees	\$48,800	6.54% to 9.82% x (Construction Contingencies) = 6.54% to 9.82% x (\$3,143,483 + \$281,359) = 6.54% to 9.82% x \$3,424,842 = \$223,985 to \$336,319	Below State Standard
Equipment	\$485,000	\$435,131.83 per operating room = \$435,131.83 x 4 operating rooms = \$1,740,527	Below State Standard
Fair Market Value of Leased Space	\$3,300,862	No State Standard	
Other Costs to be Capitalized	\$581,934	No State Standard	

Section X, Economic Feasibility Review Criteria
Criterion 1120.310(d), Projected Operating Costs

Operating Expenses: \$5,058,155

Procedures: 5,278 procedures

Operating Expense per Procedure: \$958.35

Section X, Economic Feasibility Review Criteria
Criterion 1120.310(e), Total Effect of Project on Capital Costs

Capital Costs: \$644,037

Procedures: 5,278 procedures

Capital Costs per Procedure: \$122.02

Section XI, Safety Net Impact Statement

1. The relocation of Hinsdale Surgical Center will not materially impact essential safety net service to the community. As documented in the physician referral letters attached at Appendix – 1, the procedures to be performed at the Replacement ASTC are currently performed at the Existing ASTC. No procedures will be transferred from existing hospitals or surgery centers to the Replacement ASTC.
2. The relocation of the ASTC will not impact the ability of other providers or other health care facilities to cross-subsidize safety net services. As set forth throughout this application, the Applicant proposes to relocate its existing ASTC to a modern state-of-the art facility to better serve residents of Hinsdale and surrounding areas. As noted above, no procedures will be transferred from existing hospitals or surgery centers to the Replacement ASTC.
3. The following table shows the amount of Medicaid and charity care provided over the last three years.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	2011	2012	2013
Inpatient			
Outpatient	0	0	0
Total	0	0	
Charity (cost in dollars)			
Inpatient			
Outpatient	0	\$78,521	0
Total	0	\$78,521	0
MEDICAID			
Medicaid (# of patients)	2011	2012	2013
Inpatient			
Outpatient	169	97	98
Total	169	97	98
Medicaid (revenue)			
Inpatient			
Outpatient	\$79,235	\$56,570	\$52,277
Total	\$79,235	\$56,570	\$52,277

Section XII, Charity Care Information

The amount of charity care provided by the Applicant for the latest three fiscal years is provided in the table below.

CHARITY CARE			
	2011	2012	2013
Net Patient Revenue	\$9,432,417	\$8,405,171	\$8,647,591
Amount of Charity Care (charges)	0	\$78,521	0
Cost of Charity Care	0	\$78,521	0

Appendix 1 Facility List

The list of facilities contacted is provided in the table below.

Request for Impact Statement

A copy of the letter sent to area surgical facilities regarding the Project's impact on their workload is attached at Appendix 2.

**HINSDALE SURGICAL CENTER
908 NORTH ELM STREET, SUITE 401
HINSDALE, ILLINOIS 60521**

July 15, 2014

CERTIFIED MAIL/RETURN RECEIPT

Ms. Kim Zidonis, Administrator
25 East Same Day Surgery
25 E Washington St
Chicago, IL 60602

Dear Ms. Zidonis:

I am writing on behalf of Hinsdale Surgical Center, LLC d/b/a Hinsdale Surgical Center to inform you of the proposed relocation of Hinsdale Surgical Center, an existing ambulatory surgical treatment center ("ASTC") from 908 North Elm Street, Hinsdale, Illinois to 12 Salt Creek Lane, Hinsdale, Illinois. The new ASTC will be located approximately .25 miles or 1 minute from the existing ASTC.

This is a relocation of an existing ASTC and does not involve the addition of any operating rooms. Hinsdale Surgical Center's utilization over the past two years is provided in the table below. We anticipate utilization will be approximately 5,278 cases at the new ASTC. Discontinuation and relocation will occur on or before December 31, 2015.

Year	Surgeries	Surgery Hours
2012	5,892	3,283
2013	5,540	5,466

We do not anticipate the project will significantly impact access the health care delivery system for residents of the area or significantly impact other area health care facilities as Hinsdale Surgical Center will accommodate its patient base at another nearby location. The Illinois Health Facilities and Services Review Board requires us to inform you of these plans and offer you the opportunity to provide an impact statement from your facility. A response is not required.

