HEALTH FACILITIES &
SERVICES REVIEW BOARD

- ☒ General Long-term Care
- ☐ Specialized Long-term Care

- ☐ Establishment of a new LTC facility
- ☐ Establishment of new LTC services
- ☒ Expansion of an existing LTC facility or service
- ☐ Modernization of an existing facility

Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive. Include: the number and type of beds involved; the actions proposed (establishment, expansion and/or modernization); the ESTIMATED total project cost and the funding source(s) for the project.

Mercy Circle is a continuum of care retirement community located on the boundary of the City of Chicago and the Village of Evergreen Park. The address is 10000 S. Central Park Avenue, Chicago.

It received a permit for 24 skilled nursing beds in 2011 (Project Number 11-008). In 2012, the permit was altered reducing the number of beds to 23. The facility opened in 2014.

As a condition to the permit, admission to skilled nursing was limited to residents of the continuum care retirement community and members of religious orders.

This application seeks to remove the restrictions on the skilled nursing beds.

There is no project cost.

This is a substantive project because it is considered an expansion of an existing Long Term Care service.

Facility/Project Identification

Facility Name: Mercy Circle					
Street Address: 10000 S. Central Park Avenue					
City and Zip Code: Chicago 60655					
County:	Cook	Health Service Area:	6	Health Planning Area:	C

Applicant /Co-Applicant Identification**[Provide for each co-applicant [refer to Part 1130.220].**

Exact Legal Name: Mercy Circle	
Address: 10000 S. Central Park Avenue, Chicago, IL 60655	
Name of Registered Agent: Illinois Corporation Service	
Name of Chief Executive Officer: Frances Lachowicz	
CEO Address: 1000 S. Central Park Avenue, Chicago, IL 60655	
Telephone Number: 773-253-3627	

Type of Ownership (Applicant/Co-Applicants)

☒ Non-profit Corporation	☐ Partnership	
☐ For-profit Corporation	☐ Governmental	
☐ Limited Liability Company	☐ Sole Proprietorship	☐ Other
- o Corporations and limited liability companies must provide an Illinois certificate of good standing. - o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: Sisters of Mercy of the Americas West Midwest Community, Inc.
Address of Site Owner: 7262 Mercy Road, Omaha, NE 68124
Street Address or Legal Description of Site:
Proof of ownership or control of the site is to be provided as . Examples of proof of ownership are property tax statement, tax assessor's documentation, deed, notarized statement of the corporation attesting to ownership, an option to lease, a letter of intent to lease or a lease.
APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Mercy Circle	
Address: 10000 S. Central Park Avenue, Chicago, IL 60655	
☒ Non-profit Corporation	☐ Partnership
☐ For-profit Corporation	☐ Governmental
☐ Limited Liability Company	☐ Sole Proprietorship ☐ Other
- o Corporations and limited liability companies must provide an Illinois Certificate of Good Standing. - o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner. - o Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.	
APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at www.FEMA.gov or www.illinoisfloodmaps.org. **This map must be in a readable format.** In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (<http://www.hfsrb.illinois.gov>).

APPEND DOCUMENTATION AS **ATTACHMENT -5**, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS **ATTACHMENT-6**, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

The following submittals are up- to- date, as applicable:

- ☒ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
- ☒ All reports regarding outstanding permits

If the applicant fails to submit updated information for the requirements listed above, the application for permit will be deemed incomplete.

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- in the case of a corporation, any two of its officers or members of its Board of Directors;
- in the case of a limited liability company, any two of its managers or members (or the sole manager or member when two or more managers or members do not exist);
- in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- in the case of a sole proprietor, the individual that is the proprietor.

This Application for Permit is filed on the behalf of Mercy Circle *
in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.

**SECTION II – PURPOSE OF THE PROJECT, AND ALTERNATIVES –
INFORMATION REQUIREMENTS**

This Section is applicable to ALL projects.

