ORIGINAL

ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD
APPLICATION FOR PERMIT

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

RECEIVED

This Section must be completed for all projects.

APR 07 2017

Facility/Project Identification

HEALTH FACILITIES &
SERVICES REVIEW BOARD

Facility Name: Provident Hospital of Cook County – Establish Dialysis Service		
Street Address: 500 East 51 st Street		
City and Zip Code: Chicago 60615		
County: Cook	Health Service Area: 6	Health Planning Area: A03

Applicant /Co-Applicant Identification

[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name: Provident Hospital of Cook County, through Cook County Health and Hospitals System
Address: 500 East 51 st Street, Chicago, IL 60615
Name of Registered Agent: Jeff McCutchan
Name of Chief Executive Officer: John Jay Shannon, M.D.
CEO Address: 1900 W. Polk Street, Chicago, IL 60612
Telephone Number: 312-864-6000

Type of Ownership of Applicant/Co-Applicant

☐ Non-profit Corporation	☐ Partnership
☐ For-profit Corporation	☒ Governmental
☐ Limited Liability Company	☐ Sole Proprietorship
☐ Other	
- Corporations and limited liability companies must provide an Illinois certificate of good standing. - Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.	
APPEND DOCUMENTATION AS ATTACHMENT-1, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.	

Primary Contact

[Person to receive ALL correspondence or inquiries]

Name: Clare Connor Ranalli
Title: Partner
Company Name: McDermott Will & Emery
Address: 227 W. Monroe Street, Chicago, IL 60606
Telephone Number: 312-984-3365
E-mail Address: cranalli@mwe.com
Fax Number: 312-277-2964

Additional Contact

[Person who is also authorized to discuss the application for permit]

Name: Samuel L. Williams
Title: Executive Director, Facilities
Company Name: Cook County Health and Hospitals System
Address: 1900 W. Polk Street, Chicago, IL 60612

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: Cook County, a body politic
Address of Site Owner: 69 W. Washington St., Chicago, IL 60602
Street Address or Legal Description of Site: Corner of Polk and Damen
Proof of ownership or control of the site is to be provided as Attachment 2. Examples of proof of ownership are property tax statement, tax assessor's documentation, deed, notarized statement of the corporation attesting to ownership, an option to lease, a letter of intent to lease or a lease.
APPEND DOCUMENTATION AS ATTACHMENT-2 , IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Provident Hospital of Cook County									
Address: 500 East 51 st Street, Chicago, IL 60615									
<table border="0"> <tr> <td>☐ Non-profit Corporation</td> <td>☐ Partnership</td> <td></td> </tr> <tr> <td>☐ For-profit Corporation</td> <td>☒ Governmental</td> <td></td> </tr> <tr> <td>☐ Limited Liability Company</td> <td>☐ Sole Proprietorship</td> <td>☐ Other</td> </tr> </table>	☐ Non-profit Corporation	☐ Partnership		☐ For-profit Corporation	☒ Governmental		☐ Limited Liability Company	☐ Sole Proprietorship	☐ Other
☐ Non-profit Corporation	☐ Partnership								
☐ For-profit Corporation	☒ Governmental								
☐ Limited Liability Company	☐ Sole Proprietorship	☐ Other							
- o Corporations and limited liability companies must provide an Illinois Certificate of Good Standing. - o Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner. - o Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.									
APPEND DOCUMENTATION AS ATTACHMENT-3 , IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.									

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS **ATTACHMENT-4**, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at www.FEMA.gov or www.illinoisfloodmaps.org. **This map must be in a readable format.** In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 (<http://www.hfsrb.illinois.gov>).

APPEND DOCUMENTATION AS ATTACHMENT -5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- ☒ Substantive
☐ Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

Cook County either directly or through Cook County Health and Hospitals System ("CCHHS") has operated Cook County Hospital/John H. Stroger Hospital ("Stroger") in Chicago since 1857, and Provident Hospital ("Provident") since 1993. Provident Hospital was established in 1891 as the first African American hospital in the United States. It was closed in 1987 due to financial difficulties, but was re-opened under the ownership of Cook County's Bureau of Health Services (now CCHHS). CCHHS provides health care services as a safety net to uninsured and underinsured patients. Stroger offers chronic dialysis as a category of service at its location in Chicago. Both Stroger and Provident have onsite renal clinics treating patients with kidney disease. CCHHS would like Provident to establish a dialysis service in a freestanding building on its Provident Hospital campus as well.

Therefore, this project proposes the modernization of a building located on Provident's campus to provide chronic renal dialysis as a Provident Hospital category of service. The building is only 10 feet or so away from the Provident Hospital building, but has its own address, which is 430 E. 50th Place. However, the dialysis service will be provided as a hospital outpatient dialysis service by Provident (provider-based). CCHHS, as a governmental entity, has no desire to and could not establish a separate entity to provide and bill for dialysis services. It could only do so through its licensed facilities, Stroger and Provident. The Medical Director of Dialysis Services for CCHHS will be the Director of the service at Provident. Patients to be served will primarily be those patients who are seen at Stroger's and Provident's renal clinics, respective EDs, or as inpatients, and who require chronic renal dialysis service. Many of these patients, even those seen at Stroger, live in the Provident service area, but use the safety net services provided by CCHHS for their health care needs. Establishing a chronic dialysis service at Provident will allow patients who live in the Provident service area better access to care, as well as continuity of care within CCHHS.