Please send your response within fifteen days of receipt of this letter to Henry DeVries by email, if possible, at hdevries@uspi.com. Otherwise, you can mail it to his attention at Hinsdale Surgical Center, 908 North Elm Street, Suite 401, Hinsdale, Illinois 60521. If we do not receive a response from you within fifteen days, it will be assumed that you

48295663.1
48418033.1

agree that the relocation of the surgery center will not have an adverse impact on your facility.

Sincerely,

A handwritten signature in cursive script, appearing to read "Andrew M. Cooper".

On behalf of

Hinsdale Surgical Center, LLC

Appendix 3
Certified Mail Receipts

Attached as Appendix 3 are the certified mail receipts evidencing a written request for an impact statement was sent to all existing or approved health care facilities located within 45 minutes travel time of Hinsdale Surgical Center.

Appendix 4
Physician Referral Letters

Attached as Appendix 4 are physician referral letters projecting 5,278 procedures will be performed at Hinsdale Surgical Center within the first year after project completion.

July 15, 2014

Kathryn J. Olson
Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Dear Ms. Olson:

I am a surgeon specializing in plastic and reconstructive surgery. I am writing in support of the relocation of Hinsdale Surgical Center approximately 0.25 miles southeast of its current location to 12 Salt Creek Lane, Hinsdale.

Over the past 12 months, I performed a total of 61 outpatient plastic surgery cases at Hinsdale Surgical Center. Outpatient pain management cases will constitute the majority of my work in the future. With the planned relocation of Hinsdale Surgical Center, I expect to refer 61 cases to Hinsdale Surgical Center within 12 months after project completion. Projected patient volume shall come from the proposed geographic service area of the Hinsdale Surgical Center.

These referrals have not been used to support another pending or approved certificate of need application.

The information in this letter is true and correct to the best of my knowledge.

I support the proposed relocation of the Hinsdale Surgical Center.

Sincerely,

Sami Bittar, M.D.
Plastic Surgery

Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Dear Ms. Olson:

I am an anesthesiologist specializing in pain management. I am writing in support of the relocation of Hinsdale Surgical Center approximately 0.25 miles southeast of its current location to 12 Salt Creek Lane, Hinsdale.

Over the past 12 months, I performed a total of 698 outpatient pain management cases at Hinsdale Surgical Center. Outpatient pain management cases will constitute the majority of my work in the future. With the planned relocation of Hinsdale Surgical Center, I expect to refer 698 cases to Hinsdale Surgical Center within 12 months after project completion. Projected patient volume shall come from the proposed geographic service area of the Hinsdale Surgical Center.

These referrals have not been used to support another pending or approved certificate of need application.

The information in this letter is true and correct to the best of my knowledge.

I support the proposed relocation of the Hinsdale Surgical Center.

Sincerely,

Ira Goodman, M.D.

Kathryn J. Olson
Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Dear Ms. Olson:

I am a surgeon specializing in obstetrics and gynecology. I am writing in support of the relocation of Hinsdale Surgical Center approximately 0.25 miles southeast of its current location to 12 Salt Creek Lane, Hinsdale.

Over the past 12 months, I performed a total of 57 outpatient surgery cases at Hinsdale Surgical Center. Outpatient surgery cases will constitute the majority of my work in the future. With the planned relocation of Hinsdale Surgical Center, I expect to refer 57 cases to Hinsdale Surgical Center within 12 months after project completion. Projected patient volume shall come from the proposed geographic service area of the Hinsdale Surgical Center.

These referrals have not been used to support another pending or approved certificate of need application.

The information in this letter is true and correct to the best of my knowledge.

I support the proposed relocation of the Hinsdale Surgical Center.

Sincerely,

Dwight Kett, M.D.

Dear Ms. Olson:

I am a surgeon specializing in plastic and reconstructive surgery. I am writing in support of the relocation of Hinsdale Surgical Center approximately 0.25 miles southeast of its current location to 12 Salt Creek Lane, Hinsdale.

Over the past 12 months, I performed a total of 41 outpatient plastic surgery cases at Hinsdale Surgical Center. Outpatient pain management cases will constitute the majority of my work in the future. With the planned relocation of Hinsdale Surgical Center, I expect to refer 41 cases to Hinsdale Surgical Center within 12 months after project completion. Projected patient volume shall come from the proposed geographic service area of the Hinsdale Surgical Center.

These referrals have not been used to support another pending or approved certificate of need application.

The information in this letter is true and correct to the best of my knowledge.

I support the proposed relocation of the Hinsdale Surgical Center.

Sincerely,

Richard Izquierdo, M.D.