Criterion 1125.320 – Purpose of the Project

READ THE REVIEW CRITERION and provide the following required information:

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project.
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report. **APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. Each item (1-6) must be identified in Attachment 10.**

Criterion 1125.330 – Alternatives

READ THE REVIEW CRITERION and provide the following required information:

ALTERNATIVES

1. Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:
 - a. Proposing a project of greater or lesser scope and cost;
 - b. Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - c. Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
 - d. Provide the reasons why the chosen alternative was selected.
2. Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long

term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

3. The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION III – BED CAPACITY, UTILIZATION AND APPLICABLE REVIEW CRITERIA

This Section is applicable to all projects proposing establishment, expansion or modernization of LTC categories of service that are subject to CON review, as provided in the Illinois Health Facilities Planning Act [20 ILCS 3960]. It is comprised of information requirements for each LTC category of service, as well as charts for each service, indicating the review criteria that must be addressed for each action (establishment, expansion and modernization). After identifying the applicable review criteria for each category of service involved, read the criteria and provide the required information, AS APPLICABLE TO THE CRITERIA THAT MUST BE ADDRESSED:

Criterion 1125.510 – Introduction**Bed Capacity**

Applicants proposing to establish, expand and/or modernize General Long Term Care must submit the following information:

Indicate bed capacity changes by Service:

Category of Service	Total # Existing Beds*	Total # Beds After Project Completion
☒ General Long-Term Care	23	23
☐ Specialized Long-Term Care		
☐		

*Existing number of beds as authorized by IDPH and posted in the "LTC Bed Inventory" on the HFSRB website (www.hfrsb.illinois.gov). PLEASE NOTE: ANY bed capacity discrepancy from the Inventory will result in the application being deemed **incomplete**.

Utilization

Utilization for the most current CALENDAR YEAR:

Category of Service	Year	Admissions	Patient Days
☒ General Long Term Care	2016	31	7,088
☐ Specialized Long-Term Care			

Applicable Review Criteria - Guide

The review criteria listed below must be addressed, per the LTC rules contained in 77 Ill. Adm. Code 1125. See HFSRB's website to view the subject criteria for each project type - (<http://hfsrb.illinois.gov>). To view LTC rules, click on "Board Administrative Rules" and then click on "77 Ill. Adm. Code 1125".

READ THE APPLICABLE REVIEW CRITERIA OUTLINED BELOW and submit the required documentation for the criteria, as described in SECTIONS IV and V:

GENERAL LONG-TERM CARE

PROJECT TYPE	REQUIRED REVIEW CRITERIA	
	Section	Subject
Establishment of Services or Facility	.520	Background of the Applicant
	.530(a)	Bed Need Determination
	.530(b)	Service to Planning Area Residents
	.540(a) or (b) + (c) + (d) or (e)	Service Demand – Establishment of General Long Term Care
	.570(a) & (b)	Service Accessibility
	.580(a) & (b)	Unnecessary Duplication & Maldistribution
	.580(c)	Impact of Project on Other Area Providers
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions
	.620	Project Size
	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

Expansion of Existing Services	.520	Background of the Applicant
	.530(b)	Service to Planning Area Residents
	.550(a) + (b) or (c)	Service Demand – Expansion of General Long-Term Care
	.590	Staffing Availability
	.600	Bed Capacity
	.620	Project Size
	.640	Assurances
	.560(a)(1) through (3)	Continuum of Care Components
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions

	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

Continuum of Care - Establishment or Expansion	.520	Background of the Applicant
	.560(a)(1) through (3)	Continuum of Care Components
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions
	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

Defined Population - Establishment or Expansion	.520	Background of the Applicant
	.560(b)(1) & (2)	Defined Population to be Served
	.590	Staffing Availability
	.600	Bed Capacity
	.610	Community Related Functions
	.630	Zoning
	.640	Assurances
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

Modernization	.650(a)	Deteriorated Facilities
	.650(b) & (c)	Documentation
	.650(d)	Utilization
	.600	Bed Capacity
	.610	Community Related Functions
	.620	Project Size
	.630	Zoning
	.800	Estimated Total Project Cost
	Appendix A	Project Costs and Sources of Funds
	Appendix B	Related Project Costs
	Appendix C	Project Status and Completion Schedule
	Appendix D	Project Status and Completion Schedule

SECTION IV - SERVICE SPECIFIC REVIEW CRITERIA**GENERAL LONG-TERM CARE****Criterion 1125.520 – Background of the Applicant****BACKGROUND OF APPLICANT**

The applicant shall provide:

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

Criterion 1125.530 - Planning Area Need

1. Identify the calculated number of beds needed (excess) in the planning area. See HFSRB website (<http://hfsrb.illinois.gov>) and click on "Health Facilities Inventories & Data".
2. Attest that the primary purpose of the project is to serve residents of the planning area and that at least 50% of the patients will come from within the planning area.
3. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used, as described in Section 1125.540.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.540 - Service Demand – Establishment of General Long Term Care

