1. PARTIES

This "Lease" is made as of _____, 2016, by and between Cullinan Kumpf Medical, LLC, an Illinois limited liability company (hereinafter called "**Landlord**"); and Musculoskeletal Surgery Center, LLC, an Illinois limited liability company (hereinafter called "**Tenant**").

2. PREMISES

In consideration of the mutual covenants and agreements set forth herein, Landlord leases to Tenant and Tenant leases from Landlord, for the rental and on the terms and conditions hereinafter set forth, a portion of the real estate commonly known as 303 North William Kumpf Blvd, Peoria, Illinois, which is more particularly described on Exhibit A attached hereto and made a part hereof (the "Real Estate") which leased space consists of those portions of the Building designated as "ASC" on the Site Plan attached hereto as Exhibit B (5,394 square feet exclusive of applicable percentage of building core factor of 537 square feet for a total of 5,931 square feet) (the "Premises"), which Premises are part of a medical office building located on the Real Estate (the "Building"). Tenant shall also have (i) a non-exclusive right of access over those portions of the Real Estate open to the public for access to and from the Premises from and to all public and private roadways adjacent to the Real Estate; (ii) a non-exclusive right to use the parking areas on the Real Estate; and (iii) a non-exclusive right to use the stairways and lobby with other tenants of the Building.

3. TERM

The term of this Lease shall be for five (5) years ("**Initial Term**"), commencing on the "**Commencement Date**" (hereinafter defined) of the Lease and continuing for any Extension Term properly and timely elected pursuant to this Paragraph. The "**Term**" of this Lease shall be the Initial Term and any Extension Term hereunder. The "**Commencement Date**" of this Lease shall be defined as that date upon which Landlord acquires title to the Real Estate.

Tenant shall have the right, at its option, to extend the Initial Term of this Lease for two (2) consecutive extension terms ("**Extension Terms**"), each Extension Term being five (5) years in length. Each Extension Term (i) must be exercised by Tenant at least one (1) year prior to the last day of the Initial Term or Extension Term being extended, (ii) shall commence on the day after the expiration of the preceding Lease Term, and (iii) shall expire on the fifth (5th) anniversary of the last day of the Initial Term or Extension Term, as the case may be. Failure of Tenant to timely exercise any extension right shall terminate all further extension rights. The terms and conditions of this Lease shall apply to each Extension Term with the same force and effect as if such Extension Term had originally been included in the Initial Term of the Lease. The right of Tenant to exercise its right to extend the Initial Term and for any Extension Term shall be conditioned upon this Lease being in full force and effect, Tenant occupying the Premises, Tenant accepting the Premises during such Extension Term in its "AS IS" condition, and no default by Tenant under this Lease existing as of both the date that Tenant notifies Landlord of Tenant's decision to extend the Term of this Lease for any of the Extension Terms and the date of commencement of such Extension Terms. The Initial Term, together with any

Extension Term which Tenant properly exercises its option with respect to, and for which the conditions related thereto are satisfied, shall constitute the "Term" of this Lease. As used in this Lease, the term "Lease Year" means each period of twelve (12) full calendar months during the Term of this Lease, and in the event that the Commencement Date is a day other than the first day of the month, then the first Lease Year shall also include the remainder of the month in which the Commencement Date occurred.

4. TENANT FIT OUT

Tenant accepts the Premises in AS-IS condition.

5. USE

Tenant shall not occupy or use, or permit any portion of the Premises to be occupied or used, for any business or purpose other than as set forth in the Summary of Terms. Tenant shall not create any nuisance or commit waste.

Tenant shall not permit the Premises or any part thereof to be used to perform or participate in the performance of abortion or euthanasia. "Abortion" shall mean the directly intended termination of pregnancy by any means (whether surgical, chemical, or other means) before viability or the directly intended destruction of a viable fetus and includes such actions in the interval between conception and implantation of the embryo. "Euthanasia" shall mean an action or omission that of itself or by intention causes death in order to alleviate suffering and includes physician assisted suicide.

6. RENT

Beginning on the Commencement Date, Tenant agrees to pay Landlord, on the first day of each month at such place as the Landlord may from time to time designate, "Base Rent" in the amounts as set forth below:

7. SECURITY DEPOSIT

Intentionally Deleted

8. QUIET ENJOYMENT

Landlord hereby warrants that Landlord has the right to lease the Premises to Tenant and that the individuals executing this Lease are fully authorized to and legally capable of executing this Lease on behalf of Landlord. Landlord covenants that Tenant shall, while Tenant is not in default of the terms of this Lease, peaceably and quietly hold and enjoy the Premises for the Term, without interference or hindrance from Landlord or persons claiming by or through Landlord.

9. LANDLORD'S ACCESS TO THE PREMISES

Provided that the exercise of such rights does not unreasonably interfere with Tenant's use or occupancy of the Premises, Landlord shall have the right to enter the Premises at reasonable times during normal business hours and upon reasonable advance notice to Tenant (except in the case of an emergency) for any lawful purposes.

Landlord acknowledges that Tenant is subject to the provisions of the Health Insurance Portability and Accountability Act of 1996 and related regulations, as codified at 42 U.S.C. § 1320d through d-8 ("HIPAA"), and that HIPAA requires Tenant to ensure the safety and confidentiality of patient medical records. Landlord further acknowledges that, in order for Tenant to comply with HIPAA, Tenant must restrict access to the portions of the Premises where patient medical records are kept or stored. Landlord hereby agrees that, notwithstanding the rights granted to Landlord pursuant to this Article, except for an emergency entry into the Premises taken pursuant to this Lease or when accompanied by an authorized representative of Tenant, which accompaniment shall not be unreasonably withheld, conditioned or delayed, neither Landlord nor its employees, agents, representatives or contractors shall be permitted to enter those areas of the Premises designated by Tenant as locations where patient medical records are kept and/or stored.

10. COMPLIANCE WITH LAWS

During the Term of this Lease, Tenant shall, at Tenant's sole cost and expense, promptly comply with any and all present and future applicable laws, ordinances, rules, regulations, orders, and covenants, whether promulgated by state, federal, municipal or any other agency or body having jurisdiction over the Premises. After delivery of the Premises to Tenant, Tenant shall perform, or cause to be performed, any alterations, repairs, improvements or replacements related to the use, condition or occupancy of the Premises, including but not limited to laws relating to design, construction, energy conservation, environmental, fire, health, and safety laws.

11. ALTERATIONS AND FIXTURES

Tenant shall not, except with Landlord's prior written consent, which shall not be unreasonably withheld or delayed, make or cause to be made any major alterations, decorations, additions or improvements to the Premises. It is further understood and agreed by and between the parties hereto that if Tenant installs furniture, fixtures or other equipment with the written consent of Landlord, the furniture, fixtures or other equipment may be detached and removed by Tenant at the expiration of this Lease by the lapse of time or otherwise, provided the rent or other charges upon Tenant are fully paid.

12. END OF TERM HOLDOVER

If Tenant remains in possession of the Premises at the expiration of the Initial Term or any Extension Term, Tenant shall be deemed to be occupying the Premises as a Tenant from month to month, at one hundred fifty percent (150%) of the monthly rental that applied during the last month of the Initial Term or any Extension Term. In the event of a holdover, Tenant's occupancy of the Premises shall be subject to all other provisions of this Lease, but only as they are applicable to a month-to-month tenancy.

13. REAL ESTATE TAXES

(a) **Real Estate Taxes and Assessments.** During the Term hereof, Tenant agrees to pay as Additional Rent Tenant's proportionate share of all real estate taxes and assessments ("Taxes"), both general and special, levied, or assessed during any Lease Year against the Real Estate. For each Lease Year, Tenant's proportionate share of the Taxes shall be the total amount of the Taxes for such year multiplied by a fraction, the numerator of which shall be the Rentable Area of the Premises (as set forth on the Summary of Lease Terms), and the denominator of which shall be the Building Square Footage (as set forth on the Summary of Lease Terms). For any partial Lease Year during the Term hereof, Tenant's proportionate share of the Taxes shall be prorated for such years as of the commencement or termination of the tenancy, as the case may be. To facilitate Tenant's payment of Taxes, Tenant shall, during the term hereof, at the same time installments of Base Rent are due, pay to Landlord, monthly, in advance, one-twelfth (1/12) of Tenant's pro-rata share of Taxes as estimated by Landlord based on the prior year's Taxes. If the estimated payments were greater than Tenant's actual proportionate share of Taxes, the excess shall be credited against such payments next becoming due. If Tenant's actual proportionate share of Taxes for any Lease Year shall be more than the total amount paid by Tenant for such year, Tenant shall pay such deficiency to Landlord within thirty (30) days after such determination by Landlord.

(b) **Contest of Taxes.** Either Landlord or Tenant may, in its own name, contest the validity or amount of any Taxes. If any rebate of such Taxes is made, Tenant shall be entitled to its proportionate share of such rebate, to the extent Tenant has paid Landlord for such Taxes for the Lease Year for which the rebate is received. The party initiating any tax contest may deduct from any recovery the legal fees and costs of obtaining reductions in Taxes, provided that such legal fees and other costs shall not exceed the amount of the reduction of said Taxes.

(c) **Municipal, County, State or Federal Taxes.** Tenant shall pay, when due, all municipal, county, state and federal taxes assessed against any fixtures, furnishings, equipment, stock-in-trade or other personal property of any kind owned, installed, or used in the Premises by Tenant.

14. MAINTENANCE AND REPAIRS

(a) **Common Areas.** Common Areas shall include Building exterior including windows, parking lot and landscaping.

(b) **Common Area Expenses.** From and after the Commencement Date and thereafter during the Lease Term, Tenant shall pay as Additional Rent, its proportionate share of costs related to maintenance of the Common Areas on the Real Estate ("CAM Charges"). The CAM charges are Tenant's proportionate share of all expenses incurred by Landlord in operating, maintaining, repairing, insuring, improving, or maintaining reasonable reserves for replacing the Common Areas of the Building and lot on which it is located, including, cleaning, lighting, snow and ice removal, resurfacing and repaving of parking areas or drives, repair and maintenance of all non-structural components of any buildings or structures located upon the Real Estate, acquiring and maintaining equipment to provide such services, landscaping, and management or administrative fees not to exceed three percent (3%) of total Base Rent in any year. Tenant's proportionate share shall be the total of such CAM Charges incurred by Landlord for the current Lease Year multiplied by a fraction, the numerator of which shall be the Rental Area of the Premises (as set forth on the Summary of Lease Terms) and the denominator of which shall be the Building Square Footage (as set forth on the Summary of Lease Terms). For any partial Lease Year, Tenant's proportionate share of CAM Charges shall be prorated as of the commencement or termination of the term hereof, as the case may be. To facilitate Tenant's payment of CAM Charges, Tenant shall, during the term hereof, at the same time installments of Base Rent are due, pay to Landlord, monthly, in advance, one-twelfth (1/12) of Tenant's proportionate share of CAM Charges as estimated by Landlord for the current Lease Year.

If the estimated costs were greater than the actual costs, the excess shall be credited against such payments next becoming due. If Tenant's actual proportionate share of CAM Charges for any Lease Year shall be more than the total amount paid by Tenant for such year, Tenant shall pay such deficiency to Landlord within thirty (30) days after such determination by Landlord. Tenant shall have the right to audit the records of Landlord to ensure the accuracy and reasonableness of CAM Charges, which are passed on to Tenant.

(c) **Landlord's Obligation:** Landlord shall maintain the exterior and structural elements of the Building consistent with first class office buildings, including maintenance, repair or replacement of structural elements and equipment, including the structural portion of walls, broken windows, roof and roofing, and foundation, and shall replace as needed heat, ventilation and air conditioning systems, exterior electrical system and exterior plumbing. All such costs shall be included in the CAM Charges. In addition, Landlord shall be responsible for maintaining, repairing, resurfacing and repaving the parking areas or drives, snow and ice removal, and landscaping which cost shall be included in the CAM Charges.

(d) **Tenant's Obligations:** Tenant shall maintain the Premises in a clean, orderly and sanitary condition. Tenant shall, throughout the Lease Term, take good care of the

Premises and fixtures and appurtenances therein, and make all minor and nonstructural repairs thereto as and when needed to preserve the Premises in good order and condition. Tenant shall be responsible for maintenance and repair of all interior plumbing, interior electrical, emergency interior lighting, windows, glass and doors and heat, ventilation, and air conditioning systems contained within Tenant's space including the front door and specifically excluding all plumbing and electrical facilities that are installed within the walls, below the floors, and above the ceilings. At the expiration or other termination of this Lease, Tenant will surrender peaceable possession of the Premises in as good condition as they were at the Commencement Date, excepting reasonable wear and tear, and damage by fire or other casualty. Tenant shall reimburse Landlord for all expenses of the repair of any damage to the Premises or to any other part of the Building caused by or resulting from any act or neglect of Tenant. Any such damage to nonstructural parts of the Premises shall be repaired promptly by Tenant, at its sole expense, to the reasonable satisfaction of the Landlord. Tenant shall give Landlord prompt notice of any accident or needed repairs or replacements.

