DESCRIPTION OF PROJECT

1. Project Classification

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

☐ Substantive

X Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

NorthShore University HealthSystem has acquired, and upon approval of this Certificate of Need application, intends to expand and renovate a former restaurant building to serve as a medical clinics building (MCB). The sole clinical service, per IHFSRB definitions, to be included in the MCB will be a specimen collection and laboratory area of 245 square feet.

This is a non-substantive application because it does not address the establishment or discontinuation of any IDPH-designated category of service, and the services to be provided in the MCB will be limited to outpatients.

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project X Yes ☐ No
Purchase Price: $_5,000,000_____
Fair Market Value: $_____

The project involves the establishment of a new facility or a new category of service
☐ Yes X No

If yes, provide the dollar amount of all **non-capitalized** operating start-up costs (includir operating deficits) through the first full fiscal year when the project achieves or exceeds the targ utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is $ _____.

Project Status and Completion Schedules

For facilities in which prior permits have been issued please provide the permit numbers.

Indicate the stage of the project's architectural drawings:

☐ None or not applicable ☐ Preliminary

X Schematics ☐ Final Working

Anticipated project completion date (refer to Part 1130.140): __June 30, 2017_____

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

☐ Purchase orders, leases or contracts pertaining to the project have been executed.
☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
X Project obligation will occur after permit issuance.

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:

X Cancer Registry
X APORS
X All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
X All reports regarding outstanding permits

Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

SECTION III – BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 – Background, Purpose of the Project, and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.

2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.

3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**

4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.

2. Define the planning area or market area, or other, per the applicant's definition.

3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]

4. Cite the sources of the information provided as documentation.

5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.

6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

1) Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

A) Proposing a project of greater or lesser scope and cost;

B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;

C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and

D) Provide the reasons why the chosen alternative was selected.

2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IV - PROJECT SCOPE, UTILIZATION, AND UNFINISHED/SHELL SPACE

Criterion 1110.234 - Project Scope, Utilization, and Unfinished/Shell Space

READ THE REVIEW CRITERION and provide the following information:

SIZE OF PROJECT:

1. Document that the amount of physical space proposed for the proposed project is necessary and not excessive. **This must be a narrative.**

2. If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following::

    a. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;

    b. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix B;

    c. The project involves the conversion of existing space that results in excess square footage.

Provide a narrative for any discrepancies from the State Standard. A table must be provided in the following format with Attachment 14.

SIZE OF PROJECT				
DEPARTMENT/SERVICE	PROPOSED BGSF/DGSF	STATE STANDARD	DIFFERENCE	MET STANDARD?

APPEND DOCUMENTATION AS ATTACHMENT-14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

PROJECT SERVICES UTILIZATION:

Not applicable. Project does not involve services with utilization standards.

This criterion is applicable only to projects or portions of projects that involve services, functions or equipment for which HFSRB has established utilization standards or occupancy targets in 77 Ill. Adm. Code 1100.

Document that in the second year of operation, the annual utilization of the service or equipment shall meet or exceed the utilization standards specified in 1110.Appendix B. **A narrative of the rationale that supports the projections must be provided.**

A table must be provided in the following format with Attachment 15.

UTILIZATION					
	DEPT./ SERVICE	HISTORICAL UTILIZATION (PATIENT DAYS) (TREATMENTS) ETC.	PROJECTED UTILIZATION	STATE STANDARD	MET STANDARD?
YEAR 1					
YEAR 2					

APPEND DOCUMENTATION AS ATTACHMENT-15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

UNFINISHED OR SHELL SPACE:

Not applicable. Project does not involve unfinished or shell space.

Provide the following information:

1. Total gross square footage of the proposed shell space;

2. The anticipated use of the shell space, specifying the proposed GSF tot be allocated to each department, area or function;

3. Evidence that the shell space is being constructed due to
   a. Requirements of governmental or certification agencies; or
   b. Experienced increases in the historical occupancy or utilization of those areas proposed to occupy the shell space.

4. Provide:
   a. Historical utilization for the area for the latest five-year period for which data are available; and
   b. Based upon the average annual percentage increase for that period, projections of future utilization of the area through the anticipated date when the shell space will be placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

ASSURANCES:

Submit the following:

1. Verification that the applicant will submit to HFSRB a CON application to develop and utilize the shell space, regardless of the capital thresholds in effect at the time or the categories of service involved.

