**ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD
APPLICATION FOR PERMIT**

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

RECEIVED

This Section must be completed for all projects.

MAY 19 2016

**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

Facility/Project Identification

Facility Name: Dialysis Care Center Olympia Fields		
Street Address: 3322 Vollmer Rd, Suite 3,		
City and Zip Code: Olympia Fields, IL, 60461-1179		
County: Cook	Health Service Area 7	Health Planning Area: 7

Applicant Identification

[Provide for each Applicant [refer to Part 1130.220].

Exact Legal Name: Dialysis Care Center Olympia Fields, LLC.
Address: 15786 S Bell Rd, Homer Glen, IL, 60491
Name of Registered Agent: Harvard Business Services, Inc.
Name of Chief Executive Officer: Morufu O Alausa M.D.
CEO Address: 15786 S Bell Rd, Homer Glen, IL 60491
Telephone Number: 630-697-1414

Type of Ownership of Applicant

<input type="checkbox"/> Non-profit Corporation	<input type="checkbox"/> Partnership
<input type="checkbox"/> For-profit Corporation	<input type="checkbox"/> Governmental
<input checked="" type="checkbox"/> Limited Liability Company	<input type="checkbox"/> Sole Proprietorship <input type="checkbox"/> Other
<ul style="list-style-type: none">o Corporations and limited liability companies must provide an Illinois certificate of good standing.o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.	
APPEND DOCUMENTATION AS ATTACHMENT-1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Co-Applicant Identification**[Provide for each co-applicant [refer to Part 1130.220].**

Exact Legal Name: Dialysis Care Center Holdings LLC
Address: 15786 S Bell Rd , Homer Glen, IL, 60491
Name of Registered Agent: Harvard Business Services, Inc.
Name of Chief Executive Officer: Morufu O Alausa M.D.
CEO Address: 15786 S Bell Rd, Homer Glen, IL 60491
Telephone Number: 630-697-1414

Type of Ownership of /Co-Applicant

<input type="checkbox"/> Non-profit Corporation	<input type="checkbox"/> Partnership
<input type="checkbox"/> For-profit Corporation	<input type="checkbox"/> Governmental
<input checked="" type="checkbox"/> Limited Liability Company	<input type="checkbox"/> Sole Proprietorship <input type="checkbox"/> Other

E-mail Address: shazzad@kidneycare.com
Fax Number: 708-645-1001

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: Meridian Investment Partners, LLC.
Address of Site Owner: C/O Salman Azam, ESQ. 333 N Michigan Ave, Suite 1815, Chicago, IL, 60651
Street Address or Legal Description of Site: 3322 Vollmer Rd, Suite 3, Olympia Fields, IL, 60461-1179
(See LOI for Legal Description of site)

APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Dialysis Care Center Olympia Fields, LLC	
Address: 15786 S Bell Rd, Homer Glen, IL 60491	
<input type="checkbox"/> Non-profit Corporation	<input type="checkbox"/> Partnership
<input type="checkbox"/> For-profit Corporation	<input type="checkbox"/> Governmental
<input checked="" type="checkbox"/> Limited Liability Company	<input type="checkbox"/> Sole Proprietorship <input type="checkbox"/> Other
<ul style="list-style-type: none">o Corporations and limited liability companies must provide an Illinois Certificate of Good Standing.o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.o Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.	

APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at www.FEMA.gov or www.illinoisfloodmaps.org. **This map must be in a readable format.** In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (<http://www.hfsrb.illinois.gov>).

APPEND DOCUMENTATION AS ATTACHMENT -5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT

1. Project Classification

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- ☒ Substantive
☐ Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

Dialysis Care Center Olympia Fields, LLC proposes to establish a 11 station in center hemodialysis (ESRD) facility to be located at 3322 Vollmer Rd, Suite 3, Olympia Fields, IL, 60461.

The proposed facility is to be in a leased space in a location where the shell of the unit exists. The utilization of this space will allow the applicants to establish this new facility at a dramatically lower cost compared to building a new facility from the ground up, in its entirety thereby making a much more effective use of healthcare expenditures.

Dialysis Care Center Olympia Fields, LLC will be in HSA 7, as of March, 30, 2016 station inventory there is a determined need for 57 additional stations in this HSA

The applicants believe that this is a "substantive" project since it constitutes the establishment of service as defined by Administrative Code.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Preplanning Costs			
Site Survey and Soil Investigation			
Site Preparation			
Off Site Work			
New Construction Contracts			
Modernization Contracts	\$340,000		\$340,000
Contingencies	\$10,000		\$10,000
Architectural/Engineering Fees			
Consulting and Other Fees			
Movable or Other Equipment (not in construction contracts)	\$350,000		\$350,000
Bond Issuance Expense (project related)			
Net Interest Expense During Construction (project related)			
Fair Market Value of Leased Space or Equipment	\$292,000		\$292,000
Other Costs To Be Capitalized			
Acquisition of Building or Other Property (excluding land)			
TOTAL USES OF FUNDS	\$992,000		\$992,000
SOURCE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Cash and Securities	\$700,000		\$700,000
Pledges			
Gifts and Bequests			
Bond Issues (project related)			
Mortgages			
Leases (fair market value)	\$292,000		\$292,000
Governmental Appropriations			
Grants			
Other Funds and Sources			
TOTAL SOURCES OF FUNDS	\$992,000		\$992,000
NOTE: ITEMIZATION OF EACH LINE ITEM MUST BE PROVIDED AT ATTACHMENT-7, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project ☐ Yes ☒ No
Purchase Price: \$ _____
Fair Market Value: \$ _____

The project involves the establishment of a new facility or a new category of service
☒ Yes ☐ No

If yes, provide the dollar amount of all **non-capitalized** operating start-up costs (including operating deficits) through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is \$ 25,000.

Project Status and Completion Schedules

For facilities in which prior permits have been issued please provide the permit numbers.

Indicate the stage of the project's architectural drawings:

☒ None or not applicable ☐ Preliminary
☐ Schematics ☐ Final Working

Anticipated project completion date (refer to Part 1130.140): 6/31/2017

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

- ☐ Purchase orders, leases or contracts pertaining to the project have been executed
☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
☒ Project obligation will occur after permit issuance.