- **If the applicant is an existing facility wishing to establish this category of service or a new facility, #1 – 4 must be addressed. Requirements under #5 must also be addressed if applicable.**

- **If the applicant is not an existing facility and proposes to establish a new general LTC facility, the applicant shall submit the number of annual projected referrals.**

1. Document the number of referrals to other facilities, for each proposed category of service, for each of the latest two years. Documentation of the referrals shall include: resident/patient origin by zip code; name and specialty of referring physician or identification of another referral source; and name and location of the recipient LTC facility.
2. Provide letters from referral sources (hospitals, physicians, social services and others) that attest to total number of prospective residents (by zip code of residence) who have received care at existing LTC facilities located in the area during the 12-month period prior to submission of the application. Referral sources shall verify their projections and the methodology used.
3. Estimate the number of prospective residents whom the referral sources will refer annually to the applicant's facility within a 24-month period after project completion. Please note:
 - The anticipated number of referrals cannot exceed the referral sources' documented historical LTC caseload.
 - The percentage of project referrals used to justify the proposed expansion cannot exceed the historical percentage of applicant market share, within a 24-month period after project completion
 - Each referral letter shall contain the referral source's Chief Executive Officer's notarized signature, the typed or printed name of the referral source, and the referral source's address
4. Provide verification by the referral sources that the prospective resident referrals have not been used to support another pending or approved Certificate of Need (CON) application for the subject services.
5. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as follows:
 - a. The applicant shall define the facility's market area based upon historical resident/patient origin data by zip code or census tract;
 - b. Population projections shall be produced, using, as a base, the population census or estimate for the most recent year, for county, incorporated place, township or community area, by the U.S. Bureau of the Census or IDPH;
 - c. Projections shall be for a maximum period of 10 years from the date the application is submitted;
 - d. Historical data used to calculate projections shall be for a number of years no less

than the number of years projected;

- e. Projections shall contain documentation of population changes in terms of births, deaths and net migration for a period of time equal to or in excess of the projection horizon;
- f. Projections shall be for total population and specified age groups for the applicant's market area, as defined by HFSRB, for each category of service in the application (see the HFSRB Inventory); and
- g. Documentation on projection methodology, data sources, assumptions and special adjustments shall be submitted to HFSRB.

APPEND DOCUMENTATION AS **ATTACHMENT- 14**, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.550 - Service Demand – Expansion of General Long-Term Care

The applicant shall document #1 **and** either #2 or #3:

1. Historical Service Demand
 - a. An average annual occupancy rate that has equaled or exceeded occupancy standards for general LTC, as specified in Section 1125.210(c), for each of the latest two years.
 - b. If prospective residents have been referred to other facilities in order to receive the subject services, the applicant shall provide documentation of the referrals, including completed applications that could not be accepted due to lack of the subject service and documentation from referral sources, with identification of those patients by initials and date.
2. Projected Referrals
The applicant shall provide documentation as described in Section 1125.540(d).
3. **If a projected demand for service is based upon rapid population growth in the applicant facility's existing market area** (as experienced annually within the latest 24-month period), the projected service demand shall be determined as described in Section 1125.540 (e).

APPEND DOCUMENTATION AS **ATTACHMENT- 15**, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.560 - Variances to Computed Bed Need

Continuum of Care:

The applicant proposing a continuum of care project shall demonstrate the following:

1. The project will provide a continuum of care for a geriatric population that includes independent living and/or congregate housing (such as unlicensed apartments, high rises for the elderly and retirement villages) and related health and social services. The housing complex shall be on the same site as the health facility component of the project.
2. The proposal shall be for the purposes of and serve only the residents of the housing complex

and shall be developed either after the housing complex has been established or as a part of a total housing construction program, provided that the entire complex is one inseparable project, that there is a documented demand for the housing, and that the licensed beds will not be built first, but will be built concurrently with or after the residential units.