2. The estimated date by which the subsequent CON application (to develop and utilize the subject shell space) will be submitted; and

3. The anticipated date when the shell space will be completed and placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

O. Criterion 1110.3030 - Clinical Service Areas Other than Categories of Service

1. Applicants proposing to establish, expand and/or modernize Clinical Service Areas Other than Categories of Service must submit the following information:
2. Indicate changes by Service: Indicate # of key room changes by action(s):

Service	# Existing Key Rooms	# Proposed Key Rooms
☐		
☐		
☐		

3. READ the applicable review criteria outlined below and **submit the required documentation for the criteria:**

PROJECT TYPE	REQUIRED REVIEW CRITERIA	
New Services or Facility or Equipment	(b) –	Need Determination – Establishment
Service Modernization	(c)(1) –	Deteriorated Facilities
		and/or
	(c)(2) –	Necessary Expansion

	(c)(3)(B) –	Utilization – Service or Facility
APPEND DOCUMENTATION AS <u>ATTACHMENT-34,</u> IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.		

The following Sections DO NOT need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- **Section 1120.120 Availability of Funds – Review Criteria**
- **Section 1120.130 Financial Viability – Review Criteria**
- **Section 1120.140 Economic Feasibility – Review Criteria, subsection (a)**

VIII. - 1120.120 - Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

_$8,644,557_	a)	Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to: 1) the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and 2) interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	b)	Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
_____	c)	Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
_____	d)	Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including: 1) For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated; 2) For revenue bonds, proof of the feasibility of securing the specified amount and interest rate; 3) For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.; 4) For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment; 5) For any option to lease, a copy of the option, including all terms and conditions.
_____	e)	Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
_____	f)	Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
_____	g)	All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.
$8,644,557	**TOTAL FUNDS AVAILABLE**	

APPEND DOCUMENTATION AS ATTACHMENT-36, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

IX. 1120.130 - Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. **"A" Bond rating or better**
2. **All of the projects capital expenditures are completely funded through internal sources**
3. **The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent**
4. **The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.**

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Not applicable. Applicant holds an "A" bond rating.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide Data for Projects Classified as:	Category A or Category B (last three years)			Category B (Projected)
Enter Historical and/or Projected Years:				
Current Ratio				
Net Margin Percentage				
Percent Debt to Total Capitalization				
Projected Debt Service Coverage				
Days Cash on Hand				
Cushion Ratio				

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 38, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

X. 1120.140 - Economic Feasibility

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or

2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:

A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or

B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

Not applicable. No debt is to be used.

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

1) That the selected form of debt financing for the project will be at the lowest net cost available;

2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;

3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. **Reasonableness of Project and Related Costs**

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE

Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Cost/Square Foot Mod.	Gross Sq. Ft. New	Gross Sq. Ft. Circ.*	Gross Sq. Ft. Mod.	Gross Sq. Ft. Circ.*	Const. $ (A x C)	Mod. $ (B x E)	
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

D. **Projected Operating Costs**

Not applicable due to nature of the project.

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. **Total Effect of the Project on Capital Costs**

Not applicable due to nature of the project.

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:

Not applicable. Project is non-substantive and does not involve discontinuation.

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.

2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.

3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.

2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.

3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

XII. Charity Care Information

Charity Care information MUST be furnished for ALL projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.

2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.

3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care must be provided at cost.

Dear Mr. Axel:

This letter is to inform you that we have reviewed the information provided concerning the referenced project.

Our review of the records indicates that no historic, architectural or archaeological sites exist within the project area.

Please retain this letter in your files as evidence of compliance with Section 4 of the Illinois State Agency Historic Resources Preservation Act (20 ILCS 3420/1 et. seq.). This clearance remains in effect for two years from date of issuance. It does not pertain to any discovery during construction, nor is it a clearance for purposes of the Illinois Human Skeletal Remains Protection Act (20 ILCS 3440).

If you have any further questions, please contact me at 217/785-5031.

Sincerely,

Rachel Leibowitz, Ph.D.

PURPOSE OF PROJECT

The proposed project is limited to the establishment of a Medical Clinics Building (MCB) in Lake Forest, Illinois. The MCB will provide office space, when fully staffed, for 16-20 primary care physicians, using those offices on a full-time basis. In addition, other specialists will use the offices on a more limited basis. As a result of this project's locating physicians in Lake Forest, the health care and well-being of area residents will be improved.