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:

- ☐ Cancer Registry
☐ APORS
☐ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
☐ All reports regarding outstanding permits

Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

Dept. / Area	Cost	Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
		Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
REVIEWABLE							
Medical Surgical							
Intensive Care							
Diagnostic Radiology							
MRI							
Total Clinical							
NON REVIEWABLE							
Administrative							
Parking							
Gift Shop							
Total Non-clinical							
TOTAL							

APPEND DOCUMENTATION AS ATTACHMENT-9, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Facility Bed Capacity and Utilization

Section Not Applicable

Complete the following chart, as applicable. Complete a separate chart for each facility that is a part of the project and insert following this page. Provide the existing bed capacity and utilization data for the latest **Calendar Year for which the data are available. Include observation days in the patient day totals for each bed service.** Any bed capacity discrepancy from the Inventory will result in the application being deemed **incomplete**.

FACILITY NAME:		CITY:			
REPORTING PERIOD DATES: From: to:

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- in the case of a corporation, any two of its officers or members of its Board of Directors;
- in the case of a limited liability company, any two of its managers or members (or the sole manager or member when two or more managers or members do not exist);
- in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- in the case of a sole proprietor, the individual that is the proprietor.

This Application for Permit is filed on the behalf Dialysis Care Center Olympia Fields, LLC * in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.

SECTION II. DISCONTINUATION

Section Not Applicable

This Section is applicable to any project that involves discontinuation of a health care facility or a category of service. **NOTE:** If the project is solely for discontinuation and if there is no project cost, the remaining Sections of the application are not applicable.

Criterion 1110.130 - Discontinuation

READ THE REVIEW CRITERION and provide the following information:

GENERAL INFORMATION REQUIREMENTS

1. Identify the categories of service and the number of beds, if any that is to be discontinued.
2. Identify all of the other clinical services that are to be discontinued.
3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.
4. Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.
5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.
6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

REASONS FOR DISCONTINUATION

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

IMPACT ON ACCESS

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.
2. Document that a written request for an impact statement was received by all existing or approved health care facilities (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.
3. Provide copies of impact statements received from other resources or health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION III – BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 – Background, Purpose of the Project, and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

- 1) Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

- A) Proposing a project of greater or lesser scope and cost;
- B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
- C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
- D) Provide the reasons why the chosen alternative was selected.

- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

- 3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IV - PROJECT SCOPE, UTILIZATION, AND UNFINISHED/SHELL SPACE

Criterion 1110.234 - Project Scope, Utilization, and Unfinished/Shell Space

READ THE REVIEW CRITERION and provide the following information:

SIZE OF PROJECT:

1. Document that the amount of physical space proposed for the proposed project is necessary and not excessive. **This must be a narrative.**
2. If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following:
 - a. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;
 - b. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix B;
 - c. The project involves the conversion of existing space that results in excess square footage.

Provide a narrative for any discrepancies from the State Standard. A table must be provided in the following format with Attachment 14.

DEPARTMENT/SERVICE	PROPOSED BGSF/DGSF	SIZE OF PROJECT	DIFFERENCE	MET STANDARD?
		STATE STANDARD		

APPEND DOCUMENTATION AS ATTACHMENT-14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

PROJECT SERVICES UTILIZATION:

This criterion is applicable only to projects or portions of projects that involve services, functions or equipment for which HFSRB has established utilization standards or occupancy targets in 77 Ill. Adm. Code 1100.

Document that in the second year of operation, the annual utilization of the service or equipment shall meet or exceed the utilization standards specified in 1110.Appendix B. **A narrative of the rationale that supports the projections must be provided.**

A table must be provided in the following format with Attachment 15.

DEPT./ SERVICE	HISTORICAL UTILIZATION (PATIENT DAYS) (TREATMENTS) ETC.	UTILIZATION	STATE STANDARD	MET STANDARD?
		PROJECTED UTILIZATION		
YEAR 1				
YEAR 2				

APPEND DOCUMENTATION AS ATTACHMENT-15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

G. Criterion 1110.1430 - In-Center Hemodialysis

1. Applicants proposing to establish, expand and/or modernize In-Center Hemodialysis must submit the following information:
2. Indicate station capacity changes by Service: Indicate # of stations changed by action(s):

Category of Service	# Existing Stations	# Proposed Stations
<input checked="" type="checkbox"/> In-Center Hemodialysis	0	11

3. READ the applicable review criteria outlined below and **submit the required documentation for the criteria:**

APPLICABLE REVIEW CRITERIA	Establish	Expand	Modernize
1110.1430(b)(1) - Planning Area Need - 77 Ill. Adm. Code 1100 (formula calculation)	X		
1110.1430(b)(2) - Planning Area Need - Service to Planning Area Residents	X	X	
1110.1430(b)(3) - Planning Area Need - Service Demand - Establishment of Category of Service	X		
1110.1430(b)(4) - Planning Area Need - Service Demand - Expansion of Existing Category of Service		X	
1110.1430(b)(5) - Planning Area Need - Service Accessibility	X		
1110.1430(c)(1) - Unnecessary Duplication of Services	X		
1110.1430(c)(2) - Maldistribution	X		
1110.1430(c)(3) - Impact of Project on Other Area Providers	X		
1110.1430(d)(1) - Deteriorated Facilities			X
1110.1430(d)(2) - Documentation			X
1110.1430(d)(3) - Documentation Related to Cited Problems			X
1110.1430(e) - Staffing Availability	X	X	
1110.1430(f) - Support Services	X	X	X
1110.1430(g) - Minimum Number of Stations	X		
1110.1430(h) - Continuity of Care	X		
1110.1430(j) - Assurances	X	X	X
APPEND DOCUMENTATION AS ATTACHMENT-26, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

4. Projects for relocation of a facility from one location in a planning area to another in the same planning area must address the requirements listed in subsection (a)(1) for the "Establishment of Services or Facilities", as well as the requirements in Section 1110.130 - "Discontinuation" and subsection 1110.1430(i) - "Relocation of Facilities".

