Re: Project # 16-053  
HSHS St. John's Hospital Women's and Children's Health Center

Dear Mike:

Attached is a revised Attachment 7, correcting an error in calculation on site preparation costs.

Also per your request, these costs include demolishing the concrete parking lot where the building will be constructed, curb and related work, remediation at the site for historical preservation of artifacts, significant utilities work (fiber, electric, telephone), curb cuts and soil build-up on the site.

Thank you.

Very truly yours,

  
Clare Connor Ranalli