It is anticipated that the majority of patients using the proposed MCB will reside in the area bounded on the north by highway 137, on the west by I-94, on the south by highway 22, and on the east by Lake Michigan. That area generally includes the following ZIP Codes: 60088, 60044, 60045, 60069, and 60037.

The goal of the proposed project is to provide contemporary and easily accessible office space for NorthShore Medical Group physicians. Upon the opening of the MCB, that goal, as it relates to the market area identified above, will be met.

ALTERNATIVES

Due to the limited nature of the proposed project and the applicant's need to provide additional physician office space, aside from the selection of an alternative site, other alternatives were not considered. Had a different site in the area been selected, the capital cost associated with the alternative project would likely be either higher or lower than that of the proposed project, the quality of care provided would be identical to that of the proposed project, and access and associated operating costs would have been similar to those associated with the proposed project.

SIZE

The proposed project does not include any areas having IHFSRB-adopted space standards. The facility planning of the MCB was completed by a team having experience with the design of MCBs, and the space to be provided is necessary and not excessive.

The building, as currently configured, contains approximately 18,700 square feet. The building consists of a lower level, with three floors above. The first and second floors are currently designed for use as a restaurant, and will be re-designed as physicians' offices and support space. The lower level is configured as storage space for the restaurant and as mechanical spaces. The lower level will, upon completion of the project, be consumed largely by mechanical spaces, staff support space, and meeting rooms. The third floor is currently configured as a private office suite, and renovation to that floor will be limited to the "neutralizing" of that space. Consistent with an agreement with the City of Lake Forest, physicians' offices and patient care services will be provided only on the first (street level) and second floors. In addition, the first and second floors will be expanded (new construction) to provide additional physicians' office space on those levels.

CLINICAL SERVICE AREAS OTHER THAN CATEGORIES OF SERVICE

The proposed project involves only one clinical area, per the IHFSRB definition of clinical areas. A small clinical laboratory/specimen collection area will be located on the first floor. Based on NorthShore's experience with MCB's having offices of a physician complement similar to that of the proposed MCB, it is anticipated that approximately 13,000 patients will utilize this area during the first year following the project's completion, increasing to approximately 15,000 patients using the area during the following year.

Rating Update: Moody's affirms NorthShore University HealthSystem's (IL) Aa2 and Aa2/VMIG 1; outlook stable

Global Credit Research - 07 Oct 2014

Action affects $300M of debt

Opinion

NEW YORK, October 07, 2014 --Moody's Investors Service has affirmed the Aa2 and Aa2/VMIG 1 bond ratings on NorthShore University HealthSystem's (NorthShore) outstanding bonds as listed in the RATED DEBT section. The rating outlook is stable.

SUMMARY RATINGS RATIONALE

The Aa2 long-term rating is based on NorthShore University HealthSystem's good geographic coverage with four hospitals in attractive service areas and a close integration with a large physician group, very advanced IT strategy, strong investment position that supports a moderate debt load, and recent rebound in operating margins. Challenges include the presence of competition and heightened consolidation activities in the broader service area, and a comparatively less liquid asset allocation. The VMIG 1 short-term rating is based on the provision of standby bond purchase agreements with several banks to support unremarketed tenders of variable rate bonds, as listed below.

NorthShore and Advocate Health Care (Aa2 stable) announced their intention to merge, which is credit positive for both organizations as they combine to form Advocate NorthShore Health Partners. The systems' aligned strategies, proven management, and strong financial resources will position the new organization to meet the challenges of a rapidly changing industry. The combination, expected to close the beginning of CY 2015, will create the largest health system in Illinois and one of the largest among Moody's-rated health systems nationally with almost $7 billion in total revenue. Because the transaction has not yet closed, it is not incorporated into the current credit assessment.

STRENGTHS

*NorthShore maintains a strong balance sheet position with 289 days of cash on hand and 363% cash-to-debt as of June 30, 2014.

*The system has a leading market share of 22% in an attractive service area with a large commercial patient base. The system's strong market position and patient demand is supported by a centralized and integrated patient care model, a large consolidated employed multi-specialty and primary care medical group, and very advanced information technology capabilities.

*The debt position is low, resulting in strong adjusted debt measures including a favorably low 20% debt-to-operating revenue and 1.2 times debt-to-cashflow and very strong 12.9 times peak debt service coverage based on 9-month annualized fiscal year 2014 results. There are no plans for additional debt.