15. UTILITIES

From and after the date Landlord delivers the Premises to Tenant, and thereafter during the Term of this Lease, Tenant shall promptly pay all separately metered charges for water, gas, heat, air conditioning, electricity, sewer (including user charges), trash removal and any and all other utilities furnished to the Premises, and Tenant shall pay along with its CAM Charges, Tenant's proportionate share of any non-separately metered charges for said utilities. If Tenant fails to pay any utilities, Landlord shall have the right but not the obligation to pay utilities and to charge such payments to Tenant as additional rent.

16. Intentionally Deleted.

17. TENANT'S COVENANTS WITH RESPECT TO OCCUPANCY

During the Term of this Lease, Tenant shall at all times:

- (a) Occupy the Premises in a reasonably safe and careful manner, without committing or permitting waste, and in compliance with all laws, regulations and orders of all governmental bodies having jurisdiction over the Premises.
- (b) Neither do nor suffer anything to be done or kept in or about the Premises which contravenes any insurance policies covering the Premises.
- (c) Permit no excessive reproduction of sound which is audible outside the Premises, nor permit noxious odors to be unreasonably dispelled from the Premises.
- (d) Place no merchandise, sign or material of any kind in the vestibule or entry of the Premises or on the sidewalks or other common areas adjacent thereto or elsewhere on the exterior of the Building without the prior written consent of Landlord, which consent shall not be unreasonably withheld.

- (e) Keep all garbage and refuse in the type of container specified by law for collection of such materials.
- (f) Keep the Premises in a reasonably neat and clean condition.
- (g) Permit no lien or other charges (whether arising out of work of Tenant or any contractor, subcontractor, mechanic, laborer or materialman of Tenant or any mortgage, conditional sale, security agreement, chattel mortgage or otherwise) which might become a lien or encumbrance or charge upon the Premises or any part thereof or the income therefrom. If any such lien or claim of lien is filed, Tenant shall remove or bond over the same within twenty (20) days after the Tenant's receipt of such lien or claim of lien. If Tenant fails to remove or bond over such lien or claim of lien within such twenty (20) day period, Landlord may do so and recover the cost thereof from Tenant, with interest as permitted herein, upon demand.
- (h) When knowledgeable, give immediate notice to Landlord in the event of a fire, casualty or accident in the Premises.

18. ASSIGNMENTS AND SUBLEASES

Tenant shall be allowed to sublet all or any of the Premises for the uses as set forth in this Lease with notice to Landlord provided that Tenant shall remain obligated under the terms of this Lease. Tenant agrees not to assign this Lease without Landlord's prior written consent, which shall consent can be withheld in Landlord's sole discretion.

19. INDEMNIFICATION AND HOLD HARMLESS

Landlord and Tenant shall indemnify and save each other harmless from and against any and all liabilities, claims and costs (including reasonable attorney's fees, penalties and fines) for death, injury or damages to persons or property during the Term of this Lease, arising from (a) any default by either in the performance of its obligations under this Lease, (b) the manner of either party's use and occupancy of the Premises, or (c) any acts, omissions, or negligence of either party or its agents, employees, contractors or invitees. If any action or proceeding is brought against the other based upon any such claim, the party at fault shall cause such action to be defended, at its expense, by counsel reasonably satisfactory to the other party. This hold harmless and indemnity shall survive termination of this Lease.

20. FORCE MAJEURE

In the event Landlord or Tenant is delayed, hindered or prevented from performing any act or thing required hereunder by reason of strikes, lockouts, labor troubles, casualties, failure or lack of utilities, governmental laws or regulations, riots, insurrection, war, acts of God, or other causes beyond the reasonable control of Landlord or Tenant, neither party shall be liable for the delay, and the period for the performance by either party shall be extended for a period equivalent to the period of such delay. The foregoing shall be inapplicable to the payment of rent by Tenant.

21. HAZARDOUS MATERIALS

Landlord warrants that it has no knowledge of the presence of any regulated or environmentally hazardous substances in, on or within reasonable proximity to the Premises, or of any existing violations of any laws, rules, regulations or ordinances, including without limitation, any environmental laws against or upon the Premises.

Should Landlord or Tenant, during the Lease Term, or any extensions thereof, become aware of the existence of any regulated or environmentally hazardous substance being present on the demised Premises (other than those used in the ordinary course of Tenant's business), Tenant shall promptly remove the source of said substance. Tenant further warrants that it will indemnify and hold Landlord harmless from any and all losses, claims, injuries, or causes of action (including reasonable attorney's fees) arising out of or caused by the existence of any such hazardous or regulated substances, not created by or brought on the demised Premises by Landlord, during the term and any Extension Term of this Lease. This indemnification and hold harmless provision shall survive termination of this Lease.

Medical Waste. Notwithstanding anything to the contrary contained herein, Tenant may use, generate, and temporarily store on the Premises Hazardous Material typically used, generated, and stored in connection with Tenant's use of the Premises in accordance with the provisions of Section 5 hereof (such Hazardous Material is hereinafter called "Medical Waste"); provided, however that Tenant must store, handle, remove, and dispose of the Medical Waste in compliance with all applicable governmental requirements and in accordance with all provisions of this Lease pertaining to any Hazardous Material. The foregoing shall not release Tenant from any indemnification of Landlord for Hazardous Material as set forth in this Section, such indemnity being equally applicable to Medical Waste. If Tenant shall have any Medical Waste on the Premises, Tenant shall submit to Landlord on an annual basis copies of its approved Medical Waste communication plan, OSHA monitoring plan, and all necessary governmental permits to the extent Tenant is required to prepare, file or obtain any such plans or permits. Tenant shall be responsible, at Tenant's sole cost and expense, for the disposal of such Medical Waste in accordance with all applicable laws and regulations. Tenant shall not place or permit to be placed any Medical Waste in any trash dumpster or other garbage collection bin provided by Landlord for the disposal of non-Medical Waste. If Tenant fails to dispose of such Medical Waste in accordance with the provisions of this Lease, Landlord may, but is not required, to dispose of same and Tenant shall pay Landlord for the cost thereof as Additional Rent hereunder. Nothing contained in this Lease shall be deemed to impose an obligation on Landlord to see that Tenant properly disposes of Medical Waste stored or generated on the Premises.

22. INSURANCE

ii. Worker's compensation as may be required by law with limits at least as required by statute with Employer's Liability Limits of \$500,000. Waiver of subrogation in favor of the Landlord.

iii. "Special Form" property insurance coverage, including against fire and such other risks as are, from time to time, included in standard extended coverage endorsements, insuring Tenant's stock-in-trade, trade fixtures, furniture, furnishings, special equipment, plate glass, floor and wall coverings and all other items of personal property of Tenant located in the Premises, in an amount equal to not less than eighty percent (80%) of replacement cost thereof, together with insurance against vandalism and malicious mischief. Landlord shall have no interest in the proceeds of insurance maintained by Tenant under this section and will sign all documents which are necessary or appropriate in connection with the settlement of any claim or loss by Tenant.

iv. Whenever Tenant shall undertake any alterations, additions, improvements or other work in, to or about the Premises, including, without limitation, Tenant's Work, Tenants' insurance must extend to and include coverage for injuries to persons and damage to property arising in connection with such work, including without limitation liability under an applicable structural work act. In addition to Tenant's insurance, any general contractor or subcontractor performing work for Tenant or any other occupant of the Premises shall maintain during such work (a) commercial general liability insurance naming the Landlord Entities as additional insured's, with limits of not less than \$1,000,000 per occurrence, \$2,000,000 aggregate on a primary/non-contributory basis with a waiver of subrogation in favor of the Landlord. The additional insured status is to be maintained for a minimum of 2 years after completion of the work on a primary/non-contributory basis for completed operations in favor of the Landlord with a waiver of subrogation. (b) Insurance protecting against liability under workers' compensation Laws with limits at least as required by statute, \$500,000 for Employer's Liability and a waiver of subrogation in favor of Landlord. Landlord shall have the right to require additional coverage from Tenant in connection with any work performed by Tenant in and about the Premises on the same terms as set forth above. Insurance shall be delivered to Landlord prior to the inception of work to be performed for Tenant.

(b) **Landlord's Insurance.** Landlord agrees to:

- i. Insure or continue to be insured, the Building and all improvements owned by Landlord or not, but excluding anything insured by Tenant in Section 22(a) above, against loss or damage by any perils covered by a standard broad form all risk property insurance policy in an amount equal to the full replacement value and including business interruption insurance in such amounts as the Landlord may deem, in its sole discretion, necessary.
- ii. Maintain commercial general-public liability insurance against claims for personal injury, death or property damage occurring in, on or about the Real Estate, portions of the Building not leased to Tenant and the sidewalks and areas adjacent to the Real Estate under Landlord's control to afford protection to the minimum limit of One Million Dollars (\$1,000,000.00), Two Million Dollars (\$2,000,000.00 aggregate) for any personal injury, death or property damage.
- iii. Provide Tenant, upon written request, a certificate of insurance reflecting coverages in force.

(c) **Premium.** Tenant shall pay Tenant's proportionate share of insurance premiums for coverage in Section 22(b)(i) and (ii) as part of Common Area Charges.

(d) **Waiver.** Landlord and Tenant each hereby waive any and all rights of recovery against each other and the officers, employees, agents and representatives of such other party for loss of or damage to such waiving party or its property or the property of others under its control, arising from any cause insured against or by any insurance policy in force (whether or not described herein) carried by such waiving party in lieu thereof, and each party shall cause each insurance policy obtained by it to provide that the insurance company waives all right of recovery by way of subrogation against either party in connection with any damage covered by any policy.

(e) **Policies.** All insurance policies required to be carried hereunder shall be issued by insurance companies having a rating of at least A-VI, as set forth in the most recent issue of "Best's Insurance".

(f) **Release of Landlord.** Tenant releases Landlord and Landlord's agents from all damage to persons or uninsured property sustained by Tenant or Tenant's agents, servants, or employees or any occupant within or about the Premises, except for injuries caused by the negligent acts or omissions of Landlord or Landlord's agents, servants or employees. All property on the Premises belonging to Tenant shall be there at the risk of Tenant, and Landlord shall not be liable for damage thereto or theft or misappropriation thereof, except for damage or loss caused by the negligent acts or omissions of Landlord or Landlord's agents, servants or employees.

(g) **Indemnification of Landlord.** Tenant shall protect, indemnify, save and keep harmless Landlord and Landlord's agents, servants and employees against and from all damages, suits, liability, claims, loss, cost, or expense (including court costs and reasonable attorneys' fees) arising out of or from any of the following:

- a. Any accident or other occurrence in the Premises or arising in connection with the business of Tenant (including but not limited to, any product liability claim or any claim relating to the sale of liquor in or from the Premises);
- b. Tenant's occupancy or use of the Premises; Tenant's construction in, on or about the Premises; or any act or omission of Tenant, Tenant's employees, agents, invitees, subtenants, licensees, customers, suppliers, assignees or contractors;
- c. Any violation by Tenant (or Tenant's agents, employees, invitees, or subtenants) of any law or ordinance in, on, at, or in any way related to the Premises; or
- d. Any damage, liens or expenses arising as a result of Tenant's default in any of the terms of this Lease.

(h) **Indemnification of Tenant.** Landlord shall protect, indemnify, save and keep harmless Tenant and Tenant's agents, servants and employees against and from all damages, suits, liability, claims, loss, cost, or expense (including court costs and reasonable attorneys' fees) arising out of or from any of the following:

- a. Any accident or other occurrence in the Premises or arising in connection with the business of Landlord or arising from, in connection with or the result of any negligent or willful act or omission, of Landlord its agents, employees or contractors (including but not limited to, any product liability claim or any claim relating to the sale of liquor in or from the Premises);
- b. Landlord's occupancy or use of the Premises; Landlord's construction in, on or about the Premises; or any act or omission of Landlord, Landlord's employees, agents, invitees, subtenants, licensees, customers, suppliers, assignees or contractors;
- c. Any violation by Landlord (or Landlord's agents, employees, invitees, or subtenants) of any law or ordinance in, on, at, or in any way related to the Premises; or
- d. Any damage, liens or expenses arising as a result of Landlord's default in any of the terms of this Lease.

23. **DESTRUCTION OF THE PREMISES**

If during the Term of this Lease, the Premises are destroyed or damaged in whole or in part by fire or other casualty, Landlord shall promptly and diligently repair the Premises unless this Lease is terminated as hereinafter provided. Rent shall abate until such repairs and restoration are made, or until this Lease is terminated as hereinafter provided; further provided, however, that if such fire or other casualty is caused by the fault or negligence of Tenant, its employees or agents, Tenant shall not be entitled to any such abatement.

