Community Health Systems, Inc is “spinning off” the above named health care facilities to Quorum Health Corporation. This transaction is considered a change of ownership of a health care facility under the Health Facilities Planning Act (20 ILCS 3960). A “spin off” is the creation of an independent company through the sale or distribution of new shares of an existing business or division of a parent company. A spinoff is a type of divestiture. The spin-off transaction will create a new, publicly traded company (Quorum Health Corporation) that will own or lease and operate 38 hospitals and outpatient services. This transaction is a stock transfer resulting in no change from the current licensees.

2. Public Hearing

No public hearing was requested and no letters of support and opposition were received by the State Board Staff.

3. Public Act 99-0154

Public Act 99-0154 became law July 29, 2015 and is effective immediately. This Act states that an application for a change of ownership need not contain a signed transaction document so long as the application contains the following:

- name and background of the parties

- structure of the transaction
- person who will be the licensed or certified entity both prior to and after the transaction
- fair market value of assets transferred
- purchase price or other consideration for the assets

The State Board cannot impose any conditions or restrictions, including;

- the time period for a subsequent change of ownership; or
- a commitment to continue to offer a service for a specified period of time after the change of ownership occurs.