The project is substantive under the Board's rules, as it proposes the establishment of a category of service at an existing health care facility.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Preplanning Costs			
Site Survey and Soil Investigation			
Site Preparation			
Off Site Work			
New Construction Contracts			
Modernization Contracts	\$ 1,050,000	\$ 450,000	\$ 1,500,000
Contingencies	\$ 91,000	\$ 39,000	\$ 130,000
Architectural/Engineering Fees	\$ 75,600	\$ 32,400	\$ 108,000
Consulting and Other Fees	\$ 0	\$ 100,000	\$ 100,000
Movable or Other Equipment (not in construction contracts)	\$ 350,578	\$ 150,247	\$ 500,825
Bond Issuance Expense (project related)			
Net Interest Expense During Construction (project related)			
Fair Market Value of Leased Space or Equipment			
Other Costs To Be Capitalized	\$ 0	\$ 100,000	\$ 100,000
Acquisition of Building or Other Property (excluding land)			
TOTAL USES OF FUNDS	\$ 1,567,178	\$ 871,647	\$ 2,438,825
SOURCE OF FUNDS	CLINICAL	NONCLINICAL	TOTAL
Cash and Securities	\$ 1,567,178	\$ 871,647	\$ 2,438,825
Pledges	\$		\$
Gifts and Bequests	\$		\$
Bond Issues (project related)	\$		\$
Mortgages	\$		\$
Leases (fair market value)	\$		\$
Governmental Appropriations	\$		\$
Grants	\$		\$
Other Funds and Sources	\$		\$
TOTAL SOURCES OF FUNDS	\$ 1,567,178	\$ 871,647	\$ 2,438,825
NOTE: ITEMIZATION OF EACH LINE ITEM MUST BE PROVIDED AT ATTACHMENT-7, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project	☐ Yes	☒ No
Purchase Price: \$		
Fair Market Value: \$		
The project involves the establishment of a new facility or a new category of service ☒ Yes ☐ No		
If yes, provide the dollar amount of all non-capitalized operating start-up costs (including operating deficits through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100. Estimated start-up costs and operating deficit cost is \$ <u>125,000.00</u> .		

Project Status and Completion Schedules

For facilities in which prior permits have been issued please provide the permit numbers.

Indicate the stage of the project's architectural drawings:

- | | |
|---|--|
| ☐ None or not applicable | ☐ Preliminary |
| ☒ Schematics | ☐ Final Working |

Anticipated project completion date (refer to Part 1130.140): March 31, 2018

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

- ☐ Purchase orders, leases or contracts pertaining to the project have been executed.
- ☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
- ☒ Project obligation will occur after permit issuance.

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:

- ☒ Cancer Registry
- ☒ APORS
- ☒ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
- ☒ All reports regarding outstanding permits

Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

Dept. / Area	Cost	Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
		Existing	Proposed	New Const.	Modernized	As Is	Vacated Space
REVIEWABLE							
Medical Surgical							
Intensive Care							
Diagnostic Radiology							
MRI							
Total Clinical							
NON REVIEWABLE							
Administrative							
Parking							
Gift Shop							
Total Non-clinical							
TOTAL							
APPEND DOCUMENTATION AS ATTACHMENT-9, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.							

Facility Bed Capacity and Utilization

Complete the following chart, as applicable. Complete a separate chart for each facility that is a part of the project and insert following this page. Provide the existing bed capacity and utilization data for the latest **Calendar Year for which the data are available. Include observation days in the patient day totals for each bed service.** Any bed capacity discrepancy from the Inventory will result in the application being deemed **incomplete**.

FACILITY NAME: Provident Hospital of Cook County			CITY: Chicago		
REPORTING PERIOD DATES: From: 01/01/15 to: 12/31/15					
Category of Service	Authorized Beds	Admissions	Patient Days	Bed Changes	Proposed Beds
Medical/Surgical	79	665	2,468	0	79
Obstetrics	23*	0	0	0	23*
Pediatrics	0	0	0	0	0
Intensive Care	6	0	0	0	6
Comprehensive Physical Rehabilitation					
Acute/Chronic Mental Illness					
Neonatal Intensive Care					
General Long Term Care					
Specialized Long Term Care					
Long Term Acute Care					
Other ((identify)					
TOTALS:	108*	665	2,468	0	108*

* On February 16, 2016, Provident Hospital was approved to discontinue its 23 bed obstetric service. However, the reporting period reflected above is for 2015, when 23 beds were in place.

CERTIFICATION

The application must be signed by the authorized representative(s) of the applicant entity. The authorized representative(s) are:

- in the case of a corporation, any two of its officers or members of its Board of Directors;
- in the case of a limited liability company, any two of its managers or members (or the sole manager or member when two or more managers or members do not exist);
- in the case of a partnership, two of its general partners (or the sole general partner, when two or more general partners do not exist);
- in the case of estates and trusts, two of its beneficiaries (or the sole beneficiary when two or more beneficiaries do not exist); and
- in the case of a sole proprietor, the individual that is the proprietor.