*The system quickly implemented initiatives to improve operating performance through nine months of fiscal year 2014 to a solid 11.4% operating cashflow margin.

*NorthShore has manageable debt structure risks with almost 500% cash-to-demand debt and diversification of banks and facility expiration dates, which mitigates a relatively high 66% variable rate debt exposure (as of fiscal year end 2013).

CHALLENGES

*Cash and investments are comparatively less liquid with 59% available monthly, driven by a 30% allocation to alternative investments (as of fiscal year end 2013)

*The system faces competition from several hospitals in the broader service area and there has been an increase in the pace of consolidation across the region.

DETAILED CREDIT DISCUSSION

LEGAL SECURITY: The bonds are unsecured obligations of the Corporation, which includes Evanston Hospital, Glenbrook Hospital, Highland Park Hospital, and Skokie Hospital.

INTEREST RATE DERIVATIVES: None

RECENT DEVELOPMENTS/RESULTS

NorthShore maintains a solid market position and good geographic coverage in an attractive service area, despite competition and increasing hospital consolidation in the secondary service area. NorthShore maintains a leading and generally stable market share of approximately 22% in a 50-zip code area centered around Evanston, IL and the area north and west of Evanston.

The system benefits from its tightly integrated model comprised of four hospitals, a large 900-physician employed medical group, and an independent practice association (IPA) which includes the medical group and 500 affiliated physicians. The system continues to advance key strategic initiatives, including physician alignment, ambulatory growth, and information technology. NorthShore's employed and aligned physician model has been a consistent strategy for many years, enabling the development of a highly integrated and consolidated physician staff and platform to integrate new physicians into the organization quickly and efficiently.

NorthShore's very advanced information technology strategies and investments have supported the system's strategies related to physician alignment, quality of patient care and clinical outcomes, and building a distinct brand based on a uniform customer experience. Additionally, these capabilities position the system to meet the goals of healthcare reform, providing higher quality at a lower cost, and position the system for population management. NorthShore fully implemented electronic medical records ten years ago, which allows standardized clinical protocols, centralized scheduling, electronic scheduling, among other benefits that aim to improve quality of care and patient satisfaction. Among the leading health systems in the country, NorthShore is now on the forefront of developing data analytics capabilities, including the ability to do predictive modeling of patient populations.

Fiscal year 2013 ended as expected with a 8.6% operating cashflow margin, based on nine-month performance that was the basis for the last report. The decline from 2012 was driven by inpatient volume declines, higher costs related to physician practice acquisition, and higher insurance expenses.

The system responded to lower margins quickly and effectively, as reflected in significant operating improvement through nine months of fiscal year 2014. Through nine months, admissions declined by 2.5%; including observation cases, total inpatient volume was up 0.4%, which is generally better than the trend in the broader market. Excluding investment income (which the system includes as support for operations as part of a spending rate policy), operating income was $70 million (4.9%) through the nine months ended June 30, 2014, compared with $20 million (1.5%) for nine months ended June 30, 2013. Operating cashflow was $162 million (11.4%), compared with $114 million (8.5%) in the prior year period.

NorthShore has implemented sizable cost reductions of approximately $60 million including initiatives related to early retirement and a workforce reduction, as well as supply and other costs. Effective December 31, 2013 the defined benefit pension plan was frozen to all employees, reducing pension expense next year.

NorthShore's strong balance sheet is likely to be maintained. Capital spending is expected to increase to approximately $200 million annually, higher than recent history but under operating cashflow expected in fiscal year 2014. The largest projects relate to finishing investments in the Skokie campus, including a surgical pavilion, ambulatory care center and infrastructure investments, as well as modernization projects at Highland Park. No new debt is anticipated.

OUTLOOK

The stable rating outlook reflects our expectations that NorthShore will sustain recent improvement in operating margins and maintain balance sheet strength.

WHAT COULD CHANGE THE RATING UP

Given the system's high rating category and location in a single region, there is a low likelihood of a rating upgrade in the short-term. Longer-term, a rating upgrade may be considered with significant and sustained improvement in operating margins and absolute cash flow generation, growth in market share to provide a distinct leading position, and significant diversification of cash flow among multiple markets.

WHAT COULD CHANGE THE RATING DOWN

A rating downgrade will be considered if the system's margins decline from FY 2014 interim levels or investments decline notably; while not expected, a significant increase in debt without cashflow growth could cause a downgrade.
