RE: Health Facilities Planning Act--Part 1130 Exemption Completeness  
Exemption #: E-067-16 - The University of Chicago Medical Center, Addition of Six (6)  
NICU Beds

Dear Mr. Beberman:

On July 17, 2017, the State Board received your letter completing the exemption for the addition of six (6) neonatal intensive care beds at The University of Chicago Medical Center, 5841 South Maryland Avenue, Chicago, Illinois. Our records will show that the project was completed on July 10, 2017, the date the NICU beds were operational. In addition our records will show that the final cost of the project is \$455,190. No further action is required on the part of the exemption holder in regards to this exemption.

The State Board's approval does not exempt the transaction from any other regulatory, certification or licensure requirements that may be applicable prior to acquisition. The exemption will be invalid should the facility for which the change of ownership was granted cease to be an existing health care facility as defined in 77 IAC 1130.140.

Should you have any questions or concerns, please contact [Courtney.Avery@illinois.gov](mailto:Courtney.Avery@illinois.gov) or 312.814.4825.

Sincerely,

A handwritten signature in blue ink that reads "Kathy Olson".

Kathy Olson, Board Chair  
Illinois Health Facilities and Services Review Board