Within fourteen (14) days of the date of such damage, Landlord shall notify Tenant whether Landlord can restore the Premises within twelve (12) months of the casualty. Landlord shall provide Tenant with a determination (i) of Landlord's anticipated time frame for such restoration, or (ii) that the restoration cannot be completed within a twelve (12) month period. If the damage, whether to the Premises alone, another part of the Building, or both, renders the Premises untenable for Tenant's intended purposes in whole or in part, and is so extensive that Landlord cannot restore or repair the Premises to pre-casualty condition within a period of twelve (12) months from the date of such fire or other casualty, either party shall have the right to terminate this Lease by notice to the other party, in which case Tenant shall be released from all liability under the terms of this Lease effective as of the date of the casualty or damage. In the event the damage, in Landlord's reasonable opinion, can be restored to pre-casualty condition within twelve (12) months from the date of such fire or other casualty, Landlord shall undertake to restore the Premises and the Building in a prompt and diligent manner.

24. EMINENT DOMAIN

If any part of the Premises or Building shall be taken or condemned by eminent domain and renders the Premises unsuitable for the business of Tenant, the Term of this Lease shall cease and terminate as of the date title to the Premises vests in the condemning authority.

All compensation awarded for any taking under the power of eminent domain, whether for the whole or a part of the Premises, shall be the property of Landlord whether awarded compensation for diminution in the value of the leasehold or to the fee of the Premises or otherwise, and Tenant hereby assigns to Landlord all of the Tenant's right, title and interest in and to any and all such compensation; provided, however, that Landlord shall not be entitled to any award properly belonging to Tenant, including, but not limited to, the taking of Tenant's trade fixtures, furniture or for an award for moving expenses.

25. DEFAULT

(a) **Landlord**: If Landlord defaults in the performance of any term, covenant or condition required to be performed by it under this Lease, Tenant may elect either one of the following:

(i) After not less than thirty (30) days written notice to Landlord, Tenant may remedy such default by any necessary action, and in connection with such remedy may pay expenses and employ counsel; all sums expended or obligations incurred by Tenant in connection therewith shall be paid by Landlord to Tenant on demand, and on failure of such reimbursement, Tenant may, in addition to any other right or remedy that Tenant may have, deduct the cost and expenses thereof from rent due hereunder; or,

- (ii) Elect to terminate this agreement on giving at least sixty (60) days notice to Landlord, thereby terminating this agreement on the date designated in such notice, unless Landlord shall have cured such default prior to expiration of the sixty (60) day period.
- (b) **Default; Landlord's Remedies:** If Tenant defaults in the payment of rent or other monetary charges due hereunder and fails to remedy such default within seven (7) days after the date such payment is due, or defaults in the performance of any other obligations hereunder and fails to remedy such default within thirty (30) days after written notice of such default from Landlord, or if any proceeding shall be commenced to declare Tenant bankrupt or insolvent or to obtain relief under any chapter or provision of any bankruptcy or debtor relief law, or if any assignment of Tenant's property be made for the benefit of creditors, or if a receiver or trustee be appointed for Tenant or Tenant's property or business, or if Tenant abandons the Premises, or if Tenant shall refuse to accept possession of the Premises and after the commencement date of this Lease, then, without further notice to Tenant, Landlord, in addition to all of Landlord's other rights and remedies at law and equity, may immediately enter upon the Premises and terminate this Lease. In the event of such termination, the obligations of Landlord shall cease without prejudice; however, Landlord shall have the right to recover from Tenant: (a) any sums due Landlord for rent or otherwise to date of such entry; (b) damages equal to any deficiency between the then rental value of the Premises or the for the unexpired portion of the Term of this Lease and the Base Rent for that portion of the Term; (c) the cost of all repairs to correct any damage to the Premises or the Building; (d) Landlord's costs in advertising the Premises for reletting; and (e) all other costs incurred by Landlord to effect the termination. In addition, or alternatively, Landlord may enter into the Premises without terminating this Lease and may relet them in its own name for the account of Tenant for the remainder of the Term of this Lease and immediately recover from Tenant any deficiency for the balance of the Term between the amount of Base Rent and other payments of Tenant required hereunder and the amount for which the Premises are relet, less expense or reletting (including all necessary repairs, alterations and attorney's fees).
- (c) **Non-Waiver of Default; Cumulative Remedies:** No failure of Landlord to enforce rights or remedies upon any default of Tenant shall prejudice or affect the rights of Landlord upon any subsequent or similar default. All rights and remedies of Landlord hereunder shall be cumulative, and shall not exclude any other remedies allowed at law or in equity.

26. **AMERICAN WITH DISABILITIES ACT**

The Building is in compliance with all requirements of the Americans with Disabilities Act (Public Law 101-336 (July 26, 1990)) to accommodate Tenant's employees, invitees and customers. From and after the Commencement Date, Tenant acknowledges and agrees that it shall be wholly responsible for any accommodations or alterations which need to be made to the Premises to accommodate Tenant's employees, customers and invitees and for making any

additional accommodations or alterations which need to be made to the Premises to accommodate Tenant's employees, invitees and customers.

27. NO JOINT VENTURE

Nothing contained herein and no acts of the parties shall be deemed or construed to create the relationship of principal and agent, partnership, joint venture, or similar relationship or arrangement, it being understood that the relationship between the parties is solely that of Landlord and Tenant.

28. WAIVER OF SUBROGATION

Landlord and Tenant hereby mutually waive their respective rights of recovery against each other for any loss insured by Fire, Extended Coverage or All Risk Property Insurance Policy.

29. ATTORNEY'S FEES

If either party herein brings an action to enforce the terms of this Lease, the prevailing party in such action shall be entitled to reasonable attorney's fees to be paid by the non-prevailing party.

30. SUCCESSORS AND ASSIGNS

Each of the provisions of this Lease shall extend to and shall, as the case may require, bind or inure to the benefit of Landlord and Tenant, and their respective subsidiaries, affiliates, heirs, legal representatives, successors and assigns.

31. HEADINGS

The titles and headings of this Lease are for convenience of reference only and shall not in any way be deemed a part of this Lease for the purpose of construing or interpreting the meaning thereof, or for any other purpose.

32. GOVERNING LAW

33. ENTIRE AGREEMENT

This Lease and the exhibits attached hereto contain the entire agreement and understanding between Landlord and Tenant relating to the leasing of the Premises and obligations of Landlord and Tenant. NONDISTURBANCE AND
ATTORNMMENT AGREEMENT**
Peoria County

This document prepared by and

**LEASE SUBORDINATION,
NONDISTURBANCE AND ATTORNMMENT AGREEMENT**

THIS LEASE SUBORDINATION, NONDISTURBANCE AND ATTORNMMENT AGREEMENT (this "Agreement"), dated as of _____, _____, is made and entered into by and among the following parties:

("Lender"), _____ having _____ a _____ mailing _____ address _____ of _____; Musculoskeletal Surgery Center, LLC, an Illinois limited liability company ("Tenant"), having a mailing address of 303 N. William Kumpf Blvd., Peoria, IL 61605; and Cullinan Kumpf Medical, LLC, an Illinois limited liability company ("Borrower"), having a mailing address of c/o Cullinan Companies L.L.C., 420 N. Main Street, East Peoria, IL 61611. The following recitals form the basis for this Agreement and are a material part hereof:

A. Tenant is the "tenant" or "lessee" under that certain Lease (as amended from time to time, the "Lease"), dated _____, a copy of which Lease has been previously delivered to Lender, for certain premises leased as described in the Lease (the "Premises").

B. Lender has made or is about to make a loan or extend credit (the "Loan") to Borrower, to be secured by a mortgage, security agreement, assignment of leases and rents and fixture filing (as amended or renewed from time to time, the "Mortgage"), covering the land described on **Exhibit A** attached hereto and all improvements and fixtures thereon, and all personal property and other assets described therein (collectively, the "Mortgaged Property"), which includes the Premises. The Mortgage has been or will be recorded in the official real estate records of the County of Peoria, Illinois (the "Recorder's Office").

C. As a condition to making the Loan, Lender has required that Tenant agree to subordinate the Lease to the Mortgage, attorn to Lender, and otherwise agree as set forth herein, subject to Lender's agreement not to disturb the Lease or Tenant's possession of the Premises upon the terms set forth herein.

NOW, THEREFORE, for and in consideration of the foregoing recitals, and for \$1.00 paid to and received by Tenant, and for other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, Tenant, Borrower and Lender hereby covenant and agree as follows:

1. Lease Subordination. Subject to the terms and conditions of this Agreement, the Lease and the leasehold estate created by the Lease and all of Tenant's rights under the Lease are and shall remain subject and subordinate to the Mortgage and the lien of the Mortgage, to all rights of Lender under the Mortgage, and to all renewals, amendments, modifications and extensions of the Mortgage.

2. Notice of Assignment. Tenant acknowledges and agrees that Tenant has notice that the Lease and the rent and other sums due under the Lease have been or are to be assigned to Lender as security for the Loan. If Lender notifies Tenant in writing of a default under the Mortgage and requests that Tenant pay its rent and other sums due under the Lease to Lender, then Tenant shall pay such sums directly to Lender or as Lender may otherwise request. Tenant further agrees that this Agreement satisfies any condition or requirement in the Lease relating to the granting of a nondisturbance agreement, and Landlord agrees that Tenant may rely upon Lender's notice and upon Tenant's receipt thereof. Landlord consents to Tenant making rent and other payments directly to Lender, all such amounts being deemed paid in satisfaction of Tenant's corresponding obligations under the Lease.

3. Foreclosure and Sale; Attornment.

3.1 Tenant covenants and agrees to make full and complete attornment, without the necessity of any other or further attornment than in this paragraph contained (and this paragraph shall be considered a self-operative attornment), to Lender, its successors and assigns, or to the purchaser or grantee of the Mortgaged Property at foreclosure or sale under the Mortgage or by deed in lieu thereof (Lender and all such other persons are each referred to herein as a "Successor Owner"), as the case may be, and upon such Successor Owner's election. Such attornment shall be for the balance of the term of the Lease, including any extensions thereof, if extended, and shall be upon the same terms, covenants and conditions as provided in the Lease so as to establish direct privity of estate and contract between Tenant and such Successor Owner, with the same force and effect as though the Lease was made directly between Tenant and such Successor Owner, whether or not Tenant is then in possession of the Premises under the Lease; provided, however, that neither Lender nor any other Successor Owner shall be: (i) liable for any act or omission of any prior lessor (including Borrower) in connection with the Lease, except to the extent continuing beyond the date of attornment; (ii) subject to any offsets or defenses which Tenant might have against any prior lessor (including Borrower); (iii) bound by any rent or additional rent which Tenant might have paid to any prior lessor (including Borrower) more than thirty (30) days in advance of the due dates thereof, for any period after the occurrence of the event that gave rise to attornment by Tenant, unless such Successor Owner actually receives such amounts; (iv) liable for the return of any security deposit, cleaning deposit or other sum that Tenant may have paid in advance to any prior

landlord (including Borrower), unless such Successor Owner actually receives such amounts; (v) liable for any representation, warranty or indemnity given by any prior landlord (including Borrower); (vi) liable for indirect or consequential damages or (vii) bound by any amendment, modification assignment or termination of the Lease or by any waiver or forbearance on the part of any prior lessor (including Borrower) made or given without the written consent of Lender or such other Successor Owner. Notwithstanding anything to the contrary in the Lease, Lender and any other Successor Owner shall be discharged from all responsibility under the Lease which accrues or arises after Lender or such other Successor Owner disposes of its interest in the Mortgaged Property.

3.2 Notwithstanding anything to the contrary in the Lease, (i) the liability of Lender and any other Successor Owner shall be limited to its ownership interest in the Mortgaged Property and the income, profits, insurance and proceeds derived therefrom, and no Successor Owner shall have any obligation to incur any liability in excess of its ownership interest in the Mortgaged Property and the income, profits, insurance and proceeds derived therefrom, and (ii) no disputes under the Lease shall be subject to arbitration unless the Successor Owner and Tenant agree to submit a particular dispute to arbitration.

4. Nondisturbance Agreement.

4.1 Subject to Tenant's attornment upon the terms set forth above, Lender agrees, for itself and any other Successor Owner, that the Lease and Tenant's right of possession and enjoyment of the Premises shall be and remain undisturbed and unaffected by any foreclosure or other proceedings involving the Mortgage, subject to the terms and conditions of the Lease, and shall continue in full force and effect as a direct lease between the Successor Owner and Tenant; provided, however, that such agreement on the part of Lender and any Successor Owner shall terminate and expire upon the occurrence of any breach or default on the part of Tenant under the Lease which is not cured within any cure or grace period expressly provided in the Lease.

4.2 So long as the Lease is in full force and effect and Tenant is not in default under the Lease beyond any applicable notice and cure period, Lender shall not name or join Tenant as a defendant in any exercise of Lender's rights and remedies arising upon a default under the Mortgage unless applicable law requires Tenant to be made a party thereto as a condition to proceeding against Borrower or pursuing such rights and remedies. In the latter case, Lender may join Tenant as a defendant in such action only for such purpose and not to terminate the Lease or otherwise adversely affect Tenant's rights under the Lease or this Agreement in such action.

