Cathy Olsen, Executive Director  
Meadowbrook Manor Geneva

Dear Ms. Olsen:

I am unable to attend the upcoming hearing regarding Meadowbrook Manor's request to locate a fourth facility in Geneva. However, I would like to offer my support for the facility to join our community.

As a long term care insurance an planning specialist for 25 years, I am well aware of the costs associated with providing care for our aging population. I believe that the ability to offer a middle income pricing option to the market would be a welcome addition to the choices that are currently available here. The option to offer memory care at competitive rates would offer additional choices to the families who are facing long term care issues with their loved ones.

My understanding is that this facility will be able to offer dialysis treatment, which I do not believe is available at many of the existing facilities in our area, and this would be an additional benefit to the families who need that important service.

My goal has always been to help families find solutions that will provide long term care services with the dignity and quality they deserve. Having another choice like Meadowbrook Manor Geneva would give our community families another way to achieve that goal.

Yours very truly,

Carol Murin, President  
Solutions for Long Term Care, Inc.