VIII. - 1120.120 - Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

\$700,000	a) Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to: 1) the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and 2) interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
___ N/A ___	b) Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
___ N/A ___	c) Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
___ N/A ___	d) Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including: 1) For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated; 2) For revenue bonds, proof of the feasibility of securing the specified amount and interest rate; 3) For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.; 4) For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment; 5) For any option to lease, a copy of the option, including all terms and conditions.
___ N/A ___	e) Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
___ N/A ___	f) Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
\$292,000	g) All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project. FMV of Leases
\$992,000	TOTAL FUNDS AVAILABLE

APPEND DOCUMENTATION AS ATTACHMENT-36, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Section Not Applicable-NO Debt to be used

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. "A" Bond rating or better
2. All of the projects capital expenditures are completely funded through internal sources
3. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 38, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

X. 1120.140 - Economic Feasibility

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing –

Section Not applicable to Debt to be used

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;
- 2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE									
Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New	Circ.*	Gross Sq. Ft. Mod.	Circ.*	Const. \$ (A x C)	Mod. \$ (B x E)	
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 40.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	Year	Year	Year
Inpatient			
Outpatient			
Total			
Charity (cost in dollars)			
Inpatient			
Outpatient			
Total			

MEDICAID			
Medicaid (# of patients)	Year	Year	Year
Inpatient			
Outpatient			
Total			
Medicaid (revenue)	Year	Year	Year
Inpatient			
Outpatient			
Total			

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 41.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care			

APPEND DOCUMENTATION AS ATTACHMENT-41, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

RE: 3322 Vollmer Rd.
Olympia Fields, IL

Dear Salman,

On Behalf of Dialysis Care Center Olympia Fields, we have been authorized to submit for your review the following letter of intent outlining the general terms and conditions in which to Lease the premises:

Landlord: Meridian Investment Partners

Tenant: Dialysis Care Center Olympia Fields

Premises: Approximately 4,000 rentable square feet.

Use: The Premises shall be used for the operation of a dialysis facility and related medical/administrative offices. Tenant may operate on the premises, at tenant's option, on a seven (7) days a week, twenty-four (24) hours a day basis, subject to zoning and other regulatory requirements.

Primary Lease Term: An initial lease term of Five (5) years, five (5) months from rent commencement.

Possession Date: September 1, 2016 or sooner (Upon CON awarded by the Illinois State Board per the May 20th application date, see attached schedule).

CON Contingency: Lease is contingent upon tenant receiving a CON (Certificate of Need) awarded by the State of Illinois per the application date of May 20, 2016, per the attached State of Illinois schedule.

Base Rental Rate: \$12.00 psf NNN

Rent Commencement Date: Tenant shall have ninety (90) days from possession to complete the tenant improvements, rent to commence thereafter (Dec. 1).

Escalation: 3% increases compounded annually.

Option Periods: Two (2), three (3) year options to renew. Tenant shall provide to Landlord a ninety (90) day prior written notice of its desire to exercise each option.

CAM: Tenant shall be responsible for their proportionate share of CAM. (Please state what is included in CAM.)

RE Taxes: Tenant shall be responsible for their proportionate of real estate taxes.

<u>Landlord's Work:</u>	Landlord shall warranty that the roof and mechanicals are in good working order and shall maintain them throughout the term of the lease. Landlord shall make the necessary building repairs which shall consist of tuck-pointing and all parking lot and sidewalk improvements. All work shall be performed prior to rent commencement.
<u>TI Allowance:</u>	<u>Landlord shall provide a tenant improvement allowance of \$15.00psf.</u>
<u>Demised Premises Shell and Site:</u>	Landlord shall deliver the Premises as is, except for its commitment to perform (or provide) Landlord Work.
<u>Contractor for Tenant Improvements:</u>	Tenant will hire a contractor and/or subcontractors of their choosing to complete their tenant improvements utilizing the tenant, allowance. Tenant shall be responsible for the implementation and management of the tenant improvement construction and will not be responsible to pay for Landlord's project manager, if any.
<u>HVAC:</u>	Equipment as-is. Landlord to maintain pursuant to its Landlord maintenance, described below.
<u>Deliveries:</u>	Tenant requires delivery access to the Premises 24 hours per day, 7 days per week.
<u>Emergency Generator:</u>	Tenant shall have the right, at its cost, to install an emergency generator to service the Premises in a location to be mutually agreed upon between the parties.
<u>Space Planning/Architectural And Mechanical Drawings:</u>	Tenant will provide all space planning and architectural and mechanical drawings required to build out and demolish existing improvement not needed, the tenant improvements, including construction drawings stamped by a licensed architect and submitted for approvals and permits. All building permits shall be the Tenant's responsibility.
<u>Utilities:</u>	Separately metered. Tenant shall be responsible for their electric, gas, Telephone/internet.
<u>Signage:</u>	Tenant may install signs, at Tenant's expense, in and on the Premises to the maximum extent permitted by local law. Landlord will have the right to approve signage. Landlord's approval will not be unreasonably withheld. Landlord will grant Tenant signage space on any monument due the Premises.
<u>Parking:</u>	Landlord shall grant Tenant five (5) designated parking spaces plus one (1) ambulance space in addition to the designated handicap spaces
<u>Building Codes:</u>	Tenant has or will, perform its own building code analysis and acknowledges the demised premises will be delivered by the Landlord as described herein, without any repos or warranties regarding current or future codes.
<u>Assignment/ Subletting:</u>	Tenant requires the right to assign or sublet all or a portion of the demised premises to any subsidiary or affiliate without Landlord's consent, provided guarantor remains fully liable under its guaranty. Any other assignment or subletting will be subject to Landlord's prior consent, which shall not be unreasonably withheld or delayed.

Landlord Maintenance:

Landlord shall, without expense to Tenant, maintain and make all necessary repairs to the structural portions of the Building to keep the building structurally sound including, without limitation: foundations, structure, load bearing walls, exterior walls, roof supports, columns, retaining walls, footings as well as water mains, gas and sewer lines serving the Premises. *Landlord shall warranty HVAC for the first 18 months of lease term.*

With respect to the parking and other exterior areas of the Premises and subject to reasonable reimbursement by Tenant, Landlord shall perform the following, pursuant to good and accepted business practices and reasonable management and administrative fees throughout the term: repainting or routine tuck-pointing the exterior surfaces of the building when necessary; repairing, resurfacing, repaving, re-striping, and resealing of the parking areas; repairing and maintaining the roof (other than its structure, which is Landlord's responsibility); repair of all curbing, sidewalks and directional markers; removal of snow and ice; landscaping; and provision of adequate lighting during all hours of darkness that Tenant shall be open for business.

Tenant shall maintain and keep the interior of the Premises, including all windows and doors, in good repair, free of refuse and rubbish. Tenant shall return the same at the expiration or termination of the Lease in as good condition as received by Tenant, ordinary wear and tear, and damage or destruction by fire, flood, storm, civil commotion or other unavoidable causes expected. Tenant shall be responsible for maintenance and repair of all equipment serving the Premises.