5. Tenant Covenants. Tenant agrees that, so long as the Mortgage shall remain outstanding, Tenant shall not, without the prior written consent of Lender: (a) prepay any of the rents, additional rents or other sums due under the Lease more than one (1) month in advance of the due dates thereof; (b) voluntarily surrender the Premises or terminate the Lease without cause or shorten the term thereof, except to the extent such right is expressly granted in the Lease; (c) voluntarily subordinate the

Lease to any lien or encumbrance; or (d) assign the Lease or sublet the Premises or any portion, except to the extent such right is expressly granted in the Lease.

6. Tenant Representations and Warranties. Tenant represents and warrants that, as of the date hereof, the Lease is in full force and effect and has not been modified or amended, except by such modifications and amendments as have been delivered by Tenant to Lender.

7. Subordination and Release of Purchase Options and Rights of First Refusal. Tenant represents and warrants that it has no right or option of any nature to purchase the Mortgaged Property, the Premises or any part thereof, or any interest in Borrower, or any rights of first refusal to lease or purchase the Mortgaged Property, the Premises or any part thereof except for a right of first offer to lease additional premises as is stated in the Lease. To the extent Tenant has or acquires any such options or rights, (a) such options or rights are acknowledged to be subject and subordinate to the Mortgage, (b) shall be terminated upon any foreclosure sale conducted under the Mortgage, or upon any conveyance of the Mortgaged Property in lieu of foreclosure, and (c) such options or rights are waived and released, and shall be of no force or effect, as to Lender and any other Successor Owner.

8. Lender's Right to Cure Defaults. If Tenant shall send any notice pursuant to or in connection with the Lease, then Tenant shall simultaneously send a copy of said notice to Lender by certified mail, return receipt requested, addressed to Lender at its mailing address specified above, or such other address as Lender may notify Tenant in writing. Tenant agrees that Lender shall have thirty (30) days after its actual receipt of any notice of default of the lessor under the Lease to cure such default, during which period Tenant shall not exercise any remedies available to it under the Lease (including, without limitation, any right of termination). In the event Lender is only able to cure the default by possession of the Mortgaged Property through foreclosure proceedings pursuant to the Mortgage, Lender shall express its intent to foreclose, possess and cure by written notice to Tenant within sixty (60) days after Lender's actual receipt of the notice of default, and Lender shall then have such additional amount of time reasonably necessary to cure the default, up to a maximum of one hundred twenty (120) days, and Tenant shall not exercise any remedies available to it under the Lease during such period. So long as any receiver of the Mortgaged Property has been appointed and is continuing to serve, Lender shall be deemed to have possession and control of the Mortgaged Property. Notwithstanding the foregoing, it is expressly agreed that, although Lender shall have the right under this Agreement to cure lessor's defaults under the Lease, nothing herein shall be construed as requiring or obligating Lender to cure Lessor's defaults.

9. Miscellaneous.

9.1 This Agreement shall run with the land and shall inure to the benefit of Lender and any other Successor Owner, and their respective successors and assigns, and be binding upon Tenant, its successors, assigns, heirs and legal representatives. This Agreement may be modified only by a writing signed by both of the parties hereto, and shall be governed by and construed in accordance with the laws

of the state where the Premises are located. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original but together shall constitute one and the same instrument. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, that invalidity, illegality or unenforceability shall not affect the other provisions of this Agreement.

9.2 This Agreement constitutes the entire agreement among Lender, Borrower and Tenant regarding the rights and obligations of Tenant, Borrower and Lender as to the subject matter of this Agreement.

9.3 At any time, and from time to time, Lender may elect, by recording an appropriate instrument in the Recorder's Office to subordinate the lien and priority of the Mortgage to the Lease, in which event, neither a foreclosure of the lien of the Mortgage, entry by Lender, nor any other action by Lender with respect to the Mortgage will affect the continued existence of the Lease or the rights and obligations of the Tenant thereunder. Until such time as such election is made, if at all, the Lease will be subject and subordinate to the Mortgage, subject to the terms of this Agreement.

9.4 Neither Lender nor any other Successor Owner shall be subject to any provision of the Lease that is inconsistent with this Agreement.

9.5 Unless otherwise specified herein, all notices or other communications under this Agreement shall be in writing and shall be sent by registered or certified mail, return receipt requested, or by a reputable overnight carrier that provides a receipt, and shall be deemed given when addressed to the parties at their addresses listed in the first paragraph above (or such other addresses and the parties may provide to the other party in writing), on the second business day after being deposited in the mail, if sent by registered or certified mail, or on the next business day after being deposited with an overnight courier.

9.6 The individuals executing this Agreement hereby represent and warrant that they are empowered and duly authorized to so execute this Agreement on behalf of the parties they represent.

9.7 The provisions of this Agreement shall be effective and self-operative without any need for Successor Owner or Tenant to execute any further documents. Tenant and Successor Owner shall, however, confirm the provisions of this Agreement in writing upon request by either of them.

**LEASE SUBORDINATION,
NONDISTURBANCE AND ATTORNMENMENT AGREEMENT**

THIS LEASE SUBORDINATION, NONDISTURBANCE AND ATTORNMENMENT AGREEMENT (this "Agreement"), dated as of July __, 2016, is made and entered into by and among the following parties: First Mid-Illinois Bank & Trust, N.A. ("Lender"), having a mailing address of 230 SW Adams Street, Suite 100, Peoria, IL 61602; Musculoskeletal Surgery Center, LLC, an Illinois limited liability company ("Tenant"), having a mailing address of 303 N. William Kumpf Blvd., Peoria, IL 61605; and Cullinan Kumpf Medical, LLC, an Illinois limited liability company ("Borrower"), having a mailing address of c/o Cullinan Companies L.L.C., 420 N. Main Street, East Peoria, IL 61611. The following recitals form the basis for this Agreement and are a material part hereof:

A. Tenant is the "tenant" or "lessee" under that certain Lease (as amended from time to time, the "Lease"), dated July __, 2016, a copy of which Lease has been previously delivered to Lender, for certain premises leased as described in the Lease (the "Premises").

B. Lender has made or is about to make a loan or extend credit (the "Loan") to Borrower, to be secured by a mortgage, security agreement, assignment of leases and rents and fixture filing (as amended or renewed from time to time, the "Mortgage"), covering the land described on **Exhibit A** attached hereto and all improvements and fixtures thereon, and all personal property and other assets described therein (collectively, the "Mortgaged Property"), which includes the Premises. The Mortgage has been or will be recorded in the official real estate records of the County of Peoria, Illinois (the "Recorder's Office").

C. As a condition to making the Loan, Lender has required that Tenant agree to subordinate the Lease to the Mortgage, attorn to Lender, and otherwise agree as set forth herein, subject to Lender's agreement not to disturb the Lease or Tenant's possession of the Premises upon the terms set forth herein.

NOW, THEREFORE, for and in consideration of the foregoing recitals, and for \$1.00 paid to and received by Tenant, and for other good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, Tenant, Borrower and Lender hereby covenant and agree as follows:

1. Lease Subordination. Subject to the terms and conditions of this Agreement, the Lease and the leasehold estate created by the Lease and all of Tenant's rights under the Lease are and shall remain subject and subordinate to the Mortgage and the lien of the Mortgage, to all rights of Lender under the Mortgage, and to all renewals, amendments, modifications and extensions of the Mortgage.

2. Notice of Assignment. Tenant acknowledges and agrees that Tenant has notice that the Lease and the rent and other sums due under the Lease have been or are to be assigned to Lender as security for the Loan. If Lender notifies Tenant in writing of a default under the Mortgage and requests that Tenant pay its rent and other sums due under the Lease to Lender, then Tenant shall pay such sums directly to Lender or as Lender may otherwise request. Tenant further agrees that this Agreement satisfies any condition or requirement in the Lease relating to the granting of a nondisturbance agreement, and Landlord agrees that Tenant may rely upon Lender's notice and upon Tenant's receipt thereof. Landlord consents to Tenant making rent and other payments directly to Lender, all such amounts being deemed paid in satisfaction of Tenant's corresponding obligations under the Lease.

3. Foreclosure and Sale; Attornment.

3.1 Tenant covenants and agrees to make full and complete attornment, without the necessity of any other or further attornment than in this paragraph contained (and this paragraph shall be considered a self-operative attornment), to Lender, its successors and assigns, or to the purchaser or grantee of the Mortgaged Property at foreclosure or sale under the Mortgage or by deed in lieu thereof (Lender and all such other persons are each referred to herein as a "Successor Owner"), as the case may be, and upon such Successor Owner's election. Such attornment shall be for the balance of the term of the Lease, including any extensions thereof, if extended, and shall be upon the same terms, covenants and conditions as provided in the Lease so as to establish direct privity of estate and contract between Tenant and such Successor Owner, with the same force and effect as though the Lease was made directly between Tenant and such Successor Owner, whether or not Tenant is then in possession of the Premises under the Lease; provided, however, that neither Lender nor any other Successor Owner shall be: (i) liable for any act or omission of any prior lessor (including Borrower) in connection with the Lease, except to the extent continuing beyond the date of attornment; (ii) subject to any offsets or defenses which Tenant might have against any prior lessor (including Borrower); (iii) bound by any rent or additional rent which Tenant might have paid to any prior lessor (including Borrower) more than thirty (30) days in advance of the due dates thereof, for any period after the occurrence of the event that gave rise to attornment by Tenant, unless such Successor Owner actually receives such amounts; (iv) liable for the return of any security deposit, cleaning deposit or other sum that Tenant may have paid in advance to any prior landlord (including Borrower), unless such Successor Owner actually receives such

amounts; (v) liable for any representation, warranty or indemnity given by any prior landlord (including Borrower); (vi) liable for indirect or consequential damages or (vii) bound by any amendment, modification assignment or termination of the Lease or by any waiver or forbearance on the part of any prior lessor (including Borrower) made or given without the written consent of Lender or such other Successor Owner. Notwithstanding anything to the contrary in the Lease, Lender and any other Successor Owner shall be discharged from all responsibility under the Lease which accrues or arises after Lender or such other Successor Owner disposes of its interest in the Mortgaged Property.

3.2 Notwithstanding anything to the contrary in the Lease, (i) the liability of Lender and any other Successor Owner shall be limited to its ownership interest in the Mortgaged Property and the income, profits, insurance and proceeds derived therefrom, and no Successor Owner shall have any obligation to incur any liability in excess of its ownership interest in the Mortgaged Property and the income, profits, insurance and proceeds derived therefrom, and (ii) no disputes under the Lease shall be subject to arbitration unless the Successor Owner and Tenant agree to submit a particular dispute to arbitration.

4. Nondisturbance Agreement.

4.1 Subject to Tenant's attornment upon the terms set forth above, Lender agrees, for itself and any other Successor Owner, that the Lease and Tenant's right of possession and enjoyment of the Premises shall be and remain undisturbed and unaffected by any foreclosure or other proceedings involving the Mortgage, subject to the terms and conditions of the Lease, and shall continue in full force and effect as a direct lease between the Successor Owner and Tenant; provided, however, that such agreement on the part of Lender and any Successor Owner shall terminate and expire upon the occurrence of any breach or default on the part of Tenant under the Lease which is not cured within any cure or grace period expressly provided in the Lease.

4.2 So long as the Lease is in full force and effect and Tenant is not in default under the Lease beyond any applicable notice and cure period, Lender shall not name or join Tenant as a defendant in any exercise of Lender's rights and remedies arising upon a default under the Mortgage unless applicable law requires Tenant to be made a party thereto as a condition to proceeding against Borrower or pursuing such rights and remedies. In the latter case, Lender may join Tenant as a defendant in such action only for such purpose and not to terminate the Lease or otherwise adversely affect Tenant's rights under the Lease or this Agreement in such action.

5. Tenant Covenants. Tenant agrees that, so long as the Mortgage shall remain outstanding, Tenant shall not, without the prior written consent of Lender: (a) prepay any of the rents, additional rents or other sums due under the Lease more than one (1) month in advance of the due dates thereof; (b) voluntarily surrender the Premises or terminate the Lease without cause or shorten the term thereof, except to the extent such right is expressly granted in the Lease; (c) voluntarily subordinate the Lease to any lien or encumbrance; or (d) assign the Lease or sublet the Premises or any portion, except to the extent such right is expressly granted in the Lease.

6. Tenant Representations and Warranties. Tenant represents and warrants that, as of the date hereof, the Lease is in full force and effect and has not been modified or amended, except by such modifications and amendments as have been delivered by Tenant to Lender.

7. Subordination and Release of Purchase Options and Rights of First Refusal. Tenant represents and warrants that it has no right or option of any nature to purchase the Mortgaged Property, the Premises or any part thereof, or any interest in Borrower, or any rights of first refusal to lease or purchase the Mortgaged Property, the Premises or any part thereof except for a right of first offer to lease additional premises as is stated in the Lease. To the extent Tenant has or acquires any such options or rights, (a) such options or rights are acknowledged to be subject and subordinate to the Mortgage, (b) shall be terminated upon any foreclosure sale conducted under the Mortgage, or upon any conveyance of the Mortgaged Property in lieu of foreclosure, and (c) such options or rights are waived and released, and shall be of no force or effect, as to Lender and any other Successor Owner.

