Illinois Health Facilities and Services Review Board
525 West Jefferson Street (2nd Floor)
Springfield, IL 62761

Dear Review Board:

This is to inform you that as a practicing physician in Danville, for the past 35 years I have been quite satisfied with high quality services that Danville Dialysis Services provide to my patients. A new facility will undermine the financial stability of the existing dialysis facility and will unnecessarily dilute dialysis services in Danville. Therefore, I oppose the granting of permission to build a second dialysis center in Danville, Illinois.

Should you have any questions or need any further information, please feel free to contact my office at 217-431-4290

Thank you,

J C Soni, M.D.

HEALTH FACILITIES &
SERVICES REVIEW BOARD

Dear Review Board:

I oppose the granting of the permission to build a second dialysis center in Danville, Illinois for the following reasons:

- Danville Dialysis Services and Dr. Sodhi have always provided high quality and accessible services to my patients.
- Danville Dialysis Services has capacity to accommodate more patients.
- A new facility will only undermine the financial stability of the existing dialysis facility which has served this community very well.
Unused capacity should be used first.
- Whenever I have referred patients to Dr. Sodhi/Danville Dialysis Services, those patients have been well taken care of and their needs have been served.

Granting such an application would unnecessarily dilute dialysis services in Danville.

In summary, there is no need for the proposed facility to be built and there is a very real concern that if it is built, Danville Dialysis Services will be forced out of business.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. A. Sadia, M.D.'.

RAJA A. SADIA, M.D.

Re: Certificate of Need Application

Dear Review Board,

I am writing to express my concern for the recent application for Certificate of Need submitted to open an additional outpatient dialysis clinic in Danville, IL.

It is my belief that this is not a needed service in our community. This would jeopardize viability of our existing dialysis services offered by Danville Dialysis Service. Dr. Sodhi and his staff have been providing quality nephrology care and services to our community for 38 years. He opened his outpatient clinic in 2002 and has met, and continues to meet the complex needs of the renal patients in our community and the surrounding area. This facility has the capacity to accommodate more patients. It is my thought that we should utilize this clinic to its capacity first before granting any application for duplication of services.

To summarize, I respectfully request that you deny the Certificate of Need application, as I strongly believe Danville Dialysis does an excellent job of meeting the needs of the patient's and their families in our community. I do not support offering another dialysis clinic in Danville, IL, as this may force this valuable resource out of business.

Thank you,

Dr. Ismail Bobat, MD, MS,
Pulmonary Medicine,
PUSMC Intensive Care Medical Director
