ATTESTATION OF OFFICER OF APPLICANT REGARDING TARGET UTILIZATION

I, Pamela Bell, administrator of Presence Lakeshore Gastroenterology, do hereby attest that the proposed ambulatory surgery center will reach target utilization of 1500 hours per surgery/procedure room within two years after beginning operations. My belief is based on the referral letter provided by the physician practice group which will be referring patients to the surgery center.

ATTESTATION OF OFFICER OF APPLICANT REGARDING PAYER SOURCE

I, Pamela Bell, Administrator, Presence Lakeshore Gastroenterology, do hereby attest that the proposed surgery center will accept all patients, regardless of payer source.

In addition, Presence Holy Family will not, without first obtaining a CON permit, provide outpatient gastroenterology services as long as the proposed surgery center is in operation on the Presence Holy Family campus. However, it will provide gastroenterology services to an inpatient when medically necessary. In addition, if a patient is referred to Presence Holy Family for gastroenterology procedures because the patient is not medically cleared to have such services performed in an outpatient setting, it will provide such services.