Surrender:

At any time prior to the expiration or earlier termination of the Lease, Tenant may remove any or all the alterations, additions or installations installed by or on behalf of Tenant, in such a manner as will not substantially injure the Premises. Tenant agrees to restore the portion of the Premises affected by Tenant's removal of such alterations, additions or installations to the same condition as existed prior to the making of such alterations, additions, or installations. Upon the expiration or earlier termination of the Lease, Tenant shall turn over the Premises to Landlord in good condition, ordinary wear and tear, damage or destruction by fire, flood, storm, civil commotion or other unavoidable cause excepted. All alterations, additions, or installations not so removed by Tenant shall become the property of Landlord without liability on Landlord's part to pay for the same.

Zoning and
Restrictive Covenants:

Landlord confirms that the current property zoning is acceptable for the proposed use as an outpatient kidney dialysis clinic. There are no restrictive covenants imposed by the development, owner, and/or municipality that would in any way limit or restrict the operation of Tenant's dialysis clinic.

Flood Plain:

Landlord confirms that the property and premises is not in a Flood Plain or in a flood zone.

Financing:

Landlord will use its best efforts to cause its lender to provide a non-disturbance agreement.

Exclusivity:

Landlord will not, during the term of the Lease and any option terms, lease space in a 5 mile radius to any other provider of hemodialysis services.

Environmental:

A Phase One Environmental Study may be conducted.

Lease Execution:

Both parties agree that they will make best efforts to reach a fully executed lease document within thirty days of the execution of this letter of intent.

Security Deposit:

equal to one (1) month's gross rent payable upon full lease execution.

Attachment-11

Purpose of the project

This project is being proposed to address the current State Board determined need for additional stations in HSA 7. The current determined additional need in the HSA 7 is 57 stations. The proposed Dialysis Care Center Olympia Fields will open up additional treatment options for patients in the Olympia Fields area and also for patients in Southland Cook County.

The new clinic which will help tremendously in accommodating growth of future dialysis patients will provide an additional 11 stations and will help as part of the planning for the future growth of ESRD.

The proposed project is to build an 11 station dialysis facility, which will be located at 333 Vollmer Rd, Suite 3, Olympia Fields, IL. This clinic will serve the residents of HSA 7 where as previously stated, their current need is for an additional 57 stations based on the state boards determination.

Historically, the Olympia Fields and surrounding Southland Cook County has seen tremendous and continuous growth of the ESRD Population, as objectively indicated in the over 80% utilization of most the ESRD facilities in the area.

The new clinic, Dialysis Care Center Olympia Fields, will have 100% physician ownership. This is the first time in almost over a decade that a mid-sized Nephrology practice in the immediate area are developing a dialysis clinic, to better serve the needs of their ESRD patients.

Purpose
Attachment-12

As a solely physician-owned and managed clinic, patient care, comfort and quality will be placed first and foremost before profitability.

The physicians will also have total independence in making clinical decisions and will focus on maximizing the quality of care provided to patients receiving dialysis at this clinic.

The new clinic, Dialysis Care Center Olympia Fields, will allow area patients access to dialysis services within a reasonable travel distance from home while avoiding significant highway travel.

It is an established fact in medicine, that when a patient is requiring chronic dialysis, they have convenient and adequate access to services as it tends to reduce overall healthcare costs and results in less complications.

It is expected that Dialysis Care Center Olympia Fields, once operational will meet and possibly exceed the clinical outcomes set by the Renal Network, as well as Centers for Medicare and Medicaid services.

- Demographic data contained in the application was taken from http://factfinder.census.gov/faces/nav/jsf/pages/community_facts.xhtml

Purpose
Attachment-12

Alternatives to the project

Proposing a project of greater or lesser scope and cost

The only option that would entail a lesser scope and cost than the project proposed in this application would be to do nothing, which was considered. This option however does not address the need for 57 additional stations needed for the HSA 7 area. Not planning for future ESRD patients will do nothing more than allow area facilities to reach capacity as access declines in the area HFSRB identified need. There is no cost to this alternative.

The proposed facility that is identified for Dialysis Care Center Olympia Fields is a shell ready facility, by using this site the costs associated with this project are significantly lower compared to building a ESRD facility from ground up. This cost effective method will ensure the need for the additional stations are met with a reduced cost for the facility.

Pursing a joint venture or similar arrangement with one or more providers or entities to meet all or portion of the projects intended purposes; developing alternative settings to meet all or a portion of the projects intended purposes.

Section is not applicable as this facility is 100% physician owned and operated directly by the physicians working in the area.

- Physician owned and managed compared to corporate owned facilities

There are currently no solely physician owned ESRD facilities in the area, the Medical Director and the physician partners identified that will refer their ESRD patients to Dialysis Care Center Olympia Fields has no options where they can refer their patients to and have the independence they need to make improved clinical decisions and can focus on maximizing patient care.

Utilizing other health care resources that are available to serve all or portion of the population proposed to be served by the project

Utilizing other health care ESRD facilities was considered but there is no alternative. As mentioned there are no Physician owned ESRD facilities in the area where the physicians have the independence they need to improve the quality indicators set by the Boards criteria on quality. It is expected that the facility will exceed the clinical outcomes that meet all network, Centers for Medicare and Medicaid services clinical goals established.

Reasons why the chosen alternatives were selected

The project utilizes space that will be leased, as opposed to building a new facility from ground up, the cost of the proposed project is a fraction of the cost of developing a new facility. We expect to spend less than \$340,000.00 in renovation cost on a space of 4000 sq ft. Beyond that, the only additional cost would be to provide the equipment needed to provide dialysis services. We believe that this is a very substantial cost effective alternative that will meet the need. The total cost of the proposed project is \$992,000 including the value of the leased space.

This we believe is the most efficient long term solution to maintaining access to dialysis services in the Olympia Fields area, and to accommodate the need of the additional stations identified by the board in HSA 7.

We believe that the proposed project meets the HFPB goals of providing health care services in the most cost effective manner.

Empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

There is no direct empirical evidence relating to this project other than that when chronic care patients have adequate access to services, it tends to reduce overall healthcare costs and results in less complications. It is expected that this facility will exceed the quality expectations set by the Board.

Size of Project

Dept. / Service	Proposed BGSF/DGSF	State Standard	Difference	Met Standard?
ESRD In-center Hemodialysis	4,000 (11 Stations)	360- 520 DGSF	0	Yes

As seen in the chart above, the state standard for ESRD is 360-520 is between 360-520 DGSF per station. The project is being accomplished in leased space with in the state guidelines, at 364 DGSF per station.