This Application for Permit is filed on the behalf of Cook County through Cook County Health and Hospitals System in accordance with the requirements and procedures of the Illinois Health Facilities Planning Act. The undersigned certifies that he or she has the authority to execute and file this application for permit on behalf of the applicant entity. The undersigned further certifies that the data and information provided herein, and appended hereto, are complete and correct to the best of his or her knowledge and belief. The undersigned also certifies that the permit application fee required for this application is sent herewith or will be paid upon request.

SECTION III – BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 – Background, Purpose of the Project, and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

- 1) Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

- A) Proposing a project of greater or lesser scope and cost;
 - B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
 - D) Provide the reasons why the chosen alternative was selected.
- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**
- 3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IV - PROJECT SCOPE, UTILIZATION, AND UNFINISHED/SHELL SPACE**Criterion 1110.234 - Project Scope, Utilization, and Unfinished/Shell Space**

READ THE REVIEW CRITERION and provide the following information:

SIZE OF PROJECT:

1. Document that the amount of physical space proposed for the proposed project is necessary and not excessive. **This must be a narrative.**
2. If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following: NOT APPLICABLE – NO STANDARDS FOR SPACE AT ISSUE.
 - a. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;
 - b. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix B;
 - c. The project involves the conversion of existing space that results in excess square footage.

Provide a narrative for any discrepancies from the State Standard. A table must be provided in the following format with Attachment 14.

SIZE OF PROJECT				
DEPARTMENT/SERVICE	PROPOSED BGSF/DGSF	STATE STANDARD	DIFFERENCE	MET STANDARD?

APPEND DOCUMENTATION AS ATTACHMENT-14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

PROJECT SERVICES UTILIZATION: NOT APPLICABLE – PROJECT IS FOR PHYSICIAN OFFICE, EDUCATION AND GENERAL ADMIN SPACE

This criterion is applicable only to projects or portions of projects that involve services, functions or equipment for which HFSRB has established utilization standards or occupancy targets in 77 Ill. Adm. Code 1100.

Document that in the second year of operation, the annual utilization of the service or equipment shall meet or exceed the utilization standards specified in 1110 Appendix B. A narrative of the rationale that supports the projections must be provided.

A table must be provided in the following format with Attachment 15.

UTILIZATION					
	DEPT./ SERVICE	HISTORICAL UTILIZATION (PATIENT DAYS) (TREATMENTS) ETC.	PROJECTED UTILIZATION	STATE STANDARD	MET STANDARD?
YEAR 1					
YEAR 2					

APPEND DOCUMENTATION AS ATTACHMENT-15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

UNFINISHED OR SHELL SPACE:**NOT APPLICABLE – NO SHELL SPACE**

Provide the following information:

1. Total gross square footage of the proposed shell space;
2. The anticipated use of the shell space, specifying the proposed GSF to be allocated to each department, area or function;
3. Evidence that the shell space is being constructed due to
 - a. Requirements of governmental or certification agencies; or
 - b. Experienced increases in the historical occupancy or utilization of those areas proposed to occupy the shell space.
4. Provide:
 - a. Historical utilization for the area for the latest five-year period for which data are available; and
 - b. Based upon the average annual percentage increase for that period, projections of future utilization of the area through the anticipated date when the shell space will be placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

ASSURANCES:**NOT APPLICABLE – NO SHELL SPACE**

Submit the following:

1. Verification that the applicant will submit to HFSRB a CON application to develop and utilize the shell space, regardless of the capital thresholds in effect at the time or the categories of service involved.
2. The estimated date by which the subsequent CON application (to develop and utilize the subject shell space) will be submitted; and
3. The anticipated date when the shell space will be completed and placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

G. Criterion 1110.1430 - In-Center Hemodialysis

1. Applicants proposing to establish, expand and/or modernize In-Center Hemodialysis must submit the following information:
2. Indicate station capacity changes by Service: Indicate # of stations changed by action(s):

Category of Service	# Existing Stations	# Proposed Stations
☒ In-Center Hemodialysis	0	12

3. READ the applicable review criteria outlined below and **submit the required documentation for the criteria:**

APPLICABLE REVIEW CRITERIA	Establish	Expand	Modernize
1110.1430(b)(1) - Planning Area Need - 77 Ill. Adm. Code 1100 (formula calculation)	X		
1110.1430(b)(2) - Planning Area Need - Service to Planning Area Residents	X	X	
1110.1430(b)(3) - Planning Area Need - Service Demand - Establishment of Category of Service	X		
1110.1430(b)(4) - Planning Area Need - Service Demand - Expansion of Existing Category of Service		X	
1110.1430(b)(5) - Planning Area Need - Service Accessibility	X		
1110.1430(c)(1) - Unnecessary Duplication of Services	X		
1110.1430(c)(2) - Maldistribution	X		
1110.1430(c)(3) - Impact of Project on Other Area Providers	X		
1110.1430(d)(1) - Deteriorated Facilities			X
1110.1430(d)(2) - Documentation			X
1110.1430(d)(3) - Documentation Related to Cited Problems			X
1110.1430(e) - Staffing Availability	X	X	
1110.1430(f) - Support Services	X	X	X
1110.1430(g) - Minimum Number of Stations	X		
1110.1430(h) - Continuity of Care	X		
1110.1430(j) - Assurances	X	X	X
APPEND DOCUMENTATION AS ATTACHMENT-26, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.			

