**RE: Meadowbrook Manor, Geneva, Certificate of Need Application**

Dear Ms. Avery,

It is my understanding that Meadowbrook Manor proposes to build a new 150-bed, Long-Term care skilled nursing facility in Geneva. I am writing this letter to express my support of the proposed state-of-the-art facility.

Historical records indicate that for the past 12-month period, I referred 40 patients to existing area skilled nursing facilities. Due to HIPAA compliance, identification of these residents cannot be provided. I anticipate that I would refer approximately 10 patients per month to Meadowbrook Manor Geneva within a 24 month period after project completion.

70% of my patient case load is within a 20 mile radius of DeInor Hospital.

These referrals have not been used to support another pending or approved CON project in this area.

The information provided above is true and accurate to the best of my knowledge.

Sincerely,

Dr. Farah Hashemi, M.D.