Project Service Utilization

	DEPT./ SERVICE	UTILIZATION		STATE STANDARD	MET STANDARD?
		HISTORICAL UTILIZATION	PROJECTED UTILIZATION		
YEAR 1	IN-CENTER HEMODIALYSIS	N/A PROPOSED FACILITY		80%	
	IN-CENTER HEMODIALYSIS		65%	80%	NO
YEAR 2	IN-CENTER HEMODIALYSIS		90%	80%	YES

Our Nephrologists have identified 130 Chronic Kidney Disease stage-4 patients (a total of 91 patients after accounting for a 30% patient loss prior to dialysis commencement) with lab values indicative of active kidney failure who live in HSA 7 in Olympia Fields and surrounding areas that are expected to require dialysis services in the first two years after the Dialysis Care Center Olympia Fields facility begins operations.

Section VII. Service Specific Review Criteria
 In-Center Hemodialysis
 Criterion 1110.1430(b)(1), Planning area need

Dialysis Care Center Olympia Fields will be located in HSA 7, Where there is an additional need of 57 stations based on the Monthly updates to the inventory of health care facilities and services as of March, 31, 2016.

Planning Area Need
Attachment-26b1

Section VII. Service Specific Review Criteria

In-Center Hemodialysis

Criterion 1110.1430(b)(2), Planning area need – Service to Planning area residents

The primary purpose of this project is to ensure that the ESRD patient population of the greater Olympia Fields area and planning area of HSA 7 has access to life sustaining dialysis. We anticipate that well over 90% of Dialysis Care Center Olympia Fields will be residents of the planning area HSA 7.

Planning Area Need
Attachment-26 b-2

Section VII. Service Specific Review Criteria

In-Center Hemodialysis

Criterion 1110.1430(b)(3), Planning area need – Service Demand- Establishment of Category of services

As evidenced in our Medical Directors referral letter and an another Nephrologist practicing in the Olympia Fields area, our physicians anticipate approximately 91 patients conservatively, based upon attrition due to patient death, transplant, of return of function, will be referred to the proposed facility in the next 12 to 24 months. All these patients reside within 20 minutes of the proposed facility.

Re: Dialysis Care Center Olympia Fields

Dear Ms. Avery,

I am pleased to support Dialysis Care Center Olympia Fields. The proposed 11-Station chronic renal dialysis facility, to be located at 3322 Vollmer Rd, Suite 3, Olympia Fields, IL, 60461, will directly benefit my patients.

Dialysis Care Center Olympia Fields facility will improve access to necessary dialysis services in the Olympia Fields community.

Along with my partner, Dr Tauseef Sarguroh, we have experienced extreme growth of both population and of End Stage Renal Disease (ESRD) patients in this area. I have many pre-ESRD patients in my practice that I anticipate in referring to the Dialysis Care Center Olympia Fields. This facility will better serve the growing number of dialysis patients in my practice.

There are currently around 130 Chronic Kidney Disease (CKD) Stage 4 pre-ESRD patients in my practice, which does not include any patients that are CKD Stage 3. These numbers are within the list provided as well but have not been accounted for in any calculation purposes, of these I expect approximately 30% to expire, regain function, move out of the area or choose home dialysis before dialysis therapy has commenced. I expect that approximately 91 of said patients would be referred to Dialysis Care Center Olympia Fields. Although, my partner and I will continue to refer patients to the other area facilities per the patient's place of residence and choice, we are also strong supporters of home dialysis through our Home Dialysis Services Olympia Fields home therapies program. We will continue to refer those patients who are good candidates for Home Dialysis Services.

I respectfully ask you to consider the constant growth of ESRD in Southland Cook County and approve the Dialysis Care Center Olympia Fields facility to maintain access for future dialysis patients.

Thank you for your consideration.

I attest that to the best of my knowledge, all the information contained in this letter is true and correct and that the projected patient referrals listed in this document have not been used to support any other CON application.

Sincerely,

Suresh Samson, M.D.

Re: Dialysis Care Center Olympia Fields

Dear Ms. Avery,

My name is Dr. Tauseef Sarguroh and I am a nephrologist practicing in the Olympia Fields area. I am writing to express my strong support for the proposed Dialysis Care Center Olympia Fields dialysis facility.

Over the last year I have witnessed substantial growth of the End Stage Renal Disease (ESRD) patient population in this area. We have also noticed an increase in the number of chronic kidney disease patients during this same period who are expected to progress and require dialysis in the near future. I do anticipate these patients to get their dialysis at the Dialysis Care Center Olympia Fields. My partner and I, along with our patients, are hopeful to have this new dialysis facility located in their community.

We provide care for these pre-ESRD patients in the immediate area and expect the clinic to fill up quickly. This clinic is in a highly dense population prone to diseases leading to kidney failure primarily from long-standing Diabetes and Hypertension.

I request you to approve this dialysis clinic for the residents of Olympia Fields.

Sincerely,

Tauseef Sarguroh, M.D.
Nephrologist.

Section VII. Service Specific Review Criteria

In-Center Hemodialysis

Criterion 1110.1430(b)(5), Planning area need – Service Accessibility

As set fourth throughout this application, the proposed ESRD facility is needed to maintain access to life-sustaining dialysis for patients in the greater Olympia Fields area. Dialysis Care Center Olympia Fields is necessary to provide essential care to ESRD patients in the Olympia Fields community and address the need of shortage of HSA 7. This facility will better accommodate the current and future demand for dialysis services and ensure dialysis services are accessible to the greater Olympia Fields Community and HSA 7 area.

Service Accessibility
Attachment-26 b-5

Section VII. Service Specific Review Criteria
In-Center Hemodialysis
Criterion 1110.1430(C) (1), Unnecessary Duplication

1.a. The proposed dialysis facility will be located at 3322 Vollmer Rd, Suite 3, Olympia Fields, Illinois, 60461. A list of all zip codes located, in total or in part, within 30 -45 minutes' normal travel time of the site of the proposed dialysis facility as well as 2010 census figures for each zip code is provided in table 1110.1430(c)(1)(A) below.

