Saint Elizabeth Hospital 12/30/14

Dear Mr. Constantino Replacement Hospital in
OFFALON IL

I want to keep St. Elizabeth
Hospital in Belleville Illinois
because of Dr. Garch. He is one

RECEIVED

JAN 06 2015

HEALTH FACILITIES &
SERVICES REVIEW BOARD

of the better doctors who treated
me for Pneumonia every winter.
I also want to keep St. Elizabeth
Hospital in Belleville Illinois because
of ~~your~~ Outstanding ER department.
My mom would have never known
she had a broken hip if it wasn't
for Dr. Travis Whitehead. On the fifth
floor Tom is the best nurse. Dr.
Jablonski gets Gold Stars for trying
to accommodate everyone. Now

for the back apple President Maryann
Reese is holding the Belleville Carers
back she is abandoning the poor
and is only calling for an investigation
-tion into the hiring practice that
went into the selection process. She
needs to be impeached. I ~~think~~
think I speak for the frustration
when I say that Ms. Reese is

abandoning the poor. On the 4th floor
there are problems. People are let out
of the hospital too soon. I think
that Ms. Reese is ~~more~~ more

concerned with greasing her Pochet
book and less concerned with

the poor. If it wasn't for Dr.
Moulton on the 3rd floor and
his great bosses ~~it~~ we would not
have known my mom had a light

heart attack. On Friday Dec 22nd
on the 16th floor when people
and social services were pressing
her to make a decision. I say
keep St Elizabeth in Belleville, Illinois
I need this hospital for testing, pharmin
treatment, my mom needs it for her
and cancer, but please restructure the
system so the doctors and patients can
make decisions without a social
worker and impeach Maryann Reese.
She is violating the very mission the
hospital has set forth to accomplish

Chauhan

MS. Heather Anne Thompson