4. Projects for relocation of a facility from one location in a planning area to another in the same planning area must address the requirements listed in subsection (a)(1) for the "Establishment of Services or Facilities", as well as the requirements in Section 1110.130 - "Discontinuation" and subsection 1110.1430(i) - "Relocation of Facilities".

The following Sections **DO NOT** need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- Section 1120.120 Availability of Funds – Review Criteria
- Section 1120.130 Financial Viability – Review Criteria
- Section 1120.140 Economic Feasibility – Review Criteria, subsection (a)

VIII. - 1120.120 - Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

\$2,438,825.00	a)	Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to:
	1)	the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and
	2)	interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	b)	Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
_____	c)	Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
	d)	Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including:
	1)	For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated;
	2)	For revenue bonds, proof of the feasibility of securing the specified amount and interest rate;
	3)	For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.;
	4)	For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment;
	5)	For any option to lease, a copy of the option, including all terms and conditions.
_____	e)	Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
_____	f)	Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
\$	g)	All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.
\$2,438,825.00	TOTAL FUNDS AVAILABLE	

APPEND DOCUMENTATION AS ATTACHMENT-36, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

IX. 1120.130 - Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver – NOT APPLICABLE – Body Politic, and project funded with cash

The applicant is not required to submit financial viability ratios if:

1. "A" Bond rating or better
2. All of the projects capital expenditures are completely funded through internal sources
3. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide Data for Projects Classified as:	Category A or Category B (last three years)	Category B (Projected)
Enter Historical and/or Projected Years:	NOT APPLICABLE GOVERNMENT/BODY POLITIC FINANCIAL VIABILITY WAIVER AND PROJECT FUNDED WITH CASH	
Current Ratio		
Net Margin Percentage		
Percent Debt to Total Capitalization		
Projected Debt Service Coverage		
Days Cash on Hand		
Cushion Ratio		

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 38, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

X. 1120.140 - Economic Feasibility

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements - NOT APPLICABLE

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing - NOT APPLICABLE

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;
- 2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following: **NOT APPLICABLE – EST ESRD CATEGORY OF SERVICE**

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE								
Department (list below)	A	B	C	D	E	F	G	H
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New	Circ.*	Gross Sq. Ft. Mod.	Circ.*	Const. \$ (A x C)	Mod. \$ (B x E)
Contingency								
TOTALS								

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	Year	Year	Year
Inpatient			
Outpatient			
Total			
Charity (cost in dollars)			
Inpatient			
Outpatient			
Total			
MEDICAID			
Medicaid (# of patients)	Year	Year	Year
Inpatient			
Outpatient			

Total			
Medicaid (revenue)			
Inpatient			
Outpatient			
Total			

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three audited fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care			

APPEND DOCUMENTATION AS ATTACHMENT-41, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Ownership of Applicant

John H. Stroger Hospital of Cook County and Provident Hospital of Cook County are owned by the County of Cook, Illinois. These and other Cook County health facilities are operated by the Cook County Health & Hospitals System, an agency of the County of Cook that is governed by the Cook County Health & Hospitals Systems Board of Directors.

Ownership of Site

Provident Hospital is owned by the County of Cook, Illinois.

John Jay Shannon, M.D.
CEO
Cook County Health and Hospitals System

Subscribed and sworn to before me
this 31st day of March, 2017.

Marie A Celestin
Notary Public

Operating Identity/Licensee

By Cook County ordinance, the Cook County Health & Hospitals System (CCHHS), an agency of Cook County government, is responsible for management and operations of Cook County's health facilities, including John H. Stroger and Provident Hospital along with various outpatient clinics. CCHHS is governed by the Cook County Health & Hospitals System Board of Directors.

Organizational Relationships

CCHHS operates a number of ambulatory care health network sites, including at each of Provident and Stroger, and the Fantus Clinic and Cermak Clinic. The Cermak Clinic provides care to patients who are incarcerated and require treatment for renal disease.

Flood Plain Requirements

I, Samuel L. Williams, CCHHS, do hereby attest that the Provident Hospital site is not in a flood plain.

VIA OVERNIGHT MAIL

Illinois Historic Preservation Agency
1 Old State Capitol Plaza
Springfield, Illinois 62701-1512
Attention: Director Amy Martin

Re: Illinois Certificate of Need ("CON") Clearance Letter Request

Dear Director Martin:

We represent Cook County Health and Hospital System ("CCHHS") in pursuing a CON from the Health Facilities & Services Review Board to modernize a building on its Provident Hospital campus. The building is located on Provident's campus at 500 East 51st Street, Chicago, IL 60615. The Illinois State Agency Historic Resources Preservation Act, 20 ILCS 34201/1 et seq. (the "Act"), provides that written notice of a proposed undertaking shall be given to the Director of the Illinois Historic Preservation Agency ("HPA") either by a State agency or a recipient of its funds, licenses or permits when the proposed undertaking might affect historic, architectural or archaeological resources. In addition, the CON application process requires a letter from HPA regarding any construction project's impact on possible architecturally significant or historical structures.