Population Within 30 Minutes

Section VII. Service Specific Review Criteria
In-Center Hemodialysis
Criterion 1110.1430(C) (2), Misdistribution

The establishment of Dialysis Care Center Olympia Fields will not result in an unnecessary duplication of services or a service misdistribution. A misdistribution exists when an identified area has an excess supply of facilities, stations, and services characterized by such factors as, but not limited to: (1) ratio of stations to population exceeds one and one-half times the state average; (2) historical utilization for existing facilities and services is below the State Boards utilization standard; or (3) insufficient population to provide the volume of caseload necessary to utilize the services proposed by the project at or above utilization standards. As discussed more fully below, the average utilization of existing facilities within the geographic service area is more than 80%. Importantly, average utilization of facilities within 20 minutes of the proposed site is about 85%. Sufficient population exists to achieve target utilization. Dialysis care Center Olympia Fields will also be located in HSA 7 GSA where there is a documented need for additional chairs.

Accordingly, the proposed dialysis facility will not result in a Misdistribution of services.

Section VII. Service Specific Review Criteria
In-Center Hemodialysis
Criterion 1110.1430(C) (3), Impact of project on other Area Providers

The proposed dialysis facility will not have an adverse impact on existing facilities in the proposed geographic service area. All of the identified patients will be referrals from identified physicians and are on pre-ESRD list. No patients will be transferred from other existing dialysis facilities.

The proposed dialysis facility will not lower utilization of other area providers that are operating below the occupancy standard.

Also as mentioned throughout this application the facility will be located in HSA 7 where there is an additional need of 57 stations based on the Monthly updates to the inventory of health care facilities and services as of March, 31, 2016.

Unnecessary Duplication
Attachment-26 C-2/C-3

Section VII. Service Specific Review Criteria
In-Center Hemodialysis
Criterion 1110.1430(e) Staffing

Dialysis Care Center Olympia Fields will be staffed in accordance with all state and Medicare staffing guidelines and requirements.

A. Medical Director:

Dr. Suresh Samson will serve as the Medical Director for Dialysis Care Center Olympia Fields. Attached is her curriculum vitae

Additional staffed physicians: Dr. Tauseef Sarguroh. Attached please find his curriculum vitae

B. All Other personal

Upon opening, the facility will hire a Clinic Manager who is a Registered Nurse (RN) , this nurse will have at least a minimum of twelve months experience in a Hemo-Dialysis center additionally we will hire one Patient Care Technician (PCT). After we have more than one patient, we will hire another RN and another PCT. All personnel will undergo an orientation process, led by the Medical Director and experienced members of the nursing staff prior to participating in any patient care activities

Upon opening we will also employ:

- Part-Time Registered Dietician
- Part-Time Registered Master Level Social Worker (MSW)
- Part-Time Equipment Technician
- Part-Time Secretary

These positions will go full time as the clinic census increases. As well, the patient Care staff will increase to the following:

- One Clinic Manager –Registered Nurse
- Four Registered Nurses
- Ten Patient Care Technicians

All patient care staff and licensed / registered professionals will meet the State of Illinois requirements. Any additional staff hired must also meet these requirements along with completing an orientation training program.

Annually all clinical staff must complete OSHA training, Compliance training, CPR certification, Skills competency, CVC competency, Water quality training and pass the competency exam.

Dialysis Care Center Olympia Fields will maintain at least a 4 to 1 patient-staff ratio at all times on the treatment floor. A RN will be at the facility at all times when the facility is operational.

WORK HISTORY:

- Kidney Care Center Olympia Fields – Olympia Fields, IL 7/15 – Present
Nephrologist.

- P.D.Hinduja National Hospital and Research Center, Mumbai, India. Junior Medical Staff 12/2009 - 03/2010

Description:

I did a three-month post in Nephrology and my duties involved taking histories and carrying out physical examinations of newly admitted patients and following them on a daily basis. I also learned procedures such as insertion of hemodialysis catheters, renal biopsies and assisting in permacatheter insertion. My seniors supervised me while we attended rounds in the Dialysis unit and for patients who underwent renal transplants.

- P.D.Hinduja National Hospital and Research Center, Mumbai, India. Junior Medical Staff 06/2008 - 08/2008

Description:

I worked at one of India's top medical hospitals under renowned consultants. It developed in me a sense of work rhythm with which every major hospital functions. I rotated in the departments of cardiology and oncology handling a range of cases in each sub specialty.

- Dapoli Hospital, Dapoli, India. House Officer 06/2007 - 08/2007

Description:

This was my first placement after completing medical school. The rural location of the hospital gave me an opportunity to manage unusual cases like snake and scorpion bite poisonings, infectious diseases like tuberculosis and leprosy. It taught me the art of practicing medicine in situations with minimal facilities.

Observerships

Organization	Position	Dates
1) P.D.Hinduja National Hospital and Research Center, Mumbai, India	I. C. U. Observer	03/2010 - 04/2010

Description:

This post helped me understand the basics in critical care medicine involving management of patients requiring ventilators, inotropic support and fluid management. I also learned how to manage critically ill patients with various medical illnesses. This rotation also helped me understand problems related to ethics and end of life issues.

- 2) Memorial Hermann: Heart and Vascular Institute, Houston, U. S. A. International Observer 06/2009 - 07/2009

Description:

To further my insight into the U.S. medical system; I worked as an observer at the Heart and Vascular Institute of Memorial Hermann in Houston.

Elective

I did a one month elective in nephrology at St. Barnabas Hospital, Bronx, NY with Dr. James Croll and Dr. Ahmed Abdurrehman in 2011 where I was an integral part of the team involved in the day to day management of patients both at the inpatient and outpatient facilities. My duties entailed work-up of clinical nephrology cases/consults and follow-up of their dialysis. Being efficient in central lines I also performed vascular catheter insertions under supervision. It was a wonderful experience and my interest in and knowledge of nephrology only got stronger.