3. The applicant shall demonstrate that:
 - a. The proposed number of beds is needed. Documentation shall consist of a list of available patients/residents needing the proposed project. The proposed number of beds shall not exceed one licensed LTC bed for every five apartments or independent living units;
 - b. There is a provision in the facility's written operational policies assuring that a resident of the retirement community who is transferred to the LTC facility will not lose his/her apartment unit or be transferred to another LTC facility solely because of the resident's altered financial status or medical indigency; and
 - c. Admissions to the LTC unit will be limited to current residents of the independent living units and/or congregate housing.

Defined Population:

The applicant proposing a project for a defined population shall provide the following:

1. The applicant shall document that the proposed project will serve a defined population group of a religious, fraternal or ethnic nature from throughout the entire health service area or from a larger geographic service area (GSA) proposed to be served and that includes, at a minimum, the entire health service area in which the facility is or will be physically located.
2. The applicant shall document each of the following:
 - a. A description of the proposed religious, fraternal or ethnic group proposed to be served;
 - b. The boundaries of the GSA;
 - c. The number of individuals in the defined population who live within the proposed GSA, including the source of the figures;
 - d. That the proposed services do not exist in the GSA where the facility is or will be located;
 - e. That the services cannot be instituted at existing facilities within the GSA in sufficient numbers to accommodate the group's needs. The applicant shall specify each proposed service that is not available in the GSA's existing facilities and the basis for determining why that service could not be provided.
 - f. That at least 85% of the residents of the facility will be members of the defined population group. Documentation shall consist of a written admission policy insuring that the requirements of this subsection (b)(2)(F) will be met.
 - g. That the proposed project is either directly owned or sponsored by, or affiliated with, the religious, fraternal or ethnic group that has been defined as the population to be served by the project. The applicant shall provide legally binding documents that prove ownership, sponsorship or affiliation.

APPEND DOCUMENTATION AS ATTACHMENT- 16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.570 - Service Accessibility**1. Service Restrictions**

The applicant shall document that **at least one** of the following factors exists in the planning area, as applicable:

- The absence of the proposed service within the planning area;
- Access limitations due to payor status of patients/residents, including, but not limited to, individuals with LTC coverage through Medicare, Medicaid, managed care or charity care;
- Restrictive admission policies of existing providers; or
- The area population and existing care system exhibit indicators of medical care problems, such as an average family income level below the State average poverty level, or designation by the Secretary of Health and Human Services as a Health Professional Shortage Area, a Medically Underserved Area, or a Medically Underserved Population.

2. Additional documentation required:

The applicant shall provide the following documentation, as applicable, concerning existing restrictions to service access:

- a. The location and utilization of other planning area service providers;
- b. Patient/resident location information by zip code;
- c. Independent time-travel studies;
- d. Certification of a waiting list;
- e. Admission restrictions that exist in area providers;
- f. An assessment of area population characteristics that document that access problems exist;
- g. Most recently published IDPH Long Term Care Facilities Inventory and Data (see www.hfsrb.illinois.gov).

APPEND DOCUMENTATION AS ATTACHMENT- 17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.580 - Unnecessary Duplication/Maldistribution

1. The applicant shall provide the following information:
 - a. A list of all zip code areas that are located, in total or in part, within 30 minutes normal travel time of the project's site;
 - b. The total population of the identified zip code areas (based upon the most recent population numbers available for the State of Illinois); and
 - c. The names and locations of all existing or approved LTC facilities located within 30 minutes normal travel time from the project site that provide the categories of bed service that are proposed by the project.
2. The applicant shall document that the project will not result in maldistribution of services.
3. The applicant shall document that, within 24 months after project completion, the proposed project:
 - a. Will not lower the utilization of other area providers below the occupancy standards specified in Section 1125.210(c); and
 - b. Will not lower, to a further extent, the utilization of other area facilities that are currently (during the latest 12-month period) operating below the occupancy standards.

APPEND DOCUMENTATION AS ATTACHMENT- 18, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.590 - Staffing Availability

1. For each category of service, document that relevant clinical and professional staffing needs for the proposed project were considered and that licensure and JCAHO staffing requirements can be met.
2. Provide the following documentation:
 - a. The name and qualification of the person currently filling the position, if applicable; and
 - b. Letters of interest from potential employees; and
 - c. Applications filed for each position; and
 - d. Signed contracts with the required staff; or
 - e. A narrative explanation of how the proposed staffing will be achieved.