Enclosed is the information necessary for the HPA to conduct a review of the Project to determine whether any historic, architectural or archaeological sites might be impacted by the Project. Specifically, we provide the following information to you for review:

1. General project description and address: The project will include modernization of 6,183 GSF to allow for the operation of a chronic renal dialysis category of service at Provident Hospital.
2. Topographic or metropolitan map showing the general location of the project: See attached.
3. Photographs of any standing buildings/structure within the project area: See enclosed.
4. Address for building/structures, if present: Provident Hospital, 500 East 51st Street, Chicago, IL 60615.

Illinois Historic Preservation Agency
March 27, 2017
Page 2

Upon review of the information provided in this letter, kindly forward confirmation to my attention indicating whether, in the HPA's opinion, the Project will have any impact on a historical or architecturally significant building or structures.

To our knowledge, there are no historical buildings in the area. Further, there are no state-designed historical sites in the vicinity of the proposed site.

Thank you for your consideration. If you have questions, please contact me at (312) 984-3365.

Sincerely,

McDermott Will & Emery

Clare Connor Ranalli

Criterion 1110.230 – Background

Cook County Health and Hospitals System owns and operates John H. Stroger and Provident Hospitals.
See attached licenses.

Medicare #s: 14-0124 Stroger

14-0300 Provident

No adverse action, as that term is defined in rules and regulations of the Illinois Health Facilities and Services Review Board ("IHFSRB") has been taken over the past three (3) years against John H. Stroger or Provident Hospitals. In addition, none of the officers or Directors of CCHHS have been excluded from participation in any health care provider, have been convicted of a crime, or have violated a decree of any court or government agency.

Both the IHFSRB and the Illinois Department of Public Health are authorized to access whatever documents necessary to verify the accuracy of this information.

John Jay Shannon, M.D.
CEO
Cook County Health and Hospitals System

Criterion 1120.230 – Purpose

1. The purpose of establishing dialysis as a Provident service is to both maintain continuity of care within CCHHS and to provide better access to patients seen within the system for ESRD patients living in the Provident service area. Currently CCHHS operates a dialysis service in 9 stations (2 of which are reserved for isolation) at Stroger. Stroger and Provident also operate a renal clinic, although Provident's is fairly new. Most of the patients seen in the renal clinic or dialyzed at Stroger use CCHHS services as their medical home. A majority of patients are seen in the ED, or go to one of the renal clinics and have disease so advanced that they immediately require dialysis. Typically, their hemoglobin and BUN levels are at crisis point. CCHHS provides care and treatment, stabilizes the patient and then must refer the patient to outside providers for chronic dialysis service, because its stations at Stroger are too busy to offer general chronic renal dialysis to all of the patients within CCHHS who require it. Thus, the stations are primarily used for acute care for inpatients as well as for stabilizing outpatients. Some patients, usually due to clinical reasons such as malignancy, are not accepted by outside providers, and these patients are provided chronic dialysis service at CCHHS. (See attached information regarding CCHHS' hemodialysis unit at Stroger.) The addition of dialysis within CCHHS at Provident in 12 stations will allow CCHHS patients to benefit from remaining with their current physicians, and the coordination of care will be provided through the CCHHS electronic medical record system. Referring these patients to outside clinics is a disruption in continuity of care, as 65% of the patients still use CCHHS as their medical home, with 10-plus visits per year for PC or specialty services, including acute care services. The patients routinely tell social services when referred to outside providers that they would prefer to remain at CCHHS for their dialysis.
2. The service area is within 30 minutes/5 miles of Provident Hospital. See list of patients served by CCHHS and referred to dialysis in the past 12 months (patient origin by zip code) in Appendix 1. Included are all referrals for 2015, 2016 and referrals within 30 minutes/5 miles of Provident.
3. See response to #1.
4. None.
5. The project will address the loss of physician and general medical continuity of care by allowing patients seen within CCHHS (at Stroger, Provident and OP clinics) the ability to receive chronic repeated care services by the same system. This will allow them to remain with their own physicians who coordinate their frequently complex medical co-morbidities. It will improve access to care for patients living in the Provident service area. Many of these patients use CCHHS for safety net services.
6. The goals are to provide CCHHS services at Provident for CCHHS patients, improve access to care and maintain continuity of care.

Stroger Hospital Dialysis Unit

- 9 Station unit – 7 stations + 2 Isolation Unit
- Serves **hospitalized** patients who require Dialysis
 - Patients with Acute kidney injury requiring dialysis
 - Established dialysis patients admitted from other units for various medical problems
- Serves as **“Transition Unit”** for patients who are started on dialysis , but not accepted by other units or medically unstable to transfer to other community HD units

Alternatives

1. and 2. Expand dialysis services at Stroger: While this is feasible, it would not address access for Provident area residents/patients. Eventually CCHHS may expand its services at Stroger. However, the first step is to offer services at Provident, close to many CCHHS patients' residence addresses. The cost is estimated to be similar to the proposed project cost.