8. Lender's Right to Cure Defaults. If Tenant shall send any notice pursuant to or in connection with the Lease, then Tenant shall simultaneously send a copy of said notice to Lender by certified mail, return receipt requested, addressed to Lender at its mailing address specified above, or such other address as Lender may notify Tenant in writing. Tenant agrees that Lender shall have thirty (30) days after its actual receipt of any notice of default of the lessor under the Lease to cure such default, during which period Tenant shall not exercise any remedies available to it under the Lease (including, without limitation, any right of termination). In the event Lender is only able to cure the default by possession of the Mortgaged Property through foreclosure proceedings pursuant to the Mortgage, Lender shall express its intent to foreclose, possess and cure by written notice to Tenant within sixty (60) days after Lender's actual receipt of the notice of default, and Lender shall then have such additional amount of time reasonably necessary to cure the default, up to a maximum of one hundred twenty (120) days, and Tenant shall not exercise any remedies available to it under the Lease during such period. So long as any receiver of the Mortgaged Property has been appointed and is continuing to serve, Lender shall be deemed to have possession and control of the Mortgaged Property. Notwithstanding the foregoing, it is expressly agreed that, although Lender shall have the right under this Agreement to cure lessor's defaults under the Lease, nothing herein shall be construed as requiring or obligating Lender to cure Lessor's defaults.

9. Miscellaneous.

9.1 This Agreement shall run with the land and shall inure to the benefit of Lender and any other Successor Owner, and their respective successors and assigns, and be binding upon Tenant, its successors, assigns, heirs and legal representatives. This Agreement may be modified only by a writing signed by both of the parties hereto, and shall be governed by and construed in accordance with the laws of the state where the Premises are located. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original but together shall

constitute one and the same instrument. If any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, that invalidity, illegality or unenforceability shall not affect the other provisions of this Agreement.

9.2 This Agreement constitutes the entire agreement among Lender, Borrower and Tenant regarding the rights and obligations of Tenant, Borrower and Lender as to the subject matter of this Agreement.

9.3 At any time, and from time to time, Lender may elect, by recording an appropriate instrument in the Recorder's Office to subordinate the lien and priority of the Mortgage to the Lease, in which event, neither a foreclosure of the lien of the Mortgage, entry by Lender, nor any other action by Lender with respect to the Mortgage will affect the continued existence of the Lease or the rights and obligations of the Tenant thereunder. Until such time as such election is made, if at all, the Lease will be subject and subordinate to the Mortgage, subject to the terms of this Agreement.

9.4 Neither Lender nor any other Successor Owner shall be subject to any provision of the Lease that is inconsistent with this Agreement.

9.5 Unless otherwise specified herein, all notices or other communications under this Agreement shall be in writing and shall be sent by registered or certified mail, return receipt requested, or by a reputable overnight carrier that provides a receipt, and shall be deemed given when addressed to the parties at their addresses listed in the first paragraph above (or such other addresses and the parties may provide to the other party in writing), on the second business day after being deposited in the mail, if sent by registered or certified mail, or on the next business day after being deposited with an overnight courier.

9.6 The individuals executing this Agreement hereby represent and warrant that they are empowered and duly authorized to so execute this Agreement on behalf of the parties they represent.

9.7 The provisions of this Agreement shall be effective and self-operative without any need for Successor Owner or Tenant to execute any further documents. Tenant and Successor Owner shall, however, confirm the provisions of this Agreement in writing upon request by either of them.

Dear Ms. Orsini:

In accordance with your request, I have made a personal inspection of the property captioned below for the purpose of estimating the Market Value. The requested property rights to be appraised are those of the owner of the Fee Simple interest in the property. No furniture, fixtures, or equipment are included in this appraisal. You have also requested the appraisal estimate the market rent value under 3 premises: Net Net Net (NNN) rent, True Gross Rent, and 4-Hour Block Time Share Rent.

The property is legally described in the report that follows and is commonly known and numbered as:

Great Plains Orthopaedics Medical Office Building
303 North William Kumpf Boulevard
Peoria, Illinois 61605

This is an **Appraisal Report** which is intended to comply with the reporting requirements set forth under Standards Rule 2-2 of the 2014-2015 Edition of the Uniform Standards of Professional Appraisal Practice. The appraiser is not responsible for unauthorized use of this report.

As a result of my personal inspection of the subject property and surrounding neighborhood, and subject to the assumptions and limiting conditions in this report, an opinion has been formed that the Market Value of the unencumbered Fee Simple interest in the subject property (and the market rents), as of June 17, 2014, is:

VALUE PREMISE	CONCLUSION
As Is, Fee Simple	\$4,900,000

SCOPE OF THE APPRAISAL

Scope of Work is defined in the 2014-2015 USPAP (effective January 1, 2014) as "the type and extent of research and analyses in an appraisal or appraisal review assignment"¹.

According to the 2014-2015 USPAP, "for each appraisal, an appraiser must:

1. identify the problem to be solved;
2. determine and perform the scope of work necessary to develop credible assignment results; and
3. disclose the scope of work in the report

An appraiser must gather and analyze information about those assignment elements that are necessary to properly identify the appraisal problem to be solved. In an appraisal assignment identification of the problem to be solved requires the appraiser to identify the following assignment elements:

- client and any other intended users;
- intended use of the appraiser's opinions and conclusions;
- type and definition of value;
- effective date of the appraiser's opinions and conclusions;
- subject of the assignment and its relevant characteristics; and
- assignment conditions"²

These elements are identified throughout the appraisal in various places. For example, the subject of the assignment and its relevant characteristics are identified/detailed in the title page, neighborhood map, photographs, neighborhood description, site analysis, improvements description and in many other areas of the appraisal.

In the performance of this assignment, I inspected the subject property and the surrounding area, secured current assessment and zoning data, and formed an opinion as to the highest and best use of the subject property. Also, I investigated sales and rentals of similar properties, analyzed pertinent data, and developed an estimate of the Market Value of the subject property as if unaffected by hazardous substances.

The consideration of the effect of possible toxic or hazardous substances upon the subject property is beyond the scope of this appraisal, which is intended solely to provide Market Value, as if unaffected by hazardous substances, for the client's internal purposes and is subject to revision if hazardous materials are subsequently confirmed and quantified by qualified experts in this field.

This appraisal has involved the collection, confirmation, and reporting of all available significant market data. Only the most relevant data has been included in this report, with additional consideration given to office file data of a more general nature. Market data, including land sales, building costs, rental rates, operating expenses, comparable improved sales, and supply and demand, are among the items researched, analyzed, and presented. In this appraisal, I have relied on some or all of the following sources: public data acquired from governmental/municipal sources, private sources, real estate professionals, published data, and in-house data.

¹ Uniform Standards of Professional Appraisal Practice; page U-4 © 2014-2015 by The Appraisal Foundation.

² Uniform Standards of Professional Appraisal Practice; page U-13 © 2014-2015 by The Appraisal Foundation.

The land area and shape characteristics were estimated by reliance on the recorded plat, GIS tax plat, and tax assessment information.

The building size and sketch are the result of reliance on the owner's building plans; the building was not field measured.

TYPE AND DEFINITION OF MARKET VALUE

There are many types of value in the real estate industry. Unless otherwise noted, the interest appraised is the unencumbered fee simple interest, and the type of value is Market Value.

A current economic definition agreed upon by federal financial institutions in the United States of America is:

"The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised, and acting in what they consider their best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."³

The current USPAP definition of Market Value is: "a type of value, stated as an opinion, that presumes the transfer of a property (i.e., a right of ownership or a bundle of such rights), as of a certain date, under specific conditions set forth in the definition of the term identified by the appraiser as applicable in an appraisal."⁴

DEFINITION OF MARKET RENT VALUE

"The most probable rent that a property should bring in a competitive and open market reflecting all conditions and restrictions of the lease agreement, including permitted uses, use restrictions, expense obligations, term, concessions, renewal and purchase options, and tenant improvements (TI)."⁵

EFFECTIVE DATE OF THE APPRAISER'S OPINIONS & CONCLUSIONS

The effective date of my opinions and conclusions is June 17, 2014.

CLIENT, INTENDED USERS, AND INTENDED USE

The intended use of this appraisal is to estimate the current market value and market rent of property for the client's possible acquisition or lease of the property. The client is OSF Healthcare, and this report is intended for their *sole* use; there are no other intended users, unless noted herein.

Copies may not be distributed to any third party without the appraiser's written consent; possession of a copy does not make the possessor an intended user.

COMPETENCY

I certify that I have the professional competency to appraise this property in conformance with generally acceptable appraisal methodology and techniques by virtue of my 35+ years of appraisal experience appraising this and other property types, extensive appraisal work with several other appraisers that hold the MAI designation, successful completion of all education requirements for the MAI designation - both to earn the designation and have completed the continuing education program of the Appraisal Institute every 5-year cycle since 1984 (100 hours per cycle), and successful completion of numerous specialized appraisal seminars and classes. I have been licensed by the State of Illinois as a Certified General Real Estate Appraiser since the implementation of licensing of appraisers by the State of Illinois. I have been appraising this type of property in this market for over 25 years.

ASSIGNMENT CONDITIONS

An appraisal assignment may include Assignment Conditions. Assignment Conditions most commonly include extraordinary assumptions and/or hypothetical conditions, and could also involve supplemental standards (which are requirements issued by government agencies, government sponsored enterprises, or other entities that establish public policy) or Jurisdictional Exception.

An Extraordinary Assumption is "an assumption, directly related to a specific assignment, as of the effective date of the assignment results, which if found to be false, could alter the appraiser's opinions or conclusions. Extraordinary assumptions presume as fact otherwise uncertain information about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis."⁶

Examples of Extraordinary Assumptions include: exterior only inspections, partial inspections, or if the date of value is a prospective (future) date. Assumptions in these and other situations would be extraordinary because, if false, the value could be significantly impacted.

A Hypothetical Condition is "a condition, directly related to a specific assignment, which is contrary to what is known by the appraiser to exist on the effective date of the assignment results, but is used for the purpose of analysis. Hypothetical Conditions are contrary to known facts about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis."⁷

A prime example of a Hypothetical Condition is proposed construction, with a current date of value; the property is appraised as though the construction is complete as of today (the effective date of value).

The Addenda contains a number of Assumptions and Limiting Conditions that should be carefully considered by the user of this appraisal; they apply to all of my appraisals, while Extraordinary Assumptions and Hypothetical Conditions specific to the subject of this appraisal, if any, will be detailed in this section.

This appraisal has disregarded any leases (there may be a lease between related entities); the property is appraised as if unencumbered.

The Hypothetical Condition of this appraisal assumes that the typical 4 hour time share block lease would be entirely True Gross, and that the sublease tenant(s) would be leasing exam rooms and/or offices on a 1 year lease basis (52 weeks for occasional use), including use of the waiting room, breakroom, bathrooms and other common areas (which in effect increases the effective area). The estimated 4 hour time block can be applied to varying number of days per week of committed use - as specified by individual time share leases.

The formula for this Hypothetical assumes a 52 week year, calculation of rent to be on a per square foot basis per 4 hour block (so that the unit value of rent will be the same regardless of variation in Net Rentable Area - the Net Rentable Area being variable and rent in absolute \$ terms will vary accordingly). The appraisal basic assumption for rate estimation is of 5 business days per week,

⁶ USPAP 2014-2015 Edition, © The Appraisal Foundation, page U-3.

⁷ USPAP 2014-2015 Edition, © The Appraisal Foundation, page U-3.

and a day contains two 4 hour time blocks. It is recognized that the rent per sublease will vary by agreed lease terms as to frequency of use. Multiple day frequency can be calculated by multiplying the number of weekly blocks by the 4 hour time block \$ rate estimate.

ESTIMATED EXPOSURE TIME

Exposure Time is defined as: the "estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective opinion based on an analysis of past events assuming a competitive and open market."⁸

Based upon information gathered in the appraisal process and conversations with knowledgeable market participants, it is my opinion that a reasonable exposure time for subject property would have been in the range of twelve to twenty-four months, assuming correct pricing and professional marketing at correctly targeted, informed buyers.

ESTIMATED MARKETING TIME

The estimated marketing time in this appraisal is defined as "an opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal"⁹.

Marketing time can depend on many factors. Some of these factors are: asking price, available financing (owner and/or market), condition of the property, other properties on the market, and market conditions. Based upon discussions with various individuals in the subject's marketplace, it is my opinion that the estimated marketing time for the subject property is twelve to twenty-four months.

USE, OCCUPANCY, AND OWNERSHIP, HISTORY

Subject is owned by Great Plains, L.L.C. and is a medical office building constructed in 1991 (the facility was opened in July of 1991, and the surgery center opened in August of 1991).