APPEND DOCUMENTATION AS ATTACHMENT- 19, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.600 Bed Capacity

The maximum bed capacity of a general LTC facility is 250 beds, unless the applicant documents that a larger facility would provide personalization of patient/resident care and documents provision of quality care based on the experience of the applicant and compliance with IDPH's licensure standards (77 Ill. Adm. Code: Chapter I, Subchapter c (Long-Term Care Facilities)) over a two-year period.

APPEND DOCUMENTATION AS ATTACHMENT- 20, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.610 - Community Related Functions

The applicant shall document cooperation with and the receipt of the endorsement of community groups in the town or municipality where the facility is or is proposed to be located, such as, but not limited to, social, economic or governmental organizations or other concerned parties or groups. Documentation shall consist of copies of all letters of support from those organizations.

APPEND DOCUMENTATION AS ATTACHMENT- 21, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.620 - Project Size

The applicant shall document that the amount of physical space proposed for the project is necessary and not excessive. The proposed gross square footage (GSF) cannot exceed the GSF standards as stated in Appendix A of 77 Ill. Adm. Code 1125 (LTC rules), unless the additional GSF can be justified by documenting one of the following:

1. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;
2. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix A;
3. The project involves the conversion of existing bed space that results in excess square footage.

APPEND DOCUMENTATION AS ATTACHMENT- 22, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.630 - Zoning

The applicant shall document **one** of the following:

1. The property to be utilized has been zoned for the type of facility to be developed;
2. Zoning approval has been received; or
3. A variance in zoning for the project is to be sought.

APPEND DOCUMENTATION AS ATTACHMENT- 23, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.640 - Assurances

1. The applicant representative who signs the CON application shall submit a signed and dated statement attesting to the applicant's understanding that, by the second year of operation after the project completion, the applicant will achieve and maintain the occupancy standards specified in Section 1125.210(c) for each category of service involved in the proposal.
2. For beds that have been approved based upon representations for continuum of care (Section 1125.560(a)) or defined population (Section 1125.560(b)), the facility shall provide assurance that it will maintain admissions limitations as specified in those Sections for the life of the facility. To eliminate or modify the admissions limitations, prior approval of HFSRB will be required.

APPEND DOCUMENTATION AS ATTACHMENT- 24, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Criterion 1125.650 - Modernization

1. If the project involves modernization of a category of LTC bed service, the applicant shall document that the bed areas to be modernized are deteriorated or functionally obsolete and need to be replaced or modernized, due to such factors as, but not limited to:
 - a. High cost of maintenance;
 - b. non-compliance with licensing or life safety codes;
 - c. Changes in standards of care (e.g., private versus multiple bed rooms); or
 - d. Additional space for diagnostic or therapeutic purposes.
2. Documentation shall include the most recent:
 - a. IDPH and CMMS inspection reports; and
 - b. Accrediting agency reports.
3. Other documentation shall include the following, as applicable to the factors cited in the application:
 - a. Copies of maintenance reports;
 - b. Copies of citations for life safety code violations; and
 - c. Other pertinent reports and data.
4. Projects involving the replacement or modernization of a category of service or facility shall meet or exceed the occupancy standards for the categories of service, as specified in Section 1125.210(c).

APPEND DOCUMENTATION AS ATTACHMENT- 25, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

HISTORIC PRESERVATION REQUIREMENTS—NOT APPLICABLE

The project does not involve any:

1. Demolition of any structures; or
2. Construction of new buildings; or
3. Modernization of existing buildings.

ATTACHMENT 6

BACKGROUND OF THE APPLICANT

1. Mercy Circle does not own or operate any health care facilities other than the skilled nursing facility that is the subject of this application. Co-applicant does not own or operate any health care facilities.
2. No adverse action has been taken against any facility owned and/or operated by the co-applicants.
3. Authorization permitting the Board and the Department access to documents follows this page.
4. Not Applicable.

February 27, 2017

Illinois Health Facilities Services and Review Board

525 W. Jefferson Street

Springfield, IL 62761

Dear Board Members:

Mercy Circle hereby authorizes both the Illinois Health Facilities Services and Review Board and the Illinois Department of Public Health to access any documents necessary to verify the information submitted within its Certificate of Need application, including, but not limited to: official records of the Illinois Department of Public Health or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations.

Sincerely,

Director

Mercy Circle Board of Directors

PURPOSE OF THE PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.

This application seeks to remove restrictions on the admission to Mercy Circle's skilled nursing facility.