CCHHS is a governmental body and joint venturing is not a feasible option.

CCHHS is currently using other resources by referring its patients to local dialysis providers. This option does not allow for the continuity and coordination of care that is one of the primary objectives of this project, so it is not a good alternative. The cost to CCHHS of this alternative is zero. However, the cost to payers for health care services may be higher than the chosen alternative, as it is proven that improving access to and continuity of care typically reduces health care costs.

The chosen alternative maintains access to care and continuity of care for CCHHS patients.

Comparison of Alternatives

	Total Cost	Patient Access	Quality
Joint Venture	N/A	N/A	N/A
Utilize Area Providers	\$0	Possible reduction in access to care	Possible reduction in quality due to disruption in continuity of care
Chosen Project	\$ 2,438,825.00	Access to and continuity of care for CCHHS patients who need dialysis services will be maintained for years to come in a modernized building at Provident.	Quality will remain above standards. Patient satisfaction and quality of life will improve with better access at the Provident site, access to preferred treatment schedule times and continuity of care.

3. Empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

There is no direct empirical evidence relating to this project other than that when chronic care patients have adequate access to services, it tends to reduce overall health care costs and results in less complications. Patients of CCHHS who receive dialysis at Stroger have achieved average adequacy outcomes of:

- 90% of patients had a URR $\geq$ 65%
- 90% of patients had a Kt/V $\geq$ 1.2.

Criterion 1110.234 – Project Scope, Utilization, and Unfinished/Shell Space

SIZE OF PROJECT				
DEPARTMENT/SERVICE	PROPOSED BGSF/DGSF	STATE STANDARD	DIFFERENCE	MET STANDARD?
Dialysis*	4,826 clinical	470 DGSF per station	5,640 allowed Dif 814	yes

* 1,724 of the 6,550 GSF area to be modernized is administrative/non-clinical space.

Criterion 1110.234 – Project Services Utilization

Utilization with <u>FOUR</u> Patient Shifts					
	DEPT/SERVICE	HISTORICAL UTILIZATION	PROJECTED UTILIZATION	STATE STANDARD	MET STANDARD?
YEAR 1	12 Stations IN-CENTER HEMODIALYSIS	See Physician Referral Letters	60%	80%	Yes
YEAR 2	IN-CENTER HEMODIALYSIS	See Physician Referral Letters	80+%	80%	Yes

In 2015 and 2016, the CCHHS Division of Nephrology, which has seven physicians, transferred 205 ESRD patients outside CCHHS for dialysis. While many were initially seen at Stroger, a large number live in the Provident service area (see attached). More than 50% live in the HSA.

Dr. Kalyani Perumal, who is head of Dialysis Services at CCHHS, has identified a total of 401 pre-ESRD patients in stage 5 of ESRD who will require dialysis within the next 1-2 years and who would be referred to Provident. Of these patients, some may dialyze at Stroger and others may be referred to community providers. It is rare for these patients, given their co-morbidities, to receive a transplant or be eligible for home dialysis. However, they do receive education on these options. Therefore, due to some attrition, it is expected that 80% will begin dialysis in the next one-to-two years. Using solely historical referrals, the referral of 160 patients (80% of the 205 historical referrals), along with the identified pre-ESRD patients who will require dialysis in the next 1-3 years, will easily allow the clinic to reach target utilization within two years of opening, as well as allow for continued referral to community dialysis providers if/when necessary.

Assurances

I, Kalyani Perumal, M.D., do hereby attest that the ESRD service at Provident Hospital will operate at target utilization within two (2) years of its operation.

Sincerely,

Kalyani Perumal

Kalyani Perumal, M.D.

Subscribed and sworn to before me
this 31st day of March, 2017.

Marie A Celestin

Criterion 1110.1430 – Background of Applicant

See Attachment 11.

Criterion 1110.1430 – Planning Area Need – Formula Calculation:

There is a need for 55 dialysis stations within HSA 6. Further, CCHHS is a safety net provider for residents of Cook County/HSA 6.

Criterion 1110.1430 – Planning Area Need – Service to Planning Area Residents:

- A. The primary purpose of this project is to provide in-center hemodialysis services to patients residing in the Provident service area and HSA 6. More than 50% of the patients identified for the Provident facility reside in HSA 6.

Criterion 1110.1430 – Planning Area Need – Service Demand – Establishment of Category Service:

In the past two years, CCHHS has referred 205 patients for dialysis. At its renal clinics there are currently 401 patients with stage 5 renal disease who will require dialysis in the near future. See attached patient origin by zip code. The referring physicians are the seven physicians who serve in the Nephrology Services division of CCHHS. The patients are referred to community providers of dialysis services, and some receive dialysis at Stroger. The Stroger unit serves both inpatients and is relatively small. As a result, it is more of a transition unit, which stabilizes patients prior to referral to a community provider. However some patients, for example those with malignancy, cannot be placed and so they remain at Stroger.

See attached projected referral letter submitted by Kalyani Perumal, who is the head of Dialysis Services at CCHHS.