Public records and other sources indicate that subject has not sold within the past three years; the facility was built for this medical practice and there have been no arm's length transactions involving this property since. The property reportedly is not for sale or lease. If there are any leases, they are between related entities and have therefore been disregarded; the property will be appraised as if available to be leased at market rent.

⁸ USPAP 2014-2015 Edition © The Appraisal Foundation, page U-3.

⁹ USPAP 2014-2015 Edition © The Appraisal Foundation, page A-13.

LOCATION

Subject is located at the Northwesterly corner of North Wm. Kumpf Boulevard and John Gwynn Jr. Avenue, on the Westerly periphery of the downtown Peoria Central Business District, directly West of the Peoria Civic Center facility.

ACCESS

Access to subject is from John Gwynn Jr. Avenue, a minor arterial street along the Southerly side of the site, just off of Wm. Kumpf Boulevard. Access is considered average. While there is no direct ingress/egress from Kumpf, the entrances to the subject site are just off of Kumpf; Kumpf is a significant traffic artery, with three lanes in both directions plus turn lane.

NEIGHBORHOOD

Subject neighborhood is the downtown Peoria Central Business District; subject is located on its Westerly fringe.

The most significant neighborhood property is the Peoria Civic Center complex which is located directly across Kumpf from subject, which completed a major expansion in 2007. In 2008 plans were announced for a \$100± Million project to renovate the Pere Marquette hotel and add a high end hotel next to it by demolishing nearly an entire block and redeveloping it, to the immediate East of the Civic Center, one block East of subject; the project was finished June of 2014. The new Marriott Hotel is 10 stories (scaled back from the original proposal of 14 stories), containing 106 rooms and 10 suites; the existing 1920s vintage 286 room Pere Marquette was renovated, and an existing parking deck was replaced by a new 500 space deck, and a \$5 Million glass skywalk (pedestrian bridge) connects the facility to the Civic Center, all part of a newly created "Hospitality Improvement Zone" the City of Peoria recently created for the Civic Center and the three existing downtown hotels.

To the immediate South of subject is the Caterpillar Training Center site; to the Southeast of that is the Peoria Chiefs baseball stadium (opened in 2002). To the immediate West of subject is the Red Cross office building, and a crematorium. Other properties in the immediate neighborhood to the North include: Busey Bank branch office in a historic building that was formerly known as the "Musicians Hall", a Staybridge Motel and Suites, and several other medical and professional offices along Kumpf and to the West between RB Garrett and John Gwynn Jr Avenue, extending West to Hightower Street, all a part of what is known as the "Southtown" redevelopment area. On the far North end along the North side of Sam J. Stone is an elderly housing high-rise, and to the Northwest of that is the existing former (now vacant) VA Clinic. Located two blocks from the subject at 500 W. Romeo B. Garrett is the nearly new Kindred Hospital (originally known as Triumph Greater Peoria Specialty Hospital) - a \$26 Million, 60,000 sf, 3-story, 50-bed, long-term acute care facility which opened in August of 2009.

Two blocks North/Northeast is the Peoria School of Medicine campus, and adjacent Illinois Medical Center Condominium project, a 113,560 square foot, 5-story medical office complex completed in

2008 at 1001 Main Street. About one half mile Northeast is the campus of UnityPoint Health Methodist Medical Center.

Separating Methodist and OSF Saint Francis hospitals is I-74, with OSF located on the East side of I-74, just over one half mile from subject. In July of 2010 the OSF Saint Francis campus dedicated its new Children's Hospital of Illinois - a 464,000 sf, 10-story facility. Also part of the project was the construction of a new 1,800± car parking deck, which replaced an older 600 car deck. According to a Peoria Journal Star article the project cost was \$280,000,000 to build and equip the facility. Another big addition to the Saint Francis campus was the Jump Trading Simulation & Education Center - a 160,000± building, opened in 2013.

The proximity of the two major Peoria hospitals and the University of Illinois Peoria School of Medicine create the underlying demand for medical office space in this neighborhood.

The downtown Peoria central business district is anchored by the World Headquarters of Caterpillar, Inc., which has a dominating presence in the office sector of downtown Peoria, both within owned and leased office facilities throughout downtown Peoria. Recently, Caterpillar announced plans to construct a new world headquarters building, with the likely site in the Peoria CBD. This project has the potential to stabilize the local economy for an extended period of time as a result of Caterpillar's deep commitment to the local economy by this announcement, but the timing is uncertain. The long-awaited, proposed Caterpillar Museum and the Riverfront Museum were completed in late 2012.

LAND AREA-ACRES: 2.4742± Acres

LAND AREA-SQUARE FEET: 107,775± Square Feet

SHAPE: Rectangular

LOCATION: Corner

TOPOGRAPHY: Level to very gently rolling.

DRAINAGE: Appears adequate.

UTILITIES: Public utility sanitary sewer, water, electricity, telephone, and natural gas are available to the site.

EASEMENTS: Ordinary utility easements. No survey was available

ZONING: B-1, Downtown Business District Zoning, by the City of Peoria. The present use appears to be legal and conforming; this appraisal assumes, but does not warrant, that the property qualifies "as is" for a Certificate of Zoning Compliance" which is required in Peoria for a transfer of title.

FLOOD INSURANCE: In my opinion, it appears that the subject site **is not** located in a HUD identified Flood Hazard Area (based upon FEMA flood map Community Panel Number 1705360020B, dated February 1, 1980)

SITE IMPROVEMENTS: Concrete sidewalks; asphalt paved parking areas with 105± parking spaces, concrete curbing, and an 8-car (19' x 86') carport (included in the 105 parking spaces).

IMPROVEMENTS DESCRIPTION

NO. STORIES: One and Two

BUILDING SIZE: 24,714± Square Feet Gross Building Area

YEAR BUILT: 1991

FOUNDATION: Concrete block; poured, reinforced concrete footings

BASEMENT: None; slab

BUILDING FRAME: Structural Steel

EXTERIOR WALLS: Brick over concrete block; fixed insulating glass in aluminum frames.

WALL HEIGHT: 12± feet average story height

INTERIOR WALLS: ½" Drywall on metal studs; many interior walls are sound walls; steel door frames with solid core wood doors.

CEILINGS: Predominantly "Tegular" 2' x 2' suspended type, part is 2' x 4' suspended; finished height ranges from 8' to 9'.

ROOF: Part wood truss with copper finish, standing seam metal roof; part built-up roof on rigid insulation, over poured concrete deck, supported by corrugated metal on steel bar joists. There has a roof skylight that was recently repaired. The roof is original, but is routinely repaired as needed.

INSULATION: 1.5" rigid foundation perimeter insulation; 1.5" rigid exterior wall insulation; R-30 batt insulation above ceiling in the areas with standing seam roof.

FLOORS: Reinforced concrete slab (both levels).

FLOOR COVERINGS: Predominantly Carpeting; sheet Vinyl; ceramic tile.

HVAC: RTUs (Natural gas fired forced air furnaces with central air units). All were replaced in 2007 at a cost of \$70,000±.

ELECTRICAL SERVICE: 800 Amp, 3 phase, 4 wire service; transformer

QUALITY: Good "Class A" medical; good functional design.

CONDITION: Excellent

SPECIAL FEATURES:

Fully sprinklered. There is a fire alarm system, emergency lighting system, and security system; employee entrance doors are card reader controlled. There is a drop-off canopy.

There are three stairwells, one elevator, and air-lock front entry with automatic sliding doors. There are extensive built-in laminated cabinets and storage units and workstations.

The first floor is very densely partitioned, with numerous exam rooms, large waiting area, reception station, business office, records storage, nurses' station, ancillary administrative offices, consultation rooms, (2) x-ray rooms with control room, custodians room, clerical rooms, large physical therapy exercise area and related rooms, cast rooms, and storage rooms.

Approximately 5,600 sf (2/3rds) of the second floor is devoted to the surgery center, which includes two surgery suites, pre-op and recovery areas, nurses' station, clean and soiled utility rooms, sterile storage, two surgeons' scrub stations, locker rooms, and medical gasses, oxygen, reception, waiting, and mechanical and storage rooms. There are also eight physician offices, conference/break room, and several Handicap accessible restrooms.

OBSOLESCENCE:

In my opinion, there is no Functional Obsolescence. There is some Economic Obsolescence due to lingering effects of the national recession and persistent high local unemployment (however, the medical office sector has out-performed all other real estate types locally).

There is Physical Deterioration due to normal wear and tear to the existing building. Based upon the observed condition and actual age, the building has an estimated Effective Age of approximately 10 years. This kind of building has a typical Economic Life Expectancy of approximately 50 years. Depreciation is estimated by the age-life/straight line method. Depreciation is therefore 10/50ths, or 20%.

HIGHEST AND BEST USE

Highest and Best Use has been defined as:

"The reasonably probable and legal use of vacant land or an improved property, that is physically possible, appropriately supported, financially feasible and that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity."¹⁰

It is to be recognized that in cases where a site has existing improvements on it, the highest and best use may very well be determined to be different from the existing use. The existing use will continue, however, unless and until the land value in its highest and best use exceeds the total value of the property.

Implied within these definitions is recognition of the contribution of that specific use to community environmental or to community development goals in addition to wealth maximization of individual property owners. Also implied is that the determination of highest and best use results from the appraiser's judgment and analytical skills, i.e., that the use determined from analysis represents an opinion, not a fact to be found. In appraisal practice, the concept of highest and best use represents the premise upon which value is based.

As a result of logic and convention, the site is valued as if vacant and available to be put to its highest and best use. This procedure is followed whether or not the site is actually vacant.

In estimating the highest and best use, there are essentially four stages of analysis.

1. Permissible Use (Legal). The uses that are permitted by zoning and deed restrictions on the site in question.
2. Possible Use. The uses to which it is physically possible to put the site in question.
3. Feasible Use. The possible and permissible uses that will produce any net return to the owner of the site.
4. Highest and Best Use. Among the feasible uses, the use that will produce the highest net return or the highest present worth.

The Highest and Best Use of the land (or site) if vacant and available for use may be different from the Highest and Best Use of the improved property. This will be true when the improvement is not an appropriate use and yet makes a contribution to total property value in excess of the value of the site.

¹⁰ *The Dictionary of Real Estate Appraisal Fifth Edition*, © Appraisal Institute, 2010, page 93.

PERMISSIBLE USE (LEGAL)

Legal restrictions on developing the property are of two types, i.e., private and public restrictions. The only known restrictions affecting title are public restrictions of zoning and utility easements.

The subject site is currently zoned B-1, Downtown Business District. The present use appears to be legal and conforming. This district is intended for a very wide variety of commercial, office, and retail uses, and is limited to the downtown area.

POSSIBLE USE

The first constraint imposed on the possible use of the property is that dictated by the physical aspects of the site itself. The size and location within a given block are the most important determinants in value.

The subject site contains 107,775± square feet, and is a rectangular corner site. The size and configuration and topography will permit the site to be developed to its highest and best use. The size affords a wide variety of development opportunities.

FEASIBLE USE

In my opinion, feasible uses of the site (as if vacant) consist of office, commercial, and retail uses. These would be consistent with the surrounding development, zoning, access, visibility, and likely future trend. A medical office use is likely due to the proximity to Peoria's two largest hospitals and the University of Illinois School of Medicine, and other neighborhood medical facilities.

HIGHEST AND BEST USE AS IF VACANT

The Highest and Best Use of the site as if vacant, in my judgment, is for its present use - Medical Office.

HIGHEST AND BEST USE AS IMPROVED

It is my opinion that the property value, as improved, far exceeds the value of the site as if vacant, and is considered to be the highest and best use of the property. The property improvements, in my opinion, are an optimal use of the site.

VALUATION

There are three approaches to valuing real estate, being the Cost, Sales Comparison, and Income Approaches. Each of these approaches has been considered with only the sales comparison and income approaches pursued in this report to estimate the value of the subject property. Due to the age of the improvements and lack of recent land sales in the neighborhood, the Cost Approach would not yield a reliable indication of value and has therefore not been pursued.

SALES COMPARISON APPROACH

The Sales Comparison Approach is a method of estimating the value of real estate based upon an analysis of similar-type properties which have sold recently or are offered for sale in direct competition with the property being appraised.

This approach is defined as: "The process of deriving a value indication for the subject property by comparing market information for similar properties with the property being appraised, identifying appropriate units of comparison, and making qualitative comparisons with or quantitative adjustments to the sale prices (or unit prices, as appropriate) of the comparable properties based on relevant, market-derived elements of comparison"¹¹

The scope of the appraisal included a personal inspection of each comparable sale, including a photograph of each. Verification has been made through "green sheets," deeds, and mortgage documents as well as tax assessor's records.

