Re: Section 1130.750 - Alteration to Post Permit Projects
Project #14-043- St. Elizabeth Hospital, Belleville
Permit Holders: St. Elizabeth's Hospital of the Hospital Sisters of the Third Order of St.
Francis - Hospital Sisters Health System

Dear Ms Ranalli:

This letter is in response to correspondence dated November 21, 2016 that the Illinois Health Facilities and Services Review Board ("HFSRB") received regarding an Alteration to Permit #14-043. Your letter describes changes which the permit holder considers necessary to report to the HFSRB but which do not require the approval of HFSRB prior to implementation. Based upon your correspondence, it is the State Board Staffs' opinion that the refinancing of the outstanding debt will not result in an increase in the approved project cost, result in a change in the scope or size of the project as approved, or increase the amount of funds to be borrowed for this project.

This alteration has been appropriately reported to HFSRB and do not require HFSRB approval. This determination is made in accordance with Section 1130.750 c) and d) of HFSRB rules.

Your letter and this response will be added to the project file.

Should you have any questions or concerns please contact Mike Constantino at mike.constantino@illinois.gov or 217.782-3516.

Sincerely,

A handwritten signature in cursive script that reads "Mike Constantino".