Re: Application for CON for new hemodialysis category of service at Provident
Hospital

Dear Ms. Avery:

John H. Stroger Hospital, formerly known as "Cook County Hospital", has served thousands of patients who require outpatient maintenance dialysis since it started offering the service in 1980. Currently, CCHHS has a 9-station dialysis unit at Stroger that serves both inpatients and outpatients. We provided more than 10,000 dialysis treatments in 2015 and 2016 for inpatients and outpatients.

Due to the high volume of treatments, our low capacity dialysis unit serves as a transition unit. We accept patients who are started on dialysis in the hospital, manage their medical problems and then transfer them to an outside dialysis unit when they are clinically stable for transfer. Our dialysis services unit and renal clinics have started 205 patients on dialysis in the hospital in the last 2 years. After commencing dialysis with CCHHS, most of these patients were then transferred to community dialysis units for continued dialysis treatment. This causes significant disruption in continuity of care for the patients, as they consider "Cook County Health System" to be their medical home, but are transferred to a new team of doctors they have never encountered before. More than 25% of the patients initiated on dialysis and transferred to community dialysis units reside within a 5-mile radius of Provident Hospital. Many patients have voiced their interest in returning back to CCHHS to continue their kidney care.

The volume of patients and their interest in continuing their dialysis care at a CCHHS facility has prompted the need for a new dialysis facility to serve them. A dialysis unit at Provident Hospital will serve as a primary unit for our patients. Our renal faculty members will continue to provide care at both institutions. This will allow the patients to continue their care, not only with their nephrologists but also with their primary care providers and other specialists.

In 2015/2016, 205 patients were referred for chronic dialysis (see attached). Of these, approximately 47% were from zip codes within 30 minutes from Provident. In addition, we saw on average 2,400 patients in our Renal Clinic at Stroger in 2014-2016 (see attached origin by zip code). Many of these (1,100) are in stage 4 or 5 renal disease and will require dialysis in the next year to 3 years. Our Renal Clinic at Provident started in 2014 with 19 patients. It now has 148 patients, and of these, 22 are in stage 5 renal disease and will soon require dialysis. Based on the historical referrals by the CCHHS Division of renal services, the growth of our Renal Clinic at Provident and the number of patients in our renal clinic at Stroger, I anticipate referring 320 patients for dialysis in 2017 or 2018. These numbers will either not change or will grow, given the prevalence of renal disease in the community we serve. They more than support a 12-station dialysis clinic at Provident. However, eventually we may expand our services at Stroger and of course other area providers exist who we can refer to if we have to.

Courtney Avery
Page 2

See Appendix 1 for historical referral (patient by zip code origin) and also information on stage 5 patients in the CCHHS renal clinics. This information is true and accurate to the best of my knowledge, and has not been used to support any other CON application.

Sincerely,

Kalyani Perumal

Kalyani Perumal, M.D.

Criterion 1110.1430 – Planning Area Need (Service Accessibility)

While there is a need for stations in HSA 6, dialysis services are generally available to CCHHS patients. However, in order to access these services, CCHHS patients have to be referred outside the CCHHS safety net system, reducing access to and continuity of care. The CCHHS patients have told their CCHHS physicians and social service workers that they wish to remain within the system and under their care. The social services department conducts exit interviews as patients transfer out of the care of the Division of Nephrology for chronic dialysis. This is when patients express their preference to stay within the CCHH System. In addition, most of them return to CCHHS when they experience complications from dialysis or related medical conditions, regardless. This project will make it possible for patients to remain at their CCHHS medical home.

In addition, the establishment of a facility at Provident is part of a long term plan for CCHHS to establish an acute dialysis program for its inpatients, establish a PD program (usually patients on peritoneal dialysis have better survival rates and quality of life), and serve as a home dialysis training program and unit to County Care patients.

Lastly, many patients seen by CCHHS are under-insured. In 2015 and 2016, of the new dialysis patients seen by CCHHS, 24 were self-pay, 70 were Medicaid and 27 were County Care. CCHHS also provides dialysis services to individuals who are incarcerated in County prisons (see attached). These patients have barriers to access to care at all levels, which is why continuity of care is even more important for them.

Criterion 1110.1430 – Unnecessary Duplication of Services/Maldistribution/Impact of Project on Other Area Providers

1. (A-B-C) The ratio of ESRD stations to population in the zip codes within a 30-minute radius of Provident is, based on 2010 census data, consistent with the State ratio of 1 station per 2,888 residents as of November 2016.
- 2 and 3. Based on historical referrals, the 12-station facility will operate at 80% of target. Of the 12 stations, one will be an isolation station used for patients with Hepatitis B or other infectious diseases. These stations cannot necessarily be used three shifts a day, six days a week. However, they are necessary to provide access to certain patients. The proposed facility will not duplicate services in the service area because there is a need for stations, the patients will receive continuity of care that they do not receive now, and they will not have barriers to care due to being uninsured or underinsured. The facilities where these patients are referred to currently or would be in the future will not be negatively impacted, as they will be able to serve other patients, and may in fact receive better reimbursement for these patients than for patients referred by CCHHS, many of whom are Medicaid patients.

