**Subject:** [External] HSHS St. Elizabeth's Replacement Hospital

Hello Mike:

Thank you for taking the time to talk with me this morning. This will confirm that although the HSHS St. Elizabeth's applications for a replacement hospital and ambulatory care building (#14-043/#14-044) did refer to the hospital integrating the volume from the urgi-care clinic located in an existing building on the campus in O'Fallon, it is acceptable for the urgi-care clinic to remain open after the replacement hospital opens. No notice or alteration is required, noting that the application(s) did not say the urgi-care clinic would close, and that St. Elizabeth's emergency department volume has increased.

Thank you.
