DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

☒ Substantive☐ Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

The project proposes discontinuation of a 5 bed pediatric service. The utilization of the pediatric beds over the past three (3) years has been zero. Although Gateway does have an OB service, which is active and growing, has an acute mental illness unit that treats patients under 14 years of age and does have pediatricians on staff it has not seen the need to admit inpatient pediatrics. Rather those children who have an acuity level that required inpatient care beyond what can be provided by Gateway in its medical/surgical beds on limited occasions are referred to St. Louis specialty childrens hospitals, two of which are approximately eighteen (18) minutes away. Thus, there is no need for the service. Gateway will continue to care for children on an outpatient basis as necessary, and to admit an occasional patient under 15 to a medical surgical bed for a limited stay as necessary based on acuity level.

The space will be used for expansion of the medical-surgical inpatient treatment area (no new rooms or beds – just slightly expanded space).

The project is substantive under the Board's rules as it proposes discontinuation of a category of service.

The project has no cost.

Project Costs and Sources of Funds NONE.

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

SECTION II. DISCONTINUATION

This Section is applicable to any project that involves discontinuation of a health care facility or a category of service. **NOTE:** If the project is solely for discontinuation and if there is no project cost, the remaining Sections of the application are not applicable.

Criterion 1110.130 - Discontinuation

READ THE REVIEW CRITERION and provide the following information:

GENERAL INFORMATION REQUIREMENTS

1. Identify the categories of service and the number of beds, if any that is to be discontinued.
2. Identify all of the other clinical services that are to be discontinued.
3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.
4. Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.
5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.
6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

REASONS FOR DISCONTINUATION

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

IMPACT ON ACCESS

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.
2. Document that a written request for an impact statement was received by all existing or approved health care facilities (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.
3. Provide copies of impact statements received from other resources or health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	Year	Year	Year

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information MUST be furnished for ALL projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three audited fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care must be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care

Section 1110.130 Discontinuation of Authorized Pediatric Inpatient Beds

GENERAL INFORMATION REQUIREMENTS

1. *Identify the categories of service and the number of beds, if any that is to be discontinued.*

Gateway Regional Medical Center currently provides a pediatric service that includes 5 authorized pediatric beds. The Hospital is proposing to continue to provide pediatric services on an outpatient basis but to discontinue the 5 authorized pediatric beds. During the last 2 years (2012 and 2013), there has been no volume in the pediatric beds. Some patients under 14 were admitted for overnight stays, but in medical surgical beds.

2. *Identify all of the other clinical services that are to be discontinued.*

None

3. *Provide the anticipated date of discontinuation for each identified service or for the entire facility.*

The pediatric beds will be discontinued at the time that this certificate of need is approved by the Health Facilities and Services Review Board.

4. *Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.*

Gateway expects that the space vacated by the 5-bed pediatric inpatient unit will be used for non-clinical functions with no associated modernization cost.

5. *Provide the anticipated disposition and location of all medical records pertaining to pediatric inpatient utilization.*

All paper medical records related to pediatric patients will be scanned and stored for many years. All paper records will be destroyed after 90 days. The electronic medical records will be maintained according to the Hospital's current medical records policy which will continue to meet all licensure and regulatory requirements.

6. *For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g. annual questionnaires, capital expenditures, surveys, etc.) will be provided through the date of discontinuation and that the required information will be submitted no later than 60 days following the date of discontinuation.*

Not Applicable.

REASONS FOR DISCONTINUATION

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See Criterion 1110.130 (b) for examples.

The basis for the request to discontinue is low volume / no need.

For the last several years, almost all pediatric patients requiring inpatient care from either Gateway or its Medical Staff physician practices have been referred to children's hospitals and especially SSM Cardinal Glennon Children's Medical Center, St. Louis Children's Hospital, and St. John's Mercy Hospital in St. Louis, Missouri. Gateway has transfer agreements with the children's hospitals in St. Louis. This shift of care to specialized children's hospitals is consistent with national experience.

There are 3 existing hospitals in Illinois within 45 minutes travel time, based on Mapquest normal drive times, of Gateway with authorized pediatric beds that have excess capacity to serve pediatric patients. Two of them have an application to discontinue the service pending.

IMPACT ON ACCESS

1. *Document that the discontinuation of Gateway's authorized pediatric beds will not have an adverse effect upon access to care for the residents of the facility's market area.*

The available pediatric beds in the Hospital's market area could support the current annual utilization of zero days at the unit proposed for discontinuation at Gateway.

2. *Document that a written request for an impact statement was received by all existing or approved hearth care facilities (that provide inpatient pediatric services located within 45 minutes travel time of the applicant facility)*

Gateway sent letters to the area hospitals with authorized pediatric beds within 45-minute travel time of Gateway requesting a statement of the impact the discontinuation would have on each respective facility. These letters, in addition to the documentation that the letters were sent return receipt requested and the letters received by Gateway in response are included in Appendix A, attached to this application. No Hospitals that have responded to date have indicated a negative impact relating to the proposed pediatric discontinuation. Any letters received from other area pediatric providers after this application is filed will be forwarded to the State Agency upon receipt.

Safety Net

1. The discontinuation of the pediatric inpatient service will not impact other area providers, since Gateway's service has had no volume over the past two (2) years.
2. The applicants have no knowledge regarding cross subsidization of services.

Re: Discontinuation of 5 Bed Pediatric Service

Dear Ms. Reese,

I am writing to inform you that Gateway Regional Medical Center plans to file a Certificate of Need application with the Health Facilities and Services Review Board, seeking approval to discontinue its five (5) bed category of service. As part of this process, I am writing to ask you to advise us whether you believe this discontinuation will have any impact on your facility, or its pediatric bed category of service.

For your information, the volume in our pediatric beds has been zero in years 2013 and 2014. We do not see this changing, which is one of the reasons we are planning to discontinue the service. However, please advise us if you believe your facility would have the capacity (or would not have capacity) to serve residents of the planning area requiring this service. Also, if you believe there are restrictions in the planning area preventing area residents from receiving appropriate pediatric services, please advise us.

Per the rules of the Health Facilities and Services Review Board, if you do not respond to this request within fifteen days of receipt, it is assumed there is no impact on your facility.

Thank you for your consideration.

Sincerely,

M. Edward Cunningham, CEO