A number of sales of comparable properties have been reviewed and analyzed of which the following are considered the most comparable:

Correlation of Building Sales

The five sales analyzed are considered to be the most comparable among a very limited pool of recent sales of significant medical office buildings in this area and region. The market has reflected relatively stable values from mid-2010 through 2014, however during this time frame the market has been characterized by very limited sales transaction volume within this market and the nearby region. The economic recovery has been very slow and investors are largely on the sidelines. Of necessity, the geographic search was expanded to other markets within Central Illinois and other regions of Illinois, in order to locate sufficient sales data to develop this approach.

Sale 1 is extremely recent. It is newer than the subject, which requires downward adjustment. Sale 1 had an attractive long-term lease in place at market which created a highly marketable investment vehicle as a result of its strong lease in place, which accounts for much of the difference in value between it and the subject. Sale 1 is considered to be the least comparable, but is the only very recent high end medical office sale in the Peoria market.

Sale 2 was leased at the time of sale, but purchased by the tenant. Sale 2 is considered to be highly comparable with respect to quality, has a surgical suite, and of similar quality. Sale 2 is a much smaller facility with broader appeal to a wider market. Its parking is limited, with overflow parking in the adjacent shopping center, which is not as convenient as subject's parking.

Sale 3 is very recent, but significantly different with respect to design – with a 28% of its gross building area below grade, which is significantly less appealing, and of that below grade area, 18% was unfinished storage – much less valuable. Sale 3 lacked a surgery suite and would require upward adjustment for that factor.

Sale 4 requires downward adjustment for age and condition, and is also a much smaller facility with broader appeal to a wider market. This sale is likely a sale-leaseback, however attempts to determine if it was leased and if so at what rate were unsuccessful. Sale 4 is the most recent sale located.

Sale 5 is arguably the most comparable with respect to design – being multi-level. Sale 5 is located in a comparable market in the Quad-Cities area, only one± hour northwest of the subject, and its underlying economics are very similar to those of the subject. Sale 5 requires downward adjustment for its age and overall condition, and is somewhat superior due to its direct connection to a hospital. Sale 5 is inferior in that it is a leasehold interest, however, the ground lease is long-term at a modest rate.

Sale 6 is an outpatient surgery center, which would require downward adjustment in comparison to the subject, which is only partially finished as surgery. Sale 6 is considered inferior with respect to location, Danville being a weaker market than subject enjoys.

Based upon an analysis of these fairly diverse comparable sales, and after allowing for differences where they occur, along with the application of professional judgment, it is my opinion that the indicated unit value for subject property is \$200.00 per square foot of building (including land), or as follows:

$$24,714 \text{ SF} \times \$200.00 = \$4,942,800$$

Indicated Value by Sales Comparison: **\$4,943,000**

INCOME APPROACH

The Income Approach is a method of estimating the value of real estate by relating the income-producing ability of the property being appraised to a current value. The steps involved in this approach are:

- 1) Estimate Gross Annual Income
- 2) Estimate Stabilized Annual Expenses
- 3) Estimate Value by capitalizing Net Income by an appropriate Overall Capitalization Rate. (OAR)
- 4) Deduct Deferred Maintenance, if any, to Conclude Value

The analysis which follows includes the market rent estimates followed by market value estimate using direct capitalization.

Contract Rent Analysis

The subject property is owner occupied and not leased on an arm's length basis. Any existing leases between related entities have been disregarded for appraisal purposes.

OSF HEALTHCARE SYSTEM Lease Term Definitions

Gross Lease: A lease which obligates the Landlord to pay the expenses of the leased property, including common area maintenance, real estate taxes, and insurance. These costs are figured into the lease rate.

True Gross Lease: A lease which obligates the Landlord to pay the expenses of the leased property, including common area maintenance, real estate taxes, building insurance and utilities. These costs are figured into the lease rate.

NNN (Triple Net) Lease: A lease requiring the Tenant to pay their prorated share of expenses of the leased property, such as common area maintenance, taxes, and insurance. These are paid in addition to the base rent. (this type of lease assumes tenant pays utilities plus janitorial for its leased space).

Net Lease: A lease requiring the Tenant to pay their proportionate (prorated) share of one of the three expenses of the leased property – either common area maintenance, taxes, or insurance. These are paid in addition to the base rent. (this type of lease assumes tenant pays utilities plus janitorial for its leased space).

NN (Net Net) Lease: A lease requiring the Tenant to pay their proportionate (prorated) share of two of the three expenses of the leased property – (common area maintenance, taxes, insurance). These are paid in addition to the base rent. (this type of lease assumes tenant pays utilities plus janitorial for its leased space).

MARKET RENT ESTIMATE

Market Rent was defined earlier. As noted earlier, the appraisal assignment is to estimate market rent assuming three different premises: True Gross, NNN rent and 4-Hour Block Time Share.

In order to estimate the NNN Market Rent of subject, I have reviewed a number of leases of comparable properties in the market. Some rents were obtained in a confidential manner, and have therefore been retained in file or only partially detailed. The following are considered to be the best indicators of market rent for the subject property.

Correlation of Rentals and Conclusion of NNN Market Rent

Due to the highly competitive environment of medical services in this market, medical office rents are the most closely guarded of any real estate sector (in my practice). Because the appraisal of medical office space and medical office market rent appraisals represents a large percentage of my practice, I have accumulated a significant amount of medical office rental data, most of which has been obtained in confidence and cannot be detailed due to client restrictions and in compliance with USPAP to maintain the confidential nature of information obtained in the course of appraisals. Of the 14 medical office rentals summarized on the following page, all but 5 must remain confidential. I have personally viewed and photographed all of the 14 and I have a high degree of confidence in the information due to the availability of the actual lease for nearly all and the others were obtained from sources considered reliable and trustworthy.

Rental 1 is very recent; it requires downward adjustment relative to subject's general space for age and condition, but did not have a surgical suite.

Rental 2 is a very recently negotiated lease with an in-place tenant that had been paying a higher rate per year, but with very limited time remaining on the lease. Because the owner wanted to sell the property, he negotiated a new lease with the tenant which lowered the rental rate, but created a highly marketable investment due to the 15 year term which resulted with a quality credit tenant.

Rental 3 is also extremely recent, for a specialized care medical office building; it is in an inferior location, but significantly superior with respect to age and condition (under construction).

Rental 4 is a second generation lease to the region's strongest credit tenant, but is somewhat dated.

Rental 5 is a new facility which requires downward adjustment for age and condition, and is a much larger site.

Rental 6 is a comparable medical office building with two tenants, with terms not at full NNN (landlord pays a small part of CAM), and considered good evidence of the market rent value for subject's general medical space. Rental 6 is superior with respect to age and condition, but does not have a surgical suite.

Rentals 7-10 are all surgery offices generally comparable to subject's surgical area, but at a rate much higher than would apply to the entire subject space.

Rentals 11 and 12 are the two most recent known rentals; neither involves surgical, and both are highly comparable to subject's overall size. Rental 11 is the more comparable (with respect to a normally motivated transaction). Downward adjustment is indicated for age and condition.

Rentals 13 and 14 are inferior spaces (both Class B medical), but do provide evidence of the low end from the relevant local market.

These rentals provide a strong basis for support of market rent for subject's NNN rent, which I estimate at **\$19.00** per square foot per year on a NNN basis. This is a blended overall rate, with the surgical area having a higher rent value and the physical therapy a lower value than the general medical that comprises the majority of the building.

Conclusion of Market Rent – True Gross

The rentals analyzed are all medical offices which are considered to be representative of medical office space rentals in this region. This sample is considered to be persuasive. All but two of these rentals all are set up on a NNN basis, one on a modified gross basis, and one on a NN basis.

The NNN rent is converted to gross by addition of typical medical office expenses, which is accomplished by inclusion of the estimated stabilized expenses, primarily based on the historical actual operating expenses for the building, supplemented by other information for the expenses not detailed by owner records. Most of the typical expenses for this type of space were included in the actual property expense information available for the subject from Great Plains Orthopaedics (via Janet Smith). The known operating expenses provided to me include: real estate taxes, Insurance, utilities, trash collection, lawn care and snow removal and other minor items. There was no break-out of janitorial, so I have relied on the (IREM) Institute of Real Estate Management's 2012 *Income and Expense Analysis – Office Buildings* for Region 5 Medical Office Buildings to estimate that expense. The detail is as follows:

Estimation of Market Rent – 4 Hour Block Time Share

Estimation of Market Rent for sublease "4 Hour Block Time Share" space is a multi-step process. First, the NNN rental value of the subject was the initial conclusion, which was then translated into a true gross rental rate, from which the "4 Hour Block Time Share" space can then be calculated, as described earlier. "4 Hour Block Time Share" space rentals involve only the payment of rent by the tenant, with the lessor assuming all expenses. The final step of the estimation is conversion of this office's \$29.50/sf/year True Gross rent into a "4 Hour Block Time Share" rate. The appraised time share space (but not the surgical area) would be a sublease of portions of the much larger medical office area, which enjoy use of the larger office's waiting room, reception area, restrooms, lunch room, offices, and common areas, which suggests a significantly higher rent is appropriate for this sublease space as its effective area is much larger than the small areas typically leased on time-share basis. Also, there is an administrative and management responsibility to the lessor that must be accounted for, and the time blocks periodically remove the space from use by the underlying lessor; the second step is to account for the premium for these factors. The premium for the sublease area is estimated at 50% of the starting point market rate True Gross rent per square foot per year estimate.

The third factor is frequency. I have been instructed to consider 1 year as the typical time share block lease duration, with either an a.m. or p.m. block usage. The Hypothetical Condition of this appraisal noted earlier is that the sublease tenant(s) would be leasing portions of the building, such as exam rooms and/or offices on a 1 year lease basis (52 weeks for occasional use, with each week consisting of 5 business days), including use of the waiting room, breakroom, bathrooms and other common areas and amenities (which increases the effective use area). The appraisal basic assumption for rate estimation is that a day contains two 4-hour time blocks.

The formula for this Hypothetical assumes a 52 week year, 5 business days per week, 2 blocks per business day, and calculation of block rent to be on a per square foot basis per 4 hour block (so that the unit value of rent will be the same regardless of variation in Net Rentable Area - the Net Rentable Area being variable and rent in absolute \$ terms will vary accordingly).

The calculation and concluded rates are as follows:

Market Rent		Sublease Premium		# Weeks		Days		4-Hr Blocks Per Day		\$/SF/ 4-Hr Block
\$29.50	x	1.50	÷	52	÷	5	÷	2	=	0.0851

Direct Capitalization Estimate of Value by Income Approach Continued:

Expenses

A typical stabilized vacancy and credit loss for medical office space for this location is estimated at 5%. Even with NNN rent, there are still ownership expenses, which include: Management - 3% is typical; some type of minor (2%) expense has to be recognized for Administrative/Miscellaneous expenses which are on-going and periodic (though not strictly predictable) that result from ownership's stewardship of the property (legal, accounting, periodic inspection, owner's association involvement, contact with municipal entities, etc.). A Reserve Allowance of 2% is estimated to annualize the owner's (Lessor) responsibility for replacements of mechanicals and the elevator.

Overall Capitalization Rate (OAR)

A widely used method of estimating the OAR is the Mortgage-Equity technique. This technique relies upon the assumption that real estate is typically purchased with a combination of mortgage financing (leverage) and equity. Usually, buyers seek maximum leverage in purchasing real estate. It is estimated that a typical loan-to-value ratio would be approximately 65%-75%, and the typical equity position 25-35%. Mortgage money is available generally in the range of 5.50% to 7.00%. A 15-25 year amortization term is typical.

Mortgage-Equity accounts not only for payoff of the mortgage over a projection period, but also accounts for change in value of the property over the likely holding period. Equity Yield is both a product of cash flow and proceeds from resale at the end of the investment.

The likely holding period for this type of investment is estimated to be ten years. In my opinion, stable value over the projected holding period is a typical investor expectation in this market.

Recent investor surveys conducted by the Real Estate Research Corporation and published in their periodic newsletter indicate a typical desired yield rate for first tier Midwest CBD and Suburban Office properties to be in the range of 6.0%-13.00%, depending on the kind of property, location, and the market's perceived risk of the type of property (Vol. 43, No. 1, the first Quarter 2014 RERC Real Estate Report). This survey tends to reflect properties located in major metropolitan areas of the United States. A yield at or near the top end of the ranges is felt to be appropriate, due to the tertiary market. The range of going-in cap rates are 5.0%-12.0% for CBD and 6.0%-10.0% for Suburban, with 8.1% the Suburban average. Due to the tertiary market, an above average cap rate is indicated. I estimate an appropriate cap rate at 8.5%, based on consideration of the calculated rate from Mortgage-Equity, RERC survey, and exercise of professional judgment.

COMMENTS

All mechanical systems are assumed, but not warranted to be in good working order.

I am not an expert in the detection or measurement of hazardous environmental substances. This appraisal assumes the property is free of any environmental contamination of any sort, whether or not that is actually the case. Such determinations and their impact on value are beyond the scope and expertise of this appraiser and are best left to other third-party experts.

RECONCILIATION AND CONCLUSION

The subject property consists of a 24,714± square foot medical office building, built on a 107,775± square foot site, zoned B-1, Downtown Business District, located at 303 North William Kumpf Boulevard, Peoria, Illinois. The property is owner occupied by Great Plains Orthopaedics.