Publications and Posters

- Poster presentation on a case of scleroderma and pauci immune glomerulonephritis as first author with Dr. Jeffrey Wallach at the ASN 2014.
- Poster presentation on a case of 5-oxoprolinase causing high anion gap metabolic acidosis as third author with Dr. Jeffrey Wallach at Harlem Hospital Center annual research day, New York. (5/2013)
- Publication in Nephrology Today on Nephrotic Syndrome of unclear etiology hid two primary malignancies as second author with Dr. Fulger Ilumana. (8/2013)
- Publication in Vol. 4 No. 5 of International Journal of Collaborative Research on Internal Medicine and Public Health (IJCRIMPH) on Acute Renal Failure and Fanconi's syndrome in an HIV Patient treated with tenofovir as second author with Dr. Muthyala Padmini. (4/2012)
- Poster presentation on "Spousal Renal Transplants" comparing the outcome of spousal renal transplants versus live related renal transplants as first author with Dr. Alan Almeida presented at the XXIII International Congress of the Transplantation Society, Vancouver. (4/2010)
- Poster presentation on a research study showing Hyponatremia with ACEi and ARBs as second author with Dr. James Croll at Einstein College of Medicine 9th Annual Doctors Recognition Day physicians expo poster presentations and symposium, Bronx NY. (4/2012)
- Poster presentation on a case of emphysematous pyelonephritis and concomitant emphysematous cystitis in a diabetic female as second author with Dr. Abdurrehman Ahmed at St. Barnabas Hospital annual research day, Bronx NY. (5/2012)
- Poster presentation on Vitamin D deficiency in HIV patients and co-relation with CD4 counts as fifth author with Dr. Victoria Bengualid at St. Barnabas Hospital annual research day, Bronx, NY. (5/2011)
- Poster presentation on a case of Candida meningitis as third author with Dr. Judith Berger at St. Barnabas Hospital annual research day, Bronx, NY. (5/2011)
- Worked on a research proposal involving drug eluting antimicrobial tympanostomy tubes with Dr. Sohail Shaikh, of the Case Western Reserve University and Dr. Paul Krakovitz M.D., of the Head and Neck Institute, Cleveland Clinic, Cleveland, Ohio. (2/2008)

Language Fluency

- Besides English I am able to speak basic conversational Spanish, which gives me more opportunity to interact with patients from varied ethnic backgrounds.
- I also speak Hindi and my mother tongue Marathi.

Other Career Accomplishments

- Conducted weekly lectures for nurses in the hemodialysis unit on topics related to CKD, ESRD and hemodialysis, 2014.
- Organized workshop on Cardio Pulmonary Cerebral Resuscitation, Dr. D.Y. Patil Medical College, (10/2006)

9750 Crescent Park Circle #355
Orland Park, IL 60462
718-710-1152

-Helped Organize a blood donation camp in BVIT Campus Kharghar, Navi Mumbai. (02/2006)

Working as a doctor in the Bronx and Harlem has given me immense experience in dealing with large number of patients on a daily basis. I have excellent communication skills that help me deal with difficult patients tactfully. I have been trained to rely on my clinical acumen and observational skills in order to reach a diagnosis. The high patient numbers have developed in me an impressive ability to be efficient and organized yet compassionate and sensitive at the same time.

Hobbies & Interests

-I enjoy playing soccer and have captained my high school and university soccer teams. In addition to the exercise, it helps me unwind from my usual routine.

-I am also a passionate aquarist and take active interest in tropical fish life.

Gap Info:

1)March 07-May 07:

I was caring for my 35 year old cousin sister in Dapoli, India who was suffering from metastatic breast cancer and passed away later that year.

2)September 07-May 08:

For the first 6 months-Worked on a research proposal involving drug eluting antimicrobial tympanostomy tubes with Dr. Sohel Shaikh, of the Case Western Reserve University and Dr. Paul Krakovitz M.D., of the Head and Neck Institute, Cleveland Clinic, Cleveland , Ohio. Took a vacation to Goa, India after.

3)September 08-November 08:

Was in Houston Texas where I studied for and took my USMLE step 3 exam.

4)December 08-May 09:

Played for the RNA springs soccer team in a soccer league in Mumbai, India.

5)August 09-November 09:

Visited Roorkee india, and then New York for medicine residency interviews.

6)May 10:

Took a one month Spanish speaking course in Mumbai, India.

My internal medicine residency orientation started in the first week of June.

<u>Landlord's Work:</u>	Landlord shall warranty that the roof and mechanicals are in good working order and shall maintain them throughout the term of the lease. Landlord shall make the necessary building repairs which shall consist of tuck-pointing and all parking lot and sidewalk improvements. All work shall be performed prior to rent commencement.
<u>TI Allowance:</u>	<u>Landlord shall provide a tenant improvement allowance of \$15.00psf.</u>
<u>Demised Premises Shell and Site:</u>	Landlord shall deliver the Premises as is, except for its commitment to perform (or provide) Landlord Work.
<u>Contractor for Tenant Improvements:</u>	Tenant will hire a contractor and/or subcontractors of their choosing to complete their tenant improvements utilizing the tenant, allowance. Tenant shall be responsible for the implementation and management of the tenant improvement construction and will not be responsible to pay for Landlord's project manager, if any.
<u>HVAC:</u>	Equipment as-is. Landlord to maintain pursuant to its Landlord maintenance, described below.
<u>Deliveries:</u>	Tenant requires delivery access to the Premises 24 hours per day, 7 days per week.
<u>Emergency Generator:</u>	Tenant shall have the right, at its cost, to install an emergency generator to service the Premises in a location to be mutually agreed upon between the parties.
<u>Space Planning/Architectural And Mechanical Drawings:</u>	Tenant will provide all space planning and architectural and mechanical drawings required to build out and demolish existing improvement not needed, the tenant improvements, including construction drawings stamped by a licensed architect and submitted for approvals and permits. All building permits shall be the Tenant's responsibility.
<u>Utilities:</u>	Separately metered. Tenant shall be responsible for their electric, gas, Telephone/internet.
<u>Signage:</u>	Tenant may install signs, at Tenant's expense, in and on the Premises to the maximum extent permitted by local law. Landlord will have the right to approve signage. Landlord's approval will not be unreasonably withheld. Landlord will grant Tenant signage space on any monument due the Premises.
<u>Parking:</u>	Landlord shall grant Tenant five (5) designated parking spaces plus one (1) ambulance space in addition to the designated handicap spaces
<u>Building Codes:</u>	Tenant has or will, perform its own building code analysis and acknowledges the demised premises will be delivered by the Landlord as described herein, without any repos or warranties regarding current or future codes.
<u>Assignment/ Subletting:</u>	Tenant requires the right to assign or sublet all or a portion of the demised premises to any subsidiary or affiliate without Landlord's consent, provided guarantor remains fully liable under its guaranty. Any other assignment or subletting will be subject to Landlord's prior consent, which shall not be unreasonably withheld or delayed.