Mercy Circle is a faith-based, not for profit continuing care retirement community. It was approved by the Board in 2011. Mercy Circle is the only CCRC in the immediate area that does not have an admission fee.

It was designed to serve as a replacement for the Mercy Convent located on the same campus. It was expected that approximately 70% of the initial Mercy Circle residents would be from the Sisters of Mercy and that many of the remaining residents would come from other religious orders in the area.

At the time it was estimated that the Sisters of Mercy was spending in excess of \$3 million per year for the cost of care and services for its members and for maintaining other facilities in the Chicago area. Having them live at Mercy Circle would maintain the cost while providing a high quality of care and services.

Planning for the project began about 10 years ago. In 2008 the Chicago City Council approved zoning required for the CCRC. The Village of Evergreen Park sued claiming that the site of the CCRC was restricted to use for educational purposes.

Mercy Circle was originally scheduled to open in 2012. Construction was substantially delayed due to litigation by the neighboring suburb of Evergreen Park. After significant litigation a settlement was reached reducing the size of the project.

Pursuant to the Settlement Mercy Circle filed an Alteration in 2012 reducing the number of residential units, reducing the number of skilled nursing beds by one and reducing the cost of the CCRC by approximately \$5 million dollars. The Settlement also provided restrictions on entrance to the CCRC and the skilled nursing facility.

At the time the application was filed there were approximately 803 Sisters of Mercy members. Of those members 195 lived in the Chicago area. Over 85% were over 65 years of age. Currently it is estimated that only 85 sisters remain in the Chicagoland area. The demand for the CCRC from the members of religious orders is declining over time putting a strain on Mercy Circle's finances. In addition due to the State's budget woes, Mercy Circle is owed \$1 million by the State. Removing restrictions on admission to the SNF expands access to health care of the market area population. It will help Mercy Circle continue to provide a high quality faith based facility for any patient who chooses to live there.

2. Define the planning area or market area, or other, per the applicant's definition.

Mercy Circle is in Planning Area 6-C. The market area was defined by a study included in the original application. The list of zip codes in the primary and secondary market areas follows this Attachment.

3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project.

The problem that needs to be addressed is the restrictions on admission to the skilled nursing facility. That is discussed in more detail above.

4. Cite the sources of information provided as documentation.

Mercy Circle maintains a log of inquiries from hospitals seeking to place patients in skilled nursing beds. There were nearly 200 inquiries in 2016. The log is included in Attachment 13.

5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.

The project will open access to Mercy Circle's SNF to everyone in the area. The need for additional beds in a faith based setting is demonstrated by the hospital referral log included in Attachment 13.

6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals as appropriate.

If this project is approved Mercy Circle will immediately make its skilled nursing beds available to the general public. That will improve access to care in a faith based setting in the area.

ATTACHMENT 10

MARKET AREA

The market area was determined based on geographic and demographic considerations, and GSI's professional experience, including the use of "industry rules of thumb" in the absence of primary market (survey) data.

The market area is contained within an approximate seven to ten mile radius around the project site. It is further divided into primary (PMA) and secondary (SMA) market areas.

- The PMA stretches approximately three to five miles from the project site and includes the following zip code areas 60415, 60453, 60456, 60459, 60620, 60643, 60652, 60655 (Project zip code), 60803.
- The SMA surrounds the PMA and extends beyond its boundaries for an additional four to five miles. It includes the following zip codes 60805, 60406, 60426, 60428, 60445, 60452, 60455, 60457, 60458, 60462, 60463, 60464, 60465, 60469, 60472, 60480, 60482, 60501, 60609, 60619, 60621, 60628, 60629, 60632, 60636, 60637, 60638, 60827.

ALTERNATIVES

A. Proposing a project of greater or lesser scope and cost;

This is a no cost project. Applicant is seeking to remove the CCRC and defined population restrictions on admission to its existing skilled nursing beds. A project of lesser scope would not save any money. It would not meet the demand for the existing beds by area residents as demonstrated by nearly 200 hospital referral inquiries in 2016. A project of lesser scope was rejected.

A project with additional beds was also rejected. The skilled nursing portion of the original project cost approximately \$270,000 per bed. Using that cost as a guide a 10 bed addition would cost \$2.7 million dollars. Applicant does not have available capital funds to support an increase in beds. The alternative of a greater scope and cost was rejected.

B. Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;

The project involves the removal of restrictions on access for the skilled nursing portion of a CCRC. The CCRC is a faith based community. It provides on-site access to chaplain services, priests and worship opportunities.

The SNF already exists. There would be no savings by entering into a joint venture with other providers.

Alternative settings to meet all or a portion of the project's intended purposes is not applicable.

C. Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project;

Applicant is a faith based facility. It does not have an entrance fee for admittance to its CCRC. It is the only faith based rental CCRC in the area. Other area nursing homes do not provide the service to this particular faith based facility.

D. Provide the reasons why the chosen alternative was selected.

Applicant chose the alternative of seeking removal of restrictions on entrance to the SNF. There is no cost. It will immediately make the beds available to area residents

providing additional income to support its faith based services provided to persons in the CCRC.

Over the long term the defined population now eligible to enter the SNF is expected to decline. Removing the restrictions will better position Applicant to keep the facility full and allow it to maintain a high quality services to its resident.

ATTACHMENT 11

PLANNING AREA NEED

1. The excess beds in Planning Area 6-C was 410 as of the 2015 Inventory.
2. Applicant attests that the primary purpose of the project is to serve residents of the planning area and that at least 50% of the patients will come from the planning area.
3. Referral Sources

Mercy Circle's staff kept a log of requests for placements from Hospitals. That log follows this page.

There were 195 requests in 2016. The number of admissions in 2016 was only 31. Mercy Circle was limited to accepting patients only from the CCRC and patients that met the religious restrictions under the defined population variance.

SERVICE DEMAND—NOT APPLICABLE

The project does not involve establishing a service and is not based on rapid growth in the Planning Area.

ATTACHMENT 14

SERVICE DEMAND—EXPANSION OF GENERAL LONG TERM CARE

1. Historical Service Demand

Mercy Circle opened its Skilled Nursing Facility with 22 licensed beds in 2014. Patient days for latest two full years are:

2015	5574	69%
2016	7088	88%

2. Projected Referrals

Mercy Circle's staff kept a log of requests for placements from Hospitals. That log was included in Attachment 13.

There were 195 requests in 2016. The number of admissions in 2016 was only 31. Mercy Circle was limited to accepting patients only from the CCRC and patients that met the religious restrictions under the defined population variance.

UNNECESSARY DUPLICATION/MALDISTRIBUTION

1. A list of zip codes located within 30 minute travel time from Mercy Circle follows this page. Also included is a list of the total population of the zip code areas.

The names and addresses of existing LTC facilities within a 30 minute travel time from Mercy Circle is also included.

2. The project will not result in a maldistribution of services.

Mercy Circle is approved for only 23 beds. Most of those beds are occupied. The opening of Mercy Circle's beds to the general public will have an insignificant impact on other providers.

3. The project will not lower utilization of other providers.

Mercy Circle is located in Planning Area 6-C. It is adjacent to Planning Area 7-E. There are over 13,000 beds in those areas. Mercy Circle has only 23 beds or less than two tenths of one percent (.002) of the beds in those areas. There is no significant impact to other providers now or within 24 months after project completion.

STAFFING AVAILABILITY

Mercy Circle currently staffs 22 of the 23 beds approved by the Board. No additional staffing is required to operate the one additional bed that will be licensed. Current staffing meets IDPH and JCAHO requirements.

ATTACHMENT 19

BED CAPACITY—NOT APLICABLE

The project is for 23 beds.

ATTACHMENT 20

COMMUNITY RELATED FUNCTIONS

This Application is supported by area elected officials and the closest hospital. Support letters submitted include the Chicago Ward 19 Alderman, the State Senator and State Representative whose District includes the facility and the President of Little Company of Mary Hospital.

Most importantly the Village of Evergreen Park supports the project as evidenced by a letter from Mayor James J. Sexton. In 2008, the Village sued to prevent the construction of Mercy Circle. After four years of litigation, the Village and Mercy Circle reached a settlement. Mercy Circle agreed to reduce the size of its CCRC and to maintain restrictions on who could be admitted to the CCRC and its skilled nursing facility.

Last year Mercy Circle asked the Village to modify the Settlement Agreement to allow Mercy Circle's skilled nursing beds to be used as general long term care beds. The Village agreed. The Settlement Agreement has been modified and the Village provided a letter supporting Mercy Circle's Application to the Board.