Given the sheer number of patients at the renal clinics of Stroger and Provident (7,466 at Stroger and 148 at Provident, which just opened in 2014 and grew from 19 then to 198 now), the proposed Provident clinic will not cause a maldistribution in HSA 6. In fact, many patients will still be referred to community providers. However, at least some will be able to receive continuity of care and remain within the CCHHS network.

See attached for a list of dialysis providers within a 30-minute radius of the proposed Provident Hospital category of service.

Criterion 1110.1430(e) – Staffing Availability

1. Medical Director

Dr. Perumal is currently the Medical Director for dialysis services at CCHHS, and will also be the Medical Director at Provident. Attached is her curriculum vitae.

2. All Other Personnel

CCHHS employs the following staff at Stroger for its dialysis service.*

- One full-time Clinic Manager
- Seven full-time Registered Nurses
- Two full-time LPNs
- One full-time Licensed Master Level Social Worker
- One part-time Registered Dietician
- One part-time Equipment Technician (Clinical Engineer)
- Two part-time Secretaries

CCHHS anticipates employing the following staff at Provident.

- One full-time Clinic Manager
- Four full-time Registered Nurses
- Nine full-time Patient Care Technicians
- One part-time Licensed Social Worker
- One full-time Dietician and Clinical Engineer

3. All patient care staff and licensed/registered professionals will meet the State of Illinois requirements. Any additional staff hired must also meet these requirements, along with completing a 9-week orientation training program through the CCHHS staff education department.

Annually all clinical staff must complete OSHA training, Compliance training, CPR Certification, Skills Competency, CVC Competency, Water Quality training and pass the Competency Exam.

4. The above staffing model is required to maintain appropriate patient-staff ratio at all times on the treatment floor. An RN will be on duty at all times when the service is in operation.

*This staffing is atypical because the Stroger unit serves both acute and chronic patients.

Medical Staff

I am the CFO/COO at CCHHS. It employs those medical staff members who will staff the Provident dialysis service. If other nephrologists not employed by CCHHS wish to refer patients to Provident, they will be accepted without regard to their payer status.

Douglas Ewell

Subscribed and sworn to before me
this 31st day of March, 20 17.

Notary Public

Criterion 1110.1430 – Support Services

I am the CFO/COO at CCHHS. In accordance with 77 Il. Admin Code 1110.1430, I certify the following:

- CCHHS utilizes a patient data tracking system in all of its facilities.
- These support services will be available at either Provident or Stroger at all times:
 - Nutritional Counseling
 - Psychiatric/Social Services
 - Home/self-training
 - Clinical Laboratory Services
 - Blood Bank Services
 - Rehabilitation Services
 - Psychiatric Services

Douglas Elwell

Subscribed and sworn to before me
this 31st day of March, 2017.

Notary Public

Criterion 1110.1430 – Minimum Number of Stations

This criterion is met through establishment of a 12-station facility.

Transfer Agreement

The proposed service will be a hospital based category of service and a transfer agreement is not necessary. Any patient who requires a level of service not within Provident's capabilities will be transferred via ambulance (because the dialysis service is in a separate building on Provident's campus, albeit approximately 10 feet away from the main hospital building) to Provident's or the nearest emergency department as clinically appropriate for the patient's medical emergency. If the patient is transferred to Provident, he or she will be treated per its policies and protocols, and per the guidelines of the Emergency Treatment and Active Labor Act.

Criterion 1110.1430 – Assurances

I am the Medical Director of Dialysis Services at CCHHS. In accordance with 77 Il. Admin Code 1110.1430, and with regards to CCHHS, I certify the following:

1. As supported in this application, through expected referrals to Provident Hospital in the first two years of operation, the facility is expected to achieve and maintain the utilization standard of 80% specified in 77 Il. Admin Code 1100; and
2. CCHHS hemodialysis patients have historically achieved adequacy outcomes of:
 - 90% of patients had a URR $\geq$ 65%
 - 90% of patients had a Kt/V $\geq$ 1.2,

and the same is expected after the relocation. In addition, the CCHHS Division of Nephrology patients have a 60% AV Fistula rate, which meets the national benchmark of >66%, and they meet the national benchmarks for vascular access infection, influenza and pneumococcal infection.

Kalyani Perumal
Kalyani Perumal, M.D.

Subscribed and sworn to before me
this 31st day of March, 2017.

Marie A Celestin
Notary Public

Criterion 1120.120 - Availability of Funds

The project will be funded through cash.

Criterion 1120.140 – Economic Feasibility

The direct annual operating cost (increment dollars per equivalent patient day) for the first full year after project completion will be \$175.00, and the projected annual capital costs will be zero.

Safety Net Impact

The establishment of a dialysis category of service at Provident will have a positive impact on safety net services. It expands the service offerings of the primary safety net provider within Cook County.

This is a detailed street map of the Chicago area, specifically the Loop and surrounding neighborhoods. The map shows a grid of streets, including major thoroughfares like I-90, I-55, and I-59. Key landmarks such as Washington Park, Englewood Park, and Ogden Park are labeled. The map also shows the locations of several schools, including the University of Chicago and the University of Illinois at Chicago. The map is oriented with North at the top.