Two of the three approaches to value have been pursued, and indicate the following values:

APPROACH TO VALUE	VALUE INDICATION
Income Approach	\$4,880,000
Sales Comparison	\$4,943,000

The two approaches indicate reasonably similar values and are considered to be mutually supportive. The weakness of the sales comparison approach is the minimal sales data available from the Peoria market, with the need to rely on regional data. The income approach did have strong local data (most of which is confidential) available upon which support the estimate of market rent.

As a result of my investigation and analysis of the market after inspecting the subject property and considering all the pertinent factors relating thereto, it is my opinion that the Market Value of the Fee Simple interest in the subject property, as of June 17, 2014, is:

VALUE PREMISE	CONCLUSION
As Is, Fee Simple	\$4,900,000

Further, it is my opinion that the indicated market rents are as follows:

MARKET RENT PREMISE	MARKET RENT
True Gross/Sf/year	\$29.50
NNN/sf/year	\$19.00
4-Hr Block Time Share - \$/sf	\$0.0851

GENERAL LIMITING CONDITIONS AND UNDERLYING ASSUMPTIONS

The appraiser will not be required to give testimony or appear in court because of having made this appraisal, with reference to the property in question, unless arrangements have been previously made therefor.

The signatory of this appraisal report is a member of the Appraisal Institute. The Bylaws and Regulations of the Institute require each member to control the use and distribution of each appraisal report signed by such member. Therefore, except as hereinafter provided, the party for whom this appraisal report was prepared may distribute copies of this appraisal report, in its entirety, to such third parties as may be selected by the party for whom this appraisal report was prepared; however, portions of this appraisal report shall not be given to third parties without the prior written consent of the signatory of this appraisal report. Further, neither all nor any part of this appraisal report shall be disseminated to the general public by the use of advertising media, public relations media, news media, sales media, or other media for public communication without the prior written consent of the signatory of this appraisal report.

The distribution of the total valuation in this report between land and improvements applies only under the reported highest and best use of the property. The allocations of value for land and improvements must not be used in conjunction with any other appraisal and are invalid if so used.

The client/reader of this report is cautioned about the use and/or reliance on information contained in this report. The appraisal has relied upon many reasonable assumptions which are not warranted as being absolutes or totally factual. Certain information relied on in this appraisal is less than perfect and incomplete. Such is the environment of the real estate market which is an uncertain environment with imperfect information at best. An appraisal can be no better or more accurate or more factual than the marketplace. An appraisal cannot rely on perfect information because such perfect information does not exist in the marketplace.

An appraisal is not a survey, nor is it an engineering study, nor can I be responsible for the exact determination of unseen elements or components of the property. I make no warranties as to the structural soundness of any component of the real estate appraised.

I offer no legal opinions about the property, whether it meets all the applicable zoning, building code, and/or other requirements. Such determinations are available from others and it is the client/users responsibility to determine such matters.

An appraisal is an estimate of value as of a fixed point in time. An appraisal can make no guarantees as to the future. Economic and social environments in which real estate exist can change and sometimes change very rapidly. Many things of a political, municipal, and social nature can impact the value of real estate in both positive and negative ways. An appraisal cannot make determinations of future events which can impact value. The appraiser is forced to make some judgments about future events; however, the reader/user of this report is strictly cautioned that these are felt to be reasonable assumptions based on current knowledge; however, I can offer no guarantees.

For the subject property, all mortgages, liens, encumbrances, leases, and servitudes have been disregarded unless so specified within the report. The subject is appraised as though under responsible ownership and competent management.

No survey of the property has been made by the appraiser, and no responsibility is assumed in connection with such matters. Sketches in this report are included only to assist the reader in visualizing the property, and dimensions have been rounded in accordance with generally accepted appraisal practice in this area. Drawings included in this appraisal are not warranted as being exact. If an exact rendering of the property, including setbacks, plot plan, etc. is required, then the reader/user of this report is advised to seek a survey by a properly qualified surveyor. Any determination of encumbrances or encroachments is likewise in the domain of others. The appraiser has attempted to identify obvious blatant encroachments; however, I caution the reader/user to seek his/her own opinion as to any encroachments or encumbrances. It is assumed, but not warranted, that the improvements are within the boundaries or property lines of the property described and that there is no encroachment or trespass unless noted within the report.

No responsibility is assumed for matters of a legal nature affecting title to the property nor is an opinion of title rendered. The title is assumed to be good and merchantable. The property is appraised as if unencumbered and as if free and clear of all encumbrances whether or not that is actually the case. If the client/reader/user of this report desires an opinion of title, then they should obtain one from a qualified expert. It is not the function of the appraisal to be involved in matters of title. It is the responsibility of the client/reader/user to verify the legal description from sources other than this appraisal.

It is assumed that there are not hidden or unapparent conditions of the property, subsoil, or structures which would render it more or less valuable. No responsibility is assumed for such conditions or for engineering which may be required to discover such factors. The appraiser cannot determine the suitability of the soil, its compaction level, its permeability, or other matters relating to the soil or subsoil. No soil survey or engineering study of the site was available. I cannot describe the type and adequacy of drainage of the site under all conditions, nor can I indicate the presence of high water tables, natural drainage toward or away from the site, or other matters in this regard.

It is assumed, but not warranted by the appraiser, that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance is stated, defined, and considered in the appraisal report. The reader/user is cautioned that they must consult a qualified expert for an "Environmental Audit" to determine the presence and extent of any environment hazard or contamination (including, but not limited to Radon Gas or Asbestos), and the presence or potential of leaching from or to this site of environmentally hazardous contaminants. This appraisal is void if such an "Audit" subsequent to the appraisal determines the existence or potential for environmental contamination from any source.

The reader/user of this report is cautioned as to the limitations of the appraiser's physical inspection of the property. The appraiser can make no determination or estimation about unseen components of the property including both improvements and subterranean elements. The appraiser cannot determine the existence or presence of such things as radon gas, asbestos, hazardous chemicals, nuclear waste, toxic wastes, either on site or threatening the site from off-site leaching toward and threatening the subject property. Such matters are well beyond the scope of this appraisal. If the reader/user of this report wants a determination about such matters, then they must seek his/her own evaluation from a qualified expert. I assume, but do not warrant, that the property is not affected by any of the above-noted elements or any other possible hazards to the property. The final value estimate is subject to revision upon discovery of any unseen value impacting condition or situation.

ENVIRONMENTAL ASSUMPTIONS

Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyls, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. If the presence of such substances, such as asbestos, urea formaldehyde foam insulation, or other hazardous substances or environmental conditions, may affect the value of the property, the value estimated is predicated on the assumption that there is no such condition on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility is assumed for any such conditions, nor for any expertise or engineering knowledge required to discover them.

ADA ASSUMPTIONS

The Americans with Disabilities Act (ADA) became effective January 26, 1992. I have not made a specific compliance survey and analysis of this property (nor do I possess the expertise to do so) to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act. Non-compliance could have a negative impact on the value of the property. This appraisal is subject to revision, should an ADA compliance survey and analysis prepared by a third party expert determine the property to be out of compliance as well as establish the cost to bring the property into compliance. This appraisal assumes, but does not warrant, that the property is in compliance with ADA if it applies to this property.

(b) any extensions, amendments, modifications or renewals of any other contracts or agreements with respect to the Premises, without Buyer's written consent.

(iv) Seller shall immediately notify Buyer of any change in the condition of the Property or the improvements thereon, or the equipment and systems contained therein, and Seller shall immediately notify Buyer of any knowledge, notices or information it has or receives as to violations of any laws or other requirements (including any covenants, conditions and restrictions of record) related to ownership, use or operations on the Property.

Seller shall indemnify and hold harmless Buyer, its employees, and agents from and against any and all material loss, damage and expense including, but not limited to, legal fees, any claim or action for injury, liability or damage to persons or Premises, and any and all claims or actions brought by any person, firm, governmental body or other entity alleging or resulting from or arising from or in connection with the breach or violation of any of the representations, warranties or covenants set forth in this Agreement or the contamination of or adverse effects on the environment, or violation of any environmental or other statute, ordinance, rule, regulation, judgment or order of any government or judicial entity set forth in this Agreement, and from and against any damages, liabilities, costs and penalties assessed as a result of any breach or violation of the representations, covenants and warranties set forth in this Agreement for a period of one (1) year following the Closing. As used herein, the term "Seller's knowledge" or "knowledge of Seller" shall mean information that has come to the attention of a shareholder of Seller.

9. Prorations.

9.1. Seller shall pay real estate taxes for 2015 in full if real estate tax bills are available; otherwise general real estate taxes for the year or years which are, as of the Closing Date, a lien on the Premises, but not yet due and payable shall be prorated as of the Closing Date based upon one hundred five percent (105%) of the most recent tax bills available at closing, and Buyer shall be given a final credit against the Purchase Price in the amount of Seller's share thereof. Any special assessments which are a lien as of the Closing Date, whether or not the same shall then be due and payable, shall be paid by Seller, which payment may, at Buyer's option, be in the form of a credit against the Purchase Price.

9.2. **Utilities.** Seller shall take, or cause to be taken, final readings as of Closing for all utilities and shall pay all such charges through the Closing Date.

9.3. **Other Income and Expenses.** All other income from, and expenses of, the Premises not described herein shall be apportioned between the parties hereto as of the Closing Date and a credit given to the party entitled thereto. Any portion of such expense items which is the responsibility of the owner of the Premises and not the Tenants shall be prorated when finally determined.

- 9.4. Transfer Tax. Seller shall pay the amount of any stamp or transfer tax imposed by state, city, or county law that may be imposed pursuant to this transaction. Both parties agree to execute and deliver such transfer tax forms or declarations as may be necessary.

In Cash. Unless otherwise provided for herein, all prorations shall be in cash at the time of Closing.

10. Condemnation; Inspection.

- 10.1. Condemnation or Eminent Domain. In the event, prior to Closing, a condemnation or eminent domain suit is filed against the Premises, or any substantial portion thereof, Buyer hereto shall have the option, within thirty (30) days after receipt of notice of same to: (i) rescind this Agreement, in which case all sums paid by Buyer and any interest earned thereon shall be paid to Buyer, and this Agreement shall be null and void and all obligations hereunder shall terminate; or (ii) elect to close this transaction and, in such event, all proceeds from the eminent domain suit shall belong to Buyer.

- 10.2. Inspection. Buyer shall have the right to inspect the Premises within 48 hours prior to Closing to determine if the Premises are in the same condition as of the date of acceptance of this Agreement, ordinary wear and tear excepted.

11. Casualty Loss.

- A. If prior to Closing, the Premises, or any portion thereof, are damaged to the extent of ten percent (10%) or more of the aggregate value of the Purchase Price by fire or other casualty, Buyer shall have the right, upon notice to Seller delivered within five (5) days after Buyer receives notice of such loss or damage, to terminate this Agreement, in which case neither party hereto shall have any further rights, obligations or liability hereto. In the absence of such notice within such five (5) day period, Buyer shall take title to the Premises and Seller shall, at closing, assign to Buyer whatever rights Seller may have to receive and collect the proceeds of any insurance maintained by Seller against such loss and Buyer shall have the right to deduct from the Purchase Price the amount of any deductible under such insurance.
- B. If prior to Closing, the Premises, or any portion thereof, shall have been damaged to the extent of less than ten percent (10%) of the Purchase Price in an aggregate value by fire or other casualty covered by insurance carried by Seller, Seller shall assign to Buyer and Buyer shall be entitled to receive the proceeds of such insurance. Buyer shall also have the right to deduct from the Purchase Price the amount of any deductible under such insurance. In the event that the casualty is not covered by the net proceeds of such insurance, and said loss is less than ten percent (10%) of the Purchase Price in the aggregate value, the Purchase Price shall be reduced by the amount of such loss.
- C. Seller shall forthwith deliver notice to Buyer of the occurrence of any fire or other casualty with respect to the Premises.

12. Entrance on Premises: Upon acceptance of this Agreement, Buyer and his agent(s) shall have the right to enter upon the Premises, at its sole risk and cost, for the purpose of inspecting, surveying, testing and otherwise examining the subject Premises, provided that there shall be no disruption to Seller's business operations and with twenty-four hours prior notice. Buyer shall indemnify and save Seller harmless from and against any and all loss, cost or expenses (including without limitation reasonable attorney's fees) from any claim for death, bodily injury or damage arising from its entry upon the Premises.

13. Default.

13.1. By Buyer. Should Buyer fail to perform this Agreement promptly on its part at the time and in the manner herein specified, and after failing to cure such default within five days of receipt of written notice from Seller, Seller shall be entitled as a matter of right to obtain relief in any court of competent jurisdiction to every remedy now or hereafter existing at law or in equity, or by statute, including court costs and attorneys' fees and specifically the right to specific performance, and the Seller shall have the right to possession of the Premises.

13.2. By Seller.