Springfield, Illinois 62761

RE: Mercy Circle
3659 W. 99th Street
Chicago, IL 60655

Dear Chairman Olson:

Please consider this my letter of support to lift the current restriction that prevents older adults from being admitted directly to the Continuing Care Retirement Community's Skilled Nursing Care Unit at Mercy Circle.

Since Mercy Circle opened in 2013, the CCRC receives approximately a dozen or more requests a month for direct admission to the Skilled Nursing Care Unit from family members, rehabilitation or end of life care. Little Company of Mary Hospital (along with other nearby hospitals) has called to place patients ready for this type of care.

With only 22 beds in its Skilled Nursing Care Wing, Mercy Circle has the fewest number of SNC residents. Since the unit's operations need to be fully staffed with nurses and other healthcare providers no matter the number of people being cared for, having empty beds is detrimental to responsibly operating Mercy Circle. By lifting this restriction, it will help fill the retirement community's need for this level of healthcare and allow Mercy Circle to continue on a positive path.

I thank you for your consideration in this matter and in past matters as well. If I can be of further assistance, please feel free to contact me at (708) 422-1551 or by email, epmayor1@gmail.com.

Sincerely,

James J. Sexton, Mayor
Village of Evergreen Park

Ms. Kathryn J. Olson - Chairman
Illinois Health Facilities and Services Review Board
525 W. Jefferson Street, Second Floor
Springfield, Illinois 62761

Dear Chairman Olson:

This letter is to serve as my appeal to the Illinois Health Facilities and Services Review Board to lift the current restriction that prevents senior adults from being directly admitted into the Skilled Nursing Care Unit at Mercy Circle in Chicago. Since Mercy Circle opened in 2013, the Certificate of Need restriction limits admission to SNC to only current Independent Living, Assisted Living and Memory Care residents. However, I respectfully request that your Board consider removing this constraint.

Due to the size of Mercy Circle's SNC (only 22 beds), any unused resources can make a difference in the unit's budget and operations. As with any skilled nursing care center, they need to be fully staffed with nurses and other healthcare providers regardless of the number of people being cared for on any single day.

Since opening their doors, Mercy Circle has fielded many requests from local residents as well as surrounding hospitals to accept patients who must transition from others facilities into Skilled Nursing Care. Now that Mercy Circle has benefited from the updated Consent Decree with the Village of Evergreen Park, they would like to increase their ability to serve more seniors by admitting them directly to its SNC unit. Since the decision was made in August, Mercy Circle has welcomed 12 additional residents to its Independent Living, Assisted Living and Memory Care residences.

I appreciate any consideration you and the Review Board are able to offer in this matter. If you have any questions, please contact me at (773) 445-8182 or bill@billcunningham.com.

Sincerely,

Bill Cunningham
Illinois State Senator, 18th District

RE: Mercy Circle
3659 W. 99th Street
Chicago, IL 60655

Dear Chairman Olson:

I write you today on behalf of Mercy Circle, located at 3659 W. 99th Street, asking for consideration from the Illinois Health Facilities and Services Review Board to lift the current restriction that prevents older adults to be admitted directly to the Continuing Care Retirement Community's Skilled Nursing Care Unit. With only 22 beds in its Skilled Nursing Care wing, Mercy Circle has a very small number of SNC residents. Due to its small size, any unused bed can make a difference in the unit's operations; which needs to be fully staffed with nurses and other healthcare providers regardless of the number of people being cared for on any single day.

Since Mercy Circle opened in 2013, there have been many requests come from local residents and Little Company of Mary Hospital in Evergreen Park, when patients are ready to be discharged and need Skilled Nursing Care for either rehabilitation or end of life care. Now that Mercy Circle has benefited from the updated Consent Decree with the Village of Evergreen Park, the CCRC would like to increase its ability to serve more seniors when they are most vulnerable, by directly admitting them to its SNC unit. Since the decision was made in August, Mercy Circle has welcomed 12 additional residents to its Independent Living, Assisted Living and Memory Care residences. I have personally seen the wonderful care that Mercy Circle provides to seniors in my community.

I appreciate your consideration in this matter. If you have any questions, please contact me at (773) 238-8766 or mattoshea@the19thward.com.

Sincerely,

Matthew J. O'Shea
Alderman, 19th Ward