Landlord Maintenance:

Landlord shall, without expense to Tenant, maintain and make all necessary repairs to the structural portions of the Building to keep the building structurally sound including, without limitation: foundations, structure, load bearing walls, exterior walls, roof supports, columns, retaining walls, footings as well as water mains, gas and sewer lines serving the Premises. *Landlord shall warranty HVAC for the first 18 months of lease term.*

With respect to the parking and other exterior areas of the Premises and subject to reasonable reimbursement by Tenant, Landlord shall perform the following, pursuant to good and accepted business practices and reasonable management and administrative fees throughout the term: repainting or routine tuck-pointing the exterior surfaces of the building when necessary: repairing, resurfacing, repaving, re-striping, and resealing of the parking areas: repairing and maintaining the roof (other than its structure, which is Landlord's responsibility); repair of all curbing, sidewalks and directional markers; removal of snow and ice; landscaping; and provision of adequate lighting during all hours of darkness that Tenant shall be open for business.

Tenant shall maintain and keep the interior of the Premises, including all windows and doors, in good repair, free of refuse and rubbish. Tenant shall return the same at the expiration or termination of the Lease in as good condition as received by Tenant, ordinary wear and tear, and damage or destruction by fire, flood, storm, civil commotion or other unavoidable causes expected. Tenant shall be responsible for maintenance and repair of all equipment serving the Premises.

Surrender:

At any time prior to the expiration or earlier termination of the Lease, Tenant may remove any or all the alterations, additions or installations installed by or on behalf of Tenant, in such a manner as will not substantially injure the Premises. Tenant agrees to restore the portion of the Premises affected by Tenant's removal of such alterations, additions or installations to the same condition as existed prior to the making of such alterations, additions, or installations. Upon the expiration or earlier termination of the Lease, Tenant shall turn over the Premises to Landlord in good condition, ordinary wear and tear, damage or destruction by fire, flood, storm, civil commotion or other unavoidable cause excepted. All alterations, additions, or installations not so removed by Tenant shall become the property of Landlord without liability on Landlord's part to pay for the same.

Zoning and
Restrictive Covenants:

Landlord confirms that the current property zoning is acceptable for the proposed use as an outpatient kidney dialysis clinic. There are no restrictive covenants imposed by the development, owner, and/or municipality that would in any way limit or restrict the operation of Tenant's dialysis clinic.

Flood Plain:

Landlord confirms that the property and premises is not in a Flood Plain or in a flood zone.

Financing:

Landlord will use its best efforts to cause its lender to provide a non-disturbance agreement.

Exclusivity:

Landlord will not, during the term of the Lease and any option terms, lease space in a 5 mile radius to any other provider of hemodialysis services.

Environmental:

A Phase One Environmental Study may be conducted.

Lease Execution:

Both parties agree that they will make best efforts to reach a fully executed lease document within thirty days of the execution of this letter of intent.

Security Deposit:

equal to one (1) month's gross rent payable upon full lease execution.

Confidential:

The material contained herein is confidential. It is intended for use of the Landlord and Tenant solely in determining whether they desire to enter into a Lease, and it is not to be copied or discussed with any other person.

Agency:

Arthur J. Rogers & Co. represents the Tenant. Landlord shall be responsible to pay all brokerage fees per separate agreement.

Disclaimer:

This proposal is submitted subject to errors, omissions, and changes in information, modification, and withdrawal, with or without notice.

This proposal is not intended as, and does not constitute, a binding agreement by any party, nor an agreement by any party to enter into a binding agreement, but is merely intended to specify some of the proposed terms and conditions of the transaction contemplated herein. Neither party may claim any legal rights against the other by reason of the signing of this letter or by taking any action in reliance thereon. Each party hereto fully understands that no party shall have any legal obligations to the other, or with respect to the proposed transaction have been negotiated, agreed to by all parties and set forth in a fully executed lease. The only legal obligations, which any party shall have, shall be those contained in such signed and delivered definitive agreement referred to above.

Notwithstanding any provision to the contrary contained herein, this letter shall not constitute an agreement to negotiate and solely constitutes an outline of certain key terms. Landlord and Tenant each acknowledge and agree that each party is proceeding with negotiations relating to the proposed Lease at its sole cost and expense and that either party may terminate negotiations at any time and for any reason without any liability or obligation whatsoever.

Selman, we look forward to working with you towards successfully completing this proposed Lease transaction.

Thanks,

Arthur J. Rogers & Co.

Kathryn Olson
Chair
Illinois Health Facilities and services review Board
525 west Jefferson Street, 2nd floor
Springfield, Illinois, 62761

Dear Chairwoman Olson:

I hereby certify the following:

- Dialysis Care Center Olympia Fields will be funded through cash and cash equivalents, and a lease, and no debt financing to be used
- Dialysis Care Center maintains sufficient cash and short term securities to fund this project; and
- The expenses to be incurred through the lease of space and selected equipment are less than those associated with the construction of a new facility or the purchase of equipment.

Sincerely,

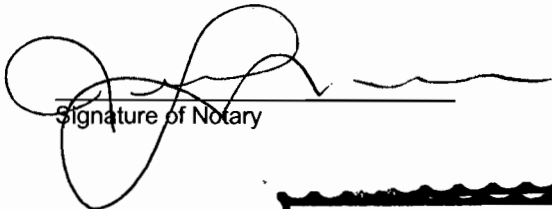

Asim M Shazzad
Chief Operating Officer

Depreciation/Amortization and interest \$ 72,498

Treatments 5,200

Capital cost per treatment \$13.94

Economic Viability and Economic Feasibility
Attachment-38-39

Safety Net Impact statement

The establishment of Dialysis Care Center Olympia Fields will not have any impact on safety net services in the Olympia Fields area. Outpatient dialysis facilities services are not typically considered or viewed as "safety net" services. As a result, the presence of Dialysis Care Center Olympia Fields as a provider is not expected to alter the way any other healthcare providers function in the community.

Dialysis Care Center Olympia Fields has no reason to believe that this project would have any adverse impact on any provider or health care system to cross-subsidize safety net services.

Dialysis Care Center Olympia Fields will be committed to providing ESRD services to all patients with or without insurance or patients to no regards for source of payment. Dialysis Care Center Olympia Fields will not refuse any patients. Medicaid patients wishing to be served at Dialysis Care Center Olympia Fields will not be denied services. Because of the Medicare guidelines for qualification for ESRD, a few patients' with ESRD are left uninsured for their care.

Safety Net Impact Statement
Attachment-40

Charity Care

Dialysis Care Center Olympia Fields will be committed to work with any patient to try and find any sources and qualify for any programs for which they may qualify for.

Currently as Dialysis Care Center Olympia Fields will be a new entity there is no current documentation that can be provided to the board
