Re: Letter of Support - Geneva Crossing Dialysis, Carol Stream, Project 17-013

Dear Members of the Review Board,

I am writing on behalf of DaVita and the DuPage Medical Group which have proposed to establish a dialysis facility near my district. DaVita and the DuPage Medical Group have applied for a Certificate of Need from the Illinois Health Facilities Board. I understand that there is a need for such a facility in the 8th Congressional District and its surroundings.

This proposed dialysis center would be located across the street from my congressional district. It is my understanding that the new facility will help address the growing need for dialysis services in the area, relieving the burden on staff at existing clinics currently operating at or above capacity, and make it easier for area patients to get appropriate treatment options.

I am assured that this needed medical facility will benefit residents in my district, and ask that you give this application every possible consideration consistent with all applicable laws and regulations.

Best regards,

Raja Krishnamoorthi
Member of Congress
