Re: Foxpoint Dialysis (Proj. No. 16-037) Notice of Project Completion

Dear Mr. Constantino:

Pursuant to Section 1130.770 of the Illinois Health Facilities and Services Review Board ("HFSRB") rules, I am writing on behalf of DaVita Inc. and Total Renal Care, INC. (the "Permit Holders") to notify the HFSRB of the completion of Project No. 16-037. On March 14, 2017, HFSRB approved the Permit Holders' certificate of need application to establish a 12 station dialysis facility in Granite City, Illinois (the "Project"). The permit provided for a project completion date of July 31, 2018. On April 17, 2018, the Centers for Medicare and Medicaid Services notified the facility that the 12 stations were approved and certified with an effective date of April 9, 2018. We will submit a final cost report under separate cover once the project costs have been finalized.

If you have any questions regarding the status of the project, please feel free to contact me.

Sincerely,

Anne M. Cooper
